Raleigh, N. C.

PAUL MITRICK THE TAILOR

GREENVILLE, NORTH CAROLINA, FRIDAY NOV. 6 1908.

It is all over now.

How the folks did vote yesterday.

Old Pitt county always does herself proud.

When you want Pitt county to save the State just call for her.

Mr. Bryan is just as great a man this morning as he was before it happened.

The Republicans seem to have made good use of their corruption fund in New York.

We are not yet prepared to tell how it happened, but it seems to have happened.

Now the folks can settle down to business, and some should not forget to settle up in the meantime.

Now get to work for improvements as actively as you have been at work for candidates, and you will see things come to pass.

Possibly there are enough Republicans left in Pitt county to hold the Federal jobs, which is about as many as they want.

The result of Tuesday's election is disappointing as to the president, but as to North Carolina and Pitt county there is abundant cause for rejoicing.

While the editor sat at the telegraph key Tuesday night, taking the election returns, the rest of the force was at work upstairs all night to give the news to our readers early this morning.

After the election there will be more attention to business. By the way, just suppose business was pushed as vigorously as politics, wouldn't there be a difference in conditions generally?

One Republican newspaper says, Taft radiates cordiality as a depot stove radiates heat. Wonder if the author of that squib had in mind the kind of depot stove we have down this way. If he did Taft is a snugly cold man.

A mammoth cotton conference will be held in Memphis November 10, 11, 12. A number of delegates have been appointed from North Carolina, and there will no doubt be a large attendance from the cotton growing States.

President Roosevelt may have gone into office not a very rich man, but through the help of the Panama canal deal he will come out several millions to the good, to say nothing of other grafts that may be exposed by a change of administration.

President Roosevelt was very quick to deny Judge Parker's charge four years ago about the

corporations' contributions to the campaign fund, while he knew all the time his denial was false, but he is as dumb as an Oyster Bay oyster on that Panama canal deal.

The Durham Herald got the other papers "skinned a block" as to what Governor Glenn will do with himself after his term of office expires. The governor will be much better fixed than holding any political job in his State can give him, but he will never lose interest in politics.

A clean, aggressive campaign has been conducted by the Democrats of Pitt county, and the work of Chairman F. C. Harling has proven that the executive committee made no mistake in selecting him to lead the forces in this county. He has had the support of a good working committee, and much credit is due him and them for their untiring efforts in the cause of Democracy and good government.

Indiana gone for Taft: Bryan apparently carried Mesasque. Ohio returns slow coming in owing to immense ballot but Taft carried it by large plurality that may have a majority in the city of New York, the first time the big city has given its vote to a Republican presidential candidate. Taft probably will receive a greater plurality in New York State than Roosevelt did four years ago. He has exceeded Roosevelt's plurality in New Jersey and had a surprisingly big vote in Massachusetts.

Mass carried Lincoln by six hundred overturning a normal republican plurality of 1600.

New York Herald bulletin says New England plurality in Maine 30,000, New Hampshire 15,000, Massachusetts 25,000, Vermont 25,000, Rhode Island 10,000, Connecticut 25,000.

General election returns following results: Taft elected approximately 208 votes, practically no change indicated in the complexion of national house of representatives. The U. S. Senate will retain its present republican majority.

Mr. Bryan Expresses Appreciation. Fairview, Lincoln, Neb.—At 11 p. m. Mr. Bryan sent down the following statement: "It is very gratifying to receive a complimentary vote in my home precinct and in the city of Lincoln. We appreciate very much this expression of good will on the part of our neighbors in the Republican strongholds."

PITT COUNTY ALL RIGHT

Her Majority Will Be Fifteen Hundred or More

In Pitt the vote was large and the county done herself proud in a magnificent majority. Complete returns could not be had during the night, but we give enough below to show how the county has gone, there being but little difference in the balance of the tickets from those whose names we publish. In next issue will give more complete figures.

From Beaver Dam, Belvoir and Bethel township no returns came.

More Well-Managed Cities.

As has been the case after every fair trial of the commission plan town or city government, a trial of six months finds Leavenworth, Kan., greatly pleased. Results "far beyond expectations" have been achieved by the new administrative body, composed of a mayor and four commissioners, all good business men. The city is being greatly improved, city business of every sort is conducted with an efficiency heretofore unknown, and taxes are already lower. One of the best results is declared to be "the good feeling existing between all citizens, as a result of the disappearance of the old and bitter political feuds and rows, which, in many people's estimation, actually prevented the city's growth and development."

On October 6th Haverhill, Mass., became the first New England city to adopt the commission form of government. Commission government for cities, variously known otherwise as the Galveston, Houston or Des Moines plan, now has a foothold in every section of the country, including the South Atlantic States. It goes marching on.—Charlotte Observer.

A good many people outside the legal fraternity have always felt that lawyers enjoy many special privileges and immunities. Whether this is true the landmark will not stop to inquire. But it is preliminary to remarking that when they look up lawyers in the common parlance of a small municipality, as was done in Sanford the other day, because a disciple of black stone refused to pay water rent, when they Lynch the legal lights, as was done in Tennessee the other day because they had secured the passage of a special act protecting the property of a client, and when they send them to the penitentiary for robbing a client, as was done in New York the other day—if this sort of thing isn't stopped it can with truth be said that the lawyers have no more rights—and hardly as many—as the common herd.—Statesville Landmark.

Over Zealous Grand Juries.

In Appleton's magazine for November, Mr. John P. Ryan recites some excesses of zeal on the part of grand juries, in finding criminal indictments against people without foundation of law or testimony. Mr. Ryan takes up the case of District Attorney Jerome, in being almost crucified for not bringing indictments against insurance and other men in New York, when these were in disrepute. We quote from Mr. Ryan.

"If there has been high-handed procedure in bringing indictments under State jurisdiction, what must be said of the Federal situation? There are scores of cases or the Federal records that substantiate the assertion that the process of indictment has been abused, that show either the animosity or pliability of Federal grand juries, and the utter disregard of even casual respect for human liberty and right."

Throughout the article Mr. Ryan points out that grand juries are usually altogether too pliant in the hands of the district attorney. Also that many district attorneys proceed upon the idea that the more convictions they get the better they are fulfilling their duty. In many cases, and totally regardless of common decency, district attorneys cause indictments to be made through their influence with the grand jury, where no indictment ought ever to have been made.

In so far as the Federal courts are concerned, Mr. Ryan's views would seem to be particularly applicable, where cases are brought by over zealous employees of the Department of Justice for political motives. The desire of some cases has been more to win a class of votes, chiefly the labor vote, by prosecuting people without reasonable foundation of law or fact.

Crime ought always to be punished, but indictments brought to forward ambition or for political motives, are themselves crimes.—Charlotte Chronicle.

The Lover of Home.

One of the troubles with Abraham was that he did not love his home. We fear that many boys are suffering from the same affliction. A great deal is being said these days about the necessity of making home attractive so that our boys will not wander into doubtful and dangerous places. This is important, but there are some boys that cannot be held at home, no matter what is done for them, and there is very little hope for such a boy as that. We may be mistaken, but somehow we are impressed with the fact that there is a general tendency away from the sacred happiness that surrounds the old home. It may be that this is due to the restlessness of the age and the vast throngs of our people that are constantly moving to and fro. Our children are less contented with the simple happiness of the home life, but measure their pleasure by the trips they take. It is a disadvantage, we are persuaded, that transportation has become so easy and cheap. It has certainly militated against the quiet joy of the family life. The children who still find the highest happiness at home are the ones who will count for most when they do go out into life.—Charlottesville Children.

THANKSGIVING PROCLAMATION

Issued Saturday by President Roosevelt.

Washington, D. C., Oct. 31.—The President today issued the annual Thanksgiving proclamation in which he pointed out the steady growth of the nation in strength, worldly power, wealth and population and that our average of individual comfort and well-being is higher than that of any other country in the world. For, he declares, Americans owe it to the Almighty to show equal progress in moral and spiritual things.

"By the President of the United States of America:

"PROCLAMATION: "Once again the season is at hand when, according to the ancient customs of our people, it becomes the duty of the President to appoint a day of prayer and of thanksgiving to God. "Year by year this nation

"grows in strength and worldly power. During the century and a quarter that has elapsed since our entry into the circle of independent peoples we have grown and prospered in material things to a degree never before and not now known in any other country. The thirteen colonies which straggled along the seacoast of the Atlantic and were hemmed in but a few miles west of tidewater by the Indian-haunted wilderness, have transformed into the mightiest republic which the world has ever seen. Its domains stretch across the continent from sea to sea to the other of the two greatest oceans, and it exercises dominion alike in the arctic and tropic realms. The growth in wealth and population has surpassed even the growth in territory. Nowhere else in the world is the average of individual comfort and material well-being as high as in our fortunate land.

"For the very reason that in material well-being we have thus advanced, we owe it to the Almighty to show equal progress in moral and spiritual things. With a nation, as with the individual, who make up a nation, material well-being is an indispensable foundation. But the foundation avails nothing by itself. That life is wasted, which is spent in piling, heap upon heap, those things which minister merely to the pleasure of the body and to the power that rests only on wealth. Upon material well-being as a foundation must be raised the structure of the soul light of spirit, if this nation is properly to fulfill its great mission and to accomplish all that we so ardently hope and desire. The things of the body are good; the things of the intellect better; but all are the offspring of the soul; for, in the vision of the individual, in the long run it is character that counts. Let us, therefore as people, see our faces resolutely against evil, and with broad charity, with kindness and good will toward all men, but with unflinching determination to smite down the wrong, strive with all the strength that is given us for righteousness in public and private life.

"Now, therefore, I, Theodore Roosevelt, president of the United States, do set apart Thursday, the 26th day of November next, as a day of general thanksgiving and prayer, and on that day I recommend that the people shall cease from their daily work, and in their homes or in their churches, meet devoutly to thank the Almighty for the many and great blessings they have received in the past, and to pray that they may be given strength so to order their lives as to deserve a continuation of these blessings in the future.

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done at the city of Washington this thirty-first day of October, in the year of our Lord, one thousand nine hundred and eight and of the independence of the United States the one hundred and thirty-third.

"THEODORE ROOSEVELT.

"By the President: "Alvey A. Adee, "Acting Secretary of State."

SHELMERDINE ITEMS.

Ayden, N. C., Oct. 30.—Mrs. Thomas Lawton Williamson and Mrs. Jesse Cannon were at home to the ladies of the Christian Woman's Board of Missions and quite a number of other friends in a most charming way this afternoon. Music and quotations from the best composers and authors were the interesting features with a guessing contest. Mrs. Stancil Hodges winning the first reward and Miss Florence Blount and Mrs. Burton tied on the booty, drawing for the prize, Miss Blount won.

Mrs. Travis Hooker, one of Greenville's best and most soulful singers, pleased the ladies by singing in her sweet way a beautiful solo. Miss Arsh Davis, who is well known, sang also, adding much to the pleasure of the occasion. Mrs. Hodges, Miss Blanche Cannon, Miss Jennie Davis and Mrs. Hooker, in the presence of the piano, rendering instrumental selections. Mrs. Williamson delighted her guests by singing, as a solo, her own composition.

The refreshment period was no less enjoyable than the first two. Those assisting in receiving were Mesdames Hodges, Holton, Burton, Beaman and Barwick. The many pleasing qualities of the two lady hostesses at this pleasant afternoon affair are well known to a large circle of friends here and many other towns. These present voted the party a success.

B. P. Whangany went to the yearly meeting at Marlboro Saturday morning and returned in the evening.

Mrs. Mrs. Smith and children went to visit her sister, Mrs. R. A. Nicholas, in Petersburg Saturday morning and returned in the evening.

And it came to pass a few days ago when the 1 o'clock western day freight train pulled in at Arthur, that some cars were sidetracked for C. D. Smith to load with lumber, used in a house looking in one of the cars and saw a man concealed in one corner of the car. He moved from one corner to another where he could not be seen so easily. But one of the men on the train and saw him and said that was all right, for they don't have to pay for riding in a box car and of course that made the man feel easy. In a short time he learned that the train was ready to start. He saw the train and went on to Rocky Mount and went up the railroad in that direction, but, so he failed to have a pretty Rocky Mount.

We had it in my opinion yesterday and last night at 10 o'clock. E. E. Williams, who went to Farmville Monday last took a load of fence wire and took him for farmer his pasture.

THE WADESBORO PLAN.

Combination Between Farmer and Merchant to Hold Cotton.

A plan has been proposed by co-operation between the business men of Wadeboro and the farmers to hold cotton for higher prices. If business men and farmers would combine as has been done in Wadeboro there would be no cause for such trouble. The following is the plan: On each side stored the farmers' cotton in a warehouse and a five dollars in cash, and a bond for the company that the cotton will be fully insured and protected from fire and theft, and in case of loss, the farmer receives full price for the cotton. The entire cost to the use of the farmer, including storage, insurance and the use of the money advanced is two dollars (\$2) a bale. There is a pretty good profit in this charge to those who are advancing the money, but all who desire are invited to go into the combination and each one who advances money to loan to the farmers, will receive his share of profits on what they put in whether it be five dollars or five thousand. Farmers are invited to join in as well as merchants. The plan is to help the farmer hold his cotton.

The farmers' organization say that they believe cotton will go to twelve cents a pound if it is held for three months. If it does here is what the farmers gain after paying the two dollars a bale: One five hundred pound bale of cotton at twelve cents \$60.00 If sold at nine cents would bring 45.00 Loss to farmers now \$15.00 If held for three months on a payment of two dollars a bale leaves the farmers thirteen dollars a bale clear profit. If at the end of three months the farmers wants to hold the cotton one or more months he can have it held at a reduced rate of one dollar and fifty cents for three months which would be less than two cents a day per bale, and this guarantees the farmers against all loss.—Ansonian.

ROCHDALE SPROUTS. Rochdale, N. C., Oct. 23, 1908. We had very heavy rains last Thursday night and Friday. A. J. Flanagan, of Marlboro section, came over Friday evening and took Mrs. P. F. Smith, Mrs. B. P. Whitlock and children and Miss Lou Crawford home with him to be at the yearly meeting at Marlboro Saturday and Sunday.

Miss Patten Smith, of Maple Cypress, returned home Friday. R. E. Wilkaway went to Greenville Saturday of a business. Mrs. C. E. McLawhorn and children went to C. L. Tyson's Saturday evening and returned Sunday evening in time for Sunday school.

C. E. McLawhorn went to Greenville Saturday night. Mr. and Mrs. J. Smith went to Marlboro Saturday morning to assist in the yearly meeting and returned on Sunday of a business.

Mr. and Mrs. L. B. Smith went to Greenville Saturday morning and returned in the evening.

B. P. Whangany went to the yearly meeting at Marlboro Sunday morning and returned in the evening.

Mrs. Mrs. Smith and children went to visit her sister, Mrs. R. A. Nicholas, in Petersburg Saturday morning and returned in the evening.

And it came to pass a few days ago when the 1 o'clock western day freight train pulled in at Arthur, that some cars were sidetracked for C. D. Smith to load with lumber, used in a house looking in one of the cars and saw a man concealed in one corner of the car. He moved from one corner to another where he could not be seen so easily. But one of the men on the train and saw him and said that was all right, for they don't have to pay for riding in a box car and of course that made the man feel easy. In a short time he learned that the train was ready to start. He saw the train and went on to Rocky Mount and went up the railroad in that direction, but, so he failed to have a pretty Rocky Mount.

We had it in my opinion yesterday and last night at 10 o'clock. E. E. Williams, who went to Farmville Monday last took a load of fence wire and took him for farmer his pasture.

THE WADESBORO PLAN.

Combination Between Farmer and Merchant to Hold Cotton.

A plan has been proposed by co-operation between the business men of Wadeboro and the farmers to hold cotton for higher prices. If business men and farmers would combine as has been done in Wadeboro there would be no cause for such trouble. The following is the plan: On each side stored the farmers' cotton in a warehouse and a five dollars in cash, and a bond for the company that the cotton will be fully insured and protected from fire and theft, and in case of loss, the farmer receives full price for the cotton. The entire cost to the use of the farmer, including storage, insurance and the use of the money advanced is two dollars (\$2) a bale. There is a pretty good profit in this charge to those who are advancing the money, but all who desire are invited to go into the combination and each one who advances money to loan to the farmers, will receive his share of profits on what they put in whether it be five dollars or five thousand. Farmers are invited to join in as well as merchants. The plan is to help the farmer hold his cotton.

The farmers' organization say that they believe cotton will go to twelve cents a pound if it is held for three months. If it does here is what the farmers gain after paying the two dollars a bale: One five hundred pound bale of cotton at twelve cents \$60.00 If sold at nine cents would bring 45.00 Loss to farmers now \$15.00 If held for three months on a payment of two dollars a bale leaves the farmers thirteen dollars a bale clear profit. If at the end of three months the farmers wants to hold the cotton one or more months he can have it held at a reduced rate of one dollar and fifty cents for three months which would be less than two cents a day per bale, and this guarantees the farmers against all loss.—Ansonian.

Hallowe'en Party. Reported for Reflector: Friday evening Mr. and Mrs. C. D. Tunstall entertained at a Hallowe'en party in honor of Miss Mamie Ruth Tunstall and about fifty of her friends. A ghost met the guests at the door and ushered them into the hall where fruit punch was served.

The house was decorated with autumn leaves, golden red, draperies and bats and cats cut from black crepe paper. Jack o'lanterns and candles in potato candle stulks furnished light. Fortune-telling by a witch, bobbing for apples and pinning the tail on the black cat were some of the amusements. Miss Reubelle Forbes won the prize, a rose candlestick, for pinning the tail on the cat.

MR. ELLSWORTH HERE. Inspecting Sites Offered for Public Building. Mr. G. D. Ellsworth, representative of the treasury department of the government, arrived here to day to inspect the sites offered for the government for the location of a public building in Greenville. At the last session of Congress an appropriation of \$10,000 was made to purchase a site here, and in response to advertisement several sites were offered. While here Mr. Ellsworth will carefully inspect all of the sites offered and make his recommendation to the government as to which location is most suitable for the building. In the event none are found satisfactory he will solicit and receive other proposals. Mr. Ellsworth will be at the Hotel Bertha to-day and to-morrow possibly Wednesday and will be glad to talk with any citizen regarding this matter of such vital importance to Greenville.

Rev. J. N. H. Summrell, who once served the Presbyterian church here, was recently installed as pastor of the Presbyterian church in New Bern. We understand that Dr. Summrell will again devote one Sunday in each month to the Greenville church, and this gives pleasure to our people.

SENSATION OF THE CAMPAIGN. BUNCOMBE COUNTY'S FEARS.

James S. Sherman Exposed in Big Land Fraud. The "dark horses" in the race for the prize to be given the producer of freaks of nature in the agricultural or horticultural line are coming with a rush as election day approaches, and some signs indicate that they are likely to get as many electoral votes as Dr. E. B. Glenn, Dr. J. A. Rezac and others who made a great showing at the start.

Yesterday W. C. Daves, of Dick's Creek, and J. T. McCarron, of Asheville, came to the front with a rush. Mr. Daves brought to The Citizen office several strawberry plants from his place on Dick's Creek in Leicester township, which showed blooms and ripe fruit. It was not frostbit berries either, but big red, ripe ones, luscious as in June and that they are not entirely freaks is shown by the fact that Mr. Daves brought in five quarts of them, which found a ready sale at 30 cents a quart. Further than this he has been bringing in ripe berries all this month. He does not think that his strawberry plants are different from those of his neighbors which are not bearing, although something is strange that one patch will have berries while others close by have none.

Mr. McCarron brought several loads of cotton fully blown, untouched by frost, which he raised on his place in West Asheville, three miles from the city. The cotton is of the large boll kind and the plants producing it grew in rich soil. Mr. McCarron believes that cotton can be grown in this county profitably, and next season may make the experiment. The fact that cotton has not been grown here did not necessarily mean anything, he said, and he instanced the fact that some years ago people thought wheat could not be grown in Henderson county but experiment showed that it could be and later much wheat was raised.

When Buncombe takes to raising cotton and producing ripe strawberries almost up to November," said a citizen, "we are going to be the people." Asheville Citizen.

WITH THE ALDERMEN. They Have Lengthy Session Thursday Night.

The Board of Aldermen met in regular monthly session Thursday night with all the members present, and the meeting was prolonged until midnight owing to the amount of business before them.

R. O. Jeffers appeared before the board in regard to having the street improved leading from Dickerson avenue to the factory of the Imperial Tobacco Company, and the matter was referred to the street committee.

E. H. Evans appeared with a request that the board aid Hope Fire company in the purchase of a fire hose wagon. A committee was appointed to confer with Hope Fire company in regard to the matter and also as to the receipts from the recent carnival.

D. R. King was granted permission to run a delivery wagon for the sale of bread and cakes. G. E. Harris appeared in regard to repairing Short street leading to the wharf, and this was referred to the street committee.

The finance committee reported that reports of officers and bills for the past month had been examined and were found correct. The building committee reported that they had conferred with the finance committee and concurred with the latter in the matter of erecting a municipal building on the property belonging to the town on Fifth street. Advertisement will be made at an early day for bids to erect the building.

The mayor and clerk were authorized to execute three notes in favor of the Austin Machinery company, payable in one, two and three years, in payment for the street sweeper purchased by the town.

A communication from W. H. Coburn and others asking that a street be opened from "Higgstown" to "Berkeinstown" in West Greenville, was referred to the street committee.

A communication was read from the water and light commission in regard to extending the water main from the corner of Evans street on Twelfth street to the corner of Washington street and then on Washington street to the corner of Eleventh street, two fire hydrants to be placed on the extended line. This was referred to the water and light committee.

The salaries of the police officers were increased to the same figures as last year, chief \$60 per month, assistants and night police to \$50 per month. The mayor was instructed to draft an ordinance in regard to paved sidewalks, to spitting on paved sidewalks, and to have owners of abutting property to sweep paved sidewalks on Evans street each Saturday night so they will present a cleanly appearance on Sunday.

The proposition of R. T. Evans to sell the town his lot and building used as a photograph gallery on Dickinson avenue for \$750 so that a sidewalk could be opened there was accepted; also the proposition of E. B. Higgs to give the town \$235 for the remainder of the lot and building after the town has taken off 10 for the sidewalk. This leaves a net cost to the town of \$515 for the property for opening the sidewalk.

PITT COUNTY'S VOTE. Totals as Shown by the Returns of Tuesday's Elections.

The official returns of Pitt county show the following total vote for the different candidates. For president, Bryan electors 2421, Taft electors 889. For governor, Kitchin 2500 Cox, 811. For congress, Small 2563, Meekins 779.

For solicitor, Abernethy 2547, no position. For senator, Blow 2396, Moore 856. For representatives, Cotten 2445, Cox 2562, Fletcher 805, Nobles 774.

For registrar of deeds, Moore 2392, Ballock 752. For coroner, Laughinghouse 2561, Parsor 786. For county commissioners, Cox 2529, May 2572, Lang 2538, Quinerly 2335, Holland 2531, King 836, Barnhill 795, Keel 798, Smith 797, Moore 803.

These figures show that Taft led the Republican ticket nearly a hundred votes. There is not a township in the county that gave the Republican ticket a majority. Shortly The Reflector will print a table showing the vote of the county by townships.

AMERICA NEEDS THE GIFT. In the Wake of Strong Drink Follow Countless Miseries.

If I had the power to give this country the one thing that I think it most truly needs next to the religion of Jesus Christ, and which in my judgment would be most conducive to the industrial education and moral upbuilding of the nation, I would unhesitatingly give it a strong national temperance law, and compel its enforcement by the proper officers, says R. B. Glenn, Governor of North Carolina, in a symposium, "If I Were a National Statesman" in the December delineator.

Here we assert that all the wrongs and inequities of the tariff, and all the robberies, oppression and greed of monopolies, do not compare with the sorrow, the ruin, the misery, the crime, the poverty, the madness, the vice, the degradation, the death and damnation produced by strong drink. It destroys home life; breaks the hearts of mother and wives; takes the clothes off the backs of little children and substitutes rags; degrades manhood; makes noble women out of virtuous maidens; stifles ambition, destroys hope, weakens the body, blights the mind, blackens the soul, until it turns this earth, made for man's happiness and use, into a hell for his ruin and misery.

In the interest, therefore, of business; for the protection of helpless women and children, for the suppression of crime; the amelioration of want and poverty; the prevention of disease; the preservation of life; the salvation of human souls, and for the sake of more than eighty-six millions of true, brave and noble American men, women and children, I would bestow this gift of national temperance, thus destroying a fearful curse, and restoring man to the godlike image in which he was created. I would offer this gift to the American people.

CRAWFORD AND BROOKS LEFT. Republicans Get Three North Carolina Congressmen.

It was known early that Hackett had been defeated by Crawfords in the eighth district, and official returns show that the Republicans also carried the fifth and tenth districts. Asheville, N. C., Nov. 5.—John G. Grant, of Henderson county, has been elected to the National Congress of the United States from the tenth North Carolina district by a majority of 355. The official returns from all the thirteen counties in the district with the exception of Clay, have been received at Republican Congressional headquarters here, and estimating Clay for Crawford by a majority of 38, which the Democrats claim, Mr. Grant has carried the district by 355. The greatest surprise to the Democrats today was the official return from Cherokee, giving that county to Grant by 419 majority.

The Democrats had been figuring on Cherokee for Grant, by 250 Macon also dished up a surprise for the Democrats. It was first stated that Macon had gone for Crawford, although the Republicans hoisted the idea. Macon gives Grant 91 majority. Rathered off badly in her Democratic majority, while Crawfords went back on Crawford entirely.

Greensboro, N. C., Nov. 5.—Official returns from all counties in the Fifth district show that Morehead has defeated Brooks by 364 majority. The vote in Fifth district follows: Brooks' majority: Caswell, 569; Durham, 20; Guilford, 615; Granville, 1,013. Total, 2,196. Willingham will treat you right! PLAN OF ORGANIZATION. Special Committee to Meet in Raleigh During the Legislature. The Democratic State Executive Committee at its last meeting, held at the first of August, adopted a resolution authorizing State Chairman A. H. Eller to appoint a committee of five, of which Mr. Eller shall be chairman, for the purpose of revising the Democratic plan of organization. It is the purpose of State Chairman Eller to select for this important committee men well versed in the Democratic party law and custom, and who have knowledge of all sections of the State. He will announce the committee at an early date. The committee will meet in Raleigh in January or February, and map out the changes that may be deemed wise. Their report will be submitted to the executive committee, which will be called to meet at such time and place as may be deemed appropriate.

ASSAULT ON HIS OWN COLOR. Charge Against Nat Laws, Under Arrest in Durham.

Durham, N. C., Nov. 10.—Nat Laws, negro, was arrested this morning about eight o'clock on the charge of criminally assaulting a colored girl, Vella Williams, last night out near the George Lyon Park, where the carnival is on. The story told in the court this morning was such that Mayor Graham excluded every one from the room with the exception of the defendant, witnesses, officers and newspaper men. That tells the story. It was such that it has not and will not be printed.

At the last minute the prisoner asked that he be allowed a witness who was not present and the mayor continued the case until tomorrow. The negro prisoner was committed under bond of \$1,000 and two of the important State's witnesses were committed in default of justified bonds of \$500 each. All three are in jail and the case will be resumed tomorrow morning. There is not much doubt but that the negro will be sent over and that he will have to face a jury on the life and death issue.

Salaries of the State Officers. The general assembly will convene on Wednesday, January 6, and after canvassing the vote will appoint a day for the inauguration of Hon. W. W. Kitchin. Eight years ago Gov. C. B. Aycock was inducted into office on Wednesday, January 15, four years ago the inauguration was on Wednesday, the 11th of January, the legislature commencing on the 4th, and it is probable that Mr. Kitchin will be inducted into office on Wednesday, the 13th of January.

The legislature of 1907 passed an act abolishing the fee system in the state offices and placing the State officers and employees on a salary basis. The law does not affect the governor's salary, which is \$4,000, but a separate act allows the chief executive \$600 annually for traveling expenses. The act of 1907 fixed the salaries of state officers after January 1, 1909, as follows: Secretary of State \$3,500, State treasurer 3,000, State auditor 3,000, Supt. pub. Instruction 3,000, Attorney general 3,000, Insurance commissioner 3,500, Members cor. com'n., each 3,000, State bank examiner 2,400.

The other elective officers are commissioner of agriculture, whose salary, fixed by the State board of agriculture is \$3,250, and commissioner of labor and printing, who receives 1,500 annually.—News and Observer.
