## SingerTalks

### **Evidence of Positive Supremacy**

There are forty-six manufacturers of sewing machines in America.

¶ How many can you name? How many did you ever hear of?

¶ One name comes to the mind of every woman immediately - the Singer - and there's a very good reason.

The Singer makes and sells as many machines in a year as all the other forty-five manufacturers combined.

The Singer Sewing Machine is known as the best sewing machine in every country on the globe. There is a Singer store in every city of the world. Why?

Because, when you buy a Singer you do not buy simply so much wood and steelyou buy the latest result of the longest and best experience.

Singer Sewing Machine Company 307 Main St., - GREENVILLE, N.C.

Break-Down

Nerve energy is the force that controls the organs of respiration, circulation, digestion and elimination. When you feel weak, nervous, irritable, sick, it is often because you lack nerve energy, and the process of rebuilding and sustaining life is interfered with. Dr. Miles' Nervine has cured thousands of such cases, and will we believe benefit if not entirely cure you. Try it.

"My nervous system gave away completely, and left me on the verge of the grave. I trial skilled physicians but got no permanent relied. I got so bad I had to give up my business. I began taking Dr. Miles Restorative Nervine. In a few days I was much better, and I continued to improve until entirely cured. I am in business again, and never miss an opportunity to recommend this remedy." MRS. W. L. BURKE, Myrtle Creek, Oregon.

Your drugglet sells Dr. Miles' Nerv-ine, and we authorize him to return price of first bottle (only) if it falls to benefit you. Miles Medical Co., Elkhart, Ind

## Singer Talks

The Many Uses of a Good Sewing Machine

There is practically no limit to the variety of work that can be done with a Singer Sewing Machine. Whether for the finest embroidery, the plainest home sewing or the most elaborate tailoring, the Singer is equally efficient.

I Every woman takes pride in having these things, but if they be her own handiwork, the satisfaction is complete, because her own personality is reflected in every seam.

The woman who uses a Singer may have everything in needlework she can desireshe is better dressed at much less cost; her children are clothed according to her own taste and ideas; she has attractive table linen, and an unending supply of dainty underwear.

Moreover, she is free from the worry and delay which always comes with the use of a "cheap" machine.

Singer Sewing Machine Company 307 Main St., - GREENVILLE, N. C.

Prepara'ory school for boys and girls. New dormitories with all modern pripment, and furnished with lest of care for the health of pupils. Certificates admi's without examination to University of North Carolina and Swanee College of the South. Course includes manual training. School accommodates 250. Fall term begins September 6th. Write now for reservations.

Kindergarten Normal Course Department

Only students with High School certificates are admitted to this department. Course covers two years. The students of this course are given an opportunity of observing the methods of teaching, developing and executing with the children a plan of work for the year, under the supervision of an experienced Kindergartener.

The aim of the training school is to give a special training to all women who have the care of young children and to others who wish to be aided by thorough discipline and ircressed insight whi h the study of the Kindergarten gives; and to prepare young women to take positions as principals if Kindergartens.
