Advice to the Aged. Age brings infirmities, such as sluggish bowels, weak kidneys and bladder and TORPID LIVER. Tutt's Pills have a specific effect on these organs, stimulating the bowels, causing them to perform their normal functions as in youth and young.

Do You Own a Piano?

If not, and you expect to own one soon, you owe it to yourself to examine the magnificent display shown at the Fineman & White Warerooms. A display really creditable to a large city.

Happenings of Interest in North Carolina.

Salisbury, Oct. 24.—A rather severe storm passed over the city late yesterday afternoon during which lightning set fire to the big barn and stable on the farm of Mr. T. A. Coughenour, at the old Fraley race track, near the city, the bolt striking a large tree a few feet off and running to the barn. The building, a number of farming implements and a large amount of hay and feed-stuffs were consumed.

New Tailored Suits

For months we have been keeping an eye on the production of the greatest garment manufacturers and style originators, both in this country and abroad, watching for the distinctive, out of the ordinary thoughts which spring up as it were, the multitude of handsome stamped out designs, which mark the display of ready-to-wear garments. We have been studying the style effects for fall at close range, too—drinking in some fashion messages of what is to be needed in woman's wearables and watching our selection of suits with first hand knowledge of your needs.

A MOST CORGEIOUS DISPLAY OF FALL SHOWING

MUNFORD'S ENCHANTINGLY PRETTY WEAVES RADIANT WITH AUTUMNAL COLORS. BEAUTIFUL AS THE MOUNTAIN SIDE when the autumn sun shines on the trees and grasses of dull Brown, Green, Blue and Gold, are the new goods for the coming season. Rich effects, every weave, which fashion has declared worth while is here at tempting prices. Many a beautiful sheen conceals a coating of lead to give weight, which causes the fabric to cut with very little wear. When you buy our goods, you buy absolutely the best our money can buy. That is why among people of this vicinity our goods have such a recognized standard. Choose the goods for the new class from our enticing values.

STYLISH CLOTHES FOR MEN.

In developing this special line we have anticipated every whim--every need of the young men who care for their dress. They are better suits than you'll find most anywhere else this season. Cut on vigorous lines and finished with due details--those details that young men are so keen about--shown in a wide range of styles, fine, fancy Worsted and Navy Blue Serge.

BOYS' SCHOOL SUITS--TIMELY VALUES.

Our complete fall line of school clothes has arrived and when we say school clothes, we mean something more than substantial knock-about clothes. These new suits enlist the same pains-taking care of the designers as do the suits for young men, and that is saying a great deal. Why shouldn't our boys have clothes full of class and style as well as we grown up folks?

BOYS, YOUR SUITS ARE HERE!

STYLISH MILLINERY.

For more than a decade this store's Millinery has been the premier event of the season. Each season they've grown nearer to perfection. In the great numbers, the vanity, the exclusiveness, and artistic elegance of the Hats assembled for this fall's exhibit, all our previous similar displays have been far out classed. Our Millinery Department with its magnificent settings of new fall Millinery will present a marvelously interesting and beautiful picture.

OUR OWN DESIGNERS

have had in view for the last several months the requirements of this event, and their contributions are equally praise-worthy. The prestige of this store as a style source will be immeasurably increased by the many beautiful creations and adoptions in the present exhibit. So elaborate presentation of fascinating modes has never before been attempted.

FRIDAY OCT. 29, 1909.

Our Greenville, yours if you come

A bale of cotton means something at present prices.

He not only lost his 'possum, but President Taft has also lost his voice on his whirl around the continent.

The Greensboro doctors and aldermen may get their difference over liquor prescriptions settled after awhile.

This week is Charlotte's turn with a fair and a circus, and the "Queen City" is happy.

Hearst seems possessed of the idea that the way to reform New York City is to make him mayor.

The State fair and circuses this week have taxed the carrying capacity of the railroads.

If men elected to office would always fill out their terms, the appointing power would have less trouble.

Baltimore had another bad fire Sunday, with a loss close to half a million dollars. That city has many fires, but always rebuilds better than before.

Aldavits are the order of the day in the Cook-Pearcy controversy, but they seem to have little effect in shaking the confidence of the public in Dr. Cook.

The farmer who cuts down his acreage, and then goes on to raise better crops on the fewer acres planted, takes a step in the right direction for improvement.

The State fair next year is to be a semi-centennial exposition, the fair having been organized for fifty years. That means a big fair, and it will be kept open for two weeks instead of one.

The test of a cotton picking machine has been made near Bennettsville, S. C., and those who witnessed the work of the machine pronounce it a perfect success. It picked one thousand pounds of cotton in an hour without injury to the bolls or plants.

Down in Texas a big fat 'possum was put aboard President Taft's train, and the president was looking forward with pleasure to a 'possum and tater' dinner next day. But during a stop at night somebody stole the 'possum and another had to be provided before the anticipated dinner could be spread.

The faculty of East Carolina Teachers Training School have adopted Monday instead of Saturday for a weekly holiday, and the students will have their regular program of work on Saturdays. The Reflector believes this change a good one.

If the prohibition wave does not subside congress is going to be forced to pass a law that will prevent its shipment into dry territory, and for one we shall be glad of it. The people of the state have decided that they want prohibition and we want to see them get it.—Durham Herald.

That is just what congress ought to do, and the sooner it is done the better.

The State fair this year is certainly an excellent one. The Reflector man has not been a regular attendant of the fairs in Raleigh, but went up Wednesday and found this one the best seen there. The exhibits of farm products, fruits, vegetables, machinery, manufacturers' articles, fancy work, live stock, poultry, etc., were large and fine, and the midway was filled with attractions of various kinds. There was something of interest going on all the time and an immense crowd was in attendance.

Two very slick gentlemen worked Henderson and Fayetteville last week, the same two fleecing people in both towns. At Henderson they represented themselves as being real estate agents looking for desirable property, and at Fayetteville they claimed to be representatives of a large steel company that wanted to locate a plant in that town. They set their traps and caught victims in both towns.

Congressman Grant, of the Asheville district, has brought much criticism upon himself for the manner in which he had a widow removed as postmaster at Biltmore and one of his campaign workers appointed in her place. The congressman filed a secret charge against the widow accusing her of attempting to bribe him to recommend her re-appointment, and the discovery of this is the cause of the censure he is now getting.

Columbus, Ga., was put down as one of the places President Taft would visit on his tour of the country, and the board of trade of that city had preparations of that city had prepared to make a stop there of only ten minutes, the board of trade adopted a resolution expressing its indignation and declaring that the organization would take no part in a welcome to the president. There is an old saying that something "broke loose in Georgia."

There is no better time than now for some men of means to get interested in the establishment of a flour mill, and for the farmers to be planning to sow wheat. At the present high price of flour there is no denying that the farmers can raise wheat and have it ground into flour much cheaper than they can buy it. There is plenty of good wheat land in Pitt county and the farmers can grow it successfully, but to get them to do this there should be a good mill at which flour can be made.

On Sunday morning President Taft spoke to a large gathering of Sunday school children at Terrell, Tex., and closed his remarks with this excellent advice: "Stay on the farm."

"You here live on agriculture. I sincerely hope that you are growing up with the idea that it is your business to go into the towns and cities. The future of the American boy, in my judgment, is largely involved in his pursuing the science and profession of the farmer. The results of economic, scientific business like farming are more profitable than any other trade or profession, and when you look forward just consider that you are going to follow along the course of our fathers and that you are going to make this country, or some other country, blossom as the rose. The tendency toward the city is not one that we ought to encourage. I hope that the development of the comforts of country life are such that we may look forward now to a lessening of the movement toward large cities. The place for us to accomplish things is in the country. The cities will take care of themselves."

As an indication of one of the benefits of the East Carolina Teachers Training School, aside from its great advantage as an educational institution, we already hear of several people who wish to locate in or near Greenville making inquiry about the purchase of homes in town.

PIANO CONTEST LIST GROWS

Candidates Are Busy Getting Votes. Miss Mary Johnson Leading.

It has been four weeks since The Reflector piano contest was started, and this night we are longer to run. On the 24th of December one of the candidates in this contest, the one having the highest number of votes, will be the happy recipient of an elegant baby upright Boudoir piano which is on exhibition at the music store of Fineman & White. This handsome piano, rich in tone and full in volume, is the equal of the best made, and the winner of it will be indeed fortunate to possess an instrument so superb.

The candidates who started early in the race have been doing good work securing votes, and some who have come later are at work with a determination not to stay behind. That is the way to succeed, go right after subscribers to the R. Reflector and get them to vote for you. New subscribers count the most in votes, but there is good value for every dollar of subscription already received, and the field is large enough for any who desire to enter the race. It is not too late to catch up and catch up with the leaders by hard work. It all depends on how many subscribers you can secure, and even if you fail to win the piano you will be paid for the work you do.

Subscribers who come to the office to pay for The Reflector or who remit by mail, have the privilege of voting for any candidate desired by telling us which one to vote for. Look over the list of candidates and if no name is there that you want to vote for you have the privilege of nominating and voting for whom you please. Pay your subscription now and vote, do not wait until the contest closes.

The list published below shows Miss Mary Johnson holding the lead with Miss Lottie Blow not far behind in second place, and others coming along nicely. Here is the standing: Miss Mary Johnson 15,000; Miss Lottie Blow 7,075; Miss Mavis B. Evans 4,075; Miss Beulah Mumford 4,075; Miss Maud Mcering 2,275; James Tingle 2,050; Quinerly School 1,775; Mrs. D. E. Nichols 1,270; Miss Christine Johnson 1,050; Mrs. John Cheek 1,000; Miss Jessie Hodges 1,000.

OCTOBER TOBACCO SALES.

This Year Shows Small Decrease From Last Year.

Secretary E. B. Ferguson, of the Greenville Tobacco Board of Trade, reports the sales of leaf tobacco on the Greenville market for the month of October 2,205,359 pounds for \$223,763.16, an average of \$10.15 per hundred. The sales for the corresponding month of 1908 were 2,678,680 pounds for \$277,097.95 an average of \$10.34 per hundred.

For three months this season—August, September and October—the total sales were 6,628,370 pounds for \$662,532.94, an average of \$8.50 per hundred.

I want also in this connection to call the attention of our faithful friends, the preachers of North Carolina, to this matter of lawlessness. No one questions the fact that the Bible most emphatically teaches us as citizens to "Submit ourselves to every ordinance of man." Paul puts it, "Be subject to the higher powers," and this Bible doctrine was emphasized by many churches in their annual gatherings last fall. It occurs to me, that at this stage in the history of temperance reform in our state, it is needful for the pastors to preach
