Lightning Blows Out Lamp. A bolt of lightning, which struck the home of Martin Raber, Jr., near York, Pa., Tuesday, while the family was at supper did a few unappreciated stunts that took the appetite of the diners. Except for fright, no one was injured.

The bolt struck the chimney, tearing off part of the roof. It followed the course of the chimney, leaving well defined marks, and entering the kitchen, put out the light in the centre of the table. When another light had been procured it was found that the family was all there and unhurt.

NOTES FROM HANRAHAN.

Hanrahan, N. C., May 3rd.—We wrote you last week but after we had sealed and directed what we had written we thought ourselves, and behold it was Thursday and not Wednesday, and as your weekly comes out on Thursday morning of course we were one day too late. So we decided that we would be on time this week and send this in on Tuesday and if in your wisdom you see fit to publish this, with any of last week's that you may deem proper, then let it come.

On Thursday evening of last week about twenty of our young men and fair maidens, with a sufficiency of the older people of the community as chaperones, met here about sunset expecting to go to Ayden to hear Rev. Mr. Piyler, of Washington, preach. Because of those things that are at times unavoidable the whole crowd were disappointed in going to Ayden, but were not disappointed in having a splendid social time. We all gathered at the home of Samie Jackson and were highly entertained by several recitations rendered by Miss Lizzie Hines, our very efficient teacher. Mrs. Carrie Holloway and Miss Pearl Jackson gave us a few choice pieces that were well rendered, then we had songs and a real good time until 10 o'clock told us that it was time for working people to repair to their own homes. All went home feeling that there are more ways than one for people to get good out of this fleeting life.

Friday of this week will be commencement day with the graded school at Grifton.

Prof. Carille, of Wake Forest, will deliver the literary address at 11 a. m. Dinner will be spread on the grounds at 1 p. m. and a game of ball at 4 p. m. The commencement exercises will be at 8 p. m., so the day will be well filled in. Prof. Brothers and his corps of teachers have done a splendid year's work there, and we hope they will be retained for another year.

Our letter 1, growing too long, so we must close, but we do want to say that many of our men might learn a lesson, a valuable one, in gardening, by observing Miss Ophelia Collins' garden. She has by far the finest garden that we have seen, and she has done the work with her own hands. So ladies can teach us men many valuable lessons after all.

ROCHDALE ITEMS.

A HAPPY HOME

Is one where health abounds. With impure blood there cannot be good health. With a disordered LIVER there cannot be good blood.

Tutt's Pills

Invigorate the torpid LIVER and restore the natural action.

A healthy LIVER means pure blood. Pure blood means health. Health means happiness.

Take no Substitute. All Druggists.

A Favored Region. While no doubt the cold snap has injured crops somewhat in this vicinity and throughout the eastern part of North Carolina, it is probable that the damage has been slight.

The Wilmington district reports no special damage to truck and shipments of the same go on at regular intervals. This condition is in striking contrast to that of our neighbors of the middle west, farther south. We can sympathize with them in their losses and deplore the same, but our own fortunate condition after the storm's passage should fill us with thankfulness.

Indeed Eastern North Carolina has experienced a season so far this year that is almost ideal. The weather as a rule, from the very first of the year, has been open so that out-door work could be done at will. And our farmers went right in and took advantage of their opportunity with the result that the present condition of their crops is very good indeed.

Without gloating over the misfortunes of others our people can truly say that their lot has fallen in pleasant places and their habitation is indeed "God's country."—Kinston Free Press.

The Call of the Blood for purification, finds voice in pimples, boils, and low complexion, a jaundiced look, moth patches and blotches on the skin, all signs of liver trouble. But Dr. King's New Life Pills make rich red blood; give clear skin, rosy cheeks, fine complexion, health. Try them. 25c. at all druggists.

Fire at Cox Mills. A phone message from Cox Mills to The Reflector this morning stated that two stores and a lodgeroom were destroyed by fire there Tuesday night. The fire occurred about ten o'clock. The property was owned by Tom Wiggins and the Farmers Union. The two stores were occupied by L. H. Everett and Chas. Evans. Loss was partly covered by insurance.

Do You Own a Piano?

If not, and you expect to own one soon, you owe it to yourself to examine the magnificent display shown at the Fineman & White Warerooms. A display really creditable to a large city.

In a glance you will inspect a line of pianos that not alone stand in character of tone, durability and general worth in a distinct class to itself, but you will meet with prices that stand unparalleled here and incomparable any where. Eight different makes to select from, none of those cheap western department store stencils, but each one a standard, of acknowledged fame and reputation in the trade. Four different player-pianos of best known makes.

We will take your old piano in exchange for one of these self players. We also carry the ETY ORGAN, the standard of the world. Old organs and pianos taken in exchange, terms to suit your convenience.

When in Greenville visit our wareroom.

FIGHT AGAINST TUBERCULOSIS.

Interest the People and the Danger is Lessened.

Raleigh, N. C., May 9th.—"Nearly all the people know, or think they know, quite a little about tuberculosis or consumption. But the most of what most folks think they know about this disease is not knowledge at all. The greater part of what the average man thinks he knows is purely tradition, inherited misinformation, so-called information which they have heard as children."

This situation is a chief argument for the tuberculosis exhibition is the contention of Dr. W. S. Rankin, State Board of Health, who says that the people generally are a full twenty years behind the medical profession in an understanding of the nature of this disease which ought not to exist in this country at all.

"The situation is marvelously complex simply and solely because of the difficulty in convincing the people of the real facts and in getting them to act in the light of those facts. Tuberculosis is not a mysterious disease at all. The mystery is in the difficulty in getting usually well informed people to discard the traditions of ignorance and accept the unquestioned pronouncements of science. Just as quickly as we can get people informed and interested in living according to that information that soon will be this chief cause of disease become a matter of history.

"We must inform and interest people before the board of health will be able to do all that it ought to do and would like to do. We must inform and interest the people before the board of education can do all that the schools are seeking to do for the health of the children. We must inform and interest the housekeeper so that our homes may be more conducive to health. We must inform and interest household servants that they may do their part. We must inform and interest all sorts of people before the big, concrete undertakings can be launched. The exhibition is an agency for doing the largest amount of this educational work in the shortest possible time."

Horse Falls in Streets.

Tuesday a horse belonging to Mr. W. S. Moye, driven by a negro, got rather gay on the street and began plunging about. Instead of trying to quiet the animal the negro whipped him with the ends of the reins, which only made the horse more excited. The animal slipped on the paved street and fell, and could not get up until the buggy was unhitched and pulled out of the way.

To Learn Linotype Machine.

C. F. Piley, one of The Reflector young men, left this morning for New York. He goes to enter the Mergenthaler Linotype factory instruction room to learn how to set up and operate the type setting machine for which The Reflector has placed an order. A letter from the manufacturers advises that the machine will be ready for shipment between the 1st and 10th of June, and if there is no delay in plans our readers may look for some interesting changes for the better in The Reflector about the 1st of July.

Nice Printing.

The commencement invitations for Winterville High school and of East Carolina Teachers Training school were both the product of The Reflector Printing House, and it is work that we can feel proud of. The plant is in better shape for turning out nice printing than it has ever been.

PRICES THAT SHOCK WOMEN.

It is The Shopper Who Discovers That The Cost of Living Has Gone Up.

So much has been said about the rise in the cost of living that a few facts about summer prices of women's clothing may be used to illustrate just how high prices have soared. A woman's ready-made suit has cost \$3 and upward more this spring than last, for the same quality. She can still buy the suit alluringly marked "\$2.49 cut from \$15.00," but it has so deteriorated in quality that it has ceased to be a "bargain" at any price. Acus by the suit that is marked \$25 today is of the quality that sold four years ago for \$10. The woman who bought a pattern and made her own spring suit had to pay \$1 a yard for common blue serge that she bought last year at 75 cents, or for broadcloth \$1.50 a yard for what was formerly \$1.25.

Gloves that were a dollar are now \$2.25. Stockings that were a while ago 25 cents are now 35. Shoes have just been marked up. The National Boot and Shoe Manufacturers say it's not their fault. It is because the public that found meat too expensive reduce their consumption of that article of food. Therefore there are fewer hides on the market, which has increased the price of leather in the last three years from 17 to 32 cents a pound. Therefore shoes that were formerly \$3 a pair are now \$3.50. Women's sandal rubbers that were 25 cents a pair a few years ago are now 75 cents, and men's rubbers are \$1.25. The manufacturers say one reason for it is the automobile, the tires of a single machine using a supply of rubber that would have made more than a hundred pairs of footwear.

The kitchen broom that once was 25 cents is now 40 cents, and a purchaser who recently objected to the price was cheerfully advised by the dealer: "Better buy now. They're likely to go \$1 before the end of the year." Even a kitchen apron cost more than it ever did before with gingham, which many a housewife has purchased for 8 cents a yard, now retailing at 10 cents. Staple cotton cloth once 7 cents is now 12 1/2 cents a yard; and standard sheeting has moved up from 9 cents to 15 cents a yard. The cheapest woolen blankets have gone from \$5 to \$7 a pair under the operation of a protecting tariff.—Mabel Potter Daggett, in The Delinator for June.

GRADED SCHOOL COMMENCEMENT

Exercises Will be Held May 15th and 16th.

The annual commencement exercises of the Greenville graded schools will be held on the evenings of May 15th and 16th. On the 15th, in the Jarvis Memorial Methodist church, a sermon will be preached before the graduating class by Dr. J. C. Caldwell, president of Atlantic Christian College, Wilson. The pastors of the various churches will not have the usual evening services, and the entire community is invited to worship in the Methodist church in a union service. The school was fortunate in securing Dr. Caldwell, as he is an unusually strong preacher.

On the evening of the 16th at 8:30 o'clock, in the auditorium of the Training school, the graduating exercises will be held. The school will have six pupils to complete the high school course, and four to finish the music course this year, as follows:

High school, Misses Estelle Greene, Agnes Spain, Sadie Exum, Nannie Bowling, Hilda Critcher, and Mr. Alfred Schultz, in music, Misses Estelle Greene, Agnes Spain, Hilda Critcher and Lillian Carr.

The programme for the graduating exercises will be made of reading three of the senior essays, several numbers of music by the graduates in music, and of the annual address by Prof. E. C. Brooks, of Trinity College.

It is needless to say that the entire community has a most cordial invitation to attend these concluding exercises. The graded school is the town's school, and it is hoped that our people will make an effort to attend its commencement.

The commencement invitations for Winterville High school and of East Carolina Teachers Training school were both the product of The Reflector Printing House, and it is work that we can feel proud of. The plant is in better shape for turning out nice printing than it has ever been.

PRESENTED WITH PURSE.

Methodist Baraca Class Shows Appreciation of Rev. J. H. Shore.

Rev. J. H. Shore, teacher of the Baraca class of the Methodist Sunday school, was presented with a check Sunday on behalf of the class by Mr. J. E. James, president, who said in part: "Mr. Shore, I believe you have an appreciative class, a class that recognizes your efforts and is fully conscious of the inestimable benefits received at your hands. Many things are taught by example, but none so much as traits of character, as truth, purity, loyalty and devotion to high ideals. You possess those which in my opinion are the crowning virtues of life. Your example has been faultless, it has meant much to us, your teachings have imparted a germ of goodness and purity. Often an occasion asserts itself, where we are enabled to express our appreciation of your service so willingly and faithfully performed, and acknowledgement of the example you have made. You are now on the eve of taking a trip, the pleasure of which you have anticipated some time and anticipated greatly. We wish you much happiness and this little remembrance is from your class and members of your congregation and is given in token of their esteem, their love and their respect, and as a member of your class, and as a member of your class, it affords me very great pleasure to present this little sum."

Rev. Mr. Shore responded with much feeling. He left this morning for Asheville to attend the general conference of the M. E. church, South, and will be absent about ten days.

CONFEDERATE MEMORIAL DAY.

The Veterans Have Annual Reunion and Enjoy the Day.

Once more Memorial day has come, and with it the annual reunion of the survivors of the Confederacy. There are not many of the gallant old warriors of the gray still with us, and it is indeed a pleasure to see them come together on these reunion days. Not only is it a joy to them to meet their comrades in arms once more and talk over again the thrilling and trying scenes through which they passed back in the sixties, but it is also a joy to those who are younger—those who know not of those days of warfare except as it was told them by their ancestors or learned through history—to mingle with the gallant heroes. It is a pleasure to greet them. It is an honor to honor them. Theirs was a noble cause, and they defended it bravely. The sacrifices they made, the hardships they endured, makes them indeed heroes worthy of all honor and praise.

The committee in charge of the program of arrangements for the day, deemed it best because of the feeble condition of many of the old soldiers, to omit the march to the cemetery to witness the decorating with flowers of the graves of their comrades who had "passed over the river," and this part of the exercises of the day was left with the Daughters of the Confederacy. These met together and proceeded to the home of the dead to place their tribute of love and honor upon the graves of the departed heroes.

The old soldiers assembled on the court house square at 10:30, and at 11 moved in column down Evans street and out Dickinson avenue to the Star warehouse, where a large crowd awaited them.

The assemblage was called to order by Maj. H. Harding, commander of Bryan Grimes Camp, who turned the exercises over to R. W. King, master of ceremonies, who announced the following program:

FRIDAY, MAY 13 1910.

Long live the king!

Don't blame everything on the comet.

Yes, we seen the comet. Have you saw it?

The Britishers have given Peary a medal.

Pulling together accomplishes much more than pulling apart.

You can't lose Greenville, even when it comes to seeing the comet.

Some of these days you are going to see Greenville a town sure enough.

From the way aldermen are resigning, they must not think much of their jobs.

The sisters are demanding their rights at the general conference in Asheville.

If this is the proverbial cool spell in May it comes early in the month.

Yes, living is high, but most of us manage to keep staying here somehow.

The business man who forgets his advertising, is forgetting the best aid to his business.

After what happened in Raleigh, it will not be consistent to talk about other falls.

Newspapers are catching it again by another sharp advance in the price of print paper.

The Durham Herald's paragraph column shows that Editor King has gone fishing again.

The towns have stopped guessing, but they will soon know how many the census gives them.

Raleigh may have to call on neighboring towns for police help when the next mass meeting comes.

The longer the appointment is delayed, the larger grows the list of candidates for corporation commissioner.

They are still explaining that last Wake county mass meeting just like there was not another coming.

Whether you know it or not, the good roads sentiment is something that is growing in Pitt county.

If any other counties decide to hold mass meetings they should try to improve over the Wake county specimen.

Under the reorganization of the Norfolk & Southern railroad arriving from the recent sale of

the property, the name is changed to Norfolk Southern. The new name went into effect on the 5th inst.

Another horrible mine explosion has occurred in Alabama causing the death of upwards of two hundred miners.

Durham aldermen recently adopted some Sunday blue laws, but after a few weeks' trial repealed them.

Chicago is claiming to have seen the comet. It is a wonder that Atlanta had not come forward with the discovery.

The Raleigh Times suggests that the State guard be called out to keep the next mass meeting quiet. Not a bad idea.

If the next Raleigh mass meeting is to be as bad as the first one, the mayor might interfere on the ground of its being in the "Girl from Rectors" class.

Candidates for the legislature in Pitt county this year may expect to have to stand on a good road and no fence platform.

The Reidsville Weekly suggests keeping 'em on until the earth and the comet shake hands and pass on. Not a bad idea.

North Carolina is going to lose another good one in the departure of Editor Gray, of the Wilmington Star, for Richmond.

Secretary of Agriculture Wilson gives out the word that muskrat meat is good. Excuse us, please, the name is enough.

The New Bern Sun says: 'Some people would kick if they had both legs cut off.' Wonder how they would fix to do that.

Shooting policemen seems to be most too popular in Fayetteville. First thing that town knows it will find it hard to get police officers.

They have had a regular blind tiger shake up in Kinston, and even a brother of the mayor of that town is said to be in the list of offenders captured.

Greetings to the old soldiers. We hope every one of you have enjoyed the day with us, and that not a man of you will be missing when reunion day comes again next year.

The Roanoke News of Weldon is forty-four years old. Quite a remarkable age for a North Carolina newspaper. The News ranks high in the list of weekly newspapers and makes its presence felt in the State.

The question has been asked The Reflector if there is now living in Pitt county a man who had a son who was a soldier in the civil war. We could not answer the question, but if there is such a man we would be glad to have his name.

As Halley's comet does not come but once in seventy-five years, you better not miss it this time. You might not be here next time to tell your great-grand-children that you saw it in 1910.

The next round of the board of aldermen of Greenville have at license tax levying, it is to be

hoped they will not let the near-beer joints down so light. The present tax of \$20 on them is next to nothing. Better follow the example of some other towns and make them pay for the privilege if they have got to be endured.

Being now out of the hands of receivers, and free from litigation from that source, the reorganized Norfolk Southern can proceed with its plans of improvement and development in Eastern North Carolina.

We heard a man inquiring about an opera house in Greenville like he might have something up his sleeve. It is something the town should have, and the man, or men, who can come forward and build one, would do a great public service.

On Friday Governor Kitchin appointed H. C. Brown as corporation commissioner to succeed the late Commissioner B. F. Aycock. Mr. Brown has been clerk of the commission several years and fully understands the duties of the office.

Raleigh aldermen have changed their minds again in regard to the license charged drug stores for selling whiskey on prescription. A few weeks ago the license was raised to \$300, and now it has been lowered to \$125.

Up to this time we have refrained from joining the general chorus, but now we feel safe in saying that it is time to take them off.—Greensboro News.

Guess you changed your mind when you saw this cold spell in May, didn't you?

Lord Kitchener is being quoted as having declared that New York girls are the prettiest he has ever seen.—Wilmington Dispatch.

Which means that Lord Kitchener has never been in Greenville.

The other boys had just as well pass the weather medal on down this way. We said stick to 'em until after the cold spell in May, and that is just what we are doing. Even after giving us a "permit" to hold on, the Greensboro News took 'em off the first of May, but is now repenting its rashness.

The appointment by the governor of H. C. Brown as corporation commissioner makes a vacancy in the chief clerkship of the commission. But there are plenty of candidates for that position to keep it from being vacant long.

Our Big Tawas in 1910. According to reports which purport to be unofficial announcements, the census of 1910 gives New York City 4,563,608 population, Chicago 2,382,925, Philadelphia 1,640,429, St. Louis 578,238, Baltimore 588,374, Cleveland 520,938, Cincinnati 354,012, Washington 360,145, New Orleans 332,162. Whether these figures are authentic or not, New York City will show up with as much population as the States of North Carolina and Virginia combined, Chicago with as much as either North Carolina or Virginia, and Philadelphia with nearly or quite as much as South Carolina. New York will doubtless overtake London within this generation. We have some big towns in this country, and a lot of others big except by comparison with them. Their rapid growth has upset the balance between the

town and the farm, causing some economic problems which, unless soon remedied, must grow acute. If effective means can be found for distributing to undermanned land the multitudes of immigrants who now stop in cities, great good will result. It is even more to be hoped that the census will not show continued growth by cities at the rural district's expense.—Charlotte Observer.

Ten Things to do in May.

1. Replant all lands where the crops have been killed by the cold weather—if not in cotton or corn, in some leguminous crop. Harrow all land thoroughly before replanting.
2. Keep up the cultivation of all growing crops. Work level and shallow and stay ahead of the grass. Use weeders and harrows and cultivators instead of turning plows.
3. Plant cowpeas, soy beans or velvet beans every available seed and every available foot of land.
4. Prepare to fatten hogs cheaply, and to double your pork product this year. Fence in a permanent pasture, if possible, and arrange lots for a rotation of quick-growing pasture crops.
5. Put out plenty of peanuts and sweet potatoes, and keep the garden going. Set out tomatoes, plant corn, beans, etc., for succession. Plenty of fruit, vegetables and watermelons is every Southern farmer's birthright.
6. See that the spraying outfit is kept going. Use Bordeaux and Paris green on the apple trees and Irish potatoes, Bordeaux on the grapes and tomatoes. lime sulphur on the peaches and plums.
7. Begin marketing the early chickens and look closely after the health of the younger ones. Disinfect often and whitewash, if necessary.
8. Fix a place, if you have

none, to keep the milk and butter fresh and cool during summer.

Like Some Other Epitaphs. "I was called in by a clogged old merchant the other day," a Boston lawyer remarked smiling: "He wanted me to draw his will, and this I proceeded to do, following his verbal instruction. Presently he said: 'To each and every clerk who has been in my employ for ten years I give \$10,000.' 'This seemed like a considerable sum to me, and I ventured a slight protest, as he had a number of daughters, and his entire fortune was not large. 'Oh, that's all right,' he said, with a little crooked smile. 'You know people have always said that I was close and hard, and I want them to think well of me when I'm gone.' 'I was a little touched, and said something, but he waved it aside, and we continued with the draft. When it was finished and as I was about to leave the office the old fellow miled again his little crooked smile. 'About those \$10,000 legacies,' he said, 'there isn't a clerk in my place who has been with me over two years—but it will look well in the papers.'—The Green Bag.

The Exhibit at the Colored School Friday afternoon.

The teachers at the colored graded school held a most interesting exhibit in the school Friday afternoon. It consisted of a display in one room of the work done in the grades. Specimens of written work in all the grades were neatly displayed, and to a large number of people who attended, it was a surprise to see how well it was done.

In an adjoining room was the exhibit of the work in sewing and cooking. This was the first thing of its kind our people here had the opportunity of seeing, and those who attended were greatly pleased.

KING EDWARD SUFFERS LOSS.

House Struck by Lightning, Building and Contents Destroyed. Hanahan, N. C., May 4.—This morning about 8 o'clock during a severe electric storm, lightning struck and fired a tenant house about one mile from here on W. L. McLawhorn's place.

A touch of rheumatism, or a twinge of neuralgia, whatever the trouble is, Chamberlain's Liniment drives away the pain at once and cures the complaint quickly. First application gives relief. Sold by all dealers.

WOODLAND ITEMS. Wooland, N. C., May 4, 1910.—Miss Bertha Jones, of Ayden, spent Saturday night and Sunday with Miss Nina Smith.

John J. Rockefeller would go back if he should spend his entire income trying to prepare a better medicine than Chamberlain's Colic, Cholera and Diarrhoea Remedy for diarrhoea, dysentery or bowel complaints. It is simply impossible, and so John J. Rockefeller has used it. Sold by all druggists.

Common Taters. One morning a popular young minister was presenting his view upon an important subject under discussion, says the National Monthly, and insisting that he held certain things to be true, the commentators notwithstanding. He contended "I hold this to be true even though the commentators disagree with me—and again—I say even though the commentators disagree with me."

Chamberlain's Stomach and Liver Tablets will clear the sour stomach, sweeten the breath and create a healthy appetite. They promote the flow of gastric juice, thereby inducing good digestion. Sold by all druggists.

Drum Corps Disbanded. The J. Bryan Grimes Drum Corps was disbanded at the Monday night drill meeting. This news is received with much regret from many, for there was a great deal expected of it at the tenth of May celebration and it is now too late to reorganize and drill sufficiently to do duty on that occasion.

New North Carolina Industries. The Chattanooga Tradesman reports the following new industries established in North Carolina during the week ending 4th. Elkin—\$20,000 veneer factory. Monroe—\$10,000 lumber company.

Raleigh—Woodworking plant; publishing company. Roaring River—Flour mill. Warrenton—\$15,500 wood working plant.

Lion Fondles a Child. In Pittsburg a savage lion fondled the hand that a child thrust into his cage. Deeper to a child is sometimes given when least regarded. Often it comes through colds, croup and whooping cough. They say thousands that "King's New Discovery" could have saved. "A few drops cured our baby of a very bad case of croup."

Choice Cut Flowers. Roses, Carnations, Violets, Vellies and Specialties. Wedding Bouquets in all of the newest styles. Her funeral and bouquets arranged in the most artistic styles at short notice.

Rev. A. D. Betts Enjoys Trip. The following text about "Uncle Betts" will be read with much interest throughout this section for he has lots of friends around here.

"The Rev. A. D. Betts, who is destined to ride to Mobile in a special Pullman car because he said a regular was much better than he got used to in the days of '61-'65, has returned from the great reunion of veterans in the Alabama city and reports a rattling good time. Alabama and especially Mobile gave the boys everything that could have been expected, said the Rev. Mr. Betts. On his return he stopped over with his son, the Rev. W. A. Betts, at Monroe, Miss."

The splendid work of Chamberlain's Stomach and Liver Tablets is daily coming to light. No such grand remedy for liver and bowel troubles was ever known before. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion. Sold by all dealers.

SUNDAY SCHOOL ASSOCIATION.

Meeting Called in Greenville on Friday, June 24.

The Sunday School Association is an interdenominational movement and it is expected that all Sunday schools of all denominations will have representatives at the convention here on the 24th of June. Preparations will be made for a large gathering and delegates will be entertained by our people. The Sunday school workers are expecting great and lasting benefits to the Sunday school cause from the organization of their forces in Pitt county.

When we recall the fact that the Sunday school forces number above the twenty-five million mark we are brought to the realization that the Sunday school is one of the biggest institutions in the world. In North America alone there are fifty millions of persons engaged in its service.

The purpose of the organizations of Pitt county is to secure a deeper interest in this great work through the means of interdenominational cooperation.

SPECIAL OFFER. Write today! Mention this Paper. SEND 10 CENTS.

Cards of Thanks. All newspaper men are acquainted with the "card of thanks." It used to be a persistent visitor at the newspaper offices. But happily, through the refusal of many papers to print them without pay at the advertising rate and a decidedly cool reception by those who do print them on the one hand and the development of a more seeming taste on the part of all the people on the other hand, they have become much more rare than formerly.

Do You Own a Piano?

If not, and you expect to own one soon, you owe it to yourself to examine the magnificent display shown at the Fineman & White Warerooms. A display really creditable to a large city.

In a glance you will inspect a line of pianos that not alone stand in character of tone, durability and general worth in a distinct class to itself, but you will meet with prices that stand unprecedent there and incomparable anywhere. Eight different makes to select from, none of these cheap western department store pianos, but each one a standard, of acknowledged fame and reputation in the trade. Four different player-pianos of best known makes.

We will take your old piano in exchange for one of these self-players. We also carry the ETY ORGAN, the standard of the world. Old organs and pianos taken in exchange, terms to suit your convenience.

MR. GEORGE W. BAKER Dies Suddenly at His Home Monday Evening.

The entire community was greatly shocked Monday evening, when the announcement was made that Mr. George W. Baker had died suddenly at 6 o'clock at his home on Fifth street. While Mr. Baker had been in poor health for some years and could get about but little, his end was not supposed to be so near. He was up as usual Monday and only a short while before his death was out looking at his garden. Suddenly he complained of a very peculiar feeling, went in the house and had a physician summoned. The physician arrived quickly and administered medicine, remarking that he thought the patient would be all right in a short while. As the doctor was about to leave he turned to look again at Mr. Baker and noticed that he was dying, and quickly he passed away while sitting in a chair.

George Washington Baker was about 55 years of age. He was a native of Bertie county and raised on the farm. In his early manhood he engaged in merchandising in Harrelsville and became quite successful in this business. As his business grew he extended his efforts to other towns, later having an interest in stores in Lewiston, Greenville and Rocky Mount, making his home in Lewiston until about four years ago. His business in Greenville was in the firm of Baker & Hart. Mr. Hart coming here from Bertie county in 1896 to establish and manage their hardware store here.

The business here brought Mr. Baker to Greenville occasionally, and he made many friends here. In 1904 he married Miss Lina Sheppard, of this town, continuing to make his home in Lewiston about two years after marriage. When his health broke so that he could not take active part in looking after business, he moved to Greenville and made his home here. He is survived by a wife and one child, two brothers and one sister.

The funeral will take place at 6 o'clock this evening, services conducted by Rev. E. F. Huske. The interment will be in Cherry Hill cemetery, Messrs. C. H. Smith, J. N. Hart, B. W. Moseley, J. F. Davenport, R. O. Jeffress, J. A. Ricks, W. M. Pugh, W. I. Skinner, W. M. King, A. C. Holloman, T. E. Hooker, W. D. Pruet, J. A. Andrews and E. E. Griffin acting as pall bearers.

Free Will Baptist.

The time is fast approaching when Rev. E. L. St. Claire will be with us again. He will on Wednesday night fill his appointment at Delphia Moyer Chapel. He is an able speaker and no doubt but he has an excellent sermon prepared to deliver to the people of Greenville. There is a treat in store for all who can hear him. The public is cordially invited.

The school. He said the enrollment; the past session had reached 460, and while the work of the year had been the most satisfactory he had known there were yet departments that the school needed, and he hoped the people would soon provide the funds for these to be added.

The entire exercises were truly enjoyable and reflected great credit upon the school.

In bringing the exercises to a close Supt. H. B. Smith made a brief statement in reference to

A MAGNIFICENT SERMON.

Dr. J. C. Caldwell Speaks to Graduating Class of Greenville Graded School.

An immense congregation gathered in Jarvis Memorial Methodist church Sunday night, filling both the main auditorium and Sunday school annex, to hear the sermon by Dr. J. C. Caldwell, president of Atlantic Christian college, Wilson, to the graduating class of Greenville graded school.

The preliminary service was conducted by Rev. B. F. Huske. Dr. Caldwell's subject was "The Relation of Religion and Education." He said when God wanted a great work performed He did not select an ignorant man for that work. Beginning with Moses who received forty years of intellectual training in the court of Pharaoh, and forty years of spiritual training in the land of Midian before God sent him to lead the children of Israel out of Egypt, he cited numerous instances from the Scripture and history where men who had accomplished great achievements had been specially prepared and fitted for their work.

He said he wished to impress upon the mind of every hearer the importance of the passage of Scripture "He that loseth his life shall find it, and he that saveth his life shall lose it." In emphasizing this he used a number of illustrations showing that the life must first be lost in the pursuit of an undertaking before it can be found in full accomplishment.

Dr. Caldwell's sermon was truly a magnificent one, expressed in beautiful language and forceful illustrations, and he held the closest attention of the large congregation.

FOR WILCOX'S PARDON.

Mother of the Slayer of Nellie Crossy Pleads for Her Son's Release.

Elizabeth City, May 13.—The petition which was started some weeks ago asking the governor to pardon James Wilcox is still being circulated and it is understood is being freely signed by the ladies of the city. Jim's mother is soliciting names to the petition and pleads for her son as only a mother can. There is the greatest sympathy for this loyal mother and there are no many mothers or other ladies who can refuse her request and it is expected that when the canvass has been completed that the petition will carry a formidable array of names signed thereto.

Wilcox was convicted in Superior court here in 1902 of murdering Nellie Crossy, to whom he had been paying ardent attention for several years, and sentenced to be hanged. Appeal was made to the Supreme court, which granted a new trial on technicalities as brought out by Wilcox's able counsel. The second trial was removed to Perquimans county, adjoining Beaufort county, where a great legal battle was fought, when Wilcox was convicted of manslaughter and sentenced to the penitentiary for 30 years. He finally was placed in the State penitentiary in 1903. The trial of this case was one of the most sensational ever known in the South and attracted much attention throughout the country.

Wilcox is said to have made a model prisoner for the past few years and is now given every consideration in the power of the penitentiary authorities. He is Dewey, the defaulting bank cashier of New Bern, have charge of the electric light plant at the penitentiary and are said to have become experts in this line of work.

The outcome from the petition will be watched with a great deal of interest by all citizens of Elizabeth City and a great many throughout the State and elsewhere who followed the testimony of the sensational trial.

SHOOTING SATURDAY NIGHT.

One Negro Badly Wounds Another With Pistol Ball.

Saturday night there was a shooting scrape down on Pitt and Front streets, near the river bridge, in which Leon Patrick, colored, was shot and badly wounded by John James, colored.

There had been previous trouble between the two men, and Saturday night Patrick armed himself and went to the home of James. Patrick used threats and ugly language in front of James' house, when the latter fired at him once through a window. This shot did not strike Patrick, but James went to his door and fired a second shot which struck Patrick in the lower bowels, inflicting a serious wound.

After the shooting James went in hiding and had not been found up to this morning.

Resolutions of Respect.

Whereas it has pleased Almighty God to take from our midst our beloved brother, D. D. Gardner, we bow with humble submission to His holy will, and pray that while we have lost a member in the Baraca class of Jarvis Memorial Sunday school, we may be led by this dispensation of God's allwise providence to nobler and higher works of humanity and love.

Be it resolved, 1st. That while Brother Gardner was unable to attend the Baraca class regularly for some time, who we survive may profit by his life, and shed a tear over his memory.

Resolved 2nd. That we sympathize with his bereft family who are now mourning his decease.

Resolved 3rd. That a copy of these resolutions be spread upon the minutes of the Baraca class of Jarvis Memorial M. E. church South and also a copy be sent to the bereaved family and that a copy be sent to The Reflector for publication.

A. W. Baker finished setting tobacco last week.

Mrs. S. M. Manning and Miss Clara Nobles went to Ayden one day last week.

Linn Hobgood is all smiles—it's a boy.

A large crowd of old school mates and Sunday school members went to see Mollie Nobles, who has just returned from Kinston hospital, Sunday evening after Sunday school.

Hebr' Barber and family of Greenville spent Sunday with his brother, A. W. Barber and family.

W. A. Nobles is in feeble health, we hope he will improve soon.

Miss Irene McLawhorn is spending a few days with Miss Fanny Smith near Grifton.

Little Harry Webb a Dead.

Little Harry, aged about one year and eight months, son of Mayor and Mrs. H. W. Waehde, died at 11 o'clock Thursday night at his home in West Greenville. The child had been sick for three weeks, much of the time being in a critical condition. Several times during the sickness his life was despaired of yet successive rallies caused hopes for its recovery to spring anew in the hearts of the watchers by the bed-side. But other complications in the last day or two were more than the little sufferer could stand, and the end came peacefully Thursday night. The heart broken parents have the sympathy of every one in their great sorrow.

The funeral will take place Saturday morning, interment in Cherry Hill cemetery.

Murder in Second Degree.

The jury in the Kelly case at Washington is yet tied up, a verdict not having been reached at 3 o'clock this afternoon. They went into the court room today and asked the judge for a fuller explanation between first and second degree murder.

Later—Just before going to press a message was received stating the jury had returned a verdict of guilty of murder in the second degree, Kelly was sentenced to 30 years in the penitentiary.]

Fine Address.

Prof. J. H. Highsmith, of Wake Forest college, delighted a large congregation in Memorial Baptist church here Sunday morning in his address on "The Higher Life." The speaker said that every person created by God had a mission in life, and that mission should be sought out and properly filled. If men would seek their true mission there would be fewer failures in life resulting from trying to follow the wrong calling, endeavoring to do that for which one is not fitted.

Prof. Highsmith also sang a solo that was much enjoyed.

Sunday night he conducted service at East Carolina Teachers' Training school.
