## BIBLE STUDIES

"A CRUMB FROM THE CHILDREN'S TABLE"

Matthew 15:21-28 June 12.

"Great is thy faith, for it unto thee even such will."—Y. 28.

God loves the faithful and delights to have them trust in him. His chiefest blessings are for such. By reason of various conditions connected with our birth, it is not alike easy to all to accept the Divine promises and to shape life according to these, trusting that the rewards and blessings of the future will more than offset the sacrifices of the present. However, while only the faithful will attain the great and glorious things of God's promises in this present age, we are glad that the Creator has still in reservation an inferior blessing for those who cannot exercise faith now, but who must be dealt with during the Millennial Age more along the lines of sight. Our present study well illustrates the Lord's grace towards those who trust him.

The Canaanite woman was a heathen woman—one not an Israelite—one with whom the Lord had not entered into covenant relationship—one of those who at that time were without God and without hope, because the Divine provision for the blessing of the Gentiles was not yet opened up to them. When our Lord sent forth his Apostles to preach the Gospel, healing all manner of diseases and casting out devils, he instructed them to pass by all who were of the Gentiles and into any city or village where they found men, for the Lord's mercies were confined to the Jews. They alone were God's covenant people. For this reason Jesus ignored the petition of the Canaanite woman, saying "Have mercy on me, O Lord, Son of David." And later on he explained, "I am not sent but to the lost sheep of the house of Israel." It is not meet to take the children's bread and cast it to the dogs."

The term "dogs" was applied to the Gentiles by the Jews as signifying their inferiority. Our Lord merely made use of an expression common in his day, and still common in Palestine. But note the woman's faith: She replied, "Yes, Lord, yet the dogs eat the crumbs which fall from the Master's table." What perseverance, what faith, was manifested! How evidently she believed the Lord to be the promised Messiah, the Heir of the throne of David! As Jesus intimated, she had more faith than a majority of the Jews. Her request was granted—"O woman, great is thy faith! Be it unto thee even as thou wilt." Her daughter was healed from that hour.

There are several lessons for us in this study. However degraded we may be by nature, by heredity, by environment, however outcast from God's favor, we may still know of the Divine compassion. The message is, "God is Love." If he chose first of all to manifest his favor towards Abraham's children, it did not signify that he had no love or care for the remainder of mankind; merely that the Divine purpose must show out in mankind through Divinely-appointed channels and in God's due time. We may be sure that when we get to the standpoint of perfect knowledge in the hereafter we shall see wisdom in every feature of the Divine program. For instance, from the human standpoint it seems strange that God has permitted a reign of sin and death in the world for 6000 years, while he has not the full power to speak the word and overthrow the forces of evil and to inaugurate gracious influences of blessing for the deliverance of mankind from the power of sin and Satan, ignorance and superstition; to give light for darkness; knowledge of God for ignorance and blindness. Studying the Divine Plan of the Ages, we find the lesson to be that God will first select a church class and subsequently use the elect Church as channels of blessing toward the world of mankind.

A little while, and the permission of sin and the trials and difficulties of the present life shall have served to cleanse and polish the "very elect." A little while, and they shall be transformed to the glorious likeness of their Father beyond the veil. And then a little while, and the blessings long promised to the world in general will be dispensed. The children of God will first be fed from this table, and then not merely crumbs will fall for the remainder of the race, but rich and bountiful provision, exceedingly and abundantly more than we could have asked or thought.

It is a great and important truth that many human beings are more or less completely obsessed by evil spirits—demons—not the spirits of human beings, but the fallen angels, as the Scriptures declare. Many battle for years against these influences of demons and, because they are rightly informed of the Bible teaching on the subject, they come more and more under the occult influences with danger of entirely losing their reason. It was probably some such affliction as this which affected the daughter of the Canaanite. She seemed to realize that there was only one source from which she could get help. Hence her importunity, when she recognized the Lord.

In another sense of the word all sin and sickness may be said to be afflictions of the devil, because all are either directly, or through heredity, Satan's work. Thus our Lord declared that Satan had murdered our race by his falsehood to mother Eve—He was a murderer from the beginning and abode not in the truth. Through his lie our race has gone down into sickness, mental, moral and physical, and is going down rapidly to the tomb. Thank God for the great Deliverer; thank God also, for his great day of deliverance, the Millennial Age, now nigh at hand!

The Filipino Judge.

A former official in the Philippines tells this story of a native judge:

I came home one day just in time to see a thief climbing out the window with the better part of my wardrobe. I gave chase so earnestly that the thief finally dropped the clothes in the street and disappeared. As I gathered up my belongings a native policeman came along and insisted on arresting me. He took me before a Filipino judge, where I told my story very plainly and emphatically.

When I had finished the judge said, "You are dismissed, but you may leave the clothes here."

"But why?" I insisted angrily.

"Because," said he, with sage deliberation, "how can I tell that you speak the truth? When the clothes come back to identify those clothes as the ones he stole you may have them."—Youth's Companion.

Henry Clay's Eloquence.

It was the remark of a distinguished senator that Henry Clay's eloquence was absolutely intangible to define, that the most intemperate description could not embrace it and that to be understood it must be seen and felt. He was an orator by nature. His eagle eye, his muscular, well-proportioned body, his majestic and dignified bearing, his fine features and his powerful voice, all combined to make him a man of power. He was a man of power, and his power was not of this world, but of the world to come. He was a man of power, and his power was not of this world, but of the world to come. Henry Clay's Eloquence.

It was the remark of a distinguished senator that Henry Clay's eloquence was absolutely intangible to define, that the most intemperate description could not embrace it and that to be understood it must be seen and felt. He was an orator by nature. His eagle eye, his muscular, well-proportioned body, his majestic and dignified bearing, his fine features and his powerful voice, all combined to make him a man of power. He was a man of power, and his power was not of this world, but of the world to come. He was a man of power, and his power was not of this world, but of the world to come.

FRIDAY, JUNE 10, 1910.

Good bye, comet. When you call again you will find us out.

If you are not an advocate of good roads you ought to be one.

Getting poorer every day until they get by the tax list.

The extra session of the legislature will enlighten Raleigh once more.

See the tax list taker early and avoid the rush that comes late in the month.

Every horse is just an ordinary scrub when he comes up to get on the tax list.

Up at Pittsburg they have actually passed some sentences for bribery, though light ones.

June may warm up enough for the editors to take a sea bath when they get to Wrightsville.

We expect our loss would like to trade that little bathing suit off for last winter's overcoat "along about now."

The Supreme court of the United States says the "Jim Crow" law is constitutional and will stand.

Some of the newspapers have gone to talking about Laron Butler again. That is just what he likes, notoriety.

The man who thinks that the salvation of the party depends upon his election to office may live to realize his mistake.

If Solomon Shepard, the notorious negro in the penitentiary, keeps on trying to escape he may get what is coming to him.

I. M. Meekins, of Elizabeth City, has been made assistant United States attorney of the eastern district of North Carolina.

We think the Wilmington Dispatch will have an opportunity to go for the weather man over the kind he gives the press convention.

Unless the usual run of things change, there will be some summer weather after awhile. Don't think it is going to stay cool always.

Wilmington it getting mighty near to thirty-six "near-beer" licenses having been issued in that city. Must think summer visitors will take a big thirst along with them.

In Wadesboro a policeman resigned his job to engage in the "near beer" business. It is taken for granted that he "knows the ropes" and under stands how to keep from being "pulled."

T. Roosevelt must think he is capable of telling the whole world how it ought to be run. Wonder he didn't make a speech to Bailey's comet and point out where it was not doing right.

A plucky New York girl knocked down a burglar with a bottle and held him until help arrived. The bottle has been known to knock men out before, but not used in just the way this girl adopted.

They just will talk better roads for Pitt county, and it is a mighty good subject to discuss. We expect yet to see this county covered with such a network of good roads will make it the pride of the East. Improvement is the word for Pitt county.

The result of the primaries in the different wards, Friday night, shows a considerable change in the personnel of the next board of aldermen. In four of the wards new men were nominated, all of them young men of good business qualifications. The outlook is for a good board of aldermen.

We are not worrying much over the number of people the census report is going to give Greenville. It is very evident that there are many more people here than last time, and the number will be even larger next time. So it is all right as long as the town keeps growing.

Two important meetings are scheduled for Wrightsville this week, the press association and the good roads association. It goes without saying that the editors are very much interested in both. No class is doing more for good roads than the newspaper men.

Nash county shows the proper spirit in the way of voting special taxes for its schools. Two districts in that county voted Saturday. In one the vote was unanimous for the tax and in the other only 9 votes were cast against it. This makes seven districts that have voted the tax this year.

Just think of a sorry dog in Cumberland county causing the death of one person with hydrophobia and sending twenty-seven others to receive the Pasteur treatment. How strange it is that dogs are allowed to run at large and so endanger the lives of people. What happened in Cumberland county is likely to happen any day in any community.

One thing The Reflector believes must come sooner or later to all towns of consequence, is the commission form of government. Better municipal administration can be given by three men sufficiently paid for their services than by a larger number who are not paid enough to afford to leave their own business to look after public affairs.

By an error of records sent from Davidson county, a prisoner who was sentenced to the penitentiary for fifteen years was released at the expiration of two years. The commitment papers received at the prison had two years written thereon, hence no blame can attach to the prison authorities for letting

the prisoner go at the expiration of that time. President Taft says this country is threatened with socialism and that something must be done to give it a quietus. Guess he would give it a big dose of Trustism, using the cause as a remedy which he evidently thinks is "good for what ails you" when it is the C. P. who are concerned. We don't know which is preferable of the two.

The Charlotte auditorium is up for discussion again and the State papers are offering the usual advice to the Queen City aldermen about purchasing the building from the burdened owners. From the advertising it has had everybody knows Charlotte has an auditorium at right, even if it is owned by people who think they have a "white elephant."

The bankers of the State are being asked to come to the rescue and take the bonds which are being offered for sale. There is money enough in the banks of North Carolina to readily do this without any inconvenience, and to do so would be an act of patriotism and a manifestation of State pride. If the banks come to the rescue the necessity for the proposed extra session of the general assembly will be obviated.

The editor is off this week attending the press convention at Wrightsville. During his absence Mr. L. Ames Brown will do the local reporting for the paper. He had considerable newspaper experience at the University and is a good writer. The editorial department will be in charge of Mr. C. W. Hearne foreman of the paper, and the business end will be looked after by both himself and Mr. C. B. Whickard. With these in charge the editor will take life easy for a few days and not trouble his mind much about things in the shop.

While we regret to see this section lose the day train which the Norfolk Southern road has been operating between Washington and Raleigh, there are some good features about the night trains of the new schedule. The Norfolk Southern people want to do the best they can for the sections they serve, and if they find out the new schedules do not meet requirements, other changes may follow later. All things must be tried, and it may be well enough to see how the new schedules are going to work.

Listen to this from the Greenville Reflector: "There is a post card in the post office addressed 'To the Prettiest Girl in Greenville.' She might call for it, as it is puzzling 'Uncle Sam' who to give it to. We've got a whole bunch of pretty ones." We blush, because really we do not know whether Brother Whickard is using the editorial "we" or referring to the people of his town as to possession of "a whole bunch of pretty ones."—Wilmington Dispatch.

It fills the bill either way you take it. Save your blushes, old boy. All of this talk some of the newspapers are doing about the prohibition issue in North Carolina politics, we believe, the father of a wish. At least they

are not doing the prohibition cause any good by continually agitating the matter. Some go so far as to almost intimate that the voters of the State were hypnotized into giving such a large majority for state wide prohibition in their arguments FOR the question to become an issue between the political parties.

Near bear is certainly receiving knockout blows thick and fast throughout North Carolina. The towns, one after the other are barring its sale, either by high license or prohibition. Rocky Mount is the first town to come under our notice, prohibiting its sale under the State prohibition law against intoxicants. We admire the action the board of aldermen there has taken against it. Doubtless a test will be made of the action under the State law permitting the sale of near beer as a soft drink, which we hope will result in its prohibition. It is the greatest curse the prohibition cause has had to contend with.

A Simple Task. The bad trouble was of such a serious nature that the Governor has found it necessary to call an extra session of the legislature to take action. The rate of interest was too low. People with money could pick up better investments almost anywhere else, and few capitalists will be found willing to buy low rate bonds simply as a matter of sentiment. The bonds bear 4 percent. It is recalled by State Treasurer Lacy that "as certain was it that a State bond would find a ready market, some members of the legislative finance committee insisted upon offering a 3 1/2 percent bond, which they claimed, and were advised, could be floated at par." It would seem that the duty of the legislature is simple and clear. It has but to meet, call the roll and proceed to raise the interest to 5 or 6 percent, adjourn and draw a day's pay, so as to make the bill as light as possible in correcting its past error of judgment.—Charlotte Chronicle.

Since the board of aldermen applied to the blind tiger joints Mayor LaRoue's prescription of an overdose of taxation certain sections of the city seem to be less frequented than was the case before. That is a healthy condition of affairs. Not that there is any special virtue in those sections appearing deserted, comparatively, but when the center of attraction is a near-beer joint, 'twere better that solemn stillness reign than activity on account of such traffic. So thought the mayor, so thought the board and so think we all.—Kinston Free Press.

Who can understand a woman? When she is on the scent for a bargain one might as well give her up. Here the papers have been full of accounts of the Irish lace fairs going about playing their trade and doing a rushing business and even the news paper exposure of the fake can not stop it. A woman will bite with her eyes open.—Charlotte Chronicle.

New Intertrope for Farmville. A cotton seed oil and fertilizer factory with \$40,000, paid in capital, has been organized at Farmville. The time has already been ordered for the laying of the foundation and work will begin as soon as the building material can be rushed to Farmville. R. L. Davis is president of the corporation and B. M. Lewis, vice-president. Mr. W. M. Lang is one of the stock holders.

NEW COURT HOUSE. Larger Than Old One—Has Clock in Staircase—Plans Complete. We know what the new court house is going to look like but we do not know what it will cost. One thing is certain, that despite certain kicks that have been registered from various parts of the county, there will be a town clock and a nice large one at that.

After Saturday, the plans, which have been drawn by the famous architect, Frank P. Wilburn, will be advertised and a day set on which the different contracting builders who want the job can put in their bids.

The new building will be somewhat larger than the one which went down in the recent fire. It will be 66 by 116 feet. There will be two large entrances, one from the side and the other towards Evans street just as before. The colonnade of the front entrance will not be as wide as the old building itself, as it was for the old court house. The small, hard-to-get-to gallery which was a practically useless part of the old court house will be replaced by a roomy comfortable balcony. The ground floor will have thirteen rooms, which will be divided into six sets of offices. Besides the sheriff, clerk, register of deeds and other county offices in the old court house, the board of education and board of county commissioners will be allotted comfortable quarters in the new building. A basement will be extended under nearly the whole building. It will be used for the furnaces of the new steam heating system which will be installed.

The site of the Masonic Temple, which was destroyed in the same fire as the court house, has been purchased by the board of county commissioners as a supplement to the grounds.

The Judicial Convention. The judicial convention for the Third Judicial District will be called early in July, no definite date having been set upon as yet. Of course nobody in Greenville is making any predictions, but a person glancing over the following figures will no doubt envy Mr. H. W. Wadbee his chance of election.

The different counties of the district will have the voting power given below in the convention soon to be held:

Cartaret 23  
Craven 20  
Greene 18  
Jones 13  
Pamlico 13  
Pitt 50

## JOSHUA LAWRENCE TUCKER

The funeral service over the remains of the late Joshua Lawrence Tucker, of Grifton, Pitt county, took place in St. John's Episcopal church, Monday afternoon at 3 o'clock, the service being conducted by the Rev. B. F. Haskie, of Greenville, and the Rev. Jno. H. Griffith, of Kinston.

The attendance upon this service was by far the largest the writer ever witnessed at a burial in Pitt county. Fully 200 carriages and buggies surrounded the church at the time of the service, many coming from a distance. Immediately after the church service, Grifton Lodge (462) of Masons, of which Mr. Tucker was a charter member, had their interment service, in which a large number of Masons took part.

Mr. Tucker was 69 years of age, and survived by a widow, Mrs. Eliza Patrick Tucker, and the following named children: Calvin J. Tucker, of Grifton; Mrs. Watt B. Quinley, of Ayden; Mrs. Walter F. Harding, of Richmond, Va.; and Mrs. Clarence V. Cannon, of Ayden; Miss Eliza Wheeler Tucker and Master Joshua L. Tucker, Jr., of Kinston.

Mr. Tucker was one of the most substantial citizens of Pitt county. His farming interests hardly being excelled by any one in the county. A man of fine parts and large influence. 'Twill be indeed difficult to find one who will be able to measure up to his standards. For many years Mr. Tucker was a vestryman of St. John's church, and deeply interested in her welfare.

As a Confederate veteran, he was well known, was a member of company E. 55th regim nt, serving under Capt. Jas. T. Whitehead. Was captured the first day at Gettysburg on the Emmettsburg road, was in prison at Fort Delaware for six months, then at Point Lookout in Delaware Bay for another six months. Exchanged, came home and was then sent to Richmond, Va. Was in the trenches at Petersburg, transferred to Gen. Cooke's Brigade. Was for a time color bearer of his regiment and surrendered at Appomattox.

STOKESTOWN ITEMS. Stokestown, N. C., June 6—Quite a number of our people attended the children's day excursion at Timothy Sunday.

Many residents of this vicinity desire them.

Mrs. L. Cameron, 117. Payton Kinston, N. C., says: "The great benefit derived from Doan's Kidney Pills justifies me in recommending them. A dull, nagging backache, accompanied by sharp twinges through my loins between for a long time, I had but little energy or ambition was caused additional annoyance by kidney weakness. Having Dr. Doan's pills recommended to me, I bought a box. After taking them the pains in my back ceased and cutly wit in the kidney secretions.

"For sale by all dealers. Price contains. Foster-Milburn Co. Buffalo, New York, sole agents for the U. S."

Remember the name—Doan's—take no other.
