

SCOTLAND NECK'S NEW BUILDING

THE GRADED SCHOOL OPENS

Other Matters of Interest Around That Town.

SCOTLAND NECK, N. C., Nov. 3.—I have been thinking for some time that I would like to tell you a few things about me, but for different reasons I have neglected it until now.

I will commence by thanking you, Mr. Editor, and Mr. J. J. Laughinghouse for expressing an error that I made in my last correspondence to the Reflector, which I think was September 27th.

I said a gentleman in this section went to the state farm and hired a hand to work, but it was a mistake and was corrected by you and Mr. Laughinghouse. I only told it as I heard it.

The Rev. Dr. B. T. Vann is expected to preach here in the Baptist church next Sunday at 11 a. m., and a Mr. Weatherspoon at eight, November 5th.

I was up in Wilson not long ago and heard a little incident which I think worth telling. Mr. Daniel Lucas, a Confederate veteran, tells me on himself. He was in a battle in Virginia on one occasion and his horse became unmanageable and ran across the enemy's line, and then turned around and ran back, and the Yankees were so much aroused that they failed to fire on him.

Mr. Liverman gave her Sunday school class the Baptist Philanthropies and a Hallowe'en party Tuesday night and gave present, about 30, a very good time, one of the best that they have had in many years. I can't enumerate the different games and amusements that were indulged in.

The graded school opened its fall session here Monday with 24 present the first day and others coming daily. The reason of the late opening is because the contractors failed to be able to complete the building any sooner. But they have a building that the town may well be proud of, for it is an up-to-date school building and has every convenience that could be thought of.

Well, Mr. Editor, I must tell you of another record-breaker in Halifax county. It is a colored man that lives out in the country a short distance who has thirty-six children, and thirty-two are living with him. He has been married three times. His first two wives had twins one time each and his third and last wife had twins twice. If that isn't a record-breaker, please show me one.

MEN'S PRAYER LEAGUE.

Interest is growing in Raleigh—increased Attendance.

There was a still further increased attendance at the meeting of the Men's Prayer League in the Methodist church Sunday afternoon, which shows that interest in the organization is growing again. The subject for that meeting was "Beware of Covetousness," and Messrs. B. B. Sugg, R. M. Hearne, A. B. Ellington and M. W. Wallace all made splendid talks on it.

"THIS IS MY BIRTHDAY." Martin A. Knapp, for many years chairman of the Interstate Commerce Commission, and now one of the Justices of the Commerce Court of the United States, was born in Onondaga county, New York, November 6, 1843.

At J. Baskin Higgs' Dunlop booth at the fair, where he kept a register for visitors, there were 1095 registrations on Thursday, and something like a thousand post cards and letters were mailed from there. These registrations did not include one, all who visited the booth. On Friday the number who registered was very much greater than the first day.

To Reflector Subscribers.

During this term of court the Reflector hopes a large number of its subscribers will call in to pay their subscription. Our office is just across the street from the court house where it is convenient for anyone to drop in while passing. Come along, friends, and get a receipt for your paper.

Fine Pictures of Our Fair.

Mr. E. A. Parker, our local photographer, made during the fair, some very fine pictures of the exhibits, school parade, etc. He has put them on souvenir post cards.

THE PITTS COUNTY FAIR. As Viewed By a Farmer and Business Man.

"Breathes there a man with soul so dead, Who never to himself hath said: 'This is my own, my native land!'"

Certainly, no citizen of Pitt county who attended the county fair, has gone away without a deeper feeling of patriotic pride for this great old country—great in many ways—rich in natural resources; abundant in the products of the soil; particularly blessed in climate, and with all, a most inviting place to live, but greater and richer than all these, is in the spirit of pride and progress that is gripping the hearts and heads of her citizens.

The opportunity has not before been given to the people of Pitt county to especially show what they had, or what they could do. The people have merely been contented to do things, to create, to produce, and enjoy the fruits of their labors, without inviting, or attracting any great attention, but through the efforts of a few good farmers and public spirited citizens, farmers like Abe Moye, Greg Tyson, Bob Little, John Evans, and others, who having faith in themselves and knowing the county's resources, began agitating only a short time ago for a public display of the people's products, that our own people might open their eyes to our own greatness, and that others also might have a look, and be attracted by our fruitfulness. Result, the Pitt County Fair Association was organized only a few months ago. The work of calling the co-operation of the whole county was secured by the election of competent and capable officers, and supporting them by the selection of a board of governors from every town and locality in the county.

These men, promptly, from a sense of patriotic duty, went to work to call the crowd here at the Pitt county fair on Friday was something wonderful. Everybody is remarking on it and many declare that never on a former occasion were so many white people gathered in the town at one time. The crowd had been estimated from eight to ten thousand. The Reflector placed the number of school children in the school parade at twelve to fifteen hundred, and some who had the opportunity of noting that it was fully two thousand. It is certainly a great crowd and a great occasion, and reflected much honor on Pitt county.

O. L. JOYNER.

Under the auspices of the Farmers Union of Pitt county a mass meeting will be held in the court house in Greenville next Saturday, November 11th, at 10:30 o'clock, a. m., to discuss the cotton problem. What helps the farmer or helps every other class, and all should allow an interest in this meeting.

At 2:30 o'clock p. m. the same day the Farmers Union will hold its monthly business session.

Mrs. C. D. Harrington Dead.

Mrs. Elmer Harrington, wife of Mr. C. D. Harrington, died suddenly Friday evening at her home about four miles from town. Her death came as a shock to many relatives and friends, as she was in Greenville the day before attending the fair and then seemed in apparent good health. Mrs. Harrington was a daughter of Mr. and Mrs. Ashley Whitehead, of Greenville.

REVIVAL IN BAPTIST CHURCH.

Was Started Sunday Morning by the Pastor.

It is usually the case when revival meetings are held, by local or visiting preachers, or evangelists, that it takes several weeks to get the members and people awakened to the point of interest, with visible results not being shown till near the close of the series of meetings.

TWO MULES CAUSE TROUBLE.

A Colored Man Badly Hurt in a Run-away.

Today a colored man was driving a mule hitched to a buggy and leading another mule behind. When about to turn the corner of Second street into Evans street, the mule that was being led got tangled in one of the rear wheels of the buggy and turned the vehicle over. This caused the mule that was pulling the buggy to run away, throwing the colored man out and cutting a bad gash in his head.

PITT COUNTY SUPERIOR COURT

First Term in the Hands of New Court House

PRESIDED OVER BY JUDGE WHEEBEE

Grand Jury for First Term—Judge Wheebee Delivers Excellent Charge and Commends People of the County—Solicitor Abernethy Also Makes Some Commentary Remarks.

The first term of Superior court in Pitt county, Greenville, N. C., on Monday morning commenced promptly at 10:00 o'clock this morning with Judge H. W. Wheebee, resident judge of the district presiding, and Solicitor C. L. Abernethy representing the state. This term of court, according to the prescribed calendar, would have been held by Judge Frank Carter, but he is on the honor of holding the first term in our new court house being asked for Judge Wheebee, the courtesy of an exchange between the judges was made with the consent of the government.

When Judge Wheebee entered from the judge's retiring room and walked on the stand there was applause from the large audience which he acknowledged with a bow and ordered the clerk, Mr. L. W. Lawrence, to open court. Quite a number of ladies were in the audience to hear the charge of Judge Wheebee.

The first business was the calling of the jury list for the term, and the following were drawn as grand jurors for the term: D. G. Berry, foreman; J. S. Spain, J. D. Smith, John W. Venters, R. Hyman, James Evans, H. Bryant Hardee, Frank Edwards, Robert Smith, J. E. Foy, W. H. Smith, L. H. J. Little, Gray, Furney Gaskin, H. J. Little, J. H. Stock, J. S. Foy, W. L. Best.

This first jury in the new court house was drawn by Master Howard Moye, little son of Mr. and Mrs. J. G. Moye.

In beginning his charge Judge Wheebee said he was not dissatisfied with the jury that he had called. He said that he was not dissatisfied with the jury that he had called. He said that he was not dissatisfied with the jury that he had called.

Before proceeding with the further business of the court, Judge Wheebee instructed Sheriff Dudley to collect \$2 out of every man caught spitting on the floor, and if he needed the assistance of the court to help collect the fine to bring the offender before him.

The docket was then called ready for trials to begin.

CAN WE REALLY STOP WORRYING?

To Say "Worry Not" Does Not Mean "Rust Out."

(Number 7)

I well remember hearing some one say: "An imaginary worry may be unreal, but a worried imagination is true." And this worry may be entirely false and unreal, but the final results of the worry upon the mind, soul and health are in every sense real and highly injurious.

Where we really want to get in this whole matter of worry is at the place where we strike an intelligent balance between the dangers which threaten us on the one hand from too much work and the friction and worry attendant thereon; and on the other hand from too much rest and the rest of character which is sure to follow.

As Judge Wheebee concluded his charge Solicitor Abernethy arose for a few words. He said he had just received the news of the death of Judge Wheeler, and wanted to congratulate the commissioners and people of Pitt county for building the best court house in the state. It was even better than his own county of Carteret. Erecting such a building is an evidence of the prosperity of the people of Pitt county, and also to the people of Pitt county that Judge Wheebee was making a record on the bench that is a high credit both to his county and himself.

Before proceeding with the further business of the court, Judge Wheebee instructed Sheriff Dudley to collect \$2 out of every man caught spitting on the floor, and if he needed the assistance of the court to help collect the fine to bring the offender before him.

The docket was then called ready for trials to begin.

NOTES FROM THE LABOR WORLD

Washington, D. C., has 35,000 union members.

North Carolina has 125,000 cotton mill operatives.

The first British trade union congress was held in 1868.

A Scandinavian lodge of machinists has been founded in Boston.

Cleveland, Ohio, will soon have a union owned and operated bakery.

The cotton industry of England employs many more women than men.

Almost 536,000 workmen are killed or injured every year in American industry.

Many Japanese factory workers work sixteen hours a day for seven days and week and hardly ever get a holiday.

The Illinois Federation of Labor has resolved by referendum vote against the proposal to form a strictly labor political party.

For the use of immigrants a two-story hotel with sleeping accommodations for 2,000 persons has recently been opened at Buenos Aires.

A movement for a national pension for firemen was launched at the fourth annual convention of the National Firemen's association.

The United Textile Workers at their recent convention in New York City, voted in favor of affiliating with the International Textile Workers' Alliance of Europe.

Officials of the Chesapeake & Ohio company, including President George W. Stevens have formed a model town company and will erect a village for workmen at the new C. & O. stop-town, Silver Grove, Ky., about 12 miles from Cincinnati.

Not less than \$3,000,000 was paid for the relief of the unemployed members of trade unions, out of the money in the union treasuries last year. These expenditures do not include several million dollars paid in strike and lockout benefits.

The wages board act, now law in Australian states, whereby the union nominates three, the employer three and these six appoint the seventh their chairman, thus creating a legal board which fixes wages and hours for two or three years, was obtained by unions.

All British trade unions concerned in the recent great national sympathy strikes have added to their membership as a result. To give one example, during the six weeks and six days of the London Carmen's strike that ended they enrolled 16,000 new members.

Not since the days of the gold rushes has there been such a general strain on the labor market in Australia as exists at the present time. In two states, New South Wales and Western Australia—Royal Commissions are investigating the subject of labor scarcity, and from each of the other states employers, organizations are loudly bewailing their inability to produce sufficient hands to cope with the large amount of work that is waiting to be done.

FOR BETTERMENT OF GREENVILLE

Opening of the New Court House Thursday Night

A MEETING OF MUCH INTEREST

Civic League Enlists Co-operation of the Men in Their Work for a Cleaner, Healthier, Better and More Beautiful Greenville—Several Good Speeches Made.

Pitt county's handsome new court house was a picture of brilliancy last night. The first time it was thrown open to the public. People of the town and visitors were out in large numbers, and after going through and inspecting the well appointed offices on the first floor, assembled in the spacious court room on the second floor for the meeting called for the furtherance of the civic pride and health interests of Greenville and Pitt county. Like the building in which they met, the assembly was one of which the county could well be proud, for her citizenship are the flower of North Carolina.

The meeting was called to order by Mayor F. M. Wooten, who recognizing the appropriateness of Divine blessing upon the opening of the building for the first time, invited the audience to bow while Rev. C. M. Rock offered prayer.

Mayor Wooten then spoke of the campaign of health that has been awakened among the people. He pointed out the progress that had been made in medical science and how better hygiene and sanitation had greatly lessened the danger of disease. Still there is much more that needs to be done along these lines, and it is by discussing these before the people that attention is directed to evils and dangers that yet exist. He appealed to the pride of the people to each one help make Greenville the cleanest, the healthiest and the best town it is possible to have.

The following brief history of the fate of the apostles may be interesting to many.

It is tradition and is not to be accepted as well ascertained facts. St. Simon Zebedee was crucified in Persia.

St. Jude was shot to death with arrows.

St. James the Great was beheaded at Jerusalem.

St. Matthias was first stoned and then beheaded.

St. Paul was beheaded at Rome by the tyrant Nero.

St. Barnabas was stoned to death by Jews at Salamis.

St. Luke was hanged upon an olive tree in Greece.

St. Philip was hanged up against a pillar at Hieropolis a city of Phrygia.

St. Bartholomew was flayed alive by the command of a barbarous king.

St. Mark was dragged through the streets of Alexandria, in Egypt, till he expired.

St. Andrew was bound to a cross, whence he preached unto the people till he expired.

St. Thomas was run through the body with a lance at Caromandel, in the East Indies.

St. Matthew is supposed to have suffered martyrdom, and was slain with the sword in a city of Ethiopia.

St. James the Less was thrown from a plank or wing of the temple, from which he was beaten to death with a fuller's club.

St. John was put in a caldron of boiling oil at Rome but escaped death. He afterwards died a natural death at Ephesus, in Asia—Exchange.

A Father's Vengeance. would have fallen on any one who attacked the son of Peter Bondy, of South Rockwood, Mich., but he was powerless before attacks of kidney trouble. "Doctors could not help him," he wrote "so at last we gave him Electric Bitters and he improved wonderfully from taking six bottles. It was the best kidney medicine I ever saw." Backache, tired feeling, nervousness, loss of appetite, waxy of kidney trouble that many end in dropsy, diabetes or Bright's disease. Beware! Take Electric Bitters and be safe. Every bottle guaranteed. 50 cents at all druggists.

It isn't usual for a tactful husband to have a contented wife.

pendant one upon the other. When we live elbow to elbow and our yards almost crowd over each other, our crosses the way to our neighbor. We have the cleanest and most sanitary market house in the state, but we need an efficient food inspector to see that what comes out of that market house is wholesome.

Dr. John A. Ferrall, a member of the state board of health, being present was called on for some remarks. He said Greenville should be congratulated upon her sanitary market house which is not surpassed in the South, for he has inspected it and knows. He had listened to the many excellent suggestions made at this meeting with much pleasure, but a system of taking up one thing at the time and accomplishing that is best to follow. A definite purpose awakens more interest than going at random, and he believed that organization for one thing would bring the desired co-operation more readily.

Prof. H. E. Austin said we too often held public meetings and forget the suggestions made in them are not carried out. He hoped it was not so here this time, but that the good suggestions made at this meeting would lead to a definiteness of purpose which will count for something. It should not be left to the members of the Civic League to plan and carry out the betterment and improvement of the community, but it is something that all of us should take a hand in.

Mrs. T. A. Person, president of the Civic League, thanked the gentlemen speaking for what they had said and the suggestions offered. She said the women of the league wanted to do all they could for the betterment of the town, but felt the need of the help of the men. She called for volunteers from the men as members of the Civic League, and many responded.

Dr. L. C. Skinner tendered to the Civic League his professional services to make a weekly or semi-weekly inspection of meats sold in the market house, provided the board of aldermen will give him authority to do this. Mayor Wooten pledged that this authority would be given.

The Fate of the Apostles. The following brief history of the fate of the apostles may be interesting to many.

It is tradition and is not to be accepted as well ascertained facts. St. Simon Zebedee was crucified in Persia.

St. Jude was shot to death with arrows.

St. James the Great was beheaded at Jerusalem.

St. Matthias was first stoned and then beheaded.

St. Paul was beheaded at Rome by the tyrant Nero.

St. Barnabas was stoned to death by Jews at Salamis.

St. Luke was hanged upon an olive tree in Greece.

St. Philip was hanged up against a pillar at Hieropolis a city of Phrygia.

St. Bartholomew was flayed alive by the command of a barbarous king.

St. Mark was dragged through the streets of Alexandria, in Egypt, till he expired.

St. Andrew was bound to a cross, whence he preached unto the people till he expired.

St. Thomas was run through the body with a lance at Caromandel, in the East Indies.

St. Matthew is supposed to have suffered martyrdom, and was slain with the sword in a city of Ethiopia.

St. James the Less was thrown from a plank or wing of the temple, from which he was beaten to death with a fuller's club.

St. John was put in a caldron of boiling oil at Rome but escaped death. He afterwards died a natural death at Ephesus, in Asia—Exchange.

A Father's Vengeance. would have fallen on any one who attacked the son of Peter Bondy, of South Rockwood, Mich., but he was powerless before attacks of kidney trouble. "Doctors could not help him," he wrote "so at last we gave him Electric Bitters and he improved wonderfully from taking six bottles. It was the best kidney medicine I ever saw." Backache, tired feeling, nervousness, loss of appetite, waxy of kidney trouble that many end in dropsy, diabetes or Bright's disease. Beware! Take Electric Bitters and be safe. Every bottle guaranteed. 50 cents at all druggists.

**Crippled and with a prospect of

with a full crop, political agitation has
created a decline in the price of the

that a much lower range will be ex-

**It is further claimed that without

does today.**

**The farmers in the south and the

doubt as to the validity of her divorce

Leod then left Cambridge and re-

THE PRICE OF COTTON AND THE POLITICAL SITUATION.

Significant Relation Between Tariff
Activity and Losses of Cotton
Growers Across the
South.

In the appointment of a delegation
of cotton growers at the North Caro-
lina state fair recently, with instru-
tions to attend the meeting in New Or-
leans having for its purpose the hold-
ing by farmers and others of a con-
siderable proportion of this year's cot-
ton crop and the curtailment of next
year's acreage, is to be found one of
many indications of dissatisfaction ex-
isting over the present political rela-
tionship of the price of cotton.

It is said that President Taft's re-
spective campaign and the Underwood
tariff bills not only adversely affected
general business during the year 1911,
but specifically caused the cotton man-
ufacturers to lose, by shrinkage and
decreased volume of trade, between
\$20,000,000 and \$100,000,000.

Crippled and with a prospect of
more tariff agitation in 1912, cotton
manufacturers were naturally been
unable to make purchases of cotton
in the usual way, with the result that,
with a full crop, political agitation has
created a decline in the price of the

WINTERVILLE DEPARTMENT IN CHARGE OF C. T. COX

Authorized Agent of The Carolina Home and Farm and Eastern Reflector for Winterville and vicinity Advertising Rates on Application

WINTERVILLE, N. C., Nov. 4, 1911. Mrs. J. S. Rollins attended the convention of the Disciples at Ayden Wednesday.

Harrington, Barber and Company will save you money on your pig-bill. They have a very well assorted stock and they will be glad to figure with you.

Rev. M. A. Adams started a revival at the Baptist church Wednesday night. He will be assisted by Rev. T. D. King of Raleigh on Sunday night and afterwards. Everybody is invited.

If you need a nice pair of pants you will find a nice assortment at A. W. Ange and Co.

Your name would look well on our book. Let's put it there today. A bank account will give you a better standing in the community. Large deposits and the small are welcomed alike. It is not what you earn but what you save that makes wealth. Let us have your name today. The Bank of Winterville.

Mr. G. H. Cox and Miss Esther Johnson attended the convention of the Disciples at Ayden Wednesday night with leisure.

Harrington, Barber and Company run a special 25c counter and they have some wonderful bargains on that counter.

Mr. J. D. Cox came home Wednesday night to attend the Pitt county fair.

If you are in need of a good sewing machine it will pay you to examine the "Free" at A. W. Ange and Company.

One hundred and eighty-one of our people attended the Pitt county fair at Greenville Friday.

Remember Harrington, Barber and Company are still running a 25c counter and it is full of real bargains. Come and see them.

Laughing Theodore took his "laugh" up to the Pitt county fair but he failed to get any premium on it.

NEGRO SCHOOL EXHIBIT.

It Attracted Much Attention at the Fair.

Before the echoes of the great fair held Pitt county die away, The Reflector wishes to state that the negro graded school of this city, under the principality of C. M. Epps, by its splendid exhibit shown to the public that our board of trustees have acted wisely in the selection of principal and teachers.

The taxpayers of Greenville and North Carolina are requiring more of the practical in our school course than heretofore, and that man of the negro race who has seen the sign of the times and seeks to inform his people is wise and will have the substantial support of our entire white citizenship.

The exhibit presented by this school cost the tax-payers, we are informed, not a penny.

Our colored people are blessed in having one who knows how to win the friendship of the white people. Epps is doing things and is deserving of all the support he may get.

We are satisfied that if the ideas of intelligent service are taught in our schools in the future we will have more wholesome conditions in the state. This school impressed itself so much on Mrs. R. C. Cotton that she refused to take the premium awarded her, so that the fair management could encourage Greenville's school for the negro race by giving them a premium.

Plan Canal Across Florida.

JACKSONVILLE, Fla., Nov. 8.—The proposed canal across the state of Florida, which has been under discussion for many years, was brought one step nearer to becoming an accomplished fact today, when the board of army engineers appointed to determine the most feasible route met in this city to prepare its final report to the War Department. The Florida canal scheme is regarded as one of the most important of all inland waterway projects in this country. It would obviate the passage around the Florida keys of all ships between the Atlantic and the Gulf and would be valuable for naval and military purposes as well as for commercial use.

OLD NORTH STATE NEWSY HAPPENINGS

NEW BERN.—A telephone message received here tonight from Dover stated that Reich, the seven-year-old son of Mr. M. A. Richardson, who lives about three miles from that place, had been killed this afternoon in a very peculiar manner. One of Mr. Richardson's laborers had brought a load of wood up to the residence and was throwing it over the fence. The lad passed by during the time that he was engaged in doing this and was struck on the head by a heavy stick of wood. Death resulted within half an hour.

Judge Connor, of the Federal court for the eastern district of North Carolina, rules that a man who furnishes supplies to an illicit distillery is accountable to Uncle Sam for violating the internal revenue laws. A merchant who sold a distiller molasses was caught in the meshes of the law by virtue of this ruling. Under this ruling a man who sells meal or fruit or anything else to be used for distilling is guilty—Stateville Landmark.

CONCORD.—The home of Mr. Jno. R. Bradford, in No. 3 township, this county, was destroyed by fire about 6 o'clock this afternoon and his daughter, Miss Betty Bradford, about 30 years old, lost her life in the flames. The house was razed to the ground and practically all of the contents were lost. The house was a substantial two-story structure and the loss is quite large, the exact figures being unobtainable at this hour. The insurance will only partly cover the loss.

WILSON.—Wednesday night, on the plantation of Henry Medin, in the Zebulon section, a corn-shucking, Charles Williams colored shot and instantly killed Mr. Medin. After the tragedy Williams broke and run and was pursued by a large crowd. Constable H. D. Medin, cousin to the murdered man, was in the chase and shot at the wretch twice, but without effect.

TWENTY-TWO NEW MEMBERS.

Club Launches Out on a Campaign For Greenville's Progress.

The weather was so bad that there was not a large attendance of members at the meeting of Carolina club, Monday night, but those present filled the meeting full of enthusiasm. That some work has been going on was shown when applications for membership were called for, twenty active and two honorary members being elected at this meeting. The honorary members were Revs. C. M. Rock and J. H. Shore.

The question of deeper waterways and sending delegates to the coming inland waterways convention in Washington City was announced for discussion at the regular monthly meeting the first Monday night in December.

A committee was appointed to correspond with a view of having prospectors from the West, who are to have an excursion to Eastern North Carolina in December, visit Greenville on their trip.

The club voted unanimously to cooperate with the Civic League in the effort to make a better and more beautiful Greenville.

Thus it will be seen that Carolina club has started out on a campaign to do things, and it wants all men of the town to enlist in the work. The canvass for new members under the half rate admission fee for thirty days will be pushed, and a special meeting of the club to act on applications will be held on Tuesday night, 21st.

WALLOPS BURGLAR.

Wilmington Woman Makes It Hot For Midnight Intruder.

WILMINGTON, Nov. 7.—Mrs. Elizabeth Fortman, No. 706 Brunswick street, had a lively time with a squat black negro in her home late Saturday night. The negro entered her home with the evident purpose of looting the place. Mrs. Fortman is a widow and lives alone. She was aroused from her slumbers on hearing a noise in the hall. She went to the door and saw the intruder. She went to investigate and found the intruder to be a low, chunky-built negro, who, on her frequently paid the penalty the same as men. But later there came a feeling that to put a woman to death was a custom to be abolished. She often thought that now it is almost impossible to inflict the death penalty on anybody save a negro or a mighty ordinary white man—Stateville Landmark.

Everybody's business is nobody's business; nobody's business is everybody's business; therefore, business is business. Bill collectors seldom do as they would be done by.

HALLOWEEN PARTY.

An Interesting Occasion At The Training School.

The initiation of the new members into the Edgar Allen Poe and Sidney Lanier Literary Societies on Saturday evening was an event of great interest to the Training school students.

At eight o'clock the societies met separately in business session. At nine o'clock they met together for a Halloween party as the social feature of the celebration.

The old members, masked in costumes, marched from the first floor to the third, announced by two clowns dressed in society colors. Two witch ushers then led a procession of witches, bats, cats, goats, the three fates, a sibyl, Po Peeps, pumpkin pie, Uncle Sam and John Bull and a red and a black devil. After marching around the large hall these fell into groups. The president of each society, dressed as yellow and black witches, led their new members in a joyous march in and out among these groups, amidst the moaning ghosts, crying cats, shrieking of witches, flapping of bats and capering of clowns andimps.

Each old member took charge of a new member to lead her the round of the fortune-telling booths and to see that she did not hear a dull moment. The sibyl in a corner read from her big book the interpretation of the symbols on leaves plucked from an oter hanging bough. The three silent fates, one holding the distaff, one measuring the thread and the third cutting it, gave interesting fates to inquiring mortals. Two pumpkin girls whirled the wheel of fortune. The witch's broom in the roomery crowd gathered around a wery crown gathered around a witch plinned to the wall and, blind folded, tried to stick her broom in her hand.

At the door of a corridor a witch demanded the pass word, thus: "Eyes on the witch's broom, my drink Stop a moment, pause and think; Say in solemn syllables slow; Words which every guest must know." Each one then had to give the password: "Witches, which is the witch which hath the switch with which to witch the witch that girth the riches from the witch of the witch."

At the end of a spooky corridor, bordered by pine boughs and lighted by Jack-o-Lanterns, witches served punch from a caldron. Souvenir bats were given to each Lanier member and cats to each Poe.

ONE WHO SAW THE FAIR.

He Recalls Another Procession Here Fifty Years Ago.

This writer attended the great Pitt county fair Friday. Oh, wasn't it wonderful that this grand old county could get up so many exhibits and so many bright, white children, solid Saxony yeomanry, their sons and fair daughters everywhere. I feel proud that I first saw the light here. One mistake the managers made was to have speakings and the fair under one roof. That procession of boys and sweet Southern girls that are soon to be husbands fathers, wives and mothers. Soon they are to be at the helm of state. And we old ones, whose will soon pass over the river.

Well, I saw a long procession of militia men of Pitt county in Greenville the last general muster before the Civil war. It was, I think, in October, 1861. They formed in front of the court house, marched down Evans street to Fifth street, then east to Court street; thence south by New Bern road to the Greene plantation, pulled down the old rail drill to the right and marched in the field. There was no crop in the field. It is now L. C. Arthur's plantation and about the southern limits of Greenville.

The men had their muzzle-loading guns, some with the old flint and steel. The county was then divided in districts with district captains and other company officers. These met to drill at the county muster ground as it was called, on the 4th, and at intervals at a special communication of the meeting of all the county districts annually. This was a regiment and was officered by Walter Newton, near Falkland, as colonel.

To Take Up Beattie's Case.

RICHMOND, Va., Nov. 8.—The Supreme court of appeals of Virginia, which met at a special communication on Monday today is expected to take up next week the appeal in the case of Henry Clay Beattie, Jr., the young man now under sentence for death of the murder of his wife. Should a writ of error be allowed it is probable that Beattie's second trial will be set for the January term.

Seven Brothers Ride the Goal.

PALMYRA, Ill., Nov. 8.—An event believed to be without precedent in the history of Freemasonry was furnished at a special communication of the Masonic order here today, when the degree of Master Mason was conferred on seven brothers. The brothers are Albert, Morris, Robert, James, Edward and William Ross, all farmers, living near Palmyra.

ANOTHER GOOD SERMON.

Large Congregation at Meeting Tuesday Night.

Good weather took out a large congregation to the meeting in the Baptist church, Tuesday night, and another strong, forceful sermon was delivered by the pastor, Rev. C. M. Rock, on the general subject "The Needs and Means of Salvation." The special subject of this sermon was "Is Jesus Willing to Save?" The closing one of the series of four sermons will be tonight on the subject "Do You Want to be Saved?"

HIDDEN DANGERS.

Nature Gives Timely Warnings That No Greenville Citizen Can Afford To Ignore.

DANGER SIGNAL No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, urine, full of sediment and irregular of passage.

DANGER SIGNAL No. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the danger of dropsy and Bright's disease. Doan's Kidney Pills are endorsed by thousands. Here's proof: James Loug, Dickinson avenue, Greenville, N. C., says, "I am certain that Doan's Kidney Pills are a remedy of merit and I do not hesitate to recommend them. When I was suffering from backache, pains in my kidneys and other symptoms of kidney and bladder trouble, the use of John L. Doan's Kidney Pills from the good women of the county were especially interesting. The articles of household and domestic use such as canned and preserved fruits and vegetables, were really a valuable object lesson. The fair continued for two days during Thursday and Friday. A large crowd was in attendance and not the least interesting and profitable feature of the occasion was the mingling and social intercourse among those in attendance. Most of all ages, wives, daughters and boys made it a day of profitable social intercourse. The pride of the exhibitors and their products, and the admiration of their neighbors aroused in the minds of many an inspiration to do likewise.

The Conference Plan. The conference of governors of the cotton producing states held in New Orleans has made its recommendations looking to an adjustment of the price of cotton. The first paragraph of the recommendation says: "We earnestly recommend to the planters of the southern states to follow the example of Louisiana and so diversify their crops as to produce everything necessary for consumption on the farm and let cotton be the surplus crop. If you find the quantity raised shall be 25 per cent less than present crop, as then they will get just as much in return for much less labor than this year's crop will yield at present prices, will soon free themselves from debt and be in condition without any financial aid, to sell their crops gradually, as the demand shall exist and not market the work of a year in 60 or 90 days as they have been accustomed to do.

That recommendation has the right ring to it, and is identical with the plan repeatedly urged in these columns as being the most practical and feasible one to follow. A farmer with a store in her subscriptions for the more votes she will receive on this. November 15 to 25. Votes will be allowed on all subscriptions and arrearages as follows: DAILY. 3 months 4.500 6 months 10.500 1 year 20.000 2 years 35.000 5 years 125.000 WEEKLY. 6 months 1.750 1 year 7.500 2 years 25.000 10 years 75.000 This schedule is a decrease of the original vote schedule and will be in force right up to the close of the contest.

And Remember That. All the time you are boosting your total towards that piano or any of the valuable prizes you are getting within range of that lovely Diamond Ring that the Contest Department is offering as a special prize. This handsome Diamond Ring will be awarded on Monday, November 27th, to the young lady who turns in the most subscriptions from the 15th to the 25th of November. In this way does the Contest Department intend to show its appreciation of the good work done by the contestants. This special prize will be a most handsome and fitting Thanksgiving offering to the young lady who proves herself worthy of the ownership. Seldom does a publication place within the range of its readers a total of prizes of the value and usefulness offered by the Daily Reflector in the Big Piano and Prize Contest and therefore, when the contestants set to work with such will, it was decided that an extra prize would be awarded. On Monday, the 27th, some deserving young lady will possess an ornament of great value and beauty and the Contest Department will be pleased to know that it had done its duty by the contestants. In this the contestants are given an opportunity to make great strides towards the prize they set out to win and at the same time, by winning a lovely and costly Diamond Ring.

National Grange in Session.

COLUMBUS, O., Nov. 15.—The National Grange, the largest and most influential organization of farmers in America, met for its annual session in Columbus today with delegates present from every State. Additional interest is given the meeting this year by the probability that its attention will be called to the charges made that the organization is controlled by certain powerful forces whose activity in national politics has militated against the success of the National Grange an minimized its influence. "I am pleased to recommend Chamberlain's Cough Remedy as the best thing I know of and safest remedy for coughs, colds and bronchial trouble," writes Mrs. L. B. Arnold, of Denver, Col. "We have used it repeatedly and it has never failed to give relief." For sale by all druggists. D. M. CLARK.

ENDORSES THE CIVIC LEAGUE AND GOOD WORK IT IS DOING.

All Citizens Should Take An Interest In Improvements.

Editor Reflector: The town of Greenville is quite fortunate in having in its midst such an organization to work for its elevation and development as the Civic League. These few ladies that have banded themselves together with a definite purpose that stands for something, deserve much credit, and should have the sanction and support of every true citizen that loves his town. Some may criticize the ladies as getting out of their sphere, and that such movements tend towards "Woman Suffrage," but if woman suffrage consists of such work as the Civic League is doing, then it would be good for Greenville.

The same trustee and care that has for its immediate object, his self, an intelligent individual gives himself is good for the community in which he lives. Our streets and other public places should be kept clean and made to have as good an appearance as possible. And it is this great undertaking that the Civic League has for its immediate object. If there is no garbage can law there should be one and it should be enforced. A filthy, trashy, unkept street is no more attractive to the people that visit Greenville than the dirty, ragged individual is to yourself—and visitors are no more impressed with the dirty town than you are with the like individual.
