IN CHARGE OF G. H. COX

Authorized Agent of The Carolina Home and Farm and The Eastern Reflector for Winterville and vicinity Advertising Rates on Application

WINTERVILLE, N. C., June 1.—Mr. B. T. Cox made a pleasant trip to Ayden last night and returned in the morning. He has been attending the commencement at Meredith College.

After spending a few days with friends and relatives in Ayden, Miss Laura V. Cox returned Thursday. She is selling slippers at reduced rates, see our stock before purchasing. A. W. Ange and Company.

Mrs. A. G. Cox made a trip to Kinston Wednesday afternoon. Misses Ethel Mae and Bertha Carroll came Tuesday to spend their vacation at home. Miss Ethel is one of the faculty while Miss Bertha is a student at Meredith College.

If it is beef, sausage or anything in the grocery line, don't fail to see the market man R. W. Dall.

Miss Olivia G. Cox left Tuesday for Seven Springs where she expects to spend most of the summer months. The death angel visited the home of Mr. L. M. Barker Wednesday at 7 a. m. when the spirit of his wife took its flight to meet the God who gave it.

The interment took place Thursday afternoon in the cemetery where the body was laid to rest in the presence of a host of friends. She leaves a husband and four children to mourn her death. Our heartfelt sympathies go out to the bereaved ones.

We have a supply of cultivators on hand still. Come and let us sell you one. A. W. Ange and Company.

R. W. Dall will buy all your cows, hogs, chickens and bees was. See me before selling for I can save you money.

After spending sometime in Elizabeth City visiting her brother, the Rev. Claudius Smith and Washington visiting friends and relatives, Mrs. B. T. Cox returned Wednesday, much to Grace's pleasure.

H. J. Langston, who has been in school at Wake Forest this year, came Friday to spend the vacation at home.

Miss Dora E. Cox returned from Raleigh Friday.

Miss Addie Couburn of Gold Point is visiting Miss Annie McGlohon this week.

Miss Annie McGlohon returned yesterday from Nash county where she has had charge of a school for the past session. It seems as if our teachers take a special interest in Nash county, or the schools at any rate.

Mrs. F. C. Nye made a flying trip to Greenville yesterday.

Mrs. Alfred McGlohon left yesterday for House where she expects to spend some time visiting friends and relatives.

Miss Agnes Dixon of Ayden spent Wednesday night with Mrs. J. C. C. Dixon. Wonder where A. was?

Mr. H. A. White was in our city Thursday.

M. B. Bryan left Thursday for Virginia Beach where he has accepted a position as hotel clerk. Our best wishes for a pleasant summer go with him.

Mr. Jerome McGlohon seems to have had some ill luck on his maiden trip with his machine yesterday. The boys who went with him say he did a couple of things, one was tearing down a buggy wheel and the other was his attempt to ride the wire fence. We do not think he was very successful in the latter, for his machine had to be pulled into town.

Japan peas at \$1.50 per bushel at A. W. Ange and Company.

Miss Minnie Mae Whitehead returned Tuesday after spending some time visiting Miss Brown of Kinston.

Messrs. G. N. and Hardy Johnson and G. H. Cox attended the commencement at the E. C. T. T. S. Monday night.

Mr. M. G. Bryan is visiting relatives and friends at Whitehall this week.

Mr. and Mrs. Lewis Nelson of Maple Cypress were visiting at the home of Mr. Joseph Causey's, Mrs. Nelson's father, last week.

Messrs. B. T. Cox and R. L. Abbott were visiting friends in Ayden last evening.

Beef, horse, fish and sausage, always fresh at R. W. Dall's market.

could make the big league, judging from his good fielding and heavy hitting, but his son needs a little more practice in batting. Finally the last ball ascended the wall and we were unfortunate in not being to locate it first, so this broke up the game.

Mr. W. P. Buck went to Greenville Saturday.

Mr. J. C. Galloway left this morning to attend the commencement at Chapel Hill. We wish him a pleasant time.

Some of our farmers have topped some of their tobacco.

Mr. Ben Buck went to Shesler Sunday. He reports a pleasant trip, and expresses his intentions of going again.

Our boys went over to Ayden Friday to play a game of ball, but "Uncle Jack" tried to turn it into a pugilistic contest. The game was called off at 2:30 p. m. and the boys went to work with a strong determination to win, and the prospects for the accomplishment of their efforts were bright. They scored three men in the first inning and afterwards one more, making four, while Ayden had scored only two men, and that was due to the excellent catching by Uncle Jack's chasing one of our boys back to the grand stand as fast as his pedal extremities could play put down and take up while trying to field a foul ball which ascended the grand stand and fell over in Uncle Jack's cotton patch. I think Uncle Jack

One Man Killed In Runaway Engine

Dashes From Raleigh Yards Into Oncoming Passenger Train, Driver Keeps Post And Dies

CARELESSNESS OF FIREMAN THE CAUSE

RALEIGH, N. C., June 4.—Through the carelessness of a negro fireman, a powerful locomotive broke loose from the Seaboard yards this morning, headed north and after running about eight miles crashed headlong into southbound passenger train No. 33, instantly killing Engineer Kirkwood, and slightly injuring several passengers.

It was about 4:05 o'clock this morning that the accident occurred, just before daylight, the regular train being due in Raleigh at 4:30. Two magnificent locomotives are lying besides the track completely demolished and overturned, and the express car is telescoped over the tank from the southbound engine. None of the passenger cars left the track and the passengers, except for a rather severe shake-up are injured.

On train No. 33 were Rev. J. E. Cole, superintendent of the Methodist orphanage; Dr. Della Dixon Carroll and Douglas, son of Mr. H. S. Leard, district passenger agent of the Seaboard Air Line. Mr. Cole, who was returning from Boykins, Va., took the train at Norfolk for Raleigh. He says that when the accident occurred he had no idea that it was a wreck as the shock was not sufficiently severe, and his supposition was that the air brake pipe had broken and the brakes suddenly applied. His train had just come on the main line after being side-tracked at Neuse for the north bound train to pass. Mr. Cole says that his train was not travelling at full speed as it was going up hill and had only a few minutes start before the runaway locomotive struck.

Passengers immediately got out of the cars to investigate. The express messenger, C. E. Hudgins, of Richmond, Va., was hemmed in his car, but was soon extricated with willing hands. He was not badly hurt, being able to walk back to the Pullman where he was induced to lie down.

A Double Innovation That any advantage of real value is to be gained by the introduction of sensational novelties in a church during the Sunday service, has always seemed to us to be extremely doubtful. We hear of pastors who "lighten" the usual program with secular features, as though the radiance of the Cross were not sufficient to "draw all men" as Jesus promised. And now the sweet strains of the old hymnal are to be supplanted by a modified callopie in the form of a whistling accompaniment.

At a church near Hackensack, N. J., two Sundays ago, the pastor summoned twelve young lads of the Sunday school to the platform at the evening service, where they went through a program more suited to the ball field than to a religious meeting. They marched around to the tune of "Onward Christian Soldiers" and finally faced the audience, where they were introduced as the Boys' Whistling Club. They then gave the club yell in rousing fashion. It was startling, if not edifying, and was followed by a promenade during which the club whistled the hymn, "Stand Up, Stand Up for Jesus," followed by another. "Wonderful Words of Life" with organ accompaniment.—The Christian Herald.

A Fair Test. The New Jersey primaries must be accepted as a fair test of the sentiment and interest of the voters in the presidential contest.

In no other state has money or political organization played so small a part in the campaign. With a strict registration law and a drastic corrupt-practices law and opportunities for corruption were reduced to a minimum. The ballot was so simple and the issue was so plain that to the obstacles lay in the way of the voters' expressing his presidential choice.

The primary vote against Governor Wilson is a fair measure of the Democratic opposition to him in his own state. The primary vote against Mr. Wilson in New Jersey is a fair measure of his nomination. There is no other state in which the results of a presidential primary deserve to be treated with so much respect and consideration.—New York World.

Mayor Gaynor Contributes Some Interesting Reflections to the Political Debate.

The remarks of Mayor Gaynor on the present campaign in an interview with The Sun yesterday are suggestive and full of interest. Judge Gaynor has been mentioned from time to time as good Democratic presidential timber, but that he, of course, declined to discuss. He believes that the palpable effort to sidetrack the tariff issue will fail miserably; that the people will not consent to be drawn off on other issues. It is the belief of some that the nomination of Mr. Roosevelt will make so many other issues that the tariff will be forgotten, just as it was in Mr. Bryan's campaigns, when free silver occupied the country in one campaign and imperialism in another, to the elusion of the tariff. Judge Gaynor does not think that this can happen again. But it is certain that the plan of campaign to be adopted by the high protective interests will be to nominate Mr. Roosevelt and let the people forget the tariff. But the Democrats will not permit this. Tariff reform is the winning issue and Judge Gaynor is right in saying that the people will not consent to have it sidetracked.

There are other questions, however, which must not be forgotten, and to some of these Judge Gaynor directs attention. The most serious, in his opinion, is rate discrimination by the railroads. Rate favoritism, he says, has been the greatest evil of our day and generation. "The railroads are our public highways, and the first law of their being is that everybody is to be charged alike for the same service. To allow one man or corporation such

rates that he or it can undersell rivals and put them out of business is atrocious. The remedy suggested by the mayor for this evil is to put a government general freight agent on every road. The remedy he suggests for the trust evil is to repeal the law on "Onward Christian Soldiers" and exist. "All the trusts," he says, "are formed in precise conformity with statutes passed for the purpose of forming them. If that has led to evil, then those statutes are the source of the evil." As to the attempts to break up the trusts by suits in court, he has little confidence in them, and indeed, the practical results of the great trust cases have not been encouraging.

The mayor can see no good in a presidents going on the stump asking for votes. It is a violation of all precedent, and there have been only a few of the candidates for the presidency who have taken the stump. The mayor thinks it is undignified, and, as to the contest between Mr. Taft and Mr. Roosevelt, he can find no issues between them, and asks what subject they have debated. He confesses that he does not know. The interview is not only interesting, but it is full of thought and of subjects calling for reflection.—Baltimore Sun.

TORMENTS INFLECTED UPON THE PRISONERS BY CUBAN REBELS

Followers in Commander Gomez's Improvised Army Amputate Ears of Prisoners—Revolutionists Make Bold Attempt to Burn Town of Guantanamo

MANY OF THE ISLANDERS ARE FLEEING TO LARGER TOWNS

SANTIAGO, Cuba, June 12.—A detachment of government troops has been seen in the vicinity of Sagua de Tanamo, in the northeast of the province of Oriente.

General Iovnet is reported to be surrounded by the government troops at Las Cuevas, between Sagua de Tanamo and Zatorara. The number of rebels who attacked Sagua de Tanamo on the night of June 8, when they were repulsed, is said to have been 500. The mayor of Santiago and the members of the provincial council representing the committee of defense have handed in a protest to General Jose de J. Montague, the commander of the government troops, against the arming of negroes as guerrillas.

General Montague replied that a large portion of the regular troops were negroes and had hitherto proved perfectly reliable. There had not been a single case of desertion among them.

All Quiet, Navy Reports. Washington, June 12.—Rear Admiral Fisher, of the fourth division of the Atlantic fleet in command of all the marines and blackjackets in Eastern Cuba, today reported no new developments on the south coast and conditions quiet.

Battle Reported. Caimanera, Cuba, June 12.—A battle is reported to have been fought today between government troops and revolutionists at a distance of ten miles from the town of Imias on the north coast of the province of Oriente, near Baracoa. The result of the fighting is not known here.

Marines Marching to Deseo. Caimanera, Cuba, June 12.—A detachment of United States marines is proceeding tonight to Deseo, a point near Caimanera, to protect the American property there.

The United States collier Cyclops arrived here this morning and the Cuban gunboat Enrique Villuendas with arms and ammunition for Guantanamo.

President Back At The White House. Special to Reflector. WASHINGTON, June 11.—Much rested by his 35 hour water trip, President Taft returned to the White House yesterday having gone to Hampton, Va., to attend the meeting of the trustees of the Hampton Normal School. The president has requested an investigation and report on the narrow escape of the collision between the yacht Mayflower, carrying the Presidential party and the Norfolk Southern passenger steamer Northland, early Sunday morning. Naval officers claim the pilot of the passenger boat was to blame and a thorough inquiry into the entire matter has been promised.

Immediately on returning to the White House the President called for the latest news from Chicago, and went over the situation with a number of his advisers.

ONCE again the United States government has been obliged to make preparations to "keep the lid on" in Cuba and has dispatched a strong squadron under the command of Rear Admiral Ostrander, with the armored cruiser Washington as his flagship, to land marines at Guantanamo and to take such steps as may be necessary to safeguard American interests. Under the provisions of the Platt amendment the United States has "the right to intervene for the preservation of Cuban independence and for the maintenance of a government able to protect life, property and individual liberty." The Cuban government has protested its ability to put down the negro insurrection with its regular and volunteer forces, which include many of the men who fought against the Spaniards in the war of liberation. "VOTES FOR WOMEN" TEDDY N. S. TRAINSMEN IN DANGER

Will Announce Himself For Women Suffrage. Low Hanging Wire Catches Conductor and Flagman

Friends of the Colonel Advise That It Will Be Part of Platform He Will Submit at Convention.

OYSTER BAY, N. Y., June 12.—Theodore Roosevelt announced this afternoon through Judge Ben B. Lindsey, of Denver, that he is in favor of woman suffrage in this country and that the platform which he will submit to the Chicago convention will contain an unequivocal declaration to that effect.

Judge Lindsey spent two hours with Colonel Roosevelt today. The object of his visit was primarily to persuade the colonel to announce that he was in favor of woman suffrage. Hereby Colonel Roosevelt has merely said that he believed the question of woman suffrage should be submitted to the women themselves for their determination whether they wished the ballot. As the judge was leaving Sagamore Hill, he said: "Colonel Roosevelt has come out decidedly for woman suffrage. He was induced to take this indefinite stand by what the women voters have done in Colorado in opposition to Messrs. Guggenheim and Evans; in Washington, California and other western states. Colonel Roosevelt told me that he was convinced from this record of the women voters to the country to be gained by placing the ballot in the hands of women. The Colonel also said that he had definitely decided to incorporate in the platform which he will submit to the Chicago convention a woman's suffrage plank."

WHOLESALE STEAL WILL BE T. R.'S CUE

Smooth Work of Steam Roller is Going Merrily On

TRY IN ON "TAR HEEL" VOTES DO NOT FEAR THREAT OF BOLT

Magnitude of Delegates Steal by Presidential Forces May Be Taken up by Roosevelt Before Convention

CHICAGO, June 12.—Macaulay once observed that a grain of poison would some times be fatal where an ounce would prove its own antidote. This figure of speech was recalled today when the Republican national committee placed the delegates from Arizona and from other sections in the Taft column, where they did not belong. The very magnitude of the offense is expected to result in a back fire and recoil from which Roosevelt will profit when the actual balloting begins. It is the opinion of the best political minds tonight that, in the event that the committee makes one consistent gigantic steal of it and takes all the contested delegates including those from Texas and Washington, "Tar Heel" then have, on the face of the returns, a paper majority of not more than this number of Taft delegates who believe that honesty is the best policy even in politics, will come over to the Roosevelt standard and it is intimated that even at the worst the Roosevelt forces, without leaving the convention hall, could organize, recognize the delegates from Washington and elsewhere where the claims of the Roosevelt delegates are universally recognized to the just and the colonel would be declared the regular party nominee.

Congressman Wilson, of Illinois, who made the trip with Colonel Roosevelt through the south said he had heard it was the Taft program to inaugurate a steal in North Carolina, but this is considered unlikely. Supporters of Colonel Roosevelt are saying nothing exceedingly uncomplimentary things about Mr. Duncan because he has voted steadily with the Taft majority, but it is not believed that the North Carolina committee would stand to have two personal friends, McNeill and Green, thrown out in the Ninth, no matter how much Mr. Taft might need the votes, to which no one thinks for a moment he is entitled.

TWO ENEMIES OF US ALL

By Arthur Brisbane
Readers, this is such a commonplace, obvious sort of an editorial that you will perhaps be impatient in the reading of it. Nevertheless, at the risk of seeming tiresome and fond of platitudes, we propose to discuss the enemies of mankind and the possibility of conquering or avoiding them.

Ninety-nine per cent of every hundred human beings may be called failures.

A man may do fairly good work, he may make a success in comparison with his fellow man and yet be a failure.

A man who fails to do the best that is in him is a failure whatever he may do, no matter how he may improve upon the world with his work.

Of all the failures you have known, can it not be said that vice or procrastination might account for every one of them?

Vice is a name that covers human weaknesses.

Drunkenness is a vice—one which viciously suppresses, drowns the very force, the mental unrest that ought to bring success.

Self indulgence is another vice. It makes us devote our energies in the present to our various tastes and likes, instead of controlling the present in order to provide for the future.

Vanity and egotism in all forms are vices. The vain man wastes, in self approval, in the decoration of his person, or in foolish self confidence, the time, thought or money that ought to be spent on improvement.

Then there are all the other vicious, perverted forms of human energy—that tear men down and make real growth and accomplishment impossible.

Gambling, drink, love of display, lack of moral purpose—all these vices, positive or negative, meet mankind on the road toward good results; only a few get by.

Many a man able to control the actively vicious side of his character is destroyed by laziness, by the peculiar hatred of effort so hard to overcome in millions of us.

The world is full of men and women who seem intelligent, who might succeed and yet go plodding along in their little clerkships, or other little routine places, because they lack power to force themselves out of procrastination's rut. They expect to begin the struggle sometime, but the time never comes.

Which of these two enemies of mankind is responsible for the greater number of failures?

Laziness, lack of will power, is, in our opinion, man's most dangerous enemy.

Vice in a man is often only energy gone wrong. If the man can direct into channels of effort power which he has been wasting in vice to him and the monster of vice will be his self indulgence, success will come and pass and left behind.

Slothfulness, procrastination, laziness are harder to get out of the system than vice.

They mean, unfortunately, very often an absolute lack of energy.

And that is a thing that should be borne in mind by all of the good, ordinary, average, well-meaning, well

behaved people that can not seem to get along.

You have got to kill the vice that stands in your way. You have got to know that it is there and then fight it, realizing that unless you conquer it it will conquer you.

When you have rooted out the viciousness in your disposition, then go to the laziness, which is slow and sleepy and can wait until the vice is killed.

What do you need in any kind of a fight? You need a good weapon.

In a fight against yourself you need the one great weapon, which is will power.

Will power—the force which makes possible repeated, determined, steady effort—is the only thing that will help you in life's fight.

There are those that say that we can not change ourselves, that we must always remain as we were made, with our weaknesses and our strength at the beginning.

But that is false.

A man can change himself. The drunkard in the gutter can rise to the highest place, if he will try hard enough.

The way to bring about the change is through steady, daily, ceaseless effort. There is no use in making a violent effort, lasting a few seconds and leaving you weaker in strength than you were before.

The way to get up early in the morning, for instance, is to get to bed early the night before.

As long as you need to go to bed too late, you will get up too late—or if you do get up early you will be tired and your work will be of no use.

Reform must be begun at the right end.

If you want to get out of some vicious habit, remember that you can only do it by adding to your strength. Good sleep, wise eating, a well nourished body, will do a great deal to overcome a desire for drink.

If your mind is given to foolish amusements, dissipation, gambling, remember that before you can take away that interest you must replace it with some other.

Get a real interest in your work, begin saving your money, realizing that capital means independence. Make plans, carry them out, try to be as much interested in your own powers of self control as in the foolish running of some horse or the turning up of some card.

For young men unmarried marriage is probably the best possible thing. It forces serious thought, it brings a great interest with the children and a steady sense of responsibility.

In proportion to their numbers unmarried young men commit ten times as much foolishness as the married men.

The unmarried man is like a ship with no rudder, going in any direction, erratically.

It is not worth while to advise being a vegetarian in order to reduce the cost of living. A vegetable dinner in these days cost about as much as any other kind.

Next week the Republicans will be warming up Chicago and the week after the Democrats will be doing the same thing for Baltimore.

The report was vigorously opposed by a Mr. Allen of Massachusetts, also a member of the committee on rules, who asserted that the two-thirds rule was contrary to the fundamental principle of our government, that we should be governed by the will of the majority. It was undemocratic and unreplicable and directly in the face and eyes of the constitution.

The next day a motion to reconsider prevailed and the rule was adopted.

It is of interest to note that the General Saunders, who in 1835 urged the two-thirds rule as a means of making Van Buren's nomination more imposing and who disclaimed any intention to frustrate the will of the majority, was the same General Saunders, who, "before prayers" in 1844, moved the adoption of the two-thirds rule for the purpose of defeating Mr. Van Buren and of thwarting the will of the majority.

Rule was defeated by a vote of 231 to 210. The reporter adds that the rule was brought forward for the purpose of keeping Mr. R. M. Johnson of Kentucky out of the vice presidency, many being willing to make no nomination rather than accept of him. The opposition to Mr. Johnson must have increased over night, for

It was undemocratic and unreplicable and directly in the face and eyes of the constitution.

The next day a motion to reconsider prevailed and the rule was adopted.

It is of interest to note that the General Saunders, who in 1835 urged the two-thirds rule as a means of making Van Buren's nomination more imposing and who disclaimed any intention to frustrate the will of the majority, was the same General Saunders, who, "before prayers" in 1844, moved the adoption of the two-thirds rule for the purpose of defeating Mr. Van Buren and of thwarting the will of the majority.

Rule was defeated by a vote of 231 to 210. The reporter adds that the rule was brought forward for the purpose of keeping Mr. R. M. Johnson of Kentucky out of the vice presidency, many being willing to make no nomination rather than accept of him. The opposition to Mr. Johnson must have increased over night, for

ROWLETT-JOHNSTON.
The Reflector Family Has a Wedding.

(From Wednesday's Reflector)
That brilliant luminary who sits at the head of The Reflector table thought he was wise enough for no one to steal a march on him, but Tuesday night he got left to such extent as to give his bump of conceit a jolt right. He knew some courting was going on under the roof, but did not dream that Cupid was working so fast that a wedding could be done and over before he got on to it. But that is just what happened.

Tuesday night about 8:30 o'clock, at the home of the bride on Pitt street, Mr. Clinton B. Rowlett and Miss Nannie E. Johnston were happily married by Rev. C. M. Rock.

Mrs. J. L. Carper played the wedding march.

The bride has been a member of The Reflector force for about 9 years, first starting as a typesetter at the case and working her way up to the head of the mailing department of the paper.

In all her work she was the best over—faithfulness, efficiency and devotion to duty being her constant aim.

Mr. Rowlett, the fortunate bridegroom, came from Blackstone, Va., early in the year to take the position as treasurer of The Reflector plant.

And an all-around good one he has made, not only being skilled, but also taking great pride and interest in his work.

Whether or not The Reflector ever does anything else good, it has the satisfaction of knowing it has made two young hearts very happy by being the means of bringing them together.

Immediately after the ceremony Mr. and Mrs. Rowlett went to the Smith house where they will make their home for the present. Both were back at their places today and so happy that they were promptly forgiven for "stealing a march" on the force.

New Century
No Levers. No Springs
Always in Balance.

Farmers actually want the "New" of its many distinctive features, which are briefly: Operator's weight balances gangs, perfectly balanced pole without even so much as a balance lever. Simplicity unequalled—not a lever, spring, ratchet or other nuisance on it. Light on draft, because it weighs less and has draft closer to shovels. Evenness of cultivation, that is, movement does not effect position of gangs. Six suetels, spring break works perfectly in widest or narrowest rows cotton, corn, beans, peanuts, tobacco, potatoes, etc.

Learn more about this cultivator. Fifty of the best farmers in Pitt county using this cultivator. Call and let us demonstrate to you its many distinctive features.

We also sell the celebrated New John Deere Walking Cultivator, the best and most satisfactory walking cultivator on the market. When in need of anything in the hardware line be sure to see us.

Latest Chicago Bulletin.
ROOSEVELT HAS DECLARED HIMSELF WILLING TO HEAD ANOTHER PARTY AND CUT LOOSE OF CONVENTION—READS DECLARATION TO FRIENDS. "FOR RANK AND FILE OF REPUBLICAN PARTY AND THE HONEST PEOPLE OF THE ENTIRE NATION."

Special to Reflector
CHICAGO, Ill., June 20. (Noon).—It is no longer a secret that ex-President Roosevelt, disgusted with the turn affairs are taking at the Coliseum has rented a large hall and is now planning to bolt the convention. It is generally discussed and admitted by even the most conservative that Roosevelt's followers will make a second convention possible. Root's argues in learning the fact that the

equally strong in expressing his disgust for the methods employed at the convention by the Taft ring. Johnson said this morning, "I AM THROUGH FIGHTING WITH MY FISTS AND WILL NOW TAKE A CLUB."

Nothing but routine work is expected to come up before the committee today. Many Rooseveltites are sticking to him through thick and thin while others will not quit the party for any consideration.

Chicago, Ill., June 19.—The credentials committee of the Republican national convention broke up in a row shortly before midnight.

Chicago, June 19.—The Roosevelt forces met their second defeat in the Republican national convention today in a session which had for its outstanding feature a remarkable demonstration of nearly an hour's duration in honor of Governor Herbert S. Hooper of Missouri.

All of the Roosevelt delegates joined in this demonstration, while some of the Taft states led a voice. The ovation to the Missouri executive was quickly interrupted by many of the delegates as the possible forerunner of a boom for Hadley for president. The enthusiastic Pennsylvania jumped to the stage and called, "Three cheers for Hadley, the next President of the United States."

Governor Hadley led the fight on the convention floor today to out 92 contested Taft delegates and to seat 92 Roosevelt men in their places. The convention finally refused to entertain the motion by a vote of 564 to 510.

This transferred the fight to the committee on credentials, appointed just before the convention adjourned until tomorrow noon.

The Convention Story.
CHICAGO, Ill., June 19.—At 10 o'clock an hour before the convention time, less than 200 spectators were in the hall and but eight of the delegates seats were occupied. James D. Preston, in charge of the press section of the convention hall, came in with a big bundle of mail.

"The Coliseum postmaster wanted me to help him set the newspapers mail," he said. "It's all for one reporter, William Jennings Bryan."

Soon after Chairman Root had arrived on the platform he was flanked on one side by Governor Hadley, the Roosevelt leader and on the other side by James Watson, of the Taft forces.

Chairman Root finally pounded the table with his gavel at 11:15 a. m. and ordered the sergeant at arms to clear the aisles.

Then pounding on the table, Root announced:

"The exercises—I mean the business of this day will be opened with prayer by the Rev Joseph Stolz."

Colonel had taken such steps, that should Teddy's delegates bolt, he will do his utmost to thwart the move, he having hinted that the police will be called in to detain delegates.

Roosevelt said to his loyal delegates "AS FAR AS I AM CONCERNED I AM THROUGH. HOPE THAT IF YOU ARE LOYAL AND WILL REMAIN SO TO THE PARTY WILL REALIZE YOUR STRENGTH AND ACT ACCORDINGLY."—This was generally taken as an invitation to be ready to follow the Colonel to his new arena.

Gov. Johnson, of California, a steadfast friend of the ex-president, was effort will be made to secure Hon. Oscar W. Underwood as the chief speaker of the meeting.

FERRELL - MITCHELL WEDDING
St. Paul's in Kinston Scene of Brilliant Ceremony

One of the most prominent marriage ceremonies and one which aroused the liveliest interest in social circles in different cities in the state, took place last night in Kinston, when Miss Hazel Mitchell, daughter of Mrs. R. A. Mitchell of that town, became the bride of Mr. E. Vernon Ferrell of Winston-Salem.

The ceremony which was perhaps the most brilliant wedding function ever witnessed in this part of the state took place in the Episcopal church of St. Paul, E. King street, Rev. J. H. Griffith officiating.

The interior of the church was beautifully and lavishly decorated with palms and a profusion of natural flowers, the erection of three floral arches directly before the altar completing a scheme of floral decoration as has seldom been seen. Although the time set aside for the ceremony was 8:30 guests began to arrive at the church long before that hour and when a few minutes after the appointed time, the bridal party entered, the church was filled to its capacity.

At the organ, which was almost hidden behind a miniature garden of palms and ferns, Miss Jessie Wilson presided. As a prelude Mrs. L. K. Wooten sang "Because," the sweetness of her voice and the happy selection of the song being most fitting to the surroundings.

A few minutes after 8:30 the ushers, Messrs. Courtney Mitchell and Lloyd LaRoque extended the bridal carpet and to the strains of Tanhousers' "Here comes the Bride" the party of bridesmaids composed of Misses Lottie Canady, Susie Perry, Annie Turner and Lova Ferrell, beautifully attired in white Valenciennes dresses with pink silk and gauze trains and holding gorgeous bouquets of sweet peas, slowly marched up the aisle and took their positions on the steps fronting the altar. The maids of honor, Miss Iris Mitchell and Mrs. Courtney Mitchell as well as the maid of honor, Mrs. S. C. Citterson, becomingly attired in white, long train gowns and carrying magnificent bouquets of white roses, followed. Little Miss Louise Best acted as flower girl whilst Master D. Mitchell seriously undertook the task of ring bearer.

The bride beautifully attired in bridal white and leaning on the arm of her brother Mr. D. A. Mitchell, was met at the steps by the groom who entered from the vestry accompanied by his brother, Mr. J. W. Ferrell, the best man.

The groomsmen were Messrs. H. Turner, Marshall Ferrell C. A. Walker, and C. Bailey.

The wedding ceremony itself, as performed by Rev. J. H. Griffith, imposing as it was with his solemn vows and promises exchanged, and one of the prettiest ever witnessed and in the hush that followed the bridal procession to the altar the answers given by the contracting couple were audible all over the church.

From the church the bridal party and guests were driven in automobiles and a d. carriage to the magnificent home of the bride's mother on Mitchell avenue, where a reception was held until about 11 o'clock. Receiving the guests were Mr. and Mrs. S. C. Citterson, who introduced them to Col. and Mrs. W. D. Pollock. On the receiving line were Mr. and Mrs. W. J. Ferrell and Mr. and Mrs. Vernon Ferrell, the bride and groom Mr. and Mrs. W. L. Ferrell, parents of the groom, Mr. Mitchell, the bride's mother, Mr. and Mrs. J. W. Ferrell, Miss Annie Turner, Mr. Marshall Ferrell, Miss Lova Ferrell, Mr. C. A. Walker, Miss Susie Perry and Mr. C. Bailey.

During the Reception Collier's orchestra made delightful music. Immediately after the reception the bride and groom left for an extended honeymoon tour.

Postpone Meeting of Good Wants Contract With City For Roads Movement
24 Years

LEXINGTON, June 19.—Col. H. B. Varner, president of the North Carolina Good Roads Association announced today that the annual convention of the association will be held August 1 and 2 instead of July 25 and 26, as announced from Chapel Hill. This change is ordered by Colonel Varner because the July dates conflicted with the meeting of the state press association. Among the prominent speakers on the program are Locke Craig, Senator Simmons, John H. Small and E. Y. Webb. An effort will be made to secure Hon. Oscar W. Underwood as the chief speaker of the meeting.

DURHAM, June 19.—The consulting engineer, Gilbert C. White, whom the city has employed to act in the advisory capacity with the board of a lderman in treating with the water company in making contracts, has arrived in the city and has begun his investigations. The present contract of the water company with the city expires in 1915 and it is the wish of the Durham Water Company, in asking for a new contract that in consideration of expending an amount of approximately \$150,000 in improving the present system, the city extending their contract for a period of 24 years, beyond the limit of the present agreement. The new contract provides for the same rate as now exists. The new contract gives the city the power to purchase the Durham Water Company plant with in every ten years.

When the police searched Tom Dorton, a one-legged man, who along with five other white men were arrested for gambling early Sunday morning, they found that the man who had lost his limb was using the empty trouser leg as an illicit bar room. The man had his leg cut off just below the hip and had tied the empty half of his trousers at the knee and above this he had crammed quarts of whiskey and a number of small bottles. The police relieved him of this burden, and he, along with his companions, were placed in the guard house to await a hearing on the charge of gambling.

DEM. CONVENTION
LONG DRAWN AFFAIR
Politicians Expect A Full Week Will Be Consumed
AS DID ST. LOUIS CONVENTION

Injection of Fifth Candidate to a Certain Extent is Responsible for Change in Conditions in Baltimore Gathering.

BALTIMORE, June 19.—If one is to judge from the gossip heard in the hotel lobbies among the prominent politicians and leading newspaper men of the country the Democratic convention is to be a long drawn out affair, lasting probably until Sunday as was the case in St. Louis in 1904 when the final details were not arranged until long after midnight Sunday morning.

It can be stated upon good authority that the Underwood forces are confident that New York's 90 votes will go to the Abraham Lincoln by the time the third ballot rolls around. That Speaker Clark and Governor Wilson will have more votes on the first ballot than any other presidential aspirant, and that both will lose strength after these first two or three ballots few people in a position to know now doubt. Both Clark and Wilson supporters have been dicker with Murphy for the Empire State's delegation. That they have received little encouragement from the Tammany leader, is not disputed even by so great a leader as Senator Bill Stone, Clark's chief mainstay in the campaign.

There is well grounded rumor afloat here that New York will allocate in its vote for armon and Underwood after it shall have cast a complimentary vote for Mayor Gaynor, until something like a definite idea of the respective strength of the candidates is obtained by the New York convention. In other words Murphy's game is to feed out the convention by switching alternately from Gaynor, armon and Underwood.

Delightful punch was served by Miss Iris Mitchell assisted by Mr. L. LaRoque in the main hall. Mr. and Mrs. Courtney Mitchell ushered the guests into the dining room, where they were served with delicious food and cake. The dining room was beautifully decorated with ferns and streamers of green gauze pending from the chandelier to the table, where shaded candles added a delightful light.

Guests were shown into the gift room by Mrs. S. Masten and Mrs. H. C. Wooten. The presents displayed there formed a beautiful collection of useful articles, with much silver and cut glass in evidence. Several beautiful jewels formed a part of this imposing array of gifts.

During the Reception Collier's orchestra made delightful music. Immediately after the reception the bride and groom left for an extended honeymoon tour.
