

MRS. THOMAS R. MARSHALL
Wife of the Democratic Vice-Presidential Nominee. Honorary Vice-President
Woman's National Democratic League.

Mrs. Thomas R. Marshall, wife of the vice-presidential nominee of the Democratic party, is a keen student of affairs and as the constant companion of her husband has had an exceptional opportunity of specializing on human nature. A very practical and far-reaching result of this peculiar interest in the larger family of the state—she has no children of her own—is found in the long list of humanitarian bills passed by the Indiana legislature during her husband's regime as governor. A bill to curtail child labor heads the list, which numbers twenty, and includes almost every legal correction for the immediate relief of labor, especially for that pertaining to women and children.

The Marshall home, like that of the Wilsons, is a home of books, and yet one does not feel "bookish" within its walls. On the contrary, one feels very much at home there the moment Mrs. Marshall appears upon the scene, and, if possible, more so when Mr. Marshall comes in.

They are such chums, this "tender-hearted" governor and his wife, and where one is the other is pretty sure to be found. They have traveled all over the country together, and if the Woman's National Democratic League has anything to do with it they will soon be going to Washington together. Mrs. Marshall is honorary vice-president of the league and is keenly interested in its work, not because it is part of the campaign, but because she recognizes the permanency of the movement to educate women in the principles of Democracy.

MRS. CURE JOHNSON

One of the Vice-Presidents of the Woman's National Wilson and Marshall Organization.

Mrs. Cure Johnson, one of the vice-presidents of the Woman's National Wilson and Marshall organization and president of the Wilson and Marshall Women's organization in Texas, is in New York, where she will remain during the rest of the presidential campaign in connection with the work of the national organization at the headquarters in the Fifth Avenue building. Mrs. Johnson came east with her husband, who is one of the most prominent politicians, most successful lawyers and most brilliant orators in Texas, to attend the Baltimore convention. Mr. Johnson was chairman of the Texas delegation which, as is well known, was sold for Governor Wilson throughout the famous Baltimore sessions. He will actively participate in the campaign, delivering a number of speeches for the ticket. Mrs. Johnson has been spending the summer in the east and will remain here to do all in her power for the advancement of the Democratic cause and the election of Wilson and Marshall.

FORMER PRESIDENTS WHO WERE ASSASSINATED

- Lincoln, Garfield and McKinley were assassinated while in office.
- Lincoln was shot in Ford's Theatre in Washington, April, 14th, 1865 by John Wilkes Booth.
- Garfield was shot in the Pennsylvania railroad depot in Washington, on July 2nd, 1881. The assassin was Charles Julius Giteau.
- McKinley was shot twice September 6th, 1901, while in the Temple of Music at the Pan American Exposition, Buffalo, N. Y. The assassin was Louis Czolgosz.
- Jackson was shot in the Capitol at Washington, January 29, 1845, by a house painter named Richard Lawrence, escaping because the pistol of the assassin missed fire.

WANTED TO FRAME UP LIEUT. BECKER

Witness For Defense Is Admitted to Chair
BOTH SIDES THROUGH CASE

Summing up Will Take All Day Today, Case Going to the Jury Probably Sometime Tonight

New York, Oct. 22.—The defense in the case of Police Lieutenant Becker charged with the murder of Herman Rosenthal signified that it rested at noon today, but Justice Goff taking it into his own hands reopened the testimony and recalled to the stand "Jack Sullivan" who had previously testified for the defense.

"There were certain questions put by the defense to this witness which I excluded before. I now permit you to put those questions," he said to John F. McIntyre, Becker's chief counsel.

Mr. McIntyre said he declined to put the questions now, as he preferred to let the case stand as it was.

"Then I direct the District Attorney to ask the witness those questions," said Justice Goff, "in the interest of the defense."

Mr. McIntyre's vigorous objections were disregarded.

The action of the defense in announcing that it desired to rest was sudden and unexpected. Mr. McIntyre had said less than an hour before that he expected to call Becker to the stand.

The morning session had been taken up mainly with testimony introduced to sustain with testimony of the defense that the informers, Rose, Webber, Vallon and Schepps, had "framed up" Becker to save themselves. Character witnesses were then called and Mr. McIntyre announced that he was through.

By the court's direction "Jack Sullivan" was recalled.

"What did Rose say to you in the Council room," asked the District Attorney of Sullivan.

"He said 'self preservation is the first law of nature; I had to testify against Becker to save my life.'"

"What did Bridgell Webber say?"

"He said, 'I am the happiest man in the world. That Rosenthal is dead and I don't have to worry about his getting me now. Now, Jack, it's all been fixed up by the District Attorney for you to corroborate us when we testify. We are all Jews and what do we care about that Dutch — Becker, anyhow?'"

"Did Rose say anything else to you?"

"Yes he said that he and Webber and Vallon and Schepps were going to 'frame up' Becker, and I said 'Why you bald-headed —, what do you mean by this?' He said, 'Well, you know, self-preservation is the first law of nature.'"

Sullivan said he took no part in the assassination of Rosenthal nor in the alleged conspiracy of Rose, Webber, Vallon and Schepps to assassinate the gambler.

"Bridgell Webber said to me, 'The only way you can get out of it is for you to do as Mr. Whitman says and swear you saw Becker at Forty-second street and Sixth avenue a few hours after the murder. If you do that you will get out like we will, after the trial. If you don't, you'll be indicted and spend six months in jail.'"

"Did Webber offer any money to corroborate him?"

"Yes he said, 'For God's sake, Jack, say that you saw Becker as we will go to jail.'"

COLONEL ROOSEVELT BACK IN HIS SHELL

EX-PRESIDENT REACHES HOME AT OYSTER BAY, AND IS IN FOR SOME DAYS OF REAL REST
PROBABLY TAKE UP CAMPAIGNING

OYSTER BAY, Oct. 22.—A week of absolute rest is all that is required, in the opinion of his physicians, to put Colonel Roosevelt in the best of condition.

At the end of that time if he follows the strict regime which has been planned for him, it is expected that he will be able to take up the campaign in the closing days.

The Colonel reached Sagamore Hill from Chicago shortly after 10 o'clock today and walked unassisted up the stairs and went to bed, expecting to remain there most of the day. When the automobile carrying Colonel Roosevelt reached the house, the colonel stepped out, declining assistance.

"It's mighty good to be home again," he said.

While a week was set as the period of absolute rest it was explained that for a considerably longer time Colonel Roosevelt must avoid hard work and will be impossible for him to attempt to make many speeches.

Several weeks will be required for the complete healing of the wound and the knitting of the fractured rib.

Want Eastern Star Home

CEDAR RAPIDS, Ia., Oct. 22.—The thirty-fifth annual meeting of the Iowa grand chapter of the Order of the Eastern Star which settled down to business here today, is featured by a spirited contest of rival cities to secure the Eastern Star Masonic home. The home was formerly located at Boone, but it was destroyed by a fire last spring. Boone is making a strong effort to have it rebuilt there, while Marshalltown and Cedar Rapids are offering strong inducements to secure the institution.

Dr. H. O. Hyatt will be at Hotel Bertha Monday, November 4th to treat diseases of the eye and fit glasses.

Turks Fleeing in Panic

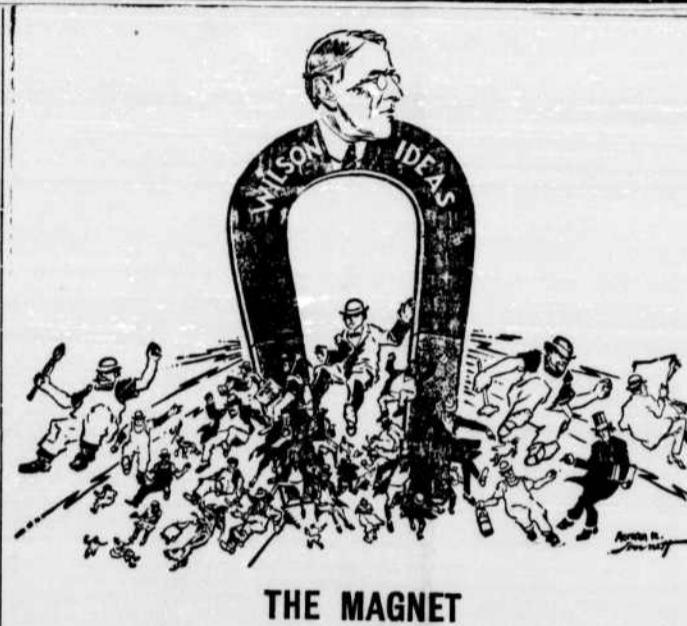

Athens, Greece, Oct. 22.—The Turkish army is fleeing in panic from Dhisakata on the way to the Turkish town of Servia in the north, according to a semi-official statement issued here today. The Greek troops are said to be pursuing them vigorously.

When the Turks precipitately abandoned the town of Ellassona, it is said, they left behind them their staff maps and a million cartridges. They also dropped during their retreat much of their clothing and most of their engineering implements.

The total losses of the Greeks during the first day's engagement are given as one captain, two sub-officers killed and several wounded.

The Turkish artillery fire upon the heights of Grimbova was without material effect which point they bombarded heavily.

"If you want any money, I'll give you \$1,000 now and when you get out we will go into the hotel business. I'll put in \$25,000 and we'll divide the profits evenly. All you have to do is to lie for me; if you lie it's all right. If you don't, you'll go to jail."

THE MAGNET

Uncle Sams Post Office Men Frame Law on Paper Circulation

From Now on no Subscriber Owing a Publisher Over a Year's Subscription Will Not Be Able to Receive Paper Without Getting the Publisher in Trouble

NO LOOPHOLE LEFT, PAPERS MUST CLEAN LISTS

Now and then of late The Reflector has asked its readers to look at the date after their name on the paper and if it showed them in arrears to send in a remittance, to bring up their subscription. It has become necessary for us to call attention to this again, especially those subscribers as much as a year in arrears and give notice that the paper will have to stop going to them unless they pay at once.

We have just received a notice from the Third Assistant Postmaster General which says: "The right of publishers to extend in good faith credit on subscriptions is recognized and will not be abridged, and although all subscribers are regarded as expiring with the period for which they were obtained, nevertheless, in order to give an opportunity to secure renewals, copies of their publications will be accepted for a period of one year from the date of expiration; but copies sent to persons after one year from the date of the expiration of their subscriptions unless such subscriptions be expressly renewed for a definite time, together with an actual payment of subscription or a bona fide promise of payment, will not be accepted at the pound rate, but will be accepted at the transit second class rate of one cent for each four ounces or fraction thereof, prepaid by stamps affixed."

In order to bring The Reflector list up to a compliance with this law, which cannot be disobeyed, we are mailing a letter to every subscriber who is as much as a year in arrears, with a request for immediate payment. We do not believe any subscriber wants us to violate the postal law, so we ask every one to respond to the letter with a remittance for which they were obtained, never to give an opportunity to the post office to secure renewals, copies of their publications will be accepted for a period of one year from the date of expiration; but copies sent to persons after one year from the date of the expiration of their subscriptions unless such subscriptions be expressly renewed for a definite time, together with an actual payment of subscription or a bona fide promise of payment, will not be accepted at the pound rate, but will be accepted at the transit second class rate of one cent for each four ounces or fraction thereof, prepaid by stamps affixed."

President Taft Must Resume Duties, His Vacation Now Over

BEVERLY, Mass., Oct. 22.—President Taft will return to Washington for the winter next Sunday. Mrs. Taft will remain in Beverly until November the fourth.

The President will go back to the capitol by way of Cambridge Springs, Pa., where, on Saturday, he has a speaking engagement. He will visit Newark, N. J., November 2 and may go from there direct to Cincinnati where he will cast his vote. Although plans are indefinite it is expected the President will go back to Washington after the election and spend the time remaining before Congress convenes writing his annual message.

PENN. DEMOCRATS IN LIVELY CAMPAIGN

TO WREST LEADERSHIP FROM THE PROGRESSIVE PARTY IN KEYSTONE STATE, IT IS PROPOSED
BOSS FLYNN STRONG BULL MOOSE

NEW YORK, Oct. 22.—Campaign managers are revising plans and altering arrangements for the wind-up of the presidential fight.

The inquiry to Colonel Roosevelt, the voluntary withdrawal of Governor Wilson from the stump and the fact that neither President Taft nor Vice-President Sherman have taken part in the active work of the campaign have resulted in changing plans in all three of the chief political camps.

The ensuing two weeks will witness a concentration of activity in the sections where the respective campaign managers believe the outlook is most favorable for the capture of disputed ground. Governor Johnson, Progressive vice-presidential nominee, is to fill in most of Colonel Roosevelt's proposed engagements in the East and the Democratic leaders are rushing a number of their chief speakers into Pennsylvania and New York to take up the work planned originally for Governor Wilson.

The Democratic campaign will center in Pennsylvania from this time forth according to statements made here.

Black Pugilist Now Has to Face Representatives of Uncle Sam

CHICAGO, Oct. 22.—The Federal grand jury today began its investigation into the Jack Johnson-Lucile Cameron affair with a view to learning whether the negro pugilist has violated the Mann act by causing the Cameron girl and other young women to be brought to this city for illegal purposes.

The first witness to be questioned was Mrs. Cameron-Falconnet, of Minneapolis, the girl's mother, who has been waging a fight to induce her daughter to quit Johnson.

Lucile Cameron, who has been held in the Rockford, (Ill.) jail, in default of \$25,000 bonds, and her mother appeared at the Federal building and while they waited to be called into the jury room the mother again pleaded with the girl to give up the negro pugilist and also to tell the jurors all she could regarding her relations with him.

Jack Curley, fight promoter, who was wanted in connection with the case, appeared at the Federal building and said he was ready to tell all he knew of the affair.

A search was made for him yesterday, but he could not be located. Curley said Johnson and the Cameron girl had been at his home only twice. The first time to meet her mother, he said, and the other time when the champion came to ask him to look after his planned fights in Australia.

Lucile Cameron will, according to present plans, tell her story of her relations with the negro immediately after her mother has completed her testimony.

Mayor Harrison today ordered the chief of police to have all the music and other forms of entertainment in the negro pugilist's cafe on the south side immediately stopped.

ALLIED ARMIES CROWDING TURKS

Guerrilla Warfare to be War's Feature
ARMED PEASANTS TAKE PART

147 Peasants of the Bulgarian Village of Girsova Are Massacred by the Turkish Soldiers

LONDON, Oct. 22.—The armies of Servia, Bulgaria and Greece continue to clear their way to their main objective points the Turkish fortresses of Uskup, Adrianople and Servia, the last a town on the Grecian frontier.

Greek armies have crossed the Turkish frontier at two points. In Epirus, at the western end, they have occupied the heights of Grimbovo, while at the eastern end they are pursuing the Turkish troops to their base at Servia where an important battle is expected to be fought and the taking of which by the Greeks would carry them apparently nearer the Monastir and Salonika road.

The Servian armies are probably having the hardest fighting at the present moment. They are operating toward Uskup and Prishtina and further north in the district of Novipazar and have on content not only against Turkish regulars but also against the Turkish ragnants who are fierce fighting Arabian tribesmen. One of their armies has advanced as far as the outskirts of Kuanovna, the principal town between the Servian frontier and Uskup.

The Servians have secured possession of the mountain pass leading to Prishtina.

No news of importance has come from the Bulgarian frontier today and this leads military authorities to suggest that King Ferdinand will not attempt to raise the fortress of Adrianople but will mask it and move round it to the east or to the west.

The reported intention of the Bulgarian army to give Adrianople the go-by and to head direct for Constantinople is dismissed as impracticable by military men.

The distance is the same as that from Dalny to Mukden, in Manchuria, which took the Japanese army a year to cover.

The town of Kirk-kileesh is still held by the Turks although it was rumored today that the Bulgarians had taken the outer positions. This, however, lacks confirmation.

The western Bulgarian army, like the Servian armies, is fighting against large bodies of tribesmen, assisted by Turkish artillery and from all accounts there has been some stiff skirmish in which the Bulgarians have been victorious.

The warfare in this region is of a merciless character, as the Pomaks, or Bulgarian mountain tribesmen, are fanatics.

The Montenegrin army apparently is inactive at present.

The representatives of the powers continue active to confer and it is now suggested that intervention in the Balkans might occur earlier than was hitherto thought possible.

It is generally believed, however, that one big battle must be fought before the powers can take any decisive step.

THE TARIFF

(By WOODROW WILSON)

We stand in the presence of an awakened nation. Plainly it is a new age. There are two great things to do. One is to set up the rule of justice and right in such matters as the tariff, the regulation of trusts and the prevention of monopoly. The business of government is to separate special and particular interests of wide communities. The initial task this year is to get our government in such a shape that we can use it for our own purpose, not against anybody in particular, but for everybody in general. We want to establish a real partnership between all the people and the Federal government instead of between special interests and the Federal government. We must effect a great readjustment and get the forces of the whole people once into play.

The tariff question, as dealt with in our time, has not been business. It has been politics. The tariff has become a system of favors. Tariff schedules have been determined in committee rooms and conferences. The tariff becomes a matter of legitimate business only when the understanding it represents is between the leaders of Congress and the whole people of the United States, instead of between the leaders of Congress and small groups of manufacturers, demanding special recognition and consideration. That is the heart of the whole affair. It is at bottom a question of good faith and good morals.

Our conviction as Democrats is that the only legitimate object of tariff duties is to raise revenue for the support of the government. We denounce the Payne-Aldrich Tariff Act as the most conspicuous example ever afforded the special favors of monopolistic advantages which the leaders of the Republican party have shown themselves willing to extend to those to whom they looked for campaign contributions. The changes which we make should be made only at such a rate and in such a way as will least interfere with the normal and healthful course of commerce and manufacture. There should be an immediate revision downward. It should begin with the schedules most obviously used to kill competition and raise prices in the United States, and should be extended to every item which affords opportunity for monopoly and special advantage. Until special favors shall have been absolutely withdrawn and our laws of taxation transformed from a system of government patronage into a system of just and reasonable charges which shall fall where they will create the least burden.

The Republican party doesn't propose to change any of the essential conditions which mark our present difficulties. Mr. Roosevelt proposes in his platform not to abolish monopoly, but to take it under the legal protection of the government and to regulate it, to take the very men into partnership who have been making it impossible to carry out these great programmes by which all of us wish to help the people. We don't want to disturb the industry of other people which these men have established and which makes it impossible for us to give ourselves a free field of service.

THE FARMERS' RELIEF UNDER DEMOCRACY

(By WOODROW WILSON)

I remember reading of a great day in the year 1775 when certain farmers took their guns in their hands and gathered in little groups along the road that led from Lexington in Massachusetts to Boston, and there quietly lay in order to intercept British troops who had come upon an errand aimed at the liberties of the colonies; and I have often heard since that day men speak of the embattled farmers at Lexington. Well, there are going to be embattled farmers again in the history of this country, not with guns in their hands, but with ballots in their hands who are going to come back and claim the sovereignty which they share with the rest of the people of the United States.

I don't want anything I say to be understood as embattling the farmers against any other great legitimate interest in this country because our task at the present moment is the task of understanding one another so thoroughly that there will be only one cause, only one purpose and one acting together can live all the levels of our political life.

The farmers of this country are in a very interesting position. I have seen the interests of a great many classes specially regarded in legislation, but I must frankly say that I have never seen the interests of the farmer very often regarded in legislation. And one of the greatest impositions upon the farmers of this country that has ever been devised is the present tariff legislation of the United States. I have not heard anybody but orators on the stump say that the tariff was intended for the benefit of the farmer. When the United States was the granary of the world, the farmers were not looking for protection and while they were not looking everything else had died upon it and the cost of every thing that they had to use was raised upon them, until now it is almost impossible for them to take a legitimate profit.

While you were feeding the world, Congress was feeding the trusts. I wish to disavow all intention of suggestion to the farmer that he go in and do somebody up. All that I am suggesting to you is that you break into your own house and live there. And I want you to examine very carefully the character of the tenants who have been occupying it. The rent has been demanded of you and not of them. You have paid the money which enabled them to live in your house and dominate your own premises.

The tariff intimately concerns the farmer of this country. It makes a great deal of difference to you that Mr. Taft vetoed the Steel Bill. It makes a difference to you in the cost of practically every tool that you use upon the farm; and it is very significant that a Democratic House of Representatives passed the Steel Tariff Reduction Bill over the President's veto. The farmer pays just as big a proportion of the tariff duties as anybody else.

What happened in Congress which has recently adjourned? The House of Representatives with the acquiescence of a Senate which is not Democratic, passed the Farmers' Free List Bill. It put agricultural implements, lumber, shingles, salt, bagging and all the things that the farmer needs on the free list. What happened to it? It was vetoed by the president, because, consciously or unconsciously, he represents not the people of the United States but those who have held their power in trust for their own purposes.

Five hundred people in New Bern held an indignation meeting to express their condemnation of the misrepresentations of Senator F. M. Simmons. That is but a forecast of the thousands throughout North Carolina who will express their disapproval on election day.

The indications are that Locke Craig will get the largest majority any governor of the state has received in many years. Do your part to help swell the majesty.

The Raleigh fair was somewhat of a matrimonial bureau this year. Seven couples from other towns were married there Thursday.

Under our tariff law a barrel of flour valued at \$4 abroad is taxed 25 per cent ad valorem at our ports, or \$1 on the barrel. This bill removed the entire tax.

Beef valued at 5.33 per 100 pounds abroad pays a tariff tax equivalent to 25.88 per cent or \$1.50 per 100 pounds. This bill proposed to remove this entire tax.

The Democratic wool bill proposed to reduce the average rate of duty on wool manufacturers from 90.10 per cent to 48.26 per cent. President Taft's veto of this measure means that the American people will pay \$50,000,000 more for their clothes this year than they would have if President Taft had signed it.

A wool hat valued at \$1 abroad and taxed 75 cents upon its entry into the United States, under the present tariff law, would have been taxed only 49 cents.

Flannel underwear valued at \$27 per dozen suits is taxed under the present law at the equivalent ad valorem rate of about 106 per cent. The Democratic bill proposed to reduce this to 49 per cent. A suit of ready-made woven clothing worth in Europe \$10 is taxed under the present law at the equivalent ad valorem rate of 75 per cent or \$7.50. The Democratic bill proposed to reduce this tax from 75 to 49 per cent and save the consumer \$2.60 per suit.

The cotton bill reduced the duties on cotton manufacturers from 48.12 per cent to 37.06 per cent a reduction of the tariff burdens under this schedule from not less than \$200,000,000 to about \$112,000,000 for a year, or a saving of about \$88,000,000 for a twelve-month period.

Men's cotton half hose valued at eighty cents per dozen pairs wholesale are taxed under the present law at the equivalent ad valorem rate of about 92 per cent. The Democratic cotton bill proposed to reduce this to 46 per cent.

It proposed to reduce the tax on cotton thread from an equivalent rate of 34 per cent to 15 per cent. A suit of ready-made cotton clothing valued at the foreign port at \$6 is taxed under our present law 50 per cent ad valorem, or \$3 a suit. This Democratic bill proposed to reduce this tax to 30 per cent and save the consumer 1.20 per suit.

The bill revising the metal schedule reduced the average rate of duty on the entire schedule from \$33.35 per cent (imports of 1910) to 23.42 per cent. This revision, it is estimated, would have saved the American consumers in a twelve-month period more than \$80,000,000.

The revision of the chemical schedule would have effected a saving to American consumers of \$17,000,000 by reducing the price of all chemicals and at the same time the revenue to the government would have increased.

The bill placing sugar on the free list would have saved during a year not less than \$115,000,000 to the consumer. The tariff tax on sugar amounts to about 1.2 cents per pound. The amount of sugar consumed in continental United States in 1911 was about 7,682,000,000 pounds and the application of 1.2 cents per pound to this consumption affords the estimate of \$115,000,000 as representing the saving to the people.

The House passed a bill providing for transferring a considerable portion of the tax burdens to the wealthy, which are escaping their proper proportion.

The Excise Tax bill passed by the House provides for the extension of the Corporation Tax law so as to include individuals, firms, co-partnerships. It accomplishes the very desirable purpose of transferring tax burdens from those less able to carry them to the shoulders of the wealthy, who have heretofore escaped from a proper share of taxation for the support of the government.

The present burden of indirect taxation falls upon people having incomes of less than \$2,000 per year. A man whose net earnings amount to but \$5,000 per year would under this bill pay no tax. A man earning \$10,000 per year would pay nothing on the first \$5,000 and \$50 per year on the second \$5,000.

So many politicians when they are out after office declare they are friends of the farmer. Even President Taft has got to saying so about himself. The friends of the farmer are the ones who do something to make his condition better and give him an equal chance with other folks. President Taft cannot claim that he has done this. On the contrary he has helped to make the farmer a prey of the protected interests.

MR. AND MRS. CONSUMER! Do Your Realities

(Democratic Campaign Facts)

That the present high tariff on sugar is costing the American people two cents per pound or over \$150,000,000 annually, according to Mr. C. A. Spreckles, president of the Federal Sugar Refining Company, a concern independent of the Trust?

That only \$52,000,000 of this amount is annually collected by the government as revenue and the balance is tribute extorted by the Tariff-favored interests?

That practically no American labor is employed in the beet sugar fields of the western states?

That the per capita consumption of the United States is 82 pounds, which means an exaction from each family of five persons of \$8.40 annually as a result of the Tariff?

That when a merchant pays \$1.70 for a carload of sugar \$510 it is his Tariff?

That the ad valorem rate upon this necessity of life, in comparison with certain luxuries, is as follows:
Sugar 78.87 per ct.
Champagne 70 per ct.
Automobiles 45 per ct.
Rare Paintings and satuary 15 per ct.

That the export price of sugar is now 1.60c per pound less than the domestic?

That through the removal of the duty between 1891 and 1894 the price of sugar was reduced 2.14 cents per pound, consumption increased 23 per cent the first year and 42 per cent during the three years in contrast to an average annual increase under the present Tariff of 4 per cent?

New York comes forward with a \$50,000,000 tobacco organization that is said to enter the field in competition with the American Tobacco Company. The new company represents several large cigarette manufacturers.

"We do not ignore the fact that the business of a country like ours is exceedingly sensitive to changes in legislation of this kind. It has been built up, however, ill-advisedly, upon tariff schedules written in the way I have indicated, and its foundations must not be too rapidly or too suddenly disturbed. When we act we should act with caution and prudence, like men who know what they are about and not like those in love with a theory. It is obvious that the changes we make should be made only at such a rate and in such a way as will least interfere with the normal and healthful course of commerce and manufacture. But we shall not on that account act with timidity, as if we did not know our own minds, for we are certain of our ground and our object. There should be an immediate revision and it should be downward, unhesitatingly and steadily downward."

Usually the few days preceding a general election is the time for springing campaign lies. While you can keep on the lookout for them, it is well to pay no attention to them.

It is simply disgusting the way some people talk and some newspapers print about "political machines," when they themselves helped to put in office the very men whom they accuse.

The way people are talking good roads indicates that sentiment in this direction is undergoing a great change in Pitt county. It is going to bear fruit, too.

Again let us remind you that if you have an idea of buying property in Greenville you are not going to get it cheaper by putting it off.

President Taft says the cost of living must come down. He had better be trying to do something all these years to get it down.

Some people are very glib throwing out challenges when they think nobody will call them. But how quiet they get after being called.

If you don't have it in your pocket when perambulating through a crowd your pocket will not get picked.

Wilmington has raised more than half of the \$10,000 the city started out to subscribe to the Wilson campaign fund.

Greensboro won't let automobiles take off their mufflers in own. Guess they don't want 'em to catch cold.

From the way the price of beef keeps advancing, people will have to become strangers to a steak.

Pitt county's corn cribs will be full to overflowing when this crop is housed.

While gathering your crops put aside some of the best for exhibit at the Pitt county fair.

There are men holding down jobs now who will slip off of them after the coming election.

Under all circumstances Candidate Wilson shows himself a man equal to the occasion.

Throw yourself in the breach and help boost the cannon for the Pitt county fair.

You may call this a sane campaign, but there are plenty of insane utterances.

One of the best thoughts in connection with the present campaign is that it will be over in two weeks.

Greenville has not any too many people, but some here are not worth to the town the room they occupy.

They all find out that this is "Our Greenville, Yours if you come."

Roosevelt is rapidly recovering in spite of the doctors.

Pin your faith to Greenville and it will be on the right spot.

WHY CLARK WILL BE SENATOR

Judge Clark has the best chance to be chosen Senator in the Primary because:

1. He is pledged to earnestly contend for an amendment to the Interstate Commerce Law which will prevent the discrimination against North Carolina in freight rates which now costs the farmers and merchants of this State \$10,000,000 a year.

2. He is pledged to continue and expects to succeed in having returned annually in pensions to Confederate Soldiers and widows for them to spend, the \$5,000,000 which this State is sending as a war contribution to pay pensions to Federal Soldiers.

3. He is pledged to earnestly urge the repeal of the 8 cent tax on tobacco which will give the farmers 8 cents additional on every pound of tobacco they sell which the manufacturer now has to take off for Government tax. This will also destroy the Trust by leaving every farmer or neighborhood free to manufacture tobacco. It will save the farmers of North Carolina \$7,000,000 a year.

4. He will advocate Land Bank as in Germany and other countries by which the Government will loan money to the farmers, small merchants and working men at low rates of interest. The Government now furnishes the National Banks with their money without charging interest. Why should it not furnish the farmers, merchants and working men money at low rate of interest as in Germany?

Messrs. Simmons and Kitchin have each served twelve years in Congress and have done nothing about any of these things. They do not even promise to do anything now if elected.

5. He will advocate a graduated income and inheritance tax by which the multimillionaires will contribute heavily to the support of the Government whereas nothing is now retained from them in that way.

The friends of Judge Clark and his enemies alike know that he can be relied upon after election to urge these measures as strenuously as he does now.

6. He will advocate a graduated income and inheritance tax by which the multimillionaires will contribute heavily to the support of the Government whereas nothing is now retained from them in that way.

7. He will advocate a graduated income and inheritance tax by which the multimillionaires will contribute heavily to the support of the Government whereas nothing is now retained from them in that way.

8. He will advocate a graduated income and inheritance tax by which the multimillionaires will contribute heavily to the support of the Government whereas nothing is now retained from them in that way.

TALKS ON OSTEOPATHY

FOR THE EDUCATION OF THE PEOPLE AND THE ADVANCEMENT OF OSTEOPATHY

A NATURAL AND RATIONAL METHOD OF HEALING

Osteopathy is the best answer to this universal demand for a natural and rational method of eradicating disease. Food, air, sunlight, exercise, rest, correct mental attitude, cleanliness and all other common sense aids to health, the osteopath considers of vast importance; but the distinctive feature of osteopathy is this: Mechanical order in the body, perfect nerve and blood supply mean health. Mechanical disorder, imperfect nerve innervation and poor supply mean disease.

However, osteopathic theories are of but little interest to sick people. The most important question to them—and they are the only ones vitally interested, is: Will osteopathy aid me in getting well? Do cures follow a treatment or course of treatments? No one capable of thinking fairly can withhold approval for a system that is now and has been for nearly twenty years, curing a high percentage of its cases. The record is a wonderful one when we remember that most of these cases are those which have been pronounced incurable by able resorting to osteopathy. What is osteopathy doing right now? What has it been doing? These, I suppose are the questions the people wish to have answered.

Hundreds of cases of asthma have been cured. Most of the cases of rheumatism, no matter how long standing, are cured by osteopathy. Many cases of paralysis have yielded to the treatment when there seemed no chance of a cure. Innumerable cases of chronic constipation and chronic diarrhoea and dysentery have been cured. Spinal curvatures and other disorders are handled in a satisfactory manner. Innumerable cases of nervous prostration have been cured or benefited.

About one-third of the epileptics who have tried osteopathy are well. Bright's disease, the longest patient waits too long, yields to osteopathic treatment. In short, there are but few diseases, especially the chronic diseases, that have not been successfully treated by osteopaths. One of the greatest recommendations to this method is that it is tonic and constructive, and restores the patient to his normal state of health. Peace to his ashes and sympathy for his family and friends.

All kinds of hardware, mill supplies, building material and fire arms at J. R. Smith and Bro.

Mr. Henry D. Manning, of Elm Grove, has sold his farm to Mr. Nevin. He was 85 years of age and overworked business men; weak, debilitated people who have no definite disease, are always helped. And the help one gets from osteopathy is not artificial stimulation, but good, honest strength. Osteopathy stands for growth and constructive activity. Each part of the body does its own work just as nature intended.

WHEN CLARK SPOKE IN CHARLOTTE the front row contained two farmers, two Confederate veterans, and a machinist.

GET YOUR BEARINGS and VOTE WITH YOUR OWN CROWD

The grand galaxy of men, as Chase Giddings, Sumner and Lincoln, the North and Lundy, Helper, Cassin, M. Clay, Frank Blair and Harris in the South, who formed and led the party to glorious victory all favored prohibition. All the Republican presidents, notably Lincoln and McKinley, with possibly one exception, have favored the destruction of the liquor traffic and all who believe as he does for any man to try at this late day to change the principles of the party by any party or convention.

Our own conclusion is to spit on the whiskey plank in the platform, scratch the name of Thomas Settle off the ticket and all who believe as he does and thereby show that we are not delivered to the god of wine, by any party or convention.

GREAT EASTERN CAROLINA FAIR

Will Be Held In New Bern Next Week

Everything has been completed for the Great Eastern Carolina Fair which will take place October 29th, 30th, and November 1st, 1912. Tuesday, October 29th will be "Military Day." Every Naval Reserve and militia company in Eastern North Carolina have been invited to participate in the military exercise that will take place this day. Ten companies have all ready signified that they will be here.

The parade will start down town and on arrival at the fair ground will be formally opened with a speech by Governor Francis D. Winston. Immediately after the speech there will take place a military contest followed by a sham battle. Wednesday, October 30th, will be "Educational Day." Tickets, allowing free admission for this day have been issued to each school child in Eastern North Carolina. If there is a teacher who has not received these tickets, please notify J. Leon Williams, secretary of the fair, New Bern, N. C., at once and tickets will be mailed to them. There will be all kinds of sports for the children. Thursday, October 31st, will be the "Big Day." There will be an automobile parade in the morning. At 12 o'clock will take place the horse show. At 2:30 a foot ball game between New Bern and second team of A. and M. College. Friday, November 1st, will be the "Farmers Day." This is the day the farmers will race their horses. Each day there will be the finest list of attractions ever offered the public in Eastern North Carolina. The Great Eastern Carolina Fair is no fake and will have everything in advertised, so you can't afford to miss this opportunity to see the greatest Fair ever pulled off in Eastern North Carolina.

THE PITT COUNTY FAIR

A Real Fair And Everything Will Be Free

The Pitt county fair is perhaps different from any other that is held in this state, in that everything about it is absolutely free. There is no charge either for making exhibits or for attendance. Several hundred dollars will be paid in premiums for exhibits, but the money for these premiums is made up by voluntary donations from the people, supplemented by a donation from the state agricultural department. Nor are there any side shows, concessions, fakes, or clap-trap of any kind to catch the people and pull money out of them. Not only are these things strictly barred from the fair, but the admission that them out of the town on the days the fair is open. There are exhibits in abundance which the people come to see and enjoy being with each other for two days. That is the kind of fair Pitt county holds. The dates for the fair are November 14th and 15th.

Stubborn Case

"I was under the treatment of two doctors," writes Mrs. R. L. Phillips, of Indian Valley, Va., "and they pronounced my case a very stubborn one, of womanly weakness. I was not able to sit up, when I commenced to take Cardui. I used it about one week, before I saw much change. Now, the severe pain, that had been in my side for years, has gone, and I don't suffer at all. I am feeling better than in a long time, and can't speak too highly of Cardui."

TAKE The CARDUI Woman's Tonic

If you are one of those ailing women who suffer from any of the troubles so common to women. Cardui is a builder of womanly strength. Composed of purely vegetable ingredients, it acts quickly on the womanly system, building up womanly strength, toning up the womanly nerves, and regulating the womanly system. Cardui has been in successful use for more than 50 years. Thousands of ladies have written to tell of the benefit they received from it. Try it for your troubles. Begin today. Several inquiries have come to The Reflector as to when the game season opens in Pitt county. The dates prescribed in the game laws of the state are between November 1st and March 1st.

Small Fire Monday Night

A little past 9 o'clock Monday night, the shriek of the fire whistle aroused the population. It was caused by the burning of a house just beyond the southern limits of the town and near the Norfolk Southern railroad "Y". The building was totally destroyed and another a short distance from it had a narrow escape. The burned house belonged to Mr. W. L. Rice and was occupied by colored people. There was a small amount of insurance. It could not be learned how the fire started.

Guerrilla Warfare Carried on by Peasants

ATHENS, Greece, Oct. 29.—The strong Turkish fortress of Verria has been placed absolutely at the mercy of the invading Greek army which has captured the Tripotamos defiles forming the key to the situation. The capture of the town of Verria itself is only a question of hours. The whole of the Turkish army around Monastir will be cut off when Verria falls and will be unable to communicate either with Saloniki or with the coast. Verria lies to the north of the town of Servia on the way to Saloniki, to which city a railroad runs.

THREE YOUNG ROBBERS HOLD UP ANDRIFLE TRAIN

MUSKOGEE, Okla., Oct. 29.—Three youthful robbers held up a south-bound Missouri, Kansas and Texas train south of Eufala today, compelled the engineer to detach the express and baggage cars and run them ahead, then they blasted and rifled the express safe. Company officials believe the robbers got several hundred dollars. By setting fire to a trestle near the town of Wirth the bandits had no trouble in flagging the train to a halt. Although the flames threatened to destroy the trestle before their work was accomplished the robbers worked deliberately. Covering the engineer and fireman with their revolvers they ordered them from the locomotive cab. J. A. Dolan, the train conductor, leaped from the coach and he was lined up beside the engine. A portor also fell a victim to his curiosity and was made to stand beside the conductor. While one robber held the line of employees the other two uncoupled the engine, baggage and express cars from the coaches. They then ordered the trainmen into the cab and ordered the engineer to open the throttle. The locomotive, pulling the two cars, slid across the burning bridge. What remained of the structure fell into the water a minute after the cars had passed. The passenger coaches were left standing at the brink of the stream. Half a mile on the other side of the bridge the bandits ordered the engineer to stop. The safe in the express car was dynamited and ransacked. Their work completed, the robbers fled to the wood-covered hills with their plunder. Express officials fear several thousand dollars was stolen. The alarm was soon given and posse were sent from Crowder and Eufala. Other posse left an hour later on special trains from McAlester and Muskogee. According to the descriptions given each of the bandits was less than 25 years old. Eye witnesses claim to have seen one of the robbers twice make trips from the express safe, each time with his arms piled high with sealed packages of currency. Possesmen found the outer wrapper of one of these packages which had contained \$3,500 consigned by the Southwestern National Bank of Commerce, of Kansas City to the National Bank of Greenville, Texas.

At The Training School

The Senior Class of the Training School met on Tuesday afternoon for the purpose of the election of its officers. Miss Willie Lee Smith was elected president. Miss Hattie Whitehurst, vice-president. Miss Mabel Lucas, corresponding secretary. Miss Lolla Pritchard, recording secretary. Miss Lala Quinn, treasurer. Miss Willie Greene Day, reporter. Miss Josephine Tilley, critic. President Robert H. Wright met with the class on this afternoon to discuss the privileges they had petitioned for. He left when business began to be discussed and before the class had adjourned privileges for the seniors had been filed in the office and a copy sent to the class. A live discussion of the plans for the year followed. Every member contributing some idea by which work might be done in the far western region. His thirty in number will be able to accomplish much classes before have dreamed of.
