Interesting Letter From a Former Greenville Boy
Mexico, D. F., Oct. 22, 1912.
Mr. D. J. Whitchard,
Greenville, North Carolina.
Dear Mr. Whitchard:
Knowing how hard it is to get facts through the Associated Press regarding the conditions of Mexico, I beg to give you the following which you may publish.
The recent movement of Felix Diaz is a very serious one and has caused a great deal of excitement here in the capital city. There are many comments made as to the outcome of Diaz move officially as well as politically, but the real results none of us know.
I had the pleasure of a long conversation with one of the head city and government officials this noon, and the following is his view of the matter. He says that "Diaz has the sympathy of the Navy and is giving the order to the majority of the ships. There are in number six. Having charge of these ships and the largest port in Mexico however does not make it possible that he can overthrow the government unless he has the support of the other combined rebel forces of the country. This man being from Guadalupe, the state of Jalisco further remarks about his own state, that if it remains in sympathy with the present government, that there will still be a hard fight to overthrow same, but he says it is probable and most likely that Jalisco will sooner or later show their support to Diaz. It is in the case with the political situation in the north, Zapata with his hands south of us and Diaz east the government is found to fail. My friend still remarked that he expected intervention by the United States and being port to Diaz. This is the case with the present day welcome intervention. For my part anything that will restore business.
I am not in position to predict anything as to the fall of the government, but from now developments, and changes every day from the political standpoint, it looks like the days of the present government are numbered. Fortunately the foreigner is out of the excitement this time and we feel perfectly at ease to see the worst come.
Anything unusual comes up from time to time I shall be pleased to inform you. With kindest regards for you and all my friends who ask about me, I am,
Sincerely yours,
HEBER B. TRIPP.

WITH THE BOXERS.
Reports from San Francisco have it that Willie Ritchie is about to meet his manager, Billy Nolan. Betting Nelson wants to meet Packey McFarland and is willing to let McFarland name the terms.
Jack Redmond has been matched to meet Kid Alberts, of New York, in a 10-round bout at Brooklyn. It is said that a New Mexico promoter is ready to post \$20,000 for a clash between Jim Flynn and John Willie.
"Gunboat" Smith is boxing in much better form in New York than he did in California, where he first branched out as a boxer.

Going It Blind
The limotype operator on "The Reflector" has verily had to go it blind for a few days, and it is remarkable that he was able to hand down enough matter for Saturday's and yesterday's paper. At the end of his "take" yesterday he put the laugh on the force with this squib of his experience:
"I don't know what I am doing, but I am doing it—Operator."
The little blase that got in our machine early Saturday morning, burned every button of the keyboard and left nothing there to indicate the letters. Imagine yourself using a typewriter with all the buttons gone off the keyboard and nothing but the stub of the keys left, and you will get an idea of what our operator had to do. A telegram to the factory brought a new set of keys by Monday afternoon.

Runaway May Prove Fatal
KINSTON, Oct. 25.—James Harrison, a farmer of Hookerton, Greenville county, lies at the point of death in the home of Lee Hill, on Washington street, in this city, as the result of a runaway accident which occurred on Vernon Heights, to the north of Kinston. Harrison, a well to do and well known citizen of the Greene county town, was bringing a load of tobacco to the market here, and when the team dashed off down the inclined road and a wheel ran into a hole five feet from the top of the load on the wagon. The wagon and load of 1,650 pounds of tobacco rolled over his body, causing internal injuries from which it is hardly possible for him to recover.

Charlotte to Entertain Eleven Bishops When Episcopalists Meet
CHARLOTTE, Oct. 25.—It is expected that the Sixth Missionary Council of the Department of Sewanee, of the Protestant Episcopal church, which is to be held in Charlotte October 29 to 31, will be one of the most largely attended meetings of this body yet held. It is known already to the committee in charge of entertainment that eleven bishops of the church will be present and ministers, laymen and women numbering 250 and it is expected that quite a number will be present who have not yet notified the committee of their decision. The delegates will be housed in the Superior Hotel, the members of the four Episcopal churches of Charlotte, assisted by members of other denominations.
Alarm Sunday Night
The blowing of the fire alarm whistle just as the churches were starting Sunday night, put an end to the services for the time being. The alarm was caused by something or other about the "Rainbow stables" on Fifth street, but when folks reached there they found nothing but a dark house with some innocent looking denizens of the joint slipping out the door. There were various rumors as to "how come," but for lack of sufficient evidence they are passed on.

Hawthorne Trial Postponed
NEW YORK, Nov. 6.—The trial of Julian Hawthorne, son of the famous novelist, and Jessie Quincy, former lover of Boston, which was on the docket for today in the United States District Court in this city, has been postponed until later in the month. Hawthorne and Quincy, with several associates, are accused of making fraudulent use of the mails in disposing of stock in the Hawthorne mining interests in Canada. Scores of alleged victims from all parts of the country are expected to testify at the trial.

European Powers Decide to Break Up War
GERMANY AND FRANCE AGREE

Latest Dispatches From Foreign Ministers Indicate That Europe Will End the Struggle

BERLIN, Nov. 2.—Germany has accepted the proposal made by the French, regarding the form which intervention in the Balkan situation by the European powers shall take, according to an announcement made by the foreign office here today.

The proposal does not contain any plan for the settlement of the Balkan territorial situation. It is understood that the French proposal represents also the Anglo-Russian view. Therefore, as Germany is acting in accord with her allies all the powers are united.

Turks Burn Bulgarians
Sofia, Bulgaria, Nov. 2.—Before evacuating Banarhisar the Turkish troops shot up two hundred Bulgarians in the barracks and set fire to the building, according to the newspaper Mr. All the Bulgarians perished.

The Turkish troops, according to the same newspaper, also are massacring Bulgarian residents in the Struma valley.

Bulgarian reports say that the Turkish troops during their retreat from Bakhshis to Lule Burgas massacred 250 women, old men and children in the village of Atval. A number of the victims were still writhing in their agonies when the Bulgarian troops entered the place.

The Powers Considering Ending War

London, Nov. 2.—Active negotiations are proceeding in London with a view to bringing the war in the near end.

The British foreign office which usually is one of the quietest places in London at Saturday, was all bustle this afternoon. Sir Edward Grey, the secretary for foreign affairs, who contrary to custom is remaining in town over the weekend, presided over the Russian, Austrian, Turkish and Italian minister.

Only two lines of fort, both known as Tehatalja one to the northwest of the fortified city of Adrianople and the other stretching across the peninsula outside of Constantinople, now stand between Turkey and the total obliteration of her power in Europe. So confident are the Bulgarians of their ability to overcome the shattered army of Nazim Pasha, the Turkish commander in chief, now stretched along the Tehatalja line built to defend the Ottoman capital, that part of their army is being sent back to Adrianople. It will there complete the investment of that fortress and carry on the siege and if the place is not carried by storm will starve it into submission.

There seems now to be no escape for the Turks. The Bulgarians are following up their successes with a dash that surprises the world. They are now endeavoring to get a force of their troops from Serail between the routed Turkish army under Nazim Pasha and fulfill the two fold purpose of putting an end to all Turkish resistance and stopping the defeated and maddened Ottoman soldiery from reaching Constantinople where their arrival is so much feared.

If the Bulgarians' plan succeeds they are likely to go on to Constantinople where they will dictate their terms of peace.

The Bulgarian besieges continue their artillery attacks on the forts of Adrianople and the fall of the strongest of these, the Tehatalja fort would mean the capture of the city. Over 12,000 Turkish wounded are reported already to have arrived at Constantinople.

Hunt Gunman Who Threatened District Attorney Whitman's Life

NEW YORK, Nov. 2.—Half a dozen detectives from police headquarters were detailed today to meet all trains arriving here this afternoon from Chicago to search for the four gunmen said to be coming to take the life of District Attorney Whitman.

Word of the Chicago gunmen's alleged plot against the district attorney's life reached Mr. Whitman by letter from "Dutch," who said he was keeper of a Christie street opium joint. The writer gave no other name and in view of the fact that some three hundred threatening letters have been received recently by Mr. Whitman, he was inclined to make little of it. The letter was given to the police however, and although they conducted a fruitless search for the writer they claimed to have made certain discoveries which impelled them to take the letter more seriously than Mr. Whitman did.

According to the letter the four gunmen were to reach New York this afternoon and were to receive \$1,000 each for their work.

TALKS ON OSTEOPATHY For the Education of the Public And the Advancement of Osteopathy

A NATURAL AND RATIONAL METHOD OF HEALING

Osteopathy is the best answer to the universal demand for a natural and rational method of "eradicating disease. Food, air, sunlight, exercise, rest, correct mental attitude, cleanliness and all other common sense aids to health, the osteopath considers of vast importance; but the distinctive feature of osteopathy is this: Mechanical order in the body, perfect nerve and blood supply mean health. Mechanical disorder, imperfect nerve innervation and poor supply mean disease.

However, osteopathic theories are of but little interest to sick people. The most important question to them—and they are the only ones vitally interested, is: will osteopathy aid me in getting well? Does cure follow a treatment or course of treatments? No one capable of thinking fairly can withhold approval for a system that is now and has been for nearly twenty years, curing a high percentage of its cases. The record is a wonderful one when we remember that most of these cases are those which have been pronounced incurable before resorting to osteopathy. What is osteopathy doing right now? What has it been doing? These, I suppose are the questions the people wish to have answered.

Handreds of cases of asthma have been cured. Most of the cases of rheumatism, no matter how long neglected, are either cured or benevolently yielded to the treatment when there seemed no chance of a cure. Innumerable cases of chronic constipation and chronic diarrhoea and dysentery have been cured. Spinal curvatures and other disorders are handed in a satisfactory manner. Innumerable cases of nervous prostration have been cured or benefited. About one-third of the epileptics who have tried osteopathy are well. Bright's disease, unless the patient waits too long, yields to osteopathic treatment. In short, there are but few diseases, especially the chronic diseases, that have not been successfully treated by osteopathy. The greatest recommendations to this method is that it is tonic and constructive, not destructive. Rundown, overworked business men; weak, debilitated people who have no definite disease, are always helped. And the help one gets from osteopathy is not artificial stimulation, but good, honest strength. Osteopathy stands for growth and the osteopath makes each part of the body do its own work just as nature intended.

HIS Imperial Japanese Majesty's Commissioners to the Panama-Pacific International Exposition dedicated Japan's site in the Presidio Reservation on Wednesday, Sept. 18, in the presence of more than 10,000 people. The ceremonies were highly impressive and were deeply appreciated by the representatives of the Japanese Government Commissioners, Haruki Yamawaki, Gochi Takeda and Yasukata Katayama. The deed to the site was presented by President Charles C. Moore to Commissioner General Yamawaki, who accepted it in behalf of the Japanese government.

EXPLOSION KILLS TWO, WOUNDS FOUR

Head of Vermont's Boiler Blows Off

SEVEN MEN ARE HORRIBLY SCALDED

Injured Stokers Are Rushed To The Hospital Ship Solace Where It Is Said They Will Be Saved

NORFOLK, Va., Nov. 3.—Two stokers are dead and four others are suffering from scald burns as the result of the moving out of the head of the battleship Vermont's No. 6 boiler as the Vermont lay at anchor in Hampton Roads last night. The boiler head blew out while under boiler fires, scalding the men badly. No other damage is reported to the Vermont which will later come to Norfolk navy yard.

The Vermont's dead are Michael Vincent Horan, coal passer, and Richard Wagner, foreman of the second class. The injured are J. W. Nowberry, M. W. Green, C. K. Hotelling and H. W. Cramer.

Upon a wireless call from the Vermont, the United States Naval Hospital ship Solace responded and the Vermont's injured were transferred to the Solace for treatment. Horan and Wagner died today. They were the most seriously injured of the six. The others, it is reported, are less seriously injured and will, it is expected, recover.

The Solace came into the Norfolk harbor and the injured men will be treated aboard ship until they can be transferred to the Naval Hospital at Portsmouth.

The bodies of the dead will be prepared for shipment and held here pending advices from relatives.

TOBACCO FARMERS

Remember Our Great Tobacco Industry and Your Own Homes When You Vote for United States Senator Nov. 5th.

Governor Kitchin favors free trade on all raw materials. Free trade in tobacco would kill the tobacco industry and impoverish the tobacco farmer. Under free trade, tobacco would bring only 4c to 6c per pound. Do you want Kitchin and 4c tobacco? Or do you want Simmons and 25c tobacco? The United States already imports \$20,000,000 to \$30,000,000 worth of tobacco every year, even under the high tariff on it. If the 89 per cent tariff should be taken off tobacco under Kitchin's free trade policy this country would be swamped with bright tobacco from Turkey and other countries where labor can be had for 25c per day. Our own markets would fall and the Tobacco Trust would buy its supply from the cheap foreigners and be independent of our home tobacco. Of course, Kitchin and the American Tobacco Trust want free trade in tobacco. But the farmers and the laboring man don't want free trade in tobacco. They want a Democratic revenue tariff duty on tobacco that will keep out the cheap-grown foreign tobacco and incidentally protect the tobacco farmer and our home market and keep the price of tobacco up. This is what Senator Simmons has fought for, justice and high prices for farmers' products.—Wilson Times.

Flagged Train With Shirt
Tearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, foreign N. C. once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in a bad condition, but four bottles of Electric Bitters made me feel like a new man. A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50 cents at all druggists. adv

The Safest place

for your harvest money is in this bank

Look at these two men. They have been to market their cotton. One put his money in the bank and the other one didn't. They were held up on the way home. The silly fellow who wanted to take his money home had to "deliver" to the robbers. The other was able to "give them the laugh." His money was in the bank.

Take a lesson from this—put your harvest money in this bank like all other successful farmers. It is the safest place—withdraw it whenever you please.

GOVERNOR BALDWIN ISSUES PROCLAMATION

BUSINESS HAS NOTHING TO FEAR UNDER THE ADMINISTRATION TO TAKE OFFICE NEXT MARCH

A MOST STARKING PROCLAMATION

HAITFORD, Conn., Nov. 12.—In his Thanksgiving Day proclamation issued today, Governor Simeon E. Baldwin, Democrat, successful in his campaign for reelection, refers to the political campaign and the election as follows:

"The strain to which every four year term of civil government is subjected, I have not met, unshaken. Never has the general course of business throughout the United States been less disturbed by the political incident to a presidential election and to a majority of those citizens contemplate with composure the soon-coming transfer of political power to men chosen by a minority of the voters to control the choice, although they represent only a minority of the whole people."

ANARCHIST ASSASSINATES SPANISH PRIME MINISTER

ENTERED GUILTY PLEA

Madrid, Spain, Nov. 12.—The Spanish premier, Canalejas, was assassinated today.

The assassin, captured by the police, gave the name of Manuel Pardo Serrato Marti and said he was a native of El Grado in the Province of Huesca.

Marti fired four shots at Premier Canalejas as he was entering the Ministry of the Interior to attend a cabinet meeting. Two of the shots struck the statesman before the latter could fall dead on the spot. The assassin is twenty-eight years old and is believed to be an anarchist.

After he had been placed under arrest the slayer of the Premier committed suicide.

How the Crime was Committed

The assassination of Premier Canalejas took place at half past eleven this morning in the Puerta del Sol, in front of a book stall at the corner of Carretas street, near the entry to the ministry of the Interior.

Marti fired four shots from his revolver at close range and three of the bullets struck the premier, who fell on the sidewalk and died instantly.

Some bystanders seized the assassin and handed him over to the police. He then turned his revolver on himself and it is believed he has since died from the self-inflicted wound.

Marti is said to have been closely connected with anarchists, but it is not known whether his crime was premeditated or whether it was committed on his own initiative.

Political ferment always exists in Madrid, but nothing has been reported with a recent period which could in any way be connected with the crime.

A strict censorship was instituted by the authorities on the telegrams and telephone immediately after the commission of the crime and for several hours it was impossible to communicate with the outside world.

Parcels Post System Gets Under Way Next January First

WASHINGTON, Nov. 12.—Not since the outbreak of the Spanish-American war made necessary the issue of billions of special war tax stamps has the Bureau of Engraving and Printing been so rushed. It is due to the assumption of important function of the express business of the country through the parcels post. The bureau must print twelve different denominations of stamps and five denominations of special postage due stamps. Less than half of the designs have as yet been approved.

Not a stamp has yet been printed. The bureau officials are unable to get from Postmaster General Hitchcock's special parcels post committee.

Gelluloid Collar Interferes With Process of Hair Singeing

Hammond, Ind., Nov. 12.—Walter Haink of Logansport, Ind., stopped into a barber shop here today to get his hair singed. He wore a red, bold collar. The instant William Ends, the barber, applied the lighted taper, Haink's collar was set ablaze. He was so severely burned that he probably will die.

Trial of Sidna Allen is Proceeding Along Uninterrupted

WYTHEVILLE, Va., Nov. 12.—Sidna Allen is on trial in the Circuit Court Judge Thornton L. Massey in the Hillville court house last March, making good progress.

Attorney Wynn, opening the prosecution for the state, outlined his plea-

AMERICAN SHIPS GONE TO TURKEY

At Present Sailing Under Neutral Orders NEVERTHELESS GOING EAST

WASHINGTON, Nov. 12.—The American ships which sailed for Turkey under neutral orders, are now sailing under the Turkish flag. The American ships which sailed for Turkey under neutral orders, are now sailing under the Turkish flag. The American ships which sailed for Turkey under neutral orders, are now sailing under the Turkish flag.

SEARANK APPEARS LITTLE CONCERNED

THE fact that theory for possibly the next few years was in jeopardy, the court then decided to appoint a commission to examine Searank as to his sanity.

Searank appeared little concerned in the fact that theory for possibly the next few years was in jeopardy. He ate breakfast with no more of concern than he had done since he came to the jail.

He said unconcernedly: "Oh, it might as well be over. Now, I am not concerned at the outcome. My only concern is to get out of here as soon as I can. I don't care for the political party that I belong to. I am not a politician. I am a man of the people. I am a man of the people. I am a man of the people."
