Williams, Named as Chairman Of the House Finance Committee

HANDSOME TRIBUTE TO REPRESENTATIVE OF BUNCOMBE COUNTY

ELECTION RETURNS CANVASSED

Senate Adopts Resolution for Direct Election of United States Senators—Several Important Bills Introduced.

RALEIGH, Jan. 14.—A fine tribute was paid the handsome young representative, Bob Williams, of Buncombe, today, when Speaker Connor named him for chairman of the house finance committee. The responsibility for framing the revenue and machinery acts devolves upon the finance committee and thereby it is made the most far reaching and important of all the committees. With Senator J. P. Cook, chairman of the finance committee of the senate and Representative Williams, chairman of the house finance committee and the able and experienced men associated with them it is believed a splendid reform may be wrought in the state's system of taxation.

At a joint session of the senate and house today, held in the hall of the house, the election returns for state officers in the recent November election were canvassed and the results declared.

The senate unanimously adopted the resolution introduced by Senator Watts to ratify the 17th amendment to the constitution of the United States providing for the election of senators by direct vote of the people. Similar action is needed by only a few more states to make this measure effective.

The detailed proceedings of both the senate and house for the day are as follows:

Senate, Tuesday, Sixth Day
Senate called to order at 10:30 by Lieutenant-Governor Newland.

Prayer by Rev. H. M. Smith, pastor Edenton Street Methodist church, Raleigh.

Privileges of the floor were extended to ex-Senators John C. Mills, of Rutherford; J. A. Brown, of Columbus; Thos. P. Warren of Craven, and Mr. Cotten, of Pitt.

Bills Introduced
Bryant: Appoint a justice of peace for Chapel Hill township, Orange county.

Peterson: Provide for government of towns and other municipalities in this state. Requires municipal authorities, upon a call of 20 per cent of the voters, to hold an election on for the adoption of a commission form of government as set forth in the bill, which is a modified form of the New Jersey commission government, adopted to North Carolina needs. Referred to judicial committee No. 1.

The House, Tuesday, Sixth Day
The house convened at 11 o'clock. Prayer was offered by Rev. Mr. Joyner, of Fayetteville street Baptist church.

On motion of Mr. Murphy the rules were suspended and a messenger sent to the senate notifying that body that the house was ready to meet in joint session for canvassing the returns of the November election.

The privileges of the floor were extended to ex-Senators John C. Mills, of Rutherford; J. A. Brown, of Columbus; Thos. P. Warren of Craven, and Mr. Cotten, of Pitt.

LOCKE CRAIG IS MADE SUPREME OF STATE TODAY

At Noon He Takes the Oath of Office as Governor

IDEAL WEATHER IS PROMISED

With His Party From Asheville He Is Escorted To Raleigh By Military Company. Thousands Attend

RALEIGH, Jan. 15.—Governor-elect Locke Craig is in the city. With his party from Asheville he arrived last night, the military of that city and many citizens coming as an escort. Today at noon he will be sworn in as governor of the state amidst impressive ceremonies in the auditorium.

For this great four-yearly event in the history of the state of North Carolina, Raleigh is ready to give welcome to all the visitors. In fact it has welcomed them in great numbers already for in ever growing numbers they arrived in the city yesterday and during the night. Today they will come in by the thousands and with the splendid weather plus the many attractive features of the inaugural exercises, there will be anywhere from 20,000 to 25,000 here to take part in the events which surround the inauguration of Locke Craig.

The city is decorated in a most beautiful manner along the line of the parade over the principal streets. Great arches, in the United States and state flags and part-colored banners span the streets and pennants on the "side lines" add to the decorative features. Many thousands of people will be on the streets during the parade and with the moving of the military, the music of the bands, the rush of the automobiles, the dash of the horses and the other features of the big inaugural parade, the moving

of Fayetteville street south of Davis, and on notice will move to the front of the Yarbrough Hotel and the municipal building. The members of the State escort committee will assemble in the Yarbrough Hotel beginning at 10 o'clock and at 10:30 the members of the reception committee are to meet in the court room of the new municipal building to go from it to the Yarbrough Hotel.

In the Auditorium.
Occupying the stages will be Governor-elect, Governor-elect Craig and other state officers, the president of the Senate, the speaker of the house, the legislative inaugural committee and others taking a direct part in the ceremonies. The two houses of the general assembly will be in joint session in the auditorium, the members and officers occupying seats directly in front of the stage on the arena floor, back of them the wives, other members of the families and the guests of the legislators, the whole of the arena to be given over to them. The Raleigh Choral Society will be on the chairs back of the state officers and the Third Regiment Band at the opposite end of the building. The balconies will be occupied by the escort, reception, mayors, and press committee, the military and visitors, while the galleries will be occupied entirely by visitors. The auditorium is handsomely decorated and its size is such as to take care of the great crowds which will be present.

Met Governor-Elect Craig.
The legislative inaugural committee, headed by Governor-elect Craig, met at 10 o'clock today at the Yarbrough Hotel. Present were Governor-elect Craig, J. W. Bun, House Chairman, Senators McLeod, Cook, Thorne and Woodley, Representative Williams, I. J. Young, Guerin, Dixon, Page and Austin, yesterday met the Governor-elect's party at Greenville.

Returned to the City.
In the afternoon a number of members of the citizen's reception committee and the State escort committee went to Durham to meet the party, among these being J. P. Sprague, W. H. Williamson, Albert L. Cox, Judge J. Crawford Biggs, Leigh Skinner, Ed. Chambers Smith, J. S. Upchurch, W. T. Lee, Willis G. Briggs, E. L. Travis, G. Ellis Gardner, of Vance; A. S. Webb, of Warrenton, and Henry E. Falson of Warrenton.

The members of the committee wore handsome official badges and the other citizens committee badges. All the members of the committee met Governor-elect Craig and Returned to the city in a special car.

Turkish-Balkan War In Near East Will Be Resumed Within week

Cases Disposed of at This Term of Criminal Court

ALLIES MADE UP THEIR MINDS TO TAKE UP ARMS AGAIN

DISGUSTED WITH TURKS' PLANS

Balkan Delegates Are Convinced the Turks Are Merely Drifting Without a Fixed Policy

LONDON, Jan. 14.—Unless unforeseen events should change the current of affairs, the Turkish-Balkan war in the near east will be resumed within a week and Europe will witness the horrors of a winter campaign.

The allies have firmly made up their minds to take up arms a second time. The Turks last week were threatening to leave London and let matters take whatever course they might. Now the Balkan delegates are convinced the Turks are merely drifting without a fixed policy and they have decided to end the seemingly fruitless debates and wire pulling and begin the battles anew where they left off more than a month ago.

The Ottoman government failed to convene the grand council today and apparently has no intention of meeting the ultimatum concerning Adrianople. The allies do not believe in the efficacy of the note sent to Constantinople because it is couched in too mild terms, and simply advises Turkey to submit to the fate of war and abandon Adrianople for fear of complications in other parts of the empire at a time of financial support in Europe. The Turkish government knows that this means nothing because it is aware that the powers will be unable to agree on any coercive measures. Thus the presentation by the powers of the note, it is pointed out, might mean simply the opening of a new chapter in the already wearisome diplomatic parleying and the shifting of the discussion from a debate between the belligerents to one between Turkey and the powers.

The Balkan kingdoms, moreover, are anxious to obtain relief from the heavy burdens of keeping their armies on a war footing indefinitely. Witness, however, to observe all the diplomatic courtesies they have given the powers a reasonable time to agree on the note, frame it and present it to Turkey. But this once done, if Turkey fails to yield, they are determined to act.

The allies say it is easy to predict the course of events. After they have stormed Thessalonica, they prophesy, Turkey will be ready to cede Adrianople. Just as if the Italians landed in Tripoli, she offered to make concessions which previously she had stubbornly refused and as after the victories of the Balkan states she consented to grant reforms they had vainly asked for 24 years.

After their second resort to arms, the Balkan delegates assert, their peace terms will be different from those Turkey is now rejecting. They declare that Bulgaria will not be satisfied with a frontier line from Redito to Mida, but will draw it just before the gates of Constantinople and they suggest a war indemnity of \$200,000,000 or more.

The diplomats consider the outlook for Turkey as of the gloomiest character. Kiamil Pasha's resignation as grand vizier may be the next development. That would be likely to be followed by anarchy. The country already is hard pressed for money and the condition and spirit of the army are matters of doubt.

Solving the Problem
 President J. W. Ferrell of the Atlantic Coast Realty Company, that is conducting sales over the south and has been a very successful business venture speaks optimistically of the future of the real estate business. He says the plan of dividing up the large farms into smaller ones gives every one an opportunity to own land and thus aid in enriching the country and helping themselves. Though a young man, Mr. Ferrell is exceedingly thoughtful in his observations.

He says that the small farmer will not only produce more to the acre, but will raise more cattle, poultry, hogs, etc., and thus help to solve the high cost of living as well as the cost of high living.—Wilson Times.

Traced Back to 2200 B. C.
 CHICAGO, Jan. 12.—In the city of Babylon during the reign of Hammurabi, about 2200 B. C., divorce with alimony was a common occurrence, according to Rev. Samuel A. Carr, of the Western Theological Seminary, who has just completed a translation of the Babylonian Cuneiform inscriptions. The results of his work were made public in the University of Chicago Press yesterday.

"Prominent members of clubs figured in divorce courts and scandals furnished the city with gossip," he says. "Having been granted a divorce, a man would pay alimony to his wife and she would not object." The same is said in the case of a woman who was granted a divorce and she would not object.

STEAL WHISKEY.
 Nine Hundred Half Pints Stolen from Kingston Depot. Thieves broke into a freight car at the Coast Line depot in this city Wednesday night and stole nine cases containing a hundred half pints each of whiskey, a total of 900 half pints. Chief Kilpatrick and Officer Barswell got on the case and found two cases of the whiskey in a negro woman's house with 18 half pints gone out of them. There was evidently a party of the thieves, and there was a division of spoils.

CHANGE IN FIRM
 The Taft & Boyd Furniture Co., has been succeeded in name by the Higgs-Taft Furniture Co. The latter assume all business of the former, and will continue to do a general furniture business as heretofore.

Tackling the Safety Problem in Earnest
 The Pennsylvania Company is doing much these days to substantiate its claim of being the "Premier Railroad" of America. Within the current week comment has been made in these columns on its recent decision to refuse to accept transportation over its lines loaded passenger coaches unless such coaches are of all-steel construction. Now comes announcement of a movement inaugurated by this company to increase the skill of its operating force and to inculcate carefulness in its operating employees. The company contains platform meetings and lectures at all division points, at which employees will be instructed as to the details of their duties and have impressed upon them the importance of being always alert and ever alive to their responsibilities. In this movement other railroads have been invited to cooperate.

MoonShiner Falls Victim to Officers' Deadly Weapon

ASHVILLE, Jan. 12.—Batting for their lives with desperate moonshiners in the Hanging Dog section of Cherokee county near Murphy, revenue agents this morning shot and killed Mack Moss, one of the attackers, and captured another according to telephone advices received here by Internal Revenue Collector Sams, this afternoon.

The battle took place before day-break. Deputy Collector T. D. Shelton and Special Employee W. M. Jolly had been informed several days ago that there was an illicit stillery in operation near Murphy and that 17 men operating it were dangerous. They went prepared to capture them and departed four men from Murphy.

On the way to the still the officers ran into an ambush and several shots were fired at them before they located the ambuscade. They then returned fire, killing Moss and capturing the other men, whose name Mr. Sams is not able to learn. It was first reported that Mr. Jolly had been severely wounded, but this report proved to be unfounded.

How the Boy Got His Air Rifle
 In every sack of the Leggett & Myers Duke's Mixture you will find a Free Present Coupon. These Coupons are good for all kinds of useful articles—something to please every member of the family. There are shavers, slippers, balls and bats, cameras, umbrellas, watches, fountain pens, pipe, open glasses, etc.

Duke's Mixture
 This favorite tobacco is fine old Virginia and North Carolina bright leaf that has been thoroughly aged, stemmed—and then granulated. It has the true tobacco taste, for you will get it impossible to get a purer or more pleasurable smoke than Duke's Mixture. It is now a Leggett & Myers leader, and is unapproached in quality. It is made of the very staple reason that it is pure tobacco. In every pack there is one and a half ounces of splendid tobacco and with each sack you get a book of cigarette papers.

Gave Up Hope
 "I suffered five years, with awful pains, due to womanly troubles," writes Mrs. M. D. McPherson, from Chadbourne, N. C. "They grew worse, till I would often faint. I could not walk at all, and I had an awful hurting in my side; also a headache and a backache."

THE CARDUI Women's Tonic
 For more than 50 years, Cardui has been relieving woman's sufferings, and making weak women strong and well. Thousands of lines, thousands of women have written, like Mrs. M. D. McPherson, to tell of the really surprising results they obtained by the use of this purely vegetable, tonic remedy for women.

RECLAIM VICTIMS OF WHITE SLAVE TRAFFIC

MR. FINCH, IN CHARGE OF INVESTIGATION INSTITUTED BY DEPARTMENT OF JUSTICE.

ROCKEFELLER FINANCIAL SUPPORTER

WASHINGTON, Jan. 12.—Stanley O. Finch, who has been in charge of investigations instituted by the department of justice in enforcing white slave law, now is in communication with a group of philanthropists formulating plans for a national movement to reclaim victims of the traffic.

Mr. Finch has just returned from New York where he consulted some of the leaders in the proposed philanthropy, and although he declined to discuss the details of the plan he said no embarrassment for the funds was expected. It is stated that John D. Rockefeller, Jr., is one of the principal financial supporters of the undertaking.

While men who are convicted under the law receive adequate punishment, the problem of caring for their victims has from the first been the hardest one with which to cope. It is therefore, the present plan to expend the income from a large permanent fund, which may amount to several millions, in maintaining rescue homes in which girls who are reclaimed from the underworld may be given care and instruction pending such time as may be necessary for them to get a new start in life. An effort then will be made to find honorable employment for them and a paternal interest will be taken in their subsequent careers.

MANY ARE RENDERED HOMELESS IN KENTUCKY

OHIO RIVER RISING AT RATE OF TWO FEET AN HOUR. FIRE DEPT. AIDS SUFFERERS.

HOUSES ON RIVER FRONT FLOODED

LOUISVILLE, Ky., Jan. 12.—Between 700 and 1,000 families have been driven from their homes along the water front here in the past 24 hours by the rising waters of the Ohio River. The stage at this point at dusk tonight, according to the local weather bureau was 28.5, with rate of rise of 2 feet an hour. A stage of 28 feet is predicted by tomorrow morning and 40 by Tuesday morning.

The homeless families are being moved to vacant houses with the aid of the fire and police departments. The cellars and first floors of a number of storerooms and business houses along the front have been flooded.

The weather bureau predicts that by Monday noon the water will be over the "cut-off" east of the city, in which event an area of several square miles will be flooded and about 400 families rendered homeless. Residents in this section have deserted their homes temporarily. Railroad service throughout the state is suspended, though not suspended. Dispatches from many points in the state tell of damage to homes and other property. Allen McKinney, a farmer near Hopkinsville, was drowned today when a skiff, collided with a submerged bridge pier, capsizing in the swollen waters of Pond river.

National Prohibition Conference

INDIANAPOLIS, Ind., Jan. 13.—Action looking to a change in the name of the Prohibition party so as to embrace more than the single idea of prohibition of the liquor traffic is expected to be taken by the national conference of Prohibition leaders which assembled in this city today. More than one thousand delegates, including members of the national and state committees and numerous other leaders, are attending the conference, which will be held in session the entire week.

Walter Belasco, a brother of David Belasco, intends to go into vaudeville.

Mr. Moye's View

Editor Reflector: In your issue of January 9th appears what purports to be the results of a meeting of the directors of the Farmers Consolidated Tobacco Company.

I would like to give my version of that offer of Joyner, Dail and Sugg. They offer to take our business away from us and return to us the par value of our stock. If we will give them the receipts of the company for the last two years and the reserved dividends which the company have herebefore held back and send them fifty thousand dollars worth of land. They will pay us back our money.

Then (damphim) he will form a new company and sell some more stock. Joyner is no fool but he evidently thinks all we want or are entitled to is our money back. A. J. MOYE.

Resolutions of Respect.

An all-Wise Providence has permitted the dark shadow of death to hover over a happy home in our midst and take from it a loving and devoted child. On December 27, 1912, the spirit of Arthur Brown was called from earth, leaving a home deluged in sorrow, and the hearts of relatives and friends bowed in grief. In loving remembrance the Boy Scouts of America of the Greenville Council, of which he was an active member, do resolve:

- 1st. That in the death of Arthur Brown the Boy Scouts have lost an ardent member and brother.
- 2nd. That while we can not understand why he should be taken in early life, yet we know our Heavenly Father doeth all things well, and we bow in humble submission to his will.
- 3rd. That we extend our deepest sympathy to the heart-broken parents, brothers and sisters of our departed brother and pray God's blessings upon them.
- 4th. That a copy of these resolutions be sent to the family, a copy placed in the hands of the Reflector with upon the records of our council, and a request to publish the same.

Judge O. H. Allen Presides Over January Term of Criminal Court

The January criminal term of Pitt Superior court opened this morning with Judge O. H. Allen presiding and Solicitor C. L. Abernethy prosecuting for the state. In the regular circuit of Judges Judge J. L. Webb was scheduled for this court, but through a change between him and Judge Allen, the latter comes here.

The following compose the grand jury for the term: J. R. Bunting, foreman; Willie Trip, J. S. Norman, S. H. Bundy, John Moore, C. R. Galeway, W. R. Baker, W. W. Whitburn, H. D. Jones, W. L. Johnson, J. C. Carraway, J. F. Dixon, I. J. Frizzelle, Alonzo Dail, W. T. Harris, J. B. Crawford, J. B. Lewis, and G. F. Dail.

Judge Allen's charge to the grand jury was along progressive lines and the uplift of the people. He compared sections where the people are semi-intelligent and isolated with those well informed and having good advantages, and said a great deal more crime will be found in the former than in the latter. He said that where good roads, good schools, and good mail facilities and temperance prevail, the people are happy, contented and prosperous and crime will be rarely found among them. Where these things do not exist, crime is largely an evidence. Ignorance breeds crime, bad roads are conducive to crime, disregard of temperance brings crime. Whiskey is the greatest cause of crime known. Neglected children drift in the whiskey class and become victims of the habit and go into crime.

The man who sells liquor now is a bad man, a dangerous man. He does this in the face of public sentiment and contrary to his own knowledge of the law. The man who will do this is a coward, and mean enough to commit any crime in the effort to cover up his acts. The charge was a very timely one and was listened to with marked attention.

VALUABLE FARM FOR SALE

I will sell for half cash and balance on easy terms the enclosed parcel (538 acres) of my Brice's Creek plantation, situated about four miles south of the city of New Bern on the west side of Brice's Creek, a navigable stream. There are between 300 and 400 acres cleared with abundant timber for plantation purposes. The land is very high and dry ranging from 10 to 25 feet above Brice's Creek which is its eastern boundary. It was the General DuRant Hatch and later the Geo. W. Parry plantation and is a very fine tobacco, cotton, hay, truck and grain land and has a very fine grove and splendid water may be had anywhere on it. It is convenient to New Bern by both water and road transportation. More woodland will be sold with it if desired.

MESSAGE OF PROGRESS

The final message of Gov. W. W. Kitchen to the general assembly, has been most aptly termed a message. He takes a forward stand on matters affecting the state's interests and strongly emphasizes the need of legislation on these. From the News and Observer we take this condensed synopsis of his recommendations:

The governor renews his former recommendation for a state-wide primary, the Torrens land title system, insurance regulation and other measures that he recommended in former messages. He declares for a state-wide search and seizure law to enforce prohibition; urges a continued liberal policy for education; declares that all light and power plants should be regulated by the Corporation Commission; believes mileage books should be pulled on the train; favors four new judicial districts; urges factory inspection; advises that all foreign corporations be required to obtain license before doing business in this state; emphasizes the need of good roads and drainage; urges a vigorous warfare against freight discrimination;

tion; recommends the enlargement of the Public Health Department and an increased appropriation for a Library Commission and new assistants to the State Librarian; favors the physical valuation of railroad property by experts under the Corporation Commission; calls attention to the need of change in the number of peremptory challenges; presses the importance of increasing the fish and oyster industry, which he says, exclusive of fish for fertilizer, is declining; recommends amendments to the anti-trust law and says prosecutions against trusts are pending in Mecklenburg and New Hanover counties; favors a special committee to draft a rural credit law; favors township fire wardens, and makes other valuable recommendations. The three matters mentioned above, upon which the governor places special emphasis are: Legislative Reform, Prison Reform and prison recommendations, including a recommendation of a Pardon Board and Fire Insurance Investigation.

In the card of Mr. A. J. Moye, published in Monday's paper, the printer found a word on the copy that he could not read, and substituted a word of his own in parenthesis that had no place in the article. We are sorry that the word escaped notice until it was too late for correction, and in justice to Mr. Moye we make this statement.

Representative Dellinger of Gaston county, has introduced in the legislature a bill for state-wide compulsory attendance in the public schools of all children between the ages of seven and twelve years. This bill should pass.

A detective who was helping to hunt up blind tigers in Asheville, got pinched himself for selling booze. This is by no means the first instance on record where an officer of the law was using his position to be a violator of the law he was supposed to help enforce.

"Uncle Sam" is a good collector and can make folks come across with the cash when the ordinary individual cannot extract a penny out of debtor. For example, the closing of more than a hundred lock boxes in the postoffice through failure of the occupant to pay the rent on time, was followed with a day of big collections. That is really the kind of cash business that ought to prevail generally.

Right on the eve of his retiring from office, President Taft sends a special message to congress showing where millions of dollars annually can be saved to the government by adopting certain reforms. Wonder why he did not make this discovery earlier in his four year term and help to practice some of the economy.

A WORD OF WARNING

Seeing bales of tobacco cloth displayed about the doors of the stores, is a reminder that the farmers will soon be preparing their tobacco beds. And right here we want to drop the warning that they do not prepare for too large a crop this year. Do not plant any more than last year, even if as much. The good prices at which the last crop sold will be a great temptation to increase the crop this year, but if that is done lower prices will likely be the result. As long as the supply is kept below the demand prices will be good, while overproduction will put the price below the price of making. Five acres at a profit is much better than ten acres at a loss. Keep down the acreage and there will be no disappointment over prices next fall.

Some folks hold up their hands when changing the constitution just like it was something too sacred to be changed. Times and conditions change, and when a constitution becomes so old that it does not fit conditions, it ought to be changed.

Senate Declines to Join Invitation To Bryan, Wilson and LaFollette

Warm Debate a Feature of the Day's Proceedings Over the Resolution by Representative Justice Inviting Prominent Democrats to Address the Assembly on "Modern Methods of Political Reform"

SENATOR SIMMONS RE-ELECTED

RALEIGH, Jan. 21.—The day in the general assembly was featured by a warm debate, in serious and humorous vein, in the senate over the resolution by Representative Justice inviting Bryan, Wilson and LaFollette to address the assembly on "Modern Methods of Political Reform." In the senate the injection of the resolution brought forth a veritable shower of amendments; some wanted to laud Roosevelt, others Taft, a few suggested Bailey, as many others wanted Underwood and the name of Rockefeller and Hookworm was also mentioned. The result was the defeat of the resolution as amended in the senate by vote of 27 to 23.

Both the senate and house cast its vote for Hon. F. M. Simmons to succeed himself as senator from North Carolina. Hon. Cyrus Thompson was given the complimentary vote of the Republicans. Senator Simmons was nominated in the senate by Senator Ward, of Craven, and in the house by Representative Dixon of Jones.

Senator Hobgood's senate bill authorizing the commissioners of Guilford county to appropriate \$2,000 for a Confederate monument passed that body today.

Representative Williams, of Buncombe, introduced a bill carrying provisions for a reform in election regulations and providing the Australian ballot system for North Carolina.

Several new bills were introduced.

Election of Senator Simmons
At this juncture the hour for the election of United States Senator was announced, noon. Senator Ward of Craven, was recognized and made the nominating speech. In presenting the name of Hon. F. M. Simmons, as senator to succeed himself, being the choice of the Democratic primary, Senator Ward paid high tribute to Senator Simmons and predicted for him a distinguished leadership in the impending reorganization of the senate.

There were second readings by Senator McLean, of Scotland and Senator Mason of Gaston, Senator Peterson of Sampson and Senator Thorne, of Nash.

For the minority Senator Grant presented the name of Dr. Cyrus Thompson, and Senator Mashburn seconded this nomination. Senators Peterson and Mashburn were made tellers. The vote was Simmons, 47; Thompson, 3.

The House, Twelfth Day
Speaker Connor convened the house today at 11 o'clock, prayer by Rev. H. M. North, pastor of Edenwa Street Methodist church. Petitions and memorials.

CATTLE FREEZING TO DEATH IN THE WEST

SNOW BLOCKADES IN CHICAGO, WHILE TULIPS ARE BIDDING IN NEW YORK, SAYS WEATHER MAN

COLD WAVE IS COMING EAST

NEW YORK, January 21.—"Cattle freezing to death in the west"; "First straw hat out in New Jersey"; "Traffic blocked by snow in Chicago"; "Tulips budding up-State". These were headline contrasts today coincident with an official forecast of "much colder" here.

With the mercury at near 70 yesterday it could be said colder with-out expecting the phenomenon of the past few days but today there is hardly any sign of an immediate freeze-up.

For the last three days the January records of forty-three days standing have been repeatedly broken. It was just 162 years ago today that Fulton established a Hudson river record by navigating one of his steamers on this date as far as Albany—a record equalled today for the first time.

There is not a particle of ice in the river. The ice men are reported "glam" and the consumers in the zone mood.

Colder Weather is Promised
WASHINGTON, Jan. 21.—The cold wave today had advanced into the Atlantic States from the middle west and was being followed in the northwestern part of the country by decidedly warmer weather.

The area of high pressure causing the cold wave was moving toward the New England states and the weather bureau issued a cold wave warning for the northern part of New England. Much colder weather in the Atlantic states tonight and warmer Wednesday in the interior was forecast.

Storm warnings were ordered on the Atlantic coast from Norfolk to Eastport, Me.

BAD CHECKS CHARGED AGAINST TRUSTED MAN

ATTACHMENTS SWORN OUT BY SEVERAL MERCHANTS AGAINST ALBERT D. RAWLS YESTERDAY.

BROTHERS MAKE MONEY GOOD

NEW BERN, Jan. 21.—Attachments were today sworn out against Albert D. Rawls by several local merchants who claimed that Rawls had given them worthless checks and in two instances had received cash from them. Rawls has for the past few years been paymaster for the John L. Roper Lumber Company at this point. Rawls is now in Norfolk, Z. V. and John Rawls, of Pamlico county, came to the city today and satisfactorily disposed of the attachments against their brother by placing money in the bank to cover the checks which he had given.

Rawls is a man in whom every one had implicit confidence and today's revelations were a shock to those acquainted with him.

MISS HELEN GOULD WILL REMEMBER DOWN-AND-OUTS

PLANS FEAST FOR THOUSANDS OF THE POOR AT THE BOWERY MISSION ON HER WEDDING DAY

WED FINLEY J. SHEPARD TODAY

NEW YORK, Jan. 21.—While being showered with gifts herself and busy with preparations for her wedding, Miss Helen Gould has made the army of homeless men in New York happy with an announcement that they will receive a treat tomorrow at her expense.

Tomorrow is the day of her marriage to Finley J. Shepard, of St. Louis, at Lynhurst, her country home, near Tarrytown.

The feast for the poor will be served by relay to a thousand men in the basement of the Bowery mission, in whose work Miss Gould has long been interested. A musical entertainment will also be provided.

Miss Gould decided upon this plan yesterday afternoon while messengers were beseeching her house bearing wedding gifts by the hundreds.

Some of the packages, it is assumed, came from the Bowery, where she has made many friends by her philanthropic work. One present was a silver dish sent by 257 girls of the bride's sewing school.

It was learned today that the number of guests invited to the ceremony tomorrow is not more than seventy-five, including all the members of the Gould and Shepard families, except Mr. Shepard's mother, who is ill.

INDIRECT EXPENSE TO GOVERNMENT

Wilson's Only Objection to the Inaugural Ball

MRS. WILSON WILL ATTEND

WASHINGTON, January 21.—President-elect Wilson's inaugural ball was officially abandoned today when the finance committee providing for the ceremonies on March 4th, struck it out of the Congressional resolution which covers the program.

TRIDENT, N. C., Jan. 21.—President-elect Wilson today declared that if arrangements were made for a popular reception at the capitol building as a substitute for the inaugural ball, Mrs. Wilson and the Misses Wilson would attend.

The governor said the impression with members of his family would not be present probably had arisen from his letter to William Corcoran Eustis, the inauguration chairman.

"Perhaps I did not make it clear in my letter," said Mr. Wilson today, "but I meant simply that the ladies should not be expected to stand in line and shake hands."

The governor said that while he himself did not fear the strain of the handshaking ordeal, he thought his family should be excused.

The governor took occasion to deny published reports that he and Mrs. Wilson had favored the abandonment of the inaugural ball because of the possibility that the dancers might indulge in the "turkey trot" and similar dances.

He said he had opposed the idea of the inaugural ball chiefly because of the indirect expense to the government.

"The reasons for my opposition," he said, "are set forth in my first letter to Mr. Eustis. I am glad to have been the instrument through which the institution was abandoned."

Minister Blames Mission Workers For the Uprising In China

CHICAGO, Jan. 21.—Dr. Arthur J. Brown, secretary of the Presbyterian board of foreign missions, speaking before the weekly meeting of Presbyterian ministers here yesterday, said that foreign missionaries were responsible for the revolution in China which led to the founding of a republic.

Dr. Brown said that Dr. Sun Yat Sen had confessed to him that he figured in bringing about the revolution because he had had the benefit of missionary training from his youth.

"The real truth is," said Dr. Brown, "that the revolution was caused by the missionaries spreading the doctrines of the rights of men. The whole human race is in an era of upheaval. A new spirit is abroad in the world. That is what is now appearing in China. They have been slow because they have been isolated."

"The leaders of the revolution were all Christians and had learned from missionaries or had studied in Christian lands."

Volcano Eruption in Mexico Drives Thousands From Their Homes

GUADALAJARA, Mex., Jan. 21.—The volcano of Colima broke into violent eruption last night. Thousands of people are fleeing from the villages and ranches in the vicinity.

It is believed that there has been some loss of life in the remoter settlements.

Hundreds of refugees arrived in this city this morning on a train composed of box cars, which had been picked up on a siding at a nearby village. The fleeing people had found it necessary to shovel away a quantity of volcanic sand before they were able to move the cars and for many miles along the way here the train had to be stopped frequently to clear the track of debris.

Very little lava was ejected from the crater, which, however, emitted vast quantities of smoke and sand, while suffocating gases formed an unusual feature of the eruption. A gale was blowing from the northwest and the probably saved many of the inhabitants of the surrounding districts, as it caused the flying sand and deadly gases to pass over their heads.

"Patient" Files Disapproval

The physicians of Greenville and FHT county have formulated their agreement and approved of it. Are the patients satisfied with these conditions, is the question? We think not. One objection is the advance fee from \$1.50 to \$2 as early as 7:30 p. m. Another is the continued charge of the night visit of \$3 as late as 7:30 a. m. Nine o'clock at night is as early as a patient really knows whether he or she needs the attention of a physician. We hope the doctors will reconsider their resolutions, which we hope will be less objectionable.

PATIENT.

Mr. Clark Oppose Free Passes For Public Officials Over Railroads

A bill to be entitled an act to prohibit the acceptance of free passes from Quasi Public Corporations by public officials.

The General Assembly of North Carolina do enact:

Section 1. That it shall be a misdemeanor for any member of the General Assembly, or any other public official to accept or use a free pass, or reduction of rates lower than is charged to the general public, for transportation over any railroad or other common carrier, or for any service from any express, telegraph or telephone company at any time during the term for which he shall have been elected.

Sec. 2 This act shall be in effect from and after its ratification.

Senator Overman's First Act In Senate Since His Operation

WASHINGTON, Jan. 21.—Senator Overman, of North Carolina, a member of the Congressional inauguration committee, today presented to the senate a joint resolution which subsequently passed, calling for an appropriation of \$25,000 to enable the secretary of the senate and the clerk of the house of representatives to pay the necessary expenses of the inaugural ceremonies of President-elect Wilson at the capitol on the fourth of March.

This was Senator Overman's first official act in the senate since he was elected on Monday, Feb. 3, to treat diseases of the eye and its glasses.

Six Inch Lizard in Man's Stomach For Fourteen Years

MAUNCH CHINK, Pa., Jan. 21.—Barney McNulty, after suffering from a peculiar illness for many years, has disclosed a six-inch lizard, which has been in his stomach since the days of the Spanish-American war.

Added to McNulty's suffering came a tooth ache, and when he went to a dentist the tooth had to be extracted. He became weakened from loss of blood. His stomach became unsettled and while it was being emptied the lizard was dislodged. The animal was alive and measured a trifle more than six inches.

McNulty was a private in the Porto Rico campaign in 1898. He does not remember drinking any lizard, but he recalls having drunk water while lying on his stomach. He is convinced that the animal entered his body at that time or else that he slipped up a lizard egg. His health is now improved.
