

Firemen On Fifty-Four Railroads Vote To Strike

NEW YORK, Feb. 11.—With a strike vote authorized by an overwhelming majority, the Brotherhood of Locomotive Firemen and Enginemen submitted its ultimatum today to representatives of fifty-four eastern railroads, as neither side yielded, the conference adjourned. Officers of the brotherhood are now authorized to call a strike at once, but its president, W. S. Carr, will, as a last resort, submit to the railroads a written statement of the union's attitude.

If a compromise on the question of wages and working conditions is not reached more than sixty thousand men may leave their engines within forty-eight hours.

PLAYS AND PLAYERS.

Jean Haviz is writing a sketch in which Marjorie Craig will star.

Amelia Sumnerville has been engaged for "When Dreams Come True," Trudy Prigara in a play submitted to the musical comedy entitled "The Bird Girls."

David Torrance has succeeded Percy Standing with Ethel Barrymore in vaudeville.

The Marquis of Queensberry's play "The Light" shines no more on the contemporary stage.

Dorothy Morton has replaced Elizabeth Murray in "Exceeding the Speed Limit," with Carter De Haven.

Frank Campanau has been engaged by Maurice Campbell for the ending role in "The Clock Breaker."

Joseph Medhill Patterson is to write a new comedy which Harry Askin intends to produce in the Spring.

Ryan Walker, the cartoonist, is making a tour, his entertainment being called "The Adventure of Mr. Duck."

William Hammerstein is to produce in vaudeville a play by a Chicago writer. Its title is "Lead, Kindly Light."

Mary Shaw has written a play called "The Parrot's Cage," and it is down for an early presentation in New York.

After her present limited vaudeville engagement Ethel Barrymore will appear in the Spring in a new Frohman production.

The Schuberts have recently acquired the American rights to the London Drury Lane pantomime of this year, "The Sleeping Beauty."

With Jessie Bonstelle, William A. Brady is making ready for the early production of "The Lady from Oklahoma," by Elizabeth Jordan.

John Barrymore is to appear in a new melodrama which will be presented in Chicago next month. The title of the play has not yet been selected.

The Drury Lane pantomime, "Hop O'My Thumb," will be put on just before the Christmas holidays next season at the Manhattan Opera House, New York.

Wilford Kne who came to this country with "The Drone," has been asked to give a series of Irish plays with a specially selected company in Chicago.

Bianche Walsh has been as favorably received in vaudeville with her plays, "The Countess Nadine," that she has accepted offers for a tour of forty weeks in the one-act drama.

It was made known in New York the other day that the new play in which Mabel and Edith Tullifer are to appear will be produced early in May instead of next Fall, as originally planned. Joseph Brooks has the management of these actresses, and for their medium has acquired the rights of a play by Cleveland Moffett, yet to be named.

Mr. Ficklen a Victim of Pick-Pocket At Raleigh

Mr. E. B. Ficklen who was one of the committee from the Tobacco Board of Trade to go to Raleigh Tuesday in regard to the anti-cigarette bill, met an experience that was not down on the program. While in the crowd that had gathered in the house of representatives to hear the discussion over the proposed removal of the county seat of a western county, some one relieved him of his purse that was tucked down in his hip pocket. Mr. Ficklen did not discover that he had been "touched" until after leaving the capital and was about to pay for his dinner in the Yarrowborough house. When he felt for the purse there was not any purse in the pocket. Feeling around among other pockets he found the purse in an outside pocket of his overcoat, but no money was in it. The pickpocket had evidently pulled the purse from the hip pocket, removed the money and dropped the empty purse back in the overcoat pocket. Fortunately Mr. Ficklen did not lose very much, as he was wise enough, not to take a large sum in his pocket. The pickpocket might have thought he was going to make a rich haul off the tobaccoist.

Resolutions of Respect to the Memory of R. W. King

Whereas, on the 11th day of January, 1913, while attending treatment at the Taylor Hospital at Washington, N. C., our well beloved brother, Richard W. King, departed this life and entered into that peaceful rest reserved for his upright Mason. Therefore, be it resolved:

1st. That Greenville Lodge No. 254, A. F. and A. M. mourns the loss of its beloved and faithful member.

2nd. That we shall miss the comradeship and brotherhood of our deceased member; we shall miss the warm grasp of his hand, but we will ever remember his virtues and strive to imitate his worthy example.

3rd. To his bereaved family in this sad hour of their bitter trial, we extend our sincere sympathy, and would comfort them with the blessed hope of a happy reunion some day with their departed loved one in that bright world where trouble never comes.

4th. That a page of the Record-Book of our lodge be set apart sacred to the memory of Brother R. W. King, and that these resolutions be inscribed thereon; a copy forwarded to his family, and a copy published in the Greenville Reflector and in the Southern League.

Every farmer who takes a paper that admits advertising to its columns receives the equivalent of a cash contribution, for were it not for the advertising to help pay for the cost of publishing the paper, the subscription price would necessarily be two or three times as much. A paper whose subscription price is \$2.00 would at least be \$6.00 if it had no advertising patronage, hence every subscriber virtually get four dollars from the advertisers. It follows that subscribers should have a kindly feeling for the advertisers in their paper and give them the preference in the bestowal of their patronage, for the reason that one good turn deserves another.—Gaffney, (S. C.) Ledger.

KILLS HERSELF IN LEAP FROM HOSPITAL ROOM

Mrs. R. W. Winston Met Tragic Death In Philadelphia

WIFE OF JUDGE WINSTON

Was One of North Carolina's Most Prominent Women. Had Been In Hospital Since January

PHILADELPHIA, Feb. 18.—Mrs. R. W. Winston, the wife of Judge Winston of Raleigh, N. C., and the sister of an Episcopal bishop of that state leaped from the 8th floor of the Jefferson hospital in this city late this afternoon and was instantly killed.

Mrs. Winston had been a patient at the hospital here for several weeks suffering from a nervous affliction and according to the physicians at the hospital she was never left unguarded.

She was subject to periods of hallucinations and had frequently threatened to end her life and instructions were given to the nurses never to leave her alone for a moment.

Just before evening while the nurses were changing details Mrs. Winston was temporarily forgotten, and although the nurse had frequently been out of the room for less than five minutes the time was seized by the southern woman and the best opportunity to take her life. She reached the window and before an orderly in the hall, who heard her throw up the sash and came to see who was in the room, could stop her, Mrs. Winston was dashed to death 100 feet below.

Her body rolled into Motavian street, where a pool of blood remained as the only evidence of the tragedy.

For hours the news of the death was suppressed. The coroner was notified shortly after the suicide, but under instructions from him no one at his office or at the hospital would give any details of the death of Mrs. Winston.

Finally when the pool of blood was discovered, Dr. Elmer Funk admitted that it was she.

Mr. Charles Haskett Dead

Mr. Charles Warren Haskett died about 2 o'clock this morning at the home of his parents, Mr. and Mrs. D. D. Haskett, on Twelfth street.

Charles Haskett was a little past 23 years of age, a young man of highest character, and numbered everywhere among his friends. After completing his school course here he entered the University, but had to give up his studies there about two years ago because his health failed. That dread disease, tuberculosis, fastened its fangs upon him and for many months he had been practically confined to his home. Though resting his condition, he bore his affliction with patience and was always cheerful and greeted his friends with a smiling face. While it was known that his death could not be far prolonged, he passed away so peacefully. The passing away of this young man brings great sorrow to many hearts, for none was esteemed more highly than he.

Besides the parents he leaves three sisters, Mrs. L. Runley, of Nashville, and Misses Bessie and Deane Boone Haskett one brother, Mr. James Haskett and one half brother, Mr. D. V. Haskett, of Portsmouth, Va. He was a faithful member of the Methodist church and the funeral will be held at the Cherry Hill cemetery.

Grand Jury Frees a North Carolina Boy On Charge Of Murder

WASHINGTON, Feb. 18.—Senator Overman introduced an amendment to the public buildings bill today providing for an appropriation of \$10,000 each for a building site at Rockingham and Mt. Airy, also to increase the appropriation for the Wilmington customs house to \$600,000. Representative Godwin has already secured \$40,750 in the house.

Mr. Overman's bill allowing Young Lemley of Winston-Salem, to re-enter the navy as past assistant paymaster, was acted upon favorably today.

The passage of the immigration bill by the Senate over Pres. Taft's veto is a victory for Sen. Simmons. The senator introduced the amendment which the President objected to.

Robert Lee Thomas of Thomasville, who has been in the district jail since Jan. 15, for killing Romie Stevens, was exonerated by the grand jury today and the North Carolina boy was released from custody. Thomas shot Stevens in the latter's home on January 15. He claimed he killed the Washington man in self defense.

Virginia Yard Will Build Largest Warship That Has Been Planned

WASHINGTON, Feb. 18.—The Newport News Shipbuilding Company bid \$7,235,000 for construction of the new dreadnought Pennsylvania with Curtiss turbine engines was the lowest of all proposals opened at the navy department today.

The new lowest bidder was the Pure River Company of Quincy, Mass., at 7,312,000 for Curtiss turbine engines and then in order came Cramp and Sons of Philadelphia at \$7,349,000 for Parsons turbine engines, and the New York Shipbuilding Company at \$7,352,000 for Parsons turbine engines.

The Pennsylvania, officially known as No. 38, will not only be the biggest ship in the American navy but so far as is known will exceed in size any warship so far laid down by a foreign power.

Her tonnage will be 31,000—almost three times that of the famous old Oregon, already dwarfed into insignificance by the great American dreadnoughts.

This latest addition to the navy will cost when complete with guns, armor and equipment, \$14,173,000. While only 600 feet long, the Pennsylvania will have a beam of 97 feet, almost as much as it is safe to negotiate in the Panama canal locks. Her draft will be 28 feet 6 inches, which will leave open to her most of the great mercantile ports of the world. A battery of 14-inch guns, the most powerful naval weapons afloat, supplemented by four torpedo tubes and twenty-two 5-inch secondary guns, will constitute the ship's battery.

Bill for Bridge.

Dr. B. T. Cox has introduced in the legislature a bill submitting to a vote of the people the question of building a bridge across Tar river at Boyd's Ferry or Pactolus. The bill will come up for consideration before the committee on next Monday afternoon, when all desiring to be heard can be present.

service will be conducted in the church at 3 o'clock Thursday following, the interment following at 10 o'clock Wednesday.

House at Night Session Votes For Six Months School Term For State

Passes Majette Bill After Two Hours Discussion. Senate Kills House Bill Providing For Family Mileage Book. Many Measures Passed During First Half Hour of Night Session

RALEIGH, Feb. 19.—The biggest work for most reaching achievement of the General Assembly of 1913 will be the ratification of the bill which passed the house last night to provide a six months term in the public schools throughout every county in the state.

By the almost unanimous vote of ninety-eight to three, the second reading last night just before 10:30 o'clock, the third reading was made the following morning today, on motion also provided that there should be no further debate on the measure. The discussion of the bill last night consumed less than two hours time.

Representative Majette, author of the bill and chairman of the committee on education, used half an hour in explanation of the various provisions of the measure and Representative Stewart consumed fifteen minutes in a dramatic speech against it. Other speeches were limited to five minutes each. Mr. Stewart's speech was the only one made in opposition to the measure. Chairman Williams, of the Finance Committee, and Representatives Seawell and Miller were among those who championed the bill and spoke for its passage. All of them made forceful and impressive addresses.

THE SENATE

President Daughtridge called the senate to order at 10 o'clock and the opening prayer was by Rev. A. V. Joyner, pastor of Fayetteville street Baptist church.

Petitions: From citizens of Pender against state wide stock law; from Junior Order council of Henrietta for Salisbury for six months school and compulsory school attendance.

House Mileage Bill Killed

The house mileage bill, providing, as it passed the house with the requirement as to pulling mileage on trains eliminated, simply that the flat passenger rate be 2 cents a mile unless the railroads put on a 2 cent family mileage book, was before the senate on a minority report filed by Senator Evans of Pitt from Judiciary committee No. 2.

Senator Evans made an argument for the bill, urging that there was no reason why all mileage should not be paid at the same rate.

Senator Bryant spoke in opposition, taking the position that the whole question of passenger rates, lately settled by agreement, should not be reopened, especially in view of the fact that the state was facing the great freight rate crisis. He expressed himself as willing, by the way, to see the whole power and all the forces of the state put in operation to crush the railroads if the freight rate inequalities were not adjusted.

Sen. Daniel, who in 1907 had introduced the 2-1-4-cent compromise, took a like position, but Sen. McLean contended that a man's wife and children should ride at the same rate as the man. Sen. Ward called the question and on a roll call vote the minority report was voted down overwhelmingly, only Senators Allen, Evans of Pitt, McLean and Wakefield voting in the affirmative.

At 1:50 the senate adjourned until 10 o'clock Wednesday.

Shorter Hours For The working women Is Senate Measure

WASHINGTON, Feb. 18.—An eight hour day for women workers throughout the country employed in any industrial concern engaged in interstate commerce would be provided for in a bill introduced by Sen. Kenyon today. The measure would also forbid railroads engaged in interstate commerce from accepting goods from any concern violating its provisions.

Hours is prescribed as the maximum time for a day's work for women in the District of Columbia in a bill a senate committee today agreed to favorably report.

The two bills are included among those favored by the Republican caucus and a determined effort will be made to have them acted upon before the close of the session.

West Virginia Lawmakers Being Examined Before Grand Jury

CHARLESTON, W. Va., Feb. 18.—Members of the West Virginia legislature testified today before the special grand jury investigating charges of alleged bribery in connection with the United States senatorial campaign, but there was no word from the grand jury rooms as to when a report might be expected.

Failure of the jury to report last night was taken to mean that the investigation had gone much farther than was generally expected.

Interest centered on the senatorial election. It was said at the state house that the supporters of Elkins, Edwards and Hubbard, three of the leading Republican candidates, had determined that the choice for senator should be made in a state wide primary while the friends of Isaac T. Mann, the other leading candidate were equally determined to have selection made in the senate tonight.

There are three more days of life left to the legislature and because of the number of important appropriation bills to be passed and the desire to redeem campaign pledges in the enactment of progressive legislation it was said there was little probability of the legislature investigating the bribery charges at this session.

However, a special session may be called and if that course is adopted, it was predicted the many mysteries surrounding the entire matter will be laid bare as the legislature will have no other business before it.

which it is located. No other agency can or will do this. The local editor, in proportion to his means, does more for his town than any other ten men, and in fairness, man should be supported, not because you like him or admire his writings, but because a local paper is the best investment a community can make. It may not be brilliant or crowded with great thoughts but financially it is more of a benefit to a community than a preacher or a teacher. Understand us now, we do not mean morally or intellectually, but financially, and yet on the moral question you will find the majority of local papers are on the right side of the question. To the editors of local papers do the most work for the least money of any people living.

MADERO UNDER ARREST; HUERTA IS NEW RULER

Brother of Former President Also Under Arrest

CROWDS CHEER GEN HUERTA

Official Order Has Been Issued By The New Government Opening The Cables For Regular Service

MEXICO CITY, Feb. 18.—President Madero has been arrested in the national palace by General Blanquet, backed by his troops. Gustavo Madero, brother of the president, was arrested about the same time in a restaurant and the other members of his family are under arrest in the palace the crowds are running about the streets crying "Vivas" for Huerta and Diaz.

Gen. Victoriano Huerta, the military commander of the federal troops has been proclaimed president. This followed a conference between representatives of Huerta and General Diaz.

An official order was issued by the new government opening the cables for regular service. The censor, however, refused to leave his post for a considerable time after the Madero government had been ousted.

Huerta's attempt to communicate with Diaz this afternoon precipitated a sharp battle in which the rebels opened up with a terrific fire of small arms. At 4 o'clock the order to "cease firing" brought the battle to a close.

Mexico Torn Asunder

WASHINGTON, Feb. 18.—With the government of President Francisco I. Madero fallen and General Victoriano Huerta, proclaimed president of Mexico, it devolves upon American Ambassador Henry Lane Wilson at once to treat with the defect Mexican government for the protection of Americans throughout the republic.

Political recognition of the government which emerged tonight out of the travail through which Mexico has passed in the last two years, will be a slower proceeding. But with many Americans dead from the bullets of the contending forces in Mexico City with hundreds wounded and thousands rendered homeless because of the carnage which has resulted from the short range firing in the streets of the city, Mr. Wilson's first duty will be to treat with the new president for amelioration of the conditions imposed upon Americans and other foreigners, especially since the revolution entered its last stages.

While this government will take no concern over the choice of a successor to President Madero, and a successor will have to demonstrate his ability to maintain stable government before political recognition will be accorded him by the United States, Mexico is today hounded and torn asunder by many revolutionary movements. The principal of these are the Orozco movement in the north and the Zapata uprising in the south. Lawlessness has become life and robbery bands, masquerading as revolutionists, have sent terror through the country from Rio Grande to Yucatan.

Interesting News Of The Day In The Capital City

RALEIGH, Feb. 16.—The annual meeting of the associated charities, held this afternoon, was largely attended by the hundreds of Raleigh people. Rev. Chas. E. Maddy, pastor of the Baptist tabernacle, delivered the address. Fine music was rendered by a special chorus.

Raleigh people are awaiting with interest the action of the board of sidewalk on the water situation in this city. It having been stated that the board would recede from its position of hostility to the Wake Water Company and allow it to continue to furnish water here without opposition. The water company proposes to build a storage reservoir and otherwise improve its plant, expecting thereby to reduce its charges. The receding matter is still in the courts, but is expected to be settled this week.

Interest in the banquet to be given here Wednesday night, February 25, in honor of Senator Simmons, Governor Craig, National pardon man Danahy, has increased during the last few days and it is expected that hosts of their friends will be present.

Jason Withrow, an old white man, convicted in Rutherford county of perjury, has been granted a pardon by Governor Craig. Governor Kitchin having given the old fellow a conditional release. It appears that Withrow testified to buying liquor from a young man who was acquitted. Then the old man was charged with perjury and convicted. It afterwards developed that numerous affidavits had been made that the alleged taker was selling liquor and Governor Craig thought it only right that the charge be wiped out against Withrow.

Bethel Items

BETHEL, Feb. 14.—Today has reminded us of last winter very much. We regret to state that two of our most esteemed old people are right sick. Mrs. Hammond and Mr. Guilford Andrews. We hope they may soon be much improved.

Mrs. W. H. Woodard spent last week visiting friends in Grifton.

Mrs. W. J. Smith was called to Plymouth Tuesday on account of the illness of her brother-in-law, Mr. Freeman.

Mr. J. D. Woodard of Robertsonville was in town Tuesday night.

Mrs. Frank Wilson and children of Greenville have been visiting in town this week.

On Tuesday evening Mrs. J. A. Sten- ton delightfully entertained the Round Dooz Club in her handsome new home. She had special guests, Mrs. Wilson of Greenville, Messrs. W. H. Woodard, H. P. Stenton and Vance Bunting, T. R. Andrews, J. T. Gar- ganus, and O. L. Wiehards. One form of amusement was a sewing contest which tested their skill and patience. The prize was won by W. H. Woodard. All showed rare skill in needlecraft. At a late hour all left voting Mr. and Mrs. Stenton many thanks for such a pleasant evening.

Bethel feels rather proud of her two new foundations owned by Mr. R. A. Pool and Motina Drug Co. It shows they appreciate their trade and try to please them.

There was a little excitement around the Jones Hotel last night about eleven o'clock. Some one tried to enter the room occupied by Miss Mable Harbrell by way of an outside window. Fortunately she was awake and gave the alarm before he succeeded in getting in.

The land sales on Tuesday were very good. We hope several new routes will be built soon.

This is My Birthday

Lieut. Governor Bulyea
George Headley Vickers Bulyea, Lieutenant Governor of Alberta, was born in Gagetown, N. B., February 17, 1858. He graduated from the University of New Brunswick in 1878 and drifted into mercantile pursuits. He removed to the west and in 1891 was an unsuccessful candidate for the Northeast Territorial Council. He was elected to the territorial legislature in 1894 and was re-elected by acclamation on accepting office in 1897. He was then non-resident member of the Maultain-Ross executive council. Mr. Bulyea was appointed Yukon commissioner for the territorial government in 1898 and was re-elected by acclamation in 1902 and next year he became commissioner of public works for the territories. In 1905, when Alberta was erected into a Province, Mr. Bulyea was appointed first lieutenant-governor. He is now serving his second term.

Y. W. C. A. Service

Prof. H. B. Smith conducted a most interesting service last evening. His talk was full of helpful advice, and the students listened eagerly to the message that he brought them which was: Not to compromise but have conviction about things and stand up for them. He said that it will not do to compromise over. He illustrated this by the life of Solomon and showed how he erred in this respect—and that his life closed miserably because of it. He closed with the parting injunction—"Fair God and keep his commandments for this is the whole duty of man."

SUBSCRIPTIONS RECEIVED AT THIS OFFICE

ROCKY MT. Feb. 14.—In response to a general alarm of fire shortly after 2 o'clock Thursday afternoon the city fire department was called to the Southern oil company's plant on Huna street. Smoke was pouring from the basement of that part of the mill known as the cake room, and a spreading of the flames was only prevented by the construction of the building which possesses an inch fire wall between the press room and the engine room, which was located next. Following a discovery of flames in the cake room the fire doors were closed and this caused a confining of the flames to this room alone. The fire, it is believed, was started from one of the cotton seed meal chutes, which was in the cotton seed meal chutes had been baked and as the meal was passed to the basement of the building it quickly kindled a flame that soon called forth an alarm and drove the workmen from the room.

Though the damage is hard to estimate, it is thought that the damage to the building will be several hundred and possibly a thousand dollars. The greatest loss is represented by the stock which was stored or in working there and this represents some \$8,000. It is thought that the total loss will be easily in excess of \$8,000 and is fully covered by insurance.

LIGHT OF OTHER DAYS

By O. V. NETTLESHP.

"I don't see what in the world we shall ever do with all our things," sighed Mrs. Hemming when she and her husband decided, after much discussion, to move from their house which was too long and too narrow for the children had all gone away to homes of their own.

WHAT DOES "LURID" MEAN?

Popular Usage of the Word is Opposed to Its Definition, Which is "Pale."

"Two men got into an argument regarding the meaning of the word 'lurid.'" One of them used the word, as the police reporter used it, to describe the red in the sky made by a fire at night.

HIS FIRST SIGHT OF BANDS

Crowd Prowled to Be Very Human When Cripple Long Blind Was Wheeled Up.

All his life he had been blind; nearly all his life he had been blind; but always he could hear, and the thing he liked best to hear was martial music by the band he heard in his dream. The Home for Incurables was on a side street, out of the way of bands. The operation that restored his sight was followed shortly by a big parade.

NURSES OF 150 YEARS AGO

Old Time Article Tells the Difficult Duties and Requirements of Their Profession.

In their "History of Nursing," the authors, Miss Nutting and Miss Dock, quote from an article written in 1764, which gives an insight into what was required by the band he heard in his dream. The Home for Incurables was on a side street, out of the way of bands.

FACT ABOUT THE "BLUES"

What is known as the "Blues" is seldom occasioned by actual exerting external conditions, but in the great majority of cases by a disordered liver.

THIS IS A FACT which may be demonstrated by a course of **Tutt's Pills**. They control and regulate the LIVER, they bring the bowels and stomach to the mind. They bring health and vitality to the body.

Zemo for Dandruff

You Will Be Surprised to See How Quickly It Disappears.

No more dirty costs from dandruff heads. Zemo stops dandruff. Apply it any time with tips of fingers. No smell, no smear. Zemo sinks into the pores, makes the scalp healthy, makes the hair fine and glossy.

PRIVILEGE OF BEING AN ASS

Generally Considered Inalienable, but New York Legislature Has Just Taken It Away from the Student Thought Otherwise.

Compared to the inalienable right to make a fool of oneself in the right of free speech, which loud-mouths proclaim the most cherished one, is of small concern in the average person.

BEAT ALL RECORDS BADLY

Irish Athlete Ran in No Time, for the Stop Watch Had Actually Stopped.

An Irish athlete, who was training for a mile race, which he had very high hopes of winning, went one day, accompanied by his man, Pat, to have a trial in a field connected with a school house.

JUST ESCAPED WORSE FATE

Fine of Man Who Attempted Suicide Would Have Been Larger Had He Succeeded.

One evening, several years ago, in a cold mining camp in the Transvaal, a student caught by an extraordinary accident in the act of standing still under an open umbrella while the stars shone overhead, was fined \$10 and warned that the penalty for a second offense of similar genesis would be a term in the workhouse.
