

ANNOUNCEMENTS BY PRESIDENT WRIGHT.

Loan Fund. Funds have been left to the institution donated by:

- Donated by Class of 1911. \$112.50
- Donated by Class of 1912. 200.00
- Donated by Summer School. 1912 45.00

These funds have already been instrumental in helping seven students to attend school.

The Class of 1913, these young women who are just receiving their diplomas, have left a Loan Fund of \$300.00 to be used as follows:

1. This is to be known as the "Class of 1913 Loan Fund."
2. The loan shall be made to some member of the Junior or Senior class.
3. No loan is to be granted to a student who has not spent at least one year at the East Carolina Teachers Training School.
4. The students to whom these loans are granted shall make an average grade of "C."
5. There shall be three loans, each of which shall be \$100.00.
6. These loans shall be voted by the faculty with the recommendation of the student by the President at the first regular meeting in October.
7. If there are less than three applicants for these loans with the stated requirements, they shall be left to the disposal of the President or the school.
8. These loans shall be made for three years with interest at 6 percent beginning at the close of the school year for which the loan was made.

9. Since a high grade of scholarship is required, the names of the holders of these loans shall be made public at the time of their election and shall be printed in the catalogues of the school year for which the loan was made. Comment upon the spirit that prompted these funds.

The growing needs of this school have made it necessary for the employment of an additional teacher. Miss Mabel M. Comfort now in Teachers College, Columbia University, has been elected as teacher of Mathematics and History.

Enrollment last year 235
Enrollment this year 252
(This represents 51 counties.)

Refused admission this year (regular term) 112
Refused admission for this summer term 175
Refused admission prior to this year 641

Total number applying above our capacity to accommodate since school first opened four years ago 929

Summer Term. (Explain that this term is just as other terms.)
Fall Term begins September 23rd. Already students are making application for admission to our fall term.

In addition to the thirty young women who have just received our diplomas, the school gives this year sixty-eight certificates as follows:

One-Year Course—4.

Piles Cured in 10 to 14 Days.
Your druggist will refund money if PAZO OINTMENT fails to cure any case of hemorrhoids, bleeding or protruding piles in 10 to 14 days. The first application gives ease and relief. See bottle for full directions.

Shake Off Your Rheumatism.
Now is the time to get rid of your rheumatism. Try a twenty-cent bottle of Chamberlain's Liniment and see how quickly your rheumatic pains disappear. Sold by all druggists.

One Hundred and Twenty-Eight Bicycles on Hand.
An incredulous fellow, not from Missouri, either, thought we were overblowing the picture the other day, in talking about the immense bicycle business of the John Flannagan Buggy Company. If he wants to know some facts, here they are: We have since looked in at the plant to see what they had, and by actual count found 73 bicycles in the show room, and there were 50 more in the storage room. It was just an ordinary thing for the firm to get a carload of wheels in the time. No wonder they are selling them and putting nearly everybody to riding.

Stops Scalp Itch.
Dandruff and Every Form of Scalp Disease Cured Quick by Zemo. It is simply wonderful how Zemo goes after dandruff. You rub a little of it in with tips of the fingers. It gets right down into the glands, stimulates them, stops the itch, and makes the head feel fresh. No, it isn't sticky! Zemo is a fine, clear, vanishing liquid. You don't have to even wash your hands after using it for eczema, rash, pimples and all skin afflictions. A 25-cent trial bottle at Bang's Pharmacy is guaranteed to stop any scalp irritation.

Zemo is prepared by E. W. Rose Medicine Co., St. Louis, Mo., and is regularly sold by druggists at \$1 a bottle. But to prove what it will do at trifling expense, Zemo is now put up in 25-cent trial bottles.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.
Every family without exception should keep this preparation at hand during the hot weather of the summer months. Chamberlain's Colic, Cholera and Diarrhoea Remedy is worth many times its cost when needed and is almost certain to be needed before the summer is over. It has no superior for the purposes for which it is intended. Buy it now. For sale by all druggists.

Young Oxford Man Found Dead With Pistol Wound In Head

OXFORD, June 9.—Wm. T. Lassiter, son of R. W. Lassiter, banker and farmer, was found dead yesterday morning about 6 o'clock at his father's country home, death being the result of a pistol shot.

While a bullet through the right temple must have caused immediate death there is known not the slightest reason for any suicidal intent and it is thought by many people that the shot was fired by accident in a nightmare. The stricken family, alone, were with him and they know as little about it as strangers. There is left no message that indicated any dissatisfaction with life, it is learned here.

Young Lassiter was a splendid boy of twenty-four, a communicant of the Episcopal church, a man of strong mind and the youngest son of a family of our boys and one girl. He lost his mother several weeks ago and the family has suffered many griefs. Last week he was at work with another brother and health and spirits were perfect.

He retired Saturday night in apparently perfect bodily and mental condition. It is not known how his father came to find him when he did, but it is understood that the pistol shot aroused the father.

The funeral services were held this afternoon from the Lassiter home on the edge of town and the burial took place in Elmwood cemetery. Rev. F. H. T. Horsfield, of St. Stephen's Episcopal church, officiated.

Death of Mr. Coffield.
News was received here last night of the death in Robersonville of Mr. J. H. Coffield at the age of near 70. He was a Confederate veteran and was in Greenville just a few days ago, having come to follow his usual custom of attending the Memorial Day exercises. Besides his widow, the deceased leaves five children, two sons and three daughters, among them being Mrs. W. R. Smith and Mrs. Annie Pittman of Greenville.

NOTICE.
All persons living in the stock law territory should comply with law requiring all stock to be kept up. Those who disregard this law will subject themselves to prosecution and their stock to being impounded, which all citizens should wish to avoid.

By order of the Board of County Commissioners of Pitt county.
BRASCOE BELL, Clerk.

The Home Kitchen.
Paint your kitchen walls and wood work white above the wainscoting. It keeps soiled hands away. Its cheerful brightness is always inviting. One quart of Thompson's added to one-half gallon of L. and M. semi-mixed red paint makes 3 quarts of the highest grade of pure paint, and it is enough to paint a kitchen and two more rooms. For outside painting the very highest grade of long life paint is made by adding 2 quarts of pure Linseed Oil to each one gallon of L. and M. Semi-Mixed Red Paint. Sold by J. R. and J. G. Moye.

Free That It Pays.
For the fiscal year ending April 30th the advertising patronage of The Reflector was twenty-five per cent larger than for the previous year and for May, the first month of the present year, it was more than twenty-five per cent larger than in May of last year. This is proof that those who use The Reflector advertising columns find that it pays them.

Strayed!
From my farm six small shags, weighing about 25 or 30 pounds. Marked swallow fork in right ear, black with few small white spots. Alonso Allen, Greenville Route 3. If found, please return to the owner.

AN OLD ADAGE SAYS—

METAL OF THE STANDARDS

Scientists After Long Research Seem to Have Evolved Almost Perfect Alloy for the Purpose.

There are, undoubtedly, no products of human skill which a greater degree of care is expended than the standards of weight and measure in use among the civilized nations. Two things in particular must be considered—accuracy and durability. Nature does not, it is contended, furnish any single metal or mineral which exactly answers the requirements for a standard of measure or weight that shall be as nearly as possible unalterable.

It is held that the best substance yet produced for this purpose is an alloy of 90 per cent of platinum with 10 per cent of iridium. This is called iridioplatinum; and it is the substance of which the metric standards prepared by the international commission of weights and measures are composed.

It is hard, it is less affected by heat than any pure metal, it is practically non-oxidizable, or not subject to rust, and it can be finely engraved. In fact, the lines on the standard meters are hardly visible to the naked eye, yet they are smooth, even, sharp and accurate.

It is said that if our civilization should ever be lost and relics of it should be discovered in some brighter age in the remote future there is nothing which would bear higher testimony to its character than these standard measures of iridioplatinum.—Harpers Weekly.

J. R. & J. G. MOYE
GENERAL STORE PAINTS OILS
When You Paint

Use PURE Paint and Use Pure LINSEED Oil to add to it at one-half the cost of Paint.

PURE PAINT is made with WHITE LEAD, ZINC and LINSEED OIL—the way the L. & M. SEMI-MIXED REAL PAINT is made.

But ALL the OIL needed to make the L. & M. PAINT ready for use is NOT put into the Paint when it is prepared for the Consumer who buys it.

The ADDITIONAL quantity of OIL is put into the Paint by the CONSUMER, as by doing he SAVES MONEY.

Therefore—buy 3 gallons of LINSEED OIL with every 4 gallons of L. & M. PAINT and MIX the OIL with the PAINT.

If the Paint thus made costs more than \$1.40 per gallon—If the Paint you use it is not perfectly satisfactory—Then return whatever you have not used, and get back ALL you paid for the OIL, or if it is used, the money paid to the Painter.

Letter From Former Greenville Man

Williamston, N. C., June 9th, 1913.
Editor of The Reflector, Greenville, N. C.

Dear Sir: I feel that no true man ever loses interest in the place of his birth and that he is always alive to every forward step for good which his old home is making.

"Almost everything can be done in Russia with bribes and the same thing has been going on for centuries. Even in the middle ages the peasants lived under the rule of graft similar to that of today."

Remembered to Many.
At Meigs, Wesley, Bunyan, Baxter, Newton and any one of these said: "There, but for the grace of God, goes . . . they must each plead guilty to plagiarism if the 'Dictionary of National Biography' is deemed as bad as the police graft in America. It is nothing in comparison to Russia. The empire is honeycombed with it."

"Almost everything can be done in Russia with bribes and the same thing has been going on for centuries. Even in the middle ages the peasants lived under the rule of graft similar to that of today."

Several years ago when I took up my abode in the town of Williamston, the system of working the roads was exceedingly bad. The roads were very sandy and bad at all times. The progressive spirit influenced the better element of thinkers and the better of a bond issue was put before the voters of the township and they voted an issue of \$40,000. All the money was expended in the road system and the roads were very good.

We have now all of the leading roads to our town in good shape—seamless, smooth and there are no demands for a change to the old system.

If a man says that the road building is expensive, two men answer and say: "Yes, but they are worth twice what they cost." My observation convinces me that your township can't afford not to build better roads.

It does not there will be regret in the future.

Seals Cut Steps in Ice Cakes.
How seals cut steps in the perpendicular sides of ice cakes in order to raise the water for the purpose of breathing has been recorded by members of Captain Scott's antarctic expedition.

It was discovered that the seals, which formerly were supposed to leave the water by leaping, actually cut steps in the slippery surface with the great canine or eye teeth. As soon as the teeth are placed in position, the head is moved rapidly from side to side until the ice has been cut away sufficiently to afford a footing for the front flippers of the animal.

Each step has to be laboriously cut after this fashion until the body is far enough out of the water to be thrust up the rest of the way by a kick of the hind flippers.

It Did Not Matter.
They were on their honeymoon, and were spending it amidst the mountains of Switzerland. Nearly every day they attempted to climb to a fresh height.

Flushed with triumph and with excited heat, parched and scant of breath, they had at last gained the summit of a lofty peak. Then they passed.

"There!" exclaimed the wife who she had finished panting. "We have tramped all this distance to admire this beautiful view and we've forgotten the object of our trip!"

"Never mind, darling," replied the husband, taking a small flask out of his pocket. "There's no one about. We can drink just as well out of the bottle!"

There is Only One "BROMO QUININE" THAT IS LAXATIVE BROMO QUININE.

Be Happy!

Happy the girl, or woman, who has never suffered from any of the diseases of womanhood. Or, if she has been a sufferer, happy is she if she has learned of the wonderful benefits of Cardui, the woman's tonic.

Cardui is a gentle, tonic remedy, for women's ailments. It is a natural medicine—safe, harmless, purely vegetable. It has been in successful use for more than 50 years. It has cured thousands. It should do the same for you.

TAKE The CARDUI Woman's Tonic

Mrs. Mary Neely, of Denver, Tenn., says, "I think there is no tonic on earth, as good as Cardui. I used it with the very best results. I had backache and nearly everything a woman could suffer with, until I took Cardui. Now, I feel better than I have for two years. I shall always recommend Cardui to other suffering women. I can't praise it too highly. As a medicine for weak, tired, worn-out women, Cardui is safe and reliable. Try it, today."

LADIES APPEAL FOR REPAIRS AT COUNTY HOME

Present Arguments Showing Need For Improvements

WANT ACTION TAKEN AT ONCE

Twenty Grand Jurors in Thirty Years Have Recommended That Repairs Be Made, But Little Has Been Done

Mrs. A. B. Blaw as president of the Ladies County Home Society, is sending out circulars over the town and county in an effort to secure aid—county in an effort to create a sentiment in favor of repairing one or two of the buildings at the county home. Those who are familiar with the existing conditions at the home say that these repairs are very much needed and that it is the duty of the county to look after the matter, and have the necessary repairs made.

The circular letter, followed by reports of twenty Grand Jurors for Pitt county, recommending with more or less strength, a comfortable home for the county's poor, must live at the Poor House.

A Grand Jury is an official body, a part of the county's government, acting on authority given by law, and under oath.

Their recommendations, as you know, should not be ignored. To do so is dangerous to our peace and good order.

Therefore, it is the duty of every good citizen of Pitt county to aid the County Commissioners in carrying into effect the persistent recommendation of the Grand Jurors. The Commissioners desire to act for the citizens of the county, so, if you are in favor of carrying into effect the recommendations sign a petition and ask your neighbors to sign it with you, to the Commissioners, asking them to do so, and send it to the chairman.

"Also we find the buildings occupied by the Home totally unfit for habitation. They are shabby covered, and the shingles are gone, the buildings generally are badly run down and in need of repairs. To make them comfortable for the coming winter about \$2,000.00 worth of repairs is needed. We especially recommend that larger and better buildings be provided, that in our opinion, a modern brick building should be constructed for the Home, that the present buildings are so badly run down that now is the proper and economical time to construct new buildings for the Home. They are needed, and the construction of them is a necessary expense upon which we believe the County should act without further delay."

JANUARY TERM, 1912.

"We find the County Home well kept and inmates well cared for, but recommend that necessary repairs be made on the buildings."

SEPTEMBER TERM, 1887.

"We find the buildings in fair condition except one, that needs to be repaired immediately for the comfort of the occupants therein."

Good Road Column

WHICH DO YOU PREFER, BONDS WITH NO INCREASE IN TAXES, THAT MEAN GOOD ROADS NOW AND NO MORE SIX DAY TO THE YEAR FREE LABOR,

PAY-AS-YOU-GO WITH A 66 2-3 PER CENT INCREASE IN YOUR ROAD TAX AND GET NO IMPROVED ROADS, BUT CONTINUE TO THROW AWAY YOUR MONEY AND THE SIX DAYS TO THE YEAR THAT IS WASTED IN THROWING SAND IN THE MIDDLE OF THE ROAD TO BE WASHED OUT AGAIN?

For the past eight years the people of Greenville township have been paying a road tax that amounts to more than thirty thousand dollars, yet where have our roads been improved? Have the expenditure of half that amount? Do you think it would be wise to increase our taxes 66 2-3 per cent and go on throwing the money away under the old system that we have had for the past eight years?

There is a remedy. Change the system. And instead of increasing our taxes and working six days on the roads free, issue bonds that will give you good roads without the extra taxes or the free labor.

Issue bonds and in two years you will have good roads all over the township. Your taxes don't go up, but each year a part of the bonds are provided for by a sinking fund and in forty years they are all paid off. Over 65 of the counties of the state have adopted this method and it pays. If you fall to issue bonds there is another bill to be voted on by the entire county that will if passed put your taxes up under the old system, and you will go on working the roads six days each year and spending the tax money to throw sand in the road after each rain.

In making the statement that under the bond issue taxes will not be put up, it must be understood that this means if we spend the entire road tax that we are now paying on Greenville township. This will necessitate our withdrawing from the general county fund and we will no longer be burdened with the support of the convicts, nor will we need them after our roads are constructed. Think it over, Which is the better for you, Mr. Tax Payer and Voter?

GREENVILLE, N. C.

Whichard has been an editor continuously in the same town longer than any other man in the state.

Mr. J. D. Kemond has been editor continuously of the Graham-Gleaner since May, 1889, thirty-three years.

Mr. John A. Noell, of the Roxboro Courier, has been editor of that paper since January, 1886, twenty-seven years.

Mr. Joe M. Reese has been the editor of the Greensboro Record continuously for 23 years, having begun his work in 1890. He was a "mere kid at the time," he says, and is "not much older yet."

Mr. T. G. Cobb, of the Morganton Herald, has been editor of that paper since 1885, twenty-eight years.

Mr. M. L. Shipman has been editor of the Hendersonville Hustler for nearly 22 years, or since October, 1891.

Mr. H. B. Varner, of the Lexington Dispatch, has guided the fortunes of that paper ever since May, 1886, seventeen years.

Mr. R. R. Clark has been editor of the Statesville Landmark since February, 1892, more than twenty-one years. He has, however, been connected with the Landmark continuously since September, 1883.

The editor of the Concord Times has served in that capacity continuously since March, 1885, twenty-eight years.

There are several other editors who have been connected with the same paper as editor continuously

for many years, among them Mr. F. M. Williams of the Newton Enterprise; Mr. Josephus Daniels of the Raleigh News and Observer; Mr. J. J. Farris of the High Point Enterprise; Maj. E. J. Hale of the Fayetteville Observer; Mr. Jos. A. Harris of the Hillsboro Observer, and probably others, but we have not the data at hand.

Guaranteed Eczema Remedy

The constant itching, burning, redness and disagreeable effects of eczema tetter, salt rheum, itch, piles and irritating skin eruptions can be readily cured and the skin made clear and smooth with Dr. Hobson's Eczema Ointment. Mr. J. C. Cleveland, of Bath, Ill., says: "I had eczema twenty-five years and had tried everything. All failed. When I found Dr. Hobson's Eczema Ointment I found a cure." This ointment is the formula of a physician and has been in use for years—not an experiment. That is why we can guarantee it. All drug stores or by mail. Price 50c. Pfeiffer Chemical Company, Philadelphia and St. Louis.

Hotel Proctor to Be Opened on Next Friday

The Finishing Touches are Now Being put on

BUILDING COST LARGE SUM

New Hotel Contains Sixty Rooms, All With Running Water, and Thirty of Which are Connected With Bath.

Authoritative announcement was made this morning that Hotel Proctor will open for business next Friday, June 20. At that time Greenville will come into possession of what is perhaps the finest hotel to be found in any city of six thousand population in North Carolina. The new hotel is indeed a credit to the town and one in which every patriotic citizen should feel a pride. No better evidence of the progress and prosperity of the town has there been in several years than is this new home for travelers.

The finishing touches are now being put on and the last of the furnishings are being installed today. Practically all that remains to be done is the placing of the furniture and the cleaning of the floors of the building. Manager Lavender says that there is no doubt but that the hotel will be formally opened up to the public by next Friday, the date that has been set for the event. Already meals have been served to several invited guests but no regular customers have been taken.

When completed, Hotel Proctor will represent an outlay of a considerable sum of money. This sum has all been spent in the erection and equipment of the building. No time, aside from that occasioned by unavoidable delays, has been lost since work on the building was started in August, 1912, less than one year ago. The pressing need for additional accommodations was realized and every effort was made to rush the structure to as early completion as possible.

The building is four stories high, including the basement. It contains sixty rooms besides the dining room, the office, the lobby, the news stand and two storerooms. Thirty-six of these rooms connect directly with the bath, and there is running water in every room in the building. The hotel is modern in every respect, and, as has been said, has few, if any, equals in North Carolina in cities the size of Greenville.

Hook and Rogers, the well-known architects who made a name for themselves in designing the new quadrangular scheme of buildings at Trinity College, were the architects of the new hotel building. C. V. York, of Raleigh, the contractor, has done his work with marked precision with respect to the plans of the architects.

The building was formally turned over to the Proctor Hotel Company on last Saturday. Lee Paschall, of Richmond and C. F. Whitten, of Weldon, are the lessees of the new hotel, and G. S. Lavender, formerly with one of the largest hotels in Sumter, S. C., will be the manager. Mr. Lavender is a hotel manager with considerable experience and is fully capable of looking after the interests of the new concern.

The board of directors is composed of some of the best business men in the town, all of them being experienced in handling business matters of considerable proportions. They do

Mrs. Anne F. Evans Dead

About three o'clock this morning Mrs. Anne F. Evans quietly passed away at the home of her daughter, Mrs. L. H. Pender, on Fourth street. Mrs. Evans was the widow of the late B. D. Evans and was in her eighty-third year. She is survived by two daughters, Mrs. H. B. Sledge of Tarboro and Mrs. L. H. Pender. The services will be held in the Jarvis Memorial Methodist church of which she is a member.

The remains will be interred in Cherry Hill cemetery at four o'clock Tuesday afternoon.

Cold Killed Martins

A gentleman told us Saturday that the cold weather last week caused the death of hundreds of martins. He says he counted forty-five dead ones in a small space. Martins are a summer bird, and cannot stand cold weather.

Mr. R. L. Humber is making an addition to his residence on Fifth street.

CALENDAR OF SPORTS FOR THE WEEK

MONDAY

Annual tournament of Trans-Mississippi Golf Association opens at St. Louis.

Annual tennis tournament for championship of the Carolinas opens at Greenville, S. C.

Annual tennis tournament for championship of Texas opens at Houston.

Annual tennis tournament for championship of Georgia opens at Atlanta.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is, by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a running ear or itching ear, which, if not treated, will result in permanent deafness. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; and the result of this is, that you will be a deaf man or woman for life.

We will give One Hundred Dollars for any case of Deafness cured by our method that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

J. C. HENRY, 400, Toledo, Ohio.

Sold by Druggists. See that Hall's Family Pills for constipation.
