

PROCLAMATION BY GOVERNOR CRAIG

Calls Upon People to Aid Cause of Good Roads

WANTS ALL TO TAKE PART

Says Sentiment for Improvement Universal, and That Every Man's Duty Is To Help

Being himself a thorough advocate of good roads, and desiring to do all that he can in the interest of the movement to bring good roads to every section of the state, Governor Locke Craig has issued a proclamation calling upon the people of the state to interest themselves in the cause, and to aid in building up sentiment wherever this is needed and can be done.

The proclamation is as follows:

State of North Carolina,
Executive Department,
Raleigh.

Whereas the modern highway is essential to material prosperity, and to the advancement of the social life of every community; and whereas the state is called upon to join the forward procession and that hopes for the opportunities of our time is beginning to realize the necessity of improved roads; all sections and all progressive citizens are demanding them, and determined to have them; and whereas the whole country is awakened to their importance; everywhere there is a generous rivalry to have the best, and everywhere enthusiasm for them is apparent; and whereas the people of North Carolina are losing, according to reliable estimates, twelve million dollars annually on account of bad roads; and in vast sum paid as a tribute to mud.

Now, therefore, recognizing the universal sentiment for road improvement, and realizing the benefits which must result therefrom to all the people, I, Locke Craig, Governor of North Carolina, do set apart Wednesday, the 5th day of November, and Thursday, the 6th day of November, 1913, as GOOD ROADS DAYS, and do appoint these days as holidays and days of festival throughout the state, to celebrate the beginning of an era wherein improved highways shall be built in every neighborhood, that all the people of farm and city may enjoy the opportunities which they bring.

I call upon all patriotic people throughout the state to work upon the public roads and refrain from all other occupations on the appointed days; and I call upon every able-bodied man to shoulder his shovel and march out and strike a blow for progress. Let the farmer, the merchant, the lawyer, the doctor, the minister of the Gospel, the rich and the poor, and the men of all the walks of life, enlist as volunteers in this mighty army for grand accomplishment.

Let no man be above this work, nor forget his duty to himself and to his neighbors. It will be an honor to every man on these days to labor with his fellow-men to banish from the country the curse of bad roads, and the evils that accompany them.

Let all the people of every station, high or low, be moved by the same patriotic impulse to work for the common weal. To all the benefit will come.

I do appoint and set apart these days, the 5th and 6th of November, that the people may have an opportunity to give substantial expression to the universal desire and determination of the state, in action inspired by hope and rejoicing that will recound in one unbroken chorus from the mountains to the sea.

I call upon all the women to participate. In every hour of danger they have inspired the men of North Carolina with faith and courage; in this day of realization, they with their children will come to lend to this noble cause the charm and the encouragement of their presence. They can provide good things to eat, and decorate every worker with a badge of honor.

Let every citizen do his duty, and these will be long remembered for the courage they have shown in the cause of good roads and a finer civic spirit.

I call upon the county commissioners of every county in the state to issue a proclamation urging the people to go out on the 5th and 6th days of November and labor for the welfare of their respective communities as well as for the whole state of which they constitute a part.

I call upon the president of the Farmers' Union to issue his proclamation to the farmers of North Carolina, and to their various local organizations, that this great body of our citizenship, constituting as it does the bone and sinew of the state, may join with energy and enthusiasm in this movement. More than any other class of our people, they are dependent upon the country road. More attractive homes, better farming, and a finer rural life will result from the building of modern highways.

Let the work be completely organized so that it will reach to every neighborhood, and be conducted in a systematic and business way, to the end that at sunset of the second day there will be no community in all the state where the hand of progress and toil has not left its mark in permanent road improvement, and the progressive spirit its impression in the hearts and minds of the people.

I call upon the ministers of the Gospel, the educators, and the press of the state to use their mighty influence for this work, which means not only material development, but moral and intellectual development.

I call upon all road overseers, good roads associations, boards of trade, chambers of commerce, and all associations and organizations for the public welfare and civic betterment to give to this movement the energy of their influence.

Let the work be completely organized so that it will reach to every neighborhood, and be conducted in a systematic and business way, to the end that at sunset of the second day there will be no community in all the state where the hand of progress and toil has not left its mark in permanent road improvement, and the progressive spirit its impression in the hearts and minds of the people.

HOWE'S GREAT LONDON SHOWS HERE OCTOBER 8.

The Howe Great London Show is coming and will be here on Wednesday, October 8. The announcement that a show is coming here carries a little weight with it, as the town has had many of them, but the announcement that the Howe Great London Show is to be here means a whole lot to every body. It means that the very best aggregation now touring the country is to be here, and this is good news to all lovers of modern up-to-the-minute amusement.

The arrangements for its coming have all been completed, and all that there is to do now is to wait for the great trains of the show's own special cars to arrive. There are many of the younger folks on the anxious seat, but they are not the only ones who are anxiously waiting. The grown-ups ever since the first intimation of the show's coming was made have been looking for it, and their anxiety will not be appeased until the parade is on the streets and the performance under way.

The reputation for merit and magnitude that this show enjoys, coupled with the many successful years that it has catered to the amusement loving people, has made its name a household one. It is a name that the show's promoters have not only earned, but one that the people of the world over have learned they can rely upon during the past decade that has depended on. There is no show organized the reputation of tented aggregation as has the Howe Great London Show. There is no show now showing such an unequalled performance and extends to its patrons the same care. Its program, well extended, is so varied that monotony is out of the question. The menagerie is complete with the very rarest specimens of the animal kingdom. In its entirety the Howe Great London Show is without an equal and a show that all should see.

By the Governor:
JOHN P. KERR,
Private Secretary.

Chicago Traveling Man Was in Greenville Last Saturday.

Mr. A. E. Hamilton, of Chicago, was a caller at this office on last Saturday. He came here in the interest of a medicine which he is selling, and represents one of the big patent medicine firms of Chicago. While here Mr. Hamilton arranged for the publication in The Reflector of a number of advertisements of Mayer's Stomach Remedies, and stated that the remedy would be on sale at the John L. Wooten Drug Store in this town.

RED CROSS SEALS.

Large Sale of Christmas Stickers Is Expected This Year.

The state Red Cross Seal Commission of North Carolina is planning a campaign this year that will result in the sale of the Red Cross Seal Christmas stamp in every part of the state. The committee is now writing to specially selected persons in every city and town above 400 population. This correspondent is requested to urge upon the people of his city or community and report the names to the Executive Secretary, L. B. Myers, at Charlotte. Where no one is known in a city or town the editor or postmaster has been written an, his assistance requested in selecting a committee. Later, letters will be written to all towns between 200 and 400 population so that it is hoped to get the seals on sale in every community of 200 people or more.

The most encouraging replies are being received from all over the state. It is confidently believed that 1,000,000 seals will be sold this year in the state. 4,000,000 were sold last year which was a great record for the first year's work.

The sale of these seals is in itself of great value in stirring up a community to the great evil of tuberculosis. In addition to this all of the money received goes into the work of preventing the spread of this disease. Every stamp sold helps both ways.

They sell for one cent each, and are put on Christmas packages and letters as a mark of the sender's participation in the Anti-Tuberculosis Campaign.

For Weakness and Loss of Appetite The Old Standard general strengthening tonic, GUY'S TONIC, is a reliable tonic, invigorates and builds up the system. A true tonic and sure appetizer. For white and colored. 50c

NOTICE. Notice is hereby given that an application will be made to the general assembly to amend the charter of the town of Arden, N. C.

W. R. SMITH, Mayor.

Interesting Origin. In English money is characterized by the word "sterling," because in the time of Richard Coeur de Lion money coined in the eastern part of Germany became, on account of its purity, in especial request in England, and was called "sterling" money, as all the inhabitants of that part of Germany were called "sterlings."

Soon after that time some of these people who were skilled in coining were sent for and went to London to bring the coin to perfection. That was the foundation of the practice of designating English amounts "sterling."

COMFORT IN AMERICAN HOTEL

Caravansaries Surpass Those of Any Other Nation of the Earth, in Opinion of One Writer.

I remember somebody once saying to me a long time ago that the Americans had attained luxury by jumping over comfort. I think there is a certain amount of truth in this, and yet it would be foolish to call American hotels uncomfortable. They are not uncomfortable. Only there is this to be said: That to some people a hotel life is uncomfortable. They hate living in a crowd. They hate bustle, confusion, noise, the arrival and departure of people, etc. And there is certainly more hotel life in America than in other countries. And yet what a saving to the nerves, and to the temper, are so many of the devices and the arrangements in American hotels. The telephone, for instance. If you want a nice test of temper, try to get a number at the Hotel Cecil in London; or, better still, spend a happy morning in ringing up people on the telephone in Paris. In America it is either done for you at once or you know it cannot be done, and the matter is settled. Hotel life in America seems to me infinitely better or gaudier than in any other country in the world, with the possible exception of China. Because when you order a room at a Chinese hotel, in a small Chinese town, the room is built for you while you wait; you choose the style of room, and the paper, the carpeting and all the furniture are put in during the day--Metropolitan Magazine.

While civilized man suffers intensely from cold feet every winter, the Laplander, living in the far north of Sweden, has no such trouble. A treeless writer writes: "Their boots are also made of reindeer skin, and are worn very large and the toes are pointed and curve upward, so as to be easily slipped into their skin. The Lapp usually fills his boots half full with a peculiar green grass, into which he tucks his naked feet; he then packs the boots full of moss, and tucks the ends of his trousers inside and binds them tightly round with many turns of a brightly woven band. With these precautions they never suffer from cold feet, and chilblains, corns or such like civilized complaints are an unknown horror to them."

With these precautions they never suffer from cold feet, and chilblains, corns or such like civilized complaints are an unknown horror to them."

While the civilized man suffers intensely from cold feet every winter, the Laplander, living in the far north of Sweden, has no such trouble. A treeless writer writes: "Their boots are also made of reindeer skin, and are worn very large and the toes are pointed and curve upward, so as to be easily slipped into their skin. The Lapp usually fills his boots half full with a peculiar green grass, into which he tucks his naked feet; he then packs the boots full of moss, and tucks the ends of his trousers inside and binds them tightly round with many turns of a brightly woven band. With these precautions they never suffer from cold feet, and chilblains, corns or such like civilized complaints are an unknown horror to them."

MAYWOOD COUNTY MAN KILLED WIFE SUNDAY

James Caldwell, Farmer, Saw His Wife and a Man Talking in the Road and Opened Fire.

ASHESVILLE, Sept. 28.—James Caldwell, 45, a farmer living at Hemphill, eight miles from Waynesville, shot and fatally wounded his wife and seriously wounded Ashbury Moody, also a farmer, about 4 o'clock this afternoon.

Mrs. Caldwell was shot twice in the breast, and Moody received a bullet in the mouth, the latter would not be considered fatal. Caldwell, it is stated, disappeared into the mountains after the shooting and had not been found at 9 o'clock tonight.

but it is stated the trouble, of a domestic nature, caused Caldwell to open fire on his wife and Moody while the two were talking in the road near

HOWES GREAT LONDON SHOWS AT GREENVILLE WEDNESDAY, OCT. 8
