

VALUABLE SUBURBAN REAL ESTATE FOR SALE.

The Moye or Anderson Farm, consisting of eighty-three acres, almost within the city limits. Two sandstone quarries for investors to double their money in short time.

The offer for sale either as a whole or subdivided to suit the purchaser, the Moye or Anderson Farm located about three-eighths of a mile from the corporate limits of Greenville, and not more than twelve or fifteen minutes' walk from the business center.

This property is probably the most ideally located for truck farming of any land near Greenville. Two sandstone quarries located from the property into Greenville and at the present rate of increase in population of Greenville it will in a very few years become valuable as building sites. This land is several feet higher than the town and is the most beautiful and desirable for suburban homes of any property near the town. The land is a light gray loam underlain by clay subsoil and produces all crops common to this section. Although considered at the time we came into possession rather thin and run down, we have averaged a little more than a 500 pound bale of cotton to the acre during the last three years.

This is in reality a great opportunity in the best town in eastern N. C. It is conservatively progressive, its property rests on a solid foundation and in consequence values that today seem high will appear marvellously cheap almost before you are aware of it.

If you are interested call on or write
J. S. BARR, Weidon, N. C.
O. L. JOYNER, Greenville, N. C.

THE DAY'S WORK
Does it sometimes seem that you simply could not get your work done? Do you constantly feel like sitting down? Perhaps you yawn continually. Then you need

Tutt's Pills
Because your liver is sluggish and should be stirred to activity—at your druggist's, sugar coated or plain.

Further Delay in Opening of Some of County Schools

Further delay is to be experienced in the opening of many of the schools of the county because of the scarcity of labor and the necessity for picking up and marketing the cotton crop this fall. County Superintendent W. H. Ragsdale made this statement this morning when asked if all of the schools would open next Monday as had been planned. The cotton crop is slow in maturing, and the difficulty in securing labor on the farms makes it necessary that the school children remain at home and help to pick the staple.

This delay in opening does not mean that there will be a shortening of the school term, for all of the time lost this fall will have to be made up later in the year, and the school will have to run longer next spring. The postponement from November 3 to some later date is the second time that the dates have been changed for some of the schools, but it is hoped by the teachers and the county officers that there will be no necessity for a third postponement of the date.

MR. LANE TO WASHINGTON.

Left This Morning to Stand Conference Entrance Examinations. Rev. Daniel Lane, pastor of the local Methodist church, left this morning for Washington, where he goes to appear before an examining board to prepare himself for entrance into membership in the North Carolina Conference. The conference meets this year in Oxford the last week in November, and all young preachers will have to stand certain examinations before they are enrolled on the books of the conference. His many friends here will wish for him much success, and hope that he will make a creditable showing.

From Washington Mr. Lane expects to go to New Bern to visit his relatives for a very few days.

For Weakness and Loss of Appetite
The Old Standard general strengthening tonic, TUTT'S FAST-LEASING TONIC, drives out malaria and builds up the system.

Public Sale of O'Hagan Town Property. Sale Approved by Supreme Court.

By virtue of power in me vested by that decree of His Honor, O. H. Allen, Judge Presiding, made and entered at the May term, 1913, of the superior court of Pitt county, which said decree has been duly and regularly approved and affirmed by the supreme court of North Carolina, I shall offer for sale, TERMS CASH, ONE-THIRD CASH, WITH THE BALANCE PAYABLE IN TWO EQUAL YEARLY INSTALLMENTS ONE AND TWO YEARS FROM DATE OF DEED, BEARING SIX PER CENT INTEREST FROM DATE, PAYABLE ANNUALLY, SECURED BY A MORTGAGE OR DEED OF TRUST UPON THE PROPERTY subject to the confirmation of the superior court of Pitt county, on

MONDAY, NOVEMBER 10TH, AT 10 O'CLOCK, NOON, at the courthouse door in the Town of Greenville, at public auction to the highest bidder the following described property, lying, being, and situate in the Town of Greenville, County of Pitt and State of North Carolina, to wit: The south half of the block on which is situate the house known as the "Shultz House," and comprising the "old school house lot," the "Old Clark Residence" lot, a vacant lot between, and the Shultz house and lot, the said property abutting Fourth, Washington and Greene streets in said town, and being the same property devised in the last will and testament of the late Elvira L. O'Hagan, of record in Pitt county in Will Book 2, at page 461, et seq.

The property will be offered as an entire lot and in separate parcels, the Commissioners reserving the right to accept the highest single bid for the property sold as a whole, or the combined bids for the property as subdivided.

A map of the property can be found at the office of Mr. Albion Dunn, who will be glad to show it to parties interested.

The property, in our opinion, is the most valuable that can be offered upon the Greenville market, and we invite the attendance of those interested at the sale.

The title to this property has been approved by the supreme court, so remember the date
MONDAY, NOVEMBER 10TH, AT 10 O'CLOCK NOON, COURT HOUSE

WHENEVER YOU NEED A GENERAL TONIC - TAKE GROVE'S

The Old Standard Grove's Tasteless chill Tonic is Equally Valuable as a General Tonic because it Acts on the Liver, Drives Out Malaria, Enriches the Blood and Builds up the Whole System. For Grown People and Children.

MUNFORD'S

WAREHOUSE

GREENVILLE, N. C. C. T. MUNFORD, Prop.

FLUE-CURED TOBACCO.

It is Unsurpassed in Popularity and Has Many Users.

WASHINGTON, D. C., Oct. 31.—The normal annual production of flue-cured tobacco on a farm-weight basis is estimated to be about 215,000,000 pounds, according to Bulletin No. 16 of the Department of Agriculture. This type of tobacco is the only American grown variety that has shown a tendency to expand our exports. About 40 per cent, or around 90,000,000 pounds, is exported and the remainder is used in domestic consumption.

"All things considered, this flue-cured tobacco is unsurpassed in universal popularity," states the report, "and it is adapted to a variety of uses, including granulated and cut smoking tobacco, both paper and all tobacco cigarettes, and plug filler and wrapper; in fact, it is adapted to all the regular forms in which tobacco is used except standard cigars and snuff. In color and general appearance it is very attractive, while its low nicotine content, mildness, aromatic sweetness, fragrance, and good keeping qualities render it very satisfying to the user."

The use of flues in curing tobacco became popular after the close of the Civil War and by the middle eighties the demand had increased so that about 20 counties in Virginia and North Carolina had been planted to this variety. There are a number of varieties of flue-cured tobacco, prominently among which are the Warne, Yellow Oronoco, White-stem Oronoco, Big Oronoco, Adecock, Adkin, Willow-Leaf, Gooch, Tilley, and Hester. The Warne is the standard wrapper type and is the most popular. The Adecock is a great favorite in the noted wrapper-producing section of Granville county, North Carolina, while the Adkin is popular as an early maturing variety.

Apart from the natural character of the soil itself, there is no more important matter for the tobacco grower to consider than the management of his fields. Indeed the character of the tobacco produced will depend as much on how the fields have been handled in rotation between the successive tobacco crops as upon the fertilizer used on the cultivation given directly to the tobacco crop itself. Tobacco land should be so handled as to keep in good life. A liberal supply of vegetable matter in an advanced stage of decay is highly desirable, but it should be of the kind not excessively rich in ammonia.

It is well known that the organic matter of freshly cleared or broom-sedge fields is of a kind well suited to tobacco. It consists principally of dead leaves, twigs, roots pine fags, broom-sedges and roots. Such vegetable matter, while poor in ammonia, by its ample volume makes the soil very mellow and friable and of good water-holding capacity. There is probably no better humus crop for rotation than herd's-grass or red top.

Speckling, or "diseasing," as it is generally called is the most common disease injury to which tobacco in the flue-cured district is subject. It is believed to be a fungus disease, disseminated by spores. The only practical method of reducing the injury to the crop caused by the disease is by using potash more liberally in a fertilizer, which seems to increase the resistance of the plant to the disease.

Oh, of course, newspaper folks are not expected to work the roads.

Six-Day Race in Boston.

BOSTON, Mass., Nov. 3.—The first six-day bicycle race of the season was inaugurated in the Boston Arena this afternoon, when ten of the best balanced teams ever entered in a similar contest in this section began the grind that will continue ten hours a day until Saturday night. All of the contestants are veterans of the six-day racing game. The Australian contingent is an unusually large one, including Jackie Clarke, Paddy Hehr and half a dozen others. Among the well known American riders who will strive to bring home the bacon are Champion Joe Fogler, Eddie Root, Jimmy Moran, Iver Lawson, Fred Hill and Elmer Collins.

DEPOSITS HAVE INCREASED MATERIALLY DURING LAST FEW MONTHS, AND BANK IS IN GOOD CONDITION.

A better showing has never been made by the banks of Greenville than is the case in the recent statements which they have issued. All of the banks together unite to make Greenville's business rise into the millions. The deposits in all of them have increased very greatly during the past few months, and the effect of the high prices of tobacco and cotton is being felt very materially.

Many of the farmers deposit their money with the banks as soon as they are paid by the warehouses, and thus increase the holdings of the banks as well as start an account of their own.

The total resources of the banks amount to almost two millions of dollars, and the money in the hands of the banks has earned a large percent for the stockholders. All of them are in fine shape, and they have made progress which should cause every person in Greenville to feel proud.

The condition of the banks of a town may be said to be a pretty good indication of the class of people living in the town, and, if this be the case, the people of Greenville are very progressive in every way. The statements of the banks show that they believe in depositing their money in places of safe keeping. Deposits in the local banks amount to three quarters of a million dollars, and other proportions of the business of the bank are the same.

Mill Will be Built on B. E. Moye Farm West of Town and on the Norfolk Southern Railroad.

Definite steps were taken and the organization was completed in the matter of the new cotton mill for Greenville at a meeting of the stockholders held last night. All of the details of the plans were gone over, and were approved by the men present, and the matter is now to be pushed as rapidly as possible.

The capitol stock subscribed was a little in excess of \$90,000, though the gross amount as will be specified in the charter is \$250,000. It was planned to have the amount paid in reach the sum of a round hundred thousand dollars before getting a charter, but since the present \$90,000 was secured no efforts have been made to rush the subscriptions, the promoters desiring to get into the business only the very best and most level-headed men in the county.

A site for the location of the factory has been selected on the B. E. Moye farm on the sand clay road, or the old plank road, just west of the town limits, and on the Norfolk Southern railroad. This will be convenient to spur tracks from the Norfolk Southern railroad, and will be of a sufficient distance from the town to have the entire community one to itself. The location is believed to be the best that could have been secured, and the directors feel that they have made a fine selection.

Application for a charter has been made. All of the papers have been signed up, and the application has been sent to Secretary of State J. Bryan Grimes, at Raleigh. As soon as the charter is received, the directors will take up the matter with an architect, and plans and specifications for the mill will be started. Already the officers have agreed upon a man whose services will be secured for the framing of the plans for the mill, and the work will be turned over to him very shortly.

The officers of the company are these:

J. G. MOYE, President.
E. B. HIGGS, Vice-President.
R. WILLIAMS, Acting Secretary.
E. B. HIGGS, Acting Treasurer.
W. H. NORRIS, General Manager.
The directors, numbering fifteen have been elected as follows:
E. B. HIGGS, C. T. Munford, G. B. Hadley, A. M. Moseley, W. J. Hardee, E. G. Flanagan, R. R. Cotton, John Spier, F. C. Harding, W. H. Norris, R. Williams, J. R. Moye, S. J. Everett, R. D. Harrington, J. G. Moye.

For Weakness and Loss of Appetite

FIGURES SHOWING EXPANSION DURING PAST FOUR YEARS.—RESOURCES INCREASE HALF MILLION.

On another page of today's paper the Greenville Banking and Trust Company carries an advertisement showing the status of its business. Today its resources are \$840,472.88, while the capitol stock is just a few thousand dollars less than one hundred thousand. A large surplus is on hand for the use of the institution in cases of an emergency, and to its credit it can say that it has borrowed no money whatever. Deposits in the bank aggregate \$725,000, which shows that the people have confidence in the bank and its officers.

The following figures show something of the growth of the bank since 1910, giving the resources for each year:

1910	\$261,000.00
1911	\$324,000.00
1912	\$634,000.00
1913	\$840,472.88

The bank has only recently moved into its new building, and is now using the big steel-lined vault, which is absolutely burglarproof and fireproof.

Three years ago the bank was appointed United States Depository for

postal savings funds, and was also selected by the state treasurer as a depository for public funds of the state of North Carolina, showing that the business of the institution is closely watched by both the federal and the state governments.

The directors have made it a rule to meet regularly each month, and take an active interest in supervising the business of the bank. This has caused the men behind it to keep in close touch with what the bank is actually doing, and to know just what condition its affairs are in. It stands in the front ranks as compared with banks of eastern North Carolina, and few of them can boast of the showing made by this institution.

MR. LANE PREACHED.

Had Large Congregation at Both Hours Services Yesterday.

Large congregations turned out to hear Rev. Daniel Lane at the Methodist church yesterday. It had been announced that Dr. F. N. Parker would preach at both services, but at the last moment Mr. Lane was called to fill his pulpit owing to the inability of Dr. Parker to reach Greenville on account of illness. Mr. Lane's Ministry here is proving a success, and he has already won a warm place in the hearts of his members, and the people of the town generally.

Entered as second class matter August 20, 1910, at the post office at Greenville, North Carolina, under act of March 3, 1879.

FRIDAY, NOVEMBER 7, 1913.

And Sulzer did "come back".

Wonder if Huerta ever worked the roads?

And many of us are of the opinion that it might not have been easy sailing for John Purroy Mitchell had Gayer lived through the election.

Talking about getting a new leader for Taunman, but "Boss" Murphy is as crooked as any they can get.

And the Greenville business men were not going to patch up a road; they were going to build a new one.

One would naturally think that even a republican form of government has flaws in it when riots are common at the polls.

Newspaper men should be excused from doing manual labor, for they are always on the job pulling for good roads.

The general public of the United States expects Alabama to have a feeling for them when it comes to Hobson for the senate.

NOTICE OF SALE OF PERSONAL PROPERTY.

Notice is hereby given that the undersigned administrator of T. L. Williams, deceased, will on Thursday November 20th, 1913, at the hour of 11 o'clock a. m., on the premises of the late T. L. Williams, in Falkland township, North Carolina, expose to public sale to the highest bidder for cash, all of the personal property belonging to the estate of the late T. L. Williams, consisting of farming implements, carts, wagons, stock, household and kitchen furniture and all other personal property whatsoever belonging to said estate.

This the 5th day of October, 1913, DR. JENNIS MORRILL, Adm'r. of the Estate of T. L. Williams.

"First in Quality" in **HARDWARE and FARM MACHINERY**

That's the point—"first in quality." Its the quality of our goods and Machines that has won for us thousands of satisfied customers.

You can buy an inferior grade of seed, sow it and reap half a crop.

You can save a dollar or two on the purchase price of some Binders, Mowers, Rakes or Cultivators but you are running just as big a risk as when you buy inferior seed. Why not buy the BEST at first?

Nothing but "First in Quality"

We carry nothing but the "First in Quality" in Farm Machinery and Implements, as well as Hardware, and we know our goods will give you absolute satisfaction. We carry a stock of repairs for the machines we sell and our desire is to give you the best service possible. Let us show you our Mowers, Rakes, Binders, Cultivators, Planters, Weeders, Harrows, Distributors, Wagons, Cutters, etc., and we know you will become one of our satisfied customers.

GREENVILLE, N. C., Phone No. 32.

Report of the Condition of THE BANK OF GRIFTON, GREENVILLE, N. C. at the close of business Oct. 31, 1913.

Resources	
Loans and discounts	\$54,248.31
Overdrafts, secured, unsecured	520.94
Furniture and fixtures	1,474.82
Due from banks and banks	11,503.00
Cash items	44.25
Silver coin, including all minor coin currency	365.71
National bank notes and other U. S. notes	7,454.59
Total	\$75,711.23
Liabilities	
Capital stock paid in	\$10,000.00
Surplus fund	2,000.00
Undivided profit, less current expenses and taxes paid	1,502.82
Time certificates of deposit	27,994.40
Deposits subject to check	34,083.21
Cashier's checks outstanding	120.75
Total	\$75,711.23

State of North Carolina, County of Pitt, ss I, L. J. CHAPMAN, president of the above named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief. L. J. CHAPMAN, President. Subscribed and sworn to before me, this 1st day of Nov, 1913, J. C. GASKINS, Notary Public. My commission expires Jan. 1, 1915. Correct-Attest: W. W. DAWSON, G. T. GARDNER, R. F. JENKINS, Directors

The latest report of the condition of the National Bank of Greenville is the finest ever made by any bank in Pitt county. Figures for the total resources of the bank show that this figure is now well on past the one million mark, which is a showing that can be made by few banks in towns the size of Greenville. It will be remembered that the National Bank was consolidated with the Bank of Greenville on May 1, of this year, at which time each bank had considerably less than half the amount of deposits and resources now enjoyed by the National Bank alone. The people have shown that they were well in sympathy with the consolidation, and that they have approved the action of the stockholders of the two institutions has been

demonstrated by the splendid support accorded the National Bank. The deposits have increased correspondingly along with the resources of the bank, and this phase of the bank is the best that has yet been seen here. All of the stockholders of the bank are very greatly pleased at the fine showing that has been made. And it is to be remembered that all of this progress has come in the fact of the short cotton crop, and the small size of the tobacco crop. The farmers are doing a big business with the bank, and the people of the town are gratified to know that a Greenville bank can show resources totaling more than one million dollars.

To Prevent Blood Poisoning apply at once the wonderful old reliable DR. PORTER'S ANTISEPTIC HEALING OIL, a surgical dressing that relieves pain and heals at the same time. Not a liniment. 25c. 50c. \$1.00.

SCHOOLS OBSERVE GOOD ROADS DAYS

Letters to Teachers From Supt. Joyner and Prof. Ragsdale
THEY ARE URGED TO HELP

Want to See Actual Work Done to be Done to be Put in by Improving Doads Leading to School Houses

That interest in the proclamation of Governor Craig, setting aside November 5 and 6 as good roads days, is being felt in every walk of life in the state, and that all of the various departments of the government of the state are taking up the cry for better highways, is attested by the calls that have been sent out by the various officials of the state. Below is published a letter from Honorable to do all they can to arouse interest in the matter, and to see to it that the school children in the county take due observance of the day.

This letter by Superintendent Joyner is supplemented by Professor W. H. Ragsdale, of the county system of schools, who urges upon the rural teachers to assist in the movement. Both letters, which follow, will be read with interest:

The letter from Professor Ragsdale is as follows:
To the Teachers of Pitt County:
Below is published a letter from State Superintendent J. Y. Joyner in reference to good roads day as is named in a proclamation by the governor. I would be glad if all the teachers in the county so far as is practicable, would observe the requests of the state superintendent. A good roads pamphlet has been sent you and you can get as many more as you wish from this office.
W. H. RAGSDALE,
County Supt. Schools.

Letter of State Superintendent of Public Instruction.
To County Superintendents, Board of Education and Teachers:
The governor of North Carolina by proclamation, has set apart the 5th and 6th days of November as Good Roads Days to be celebrated as holidays by all the people throughout the state. The schools should contribute their share to the success of this commendable co-operative movement for better roads in North Carolina. The children should have the opportunity to participate in this celebration and thereby learn a valuable, practical lesson in community service

the winter months are almost impossible in the country schools without good roads. This one day, therefore will be most profitably spent in our public schools in impressing upon the children, by precept and by example, the value and the necessity of good roads and the civic duty of helping to secure them for their communities and their state.
County superintendents are earnestly requested and officially directed to distribute these bulletins to the teachers of their county without delay and to urge them by written or personal communication, to begin at once preparation for the successful celebration of this day. Teachers are urged to spare no effort to enlist the children and the citizens of the community in making the day pleasant and profitable. The bulletins will be sent to superintendents for distribution not later than October 21st.
Yours very truly,
J. Y. JOYNER,
Supt. Public Instruction

LOCAL BOY IN MEXICO.
Says Intervention Looks Like the Only Solution of Situation.
Mr. Heber B. Tripp, a young man who is well known to the people of Greenville, where he has lived for a long time, has just left Mexico, and sent to this paper the telegram which appears below. From what the young man says, one would judge that the situation is very acute, and that some serious developments may be expected shortly.
Mr. Tripp is in business in Mexico, and has left temporarily to establish a branch office for his business in New Orleans. The telegram which he sent will be interesting, and is given as follows.
Houston, Texas, Nov. 1, 1913. Daily Reflector, Greenville, N. C.
Arrived here today by boat. Left Mexico business well secured with my secretary. Will open temporary branch office New Orleans in connection with my brother. Huerta is unable to control the situation in Mexico and conditions have become very critical. It looks like intervention will be the only solution.
HEBER B. TRIPP.

CAROLINA CLUB TO MEET.
Regular Monthly Meeting in the Club Rooms Will be Held Tonight
The regular monthly meeting of the Carolina Club will be held in the rooms of the club tonight at 7:30 o'clock. Matters of great importance are to be discussed, among them being the boat race. The women of the club in another column, just received from Congressman Small, and relative to the dredge work on Tar River, has been received by the mayor, and will be brought before the meeting tonight. Every member is urged to attend.

BLOODLESS AFFRAY.
Two Negroes Shoot It Out on Henderson Streets.
HENDERSON, Nov. 1.—Intense excitement prevailed on the streets tonight at 7 o'clock from a shooting scrape between Teage Brodie and Haywood Kenny, both colored, which came near resulting in death of S. E. Wrenn.

Brodie drew his gun and commenced firing, holding the pistol within six inches of the face of Wrenn. The first ball passed through a glass window of Allen's hardware store, the second ball lodged in the frame of the window of W. W. Parker's drug store. Both negroes were arrested and placed in the lock-up.

The Southern Express Company is always awake to the best commercial interests of its territory. It probably realizes the enormous economic value of the fight against tuberculosis. Every untimely death is estimated to be an economic loss of \$5,000 to the state or community. At \$30,000,000. To combat with this disease the state is spending a mere pittance. The Red Cross Seal Committee hopes to raise \$10,000 this year by selling 1,000,000 Red Cross Seals. These seals or stamps are used as decorative stickers on letters and packages during several weeks before Christmas. They will be sold in nearly every section of the state and can be secured of the Red Cross Seal Committee at Charlotte.

CARRY SEALS FREE.
Southern Express Company to Transport Red Cross Seals.
CHARLOTTE, Nov. 3.—The Southern Express Company has granted free carriage for Red Cross Christmas Seals to all parts of the state of North Carolina. This is a special concession to the Red Cross Seal Committee of the state, but the same favor has been granted some other southern states. This is not only a contribution of several hundred dollars to the anti-tuberculosis work of these states, but is also a recognition on the part of the Express Company of the value of the sale of the Red Cross Christmas Stamps in arousing sentiment that will help eradicate this disease which destroys 6,000 lives in North Carolina year.

Catarth Cannot Be Cured
with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarth is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarth Cure is the blood and mucous surfaces. Hall's Catarth Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tones known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces these wonderful results in curing catarth. Send for testimonials, free. Dr. J. CHENEY & CO., Props., Toledo, O. Take Hall's Catarth Pills for continuation.

HELP ORPHANS.
Odd Fellows Starting Thanksgiving Donation for Orphan Home.
Odd Fellows in Greenville who attended their lodge from this time to Thanksgiving will have an opportunity of contributing to a fund that is now being raised for the Odd Fellows' Home at Goldsboro. One of the principal aims of this order is the caring for the children of the deceased members, and the Odd Fellows have at Goldsboro a home where they are caring for almost two hundred orphans, all of them being the children of Odd Fellows who died in North Carolina.
It is customary for the lodges over the state to contribute this offering on Thanksgiving of each year and the local lodge will try this year to contribute the largest amount of money that it has ever donated to the Home. A mite box will be placed in the hall of the lodge, and every member will be given the opportunity to contribute. Those who cannot make it convenient to attend the meetings of the lodge are requested to hand their donations to Mr. L. H. Pender, secretary of the local lodge, or to the local lodge.

WORK CLOST TO HOME.
Spencer to Observe "Good Roads Days" in Practical Manner.
SPENCER, Nov. 1.—"Good Roads Days" will be observed in a practical way in Spencer and the indications are there will be a decided improvement made on some of the roads and streets about town. Mayor C. G. Thelling last night held a conference with a number of interested citizens who will join in observing the days. By conferring with the mayor most citizens can arrange to work the streets or roads near their own homes, where they feel most interested.

MILITARY TOURNAMENT TO BE HELD IN GOTHAM
NEW YORK, Nov. 3.—With clattering steel arms and the rattle of steel-shod hoofs, the advance guard of the Military Tournament took possession of Madison Square Garden this morning, and with the readiness of tried campaigners, converted the big amphitheatre into a military encampment, and were in comfortable quarters in less than an hour. It is several years since a military show has been held in New York and the present exhibition which will last all week, will include a number of new and interesting features. The new calcium shells for lighting up an enemy's advance at night will be demonstrated from the Garden roof, where a landing stage also has been built for the convenience of the army air-men who are to carry messages to and from the tournament. Governors' Island, Fort Hamilton, and other fortified places around New York.

That all qualified voters living within said boundaries are entitled to register and vote in said election. Dated this 11th day of October, 1913.

NOTICE OF AN ELECTION
TO BE HELD IN DISTRICT NO. 8, CHICHOOD TOWNSHIP, ON TUESDAY, NOVEMBER 4, 1913, FOR THE PURPOSE OF TAKING THE SENSE OF THE VOTERS IN SAID DISTRICT ON THE QUESTION OF ISSUING BONDS FOR THE PURPOSE OF ERECTING A SUITABLE SCHOOL BUILDING IN SAID DISTRICT.
The undersigned having been duly appointed trustees of the Grimesland District No. 8, in Chicood township, Pitt county, by an act of the General Assembly of North Carolina, ratified the 4th day of October, 1913, do now, in accordance with the provisions of said act gives notice that an election will be held in the town of Grimesland, said district, on Tuesday, November 4th, 1913, for the purpose of taking the sense of the qualified voters living in said district on the question of issuing \$30,000.00 interest bearing coupon bonds, with which to erect a suitable school building in said district for the white children living therein, that said bonds are to run for 20 years from January 1st, 1914, to bear interest at a rate not to exceed 6 per cent per annum, to be in denominations of \$100.00 or multiples thereof. Those in favor of issuing said bonds and levying a sufficient tax to pay the interest thereon, and to create a sinking fund to redeem the principal, which tax shall not exceed 15 cents on \$100 property valuation and 45c on each poll will vote a ballot containing thereon the written or printed words "For School," and those opposed to the same shall vote a ballot containing thereon the written or printed words "Against School."

A new registration of the voters for said election having been authorized by said act and duly ordered, notice is hereby given to all said persons desiring to vote in said election that they must register therefor within the time prescribed by law, and that said election will be conducted as far as maybe in the same manner as elections for members of the general assembly.

The boundaries of said district as fixed by the said act of the general assembly by which said election is authorized to be held, are as follows: beginning at Tar river at the upper end or corner of Avon Farm and running the line of Avon Farm Pole Branch to Chicod Creek; thence with Chicod Creek to the Beaufort county line; thence with the Beaufort county line to Tar river; thence with Tar river to the beginning.

NUMBER 21.

ATHLETICS AT THE TRAINING SCHOOL

Association Formed for Promotion of Clean Sports

BASKETBALL AND TENNIS

Officers of the Association Are Elected for the Year, and the Teams Begin Active Practice.

The Athletic League of East Carolina Teachers Training School was organized last Monday with Miss Mabel Comfort as director, and with a membership of ninety-four. The purpose of this league is: (1) to develop and encourage an athletic spirit in the Training School; (2) to provide recreation for the students of the school; and (3) to train girls to carry on work of an athletic league so that organized play will become a permanent feature of the school.

The following officers were elected: Bessie Lee Alston, president. Connie Bishop, secretary. Mary Weston, business manager. Mary Smith, official scorer and chairman of the basketball committee. Mae Belle Cobb, chairman of the constitutional committee.

Basketball and Tennis Clubs form subdivisions of the league. In the basketball club there are eleven teams with nine members each, organized under the following captains: Senior class: Emma Cobb, Kate Watkins.

Junior class: Connie Bishop, Ernestine Forbes, Minnie Rankin. "B" class: Janie Webb, Lucile O'Brian.

"A" class: Leona Tucker, Alice Sandus. One Year Class: Elsie Swain, Bessie Tarkington.

The tennis club has not yet been organized, but it will be organized immediately under the direction of Miss Sallie Joyner Davis. This promises to be as popular as the basketball club.

The basketball players are planning for a big day on Thanksgiving Day, when there will be two inter-class match games. The practice games of the next two weeks will show which teams will play these match games.

A cross-country walking club is to be organized under the direction of Miss Daisy Bailey Waitt.

Farmers Wives Honored. State and city officials and many of the representative citizens of New England are gathered to do honor to the visitors whose work for the elevation of the American farmer has been recognized and paid tribute by leading statesmen and industrial men of the United States.

This morning was devoted to the organization of the convention. At the afternoon session Oliver Wilson of Peoria, Ill., national master, delivered his annual address and reports were presented by the officers. The remainder of the week will be given over largely to the conferring of degrees.

The business sessions will last ten days or two weeks. The relations of the currency bill to the farmers will be a leading topic of discussion. The effects of the new tariff law also will be considered. The principal social function of the convention will be a banquet next week in honor of the officers and delegates. Several speakers of national prominence will be heard at the banquet.

Odd Fellows Initiated big Club of Members Tuesday Night

Thirteen candidates were initiated into Covenant Lodge, No. 17, I. O. O. F., of this town Tuesday night. Twelve of the number had received the second degree on the previous meeting night, and the other was given this degree last night, after which the entire number were shown through the mysteries of the third and last degree of Odd Fellowship and became members in good standing in the local lodge.

Covenant Lodge is following its usual custom this year of getting up a Thanksgiving donation to be sent to the Odd Fellows' Home at Goldsboro, and a substantial addition to this fund was received at the regular meeting of the lodge Tuesday night. A committee of members, consisting of Messrs. L. H. Pender, R. H. Evans and B. G. Albritton, was appointed to receive additional contributions among the members in this town.

An effort will be made by the lodge this year to solicit a large number of bushels of sweet potatoes to be sent to the Home, and the members of the order in Greenville think that they will be able to get in hand a large amount by Thanksgiving. The orphan home at Goldsboro has a large potato house built especially for the storage of this crop during the winter months, and they can accommodate thousands of bushels.

MILLS SCHOOL HOUSE. Items Concerning People Living in That Section.

GRIMESLAND, Nov. 12.—Mr. Basil Dixon went to Greenville Saturday. Elder W. H. Laughinghouse attended the conference of Free Will Baptists in Tyrrell county last week.

Mr. John Harrison of Shelburne, was in our community Saturday night. Messrs. Bud Moore and Rossy Laughinghouse, of Cox Mill section, were driving their car on our road Saturday night.

Mr. Henry Hellen, of near Winterville, was visiting his mother Saturday night and Sunday.

Mr. and Mrs. Levy Williams, of Cox's Mill passed through our town Saturday. Miss Dabey Laughinghouse attended the teachers meeting at Greenville Saturday.

Messrs. S. A. Stox, Ade and Will Smith and Ben Hellen attended the Farmers Union meeting at Greenville Saturday.

Mr. Basil Dixon is visiting his father over the river Sunday.

Mr. and Mrs. Stox was out driving Sunday evening. The Farmers Union will have a public speaking at Mills School House Wednesday night, Nov. 12th. Every body is cordially invited to be present.

Mr. Charlie McCoy, of Shelburne, was in our section Sunday.

The wedding bells have been rung some for the last few weeks and every thing looks like they will be rung again some time in the near future. Good luck to them. Hope they will always be happy and have good health.

NATIONAL GRADE INSESSION MANCHESTER, N. H., Nov. 12.—Students of American farmers with their wives and daughters were the honored guests of Manchester today on the occasion of the opening of the forty-seventh annual meeting of the National Fronges Patrons of Husbandry, in whose ranks are enrolled more than 1,000,000 of the most practical agricultural experts in

COMMISSIONERS RECEIVE PLANS

Specifications for New Bridge at Boyd's Ferry

WILL ADVERTISE FOR BIDS

Mr. N. M. Jones, of Washington, N. C., Submitted Plans Accepted.—Cost Has Not Been Decided Upon.

Plans and specifications for the construction of the new county bridge at Boyd's Ferry, a point about fourteen miles east of this town on the Tar River, were submitted to the county commissioners at a special meeting of that board held yesterday for that specific purpose.

A number of engineers and bridge construction concerns submitted plans but those offered by Mr. W. M. Jones, of Washington, N. C., met with the approval of the commissioners, and these were accepted. This matter has been before the board for several months, the demand for the bridge having come up from the people of Grimesland for better accommodations for crossing the river at that point than are afforded by a ferry boat, which has been in use at that place for many years. The plans of Mr. Jones, which are altogether satisfying the demand of the commissioners, were the best offered and are such that can easily be arranged to meet the requirements. The commissioners will again immediately advertise for bids for building the bridge, and all bids received will be opened at a special meeting to be held at 10 o'clock on the morning of November 28, the Friday following Thanksgiving Day.

The new bridge will be modern in every respect. It will be equipped with a steel draw, and will have wood approaches. The exact cost, or even an approximate estimate of the cost of the bridge, cannot be made at this time, as there are some changes to be made that will so alter the plans that this could not be done.

Municipal League Meets in Toronto. Toronto, Ont., Nov. 12.—Many delegates gathered in Toronto today for the annual convention of the National Municipal League of the United States. It is the first time that the organization has met in Canada and the delegates plan to spend considerable time in learning how Canadian cities are dealing with municipal problems that are common to the cities of both countries. A special Canadian session will be held Friday at which Hon. Adam Beck will tell of the hydro-electric power system and J. F. Beer will explain what the province and city are doing to improve housing conditions. Other speakers will be heard on the details of the municipal system in Ontario.

Christened by Lady Randolph Churchill. LONDON, Nov. 12.—Lady Randolph Churchill, formerly Miss Jennie Jerome, of New York, performed the christening ceremony today at the launching of the big new dreadnaught Benbow, at Delmonico. Her son, Winston Churchill, who is First Lord of the Admiralty, also was present. The Benbow will displace 25,000 tons and is designed to be one of the most powerful vessels afloat. Thousands of people witnessed the launching ceremony and cheered wildly as the great fighter woke to life and plunged into the water.

Gotton and Tobacco Markets Show but Little Change

The cotton market today remains steady, the exchange having opened up at 13 cents per pound, and remaining at that figure at the hour of going to press this afternoon. December futures opened early in the day at 12.22 cents, and has climbed to 13.33 cents, a gain of 11 points. The local market is rather slim so far as the number of bales brought in are concerned.

AYDEN TOBACCO MARKET.

Tobacco is selling at the same high prices as reported yesterday, and for the past few days. The Greenville market sold today about 60,000 or 60,000 pounds, and all sales were concluded by 11 o'clock.

Tobacco and Trade Closes Market and Gives Banquet. AYDEN, Nov. 12.—Mr. J. M. C. Nelson has sold his farm down on Pork Swamp to Mr. Jesse A. Phillips and speaks of going out west.

Remember that J. R. Smith and Bro. carries a full line of all kind of school books and supplies for teachers.

Yes, Uncle Sebron is coming back and says in the language of the song, "Be ever so humble there no place like Ayden." Mr. Sebron Cox and family moved from here last spring, looking for a better place. He bought land and improved it, and has sold out, took in his profit and loaded his household and struck a big line for Ayden. We are all glad to welcome him and his family back. He has on ly done like many fellows and traders have done before.

All kind of mill supplies at J. R. Smith and Bro.

Mr. Charlie Barber has accepted a position with the Ayden Baptist. We all feel an interest in this young man, because he once lived amongst us when quite small. His parents moved down on Mounts Creek. Charlie had learned to love newspaper business and like Hon. Josephus Daniels, kept whacking away until success has dawned upon him. He is a son of Mr. M. B. Barber, grandson of Mr. Abram Barber, and nephew of Mr. William Barber, who was famous for his cooking and barbecue, selling it on the public square in Greenville long years ago, when Mr. O. P. Humber was mayor and J. H. Snydam was policeman.

A large shipment of dynamite caps, and fuse at J. R. Smith and Bro.

Mr. Joe John Manning, who has been living close by here, and a good citizen, has decided to change his habitation, and will soon move down on Black Creek, we predict, but hope he is not making any mistake.

Mr. and Mrs. Mrs. Dr. McKinney, a son.

Mr. Nemire Garris, of Littlefield, has purchased of Mr. S. M. Smith the M. M. Ewell farm on the Gum Swamp road. This is a splendid farm.

The Ayden Tobacco Board of Trade has decided to close the market here for this season after enjoying a large patronage, and feel very much encouraged. There was almost a block sale the last day. There will be a banquet by the board before the buyers and warehousemen leave for their homes.

Mr. J. H. Tripp has purchased the farm of Mrs. Sarah R. Smith down on Gum Swamp road. Mr. Tripp is an expansionist and controls much farming land.

All kinds of hardware and mill supplies, lime, cement, plaster, at J. R. Smith and Bro.

CASH IN ADVANCE.

Attention is again called to the fact that on and after January 1, 1914, The Reflector will place its subscriptions on a strictly cash in advance system. Many of the people who have come in to pay their subscriptions in the past week or two have approved of the course and seem to be pleased with it. After all, this is the only safe and sure way to run a newspaper. The subscriber had as well trust the publishers as the publishers had trust the subscribers, and it is not expected that any difficulty will result from the efforts of the paper to put on the new system.

All farmers and out-of-town people who attend court next week are invited to visit The Reflector office and pay up in advance.

Mr. J. A. Harrington has purchased the two story building near the graded school and will move about the first of the year.

Mrs. Mary Dickerson is having her house remod led up on Griffin Plains and will move therein about the first of the new year.

Mr. William Wingate, of Savannah, Ga., is here on a visit to his brother, Mr. Joyner Wingate, and is so much in love with our town and people that he has decided to east his lot among us, and will open a new business, as soon as suitable buildings can be secured.

If it is a stove, we have it, anything from a sheet iron heater to a steel range. Terms to suit the purchaser. J. R. Smith and Bro.

Messrs. Richard Wingate and Joyner Wingate have returned from St. Louis, where they purchased stock for this market.

Rev. George D. Dowell, of Williamson has been elected pastor of the first Baptist church in Ayden and has moved his family here and occupies the Wright building up near College park.

Wanted to buy, a good fresh milk cow. R. W. Smith.

Mr. John David Jones was in to see us Saturday and informed us that he has sold his holdings in Craven county, and would return to Ayden at the first opportunity. Mr. Jones left here about two years ago, but says he knows a good place when he sees it. We all welcome the return of our friends. We will be glad to give notice when our friend and milling partner, Mr. Joe Dixon gets read c come home.

Good roads day was not much observed down this way, but there's great room for improvement.

Tuesday while Mrs. J. O. Cox was preparing supper, her little child threw the remainder of kerosene oil that was left in a cup, in the fire which blazed up and burned the little one badly. We were not able to learn the extent of the injury. Both parents were badly burned while rescuing the little one.

Sunday morning while Mr. Bill Henry Harris was cutting some wood, his ax came in contact with a clothes line over head and caused a miss Hick which came near killing Mr. Harris, hitting him on the top of his head, rendering him unconscious for a while. His family missing him, found him prostrate on the ground, bleeding profusely. Medical aid was summoned, and he was dressed, but his escape was almost a miracle.

President to Attend Game. WASHINGTON, D. C., Nov. 11.—President Wilson is hoping to be able to go as far as take all the Wilson family to the Army-Navy game November 29, at New York.

Put 'em on again, and this time let 'em stay on.

THE ADVOCATES OF DRAINAGE TO MEET

The Sixth Annual Convention of North Carolina

CHARLOTTE NOVEMBER 18-19

Addresses Are to be Made by Many Prominent Speakers.—Engineers Will Furnish Information.

There will be held at Charlotte, North Carolina, November 18th and 19th the annual convention of the North Carolina Drainage Association. Since the organization of this association in 1909 and the passage of the general drainage Act of the state, about 70 drainage districts have been started. Of these 41 have been completed, representing an area of 417,000 acres of swamp land, about 60,000 acres are now being drained and 91,000 acres petitioned for, covering 23 counties of the Coastal Plain region. Drainage districts have been organized in Piedmont and western North Carolina in 16 counties representing a total area of 52,471 acres of overgrown land. From data which has been collected it appears that the drainings of these lands has enormously increased their agricultural value, and the money value of these lands has increased from \$10 to \$150 per acre, with an estimated average value of \$45.00. This will give an aggregate increase of land values for these areas—many of which before draining yielded no returns whatever—of \$46,000,000, and increases the general healthfulness of these sections from 70 per cent to 100 per cent.

At this convention there will be addresses from many prominent speakers, and engineers will be present who will be in a position to give information of practical value to those who are interested in the formation of drainage districts. Every one interested in this form of conservation of public health is most cordially invited to attend the sessions of the convention, and will be considered as delegates.

There will be a discussion of the North Carolina drainage law, and recommendations made as to any changes in it which will help to promote the drainage work of the state.

JOSEPH HYDE PRATT, President, Chapel Hill, N. C., Nov. 7, 1914.

ALL-AMERICAN ATHLETES SAIL SAN FRANCISCO, Cal., Nov. 12.—With the cheers of many enthusiastic ringing in their ears, the quartette of American athletes who are to pit their prowess in feats of strength, speed and skill against the best of the athletes in Australia and New Zealand, sailed for the Antipodes today. The members of the team are James Pover of the Boston Athletic Association, mile champion of the United States and Canada, who is ready to run at any distance from the half to two miles; Alvah Meyer, of the Irish-American A. C. of New York, who is the sprinter on the team; Rufus H. Templeton, of the Olympic A. C. of San Francisco, who will do the hurdles, high jump, broad jump and pole vault; and Reginald Caughey of Ukiah, Cal., who is a shotputter and weightthrower.
