It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Gardul, the woman's tonic. She says further: "Before I began to use Gardul, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Gardul, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill. I wish every suffering woman would give

An important meeting of Magnolia Camp No. 218 Woodmen of the World will be held Wednesday evening, March 11th, to discuss plans for the thirty day membership campaign that has just opened in Pitt county and all members of the local camp are urged to attend this meeting.

District Manager S. O. Briant, of Raleigh, will be present with Deputy Organizers A. O. Kiff, who is in charge of the Pitt county district and L. R. Crawford, who has just returned from the Pacific jurisdiction, where he was located in Portland, Oregon, to take up organization work in North Carolina. These men will conduct the present campaign in Pitt county.

Notorious Militant Damages a Painting Valued at \$500,000

LONDON, March 10.—A militant suffragette inflicted severe damage today on the famous Velasquez picture, known as the "Rokeby Venus," which is hung in the National Gallery, Trafalgar Square.

The picture was purchased for \$225.00 in 1906 and presented to the

Art experts have estimated its present market value at \$500,000.

The woman entered the gallery and attacked the picture with a sharp knife, making six or seven bad cuts across the canvas. She was arrested. The perpetrator of the outrage was the notorious militant suffragette, May Richardson, who has been sentenced to several terms of imprisonment since the beginning of the militant movement.

State Manager E. B. Lewis of Kingston, N. C. was in Greenville Tuesday in conference with his staff of deputies and everything is now ready for what promises to be the greatest campaign in the history of Woodcraft in this section.

The wonderful progress of the Woodmen of the World the past year is plainly shown in a statement just issued by Manager Lewis to all of the Woodmen camps in North Carolina.

121,000 new members were accepted during the year of 1913 and there are now 692,447 Woodmen in the Sovereign Jurisdiction alone not counting those of the Pacific or Canadian jurisdictions.

There was a net increase in the United States of 50,147 members \$6,187,409.00 was paid to widows and orphans during the year and 4,620 monuments erected to the memory of deceased Woodmen.

In North Carolina during 1913 there were 5,189 new members accepted and the state now has 19,000 members of good standing, a net increase of over 3,256. The sum of \$180,800.00 was paid out to beneficiaries in North Carolina on account of the death of 133 survivors the death rate being only 7.16 per thousand, fully three states in the Union had a larger numerical increase of members than North Carolina, one of these being Texas.

From the foregoing figures it is readily seen that Woodcraft is flourishing in every way its mission, the protection of the American home.

OTHERS ARE SERIOUSLY SHOT

E. S. Marshall in Hospital and His Condition Considered Grave. Car Was Well Filled With People.

WELCH, W. VA., March 10.—R. L. Taylor, a deputy sheriff of Lexington county, is dead; A. D. Beavers, a former United States deputy marshal of Bartley, is in the Welch hospital in a dying condition with a pistol wound in the abdomen; D. W. Beavers, a deputy sheriff, and brother of A. D. Beavers, was shot through the leg, and T. E. Hickey, a non-combatant, was shot through the thigh. A pistol battle on a crowded Norfolk and Western train about 7 o'clock this morning, between Beavers and Berwin.

The tragedy is said to be the result of a quarrel, started by the Beavers and Taylor, according to official reports of the conductor of the train at Roanoke, the men having been drinking when they left Welch an hour prior to the shooting.

Taylor was shot and killed instantly. Shortly afterward A. D. Beavers was probably mortally wounded.

Evans was arrested and lodged in jail here.

All parties to the battle are prominent and well known as officials in the coal fields.

The car in which the shooting occurred was crowded with passengers but the duellists shot true to their aim generally, only one non-combatant being hurt.

Bob Evans, one of the party, was arrested and lodged in jail here.

The Alabama Senatorial contest has accomplished one good thing; it has kept Mr. Hobson from cluttering up the pages of the Congressional Record for the past several months.

Congress has passed a law to keep women in the District of Columbia from working more than eight hours a day. It is expected to protect all women except those who keep houses.

You may criticize women and their slit skirts, as much as you please, but we have noticed that when a man has a pair of slit socks he generally manages to let people see them.

It has been nearly sixteen years since Dewey made that German Admiral official walk straight line at Manila, and the Germans are just now getting mad about it.

Even an original Wilson man finds it hard to realize that the administration has done so much already.

Most all the time somebody is threatening to cross the Atlantic in an aeroplane, but waiting to see somebody make good.

A bill has been introduced in the New Jersey legislature prohibiting the employment of women or girls as creamers or molders in foundries.

It has been estimated that a man uses about 375 hogheads of air a minutes. Think of this my friend when you are tempted to cut onions.

Very little is required to make some people arrogant. There is, for instance, the man who is proud of himself because he was born in February like Lincoln and Washington.

ON WITH THE PARCELS POST.

We are unable to feel any sympathy with the argument going on in some quarters against the extension of the government parcels post business, on the ground that it is hurting express companies and putting them out of business. In fact we have never seen the slightest excuse for the existence of express companies. They are simply organizations, without equipment of their own, that maintain offices for the receipt and delivery of packages which they make a deal with the railroads to transport for them at so much per ton per mile. In this way these companies have been reaping a harvest through extortionate charges. As the railroads furnishes all the means of transportation, they might have carried on the package delivery business themselves without the intervention of express companies. Now that the government has taken a hand and put a check on the express companies robbing the public by inaugurating the parcels post, the express companies and their interested sympathizers are raising the cry against the parcels post system. Nothing has been accomplished in connection with the government's postal system that promises more benefit to the public than the parcels post. May its progress be onward, and the postmaster general be given authority to extend its operations just as far as it can be made self sustaining.

Take our word for it—this is going to be Greenville's county's best year in many.

Collector Keith, of Wilmington, may prolong the fight for his job a while, but they will get him out.

The cold weather seems to be bidding us adieu, the floods will be next.

There is still a vacancy in the ambassadorship to Mexico and it seems that no one wants the job.

They are even adding tango to certain shades of goods and certain styles of slippers. Guess it is done to make them go in a while.

But it's better to be born great than it is to thrust yourself upon greatness.

It is wise no doubt for Mr. Charles Murphy to insist on staying in the Tammany hierarchy instead of allowing his political odium to be written at this stage of the proceedings.

They tried out some policemen in Chicago, and when it came to arresting other women they proved a failure as officers. Quite likely they had to stop to take in the styles.

As long as New York continues to feed and house a horde of unemployed, it may be expected that they will spur officers of work. Quite naturally they feel that it is easier to be taken care of in idleness than to go out and work for their support. Cut off the free meals and the free lodging and make the loafers go to work.

The Atlantic Christian College in Wilson is to be congratulated that a handsome appropriation is to come to that institution from the large educational fund being made will clear this matter up in a short while. If Benton's conduct deserved death that will end the matter, and if it is warranted in this execution then the United States will compel him to pay a satisfactory indemnity for taking this man's life.

On all hands are heard words of praise of the entertainment in the Training School Monday night, and every word of it is richly deserved. The presentation of "Pandora" by the senior class of the school was perfection itself and the splendid audience that filled the auditorium expressed delight all through the play. Every participant took her part with the highest excellence. It was highly creditable to the school and in keeping with its spirit to go on from better to better each year. The institution well sustains its position as the pride of all Eastern Carolina, and no school in the state ranks higher or does more efficient work.

Pitt county, in this year nineteen hundred and fourteen, is going to wipe out two stains that have long stood to her discredit and will make full amends for past neglect. It has already been told in the columns of the Reflector of plans for the erection of a Confederate monument, and it is expected before the year is out to see the monument unveiled and adorning the court house lawn as a tribute to the value of Pitt county soldiers. And now comes the announcement that the county commissioners have purchased a tract of land within a mile of Greenville, and will erect thereon a modern county home. This will be done during the year. This Pitt county goes forward, and will take her stand at the front rank of progressive counties.

GREENVILLE IS READY FOR SPRING.

Science now claims that man is infected by the mosquito. Swat the man.

Some people's enthusiasm is pouring ice water on specialism.

Villa says he is a self-made-man. We suspected as much all along.

Efforts to introduce the tango in Arizona have failed. It was entirely too tame.

It doesn't matter what kind of weather we have it never delays Spring fashions.

God made the first man; but He must have seen His mistake, for the scriptures say nothing of his having had anything to do with the rest of them.

Astronomers say the "Big Dipper" will disappear. But not, we suppose until after the "milky way" goes dry.

Why feel old so young when three of Raleigh's citizens ages 83, 89 and 80 are to run a foot race a distance of three miles. It looks like as that rate some of us might get a different move on us.

Raleigh is showing the real help-out spirit. One night last week the Jenkins Memorial church building at the Methodist Orphanage in that city was destroyed by fire. Before the smoke of the fire had died away a subscription was started to rebuild the church, and inside of a week the fund had grown to above four thousand dollars.

There has been a great deal of criticism of the Commissioners of Pitt county because they have not done the usual work of the county or borrowed the money to build a stock law fence on the old line as existed prior to the act of 1911. It seems to us that such criticism is without reason, or lack of legal authority.

Those making such criticism should bring suit against the county commissioners and ask Madamus relief, that is, to ask the court to force the commissioners of Pitt county to use the general fund of the county, or to borrow the money to do so.

If such course were taken, the court would decide what the law is, and if the commissioners had a right to use the general fund of the county, or to borrow the money to do so.

If the commissioners haven't the right, then the court would so decide, and the long agitated question would be settled.

Why do not some of the critics bring such an action?

GREAT BRITAIN SHOWS LOYAL FRIENDSHIP.

The recent developments in Mexico have been sufficient to convince the civilized world that we hold the unwavering friendship of Great Britain and that she will do nothing to embarrass President Wilson in his Mexican Policy. Secretary of State Bryan has assured Great Britain that the death of Benton will be treated by this country as if he were a citizen of the U. S. and Great Britain can ask no more than this.

DR. OSLER'S CHALLENGE TO THE UNVACCINATED.

Dr. Osler, one of the greatest living lay authorities, takes occasion to lay down the strongest challenge to the unvaccinated we have seen for some time. Those timid ones who are afraid of a sore arm or those ignoramuses who do not know the protecting power of vaccination will do well to read Dr. Osler's challenge.

A great deal of literature has been distributed casting discredit upon the value of vaccination in the prevention of smallpox. I do not see how any one who has gone through vaccination I have, or who is familiar with the history of the subject and who has any capacity left for clear judgment, can doubt its value. Some months ago I was invited by the editor of the Journal of the Anti-vaccination League for "a curious silence" on this subject. I would like to issue a Mount Carmel like challenge to any ten unvaccinated persons. I will go into the next severe epidemic with ten selected, vaccinated persons and ten selected unvaccinated persons—I should prefer to choose the latter—three members of Parliament, three anti-vaccination doctors, if they could be found, and four anti-vaccination propagandists. And I will make this promise—neither to jeer nor joke when they catch the disease, but to lock after them as brothers, and for the four or five who are certain to die, will try to arrange the funerals with all the pomp and ceremony of an anti-vaccination demonstration.

Telephone message from Washington this afternoon stated that Mr. Frank Patrick, who was taken to that city yesterday afternoon for an operation for appendicitis died there shortly after noon today. Upon examination it was discovered that the patient was ill with a chronic case of appendicitis, and he was hurried to the hospital on the first train with the hopes of saving his life.

Mr. Patrick was a young man of a splendid character, a straight forward conscientious gentleman in all his dealings with his fellow men. He was the son of the late James Patrick and was about thirty-five years of age.

Those surviving are his mother, Mrs. Patrick, and two sisters, Mesdames Bertie Tripp and G. T. Eason.

KEEP THE KIDNEYS WELL.

Health is Worth Saving, and some Greenville People Know How to Save It.

Many Greenville people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here's a Greenville citizen's recommendation:

Mrs. Fannie Moore, 214 Pitt St Greenville, N. C., says: "I feel very grateful for the relief I got from Doan's Kidney Pills, procured at the John L. Wooten Drug Co. Backache annoyed me and there was much lameness and weakness through my loins. My kidneys did not do their work as they should and the kidney secretions bothered me. Doan's Kidney Pills gave me relief from these symptoms of kidney complaint and improved my condition in every way."

Miss Graham, Manager of "Pandora."

Miss Maria D. Graham, class advisor of the Senior class of the Training School, as manager of the play, "Pandora" was tireless in her efforts to make every phase of the work a success and to keep all of the complex arrangements harmonious. The work was well organized and distributed. The public that sees only the finished product has little idea of the work required for a big public performance. The school feels that it has no right to offer to the people what is not fully worth the money they put into it. This entails much expenditure of money, time and effort. In the working up of the play for Monday evening there was a fine, wholesome spirit of co-operation on the part of both students and faculty.

It will soon be time to sow your fertilizer and to make it easy to go to Harrington, Barber & Co. and get your fertilizer distributors.

Mr. and Mrs. R. T. Cox and Misses Dora Cox and Ruth Cook and Messrs J. E. Green, S. Waters, A. J. Tucker, and Ashley Speir, saw Pandora at the Training School Monday night.

The concert Saturday evening given by Misses Juliette Lovine, pianist, Katherine Johnson, contralto and Louise Putrell, violi.

College under the auspices of the Winterville High School was well received by the people of Winterville. Every number was well rendered and encores were frequent.

Beaver Dam Items.

Beaver Dam township lies west of Greenville and east of Conestoga Creek. The N. S. Railway runs through it. Arthur is the chief city with Smith, Joyner's Nichols and and Marl Town in the South (partly) Corn, cotton, and bright tobacco are the principal crops while peanuts and small grains are grown. Lands are worth from fifty to one hundred dollars per acre. It also has fine climate, pure water, fertile soil, under laid with clay. Good people and beautiful maidens. Every body has money, all are cheerful and having the time of their life. Wages are high, all unemployed are wanted to come to Beaver Dam where there is no begging of food, lodging or food. And no doctor lives within her border. Blind tigers are very shy since Judge Allen was around two years ago. There is seldom a drunken man except he is returning from some not far distant town.

To give you more evidence that it is the best spot in the good county of Pitt, Aunt Clemma Allen is 96 years old. Mrs. Allie Joyner 84, Aunt Rachel Nobles, colored, 85, Mrs. Mary Fulford 75, Uncle Eastwood, an old soldier of the 44th Regiment, 85, Aunt Judie Williams, colored, 90. We can not call people old until they past the 70 mile post.

We have three splendid schools and six beautiful young teachers.

We challenge Pitt county that we have the strongest man or youth of 18. He can carry a sack of fertilizer on his back and another under each arm at the same time. His weight is over 300 pounds. He was out to the town of Arthur not long since and the merchants could not weigh him. He said he only got one side weighed. This young Sampson is a son of David Sutton who is a farmer and was born and resides in Beaver Dam.

After all Beaver Dam is only a small place on the map.

We are pained to learn that E. Stanley Parker, our old neighbor and friend who has been confined to his room of late.

Tobacco beds will be spare of plants.

Williams, Mrs. W. S. Galloway, Miss Earle Proctor, Lorane Britt, Louie Delle Pittman, Eliza Branch, Messrs. Marshall Elks and Charlie and Marshall Buck. We hope them a most pleasant time.

Dr. James Y. Joyner, State Superintendent of Public Instruction of North Carolina will speak here on Thursday night March 12, at 8 o'clock p. m. This public lecture invited to come and hear North Carolina's Great Educator and Orator. He always has something to tell his hearers.

County Commissioners Hold Special Meeting.

The board of county commissioners held a special meeting Friday to transact some business deferred from the regular meeting on Monday. Among other things, the board closed a deal with Mr. C. T. Munford, for 86 acres of land on his Wilson farm, a mile north of town, as a location for a new county home. The price paid for the land is \$65 an acre, and the board has the privilege of taking a few more acres adjoining if they should want this later to square up the plot to a new road that will be built on the west of it. The board purchased by the commissioners is that portion of the farm lying to the north of the Tarboro road and fronting immediately on the Atlantic Coast Line railroad. The railroad already has a side track abutting the property.

It is the purpose of the commissioners to erect on the property a modern county home the buildings to be of brick, steam heated, and have every convenience for the comfort of the inmates. The land will produce enough to supply the needs of the home.

The location is ideal for a county home, plenty near the town and when the new home is completed there will be every assurance that those who are cared for by the county will have every comfort provided for them.

The board of county commissioners are to be commended for this step. The new home will be a monument to their wisdom, and will be pointed to with pride both by the present and coming generations. And the county is to be congratulated upon having such a board of commissioners.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroy, Ky.—In interesting advice from this place, Mr. A. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Theodore's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it. I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it. I am so thankful for what Black-Draught has done for me." Theodore's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest. Gets Lost in Greenville.

(Raleigh News and Observer.)
"I got lost in Greenville the other day when I went home on a short visit," said Hon. A. L. Blow, clerk of the United States Court, after returning Tuesday night from Greenville. "How was it that you lost your way?" was asked of the jurist. "I don't make your way about over the town, as it has been only a short time since you were down there."
"Well, it has been only six weeks since I was there," he said, "but those six weeks have wrought a great change in the town. I never in my life saw as much building activities going on in a town as is now the case down there. No matter which way you turn to look, you see something new going up and I don't wonder if at the contractors are so hard pushed for labor."
"The new additions to the training school are now complete, and will be accepted by the committee in just a few days. And that section of the town is one of the finest. Besides the new model school, which is a new department of business, they have built a new school there are also a number of residences that are going up in that part of the town. Many of them are being put up by professors in the school, while residents of the town are taking advantage of the fine location to build homes for themselves."
"And this is only a small beginning that I have told you of. It would be a long list if I were to tell you of all that is going on. Greenville is a good town, and our people are hustling in every line of business. They have built up in the town, and are investing their money at home, with the expectation of getting returns from it."

Frames of a Rear Window Torn Into Splinters and a Large Quantity of Bricks Taken from the Wall. Two Arrested.

Between twelve o'clock last night and the wee sma' hours of this morning a wholesale delivery was made from the county jail when eight negro prisoners made their escape by tearing down the brick walls.

They being: Squire Gaffere, John Henry Clark, Charlie Burgess, Lee Gregory, Charlie Spivey, Ernest Pay John Parker and Hill Taft.

It is known that they were aided by some outside party or parties as several necessary instruments, such as hammers, were found in the jail this morning. The iron door that covered the window was fastened with two of the window framing and breaking large pad locks from the inside and these were sawed off. And after doing this they were enabled to get fair play at the window sill and framing which they tore into splinters and placed in a cell adjoining the wall. The outside party tore away enough brick beneath the window to allow the escape.

One of the negroes, Charles Burgess, only went a short distance, as he spent the remainder of the night with his family and came to the sheriff's office bright and early this morning and surrendered. Hill Taft was taken into custody near Grimesland today and brought back to jail. It is reported he has revealed to Sheriff Dudley the names of the men who aided him in the escape. But their report could not be confirmed by the officer.

All of the negroes were in for minor charges except Squire Gaffere, who was charged with burglary of the store of J. J. Elks at Grimesland.

One of Escaped Prisoners Is Causing Some Trouble in Grimesland Section

Squire Gaffere one of the negroes that escaped from the county jail last Friday night and who is thought to be the leader in making the escape, is causing some uneasiness. When he was first arrested for burglarizing the store of J. J. Elks several weeks ago at Grimesland, Mr. St. Cloud manager of the Alvin Farm made the arrest and since that time it is understood that Gaffere has made several threats to the effect that he intended killing Mr. St. Cloud for the part he took in his capture.

Monday night the negro went to the Alvin Farm for the purpose of doing some mischief, and was seen by the manager and when one of the negroes took the horse to the stable to prepare for riding horse for Mr. St. Cloud, Gaffere was seen to be in the stable. When it was Mr. St. Cloud opened fire on him, and the cloud having a revolver in his possession at the time he returned the fire but missed his aim.

It is reported that Gaffere has made known his intentions to do others bodily injury but if he remains in the neighborhood he is supposed to be the officers will no doubt have him again before he can do much harm.

Regular Picked Battle.

When the negroes saw the armed whites they opened fire and soon fire was spitting from a hundred or more pistol and gun barrels. Two of the negroes fell, having been shot in the legs. The others made a break for liberty and automobiles and bicycles were soon in the chase and within three quarters of an hour after the opening of the battle every one of the desperadoes were in the toils.

Women and children were terrorized and the tragic event of the morning is still being discussed.

The negroes while being chased through the woods, disposed of their weapons and when the smoke of battle had cleared away only two pistols were found among the whole bunch. They are now being held in this city—and a drier net is seldom seen anywhere.

An officer from Warsaw came over on the afternoon train and identified the goods stolen from Mr. East last night.
