This uncertainty about the amend-
ments is getting on our nerves. We
are prepared to hear the worst.

The Germans are once more report-
ed to be in full retreat. Running back
a little to get a good start is about
what they are doing.

It has gotten out that Roosevelt will
not run for office again. The state-
ment made before election was held
to see how the vote went.

"Don't talk war, talk business," is
an expression that has a lot of good
sense to it especially here where most
of the trouble is imaginary anyway.

Pitt county has as good wheat lands
as any other section, and right now
when the farmers should be thinking
of putting in a crop of it. They will
find it more profitable to raise their
food supplies.

The Raleigh Times puts it right in
saying it there were not so many elec-
tions there would be more interest in
those we have. The people are called
out too often to vote.

The New Jersey judge who decided
that a man's face is his own property
will keep many a man's picture out
of print who is just dying to see his
picture published.

As a result of last week's election
several states are added to the dry
list. Every state that becomes dry
nearly always remains dry and each
election brings the nation nearer na-
tional prohibition.

Greenville sympathizes with Farm-
ville over the big fire which visited
that town last night. But Farmville
is too good a town to be set back by a
fire, and will soon replace the burned
buildings with others.

After having been practically dead
for some time the "Friedman cure"
has given its last gasp and is dead.
The government found it absolutely
worthless.

Roosevelt has read the signs of the
times and says he will not be a can-
didate for the presidency in 1916. But
it will be like him to change his
mind several times between now and
then.

It is time for everybody to quit
having any dread of the effects of this
war in Europe. Business is picking
up, times are getting better, and there
is enough money for everybody to get
along on if it is used judiciously. Look
on the bright side and put your shoulder
to the wheel for a forward move.

A campaign urging the farmers to
university their crops is to be started
by the papers. Let us hope it will
secure better results than the cam-
paign for the amendments did, but it
is hard to say what the vote would
have been had no publicity been given
in favor of the amendments. It did
not start soon enough.

Had it struck you that many a father
or mother who will not let his child
read dime novels sends them to a
moving picture show which is as bad
if not worse. Pictures convey many
ideas which stories cannot and always
in more interesting manner. Picture
shows are all right if they are proper.

Travis feels that he has plenty of
company on his side now.

We hope the fall of Tsing Tsin is the
beginning of the end of the war and
of the death of militarism.

Is Greenville doing its part toward
helping the starving Belgians. Several
North Carolina cities have sent large
contributions to this cause.

The farmers meet here soon to dis-
cuss and plan for the coming year.
The farmers are realizing more and
more that in unity there is strength.

The Free Press of Kinston has in-
creased its size and is now a seven
column paper having recently installed a
new press.

The proposed liquor bill will put the
social club out of business as far as
the booze drinking is concerned. A
blind tier club is a nuisance any-
how and deserves to be ended.

Bishop Kilgo in a recent address
said it was not so much the high cost
of living that gives the people so much
concern but the high cost of foolery
caused by the failure to realize the
value of the dollar.

The price of sugar is now quoted
at 5c a pound having declined several
points since last week. The price
for last year was 4 1/2c so the price is
not much above normal. If you are
paying a war price for sugar it will
be well for you to investigate before
buying. When prices are boosted
they are kept up as long as possible.

The label "Made in America" does
not go very well in South America. It
seems, consequently the manufactur-
ers of this country are being asked
to adopt a "made in U. S. A." label.
The latter is definite and belongs to us
South America's as it is ours.

A recent statement made by a man
in Mexico familiar with conditions says
Villa has the right idea as to how to
run Mexico. We like the way he
claims out the places he gets under
his control. When Villa comes there
is a general exodus of undesirable
citizens.

We prefer to forego the pleasure of
having the Zeppelins drop their con-
fetti on us.

"Britania Rules the Waves" will soon
have to be revised if the British navy
does not start something.

The Belgians have effectively stop-
ped the Germans by flooding their
land but they also have fixed them-
selves so they cannot advance.

Those who made religion an issue
in the election in New York suc-
ceeded in electing their man with an over-
whelming majority in spite of a lot of
talk against such methods.

The story about the Kaiser weep-
ing over the destruction of Louvain
reminds one of a man weeping be-
cause he is eating onions.

Tammany Hall will have another
lean two years in New York State
politics which with its three mar-
lean years in New York City will just
about starve it out.

The eastern and western parts of
the State favored the amendments
by the central part for some reason
did not do so well. They say that
those who were familiar with and un-
derstood them could not help voting
for them.

The Rocky Mount housewives are
complaining about the high prices of
articles of food, claiming they are high-
er there than elsewhere. We thought
the cost of living was higher here than
anywhere else and we believe this
place will be right in the front rank
when the test comes.

ing, and have a stimulating effect on

SOUTH NOT A BEGGAR.

The South is not a beggar. It does
not need to beg and it can take care
of itself, or if it cannot do so then the
sooner its people learn that fact and
bring in others who can take care of
themselves in such a heaven-favored
land the better it will be.

No other country on the face of
the earth has so many advantages as
the south. No other country upon
which the sun shines is so rich in
resources. No other country is so well
equipped by nature to produce the
foodstuffs of grain and provisions
and vegetables and fruits for man's
sustenance, and no other country is
so rich in mineral and timber and
water power resources so susceptible
of development.

If such a land as this where the
farmers for the five years preceding
the present crop received an average
largely over 12 cents a pound for
their cotton, yielding very large pro-
fits, one year's complete failure of the
cotton crop, or one year's inability, as
at present, to sell the cotton crop
brings about such a condition as to
flood the land with planters begging
for charity to "help the south", then
it is time for the people of this sec-
tion who have backbone and stamina
to take the lead and try to stem the
current.

The south of older days did not do
so. The south blasted by a four year's
war never asked for charity, and never
in those days was the country plastered
with appeals to "help the south".
In the ten-year period between 1892
and 1901, when cotton sold at from 4
to 5 and 6 to 7 cents a pound it
suffered much, but it endured the situation
and fought its fight without any such
appeals as now are being made by poli-
ticians and others who are trying to
make the south believe that it ought
to be a beggar and the world believe
that it is a beggar—Mfg. Record.

**Arrangements Completed for
Unveiling the Monument
Friday**

The Reflector learns that the dif-
ferent committees appointed to pre-
pare for the unveiling of the Confed-
erate Monument have their work well in
hand and that everything will be
ready, and that a fine band of music
has been secured for the occasion.

The people are expected to assem-
ble at 10:30 and the Assemblage will
be called to order at 11 A. M., sharp
and the program will be substantially
as follows:

Assemblage called to order by the
Master of Ceremonies.
Prayer by the Chaplain.
Music by the Band.
Monument formally presented to the
County of Pitt by the Daughters
of the Confederacy.
Monument accepted by the County.
Music by the Band.
Address by the Governor of North
Carolina.
Music by the Band.
Monument Unveiled.

Mrs. H. I. Johnson and little son
Vesley accompanied by J. L. John-
son from Grimesland went to Kin-
ston today to see her husband who is
in the hospital for treatment.

COULDN'T RESIST THE "TAT-TOO".

And It Brought the Statue From Under
Last Friday, some workmen correct-
ed the perpendicular, or want of per-
pendicular, in the recently erected
Confederate monument on the court
house square, and yelled it in readi-
ness for the unveiling next Friday.

Saturday morning the head of the
statue was heaped out the top of
the veil, a little later the veil had
slipped to the foot of the figure, and
later it was hanging around the base
of the monument. A passer by re-
marked that the monument seemed to
have unveiled itself ahead of time
when a wit was standing near enough
to make an explanation. Said he, "Sheriff
Dudley has a prisoner over there in
jail who has and old cornet on which
he has learned to sound the 'tat-toy'.
When he sounded it this morning, of
course the soldier on the monument,
as any true Confederate would do,
kicked off the cover and appeared
ready for action."

Rev. Walker in Hospital
Rev. J. J. Walker underwent an
operation in the Wilson Hospital Sun-
day for an abscess on his arm which
has been troubling him for some time.
He is improving but will not be able
to leave the hospital before the last
of the week.

**COMMISSIONERS TO
GOOD ROADS CONVENTION.**
County commissioners W. E. Proctor,
E. B. Whitchard and J. G. Taylor,
and Register of Deeds Brascoe Bell
left Saturday evening for Atlanta
to represent Pitt County at the Ameri-
can Good Roads Congress in session
there this week. They will make an
investigation of improving the machi-
nery with a view of procuring the
most suitable for use on the roads of
this county.

Court This Week.
Court convened this morning with
Judge Peebles presiding for a two
week's term. This week is for the
hearing of civil cases and next week
will be for criminal cases. A large
number of cases are on docket and
it will probably require the full two
week's term to dispose of them.

CLING TO ANCIENT CUSTOMS
Among the Recluses Marriage is Cel-
ebrated Much as It Was
Centuries Ago.

A Bedouin bridegroom, on his wed-
ding day, must make his bride a pre-
sent of a silk handkerchief filled with
nuts, sweets, little sugar cakes, and
marzipan, also five silver rings for
her fingers. An old pair of tulle
hose are also presented to the bride.
In the room in which the lovers meet,
He sets one shoe, and she the other,
and whichever of them can hit the
other first will be the victor of the
wedding. This is looked upon
as an unfulfilling sign, and there may
be something in it.

For seven days after the wedding
the bridegroom enjoys himself, wan-
daring through the gardens of the
couple, doing to work, always accom-
panied by a group of his friends. But
on the seventh day he must keep a
sharp lookout, for on that day his
friends will try suddenly to play a
trick on him. If he escapes them, well
and good; then he can run to his
house and be safe. If not, they snatch
his clothes from him and beat him,
which seems a poor return for the
feasting and entertainment. But it is
custom, and that is the law of the
Medes and Persians to those people
who will not omit the smallest cer-
emony handed down to them by their
forefathers.

Scientific Era of Art.
Art has passed through a scientific
era, says the International Studio, and
the realists and impressionists, having
mastered the facts of light and atmos-
phere as affecting form and color, have
prepared the way for an expressive
style which shall also be modern. Mac-
millan in drama, Debussy in music,
have proved that an artist may be
spiritual without being mystical, which
Bodin in sculpture has shown that
there is a symbolism which is not a
revival of the past. Adding to the
technical progress of modern art a
power of suggestion peculiarly personal,
Mr. Rodin's art parables of the qual-
ities of these masters in other fields
whose work is enduring.

Certain Results
Many a Greenville Citizen Knows How
Sure They Are.

Nothing uncertain about the work
of Doan's Kidney Pills in Greenville.
There is plenty of positive proof
of this in the testimony of citizens. Such
evidence should convince the most
skeptical doubter. Read the following
statement:

Mrs. Laura M. White, 414 Latham
St., Greenville, says: "I had a dull,
aching pain across my back, which
worried me. I also had a dizzy head-
ache which lasted for days at a time.
The kidney secretions were two fre-
quent and scanty in passage. There
were other symptoms of kidney trouble.
Seeing Doan's Kidney Pills advertised,
I procured some at the Warren Drug
Co., and they gave me relief, strenght-
ening my back and relieving the head-
aches. The other symptoms of the
complaint left. I consider Doan's Kid-
ney Pills a very good remedy for kid-
ney complaint."

Prices five, at all dealers. Don't
simply ask for a kidney remedy—get

ROW IN FOOTBALL GAME
Kinston, Nov. 8.—Athletic relations
have been broken off temporarily be-
tween the Kinston and Goldsboro high
schools as the result of a row in the
latter town Friday afternoon when the
football eleven of the two high schools
were playing. During a scrimmage
individual players engaged in fistfuts.
According to the statement of the local
managers Elias Corrie, a big Syrian
on the Kinston team, was drawn into
the trouble either through a mistake
or because of racial prejudice, and
knocked by a player of Goldsboro. Corrie
was severely handled in spite of his own
and other efforts to protect him. Officers
stopped the trouble. Superintendent
Barren Caldwell, of the local schools
has declined, it is said, to allow the
two teams to play again, at least for
the present. The unpleasant occur-
rence marred a game prolific of star
plays and pretty team work. The score
was 27 to 20 in favor of Goldsboro.
The superintendent was with the local
eleven at Goldsboro and rendered his
decision upon his own judgment.

Hunting Accident Fatal.
Payetteville, Nov. 9.—Walter Hall,
manager for the Postal Telegraph
Company in Elizabethtown, Bladen
county, was killed as a result of an
accidental discharge of his own gun
while hunting yesterday afternoon.
He died at two o'clock this morning.
Mr. Hall was hunting with J. Al-
den Lyon, Mayor of Elizabethtown
when having wounded a bird which
fell into the branches of a fallen tree,
he placed his gun against limbs of
the tree while he attempted to get the
bird. The unfortunate man tripped
on a branch, which caught the trigger
of the gun discharging the load
through his lung. Dr. R. L. Pittman
of Highsmith Hospital, this city was
sent for and was with Mr. Hall when
he died.

Man Burned to Death Under Car When Tank Explodes and Catches Fire

New Bern, Nov. 8.—One of the most distressing accidents in the history of this city and which cost the life of one man, occurred about 7 o'clock to night near Jack Smith's creek, just as the car, which was driven by Frank Dumas, who is connected with the local division of the Norfolk Southern Railway company, was overturned and he was burned to death, while Walter Arvin, who was in the car escaped with minor injuries. It is alleged that both men were under the influence of intoxicants and judging from the ruins in the road made by the car, for a hundred feet or more before it overturned, such may have been the case.

When the machine turned over, Dumas was caught beneath it and when the engine in the tank exploded and caught fire, the flames were so intense that they covered his body and he was burned to a crisp. Persons driving nearby heard the screams of the victim and rushed to the scene, but were unable to do anything to save him. The body was removed to the hospital and the cause of the accident is being investigated.

Teachers' Meeting Saturday.
The members of the county board of education met last night at the home of Mrs. J. L. Quinn, at 11 o'clock. The attendance was very large and the meeting was a success in every respect. Those meeting at the home were for the purpose of discussing the different points discussed by the board themselves and by members who are authorities on teaching questions. A full report of this meeting and also a report of the committee will be given as soon as it can be secured.

Card of Thanks.
We desire to thank the people of Greenville for their hearty co-operation and assistance during the Convention held here last week, and especially those who entertained the delegates and visiting ministers.

Prominent Lawyer of Mount Olive Killed by Fall at Goldsboro Saturday

Goldsboro, N. C., Nov. 8.—Friends throughout the State and in this city and county especially, will be shocked to learn of the accidental death in this city last night of Hon. Z. H. Wilson, a prominent attorney of Mount Olive which occurred as a result of wounds received when he jumped from the running board of an automobile late this afternoon in which, in company with friends, he was taking a pleasure drive around the city shortly after 5 o'clock when he would be able to catch a train for home.

The accident occurred just as the automobile turned the corner on South Center street, leading to the store of H. W. Carter, brother, where Mr. Wilson, during the day, had done some shopping, and as he had explained to companions in the automobile, that he wished to get out at the store, he had stepped down from the machine and was standing on the running board when the machine, being out of control, rolled over and he was killed. The car, which was a 1914 model, was driven by Mr. Wilson's brother, Mr. H. W. Carter, who was also in the car. The car was damaged and the engine was set on fire.

The number of bodies of cotton gins set up in November, 1914, is 628,325. This number is for the whole South up to the date above. According to the preliminary report sent out October 26 there had been ginned up to the corresponding date of 1915 there had been ginned 657,438. The cotton is being ginned faster this year than there is a larger crop, either of which may account for the lead over last year's reports. The fact that the price is low does not seem to be having any effect on either picking or ginning of this year's cotton crop.

People Are to Repair Roads, Clear up and Clean up School Grounds—Also Plant Trees and Generally Improve Conditions
December 4 and 5 will be red letter days in Pitt County if the plans of the Community Service Committee for the county are carried out as outlined. The committee met in the office of the county superintendent on Friday last and organized in accordance with instructions from the state committee. Definite plans were laid for the work in Pitt county which if successfully carried out ought to mean a great deal for the county.

The plan for the state at large grew out of a suggestion made by President (Crahan) of the State University that a whole week be set apart all over North Carolina for definite work along the lines of community improvement. The State Committee set apart December 3, 4, and 5, as days to be known as Community Service Week, when the people all over North Carolina would study their community conditions and make efforts for their improvement. The Pitt County committee decided to concentrate their efforts on two days observance, December 4 and 5. The idea is that the 5th day the people of each community will gather and improve bad places in the roads, clear up and clean up school and church grounds, plant trees, lay off walkways, improve sanitary arrangements at school houses where necessary, clean up the interiors, wash windows, doors, etc. Men, women and children are invited to take part in this work, which is expected to consume all the morning. The different communities are invited and expected to have picnic dinners on the school grounds and use the afternoon in community work, to which community needs will be frankly discussed. A study of actual conditions is to be made, and the people to take counsel together as to how conditions may be improved. This work will be carried on under the direction of a local committee composed of the members of the school committee, the school teacher, and officers or members of the local farmers' union.

On Saturday, December 5, a county meeting will be held at the courthouse in Greenville, at which reports from the various communities will be heard and county problems and needs will be discussed. This will be a sort of "rounding-up meeting" of the workers for the common good, and is expected to be a very significant gathering. An effort will be made to make a careful study of actual conditions and it is hoped that some valuable facts will be brought out.

The county committee has arranged to offer prizes for the best reports received of work actually done during the days set aside for this community work. The details are yet to be worked out, but it is certain that at least four cash prizes will be offered to communities doing the most work and submitting the best reports of this work. These prizes are to go to the schools in the communities and are to be used for school improvement purposes. Every community in the county will have a chance at all these prizes, and in addition to prizes offered by the state committee. The details will be worked out and announced later.

JEALOUSY ALLEGED CAUSE OF SHOOTING
Kinston, Nov. 9.—Abram Aldridge shot and possibly fatally wounded Jim Edwards in Institute Township Sunday afternoon at 2 o'clock. Both are colored tenants. Aldridge is in jail for having followed the woman to the home of Edwards's wound. The victim was shot in the breast in the vicinity of vital organs, Aldridge using a shotgun.

Dora Bryant, a negroess, the cause of the trouble, was arrested but gave bond. Edwards is alleged to have followed the woman to the home of Aldridge, of whom he was jealous. Words followed and Aldridge ordered Edwards off his place. Edwards drew a revolver and Aldridge armed with the gun, shot him down. Jim Edwards and Dora Bryant had been consorting for some time, and of late Edwards had viewed Aldridge as a rival who promised him trouble. The difficulty had been brewing. It is believed for several days. Edwards is not expected to recover.

NO PRIMARY LAW

President Wilson Does Not Expect Congress to Pass Such Law.
Washington, Nov. 9.—President Wilson does not expect a presidential primary law to be passed during the next session of Congress and some Democratic leaders do not believe one can be enacted to be effective in 1915. In his message to Congress last December the President urged that such a law be passed immediately. He is known to still favor a primary law, but the difficulties of the technical details.

The chief difficulty encountered by the President has been that of fixing a date for the presidential primaries. Primaries now are held on different dates in the States and the question arises whether the legislatures can change the State primary dates before 1916. Separate State dates and national primaries, he has been told, would prove very expensive.

The President has not yet begun work on his message to Congress but he is expected to dwell on the necessity for economy in appropriations and conservation bill, and several remain to urge the passage of the Philippine conservation bill, the Alexander ship purchase bill, and several remaining measures.

The general expectation of Democratic leaders is that Presidential primaries already provided for in a number of States will play an important part in the 1916 campaign but that the final choice of the party nominees will be made again at the conventions.

Minister Released.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advice from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Theodore's Black-Draught, and quit taking other medicines. I decided to take his advice, although I did not have any confidence in it. I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it. I am so thankful for what Black-Draught has done for me."

Theodore's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest. Get a package today. Only a quarter.

RESOLUTION OF RESPECT.
Whereas on the 30 day of September, 1914, The Great Spirit visited the home of our worthy Bro. J. C. Crawford and claimed his beloved wife as one of his Angels.
Now then he is resolved.
That in the death of Bro. Crawford's wife he has lost a loving companion a faithful and true friend which no other can fill on earth.
That as a Tribe extend to Bro. Crawford our heart felt sympathy in this bereavement.
That we humbly submit to the will of the Great Spirit and say Oh Great Spirit thy will be done not ours.
That a copy of these resolutions be spread upon the Records of our Tribe and a copy be sent to Bro. Crawford and a copy be sent to the Daily Reflector for publication.
Respectfully submitted,

Two Dead Boys Killed.
Run Away From School and Were Struck by Train.
Morganton, Nov. 8.—Walking arm-in-arm along the Southern railway near Hildebrand, 16 miles from here, this morning, Willis Sawyer, of Greensboro, and Claude Wade, of High Point, two runaway lads from the State Deaf and dumb school at Morganton, were struck by the pilot of passenger train No. 36 and almost instantly killed.
The tragedy occurred at the mouth of a cut and near a bend in the track. When the train was about the curve the engineer at the throttle saw the two boys but a short distance in front of him and made every effort to bring his train to a stop or warn the children of impending harm but without success. The shrill scream of the engine's whistle was not sufficient to break the seal of deafness placed by the Master's touch and ere the train could be stopped the lads had been brushed from the track crumpled and dyed.
It is stated that the boys ran away from the school late Saturday afternoon and when their absence was noted searching parties were organized but failed to find them.

THE MASON ARE READY FOR REUNION
New Bern, Nov. 9.—All arrangements are now complete for the fall reunion of the Co-Ordinate Bodies of the Ancient and Improved Order of the Eastern Star, which is to be held at New Bern for three days beginning on Tuesday, November 10. A large number of Masons from all parts of the State are expected to be present and participate in the reunion and to take the various degrees which are conferred upon them at this first meeting.
The reunion will be held at the Hotel of the Union and a large number of visitors from out of the State were at this first meeting.
The meeting was called to order by the President, H. Q. Alexander, of Mecklenburg county. Rev. A. G. Harris, Pastor of the Presbyterian church led in prayer.
Major J. B. James welcomed the Union to the City of Greenville in a short speech in which he gave them the freedom of the city.
President Robert Wright of the Training School extended the greetings of the Greenville Chamber of Commerce and of the Training School to the Union.
Mr. J. C. Galloway, representative of Pitt County in the Legislature, welcomed the Union in behalf of the local Farmers' Union.
Rev. Cobble responded to these addresses of welcome in behalf of the Farmers' Union.
After these addresses of welcome had been finished there were several prominent visiting delegates called upon to address the Union.
One of the most prominent of those called upon to speak was Charles S. Barrett, of Union City, Ga., President of the National Farmers' Union.
Mr. Barrett in his address dwelt on the beauties of western North Carolina and on the great things of this State. He told something of his work in connection with Farmers' Unions, what they are trying to do and what they want to do in the future. He expressed himself as delighted at being at this meeting and prophesied that the farmers are just coming into their own and that much good will result from this meeting.
Mr. L. M. Rhodes, president of the Tennessee State Farmers' Union and chairman of the Board of Directors of the National Union was next introduced to the audience.
Mr. Rhodes confined himself mainly to facts and figures showing how the farmers feed the world and in so doing get only a small living themselves. Until the farmer gets his share of the main objects of Union is to educate and bring about cooperation among the farmers. When this has been done the income of the farmer will have risen from the low figures now representing it to a good solid figure. The Union should rescue the hearty support and aid of all farmers. This State Farmers' Union is one of the best in this country and it fast brings about a change in conditions.
Supt. J. Y. Joyner of Public Institutions in this State was called upon to address the Union.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advice from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Theodore's Black-Draught, and quit taking other medicines. I decided to take his advice, although I did not have any confidence in it. I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it. I am so thankful for what Black-Draught has done for me."

Theodore's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest. Get a package today. Only a quarter.

RESOLUTION OF RESPECT.
Whereas on the 30 day of September, 1914, The Great Spirit visited the home of our worthy Bro. J. C. Crawford and claimed his beloved wife as one of his Angels.
Now then he is resolved.
That in the death of Bro. Crawford's wife he has lost a loving companion a faithful and true friend which no other can fill on earth.
That as a Tribe extend to Bro. Crawford our heart felt sympathy in this bereavement.
That we humbly submit to the will of the Great Spirit and say Oh Great Spirit thy will be done not ours.
That a copy of these resolutions be spread upon the Records of our Tribe and a copy be sent to Bro. Crawford and a copy be sent to the Daily Reflector for publication.
Respectfully submitted,

Two Dead Boys Killed.
Run Away From School and Were Struck by Train.
Morganton, Nov. 8.—Walking arm-in-arm along the Southern railway near Hildebrand, 16 miles from here, this morning, Willis Sawyer, of Greensboro, and Claude Wade, of High Point, two runaway lads from the State Deaf and dumb school at Morganton, were struck by the pilot of passenger train No. 36 and almost instantly killed.
The tragedy occurred at the mouth of a cut and near a bend in the track. When the train was about the curve the engineer at the throttle saw the two boys but a short distance in front of him and made every effort to bring his train to a stop or warn the children of impending harm but without success. The shrill scream of the engine's whistle was not sufficient to break the seal of deafness placed by the Master's touch and ere the train could be stopped the lads had been brushed from the track crumpled and dyed.
It is stated that the boys ran away from the school late Saturday afternoon and when their absence was noted searching parties were organized but failed to find them.

THE MASON ARE READY FOR REUNION
New Bern, Nov. 9.—All arrangements are now complete for the fall reunion of the Co-Ordinate Bodies of the Ancient and Improved Order of the Eastern Star, which is to be held at New Bern for three days beginning on Tuesday, November 10. A large number of Masons from all parts of the State are expected to be present and participate in the reunion and to take the various degrees which are conferred upon them at this first meeting.
The reunion will be held at the Hotel of the Union and a large number of visitors from out of the State were at this first meeting.
The meeting was called to order by the President, H. Q. Alexander, of Mecklenburg county. Rev. A. G. Harris, Pastor of the Presbyterian church led in prayer.
Major J. B. James welcomed the Union to the City of Greenville in a short speech in which he gave them the freedom of the city.
President Robert Wright of the Training School extended the greetings of the Greenville Chamber of Commerce and of the Training School to the Union.
Mr. J. C. Galloway, representative of Pitt County in the Legislature, welcomed the Union in behalf of the local Farmers' Union.
Rev. Cobble responded to these addresses of welcome in behalf of the Farmers' Union.
After these addresses of welcome had been finished there were several prominent visiting delegates called upon to address the Union.
One of the most prominent of those called upon to speak was Charles S. Barrett, of Union City, Ga., President of the National Farmers' Union.
Mr. Barrett in his address dwelt on the beauties of western North Carolina and on the great things of this State. He told something of his work in connection with Farmers' Unions, what they are trying to do and what they want to do in the future. He expressed himself as delighted at being at this meeting and prophesied that the farmers are just coming into their own and that much good will result from this meeting.
Mr. L. M. Rhodes, president of the Tennessee State Farmers' Union and chairman of the Board of Directors of the National Union was next introduced to the audience.
Mr. Rhodes confined himself mainly to facts and figures showing how the farmers feed the world and in so doing get only a small living themselves. GREENVILLE, N. C. FRIDAY November 20, 1914

State Farmers' Union Holds its First Meeting In Greenville Wednesday

Address of Welcome and Responses Feature First Session Morning This

PROMINENT VISITORS PRESENT

Dr. Joyner praised the Union for its assistance in his work. He credited them with giving generous support to the two recent education laws passed in this State. He urged the farmers to adopt the Community Service work advocated in this State saying it would mean more to the farmer than anything else. He cited examples showing how the farmers have lost profits because some well-to-do man took the advantage of their ignorance. He urged the employment of more country grown teachers, and teachers who will look after Community work. The Union is one of the greatest forces in education in this State and has a great future before it.

As a special offering the Sunday School has contributed \$120.00 to the Orphanage, the Church paying a like amount. The Ladies Aid Society deserves special mention having raised \$142.00, while the Missionary Society has raised \$99.42. From a financial standpoint, this has been the most successful year in the history of the church.

The total amount raised in cash and negotiable paper, being more than \$17,000.00, probably the largest amount ever raised in Greenville for religious purposes in the same length of time.

During the year a ten room parsonage building on Main street known as the Caspar building and belonging to C. F. Smith and two adjacent dwellings, belonging to P. H. Hanes, were totally destroyed and considerable damage was done to the main building and a storage house of the Hanes Knitting Company. It is said that the loss is largely covered by insurance. The fire is thought to have originated from an electric motor on the third floor of the Caspar building, used for running the elevator.

The Caspar building was four stories high and extended from Main street through the entire block to Church street. It was valued at \$50,000. The insurance on it was \$20,000. Part of it was used as a storage house by Coleman Bros Tobacco Company, who had 250,000 pounds of tobacco in it, valued at \$25,000 and fully covered by insurance of Another part of the building was used by the Click mail order business, with a stock worth \$30,000, partly insured. Two dwelling houses adjoining the building valued at \$5,000, probably insured, were also destroyed. The loss to the P. H. Hanes Knitting Company's building and also some damage to the stock of goods.

WHITE SLAVE PROSECUTOR WEDDED ALLEGED VICTIM.
Boston, Nov. 13.—The remarkable case of Ex-United States Deputy Marshall Donald Cameron, who deserted his family and was found in company with the alleged "victim" in a white slave case which he prosecuted, will come up for hearing tomorrow in the Roxbury District Court. Cameron is charged with bigamy and non-support. Wife No. 2 is a pretty French girl of Lawrence, Mass., Miss Malvina Beaudry, on whose evidence, secured by Cameron a few years ago, an alleged white-slaver was convicted and sent to prison for a long term. During the trial the attention of Cameron to his pretty witness were the cause of his later dismissal from the government service. He left his Roxbury home, saying he was going to Canada to enlist for the war. He was traced to the home of the Lawrence girl, and the Boston police found him hidden there under a bed.

GREENVILLE, N. C. FRIDAY November 20, 1914

Rev. J. M. Daniel Leaves To Attend Conference With Excellent Report

Washington, Nov. 17.—All information reaching governmental departments here indicate that the depression which overtook business enterprises in the United States when the war storm burst in Europe is vanishing. The hopeful outlook for American ventures was summarized today by Secretary Redfield in a letter to the chamber of commerce of the United States in which he declared:

"Let the worst be said and admitted that can be said respecting existing conditions in this country, and our conditions still remain not only relatively bright, but rapidly improving and in many respects both prosperous and promising."

"One cannot but sympathize with the misfortunes that have befallen industries in all the belligerent countries," said Mr. Redfield, "and therefore we should be so much more grateful that no like fate threatens our own country. No observer of the large movements of our commerce today fails to recognize the great improvement which has been made in business conditions within the last few weeks and which is still progressing."

"The course of exchange has become more normal. Clearing house certificates are being retired. Large sums of emergency notes have been withdrawn and with the opening of the federal reserve system great additional supplies of loanable funds have become available. There is no longer serious concern over our financial future."

"Cotton has begun to move, and existing arrangements promise relief from the shortage which so long has hung over the South."

"He who wants to, may read plain facts which show on every side not only a marked hopeful feeling in industry but tangible facts on which such feeling rests. All problems are not worked out yet to perfect solution."

"Nevertheless, on many sides mills are busy and factories running full time of overtime; the number of unemployed is steadily getting less."
