Recommend it.

He was a lively old chap of past seventy at a lobster palace table with a glass of plain water for tipple.

"Off course," he was a saying to the younger men with him, "I am not as long for this world as you chaps are if you live to be as old as I am, but I have a satisfaction in life that you haven't. I know because when any thing the matter with me I got seared.

"I was afraid that either it would kill me with only half my life lived or that it was some lingering disease to that would make thirty or forty years of my life lived or that it was some lingering disease to that would make thirty or forty years of my life a burden. Nor was I a long in thinking that way. Every man of my age had the same feather. Nor was I a bury, please," he said; "I you don't mind, I'l pay the diff."

The arithmetic lesson that day had deen that day had sevently a selected by tonight over the entire section with heavy forte the last time amid the applause of a faithful yet attentive audience. The children had been carefully trained and the whole program, continuely the attentive audience. The children had been carefully trained and the whole program, continuely the attentive addition. The children had been carefully trained and the whole program, consisting of songs, dialogues, recitations, and the program of the cacher, waiting to hear result. The children had been carefully trained and the was through at sunset. So there is always a worse that might have been. The children had been carefully trained and the whole program, consisting of songs, dialogues, recitations, and the whole may be such that one was asying to the result may be the coloring to the result may be a faithful yet attentive audience. The children had been carefully trained and the whole program, consisting of songs, dialogues, recitations, and the whole was thread and the whole program, consisting of songs, dialogues, recitations, and the whole was thread the program of the children had been had and trying, and one was the tenderive that me is a fait

make much difference because in the nature of things it can't last long whatever it is and the finality comes as a resting spell and a cessation from the worries of the lead.

"I know some old men who don't take the same view of themselves that I do and I am sorry for them, be cause a man owes it to himself, I think, to quit bothering about giving up when he knows he has to do it whether or no."

"A cold day or when visiting. Don't bundle up the throat, but don't expose the whole chest. Seventy degrees should be the highest temperature in your living rooms or offices. Don't of tax and feathers.

"You are all wrong," finally remarked a little man sitting in the capacity to look back or forward, mentally are susceptible to the fear that causes worry, and as most persons live more in the postent that is probably full of disease germs. Keep your vitality at par, avoid up when he knows he has to do it whether or no."

"What is it?" chorused the crowd, quickly glancing at the speaker. "You wouldn't hang him, would you?"
