### MASONS HAD BIG TIME AT ADEN THURS.

BARBECUE DINNER — SPEECHES BY SEVERAL NOTED MEN — SUPPER AT 8 P. M.

The votaries of Masonry in Pitt county never experienced a more enjoyable day nor a day filled with more interest and instruction in the principles of the order than in the grand gathering at Aden on Thursday, the 19th. Every one of the ten lodges in the county was largely represented, and several from neighboring counties were present, swelling the attendance to above two hundred and fifty.

The occasion was the organization of a fifth district meeting composed of all the lodges in Pitt county, and this was the first annual session. Through the leadership of District Deputy Grand Master John H. Cheek and his excellent co-workers in Aden lodge, the arrangements for the meeting had been well planned and were carried out admirably.

The Masons assembled in Aden's splendid temple promptly at 10 o'clock and after the formal opening there was an address of welcome by Mr. David R. Hollowell, of Aden, and response by Judge P. M. Woodson, of Greenville. Then there were brief speeches on various topics of interest to the fraternity, and the morning session closed with a question box conducted by Worshipful Master H. E. Austin, of Sharon lodge, Greenville.

The call coming from labor to refreshments at 12:30, all repaired to one of the tobacco warehouses where a beautiful barbecue dinner awaited them.

The first work of the afternoon session was the selection of officers for the district meeting for the next year. Cheek continued in this office by virtue of appointment from the Grand Lodge of North Carolina, and the other officers elected were as follows:

District Grand senior warden, J. C. Galloway, of Grimesland lodge; district grand junior warden, H. E. Austin, of Sharon lodge, Greenville; district grand treasurer, W. B. Wilson, of Greenville lodge; district grand secretary, S. A. Jenkins, of Aden lodge.

Again a little before 8 o'clock all repaired to the warehouse, where the ladies of Aden had provided a banquet. It had been intended at this time to have responses to several toasts with Mr. R. C. Flanagan as toastmaster, but at the conclusion of the report he announced that as the day had been so full of work and good things, and there was yet to come the address of Attorney General T. W. Bickett to which all were looking, rather than make the hour of dispersing too late the toasts would be omitted.

The next assemblage was in the large auditorium of the Free Will Baptist Seminary for the address of General Bickett. After a song by select choirs, after the reading of toasts with Mr. A. G. Cox, of Winterville, in well chosen words. Though he omitted to call the speaker's name in closing, the reference to him as the next governor of North Carolina was sufficient and was greeted with a burst of applause. Mr. Bickett's speech was overheard by the speaker as being beautiful. It was filled with admonitions to right living—being just to your neighbor and true to yourself—and was inspiring to every hearer.

Aden certainly touched the heart of every visitor to the district meeting. Nothing that could be described was without bounds. The people of that good town vied with each other in attention to their guests and saw that every comfort was provided. Aden calls itself a little town given with opportunity, but it is greater still in genuine hospitality.

### CASWELL ASKEW SUICIDED TODAY IN NEW BERN.

(By Wire to The Reflector.)

New Bern, Aug. 26.—Caswell Askew, white, aged 74, committed suicide here this morning at his home on South Front street. Mr. Askew cut his throat with a pocket knife, making a jagged wound and severing his jugular vein. He was found in his room.

Mr. Askew is a native of Trenton, N. C., but had resided here for some time.

At a coroner's inquest this morning it was learned that he was the owner of considerable property in Jones county. No reason was assigned for the rash act, other than that he suffered from stomach trouble, and probable despondency caused him to take his own life.

### AUTO TURNS OVER AND SLIGHTLY INJURES OCCUPANTS

TWO YOUNG MEN ATTEMPT TO SHOOT UP THE TOWN OF BELHAVEN AND GET THEMSELVES ARRESTED.

(By Wire to The Reflector.)

Washington, Aug. 26.—While en route from this city to New Bern yesterday evening, the automobile of Mr. Shaw Bonner turned turtle about half way between here and New Bern.

The car was occupied by Mr. Bonner, who was driving; Ted Paul and Gray Paul, and while going at a lively clip, struck a hog, swerving, ran into a ditch and turned over. Three of the occupants were pinned under the car, which at once caught on fire. For a time it seemed as if they would not be extricated, but after heroic efforts they were taken out just as a violent explosion made dust of the large car.

All members of the party received wounds and cuts, though none of them are thought to be in a precarious condition.

Reports from Belhaven this morning indicate that two young men in a buggy took it upon themselves to shoot up the town of Belhaven last night, but were arrested by Policeman Dillon and taken before the mayor where they were fined seven and five dollars, respectively.

### UNCLE SAM GIVES TO HAITI AMPLE TIME EXTENSION

MR. LANSGING WILL NOT DISCUSS TREATY AS SUBMITTED TO THE HAITIAN PEOPLE.

Washington, Aug. 25.—Word came from Port au Prince today that Charge Davis, of the American legation, had extended until tomorrow night the time for action by the Haitian parliament on the proposed treaty to establish for 10 years an American financial protectorate over the island republic.

News today had been fixed by the charge as the time by which he would expect approval of the treaty drafts submitted by the United States. The Haitians protested, however, against such a limit on debate in parliament and the extension was granted. Officials here did not comment on press reports that the parliament and ministry threatened to resign if the American government insisted upon immediate action.

Secretary Lansing made a statement today explaining the purpose of the United States had in proposing and pressing the treaty with Haiti at this time. He said the Washington government was acting from wholly disinterested motives to save the little republic from ruin through never ending activities of so-called revolutionists for whom the country's revenues offered spoils. The Secretary declared there was no foundation for reports that the proposed convention would give the United States Mele St. Nicholas as a naval base.

While Mr. Lansing would not discuss the treaty, it is known that it provides for American agents in charge of the ten custom houses, three of which, those at Port au Prince, St. Marc, Cape Haitien have already been taken over by Rear Admiral Caperton.

Solon Menos, the Haitian minister conferred with Mr. Lansing during the day and presented a communication from his government requesting an explanation of certain points in the American proposals.

Although the minister would not discuss the negotiations he said that he felt sure that his government was anxious to bring about an understanding with the United States as speedily as possible. He made it clear that his government did not oppose the attempt of the United States to bring about peace and reconciliation in the island. Riots and uprisings, he explained, were in many cases due to the intentions of the United States and a misunderstanding of the presence of American troops on Haitian soil.

"I hope and desire," said the minister, "that a real entente will be created between the two peoples, but such an entente is only possible when both sides make concessions."

The government of Argentina has employed a Japanese expert to construct an extensive campaign to increase rice production throughout the republic.

### THE GERMAN ARMY STORMS WAY FORWARD AND CRUSHES CZAR'S TROOPS AROUND BREST LITOVSK

Great Army of General Von Mackensen Organizes Itself For a Rush on the Lines of Czar's Troops and Makes a Successful Onslaught, Capturing an Important Russian Position.

Berlin, Aug. 26, via London.—The Russian advanced positions to the southwest of the fortress of Brest-Litovsk were broken through yesterday by the Germans, according to an official announcement given out today by the army headquarters staff.

The text of the statement follows:

"In the western theatre.

"In the Champagne district we successfully exploded several mines.

"In the Vosges an attack made by the enemy on Schratzmannville was repelled with hand grenades and south-east of Sondernach that part of the trench sections which we lost on August 17, was recaptured.

"A German battle aviator shot down a French biplane near Nieuport.

"In the eastern theatre.

"Army group of Field Marshal von Hindenburg: North of the Niemen river 750 Russians were taken prisoners during successful engagements in the neighborhood of Brest.

"The army under Von Elchorn is advancing victoriously towards the east, fighting all the way. This army captured 1,500 Russians and took several machine guns.

"The army of General von Schell reached Beresowka, captured Kuzyn and crossed the Narow river to the south of Tyokoin.

"The army of General von Gallwitz captured the Narow river crossing on the Sokolski-Bitok high road. Its fighting has reached Orlianka after having driven back the enemy. The army took more than 4,700 prisoners, including eighteen officers and nine machine guns.

"Army group of Prince Leopold, of Bavaria: Yesterday the enemy attempted in vain to bring out pursuit to a staid hill. He was attacked and thrown back into Kholmowka forest. South of this forest our troops reached the region to the east of Wischewitz. We captured more than 1,700 prisoners.

"Army group of Field Marshal von Mackensen: Pursuing the defeated enemy this army group is approaching the Baltic on the western bank of the Bostna, north of Brest-Litovsk. On the south-eastern front of Brest-Litovsk, at Dohynka, the Austro-Hungarian and German troops broke through the advanced positions of the fortress yesterday.

"On the eastern bank of the Bug, northeast of Wladawa, parts of the army of General Von Linington are advancing towards the north, fighting all the way.

"Serious Battle Near Plescha and Kovel. Petrograd, Aug. 25, via London, 3 p. m.—The garrison of Ossowetz joined the Russian field army on August 22, evacuating the fortress after blowing up the permanent fortifications, burning the wooden structures and removing or crippling the guns, thus ending a year of defense of the principal crossing of the Bobr river.

War office officials pointed out that

### POLLOCK CASE IS CONTINUED

COURT TODAY ENGAGED ON FORBES WILL CASE — STARTED IT YESTERDAY.

Yesterday evening the court took up the case in regard to the last will and testament of R. W. Forbes, and it was still at work on this case today at 12 o'clock.

The murder case of S. M. Pollock, charged with the murder of a policeman by the name of Smith at Farmville, about two years ago, has been continued until the November term of court.

A cover has been invented for cooking utensils which clamps in place and is provided with a strainer through which boiling liquid can be safely poured.

### SAY HILL IS INSANE MAN

MAN ON CHARGE FOR MURDER ADMITTED ISSUING BY FOUR EXPERTS.

(By Wire to The Reflector.)

Kinston, Aug. 26.—Cooper Hill, on trial here in Superior Court on a charge of murder in the first degree, was declared insane today at 2 o'clock by four experts, who have been examining him as to his sanity.

One of the experts stated that it would be doubtful if Hill ever regained his right mind. He will be sent to the State Prison for the dangerous insane.

The fortress was especially adapted for defense because of the marshes that surround it, but that this fact would be one working to its disadvantage when the fortress was cut off from the army, after the abandonment of the line of the Bobr, Ossowetz ceased to have importance in the view of the army officials. Bialystok is still in Russian hands, but a large part of the railway from the north and west is in the hands of the Germans and they are expected to make every effort to extend their lines toward Grodno, the next fortress of importance.

### DARE DEVIL MAKES CLIMB

MADE A SUCCESSFUL CLIMB OF THE COURTHOUSE YESTERDAY EVENING.

More than a thousand people crowded around the courthouse square yesterday evening at 6:30 o'clock to watch H. H. Gardener, the Virginia Dare Devil, make good his declaration that he would climb to the top of the courthouse.

Gardener started at one corner of the building, easily scaled it to the roof, vaulted over the cornice and trotted up the roof to the dome. Here he experienced a little difficulty in getting a secure hold on the cornice, but he finally managed to get over.

The Dare Devil's climb certainly was marvellous to the people of Greenville, and many of them gave out exclamations of wonder at the spectacular exhibition.

### A BOY IS RUN OVER BY AN AUTOMOBILE

(By Wire to The Reflector.)

Rocky Mount, Aug. 26.—While attempting to alight from his father's automobile here yesterday evening, George Hales, 8 years old, was thrown under the car, the wheels passing over his body and crushing his collar bone. The boy is in a precarious condition.

Satanet should be convinced that advertising in The Reflector pays, for wasn't there more than a thousand people out to watch the human fly scale the courthouse yesterday evening?

THE POLLY OF IT.

Yesterday evening more than a thousand people gathered around the courthouse to witness the feat of H. H. Gardener in climbing to the dome. It has always been a mystery to us why people will crowd around to witness such a performance when they know that the man is climbing up a death.

Yesterday evening there were several hundred women out there by the courthouse, who would have remained and fainted had the "Humm, Ph" not got there were there to see the feat.

We suppose that it is the love of adventure that is in the human race that makes them want to see such feats as that one yesterday evening. It's kind of fascinating.

**THE RIGHT POLICY.**

It is with a large amount of pleasure that we note that Secretary Lansing has put a proposition to the Haitian people that is sound in doctrine, and the only logical proposition to be offered them.

Secretary Lansing offers to make a treaty with Haiti, provided that this country is given the controlling of the finances of that country for a period of ten years. Or, in other words, a treaty we understand it, the United States will act as a sort of censor of what goes on in Haiti.

It has been demonstrated, we believe, that the small negro republics such as Haiti and others, are not capable of managing their own affairs, therefore, it is justice to them that some white nation see that things are carried on as they should be. We believe that the United States is the only nation that can manage the affairs of Haiti satisfactorily just at this time, and we hope to see this country make itself a kind of censor of what goes on in Haiti.

Of course, we are not advocating despotism, we are only contending for something that we believe necessary in order to maintain peace and quiet in Haiti.

**WOMEN PAY THE PRICE.**

Over in Europe there is a slaughter of men going on. Daily several thousand men are killed, or mangled for life by the bursting shells. These men must suffer, their comrades suffer pain, too, as they see them slain, but not least is the suffering confined to the soldiers on the field. Back at home the women, mothers, sisters, and wives of the soldiers are suffering the deepest agony that can be thought of.

Even the surprise that comes during the time that the great battles are on brings forth untold agony on the part of the women.

It is woman's business to raise men, and it seems that they are raising them in Europe for the slaughter pen. This war is going to mark history with the women of Europe. It is going to make of them poor, shaking creatures that will ever dread the beating of a drum and the display of military show, for can't you see the quick pains of worry that dash over the faces of our own old ladies, who were here during the Civil War, when they see soldiers passing by? It will be the same way with Europe for years and years to come. It is the same old, old story, the women pay the price.

**A NOVE COMMEMED.**

The Greenville Banking & Trust Company yesterday made an announcement that will doubtless be heralded with enthusiasm by the farmers in that county. This banking house has stated that it is in position to loan money to the farmers in order to allow them to hold their cotton until prices reach such a height as to give the farmers the benefit of their labor.

The Greenville Banking & Trust Company is to be commended on this step that it has taken to help the farmers, and we believe that the farmers in this section of the country will be materially benefited if they investigate this proposition.

Not Hardly.  
(Kinston Free Press.)

The Georgia mob, which murdered Leo Frank, claims, according to reports of correspondents, who it is said, interviewed members of the party, was an "orderly committee," which carried out the legal mandate of the State. No brutality was in evidence, and as much consideration was shown the condemned man as would have been the case had he been taken to the scaffold by the properly constituted officials and executed. The interview is alleged to have asserted, We dare say the usual hangman's fee was not paid by check to the "expert" who tied the knot.

**Good Idea.**

(Ayden Dispatch.)  
The North Carolina Board of Health is accomplishing great things throughout the State, and should receive the ardent support of every individual.

**COW AND GOAT IN FIERCE FIGHT.**

(Washington News.)  
Considerable excitement was caused yesterday in the back yard of W. H. Hillson, on West Second street, when his cow and his little son's goat did a "Willard-Johnson" in which the cow played the part of "Lily A'ha."

It is not known what caused the dispute, probably Brande got the goat's "manny" but at any rate the two animals were soon engaged in mortal combat. "Billy" dodged in and out between his adversary's legs and bridled her over a big disadvantage. She tried desperately to horn her small opponent, but Billy managed to keep away. He'd back off a ways and then come forward with the speed of an express train.

His head would lodge in the cow's side and the cow would emit an outraged howl of pain. Billy kept this up for about ten minutes and finally Brande turned tail and fled. Billy is cock of the yard today.

**BROTHER AND SISTER WED IN WISCONSIN.**

Janesville, Wis., Aug. 26.—The marriage of Miss Irene Spillner and Fred C. Spillner here recently marks the first time that a brother and sister have assumed the relations of husband and wife as far as the records of that county show.

The bridegroom was legally adopted by the Spillner family when a lad in his teens, and many acquaintances did not know he ever more another name. Consequently there was great surprise among friends of the family when the marriage was announced.

The couple was married by Judge Charles L. Fifield of the county court.

**Why's "Gets-It," for Corns, Like a Kiss?**

Because Everybody Tries It, Everybody Likes It, It's Painless and Takes But a Moment to Apply.

"Gets-It" is the wonder of the corn-patched world. Millions say so, because millions have used it. That's what makes it the biggest selling corn remedy on earth today. "Gets-It" will surely get that corn or callus you've been trying for a long time to get rid of.—Take it right off "clean as a whistle." Apply it in 2 seconds—put your stocking and shoes right over it.—nothing to stick, nothing to hurt. You needn't fuss with thick hardeners that make a package out of your feet. No knives, razors and saws, no tape, no trouble. It's simplicity itself, sure, quick, painless. Try it also for hemorrhoid warts. "Gets-It" is sold at all druggists. 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

Richmond, Va., Aug. 25.—The Norfolk and Western Railway has begun the work of double-tracking the City Point branch from Petersburg to the side of the DuPont powder plant in order to accommodate the greatly increased passenger and freight traffic. The construction plans are going forward as rapidly as possible, and the speed with which the work is being pushed will probably meet to some extent the complaints against the train service on the branch, which business men of Petersburg propose to lay before the State Corporation Commission.

**TOBACCO SALES NOT SO LARGE TODAY.**

Though the sales today were small, it is generally understood that they were even better than it was expected that they would be. About twelve thousand pounds were sold today, and some of the warehouses all averaged about ten and half cents all around. This is an unusually good price for the first of the year, and it is expected that the price will be even better later on. The farmers are urged to get their tobacco graded as quick as they can.

**TREAT TUBERCULOSIS WITH CHEMICALS**

Paris, Aug. 25, 5-30 a. m.—Tuberculosis must be treated by chemical means and not by serums. Dr. Louis Renon has announced to the Therapeutics Society after a long research. Dr. Renon is connected with the Necker Hospital and is a member of the medical faculty of the University of Paris. His paper has caused a stir in medical circles, where it is held that he has opened a new path in the cure of the white plague.

Dr. Renon says that his endeavors have been directed towards finding a substance which will bacilli in an animal organization without injuring the elements of that organization. A beginning has established a list of antiseptics which arrest the development of bacilli in cultures. He also found substances which bacilli cannot develop. These, he says, are potassium sulphur, phosphates, iron and magnesium.

This he claims, therapeutic action can be obtained by adding certain substances to an animal organism and also withdrawing by means of diet; other substances necessary to the growth of bacilli.

**FIRST SERVICE OF THE REVIVAL LAST EVENING**

PERY G. CROSS, NOTED EVANGELIST, PLEASIS HIS HEARERS WITH AN ABLE SERMON AT THE CHRISTIAN CHURCH.

Notwithstanding the inclemency of weather, a goodly number of people attended services last night in the Christian church and heard an able sermon by Rev. Pery G. Cross, the noted national evangelist. This being the first service of a series that will continue for three weeks and probably longer.

The speaker chose as his theme for the initial discourse, "The Revival Spirit." And from this subject Mr. Cross aroused much enthusiasm among his hearers which was fully demonstrated at the close of the service.

His sermon was addressed mostly to the religious element, impressing them with what constituted a "Revival Spirit." Mr. Cross said that in order for Greenville to experience a revival awakening the religious people of the community must begin with the preservation, forbearance, praising, honor and holy spirit. Mr. Cross is further take notice that he is required to appear at the term of the superior court of Pitt county to be held on the second Monday after the first Monday in September, 1915, it being the 20th day of said month, at the courthouse in said county, and answer or demur to the complaint in said action or the plaintiff will apply to the court for the relief demanded in said complaint.

**RAIN RECALLS PAST STORM**

**JUST TWO YEARS AGO TODAY**

**VIOLENT STORM PLAYED HAVOC WITH GREENVILLE.**

The heavy rain today recalls to the minds of many local citizens the storm that visited this section of the State just two years ago today, when the town of Greenville experienced the heaviest rain and windstorm in its history.

Reports received here from Washington this morning states that the rainfall there last night was unusually heavy, and that the river reached the highest tide since the storm two years ago.

It is not known whether the storm raging up the coast now will reach Greenville, or not, but many local citizens are hoping that its velocity will be spent before it does reach here.

**POPE DISCUSSES A NEW FORM OF WORLD PEACE**

Washington, Sept. 3.—Cardinal Gibbons today presented to President Wilson a message from Pope Benedict regarding peace in Europe. Later he saw Secretary Lansing on the same subject.

After the conference at the White House, the cardinal announced that he had discussed the possibilities of peace with the President. He said he had conveyed a message from the Pope on the question, but could not reveal its exact contents at this time. Cardinal Gibbons declared that the settlement of the submarine issue had greatly aided the cause of peace and had placed the United States in a very advantageous position to be of service in bringing the conflict to an end. He said he had informed the President that he believed this to be true.

It was indicated that the Pope's message was in the nature of a suggestion that neutral powers join with the Vatican in making further efforts to restore peace.

The cardinal said that the plan in mind was along the general lines of recent public discussion of the question in newspapers.

Cardinal Gibbons was with the President nearly half an hour. He was accompanied by Monsignor William T. Russell, rector of St. Patrick's Catholic church here.

"Our talk was highly satisfactory and I am very much pleased with my reception from the President," said the cardinal.

The cardinal indicated broadly that he believed negotiations now would be under way to end the war. He indicated that further developments might become known soon.

It was announced at the White House that President Wilson would make no comment on the conference at this time.

In the embassies of the allies the cardinal's visit to the White House was viewed with lively interest but with none of the officials there expressed any hope for an immediate outcome of the peace talks.

Later it was revealed that the cardinal incidentally discussed the Mexican question generally with President Wilson and expressed the hope that peace would be restored there.

Later Cardinal Gibbons revealed that no message similar to the one he delivered to the President from the Pope had been sent to the other neutral powers. He said he might get permission from the Pope to make it public later.

It was understood that the message expressed the opinion that the United States now was in a position to be of great assistance in restoring peace.

**FREIGHT SHIPS SHOULD RECEIVE ALL PROTECTION**

BRITISH PRESS ARGUES THAT FREIGHT STEAMERS ARE OF AS MUCH VALUE AS THE PASSENGER SHIPS.

London, Sept. 3.—Great Britain cannot be a consenting party to a settlement of the submarine question which puts a liner and its passengers into a class apart from a merchantman and its crew, the evening newspapers say in commenting on the note of Count Von Bernstorff to Secretary Lansing.

"We can acknowledge no such distinction," says the Westminster Gazette, "and for full satisfaction of our claims we can accept nothing less than re-establishment of all non-combatants whether neutrals of nationals, whether they are traveling on liners or on ordinary merchantmen."

"Our case has been admirably defined by President Wilson both in the note he wrote on February 10, when Germany had given notice of her intention to abandon legality, and in the further note after the sinking of the Lusitania. I adhere to a view and a message made between a liner and a merchantman. We cannot help but hope that the United States will yet in its record that it stands by the whole of the doctrine so forcibly expounded in the President's earlier communications."

The Pall Mall Gazette considers Germany's offer to change her methods of submarine warfare to be limited by the condition that it applies only to liners. "Don't try to escape or try to outwit," says the paper, "but let us have full attractions of our resistance."

The Evening Standard remarks that if President Wilson's "only object is to protect American lives, he may accept Ambassador Von Bernstorff's proposals; but if the mission of America is, as President Wilson's language itself suggested, to uphold the laws of humanity, we fail to see how he can accept anything less than an undertaking by Germany to abandon her taking submarine piracy policy on the basis of an agreement reached on the basis of Count Von Bernstorff's letter America will have found an excuse for not taking drastic measures against Germany, but in that case she must not expect to be regarded by the world as a protector of non-combatants and champion of international morality."

**SANITATION LAW MADE CERTAIN BY THE BOARD**

BOARD OF ALDERMEN VOTE ALMOST UNANIMOUSLY FOR THE SANITATION ORDINANCE TO TAKE EFFECT SOON.

At the regular meeting of the board of aldermen last night an ordinance was passed requiring all property owners within the corporate limits of the town to make their surface closets sanitary, or build new ones. According to the specifications of this ordinance, all surface closets within the limits of the town, will be provided with galvanized buckets, 15x15 inches, and the night soil must be made fly-proof by screening. The proof house must also be made fly-proof and provided with a self-closing door.

This must be done within thirty days from date.

The town clerk has a model sanitary closet which has been built according to the specifications of the ordinance, and can be seen by those wishing to know the requirements of this ordinance.

Another progressive step of the board last night was the creation of the scavenger department to have control of the proper cleaning of the streets. A tax of two dollars per year will be levied upon each property owner to cover the cost of this department.

An addition to the ordinance requires that each property owner purchase two galvanized buckets, same to be specified by the town clerk. All buckets are to be uniform.

The vote on the measure last night was practically unanimous. It has had the hearty support of Mayor Dunn since it was first hinted that this might be one of the new ordinances passed by the new board.

The citizens of the town should feel an appreciation for the fact that the board last night, reduce the number of cases of typhoid and malaria here. This is a step forward for Greenville that will, in all probability, lessen the death rate in Greenville, and one that is well in keeping with the progress that is being made along other lines.

**SALE OF PROPERTY INVOLVES \$60,000.**

(By the Evening Press.)

Rocky Mount, Sept. 3.—A transfer of property here to day involving \$60,000 was completed when Dunbar Farm, of 2,196 acres was sold to Mr. W. A. Erwin, of Durham, N. C.

Nothing has been given out as to the plan of Mr. Erwin, however, it is highly probable that he may put a creamery on this property to supply the towns in this part of the State.

**TOWN STATEMENT TO BE PUBLISHED MONTHLY**

It was moved and carried at the board of aldermen meeting last night that a statement of the town's finances be published monthly.

Simplicity features a Pennsylvania inventor's hot pin point protector consisting of a curved piece of metal sufficiently springy to hold itself on a pin.

**ALDERMEN BOARD WOULD EXCLUDE PART OF REPORT**

NOTE MADE TO PUBLISH ALDERMEN BOARD REPORT—MAJORITY OF BOARD WANTS TO PRINT ONLY A PART OF IT.

At the board of aldermen meeting last night a move was made to publish the town auditor's statement. The board considered the statement and agreed to have it published in part. It seems that there are some law suits in this report that a majority of the board does not want published. A reporter could not learn just what parts the stipulation has been placed upon, but he has authority to say that a majority of the board does not want the entire statement published.

It seems that there is a tendency on the part of some members of the board that wants to exclude from the public some facts which it should know. There is absolutely no use to print part of the statement without printing it all, and then, many citizens are anxious to know what it is. The board of aldermen will, in the opinion of most folks, see public, and nothing should be covered up.

The mayor and three of the aldermen are known to be in favor of publishing the report in its entirety, and considerable conjecture is current on why the other members of the city government oppose the publication of the report.

**BRITISH SINK TROOP SHIP**

ANNOUNCED THAT FOUR BRITISH TROOP TRANSPORTS HAVE BEEN TORPEDOED.

Paris, Sept. 3.—Four Turkish transports have been torpedoed by British submarines.

The announcement was made today officially as follows:

"In the Dardanelles the last week of August has been calm throughout on the southern front. In the northern zone British troops delivered successful attacks which put them in possession of a hillock to the west of Buvaik Anafarta, which had been contested keenly."

"To the transport sunk on the 20th of August by one of our aviators in the anchorage at Achalishani it is necessary to add four transports torpedoed by British submarines; two of them at the same point and two others between Gallipoli and Nagara. "The guns of the battleships have hit several vessels anchored in the straits."

**ENGAGE IN MORTAL COMBAT**

STRIAN AND GREEK HAVE EVIDENTLY FIGHT ON CITY STREETS EARLY TODAY.

The Strians struggling in the trenches over in Europe in hand-to-hand combat have nothing on Mr. J. G. Laurence and one Aboyanis, of this place.

Mr. Laurence is proprietor of the Candy Kitchen, and a Greek by birth. Mr. Aboyanis is proprietor of a clothing store next door to Mr. Laurence's place. He is a Syrian had been looking for Laurence this morning when he did find him, the strap ensued. There was the making of a lively scramble when a clerk of Aboyanis' appeared on the scene and gave Mr. Laurence a good blow in the face. It was impossible for him to fight the both of them at once.

Quite an amusing incident has grown out of this disturbance, and it may be one too. It has been reported, that owing to the strong feeling that always exist between Syrians and Greeks, Aboyanis had purchased a punching bag some time ago and has been practicing up on it for some time.

**COAST LINE INVADES WEST**

HIGHLY PROBABLE THAT A. C. L. WILL SEEK TOURISTS FROM THE WEST.

Rocky Mount, Sept. 3.—Whether or not the Atlantic Coast Line will invade the west into Cincinnati and Chicago for the winter tourist travel for Florida appears to remain a matter of conjecture in these parts, though there is a persistent rumor all right and officials are prone to remark that they believe the greatest winter tourist season in Florida's history is just ahead of her. Last fall was the time originally planned for the Atlantic Coast Line to increase its equipment on the tourist travel by the putting out of a Pullman train out of Chicago, Cincinnati and across to Washington and thence south on a fast schedule. However, the season of uncertainty gripped the country and all plans were called off. However there are some that believe the season is now ripe, and that with the great winter forecasted for the Line will this year for the first time in its history make a bid for the tourist business from Chicago just as it has been a live contender for the business from New York for a number of years.
