**IN APPRECIATION.**

It is with a large amount of pleasure  
that The Reflector serves notice  
on the board of aldermen its appreciation  
of the forward step they took  
last night in passing an ordinance  
requiring sanitary privies to be built  
in Greenville. It was a showing that  
the board is awake to the needs of  
such a progressive town as Greenville  
and their names will remain on record  
as the men who have taken a firm  
stand for the best interest of the town.  
Look to them!

**WHEN THE FIGHT IS OVER.**

It is nothing but pure logic to say  
that the war now being waged in Eu-  
rope will have an end. Everyone will  
agree to that statement, and even  
though the people in this country are  
uncertain as to when the war will end,  
they should take immediate steps to  
prepare themselves for the time when  
it does end. They should be ready to  
begin to reap the harvest of the trade  
that will be asked for by the European  
countries that have already exhausted  
their supply of most everything. It  
takes to carry on a sensible life.

The demand upon the United States  
for articles of wearing apparel will be  
so great that this country is going to  
find itself put to it to supply the de-  
mand. Not only will the demand be  
for that article, but the European  
countries will be clamoring for articles  
of American manufacture of every  
kind. They will be eager to take them  
at any price.

This country should have itself pre-  
pared to take care of their orders. It  
will be supplying them, great benefits.

To, to, Mr. Palm Beach.

We are unusually glad that we are  
not a Texan.

And in the meantime the govern-  
ment might explain why it allowed the  
submarines of the "E" class to remain  
in service.

Yes, the health fight is everybody's  
fight, and each citizen of Greenville  
has a perfect right to fight for his  
health rights.

Well, all those fellows who raved  
about yesterday being 8-pint  
morn, got one of the chilly kind, all  
right.

We gave a doctor a dollar  
For a hat and collar.  
The blamed thing wouldn't fit.  
And now we haven't a fit.

**CANDIDACY OF COL. GRIMES IS MADE PUBLIC TODAY**

NUMBER OF LEADING CITIZENS  
INDORSE THE PRESENT SEC.  
RETARY TO SUCCEED  
HIMSELF.

To the Democratic Voters of North  
Carolina:  
We, the undersigned residents of  
Pitt county, feel that we are render-  
ing a service to the State in recom-  
mending the nomination of our fel-  
low countryman, Colonel J. Bryan  
Grimes, to the office of Secretary of  
State.

In public, as well as in private af-  
fairs, experience, honesty, courtesy,  
and prompt and efficient dispatch of  
business are essential in the discharge  
of any trust. That these conditions  
have been met by him in the manage-  
ment of the Department of State will  
be readily attested by the thousands  
of North Carolinians who have had  
dealings with that office.

As a member of the Council of  
State, the Board of Public Buildings  
and Grounds, Trustee of the Public  
Library, and the various boards on  
which he has served, he has had con-  
stant, wide and varied experience in  
all matters of State concern during  
his most progressive period. His  
familiarity with State affairs, his rip-  
knowledge and dependable judgment  
have been of inestimable value in  
outlining and putting into execution  
a policy of progress and service which  
means much for the advancement and  
upbuilding of the State.  
As a trustee of the University and  
member of the State Board of Educa-  
tion, he is thoroughly in touch with  
educational conditions and has con-  
tributed much to the unprecedented  
and phenomenal advancement of this  
great cause.

A farmer himself, he has always  
taken keen interest in the agencies  
which worked for their betterment  
As a member of the Board of Agricul-  
ture, the Grange, the Farmers' Alli-  
ance, and the Farmers' Union, he has  
always been in the forefront in his  
advocacy of better farm conditions  
and has exercised a strong and help-  
ful influence for the agricultural and  
industrial uplift of the State.  
As chairman of the North Carolina  
Commission he has rendered a lasting  
service in bringing about an histori-  
cal awakening and State pride which  
will place North Carolina in its  
proper place in the history of the  
country.

As a Mason, member of the Junior  
Order of United American Mechanics  
and Knights of Pythias, he is in full  
sympathy with the purposes and high  
aspirations of these organizations, and  
his life is an exemplification of the  
principles for which they stand.  
He has made the Secretary of  
State's office a model of efficiency and  
service, and in all his activities he  
has worked effectively for the welfare  
and progress of the people of the  
State.

**To Our Pitt County Friends**

August 30, 1915.

Since the year 1836, forty-nine years ago, our one aim has been to manufacture a vehicle that is not only perfect in every detail of workmanship, but a vehicle that will become known as a standard wherever it goes.

Our policy has always been to make good, free of cost, any defect in material or workmanship, and we believe that people buy the FLANAGAN year after year, because they know they are dealing with an institution that will go out of its way to satisfy its customers.

In addition to our vehicle line, we have a complete stock of automobile tires; an up-to-date bicycle salesroom and repair shop. Our line of harness is the most complete in this section of the State—and our Undertaking Parlors have been complimented by all who have seen them.

In addition to these lines, we have recently secured the Ford Agency for Pitt County. We are going to carry a complete stock of Ford Automobiles and Ford repair parts, along with a complete line of automobile accessories, consisting of horns, blow-out patches, cement, pumps, etc., and we are going to endeavor to render the same service to the Ford Automobile owners, that we are rendering to the owners of the FLANAGAN Buggies. We want your business, and we are going to merit it by continuing to give the same service in the future that we have in the past.

TELL YOUR FRIENDS ABOUT US, AND COME TO SEE US.

Your Friends,

**TIMES ARE HARD FOR PAWNBROKERS**

London, Sept. 3.—Statements are constantly appearing in the German press to the effect that these are the happiest of days for English pawnbrokers, and the Duetsche Tageszeitung speaks of the masses in this country "falling in procession into the clutches of the usurer and pawnbroker."

The real state of affairs is that pawnbroking in this country at the present time "is almost dead." These are the words of C. A. Keason, editor of the Pawnbrokers' Gazette. Says Mr. Keason: "Only this morning I attended a meeting of London pawnbrokers, and it was a very mournful one. Without exception every member of the trade said this was the worst time they had ever known, and one large firm reported that they had held their annual meeting last week and their pledge stock—that is to say, the quantity of goods in stock on which they lend money—is down 19,000 pounds on the year.

"You can tell Germany on my authority that there is very little pawning being done in this country now, and the brokers are depending at most solely upon sales. Poor people have got so much money, work is so plentiful and the separation allowances for the wives of soldiers have reduced pawning in all the large and over-populated cities to a minimum.

"Emergency pledges, where family plate is realized to obtain money suddenly required, is the only business of pawning today."

**A Low Trick.**

A wounded soldier explained his grievance to his nurse. "You see, old Smith was next me in the trenches. Now, the bullet that took me in the shoulder and laid me out went into his arm and made a bit of a flesh wound in his arm. Of course I'm glad he wasn't hurt bad. But he's stuck to my bullet and given it to his girl. Now, I'd don't think that's fair. I'd a right to it. I'd never give a girl o' mine a second hand bullet."—Kansas City Star.

**Newspaper Man Recommends It.**

R. R. Wentworth, of the St. James (Mo.) News, writes: "A severe cold settled in my lungs. I feared pneumonia. Foley's ointment and Tar straightened me up immediately. I recommend this genuine cough and lung medicine." Right now thousands of hay fever and asthma sufferers are thankful for this wonderful healing and soothing remedy. Sold everywhere.—Adv.

Morrow with us who runs the sale. **HIS MANY YEARS' EXPERIENCE, BOTH AS BUYER AND WAREHOUSEMAN WILL BE AT YOUR SERVICE.** Mr. Morrow knows tobacco, and is a **LIVE WIRE, AND WIDE-AWAKE WAREHOUSEMAN,** and you can rest assured that when you bring your tobacco to **MUNFORD'S WAREHOUSE** you will have protection, and that you will get the full market price for your tobacco, and you will be convinced that we can get you as much or more money for your tobacco than any one else, and we will work hard to please you, and **AGAIN** we sell the tobacco, and not the **MAN,** and every farmer, **BIG OR LITTLE,** will have the same prompt service at **MUNFORD'S WAREHOUSE.**

**OUR FORCE** are experienced men who will be found at all times working for the best interest of both **FARMERS AND BUYERS,** and will see that you have the best service.

We wish especially to call your attention to our **STALLS AND STABLES,** which are the very best in the State, always dry and clean where your teams will be protected in all kinds of weather, and with **LIGHTS AND WATER INSIDE STABLES.** **AGAIN MUNFORD'S WAREHOUSE** is the best ever built for the **CONVENIENCE OF BOTH FARMERS AND BUYERS, AND FOR THE SALE OF LEAF TOBACCO, with 322 SKYLIGHTS, AND TOBACCO ALWAYS LOOKS GOOD UNDER OUR LIGHTS.**

**THE GREENVILLE MARKET**  
Is Better prepared to sell this year's crop than ever before with all the large and independent companies on the **MARKET,** and we have the best set of buyers that Greenville has ever had, and we **BELIEVE** that you are making a great mistake by not selling your tobacco on the Greenville market with our many steam plants, and our accommodations, and other advantages that you cannot get elsewhere, and we believe that the difference in prices will **WELL PAY YOU TO SELL YOUR TOBACCO ON THE GREENVILLE MARKET.**

**OUR SALES** have increased each day since the opening. First curings are selling high where they are dry and have color. We advise you not to bring your tobacco to market in too high order as the dampness hurts the sale. Your tobacco will sell **BETTER** when not too **SOFT,** and you will do well to remember this and bring your tobacco to market in good keeping order.

Very little tobacco is being sold besides first curings, and everybody seems pleased with prices on the **GREENVILLE MARKET,** and we look for better prices as the leaf is sold.

**SATISFIED CUSTOMERS ARE OUR BEST ADVERTISEMENT.**

Start with us now and bring us your next load and we believe that you will sell the balance of your crop at **MUNFORD'S WAREHOUSE** where **OUR** entire force will do everything possible to help you. **REMEMBER A TRIAL IS ALL WE ASK**  
**OUR MOTTO: PROMPT SERVICE AND A SQUARE DEAL.**
