QUART BOTTLES.

Fight Skie Eruptions are a Warning of Something More Serious to Come. The Only Safe Way is to Heed the Warning. Johnston's Sarsaparilla.

Nature, in her efforts to correct mistakes, which mistakes have come from careless living, or it may be from ancestors, shoots out pimples, blotches and other imperfections on the skin, as a warning that more serious troubles (perhaps tumors, cancers, cryspelas or pulmonary diseases) are certain to follow if you neglect to heed the warning and correct the mistakes.

Many a lingering, painful disease and many an early death has been avoided simply because these notes of warning have been heeded and the blood kept pure by a right use of JOHNSTON'S SARSAPARILLA.

Miss Abbie J. Rande, of Marshall, Mich., writes:

"I was cured of a bad humor after suffering with it for five years. The doctors and my friends said it was salt rheum. It came out on my head, neck and ears, and then on my whole body. I was perfectly raw with it. What I suffered during those five years, is no use telling. Nobody would believe me if I did. I tried every medicine that was advertised to cure it. I spent money enough to buy a house. I heard JOHNSTON'S SARSAPARILLA highly praised. I tried a bottle of it. I began to improve right away, and when I had inshed the third bottle I was completely cured. I have never about of it since. I never got any thing to do me the least good till I tried JOHNSTON'S SARSAPARILLA. I would heartily advise all who are suffering from humors or skin disease of any kind to try it at once. I had also a good deal of stomach trouble, and was run down and miserable, but JOHNSTON'S SARSAPARILLA never and made me sill right."

The blood is your life and if you keep it pure and strong you can positively resist disease or face contagion fearlessly. JOHNSTON'S SARSAPARILLA never fails. It is for sale by all druggists, in full quart bottles at only one dollar cash

Your Friends,

Has not the time arrived when a newspaper of an individual may speak what he believes to be the truth without being prescribed, and that they have been succeeding in getting much money in the shape of gratuities simply because nobody made it his business to oppose these pretty raids on the public fund.
