LAXATIVE

THE GREAT TONIC LAXATIVE

If you have sour stomach, indigestion, biliousness, constipation, bad breath, inactive liver, heartburn, kidney troubles, backache, loss of appetite, insomnia, lack of energy, bad blood, blotched or muddy skin, or any symptoms and disorders which tell the story of bad bowels and an impaired digestive system, Laxative will cure you.

It will clean out the bowels, stimulate the liver and kidneys, strengthen the mucous membrane of the stomach, purify your blood and put you "on your feet" again. Your appetite will return, your bowels move regularly, your liver and kidneys cease to trouble you, your skin will clear and fresh and you will feel the old time energy and buoyancy.

Others credit the proper conditions to give their little ones for constipation, diarrhea, colic and similar troubles, but find Laxative the only remedy for children. It keeps their bowels regular without pain or crying, and it is a perfect tonic, as well as a laxative, builds up the system, relieves the bowels, restores the appetite, and causes refreshing, undisturbed sleep and makes them healthy and happy. Children like it and eat it.

PEOPLE OF THE DAY

Senator Pettigrew's Luck.
It is reported that ex-Senator Richard F. Pettigrew had a great piece of luck in the New York stock market. He is said to have made about \$300,000 during the recent boom in which Northern Pacific stock was high. James J. Hill and Mr. Pettigrew are old friends, and this friendship is credited with being responsible for the latter's good luck. The story goes that Mr. Hill loaned his friend Pettigrew money with which to buy stocks and

Also gave him the benefit of experience and inside knowledge. It turned out when Hill and Morgan began to hunt up Northern Pacific shares that Pettigrew had 2,000 shares which had been purchased at par. Mr. Pettigrew is just now deeply interested in Wyoming oil fields, and it is said he is in a fair way to join the millionaires' ranks in a short time.

Should Have Used State Corn.
According to a gossip stratagem from The Hague, the husband of Queen Wilhelmina has made himself impopular by not driving out in state the first time he appeared in The Hague after the honeymoon. The people felt he was not going to royal traditions, and they didn't like it.

Stole His Wife.
A year ago Eugene Massey, a mere youth, ran away with Miss Serran Barber, daughter of Mr. J. H. Barber, who lives near Durham. They lived at Berea Church. They went to Durham and were married there by Magistrate Gunter. The bride was only fifteen years old, and as soon as her father found she had run away, he hurried to Durham in hot pursuit. He arrived in the scene a few minutes after a marriage ceremony, and claimed his daughter. He carried her home, and there he has kept her for a year, not giving the young husband an opportunity to see his wife. Several attempts were made to steal the girl, but were unsuccessful. Finally the girl was sent to Virginia to visit her uncle in the hope that she would forget Massey. But Massey followed her and there was a scene that caused a sensation. The girl was taken with typhoid fever soon after, and she came near dying. She has been at home ever since, while her husband was at work in the shipyards at Newport News. A few days ago Massey returned to Durham with a friend, and they went out to the Barber home, while the old man was gone. The mother protested bitterly against her daughter leaving, and called Massey all kinds of names, but Massey and his friend took the girl off with them and they have been spending several days very happily at the home of Mr. Briggs, in East Durham. She says nothing can part them now.—Baleigh Times.

A Carriage Club Weighs 600 Pounds.
Mr. Louis Lewark, of Currituck county, N. C., has the distinction of being the biggest man in North Carolina. Louis is only 17 years old and tips the scales at 600 pounds. His shoes, which are always made to order by a firm in Elizabeth City have the following dimensions: Seventeen inches instep, thirteen inches toe to heel, five inches across the ball of the shoe and thirty-one inches around the shoe. A man of ordinary build can place both of his feet in one of these shoes with ease. Lewark enjoys perfect health and is as strong as a bull, being able to lift the weight that would require the effort of six ordinary men.—Norfolk Landmark.

J. B. CHERRY & CO.
The proposition in the Alabama constitutional convention to raise the salary of the governor from \$3,000 to \$5,000 a year has been commented in. In most of the Southern States the salary of governor is so low that a man with any other source of income can hardly afford to accept the office; thus a handicap is placed upon merit. A poor man cannot live upon the salary and maintain the appearance that is demanded by the dignity of the position. The pay of a governor ought not to be so large that it would cause shrewd and unscrupulous men to scramble for the position, of course, but it should be large enough to offer an inducement to the best talent to strive for it. High grade executive ability is in demand in the business world at never better than \$3,000 a year. The States ought to be voting for a man who can do as much as they are worth in civil life, with possibly just a little shuffling for the honor of public preference.—Exchange.

England Pays Awful Price.
London, June 25.—The South African war has been the subject of innumerable questions in the House of Commons to day.
Information was elicited that the war continues to cost \$6,250,000 weekly; that the authorities estimate that the invaders of Cape Colony number from 100,000 and to 200,000 men, and there were 1481 cases of typhoid fever among the troops during the month of April, or which number 187 proved fatal.

American Invention for England.
Pittsburg, Pa., June 25.—W. A. Bestwick and John Evans, of the Carnegie Steel Company, have returned from England, where they introduced a new process of open hearth steel-making in the works at Middleborough.
The process, for which the English company pays \$300,000 and a royalty on every ton, is the invention of Andrew Menell, engineer of Lenoir and Pitt counties. Mr. Knollmeyer arrived here Monday.—Kinston Free Press.

TOWN MATTERS
Meeting of the Aldermen.
The Board of Aldermen met Thursday night to close up their work for the fiscal year and be ready to turn the administration over to their successors on the first of July.
All but one member were present.
After reading and approving the minutes of the last meeting, before taking up the regular order of business, the mayor of the claim of Camp Aswell.
The Quartermaster General will arrange transportation for the several regimental commanders, staffs, bands, companies, etc., so as to reach camp not later than 5:30 o'clock in the afternoon of the day named, for each regiment to go into camp.
Companies are required to attend with at least 75 per cent. of their muster roll. A failure on the part of any company to meet this requirement will deprive such company of the annual appropriation.
Fens, blankets, fuel, ice, cooking utensils and medicine will be supplied by the State. The troops must furnish their own ration, Convalescent and ample kitchen and mess halls will be provided.
The encampment will be reviewed by the Commander-in-Chief on days to be hereafter named.
The encampment will be held in the following order: 19th Regiment from July 10th to 19th both inclusive. 32nd Regiment from July 22nd to 31st, both inclusive. First Regiment from August 5th to 11th, both inclusive. Battery "A" ofhardt will encamp with the First Regiment.
By order of the Governor and Commander in Chief,
B. S. ROYSTER, Adj't General.

Forecasting That Pays.
A business man in this city who rents and manages a farm in the county was asked yesterday if such a venture paid. He replied that it certainly paid if managed on a business principle, in the same careful, energetic manner that a man runs a business office in town. "Anyone thinks he does well these days if he gets 6 to 15 per cent on the investment. I find from experience that farming, conducted properly, will pay from 10 to 15 per cent on an investment. I know that this is opposed to the modern complaint that farming is no longer profitable. It will pay—it does pay if the farmer or the business man, if you like, is determined to make it pay."—Charlotte Observer.

The Encampment.
It is stated from Wilmington that the encampment of the State Guard, scheduled to begin on the 10th of July, will be postponed for ten days because of the impossibility of getting the necessary equipment and supplies ready by the 10th.

The Seventh National Bank, of New York, went into the hands of a receiver Thursday. The deposits in the bank were nearly \$6,000,000.

Later information since communication has been opened indicates that the number of deaths from the recent floods in the mining districts of West Virginia will not exceed fifty.

It looks like Raleigh is going to fail to get both the auditorium and the new hotel that the city has been working for. That means Greensboro will become the convention city of the State.

The Henderson Gold Leaf truly says that unless the railroads reduce rates to the Buffalo Exposition visitors from a distance will be few. The rates are much too high to induce many people to go. From this section people can pay full fare to Norfolk or Washington and then get an excursion ticket and come out with a saving on what a return ticket from here to Buffalo costs.

Sectionism Obiterated.

NEWSY HAPPENINGS AND BUSINESS NOTES.

WINTERVILLE, S. C., June 29.

Every preparation for the comfort and convenience of the teachers who shall be with us next month has been made by our people, so far as in their power lay.

Those coming to the summer school, by private conveyance, will find it convenient to leave their horses at the feed and livery stable.

Charles Harris has painted a neat sign over the entrance of the Henderson feed and livery stable.

Dr. R. T. Vann, President of the Baptist Female University at Raleigh, will deliver an address at the teachers here next Monday night.

Prof. G. E. Lineberry and J. B. Carroll left yesterday to attend the union meeting at Cove, N. C.

A. G. Cox Mfg. Co. has just received a car load of fine white corsets which they will dispose of at reasonable prices.

R. G. and Claude Chapman, of Calley, were here Thursday. It is always a pleasure to meet these gentlemen.

J. H. Ellis, proprietor of the Ellis Carriage Works at Kinston, with his wife and little son, came up on Wednesday morning's mail train and returned home the same evening.

Edgar Beck and Edward Moore, of Greenville, are here building a dyke for the A. G. Cox Mfg. Co.

Charles Harris, of Greenville, came Monday and is busily employed painting and superintending work placed in his hands.

Jerry Nichols, of Kinston, came on Monday to visit his mother, sisters and little "Bud."

Miss Simon Myre, who has been visiting her parents in Washington, N. C., returned home Tuesday evening.

Miss Carrie Brown, of your town, is visiting the Misses Wesson.

F. M. Smith, of near Greenville, spent last night with Mr. L. L. Kirtland.

J. B. Whitfield, who is working on the Oratorian, went to Robersonville yesterday to visit his parents.

Waterville is a busy town, has always been busy, will ever be so, just as it is the busiest place imaginable, making preparations for next week.

The Board of Aldermen met at 4 o'clock Friday afternoon to open the books for the \$75,000 improvement bonds as advertised, the full Board being present.

Mayor Myre stated that he had received three sealed bids. Alderman Parker offered the following resolution:

Whereas, the new Board of Aldermen will in three days from now be charged with the sole responsibility of the expenditure of the \$75,000 voted for certain improvements in the town; and whereas it will be an act of courtesy to the incoming Board to leave the sale of the bonds to the old Board,

It is ordered, That the opening of the bids now in the hands of the Mayor be postponed till such time as the new Board may fix for that purpose, so that the Mayor be and is hereby directed to hold said bids without opening them and to deliver them to the new Board, sealed up, at its first meeting on July 1st, 1901.

After discussion of the resolution the question was put to the Board, the vote resulting in a tie, Alderman Parker, House, Cobb, Patrick voted for the resolution and Alderman White, McGowan, Tinsell and Hart voted against it. Mayor Myre ordered his vote recorded in favor of, sustaining the resolution.

FOR THE CHILDREN

A Rabbit's Share.

While riding up some steep bluffs on the plains of Colorado near the foothills of the Rocky mountains one day a few years ago my attention was attracted by the unusual behavior of a golden eagle which suddenly pounced down from the sky and disappeared. Almost immediately it reappeared, only to swoop downward and vanish as before.

Spurring my horse to the top of the bluff I saw before me a level expanse several hundred yards in extent flanked upon its farther side by a deep and narrow ravine. The raptorial was evidently devoid of vegetation or cover of any sort. Not so much as a clump of grass or a bunch of scattered reeds relieved the monotony of its level.

About 50 yards away toward the ravine lay an object almost the color of the prairie itself which at first I thought was a stone, but which on a second look I discovered to be a jack rabbit. He was gazing down his long ears folded back along his body, motionless. The mystery of the eagle's queer movements was revealed. It appeared to dine on rabbit meat.

My horse had lately come to a stop when the eagle, apparently oblivious of my presence, swooped directly down upon its prey. The rabbit positively awaited the onslaught. Straight as a falling shell the great bird pounced down. It was almost on the rabbit and seemed about to seize him when suddenly the long ears unfolded and a streak of gray flashed upward through the air. It was a tremendous leap, feet at the very least, and so correctly timed that the large bulk of the eagle rose on its wings and he dropped back unharmed. The rabbit instantly started at full speed toward the ravine, before the eagle had time to renew the attack. The rabbit was apparently watching every move of his enemy, for at the very instant the eagle made toward him he stopped and, squatting down as before, again awaited the eagle's advance. As the eagle swept downward for the second time I saw that it would pass far enough above the rabbit to seize few of the feathers in the English clasp as before. But the rabbit instantly advanced the eagle's position, and this time merely tarrying himself against the earth, the bird passed above him. Again the rabbit darted toward the ravine and again as at the former moment stopped to await the onslaught.

Time after time this was repeated, always with the result that the rabbit kept unharmed and gradually approached the ravine. At last, with one final dash, he sprang over the precipitous side of the ravine and disappeared. The great bulk of his prey, long since dispersed over the ravine for a moment and then circled majestically skyward.

The contest had lasted for nearly half an hour. During that time the rabbit had bit one hole in the pant of his enemy, but in one instance failed to force the eagle's method of attack he would have paid the penalty with his life—E. G. Cox Mfg. Co.

Yacht Racing Across the Ocean.

According to advice received by a prominent New York yachtsman, the two English racing yachts, the Albatross and the Albatross, recently bought for two American yachtsmen, are racing across the ocean. Of course the yachtsmen do not know the route they will take, but it is understood that the yachts were to make a race of the trip to this side, as they are now controlled by a man, and the Albatross is only 19 years of age, but he has been declared able to take care of his duty, and so on the 20th of April he took out.

Mckenzieburg-Schwartz is a part of the great German empire, but the young monarch is supreme in all matters that pertain to the daily life of his subjects. The emperor and empress have about 600,000 persons, but it is one of the oldest monarchies in Europe. The oldest monarchy in Europe now is King George of Denmark, who on April 8 celebrated his eighty-third birthday.

THE BOARD NOT OPENED.

The Board of Aldermen met at 4 o'clock Friday afternoon to open the books for the \$75,000 improvement bonds as advertised, the full Board being present.

Mayor Myre stated that he had received three sealed bids. Alderman Parker offered the following resolution:

Whereas, the new Board of Aldermen will in three days from now be charged with the sole responsibility of the expenditure of the \$75,000 voted for certain improvements in the town; and whereas it will be an act of courtesy to the incoming Board to leave the sale of the bonds to the old Board,

It is ordered, That the opening of the bids now in the hands of the Mayor be postponed till such time as the new Board may fix for that purpose, so that the Mayor be and is hereby directed to hold said bids without opening them and to deliver them to the new Board, sealed up, at its first meeting on July 1st, 1901.

After discussion of the resolution the question was put to the Board, the vote resulting in a tie, Alderman Parker, House, Cobb, Patrick voted for the resolution and Alderman White, McGowan, Tinsell and Hart voted against it. Mayor Myre ordered his vote recorded in favor of, sustaining the resolution.

THE CHESTER CUP.

The Chester cup, value \$15,000, was won recently in England by David Garrick carrying the colors of Pierre Gaultier. This is an important event, when each old timer and good judge of material as Ned Hanlon and Captain Joe Kelly of the Brooklyn team say, there's something more than a guess made.

OPERA HOUSE.

The entertainment given by the Daughters of the Confederacy for the benefit of the Southern Memorial Building fund and the home monument was rendered according to announcement at the opera house Friday night.

The entertainment was pronounced by all present to be a most creditable one from start to finish. The music was of an exceptionally high order, the comedietta sparkling with humor, the lyrical scene in a Christmas shop in Berlin was most amusing, the tableaux effective.

WILKINSON'S TONIC LAXATIVE

THE GREAT TONIC LAXATIVE

If you have sour stomach, indigestion, biliousness, constipation, bad breath, dizziness, inactive liver, heartburn, kidney troubles, backache, loss of appetite, insomnia, lack of energy, bad blood, blotched or muddy skin, or any symptoms and disorders which tell the story of bad bowels and an impaired digestive system, **LAXOLINA** will cure you.

It will clean out the bowels, stimulate the liver and kidneys, strengthen the mucous membranes of the stomach, purify your blood and put you "on your feet" again. Your appetite will return, your bowels move regularly, your liver and kidneys cease to trouble you, your skin will clear and freshen and you will feel the old time energy and buoyancy.

Mothers seeking the proper medicine to give their little ones for constipation, diarrhea, colic and similar troubles, will find **Laxolona** an ideal medicine for children. It keeps their bowels regular without pain or irritation, acts as a general tonic, soothes the inflamed and irritable bowels, cleans the coated tongue, reduces fever, causes refreshing sleep and makes them well, happy and hearty. It is a child's own friend and safe.

A Two-Cent Railroad Claim.
At the general offices of one of the railroads with headquarters in Pittsburgh recently, a claim for two cents was put through the usual system of red tape and allowed. A passenger hailing from the eastern side of the State complained that the agent of the company had torn off one mile too many from his mileage book. He wrote five pages of hotel stationery reprinting the company for its careless treatment of its patrons and demanded immediate settlement. He received a courteous answer inclosing two cents, with a politely expressed hope that he had not been seriously discommoded by the occurrence.—Philadelphia Record.

Washington Letter.

From Our Regular Correspondent.

WASHINGTON, D. C., July 1st.

Senator Quay has known for a long time that Mr. McKinley was neither an admirer of himself nor of the peculiar methods of his followers in Pennsylvania politics, but that knowledge did not prevent his requesting Mr. McKinley to prevent Post master General Smith from taking an active part in the reform campaign against the Quayites in Philadelphia—a campaign that A. K. McClure, the veteran editor, declares to be simply a fight of honesty against wholesale thievery. Inasmuch as Mr. Smith became Postmaster General against the protest of Quay, and has never ceased in the columns of his paper—the Philadelphia Press—to oppose Quay and Quayism, it is not probable that Mr. McKinley will attempt to interfere, and if Quay gets off a republican number of promises to join him in protesting against Mr. Smith's participation in the Philadelphia campaign, Mr. McKinley can fall back on Mr. Smith's own declaration. "I do not participate in this movement as a member of the Cabinet, but simply as a citizen of Philadelphia. There is no politics in this movement. It is simply a matter of public and personal safety."

Mr. Finch returned to Wilson Friday.

Mr. and Mrs. J. W. Dixon, of Greenville county, spent Wednesday night with Dr. Dixon.

J. T. Smith went to Winterville Wednesday.

C. A. Vann and T. W. Stevens, of Greenville, Tenn., are stopping here for several days.

Prof. Manning left Thursday morning to visit his father.

Miss Ann Davis left Thursday for Scotland Neck, where she will visit friends.

Little Glenn, youngest child of Mr. and Mrs. John Ross, died Thursday morning between 8 and 9 o'clock. The remains were interred in the cemetery here Friday evening at 5 o'clock.

We extend sympathy to the bereaved parents and friends.

Miss Nellie McKinley has gone to Hyde county to visit her friends, Mrs. H. A. Wilkingsly, after spending several days with the family of C. L. Tyson, returned to her home at Hochdale Friday morning.

Rev. J. R. Vaughan lectured here on temperance Friday night.

Entrance Examination for A. and M. College.

Candidates for admission to the A. and M. College at Raleigh will be examined by the County Superintendent of Schools in the courthouse at 10 o'clock a. m., July 11, at the College, September 3. This College is giving instruction in the most important lines of practical education, and its students are in great demand, always securing profitable employment on graduation. It offers special advantages to students of Agriculture, including free tuition and lodging and work on the College farm.

The textile building is now being erected. A Professor of manufacturing and dyeing has been added to the Faculty, and about \$20,000 of textile machinery secured. As dormitory accommodation is very limited it would be well for candidates to apply early. Write to President Winston, Raleigh, N. C., for catalogue and booklets. See advertisement.

Now, Mr. Editor, I have never been classed with those generally known as "hickers," but I feel like uttering my protest against this treatment where there is no excuse for it.

With our train to leave Weldon at 3:55 as formerly and a good coal-burner engine to pull it, we could give our evening mail at 1:30 easily and make the Hogwood connection from Norfolk, too. I trust that you will agitate this matter until some relief is granted. W.
