WALKER'S

THE GREAT TONIC LAXATIVE

If you have poor stomach, indigestion, biliousness, constipation, bad breath, dizziness, headache, liver troubles, backache, loss of appetite, insomnia, lack of energy, bad blood, blotched or dusky skin, or any symptoms and disorders which result from a weak and impaired digestive system, **WALKER'S WILL CURE YOU.**

It will clean out the bowels, stimulate the liver and kidneys, strengthen the mucous membrane of the stomach, purify your blood and put you "on your feet" again. Your appetite will return, your bowels move regularly, your liver and kidneys cease to trouble you, your skin will clear and freshen and you will feel the old time energy and buoyancy.

Wherever seeking the proper medicine to give your little ones for constipation, diarrhea, colic and similar troubles, this Great Tonic Laxative is the best. It keeps their bowels regular without pain or griping, acts as a general tonic, invigorates nature, aids digestion, relieves constipation, clears the bowels, restores liver, causes refreshing, peaceful sleep and soothes their weak, happy and healthy. **WALKER'S** is the only one.

For Sale by

Lancaster is not only the most efficient of family remedies, but the most economical, because it contains no mercury, arsenic, opium, and other poisonous and dangerous ingredients. It is safe and pleasant to take, and its action is gentle and sure. It is the only one that will not injure the system, and its effects are permanent. It is the only one that will not injure the system, and its effects are permanent. It is the only one that will not injure the system, and its effects are permanent.

The Heat Record Smashed.

Considering the importance of the weather as a factor of conversation, and also as a source of personal comfort or distress (to say nothing of the influence of weather on crops), it is more than strange that in the "century of science" so little should have been done to uncover its many mysteries. Men with bulging brows have traveled thousands of miles, at a cost of thousands of dollars, to unearth the decayed tooth of an extinct creature of unpronounceable name, and have devoted years to the study whether the extinct creature was tailless, but they have done very little in the way of weather study. It is a fact that no scientist will commit himself positively on the question whether there are equatorial storms. As far as science knows the wind blows whether it listeth, and its winds are purely capricious. The Smithsonian scientists did not have assurance enough to advise the late "Uncle Jerry" Rusch ago last spending large sums for balloons and bombs with which to produce a record of the weather.

It is particularly exasperating that science cannot tell us why the furnace heat of this July has been so much hotter and so much more enduring than any hot spell recorded in history. There must be a reason why in this first summer of the Twentieth Century wave after wave of fiery air should sweep across this Continent, across the far away into Russia and Asia. There is only one possible explanation in the opinion of those of us who shall survive the heat and still retain our memories may become old inhabitants with a story of summer heat to tell that cannot be matched by any experience of the succeeding generation.—Philadelphia Record.

We Go Abroad Too Much.

It is noticeable lately that nearly all of the professors recently elected to chairs in North Carolina institutions are from other States or other countries. Why is this? Because, we suppose, the North Carolinians are not qualified to fill the bill. That is not a good endorsement of the proficiency of North Carolina alumnus. It is all right to go where you can get the best. But other things being equal it is not fair and proper to give the native educated man a chance—the first showing? By this time it would really look as if North Carolina colleges had educated enough teachers to meet the demands of a college education. If it is not true, it would be a pity that we should be neglecting the wisdom and justice in ignoring thoroughly competent professors. So it is high time the state schools were training their own men as fully qualified to teach in the various departments and schools in the colleges and the university. "Higher education" ought to be able to accomplish that. But what that end is reached let other States furnish teachers. Let there be no narrowness or prejudice.—Wilmington Messenger.

A vegetable remedy that positively cures rheumatism, sciatica, neuralgia, and all other forms of rheumatism. It is the only one that will not injure the system, and its effects are permanent. It is the only one that will not injure the system, and its effects are permanent. It is the only one that will not injure the system, and its effects are permanent.

The Moon Telegraph makes this pertinent remark:
"The application for Spanish-American war pensions already number 15,719. Judging by the growth of the civil war pension list, this comparatively modest figure in thirty-five years will have expanded to about 750,000. But it is likely that such expansion will never again be permitted. At any rate it is encouraging to hear out of the 45,710 claims only 7,086 have so far been allowed, 7,086 have been rejected, and 31,959 are still to be considered."

The best college in the one that offers a student the best advantages. Send for catalogue.

GERMAN KALE WORKS,
29 Nassau St., New York.

Where Is It?
We hear now and then of "great prosperity," but it is next to impossible to come in contact with it, especially if you are a consumer and have to buy any of the following named articles. Just read and ponder for yourself:
It requires 50 per cent more wheat to buy a stone than it did in 1896.
It requires 20 bushels more corn to buy a wagon than in 1896.
It requires 100 per cent more corn or wheat to buy a copper kettle than in 1896.
It requires twice as much corn to buy a coil of rope as in 1896.
It requires 40 per cent more sugar than in 1896.
It requires 75 per cent more grain to buy a hock, a rake or a shovel than in 1896.
A set of common wheels that cost \$7 in 1896 now cost \$12.
The price of cultivators and other farm implements has gone up proportionately.
It requires 40 per cent more corn or cotton to buy a pound of sugar than in 1896.
You have to pay 40 per cent more for glass than in 1896.

Practical Education

In agriculture, engineering, mechanic arts, and other manufacturing, a combination of theory and practice. Tuition \$20 a year. Text expense, including clothing, board, \$125. Thirty teachers. 200 students. Next session begins August 1st. For catalogue address Geo. T. West, President.

THE VETERANS' REUNION.

Headquarters North Carolina Division, United Confederate Veterans, Durham, N. C., July 27, 1901.

General Orders, No. 15.
Paragraph 1. A reunion of the North Carolina Division of the United Confederate Veterans will be held at Wrightsville, beginning on the afternoon of Wednesday, the 14th day of August, 1901, and closing on the 17th, at which will be held the annual election of division and brigade commanders, to-wit: a major general and four brigadier generals. Only delegates from camps which are reported by Adjutant General Mooreman as having paid their dues will be received. The attention of camp commanders is especially called to this, and they will at once see that their camp dues are paid, as required by the constitution of the United Confederate Veterans.

Paragraph 2. Governor Aycock has kindly given the use of the tents and camp equipment of the State Guard at Wrightsville, which will accommodate about one thousand persons. Each tent is eight feet square and has a plank floor and two blankets, and there are cooking stoves and utensils sufficient. Cots may be rented for the occasion by those desiring them. There are a number of hotels and boarding houses which offer reduced rates for those who may wish to occupy quarters in the camp. Each camp, or delegation, must provide its rations either by carrying them or cooking them in camp.

Paragraph 3. All ex-Confederate soldiers in North Carolina of good standing are cordially invited to this reunion, whether or not they are members of any camp or association. In order, however, to exclude unworthy persons, every veteran is required to carry with him a certificate from the camp commander, or from the clerk of the Superior Court of his county in which there is no camp, certifying that he is a veteran in good standing. A strict compliance with this will be required. No veterans without this certificate will be admitted to the privileges of the camp.

Paragraph 4. All the railroads in the State have kindly given a rate of one cent a mile in each direction for this occasion. Tickets will be on sale on the 12th, 13th and 14th days of August and are good for one continuous passage until the 24th. The agent at any station will give the exact price of a ticket from his station on application. This rate is given to all visitors as well as to the veterans.

Paragraph 5. A full attendance of veterans is urged and as many as practicable are requested to wear their uniforms. This may be the last opportunity to attend a reunion and meet their old comrades, so rally up.

All State papers will please publish.

By order of GEN. J. S. CARR,
H. A. LONDON,
Adj. Gen. and Chief of Staff.

"Wise as Solomon"

EASTERN REFLECTOR.

GREENVILLE, N. C. D. J. WHICHARD, Ed. & Owner.

Entered at the Post Office at Greenville, N. C., as Second-Class Mail Matter.

FRIDAY, AUGUST 2, 1901.

There is a wider difference between Macley and Macaulay than appears on the surface.—Danville, Va., Free Press.

But how about the difference between Macley and Munchausen?

The new battleship Maine was successfully launched at Philadelphia Saturday. We hope better things for this new craft than the fate that came to her namesake in Havana harbor.

At Nags Head Friday Mr. Edward Wozko, of Edenton, and Hon. W. P. McKee, of Petersburg, were drowned while trying to save a boy in the surf.

Two other people narrowly escaped being drowned.

We are unable to understand why people living adjacent to Greenville do not engage more largely in trucking business.

This section is certainly a good for trucking as around Conecote, Bethel, Ayden and Kingston, yet more of it is raised around any of these other places than around Greenville.

Vegetables and melons can be profitably raised for market.

Don't be a bum. Subscribe to THE REFLECTOR and stop borrowing somebody else's paper to read.

It is astonishing how many people are willing to burn on others in this respect, yet those who contribute nothing to support a paper are always the first to complain when the paper is not as good as they think it ought to be.

If every body in Greenville who ought to pay for reading THE REFLECTOR would do so, we would be able to give the press dispatches.

NEW SCHEDULE. Early Train Begin August 5th.

THE REFLECTOR is in receipt of a letter from Mr. E. Borden, Superintendent of Transportation of the Atlantic Coast Line, advising that on and after Monday, August 5th, train No. 59 will leave Weldon at 3:15 P. M., arriving at Greenville at 5:15 P. M., and arriving at Kingston at 6:15 P. M.

Train No. 58 will pass Greenville the same hour as at present, 8:30 A. M.

Train No. 6 will be held at Kingston until after the arrival of the morning train from Goldsboro and will reach Greenville by 11:20 a. m.

These changes in the schedule will be of great advantage to Greenville and other points along this branch of the Coast Line.

OUR RALEIGH LETTER.

SPECIAL CORRESPONDENT OF REFLECTOR. RALEIGH, N. C., July 29.

The fiery furnace like weather of the past week has been almost hot enough to put newspaper correspondents out of business—for it is against the weather, you know, to write about the weather—and little else has happened.

The torridity of the temperature, however, may have had its effect upon the blood and been partly responsible for two instances of the week, wherein two religious newspaper men and two preachers vented their spleen upon each other.

Brother Bailey of the Biblical Recorder found it necessary, he says, to accuse Brother McKee of the N. C. Presbyterian of publishing libelous falsehoods.

Brother McKee, on the other hand, accuses Brother Bailey of being a "serenic of Trinity" to "run its president out of the State."

If sort of thing continues the less pious of us will protest and if necessary assist in "turning the hose upon" these two irate gentlemen of the cloth.

It is so understood that the church is to take up the Crawford attack on Dr. Kigo and make it the basis for an investigation of that "something wrong" which has evidently been going on among some of the clergy and laymen of the Methodist denomination for several years.

Probe the wound, brethren, and then cauterize it!

It was announced on Saturday that Governor Aycock had effected an agreement with Superintendent McKee and the Directors of the Central Hospital for the Insane, at Raleigh, not to accommodate either "pay patients" or "inmates" in the future, and to require those now in this institution to clear out "to go elsewhere."

Where they go is not stated, by this action it is hoped to make room for a certain paper inmate which Johnston county has tired of carrying for, and some other perhaps.

Some of the craziest and most dangerous men I ever heard of were "inmates"—in a majority of cases good men who "can't stand liquor" and are crazed by it whenever they drink it.

By proper and prompt treatment at these asylums many of them have been saved from destruction and death, and are now citizens of influence and high standing.

But hereafter they are to go to the "demolition boys," who, it seems, and if Governor Aycock has insisted on such a course and the Superintendent has consented to it, both have made a mistake, and a cruel and unjust one.

If the cause and origin of the unbalanced mentality of the insane are to be ascertained, it should be applied to all alike, because the insane man whose mind can be restored, and that's the main object of these asylums; they are not primarily prison houses, they are made so by liquor, makes him no less a proper object of the State's attention.

Even the thieves and murderers of the "dangerous insane" department receive medical care at the hands of the State.

The firm of W. T. Lipscomb & Co., which has formerly been composed of W. T. Lipscomb, S. T. Hooker and E. E. Parham, has been dissolved. The said W. T. Lipscomb and S. T. Hooker will continue the business at Liberty Warehouse under the firm name of W. T. Lipscomb & Co., and the said W. T. Lipscomb and S. T. Hooker are now the owners of all amounts due the old firm of W. T. Lipscomb & Co., and will pay all the outstanding claims against the same.

To The Tobacco Farmers of Eastern Carolina.

The tenth year of the Greenville tobacco market is rapidly approaching. To those of us who have watched the progress of this market since the 25th day of September 1891, there have been many wonderful changes. The first year there was only one warehouse and a single price house, and there were sold Two Hundred and Fifty Thousand Pounds of Tobacco.

Gradually since then our sales have increased and now Greenville is numbered among the largest bright tobacco markets of the world. To do this it has required the expenditure of large sums of money, heavy risks and a great deal of hard work.

I have borne my full share of these responsibilities from the very beginning. I have been directly connected with the market from the time the order was given for the first load of timber with which to build the first warehouse and I am the only one in the warehouse business now that had any connection with the market in its early history.

I shall this year have no one associated with me, as a partner in the warehouse business, but I have carefully selected as my assistants men of capacity and experience in the tobacco business.

I have again secured the services of Mr. J. J. Willis, of Danville, Va., one of the best judges of tobacco in Virginia or North Carolina. Mr. Willis has had wide experience in the warehouse business. He is clever, courteous and accommodating, and will gladly render our patrons any service he can.

Mr. H. A. Timberlake, an auctioneer of reputation and wide experience, has been secured to do the chin music act, but he wants it understood that he is lost nowhere on the warehouse floor and he stands ready to do anything that will advance the interests of our patrons.

Mr. A. A. Forbes (Uncle Pig) whom everybody knows and who knows everybody, will be obligingly on hand in everything and will do his part in making everybody comfortable.

Our office force is clever, competent and will settle with you after your tobacco is sold so quick and satisfactorily that you will be sure to come again. I am determined that nothing shall be left undone that will advance the interests of my patrons. I shall have good stables for your team and clean comfortable quarters for you.

Now in conclusion let me say to you that from the best information I can gather we have very bright prospects for good prices. Care your tobacco well, grade it carefully, handle it neatly, and then bring me one of your first loads and if hard work, good prices, kind, courteous treatment, and the best accommodations count for anything, you will be numbered with our future patrons.

With grateful acknowledgment of all past favors, I am Sincerely your friend, O. L. JOYNER, Prop. Farmers' Warehouse, Greenville, N. C.

THE TEACHERS' INSTITUTE.

What it Accomplished and the Results to Follow. WINTERVILLE, N. C., July 29, EDITOR REFLECTOR.

Being asked to give my opinion of the teacher's institute held here, I would say first that it was in reality just what the Superintendent had planned it to be. Some of these plans are theoretical and can't be carried out, but not so in this case. Mr. Davis had seen the work done by such institutes in western states and long since Prof. Ragdale had become disgusted with the old plan and had awakened the Teachers Assembly a few years ago and even went so far as to ask for last year's appropriation for this kind of work to be held over for this year.

Now, but those closely associated with him know how glad he was to see his long cherished hope a reality and doing for the teachers of his county what they so much needed—giving them instruction in the studies to be taught and showing (not telling) them how to teach others.

I will remember the first institute ever attended. It was conducted by one of the leading educators of the state. I was a mere boy soon to begin my first school and how eagerly did I listen to his every word and take notes, but alas, when I went into the school room I searched in vain for one single thing received during the entire institute that I could put into practice!

I had to formulate my own plans and use my own methods. 2nd. We are conducting strictly a warehouse business, and are not trying to buy cheap tobacco, but use all means in our power to sell tobacco as high as possible, as our interest and the farmers are one and the same.

3rd. Because Greenville with her fourteen prize houses, steam drying and steaming establishments, has ample facilities and capital to handle the entire crop of the surrounding section. Her buyers have orders and contracts from every tobacco manufacturing country on the globe.

4th. Because our relations with these order and contract buyers are of the most friendly and cordial nature, and we have ample means at our command to push every sale to the full limit of its value.

5th. Because, with all the bright tobacco manufacturing centers of the world, domestic and export speculators, attending every sale at the old Greenville Warehouse, with our determination and the hearty co-operation of every man connected with it, to use every effort in his power in the interest of our patrons, and the hearty support of the buyers, we are in position to sell tobacco as high as the highest.

Respectfully, J. C. MOORMAN, R. S. EVANS, D. S. SPAIN.

NOTICE.

We desire to announce to the tobacco growing public that we will run the old Greenville Warehouse the coming tobacco season. We ask a liberal share of your patronage and promise to merit the same by a close personal attention to business. It is well known, and conceded by all, that the Greenville Warehouse has the best lights under which to show tobacco to advantage. We have had many years experience in the business, and are thoroughly familiar with the trade in all its branches. We will have comfortable rooms with clean new box stalls for the use of our customers who remain over night, also a well known joker, will act as farmers' host. Mr. G. LaFayette Moore, who as a drummer, has built up such an honorable reputation for fair dealing with his customers, will be with us as floor manager and general assistant, and extends to his friends a cordial invitation to sell their tobacco at

The Greenville Warehouse.

Mr. Robt. M. Barham, a gentleman of culture and an auctioneer of ability, will be with us, and will be glad to have his friends in the tobacco belt sell with us, where he will work for their interest. We respectfully submit five reasons for earnestly soliciting a liberal share of your patronage.

1st. Because we are independent, and refused to have anything to do with the Warehouse Combination.

2nd. We are conducting strictly a warehouse business, and are not trying to buy cheap tobacco, but use all means in our power to sell tobacco as high as possible, as our interest and the farmers are one and the same.

3rd. Because Greenville with her fourteen prize houses, steam drying and steaming establishments, has ample facilities and capital to handle the entire crop of the surrounding section. Her buyers have orders and contracts from every tobacco manufacturing country on the globe.

4th. Because our relations with these order and contract buyers are of the most friendly and cordial nature, and we have ample means at our command to push every sale to the full limit of its value.

5th. Because, with all the bright tobacco manufacturing centers of the world, domestic and export speculators, attending every sale at the old Greenville Warehouse, with our determination and the hearty co-operation of every man connected with it, to use every effort in his power in the interest of our patrons, and the hearty support of the buyers, we are in position to sell tobacco as high as the highest.

Respectfully, J. C. MOORMAN, R. S. EVANS, D. S. SPAIN.

Moorman, Evans & Co. J. C. MOORMAN, R. S. EVANS, D. S. SPAIN.

an institute will be held for at least four weeks where teachers will not be abused for what they are teaching, but be taught those things in which they are deficient, where they will receive much better management than ours. Already many townships there have organized forces of graded schools which continue eight to ten months in the year. One of the speakers who addressed the teachers here said the \$150 spent on the institute would be worth more to the schools of the County than \$10,000 added to the general school fund. I can say for the instructors in the institute that their financial reward was not great. Some of us at least feel that we are more than repaid in the improvement to ourselves, but if through these teachers we shall be the means of teaching the boys and girls of the county, giving them better training and stimulating them to nobler lives than our reward is great.

We bear much about North Carolina's undeveloped resources. Her fertile, her mines and her soil may remain to be developed by another generation, but the brain of her children—her greatest treasure—must be developed by the present generation or it is lost to the State.

I don't believe harder work was ever done by pupils in any school than was done in the institute and surely no teachers ever had such kind and attentive pupils as the teachers had here.

Every outline put on the black-board was carefully copied in notebooks for future use. The social feature is important. In the past the teachers have known very little of each other or of the county Superintendent, but now they know personally the Superintendent and the other teachers. I hope this will enable us to organize and maintain a good teachers' association in the county.

Many applications are being made for homes here so as to get the advantage of our temperance town and good school. Several lots have been purchased and new homes will be the result.

The prospects of a change in the schedule of the Weldon and Kingston railroad are very encouraging to our people. The present system is a perfect bore.

Reductions.

IN ALL LINES NOT IN QUANTITY OR QUALITY, IN PRICE ONLY.

Plenty Fine Clothing, Shoes, Hats, Mens Furnishings.

FRANK WILSON, THE KING CLOTHIER. He Has Ladies Shoes Too.

EASTERN REFLECTOR. NOTICE. If there is a CROSS MARK in the margin of this paper it so to remind you that you owe THE EASTERN REFLECTOR a subscription and we request you to settle as early as possible.

Mr. Percy Manning Meets a Terrible Accident. On Sunday afternoon several young men were bathing in a swimming hole in Grindole creek about eight miles from town. They were amusing themselves by standing on a log and diving off in the water, turning a summersault in the descent.

Mr. Percy Manning was making a jump from the log his footing slipped and instead of falling in the deep water he fell where it was very shallow. The back of his neck and shoulders catching the force of the fall on the sand, his spinal column was dislocated near the neck.

His comrades seeing the accident quickly pulled him out of the water and prevented his being drowned. Mr. Manning was taken to the home of Mr. J. R. Barnhill and a physician sent for. Dr. W. H. Bagwell, who attended him, says almost his entire body is paralyzed and his condition is very serious.

Letters on the Institute. THE REFLECTOR today publishes a very interesting letter from Prof. G. E. Linberry, Principal of Winterville High School, giving his views of the recent teachers' institute at Winterville. We expect to publish a number of such letters, and invite every teacher who is in attendance, both ladies and gentlemen, to write THE REFLECTOR a letter expressing their views on the institute.

Prof. Linberry in his letter asks the teachers "Why not have an Educational Column in THE REFLECTOR?" We will take great pleasure in giving the teachers space for such a department in the paper and hope they will use it for that purpose.

Saturday night some men who were trading in town left their buggy in the lot in the rear of J. L. Starkey & Bro's store. The men suspected some one was trying to steal packages from the buggy, and one of them began watching. In a short while a negro slipped up to the buggy and took a bucket of molasses. The man started after the negro, but the latter was the best runner, especially when a few pistol shots went along to make him run the faster.

Shut at a Thief. Saturday night some men who were trading in town left their buggy in the lot in the rear of J. L. Starkey & Bro's store. The men suspected some one was trying to steal packages from the buggy, and one of them began watching. In a short while a negro slipped up to the buggy and took a bucket of molasses. The man started after the negro, but the latter was the best runner, especially when a few pistol shots went along to make him run the faster.

The Advertiser's Article. That advertising is necessary to success is recognized by retail dealers, one of whom has expressed himself thus: "I want to sell advertised articles in my stores and I am not going out of my way to sell other things at an effort."

When a new article is advertised in this paper, a call for it and I am forced to keep it!

Announcement. The firm of W. T. Lipscomb & Co., is now composed of W. T. Lipscomb and S. T. Hooker, they having purchased the entire interest of E. E. Parham in the business. The undersigned desire to thank our friends and customers for their past patronage and to state that we will continue to do business at the Liberty Warehouse where we will always be pleased to serve them. We are fully prepared to protect the interest of all our customers and to secure for them the highest prices for their tobacco.

W. T. LIPSCOMB, S. T. HOOKER. July 30th, 1901.

It is important that those who go on excursions for pleasure or health should take some provision against the attacks of bowel disease, which not only causes them great inconvenience, but are sometimes fatal in their results. A bottle of Perry Davis Pain-Killer we have found, a most effective remedy against such attacks. Avoid embarking, there is but one Pain-Killer, Perry Davis'. Price 25c and 50c.

HOWDY DO.

MOSDAY, JULY 29, 1901.

J. W. Perkins went to Raleigh today. F. G. Whaley left this morning for Halifax.

J. Z. Gardner left this morning for Henderson. Marion Tucker, of Norfolk, came in Saturday evening.

J. L. Little returned Saturday evening from Norfolk. Miss Lucy Randolph is visiting relatives in Green County.

W. A. Fleming and son LeRoy, of Hassell, were here today. Miss Mattie Phillips, of Kingston, is visiting Miss Katie Tunstall.

Miss Minnie Tunstall returned this morning from a visit to Greene county. Hugh Sheppard left this morning to accept a position in Phila delphia.

Miss Estelle Cotten, of Baltimore, who has been visiting Miss Pattie Skinner, left this morning.

J. J. Cherry and wife and W. R. Parker returned today from Ocaooke. Miss Estelle Cotten, of Baltimore, who has been visiting Miss Pattie Skinner, left this morning.

J. R. Barnhill and wife and Richard Barnhill went over in Greene county Sunday on a visit.

Misses Fannie and Clara Beach, of Coville, spent Saturday and Sunday here with their sister, Mrs. Walter Mewborn.

Walter Mewborn has moved his family here from Centerville and occupies the Harris house on Dickinson avenue.

Mrs. Glasgow Evans and children, who have been visiting Mrs. Adrian Savage, left this morning for Scotland Neck.

Miss Betsy Gray, of Kingston, who has been visiting Mrs. W. H. Laughlinhouse, returned home Saturday evening.

Mr. and Mrs. J. J. Corey left today for Beaufort to take their youngest child who has been quite sick some days. Miss Jennie Man ning also went with them.

TUESDAY, JULY 30, 1901. J. A. Lang went to Littleton today. H. W. Whedbee went to Grindole today.

C. W. Harvey has returned from Daaville. Miss Mary A. Moye returned this morning from Kingston. Miss Dora Hill, of Bethel, is visiting Mrs. W. J. Rollins.

B. E. Patrick has taken a position with Hicks & Wilkison. Joseph Haws returned today evening from Virginia Beach. Walter Mewborn has taken a position with Goscoe & Brown.

FOUR YOUNG MEN AND ONE OLD MAN GUILTY.

That are being shipped. The factories are running night and day making up goods in every line for the BIG STORE. GUILTY OF WHAT? GUILTY OF WHAT? GUILTY OF WHAT? Guilty of selling Summer Clothing, Summer Hats, Summer Shoes, Summer Dress Goods, White Goods, Embroideries, Laces, Corsets, Handkerchiefs, Shifts, Jewelry, Domestic Goods. Remember the summer goods are bargains for everybody. Your money will buy two, three, yes, four times as much as ever before. Goods are being dumped up with a will. No one doubts who sees, examines and compares. An extra saving of 33 to 50 per cent. This is the time when the most brilliant buying chances are in order. C. T. MUNFORD AT HIS BIG NEW STORE WILL GREET YOU HEARTILY. COME.

Munford's Big New Store.

The above parties are being Tried Daily AND ARE GUILTY AT GREENVILLE, N. C.
