Asthma Brings Instant Relief & Permanent Cure in all Cases SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL.

There is nothing like Asthmaline. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. E. Wells, of Villa Ridge, Ill., says: "Your bottle of Asthmaline received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and asthma for ten years. I did despair of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, asthma, and thought you had overlooked yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full-size bottle."

We want to send of every sufferer a trial treatment of Asthmaline similar to the one that cured Mr. Wells. We'll send it by mail post paid, absolutely free of charge, to any sufferer who will write for it, even on a postal. Never mind, though you are despairing, however bad your case, Asthmaline will relieve and cure. The worse your case, the more glad we are to send it. Do not delay, write at once, addressing Dr. Taft Bros' Medicine Co., 79 East 190th St., N. Y. City. Sold by all Druggists.

Number of Law Breakers.

While nobody can doubt the prevalence of crime it looks surprising that there are many as two hundred and fifty thousand habitual law-breakers in the country. In 1850, it is said there was but one criminal to every 3,422 inhabitants. This proportion by 1870 had changed to one in 1,171; in 1880 to one in 786, and at present there is on hand a representative of the vicious fraternity in every 500 of people. To attend to these evil-doers, between police and guarding agencies, there are considered more than a hundred thousand men employed so that it is estimated if all the criminals of the land were to suddenly reform, in addition to what they steal and damage they would effect a saving to the nation, through the various channels in which the change would work, of over \$135,000,000 a year.—Ex.

According to an article published recently in a French chemical journal, the output of sulphur in Sicily has increased from 150,000 tons in 1890 to 447,000 tons in 1898. The world's production in these two years was 157,000 and 488,000 tons. Sicily furnishing about 90 per cent. The amount of sulphur in the ore varies from a very rare richness of 75 per cent to 20 or 25 per cent. In the ordinary ore. The older method of obtaining sulphur from its ore was by setting fire to it in heaps or kilns, the sulphur itself serving as fuel. This method has, however, been discarded both on account of the waste and because of the intolerable nuisance to which the fumes of the burning sulphur gave rise. Extraction of the sulphur with carbon bistulphide or with a concentrated solution of calcium chloride is in many cases used, but the only method in which no such fumes are generated is the extraction with steam under pressure. The extent of the industry is rapidly increasing, and Sicily will long continue to supply the major part of the world's production.

Subscriber For 58 Newspapers.
Prof. W. H. Lynch of Mountain Grove Academy at Mountain Grove, Mo., is credited with reading more paid for newspapers than any other man in the United States who subscribes for 58 newspapers six of them dailies. The professor was in Kansas City yesterday, and in discussing the papers, said: "I use the newspapers in my classes. They are the best instrument in the world for teaching current history and geography. The real drama of life in its varied forms of commercial, political and social relations must be seen and learned through the mirror of the world," the newspaper. Every Friday morning in the academy is devoted to the reading of newspapers."

"A level headed Carthage (Mo.) business man cheerfully threw away \$500 the other day," says **The Kansas City Journal.** "He had just received a \$300 check in payment of an account from a man whose bank standing was not of the A1 class. He presented it, however, but was refused payment, with the information that the man had but \$250 on deposit. The payee promptly took account of his pocket and deposited it to the other man's credit. Then he drew the \$300 on the check without difficulty and went on his way rejoicing. He had only lost \$50 instead of \$300."

EASTERN REFLECTOR.
GREENVILLE, N. C.
D. J. WEICHARD, Ed. & Owner

Entered at the Post Office at Greenville, N. C., as Second-Class Mail Matter.

FRIDAY, NOVEMBER 1, 1901.

Colquhoun, the assassin of President McKinley, was electrocuted in the prison at Auburn, N. Y., Tuesday morning at 7 o'clock. He had to be carried forcibly from his cell to the death chair. In his execution the curtain falls upon the last scene of the great tragedy.

The Raleigh fair last week brought together the greatest aggregation of disgraceful side shows ever seen in the State. People who were in attendance are outspoken in condemnation of such indecencies and swindles. The fair had better be abolished than to be the cause of such things as this.

Prominent Republicans of this State are presenting S. B. Adam of Greensboro, for appointment as successor to the late Judge T. C. Fuller, of the Court of Private Land Claims. The President informed them that as Judge Fuller was a Democrat he would probably appoint a Democrat to succeed him.

Hon. Josiah Turner died Saturday morning at Hillsboro. He was about eighty years old, and was perhaps one of the best known men in the State. He was especially prominent during the reconstruction period following the civil war, when as editor of the Raleigh Sentinel he made himself famous by his attacks on carpetbaggers. He was once arrested on the charge of being connected with the Knix, but was released from jail on a writ of habeas corpus. He has been out of public life the last several years.

When some men set their hearts on anything they never let up. Sixty years ago Ella and Mary Bumsey, sisters, were the belles of Jersey Shore, Pa. Gideon Thomas loved Ella and Mary, and for the life of him he couldn't tell which he loved most. So he flipped a copper to decide which he should ask to be "his" and it flipped for Mary. He married her. They were reasonably happy in wedded life for fifty years, then Mary died. Ella remained single, and in due time Gideon courted and married her without flipping a copper.

Last week a Concord photograph advertiser that on last Monday he would make baby pictures free between 9 a. m. and 3 p. m. On that day between these hours there were swarms of baby carriages at his door. When the pictures were taken he would inform the mothers that he made no charge for taking it but would charge for all pictures wanted. There was much kicking at this unusual way of securing trade.—Concord Times.

"What this State needs," said a prominent visitor the other day, "is commercial lawyers. We want men who practice law for law's sake, men who expect to rise merely as lawyers and to make their living only from the law. The profession and hundreds of individuals are badly hurt by the fact that a large proportion of our lawyers run their offices as a side line to cheap politics."—Lille comment in Charlotte Observer.

The war against trailing skirts as a menace of communication of diseases is carried on with vigor in Germany. Thus, at Koss the authorities have put up a notice that no long skirts are to be admitted within the precincts of the gardens, and the keeper excludes ladies whose skirts are in his opinion too long, while in Saxony Switzerland, outside Dresden, notices are posted on the trees that wearers of trailing skirts will be fad.

JAKE LATHAM ARRAIGNED.
Held for January Term of Superior Court.
Jake Latham, colored, who on last Friday struck Mr. W. H. Proctor on the head with a shovel causing the latter's death, was given a preliminary trial this morning before Mr. C. D. Brounree, Justice of the Peace.

Justice was represented by Col. Harry Skinner and entered a plea of not guilty to the charge of killing the colored man. The judge was represented by Col. Harry Skinner and entered a plea of not guilty to the charge of killing the colored man. The judge was represented by Col. Harry Skinner and entered a plea of not guilty to the charge of killing the colored man.

Several witnesses were examined and their testimony made a strong case against the defendant, and the Justice remanded him to jail to await the January term of Superior court.
Of the witnesses examined Mr. D. D. Gardner testified that as he was coming down from his home in Skinnerville at the Pitt street corner he saw Jake Latham in a wagon about half way between the street and the corner. Proctor (lived) and the corner. Proctor was coming behind the wagon. Jake stepped and Proctor came up, standing with buggy whip in hand the butt of it resting on ground. Proctor stooped as if to pick up something and as he was raising up Jake struck him over head with shovel. Jake drove off. Witness helped carry Proctor in the house.

Dr. E. A. Moore testified as to the character of the wound and that it was the cause of Proctor's death.
Rev. J. N. Booth testified that from his home he heard the noise on the street and some one crying come here. He went out and saw wagon going off, also saw several persons around Proctor getting him up and in the house. Witness looked after Proctor's horse that had been left on street then went in and assisted putting him to bed.

Mr. W. H. Proctor testified that Mr. Proctor had latched up his horse and took him out on the gate and asked her for his whip. She saw Proctor and Jake talking and saw Proctor dodge as if he was struck at it. They started off and thinking there would be trouble she went up from the basement. Jake picked up shovel from wagon and raised it. Proctor dodged. Jake struck him and he fell. She cried for help and Mr. Gardner came up. Witness also testified as to trouble between Jake and Proctor about the water barrel and about previous threats made against Proctor.

Mr. C. B. Weichard testified that she was in her yard, saw Jake standing up in wagon in the act of raising shovel. He struck something but she could not see what on account of fence bushes obstructing the view. Jake drove off. She went to gate and saw Mr. Proctor lying on ground and saw Mr. Gardner going up to him. Did not see Mr. Proctor when Jake struck but heard her scream that Jake had killed Proctor.

D. B. Heath testified that he saw Proctor at the gate. Jake drove up and stopped. Heath heard Proctor tell Jake he was a liar, and that if he did not bring the horse that he would get out a warrant for him. As Proctor came around to his buggy Jake struck at him from the wagon. Proctor jumped back and hit at Jake with small end of whip. Jake drew shovel again and Proctor went in the house and came out, and they went behind house so witness could not see them further, but heard a tick and heard Mrs. Proctor scream. Mr. Thompson testified that he was at work on the roof of house near by and heard some talking. Saw Proctor coming around as if to get on buggy. Jake struck at him with shovel and Proctor jumped back, striking at Jake with whip. Jake drew shovel again and Proctor went in house and came out. Jake drove off.

Mrs. Pauline Williams testified that as she drove around the corner from Fifth into Pitt street she saw a wagon going up the street with a colored man in it. She did not know him, but drove up behind him thinking he was going across the bridge. As she drove up to where Proctor lived he drove his horse out the big gate and she drove between Proctor's buggy and the wagon. Proctor said something to the colored man about a barrel and told him if he did not bring it home he would take him under a warrant. The colored man called Proctor a liar when Proctor told him he had stolen his barrel. Proctor ran in the gate toward the house and witness drove by. She looked back and saw Proctor come out the gate and the colored man grabbed up the shovel and told Proctor come to him if he dared. Witness drove on and looking back again saw Proctor as if he was picking up something, and when he was about half straight the colored man marches set her clothing on fire and was burned to death.

J. B. Andrews, of Durham county, lost his barn and contents, stables and several head of horses by fire a few nights ago.
Fire broke out among the booths in the midway at the Raleigh fair, Friday night, and a colored boy locked up in one of them was burned to death.
P. A. Fantaine, of Roxboro, has been experimenting with the culture of Havana tobacco and has grown some fine specimens. He believes it can be successfully grown in this State.
Baptist Services.
Rev. C. A. Jenkins, of Goldsboro, arrived Monday evening to do the preaching at the meeting in the Baptist church this week. He preached his first sermon Monday night, his subject being faith. He said there were those who believed their works would save them, while others believed they would be saved by a mixture of works and faith, but he was ready to tell them, with the Bible as the only source of authority, that only through faith in the Lord Jesus Christ are we saved. He said man is not saved by his works, but his works are a result of his being saved, and by his works is the measure of reward given. Without faith it is impossible to please God, and except ye believe on the Lord Jesus Christ ye are condemned already.
Mr. Jenkins is an earnest speaker, giving the truth just as he finds it in God's Word, and recognizing this as the only source of authority.

Best Sale Yet.
On Tuesday G. W. Venters, Jr. of Chioctow township, sold a barn of out-pounds of tobacco at the Liberty Warehouse, that brought \$257.00. The several lots were as follows: 72 lbs at \$25; 68 at \$20; 88 at \$60, 72 at \$47, 145 at \$35, 70 at \$30, 56 at \$50, 50 at \$65. This was an average of nearly \$43 all through, and is the best sale that has yet been made on the market. But the Liberty is just leading things anyway. This week the sales have been large every day, and the Liberty has averaged \$15 on everything on the floor, including big lots of scrap. They are hustling people at the Liberty.
