I. SUGG, Agt

the fang puncture immediately kills the poison. This discovery was given by a gentleman who says he has been bitten by snakes and insects over a hundred times. This gentleman takes delight in keeping snakes in his room running all about. Six weeks ago he was bitten in the foot by his big rattler. He immediately need hypodermically the acid, and it

used hypodermically the acid, and it did not swell or give him any trouble. He says he fears no poison of animal, snake or insect bites if he has his acid with him."—New York Times.

Fiddles Without Hands.

In Atlanta, a small town in Illinois, lives Frank Clawson, a fiddler whose chief bid for fame lies in the fact that he is without hands. Sevice lies acid without hands. Sevice Plotographs for \$1 per dozen. The leader in good work and low prices Nice Photographs for \$1 per dozen. The leader in good work and low prices Nice Photographs for \$1 per dozen. As I am now in the hospital in Baltimore for the purpose of undergoing an operation, I lawe placed my books and accounts in the hands of my brother, Mr. Wiley Blown, at the store of Greene & Rall other lines very chean Crayon Portraits made from any small picture chean. Nice Frames on hand all the time. Come and examine my work. No trouble to show samples and answer questions. The very best work guaranteed to all. Office hours \$1 to 10 t

fact that he is without hands. Several years ago he was caught in a blizzard, and both hands were so badly frozen that they were amputated at the wrist. Being somewhat of a mechanical genius, he evolved a contrivance out of heavy wire which enabled him to wield the bow. The matter of fingering was more difficult, but by hard practice he trained the stump of his left hand to make the necessary shifts from one string to another and prechased the largest stock of clocks, watches, chains, rings, pins, etc., ever and from position to position. With the fiddle held in place by his chin
