ALL OVER THE HOUSE.

Hints on the Proper Lighting of the Home. This is the day of new inventions for the comfort and luxury of the home, even if it is also the day of the servant girl question. When you are planning your small dinner party—the adjective is used advisedly, because a big one is always a failure—be sure to light your table from anywhere but above. Just have someone hold a bright or even a shaded light over your head while you stand before a mirror and see the telltale shadows that fensively catch every wrinkle or blemish, every point that tells of fatigue or even imperfect in face or costume. Then have the same light held at the side or beneath and note the difference. After you try this experiment you will never subject your fair feminine guests, whether they be buds or full blown roses, to such a test as the light from above, say the St. Louis Democrat.

So Tired

It may be from overwork, but the chances are it is from an inactive LIVER. With a well conducted LIVER one can do mountains of labor without fatigue. It adds a hundred per cent to one's earning capacity. It can be kept in healthful action by, and only by, **Tutt's Pills**.

Housecleaning Winkles.

No home can be comfortable unless it is not only clean, but thoroughly clean. If carpets are not thoroughly swept, glass and china not really clear and bright, the effect is almost as bad as if they were really dirty. A cleaner that will keep the furniture looking nice, remove the stains and soil and does not cost a great deal in time and money is a great boon to housewives. To reach this end there is nothing better than a mixture of linseed oil and kerosene. If the article to be polished is very much soiled, first wash thoroughly with warm soapy water, drying as quickly as possible. Then with a flannel rag dipped in a mixture of two parts linseed oil and one part kerosene rub the surface thoroughly. Let it stand awhile until you have rubbed another piece and then with a perfectly clean piece of flannel, free from oil, polish until it shines to your taste. Bronzes and bent ironwork, fenders and grate frames all look brighter and fresher for a little rubbing with the oily rags, and the room and its furnishings that you have treated previously present a look of clarity and cleanliness that is worth a great deal of work and infinite trouble to produce.

Washing China.

Washed fine china must be washed before use. It is no more to be washed than the pieces through warm water and dry quickly. Sometimes putting them before a brisk fire will be sufficient. In washing wash the bottom of the plates with a little bit of lard, or a little bit of soap, which will stand a high degree of heat. In pouring the chocolate, tea or coffee into a fine china cup put a silver spoon in first. This will prevent cracking of the cup and is one of the brilliant glaze that is on all fine china. The same rule holds good for chocolate pots and sugar tureens. Wash them with a quick change of temperature. If brought from a cold place, it should stand in a warm place before anything hot touches it.

Left Over Turkey or Chicken.

A delicious way to use cold left over turkey or chicken is to mold the white meat with cranberry jelly. Put a layer of strained cranberry sauce in the bottom of a mold and over this a layer of the meat finely chopped and seasoned. Add more cranberry sauce and another layer of meat, alternating the two till the mold is full. Put a weight on top and set away to chill and harden. When ready to serve, turn out on a dish and garnish with celery tips.

A Delightful Cold Cream.

Put a teaspoonful of rose cream, the thicker the better, into a lined saucpan and heat to boiling point. Let cool. Do this three times. After the third time the cream is white but the strained juice of one lemon, two tablespoonfuls of strained cucumber juice, half a tablespoonful of olive oil and half a tablespoonful of honey. Stir till cool. Add a few drops of any scent you like to perfume it and store in pots for use.

Prepare your land well, manure well and plant a variety that will command a better price when you offer it on the market. Two years ago I secured a peck of seed, planted them on half an acre of land and picked a bale of cotton that weighed 420 pounds. I shipped this cotton through Mr. R. B. Cobb together with several other bales of good variety and this bale sold for three eighths of a cent more per pound than the lot. The lint is far superior to any cotton sold on this market and the yield is far ahead of anything we have in this country. Numbers of the best farmers in the county saw my crop growing in the field and pronounced it as fine as they ever saw.

ENDORSED MR. WALKER.

The following letter has been issued by the Committee of the Charlotte Bar having in charge the candidacy of Mr. P. D. Walker for Associate Justice of the Supreme Court. "Upon the announcement of Judge W. A. Hoke that he would not allow his name to be considered for the place of Associate Justice of the Supreme Court of North Carolina, the members of the Charlotte Bar met, and unanimously endorsed Mr. Platt D. Walker, of Charlotte, for this honorable and exalted position. A committee was appointed to present the name of Mr. Walker to the prominent lawyers throughout the State, and the numerous responses received have expressed the highest approval of the action of the Charlotte Bar, and pledged their earnest support in behalf of Mr. Walker, and withal denoted the high and universal esteem in which he is held by his professional brethren.

"Feeling, however, that the question as to who shall constitute the Court of last resort—of final judgment upon the rights of the citizen and the property of the citizen of our State—is one of no less importance to the layman than to the lawyer, we take this time and trouble to acquaint the people of the State as to what has been said and done in Mr. Walker's behalf, and to bespeak for him the support and influence of the Democratic voters throughout the State.

"To those who are acquainted with Mr. Walker we need not speak of his fitness for this high and responsible office, but to those who do not know him, besides our own testimony as to his high character, his integrity and ability, we desire to quote the words of one high in the councils of the Democratic party, and a lawyer of great renown and learning, who says of Mr. Walker: 'I do not know of any man in the State for whom I have a greater respect. He is eminently fitted for the place, and shall receive my cordial support. He is under no obligations to me for supporting him, but the State is under obligations to him for serving,' and it is such a man and such men, that the people of North Carolina want and demand for their Supreme Court."

Respectfully submitted, H. C. Jones, F. C. Guthrie, J. D. McCall, T. L. Kirkpatrick, B. Justice, Plummer Stewart, Lotte W. Humphrey, C. D. Bennette, T. W. Hawkins, F. N. Osborne, J. B. Spence, H. P. Parr, Heriot Jackson, G. F. Basson, Thos. W. Alexander, F. M. Shannhouse, C. H. Duls, F. R. McIninch, Beverly Nixon, Hugh W. Harris, Geo. E. Wilson, Chase Breznizer, Jas. A. Bell, D. A. Tedder.

Grand Secretary John C. Drewry gives notice that the Grand Lodge of Ancient Free and Accepted Masons of North Carolina will convene in its one hundred and fiftieth annual communication at the Masonic Hall in the City of Raleigh on Tuesday evening, January 14, 1902, at 7:30 o'clock. Reduced rates have been secured for Masons in attendance on the Grand Lodge at the hotels, and the customary convention rates have been secured, also. Grand Secretary Drewry states that there has been a most gratifying increase in both the membership and revenue of the Grand Lodge during the past year, and expressed himself as highly pleased with the conditions.

EASTERN REFLECTOR GREENVILLE, N. C.

D. J. WHICHARD, Ed. & Owner

Entered at the Post Office at Greenville, N. C., as Second-Class Mail Matter.

FRIDAY, JANUARY 10, 1902.

Some people charged that the governor runs too much to education, but if he can arouse the people of the state to the importance of this matter he will have accomplished more lasting good than any half dozen of his predecessors.

The Railway Age says the construction of railways in the United States in 1901 exceeded that of any previous year since 1890. The new mileage last year was 5,675 miles.

If a woman knows she is pretty, it is not because any other woman told her so. The girl with the solitaire feels that she is still in the ring.

FIRE AT GRIMESLAND.

Half the Business Portion of the Town Destroyed.

About one o'clock Tuesday night fire broke out in the store of W. S. Galloway & Co., at Grimesland. The store was situated in the heart of the business portion of the town, on the north side of Main street.

The losses with insurance are as follows: W. S. Galloway & Co., stock \$2,500, insurance \$1,500. F. Powell, stock \$500 fully insured.

W. M. Moore, stock and buildings \$8,000, insurance \$2,500. H. H. Proctor, stock and buildings \$15,000, insurance only \$1,000.

This is the first fire Grimesland has had and it is a serious disaster to the town. Such heavy losses with so little insurance makes it very severe on the losers.

Please keep my name out of the paper! is a request that is daily made in every newspaper office by some one who has discovered on his own that he is being reported on in the paper.

STEDMAN, N. C., Jan. 7, 1902. I have spent a happy year in Pitt and I will ask you to let me thank the people for their kindness to me and mine through your columns.

Mr. Roxana McCready, who is here about 77 years of age, has a new hat that is just and lively at 18 years of age. Polly is the hat's name and she is of the Wyandotte breed.

The entire building narrowly escaped destruction, and it being saved was due to the excellent system of water works that town recently put in. Other towns might profit by the example of Rocky Mount in making ample provision against fire.
