## Ricks & Wilkinson

This is Greenville's  
Fastest Growing Store.

## WHY?

BECAUSE no other store anywhere is so diligent in the interests of the buying public to which it looks for support.  
BECAUSE nothing but absolutely reliable merchandise is admitted here at any price—that point is of vital import.  
BECAUSE the prices we ask are the lowest known to the merchandise world for goods of the quality we sell.  
BECAUSE every sale that we make is backed by an absolute personal guarantee of satisfaction to the smallest detail.  
BECAUSE every thing is done to promote your personal comfort while shopping, and to fulfill the most exacting requirements.  
And so we might continue to name reason after reason almost without end. No really careful buyer will pass the offers we make without investigating them. Look at this double column full of Economy opportunities for this week:

- White India Linen, White Persian Lawns, White Piques. The prices start at 5c and by an easy rising scale run up as high as 75c.
- French, Austrian and Japanese Fash in all the latest new creations in Crepe paper, Silk Gause and all floral designs 5c, 10c, 15c, 25c, 50c, 75c and \$1.
- Ladies Slippers. A big lot that must be cleared out at \$1.50. As long as they last.
- Youths all Wool Suits. They are value at \$5, sizes 15 to 19. This week they will go as long as they last at \$2.99.
- Men's Suits. All colors and sizes. Worth \$6. This week we say \$3.00.
- Trunks and Suit Cases. Plans for summer and travel are maturing thick and fast. Nowdays and summer trips mean sturdy trunks. The Automatic Roller Tray and Box Trunks, all canvas covered, hard wood slats, iron bolts, brass trimmings \$3.50, \$4, \$5, \$7, \$8, \$10, \$12, \$15, \$17, \$20, \$25, \$30, \$35, \$40, \$45, \$50, \$55, \$60, \$65, \$70, \$75, \$80, \$85, \$90, \$95, \$100.
- Standard Patterns. Patterns kept in stock, fashion sheets free. Designer 10c.
- National Lawns. In 15 new and attractive designs such as never was put in anything but 15 and 20c lawns before, in natural linen color with red, blue, green and black stripe and dots. We can't buy any more this season at any price. As long as they last 6c.
- As well be out of the World as out of Fashion.

## OUR RALEIGH LETTER.

Special Correspondent of Reflector.  
RALEIGH, N. C., May 12.  
As I am about to begin this letter a well-known gentleman and Democrat nudges me under the fifth rib and says:  
"Truly we have fallen upon strange times when the leading 'organ' of our party makes of its leading editorial article a complaint against Senator Fritchard (Rep.) for recommending a man for postmaster in a 'certain town' because that man was a Democrat two years ago and wore a 'red shirt'—a man whom our organ says was in the last campaign one of the less than a dozen in that community who wore a red shirt; he was a fire tried, die in the fight Democrat then; he is understood to be a 'Fritchard Democrat' now, whatever that may mean."  
Come to think of it, it does look a little out of the ordinary run of campaign argument, but if one is to judge by the present outlook the coming campaign promises to be an unusual one in North Carolina in more respects than one.

MATTERS OF CONCERN.  
The annual banquet to be given in New York by the North Carolina Society of that city (May 20th) this year promises to be one of the most enjoyable of all such occasions in its history. The Society has a membership of nearly 400, with W. W. Fuller, Esq., formerly of Raleigh and later of Durham as its president. Among its guests next week who will speak on the occasion will be Senators Fritchard and Simmons and ex-Senator Ransom.

Trinity College hopes to secure Secretary of State Hay to deliver an address during its commencement exercises. And Charlotte ladies President Roosevelt to come down on May 20.

One of the most interesting of all the political races in the Congressional districts of this State this year will be that between Congressman Kilts and Blackburn (assuming that both will be re-nominated by their respective parties), both of them now being in the new Seventh district.

At the Communication of the Grand Lodge of Masons at Oxford on St. John's Day June 24, it is stated that the matter of locating the new Masonic Temple will be taken up. Several cities are bidding for it, notably Raleigh, Charlotte, Durham and Greensboro.

G. B. Patterson, a leading lawyer of Maxton, will contest with Congressman Bellamy for the Dem. nomination in that (Sixth) district. The new Sixth District is composed of Bladen, Brunswick, Columbus, Cumberland, Harnett, New Hanover and Robeson.

## WASHINGTON LETTER.

Since the recent elevation of the price of beef by the trust which controls this product, there has been, of course, a great deal of advice to the people not to eat it, and this advice has, through anger or necessity, been to some extent taken. In some of the cities, notably New York and Philadelphia, anti-beef meetings have been held and many people have signed pledges to buy no more beef until the price comes down. But the practical question is how to get along without it, and the answer to this is furnished by Prof. Wiley, the chief chemist of the Department of Agriculture at Washington, who is evidently a practical man. Since the meat question became uppermost he has been conducting a series of investigations, and has ascertained that the quality of which particularly as to its hind legs, is known of all men, eats no meat; that the bull, "which can toss a 300 pound man over a ten rail fence," is a vegetarian, as is also the monkey, which can lift by its tail three times its own weight.

These discoveries Professor Wiley has carefully laid before the public, with the other and further information that men who feel mainly on cereals "are capable of enduring the hardest manual labor." To all this a carefully contemporary, which looks into things, add that a recent report of the health commissioner of the State of New York discloses the fact that cancer is on the increase; that in fifteen years there have been eighty-two deaths from this disease in the village of Bridgeport, near Utica, New York, and that the families in which these deaths have been found to be large meat eaters.

All this is the stuff. We see from these disclosures that it is both to our financial and physical interest to abstain from beef which is sold on the trust basis. If we buy it we pay tribute to the trust and add to our financial embarrassment. Let us all therefore, for a double reason, resolve with St. Paulus to meat in general—he quit it because he had been told that it made his neighbor to offend—that we will eat no more meat made beef so long as we shall live.—Charlotte Observer.

New Remedy for Potato Bugs.  
From what the Gastonia Gazette says it appears that a cheap and effective remedy against potato bugs has been found in cotton seed meal. It says:  
"Mr. Robert White informed us last week that he put cotton seed meal on his potato vines and in two hours the bugs disappeared—they didn't die but hustled away. He is firmly convinced of its virtues as an anti potato bug powder, much cheaper and safer than Paris Green. He was advised to use this remedy by a neighbor at Lenoir, who had discovered its virtue by accident. He had emptied a sack of cotton seed meal in his cow trough and was returning to the house through his potato patch. Thinking to fertilize the ground a little, he snapped the sack a round or two to rid it of the remnants of meal. He afterwards noticed that the little patch of vines that caught the shavings remained green and growing while the rest of his crop was devoured by the bugs. It is a genuine discovery it is one, certainly, of very great importance."

The latest in the big gun line is the invention of a Norwegian, who claims that his gun, an electric one, will throw a projectile weighing two tons ninety miles. If they had a few of them over in the Philippines they might shell the woods and extend our jurisdiction. Admiral Dewey said it extended as far as our guns could throw a ball.—Winning Star.

The Finest Fabric  
made by human skill is coarse compared with the lining of the tongue. When the tender membrane is irritated we have griping pains, diarrhoea and cholera morbus. Whatever the cause of the trouble, take Perry Davis' Pain-Expeller according to the directions on each bottle. Travellers in all climates carry Perry Davis' in their grip-sacks. Large bottles 25 and 50 cents.

## EASTERN REFLECTOR.

GREENVILLE, N. C.  
D. J. WHICHAID, Ed. & Owner

Entered at the Post Office at  
Greenville, N. C., as Second-Class  
Mail Matter.

FRIDAY, MAY 16, 1902.

Mr. Dennis Simmons, of Wil-  
liamsburg, died Tuesday morning in  
St. Vincent's hospital, at Norfolk,  
where he had gone for treatment.  
He was 75 years old and had been  
a man of great use to his section  
and State.

THE REFLECTOR sympathizes  
with the Free Will Baptist, at Ay-  
den, in the loss sustained by fire  
Sunday morning. We hope the  
brethren will soon have their of-  
fice in shape to resume work  
again.

The tobacco market will bring  
more people to Greenville next  
fall than are here at present. With  
not a desirable dwelling house for  
rent here now, the new houses  
cannot be provided for unless  
more houses are built. More  
houses are needed and it will be a  
good investment to build them.

The Charlotte Observer is hard  
to get ahead of. Sunday's issue  
not only printed the much dis-  
cussed letters of Judge Clark, but also  
gave them in fac-simile, showing  
the letters just as they are. These  
letters, by the way, fully refute the  
charges made by Major Wilson  
against Judge Clark and exonerate  
him from duplicity. We believe  
the controversy so far has made  
friends for Judge Clark rather  
than take any from him.

Everywhere in this issue appears  
an endorsement of the Greenville  
Bar of Hon. L. L. Moore for Soli-  
citor of this district. Mr. Moore  
has served as Solicitor for four  
years and has in every way proved  
a most acceptable officer, faithful  
to every duty and always looking  
for the best interest of the State.  
Pitt is the only one of the old coun-  
ties in his former district that is  
in the new district, and in pre-  
serving him to other counties is a  
candidate it is done with the be-  
lief that no better man for Soli-  
citor can be found. The only other  
probable candidate we have heard  
suggested is from New Bern, but  
as that city already has the Judge  
of this district, a Congressman and  
also the President of the Atlantic  
& North Carolina railroad, it could  
well afford to withdraw in favor of  
Greenville's candidate, especially  
since we offer a man who has been  
thoroughly tried and found capa-  
ble and worthy to the highest de-  
gree.

### Sunshine Society.

Reported by The Reflector.  
The Sunshine Society was enter-  
tained charmingly at the home of  
our Secretary and sister Thursday  
evening, May 10th, 1902.

After the business was disposed  
of there came the usual, but not  
also the usual, entertainment  
which was enjoyed by all. Mrs. Shel-  
burn won the first prize and Mrs.  
J. J. Perkins the second.

At 10:30 o'clock we were served  
with daily refreshments by our  
hostesses, who in their easy and  
gracious manner know so well how  
to make it pleasant for every one.  
We then laid each other a re-  
flectant good night to meet with  
Mrs. Schultz Monday evening, June 2nd,  
1902.

REPORTER.

"Say, pa," said little Willie  
Bumpenthal as he looked up from  
his book, "what is an upright law-  
yer?" "An upright lawyer, my son,"  
replied the old man, who had  
but recently purchased some  
experience from a legal luminary,  
"is one who lies straight up and  
down."—Chicago News.

## Winifred Department.

NEWS, HAPPENINGS AND BUSINESS  
NOTES.

WINIFRED, N. C., May 14.  
Mrs. Maggie Butts, from near  
Chocoma, is visiting her moth-  
er, Mrs. Mary (aunt Polly) Smith  
this week. She is accompanied  
by her two little daughters.

Mr. and Mrs. C. A. Fair are  
spending the day in Greenville.  
James Dawson, of Grifton, was  
here yesterday exhibiting a lock  
which he has recently invented  
for which he proposes to so-  
licite a patent. The lock is rather  
complicated but no doubt a very  
useful article for certain purposes.

Everything is on the quiver  
preparatory for the commence-  
ment which begins tomorrow night  
by a sermon from the Rev. Liv-  
ingstone Johnson. Large crowds  
and a good time generally is ex-  
pected.

One of our Vanebores customers  
came up Monday night and carried  
twenty sets of dresses away Tues-  
day morning. He will have to repeat  
this several times before the sea-  
son is over to move the many dress-  
es he has with the A. G. Cox  
Mfg. Co.

Fannie Higginbotham and wife,  
who have been visiting at Stokes,  
returned home Saturday evening.  
They were accompanied by Miss  
Dora Fleming, who is here in at-  
tendance of the commencement.  
G. A. Kittrell, one of our young  
progressive truck farmers, is mak-  
ing daily shipments of cabbage to  
the northern markets. Friend  
George is a hustler, and don't you  
forget it.

Joe Poole, of Roxboro, was here  
yesterday on his sixty-day round.  
Very shortly after his arrival he  
was called to Ayden by telegram  
to sell a stock of goods in place of  
these recently burned out. This  
shows the popularity of our young  
friend as well as the house which  
he represents.

Walter Barfield, of Ayden, was  
here yesterday and purchased a  
new coming outfit of Mack G.  
Bryan. The coming industry  
seems to be exciting right much  
interest and is a growing industry  
among our people.

Miss Bessie Chapman went to  
Greenville Saturday and returned  
the same day.

G. W. Evans, one of the paint-  
ers in the Hunsucker Carriage Com-  
pany's shops, was taken sick  
last week and had to leave for his  
home in Greenville. We have  
not heard from him but hope he is  
better.

Hunsucker Carriage Company  
have received a letter of an order  
for a car load of luggage to be  
shipped within the next thirty  
days.

Parties who have been notified  
through mail that their tobacco  
trucks are ready should either  
come at once or notify us promptly  
what action we shall take.—A. G.

### Democratic Convention.

A convention of the Democratic  
party of Pitt county is hereby called  
to meet in the Court House at  
Greenville on Saturday, July 5th,  
1902, at 12 o'clock, P. M., for the  
purpose of appointing delegates to  
the State Democratic Convention,  
to be held in the city of Green-  
sboro on Wednesday, July 16th,  
1902, and to the Congressional and  
Judicial conventions when called.

Township primaries will be held  
at 8 o'clock, P. M., on Saturday,  
June 28th, 1902, at the usual vot-  
ing places, for the purpose of ap-  
pointing delegates and alternates  
to said county convention.

The number of delegates and al-  
ternates each township will be en-  
titled to as follows:  
Beaver Dam 5, Falkland 9,  
Belvoir 4, Greenville 33,  
Columbia 10, Patehook 4,  
Chilred 19, Swift Creek 10,  
Contentna 25.

By order of the Democratic Ex-  
ecutive Committee of Pitt county.  
ALEX. L. BLOW, Chairman.  
W. L. BROWN, Secretary.

Andrew Carnegie has given  
away \$67,000,000. But he has  
enough left to support him com-  
fortably, provided he doesn't get  
too much tangled up with news  
papers, of which it is said he is go-  
ing to start a number for friends.

## L. L. MOORE FOR SOLICITOR.

To The Democracy of the Third  
Judicial District:

The undersigned members of the  
Pitt County Bar beg leave to pre-  
sent their fellow countryman, the  
Hon. L. L. Moore, to the Demo-  
cracy of the Third Judicial District,  
for the nomination of Solicitor of  
the District to succeed himself.

Mr. Moore was nominated and  
elected Solicitor of the third Dis-  
trict in 1898, then composed of the  
counties of Martin, Pitt, Wilson,  
Kash, Franklin and Vance. His  
administration of the office was so  
acceptable we have reason to be-  
lieve that he would have been re-  
nominated without opposition if  
the District had remained as it  
was.

The Legislature of 1901 in chang-  
ing the Judicial Districts of the  
State, found it necessary to dis-  
connect Pitt from the other counties  
with which it had been associated  
and to group it with Greene, Craven,  
Pamlico, Carteret and Jones.

In this way Mr. Moore was taken  
away from the counties in which  
his work had been done, and in  
which he had made hosts of friends  
and acquaintances, and his re-  
nomination made to depend upon  
people who were comparative  
strangers to him.

We know the people of the coun-  
ties with which Pitt is now associ-  
ated, and we know them to be a  
noble, generous and just people,  
and we think we risk nothing in  
submitting the claims of our fellow  
county man to their sense of jus-  
tice. Mr. Moore has held the full  
and Spring Courts in these coun-  
ties and we feel confident that he  
has so demeaned himself among  
them as to win their confidence.

We therefore appeal to the De-  
mocracy of this new District, to give  
him what he would unquestion-  
ably have received in his old Dis-  
trict a renomination to the office  
of Solicitor of the District.

## The Imperial Factory.

The plant that is being located  
here by the Imperial Tobacco Com-  
pany will be an enterprise that  
will be a credit to Greenville and  
a strong addition to the tobacco  
market.

Mr. Charles H. East, of Dan-  
ville, who is the contractor for  
putting up the buildings, tells us  
the main building will be 65x200  
feet two stories high, the drying  
room 27x200 feet, and the boiler  
house 10x50 feet. He will work  
from 60 to 75 hands and aims to  
have it ready for use at the open-  
ing of the next season. The plant  
will be equipped with the latest  
improved machinery and appli-  
ances for handling tobacco.

Mr. H. J. Blauvelt, of Rich-  
mond, the architect for the Impe-  
rial Tobacco Company, is also here  
looking after starting off the build-  
ing in accordance with specifica-  
tions.

ing to start a number for friends.

## BIG FIRE AT AYDEN.

Entire Block in Business Section De-  
stroyed.

About one o'clock Sunday morn-  
ing the town of Ayden, 10 miles  
south of Greenville, was visited by  
the worst fire in its history. The  
fire started in the barber shop of  
W. H. Dew, situated in the heart  
of the business portion of the town,  
and spreading in both directions,  
destroyed an entire block before it  
could be checked. Unfortunately  
the town had no equipment for  
fighting fire and the people only  
had to stand and see one after an-  
other building swept down before  
the flames, saying what they could  
of the contents. The fire is believ-  
ed to have been the work of in-  
cendiaries.

The following list of losses ob-  
tained by THE REFLECTOR this  
morning will give some idea of the  
extent of the fire:  
W. H. Dew, fixtures in barber  
shop, about \$200, no insurance;  
J. T. Smith, Jr., stock, about  
\$300, no insurance; Dail Ross,  
stock about \$800, no insurance;  
J. R. Smith & Sons, three stores  
and stock, \$20,000, insurance,  
\$7,000; Mrs. J. A. Davis, stock of  
millinery, could not learn amount  
of loss or insurance; Dr. Joseph  
Dixon, office, about \$200, no in-  
surance; Free Will Baptist print-  
ing office, most of contents except  
large press saved, insurance \$1-  
000; W. F. Hart, two store build-  
ings, no insurance; W. T. Hart,  
one store building, no insurance.

Greenville sympathizes with her  
neighbor in this misfortune. Such  
heavy losses with so little insur-  
ance is a severe blow to Ayden,  
but we hope the pluck character-  
istic of the sufferers will assert it-  
self and that they can soon rebuild  
and resume business again.

BID ON A HORSE.

Dr. Charles Laughinghouse was  
riding down the street, Tuesday  
afternoon, and stopped in front of  
one of the stores. Messrs. A. L.  
Taft and Will Hearn began admir-  
ing the doctor's horse, and jocular-  
ly saying how much they would  
give for the animal. They got to  
bidding against each other, and  
just as Mr. Taft raised Mr. Hearn  
to \$142.50, Dr. Laughinghouse,  
who had become a silent listener to  
the bidding, stepped out of his  
buggy and said "that bid gets the  
horse."

Mr. Taft thinking this was tak-  
ing a rather serious turn remarked  
"I didn't think you wanted to  
part with such a nice horse as  
that."

"Never mind about that," said  
Dr. Laughinghouse, "I have an-  
other and can part with one. I  
will carry the buggy home and  
send the horse around to you and  
call back for a check," and before  
Mr. Taft could reply the doctor had  
stepped back in the buggy and  
driven away.

When Mr. Taft went home to  
supper the horse was tied in front  
of his gate. The situation now  
began to look so serious that he put  
off in haste to find the doctor and  
explain that the bidding on the  
horse was all a joke. Dr. Laugh-  
inghouse knew it was a joke, but  
humored it just far enough to make  
Mr. Taft quite uneasy that he had  
a horse on his hands.

## BOY SHOTS HIS FATHER.

The Latter After Him with a Knife.  
Hardy Harrington, colored, and  
his son Sam, were both at Parker's  
X Roads, two miles from town,  
Saturday night. Sam had been at  
work cutting timber in the woods,  
and his father wanted a division of  
his wages. Sam said he had only  
been partially paid off and could  
not divide the little he had.

Hardly then began watching  
Sam's movements, and about 10  
o'clock saw him speeding some-  
where. This angered the father  
who went up to the boy, grabbed  
him by the waistband of his pants  
and with the other hand began  
raking a knife across the boy's  
breast, abusing him and telling  
him what he would do to him if he  
opened his mouth. Sam was so  
frightened that he did not open  
his father with a pistol. Only one  
bullet was shot, took effect, but  
this entered the breast and may  
prove fatal.

Back From Wilson.  
The Osceola Band returned Tues-  
day evening from Wilson where  
they had been to make music for  
the Memorial exercises and unveil-  
ing of the Confederate monument.  
The boys received much praise for  
their excellent music and report a  
delightful trip.

## Lost Hair.

"My hair came out by the hand-  
ful, and the gray hairs began to  
crop in. I tried Ayer's Hair Vigor,  
and it stopped the hair from com-  
ing out and restored the color."  
Mrs. M. D. Gray, No. 3 Salem, Mass.

There's a pleasure in  
offering such a prepara-  
tion as Ayer's Hair Vigor.  
It gives to all who use it  
such satisfaction. The  
hair becomes thicker,  
longer, softer, and more  
glossy. And you feel so  
secure in using such an  
old and reliable prepara-  
tion. U. S. M. & Co. All Agents.

## Our Only Volcano.

Omaha, Neb., May 12.—After a  
silence of thirty years Mount Iona,  
the only volcano in the United  
States, is today sending out smoke  
and steam, and some of the people  
in the surrounding country say  
these reports are brought from  
Cedar county, Nebraska, where  
the little mountain is situated, by  
travelers who say that the settlers  
in the neighborhood are panic  
stricken and are hurrying to leave.  
The mountain is situated on the  
Missouri river, 150 miles above  
Omaha, and while not of great  
height is high compared with the  
surrounding country. It has been  
for years a sacred place with the  
Indians, and it was near there  
that the last big sun dance was  
held in 1878. No Indian will go  
to the mountain itself, as it has  
long been known to them as the  
hill of fire.

Lewis and Clarke, in their ex-  
ploring expeditions in 1807, landed  
at the place and reported to the  
government that they had discov-  
ered a small volcano on the banks  
of the Missouri. Geologists have  
said that the smoke is caused by  
water sweeping through the line  
stone formation in the mountain,  
but the people are fearful of an  
eruption and are preparing to  
leave.

Mr. Flanagan Responds.  
Mr. E. G. Flanagan is in at-  
tendance upon the Undertakers  
Convention at Raleigh. In the News  
& Observer's report of the pro-  
ceedings of the convention we find  
this interesting item about our  
townsman:

"Mr. E. G. Flanagan, of Green-  
ville, responded to Mr. Brough-  
ton's welcome in a beautifully  
worded and most appropriate  
speech, expressing the grateful  
appreciation of the delegates of  
the kind and hearty hospitality  
extended."

the advertisement yourself or  
don't know just what you want

We have bright and attractive

### We Shall Be Pleased to See You. You Are Always Welcome Here

About that Spring Suit. Of  
course you read the clothing  
advertisements in the news-  
papers, and you get in a  
quandary as to where you  
will buy the suit. We want  
all the patronage we can get.  
We would like it if  
we had a cinch on all the  
clothing selling in Greenville.  
We certainly sell more cloth-  
ing than any other store in  
town, and the only reason  
is that we have a cinch on all  
the clothing selling in Greenville.  
We are not offering \$18 suits for \$7.50, nor \$15 suits for  
\$6, and we never advertise any such false inducements.  
This we do: WE SELL YOU A BETTER SUIT OF  
CLOTHES FOR \$7.50, \$10, \$12 or \$15 than you can buy  
anywhere else for the same price.

By comparison you will find this to be true. The same ratio of saving applies on our  
hats and a library of clothing. You will find it true. If you investigate, we  
will find it true. We will find it true. We will find it true. We will find it true.
