A Raleigh saloon has a petrified snake on exhibition. Quite suggestive, as those frequenters who think they see snakes so often can now find something tangible to help out the imagination.

The old Liberty Bell has been returned to Independence Hall, in Philadelphia, after its exhibition at the Charleston Exposition. The old bell has taken a number of trips and makes an interesting feature at exhibitions.

The State Teachers Assembly at Morehead elected Dr. F. P. Veale, of the University, President; J. E. Carlyle, of Wake Forest, First Vice President, and re-elected Prof. W. D. Carmichael, of Durham, Secretary and Treasurer.

Two negro boys, Harrison and James Gillispie, were arrested under a suspicion of having murdered Miss Neely Benton, in Rowan county. They confessed the crime and were placed in Salisbury jail, Tuesday night. Five masked men broke open the jail, took the boys out, swung them to a flag and riddled their bodies with bullets. Fifty that those people engaged in the lynching did not let the law take its course, as the boys would have received the full punishment their crime deserved.

WASHINGTON LETTER.

Washington, D. C., June 15.

Cuban reciprocity promises to be the rock which will inevitably rend asunder republican harmony and leave a feeling of antagonism between the party and the chief executive. The last senator to still adhere to their position and refuse to permit any measure, granting reciprocity to Cuba at the expense of the least sugar cost, to pass the Senate while Mr. Roosevelt insists that he will veto any measure which provides for a reduction of the duties. The testimony of Mr. F. B. Thurston that he had received \$2,500 from Mr. Haverly, president of the Sugar Trust, nearly \$9,000 from the War Department and various sums from other sources to eliminate reciprocity literature will prove a serious obstacle to the efforts of the administration.

While the republican senators are quarrelling over reciprocity a few who are interested in an ishuanian canal continue the debate in the Senate chamber but no genuine interest is manifested in the subject, except by those senators who have the project really at heart, and the orators who declaim on the merits of the respective routes do so to empty chairs. By unanimous consent Thursday, June 13th, has been set for the final vote. A number of the senators have left Washington for their summer vacations and others are making preparations to depart which proves how little they are interested in the remaining subjects for Congressional action.

The old saying that "murder will out" appears to be receiving another verification in the Treasury Department. It will be remembered that some time ago Mr. Wilson of Wakeham, then appraiser at the port of New York, preferred the most sensational charges against certain silk importers and certain government officials who had been party to the frauds. An attempt was made to suppress the charges. Lyman J. Gage, then Secretary of the Treasury, discontinued the investigation, took sides with the silk importers, discredited Mr. Wake-

HOYT MOORE PARDONED.

Cent Petty Negro Released from Penitentiary.

Governor Aycock has pardoned Hoyt Moore, a convict sent up from Pitt county under an eleven year sentence for manslaughter. In the spring of 1899 a fight occurred in Bethel in which Policeman Elisha Bryan was struck on the head with a rake and died from his injuries. Hoyt Moore and two of his sons were present and he was supposed to be a participant in the trouble. The principal assailant of the officer made his escape, but Hoyt Moore, one son named Cullen and another negro were placed in jail. They were put on trial at September term of court following, when Hoyt Moore was acquitted and the remaining two were sentenced to 11 years in the penitentiary and Cullen to 21 years. Governor Aycock was a prosecuting attorney in the case.

San Souci Club.

Reports for the Reflecter.

On Tuesday afternoon June 10th, the San Souci Club held its second meeting with Miss Flournoy. The first part of the afternoon was devoted to business, the reading of minutes of minutes of previous meetings, report of several committees, the subscription and adoption of a constitution, and various discussions concerning the selection of new books. The literary feature of the afternoon was a most charming and instructive sketch of Betty Fetter's 'Lady Jerome Banquet' by Miss Lillian Cherry which was greatly enjoyed by all.

HOW WE CHANGE.

Greenville Continues to Spread Her Self.

"Buzzard's Roost" has become one of the best of the place now exists only in memory. Time was, even within the knowledge of this generation, when that portion of Fifth street between Evans and Catauch, was on every big day, and especially on Tuesday in court week, the rendezvous of house swappers for miles around. The swapping going on well into the night. All manner of horse flesh was carried there to be traded, and the worst specimens of humanity were the denizens of that quarter. It was a tough section on trading days, and one who placed high value on a sound head and a whole body was careful how he frequented it. In fact "Buzard's Roost" was famous for almost anything, and got so bad that later the town authorities actually were impelled to adopt an ordinance forbidding the congregating of persons on the streets for the purpose of swapping horses, etc.

Better Streets Needed.

Some of our lovers of horses have recently purchased very stylish traps. If we only had good streets driving would be much more pleasant than it is. For the past week it has been very disagreeable, every passing vehicle raising great clouds of dust, while the poor horses looked like they had all their hoofs pulled through the deep sand. Every driver, at least should be considered an advocate of better streets.
