To the Point.
A bright boy, who had been taught the nature of strong drink and promised to shun it, one day visited a rich uncle, who was a teetotaler. He offered the boy a glass of wine, which he declined. He offered the boy a watch in the world drink. The boy declined, saying: "Please don't tempt me; if I keep a teetotaler I can some day buy a watch of my own, but if I drink and take your watch I may later on have to pawn it to get bread."—Council Grove Republican.

Dark Hair

"I have used Ayer's Hair Vigor for a great many years, and although I am past eighty years of age, yet I have not a gray hair in my head."
Geo. Yellon, Towson, Md.

We mean all that rich, dark color your hair used to have. If it's gray now, no matter how long it is, Ayer's Hair Vigor always restores color to gray hair. Sometimes it makes the hair grow very heavy and long; and it stops falling of the hair, too.

If your drooping cannot apply, you can buy a bottle. Be sure and give the name of your mail order.

TOWN MATTERS.

Proceedings of Board of Aldermen.
The Board of Aldermen met Thursday night in accordance with the requirement of town charter, all but one of the members being present.
The Tax Collector presented the insolvent tax list, which was allowed. The insolvent list on general fund amounted to only about \$103, which showed remarkably good collections. The list was ordered published.
The Finance Committee reported in hands of the Treasurer \$254.24 in general fund and \$66.31 in cemetery fund.
The Cemetery Committee for white cemetery reported eight lots sold and thirteen interments during the year.
The other standing committees had no reports to make.
The Chief of Police made report on collections during the month.
The matter that brought on the discussion was the Supreme Court's decision on the bond injunction and whether to proceed to refund the special taxes collected as interest on bonds and for graded school. Some favored insisting on others at once for refunding, while others thought best to postpone for further consideration. It was finally determined to hold a special meeting Monday afternoon at 5 o'clock, the last day the present Board can exist, and also to invite the incoming Board to meet and consult with them over the matter.
The reports of the Finance Committee and special accountant on the books of the Tax Collector and Treasurer were also deferred to the special meeting Monday.
A petition of the Greenville Supply Co. to permit a railroad side track to extend across the street was to reach their property, was laid on the table.
The account of L. L. Moore for \$150 for expenses incurred in going to Littlefield to effect a sale of the bonds, which was presented and deferred at last meeting was taken up again, and after considerable discussion the resolution was called for. The vote resulted in a tie—Aldermen Ficklen, Cobb and White voting to pay the bill, Aldermen King, Coward and Hooker voting against. The Mayor decided the question by voting to pay the bill.
The usual monthly accounts were allowed.
The Board was in session until nearly midnight.
Prohibition in North Carolina
There are now forty seven counties in North Carolina that have no licensed saloons. There are five counties in which there are dispensaries and no saloons. This leaves forty five counties in which there are saloons, and of this number twenty have saloons only in the county seat. Thus there are only twenty five counties in the State where the saloon has "freedom" over the county. And that is going to be less before many more months.
It is far better that it was ten years ago. The towns and counties are learning that they can do without the revenue and the crime that come from the saloon.
North Carolina is advancing industrially and educationally and with these onward sweeps for the well being of the old State it is indeed timely that she should be shaking off the licensed saloon. And she will—Anti Saloon Worker.

ORIGINAL OBSERVATIONS
Made By The Orange, Virginia, Observer.

Storm Parties.
It looks like the T. J. Jarvis Chapter of the Daughters of the Confederacy setting date for a lawn party is a signal for a thunder storm. Two efforts have been made at lawn party and storms caught both of them.

Fisherman's Luck.
Once upon a time, not over two weeks ago, the editor was fishing. And stayed all night. But came back empty. "Come fish wouldn't bite." There was better luck on a stay at home catch today, however, when Mr. W. R. Whitaker brought us a bunch of fine perch he caught in Sheppard's pond. He says this proves fish were there even if we couldn't catch them.
