TAX DISCRIMINATION.

The Board of Aldermen have not acted justly towards the property tax payers of the town of Greenville. For some time there have been heard complaints and criticism of the inequality of the tax on liquor licenses and the tax on property, and other special taxes. The charter of the town places a minimum limit of \$100 per year and maximum of \$500 per year as the license tax for retailing liquors in the town, and the constitution fixes the maximum on each \$100 valuation of real and personal property at 66 cents. Our recollection of the first tax levied under this charter by the Aldermen of the town is that it was \$125 on liquor license and 41 cents on property. Even then people wondered why the liquor license should be placed so near the minimum while the property tax was put at nearly two-thirds the limit. Something near an equal ratio would have looked more reasonable.

As time went on the property tax got up to 50 cents while the liquor tax only went to \$150. Again later the property tax got to 60 cents while the liquor tax was raised again, this time going to 66 cents, the full limit that can be levied under the constitution, while the liquor license tax remained the same, \$150. At the same time nearly all other license taxes have been raised.

There is no justice in the liquor tax, the very ones who ought to pay the most taxes, being assessed at almost the minimum limit under the law, while other subjects of special taxes and property are assessed to the full limit. It is against the best interest of the town that such inequality of taxation exist.

It is not so much the amount of taxes the property holder has to pay as the gross inequality of the levy that causes complaint. The Reflector doubts if there is another town anywhere in which the liquor tax is placed almost at its lowest limit while property is taxed at the highest limit. Such discrimination against property is discouraging to investments and works against the progress of the town.

The Democratic State Executive Committee met in Raleigh Tuesday and elected Hon. F. M. Simmons as chairman, A. J. Fields, of Raleigh, was elected secretary of the committee. The Central committee was chosen those from the first district being E. F. Lamb, of Elizabeth City; R. W. King, of Greenville; R. R. Cotten, of Bruce; L. T. Lawrence, of Murrensboro.

Thursday night fire broke out in the livery stable of Dorsett & Brindle, at Lexington, destroying the building, 25 head of horses and a lot of buggies, carriages and machinery. The flames spread to several adjacent buildings, the Methodist church being among those destroyed. The church was a brick building valued at \$8,000 with no insurance.

The old Oceanic Hotel at Carolina Beach, below Wilmington, was wrecked by a cyclone Wednesday night. Fourteen people were injured, some of them seriously.

A merry-go-round at Charlotte was struck by lightning Wednesday night, instantly killing the engineer and nearly killing two other persons. The merry-go-round was run last Sunday and Charlotte has had much discussion of it. Ours this stroke of lightning will remind it not to run anymore on Sunday.

Judge John Gray Bynum, who stumbled and fell down a flight of stairs in Greensboro, Tuesday night, died Thursday from injuries received in the fall. While on the bench he held several courts in Pitt County and was greatly esteemed by the people here.

TOWN MATTERS.

Proceedings of Board of Aldermen.

The Board of Aldermen had a labored session Thursday night, being together until 1 o'clock, and then adjourned to a special meeting to be held Monday night, 11th.

Upon the recommendation of the finance committee the tax on real and personal property was increased to 66 cents on each \$100 valuation and the poll tax to \$2. The reports of the regular standing committees contained nothing of general importance.

O. Hooker submitted a proposition to erect a large water tank near the mill on corner of Cotnam and Fifth streets and furnish water to the town for sprinkling streets or for fire purposes at \$2.50 per day for each day the tank is used. The matter was deferred for consideration at the next meeting.

A motion was made that the town proceed at once to build a new market house, but consideration of this went over to next meeting.

The tobacco auctioneers of the town petitioned to be released from the payment of a special license tax, which was rejected.

The drugists also presented a petition to be released from a special license tax, which was granted.

The Board of Trade, Pro Co., asked for a contribution to send a delegation to the meeting of the State colored farmers association. This was over for consideration at the special meeting Monday night.

Applications for one liquor license and several restaurant licenses were granted.

A petition from the Greenville Supply Co. for permission to extend the railroad sidetrack from their building was referred to the street committee with full power to act.

A motion was offered to refund the special taxes collected for bonds and graded schools. This motion was lost and resolutions adopted to hold the taxes until the matter of legality is finally settled.

A committee was appointed to look after the suit brought against the town by M. C. Bryan.

H. L. Carr, Treasurer, presented his official bond which was accepted.

The Tax Collector, Policemen and Chief of Fire Department made their monthly reports.

The Board ordered that notice be given that they would hear complaints as to listing taxes at the regular meeting in September. Accounts amounting to \$115.37 were allowed and ordered paid.

A Prompt Settlement.

GREENVILLE, N. C., Aug. 2, 1902. H. A. White, Agent, Greenville, N. C.

Dear Sir:—I beg to acknowledge receipt of check for \$5,000 and wish to extend to the Penn Mutual Insurance Company, through your Agent, my sincere thanks for the very prompt manner in which they settled the death claim of my late husband, John Plagman.

The Penn Mutual was the first of the three companies in which he carried a policy to settle. It has only been ten days since proofs were submitted your Company, and such a prompt settlement as this should commend the old Penn Mutual to the insuring public.

Very truly,
MARY W. PLAGMAN.

My Hair

"I had a very severe sickness that took off all my hair. I purchased a bottle of Ayer's Hair Vigor and it brought all my hair back again."
W. D. Quinn, Marseilles, Ill.

One thing is certain,—Ayer's Hair Vigor makes the hair grow. This is because it is a hair food. It feeds the hair and the hair grows, that's all there is to it. It stops falling of the hair, too, and always restores color to gray hair.

It is a bottle. All druggists.

If your druggist cannot supply you, send to the only and true source, J. C. Ayer & Co., Lowell, Mass.

GREENVILLE QUEEN OF THE GOLDEN BELT.

BY O. L. JOYNER.

Notwithstanding Greenville has had the hardest up-hill road to travel of any eastern market, she stands today pre-eminent in the fore-front of the world's greatest tobacco markets, with the proud inscription written on her banner, "The Brightest Queen of the Golden Belt."

For the past ten years she has sent the bright product of this section to the distant parts of the earth, and Greenville today is known by the superiority of her tobacco in almost every habitable part of the globe. The delicate little paper roll has crossed strange seas in search of new lovers and amongst the almond eyed orientals of the Mikado it has been warmly embraced, while the dreamy celestial is begging to pay court to its sothing entreaties. It has forced its way and with favor amongst the inhabitants of far away ocean islands beyond the tropics, and in a few more years the characteristic push and pluck of the American manufacturer will place it within easy reach of the inhabitants of every clime.

Looking ten or twelve years backward there are many of us who can appreciate the present magnificent proportions of the Greenville tobacco market. From a small warehouse with only one or two very insufficient prize houses we have gone forward 'till now there is not a market on earth possessing more and better facilities in every way than Greenville. We are frequently asked how much tobacco we will sell, or how much can we handle? The Greenville market, it is safe to say, is in a better position than ever before to take care of tobacco and is easily able to handle twice as much as she has ever before sold in a single year, for in addition to our former capacity we have two of the largest steam plants in the world now nearing completion which gives us a capacity for handling more tobacco than all of the eastern markets combined have handled heretofore. Such a thing as overcrowding the market is a thing of the past. Under the present arrangements we can easily and conveniently sell over a quarter of a million pounds daily. Farmers need not hesitate to bring their tobacco to Greenville. We are ready and able to protect their interest whenever they come. With banking facilities surpassed by no town in State, and buyers representing concerns worth many millions, we again assert that there is absolutely nothing to keep us from leading the markets in highest prices, as the quality of our tobacco has been proven superior to all other in point of color and texture.

Now in conclusion there is no one in the whole state that rejoices more than the writer in the bright prospect that the farmer has for good prices this season. No one feels more keenly or deeply the effects of low prices, and no one rejoices more earnestly in the hopes which the present speaks for the future than I do.

The farmer has worked hard and his most earnest hope is that his labors will be abundantly crowned with a golden harvest.

On Wednesday, August 20th, there will be a State reunion of the Confederate veterans at Greenville.

Very truly,
O. L. JOYNER.

Winterville Department.

NEWSY HAPPENINGS AND BUSINESS NOTES.

WINTERVILLE, N. C., Aug. 9. J. P. Harrington, one of our clever merchants, who has been in northern markets is back home and as polite as ever which means yours to serve.

The nice showers recently are making crops look fine and the farmers are cheerful. We rejoice with them for they truly are "The salt of the earth."

Mrs. Will Hammond, of Greenville, is visiting Mrs. J. D. Cox. Prof. Dawson, of Washington, came in to see us this week. He is selling some of the best pianos and organs on the market and tells us his sales are unusually good.

While here he took occasion to see Prof. Lincberry and arrange to send his grandson to school this year.

Miss Laura Cox spent yesterday in Greenville. The "Mothers' Union" held their regular session at the academy yesterday evening, which was a very pleasant hour for those present and we trust profitable.

The new dormitory for boys is nearly completed and is not only a beauty, but a model building for convenience and comfort.

With a good school building well equipped and dormitories as good as the best and a large faculty of the best trained, and most successful teachers in the State, we can afford to hope for a good school. And the students are coming to one of the most thorough and best equipped schools in the State, is what people say who have seen it and know of its work, and we would like to add that the morals and health of our town is improved.

Rooms in the dormitories are being engaged nearly every day. The committee have been representing this week in engaging rooms.

S. M. Pollard has gone to New Bern this week on business.

Miss Pauline Moore has been quite sick, but is now improving.

The country boy signs for city life, and when he finally reaches the goal, he begins to wish himself again among the birds and flowers. With the coming of old age he regrets himself lucky if he can get his feet back on mother earth. The strife is as great to acquire sufficient wealth to purchase land on which to spend the declining years as was the youthful

struggle to get a foothold in the city. The smiling sky and the green earth seems to be the natural heritage of man, and no one feels this quite so keenly as the one who has had a taste in youth of the sweets of rural life.—Country Life in America.

GRIMESLAND ITEMS.

GRIMESLAND, N. C., Aug. 6. The recent rain is making our crops hustle.

GRIFTON ITEMS.

GRIFTON, N. C., August 8, 1902. Abe Einstein was here Saturday.

R. L. Gardner left on the cars Wednesday.

J. L. Keene, Jr., went to Kingston Tuesday on business.

R. C. McCotter and O. W. Gaskins returned home Thursday from Norfolk, Washington City and Baltimore after a week's stay.

Will Melborn, of Kingston, was here Monday.

The Nottingham and Wrenn Co.'s mill shut down Wednesday for no telling how long. The water in the river is so low they can't get any timber down.

Arthur Jackson was here Thursday and says a terrible whirl wind passed through his neighborhood Wednesday evening and destroyed everything. A new school house recently built was completely destroyed. Some of the ceiling was found eight yards from where the building stood. Tobacco barns and other buildings were served the same.

J. L. Patrick returned from a trip to Norfolk, Washington and Baltimore where he has been purchasing goods for the firm of Patrick & Tucker.

Rev. Mr. Hoyle, a Methodist minister, is here assisting Rev. Lowler in a protracted meeting at the Methodist church.

Those who have last tobacco barns by fire near Grifton are E. S. Laughinghouse, two; L. B. Mumford, one; C. J. Tucker, four. Mr. Laughinghouse was doubly unfortunate by losing two filled with good tobacco, which with barn means something like two hundred dollars.

The farmers are having it busy now. Their tobacco is crowding them and folder is ripening and some are pulling this week. They are in good spirits over the opening sale of tobacco. The prices were satisfactory in every respect, if we could know it would hold out.

Eight hundred and thirteen persons killed and nearly 10,000 injured on the railways in the United States within the first three months of this year is a frightful record.

Farmers of Pitt and Surrounding Counties.

Let me have your attention a moment. I have purchased the

Planters Warehouse

and will have charge of it this season. I have been identified with the Greenville Tobacco market almost from its start, and am familiar with every detail of the Tobacco business.

It is my purpose in conducting the

PLANTERS WAREHOUSE

to run it in the interest of those who sell their tobacco on my floor, knowing that the more I help the farmer the more I help myself.

No effort will be spared to make every pile sold at the PLANTERS bring the highest price.

Knowing the value of Tobacco, having ample capital to carry on the business, assisted by the best helpers that can be procured, I can make it to your interest to sell at the PLANTERS.

Plenty of room to take care of your team, and all the farmers who come to stay over night will find ample accommodations.

Bring me your tobacco if you want best prices.

For the first month of his term in office Mayor H. W. Whetbee turned over to County Treasurer J. B. Cherry for the school fund the sum of \$63.37, fines imposed in the Mayor's court. The fines and costs together during the month footed up \$166.57.

150,000 Today.

The Greenville tobacco market had another fine break today, there being about 150,000 pounds sold. All the warehouses had a good share. A number of farmers were heard expressing themselves as greatly pleased with prices. Every warehouseman and buyer on the market feels an interest in making tobacco bring high prices and all work together to that end. There is not a better market anywhere than Greenville.

An office boy who is taken on trial often proves to be one.

IF YOU WILL PUT

A teaspoonful of Mexican Mustang Liniment into a glass half full of water and with this gargle your throat often. It will quickly cure a sore throat.

Keep this

fact always fresh in your memory:—

For Cuts, Rash and all Open Sores, you

need only to apply

Mexican Mustang Liniment

a few times and the soreness and inflammation will

be conquered and the wounded flesh healed.

To get the best results you should saturate a piece

of soft cloth with the liniment and bind it upon the

wound as you would a poultice.

25c, 50c, and \$1.00 a bottle.

KEEP AN EYE ON

your pocket and at the very first sign of
cough, cold, sore throat, or other
ailment use your Mexican Mustang Liniment.

It Needs a Tonic.

There are times when your liver

needs a tonic. Don't give it haphazardly.

That gripes and weakens. D.W.H.'s

Little Elderberry Tonic is the tonic for

the liver. W. Scott, 531 Highland

ave., Miami, Fla. says: "I have

carried D.W.H.'s Little Elderberry Tonic

for me for several years. It is a tonic

not to be without. It is a tonic

to take. Purely vegetable. They

never give me distress. John L.

Wooten.

According to a recent census

bulletin North Carolina farmers

increased their investment in live

stock during the last ten years

17.8 per cent; improved farm im-

plements 26.3 per cent; in use of

commercial fertilizers 55.1 per

cent, while the value of farm pro-

ducts increased 38.1 per cent. The

increase in the value of farm pro-

ducts is attributable in good meas-

ure to a larger and more judicious

use of commercial fertilizers, and

improved farm implements and

machinery, thus supplying a loss

otherwise resulting from irregular

or unreliable labor.—Raleigh Post.

His Sight Strengthened.

"While picking last month my

eye was injured by a splinter of wood

and I was blind for several days. I

was told to use D.W.H.'s Little Elder-

berry Tonic. I used it and in a few

days my sight was restored. I have
