and cannot receive any more boys, except those previously granted permits to come." This is the message sent by President Winston yesterday on the first day of the session. The mes-

sage tells its own story; and the story reads as follows: An industrial college, growing to nearly 500; an industriol State, wood, cotton, iron, tobacco, clays and all forms of agriculture; an intelligent, energetic, strong and mbitious generation of young men seeking for industrial training and education; and the doors of the college closed for lack of room. A part of this story is very bright, but a part is discourag-

chapter should be revised, and surely will be. This is an education age as well as an industrial age. North Caro lina is now recognized as leading the South both in education and in 警案需求需求需求需求需求需求需求需求需求需求需求需求 dustrial development. Here is the place therefore for the greatest industrial educational school in the South.

ing and discreditable. The last

The chief duty of the next legislature will be to provide for education, and, in performing this duty, nothing will demand more attention than the needs of the A & M. College. That institution is not adequately equipped. It lacks G. G. FINEMAN, Factory Representative. dormitories, shops, laboratories, chemical buildings, and buildings for physics and electricity as well as large equipment for agriculture, The youth of the State should b educated and properly educated especially should they receive the best industrial education that the age affords and demands.

Let rooms and instruction be provided for all who desire to come; and let the A. & M. be recognized as the best equipped as well as the most popular industrial college in the South .-粉米粉米粉米粉米粉米粉米粉米粉米粉米粉米米米米米米米米 Raleigh Post.
