What is this Disease that is Coming Upon Us?

Like a thief at night it steals in upon us unawares. The pa tients have pains about the chest and sides, and sometime in the back. They feel dul and sleepy; the mouth has a bad taste, especially in the morning. A sort of sticky slime collects about the teeth. The appetite is poor. There is a feeling like a heavy load on the stomach; sometimes a faint, al gone sensation at the pit of the stomach which food does not satisfy. The eyes are sunken, the hands and feet become cold and clammy. After a while a cough sets in, at first dry, but after a few months it is attended with a greenish-colored ex-pectoration. The patient feels tired all the while, and sleep does not seem to afford any rest. After a time he becomes nervous, irritable and gloomy, and has evil forebodings. There is a giddiness, a sort of whirlng sensation in the head when ising up suddenly. The bow-ls become costive; the skin is iry and hot at times; the blood becomes thick and stagnant; he whites of the eyes become tinged with yellow; the urine is scanty and high colored, depositing a sediment after standng. There is frequently a spitting up of the food, sometimes with a sour taste and sometimes with a sweetish taste; this is frequently attended with palpitation of the neart; the vision becomes impaired, with spots before the

nearly one-third of our population has this disease in some of its varied forms. It has been found that phyicians have mistaken the cause this disease. Some have reated it for a liver complaint, thers for kidney disease, etc., tc., but none of these kinds of reatment have been attended vith success; for it is really constipation and dyspepsia. It s also found that Shaker Exract of Roots, or Mother Seigel's Curative Syrup, when properly prepared will remove his disease in all its stages. Farm For Sale.

The undersigned offers a desirable farm for sale. Situated about two miles from the town of Bethel, in Pitt county adjoising the J. S. Statou farm, containing about 120 acres, 40 acres of which are cleared. Upon the farm are two dwalling houses and necessary outbuildings. Water upon the premises is excellent. I cention healthy. The land is rich, productive and easily cultivated. For further particulars apply to W. S. HIGHERTH.

HOW DO WE DIS OUR GRAVES?

said we dig our graves with our teeth. How fooish this sounds. Yet it is fearfully true. We are terrified at the approach of the cholere and yellow fever, yet there is a dissase constantly at our doors and ir our houses far more dangerous and lestructive. Most people have in heir own stomachs a poison, more low, but quite as fatal as the germs of those maladies which sweep men nto eternity by thousands without warning in the times of great epi-lemics. But it is a mercy that, if we are watchfu', we can tell when we are the catened. The following are among the symptoms, yet they do not always necessarily appear in the same coler, nor are they always the same in d fferent cases. There s a dull and sleepy feeling; a bad taste in the mouth, especially in the morning; the appetite is changeable, sometimes poor and again it seems as though the patient could not eat enough, and occasionally no appetite at all; dullness and slug-gishness of the mind; no ambition o study or work; more or less headche and heaviness in the head lizziness on rising to the feet on noving suddenly; furred and coatd tongue; a sense of a load on the tomach that nothing removes; hot and dry skin at times; yellow tings a the eyes; scanty and high-colored urine; sour taste in the mouth, freuently attended by palpitation of he heart; impaired vision, with pots that seem to be swimming in he air before the eyes; a cough, with a greenish-colored expectoation; poor nights' rest; a sticky lime about the tooth and gums ands and feet cold and clammy rritable temper and bowels bound up and costive. This disease has ouzzled the physicians and still puz-des them. It is the commonest or allments and yet the most compli-

cated and mysterious. Sometimes it is treated as communition, sometimes as live complaint, and then ugain as maleria and even heart disease. But its real nature is that of constipation and dystersia. It arises in the digestive organs and soor affects all the others through the corrupted and poisoned blood Often the whole body including the nervous system is literall starved, even when there is no emaciation to tell the sad story Experience has shown that therei put one remaily that can certainly cure this disease in all its stages namely, Shaker Extract of Roots o Mother Seigel's Curative Syrup. I never fails but, neverthe ess, no time should be lost in trying other so salled remedies, for they will do no good. Get this great vegetable preparation. (discovered by a venerable nurse whose name is a house

aold word in Germany) and be sure to get the genuine article. GIVE : UP BY SEVEN DOCTORS. Shaker Extract of Roots or Sei gel's Syrup has raised me to good health after seven doctors had given ae up to die with consumption .jo writes R. F. Grace, Kirkman-

ville, Todd Co., Ky. HE HEARD OF IT JUST IN TIME. "I had been about given up to die with dyspepsia when I first saw the advertisement of Shaker Extract ots or Seigel's Strup. A using four bottles I was able to attend to my business as well as ever. [know of several cases of chills and 'ever that have been cured by it." so writes Mr. Thos. Pullum, of Tay-

lor, Geneva Co., Ala. WORTH TEN DOLLARS A BOTTLE. Mr. Thomas P. Evans, of the firm of Evans & Bro., Merchants, Horn-town, Accomack Co., Va., writes that he had been sick with digestive disorders for many years and had tried many physicians and medi-cines without benefit. He began to use Shaker Extract of Roots or Seigel's Syrup about the 1st of Jan. 1887, and was so much better in three weeks that he considered himself practically a well man. He adds: "I have at this time one bottle on hand, and if I could not get any more I would not take a ten dollar bill for it."
