We carry a full line of the celebrated

Geo. S. Parker

Fountain Pen

It is a big hit in fountain pen making and is distinctive Parker feature. Not only does it feed the ink perfectly, but prevents soiled fingers.

The Daily Reflector

Gives the home news every afternoon at the small price of 25 cents a month. Are you a subscriber? If not you ought to be.

The Eastern Reflector

Twice a week

Is only \$1 a year and contains the news every week, and gives information to the farmers, especially those growing tobacco, that is worth many times more than the subscription price.

Big Broad Men Wanted

It is said, and we have no reason to question the accuracy of the statement, that the Legislature-elect is one of the very ablest that has ever been elected in North Carolina. Certainly no Legislature that ever met in the State ever had graver questions to deal with, or heavier responsibilities resting upon it, and it is to be hoped that the intellectual strength of this General Assembly may measure up to its reputation for ability and that its patriotism may be great. This is no time for narrow men and demagogues. The State's interests demand the highest and best service of its law-makers.—Lincoln Journal.

YELLOW JUNDICE CURED.—Offering humanity should be supplied with every means for the relief of its suffering. We publish the following: "This is to certify that I was a victim of yellow jaundice for over six months, and was treated by some of the best physicians in our city and to no avail. Dr. Bell, our druggist, recommended Electric Bitters and after two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, A. Bogarty, Lexington, Ky. Fair to drug. 10-11-1898."

A Most Singular Occurrence.—Sixteen years ago Mrs. D. B. Morrison, of this place, lost her engagement ring—a heavy 18-karat, plain gold ring. On the 8th of November last, while cleaning the dirt away from near the new well on their lot, Mr. Frank Goodson picked up this same ring. It was as bright as ever. This is a most singular occurrence, not only because it was found after being lost for sixteen years, but on account of the fact that the 8th of November is the anniversary of their marriage. The 8th was a happy day for Mrs. Morrison, sure—her anniversary day, her day to again look upon the emblem that sealed her love of 23 years ago—and it was also election day.—Concord Standard.

A Man's Unlucky Day

Probably the most wonderful story of a man's unlucky day that has ever been told appears in the Lancet, which introduces it as a curious instance of coincidence. A patient, at the age of ten years, fractured his right index finger. It happened on August 26. When thirteen years old he fractured his left leg below the knee through falling from horseback, also on August 26. When fourteen years of age he fractured both bones of the left forearm by stumbling, his arm striking the edge of a brick. (August 26). In another year, on August 26, when fifteen years old, he had compound fracture of the left leg caught under an iron rod and his body falling forward. Next year, again on the same date, August 26, he had compound fracture of both legs, the right being so severely crushed that it had to be amputated at the lower third of the thigh. This was caused by a horse hit to a tram of coal, which, running wild underground, caught him in a narrow passage, crushing both legs severely. After this he did not work on August 26 for twenty-eight years, and his wonder, but in the year 1890 he forgot his fatal day and went to work with the result that he sustained a compound fracture of the left leg. After this he has studiously avoided working on August 26, though never missing work at other times.

Rabbits Falling Over Each Other.—Rabbits in sections of this State seem to be as plentiful as ants. A gentleman by the name of Pearce, from the neighborhood of the Chatham and Orange county line, was in town today with a wagon load of about 80. He says they are so numerous in his neighborhood that they run against each other and cripple themselves, and you have nothing to do but walk around and pick them up.—Durham Sun.

The reader of this paper will be pleased to learn that there is at least one able cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the system. The only reliable cure for Catarrh is this. Send for list of testimonials.

A Sunny Face.

Wear it. It is your privilege. It has the quality of mercy; it is twice blessed. It blesses its possessor and all who come under its benign influence; it is a daily boon to him who wears it, and a constant everflowing benediction to all his friends.

Men and women, youth and children, seek the friendship of the sunny-faced. All doors are open to those who smile. All social circles welcome cheerfulness. A sunny face is an open sesame to hearts and homes. By it burdens are lightened, cares dispelled, sorrow banished, and hope made to reign triumphant, where fear, doubt, and despondency held high carnival.

Get the glow and radiance from such nearness to the throne as God permits to his own. Bring from a holy and divine communion a face luminous with light, and let it glow and shine on all around. A little child on the street of a great city, wishing to cross at a joint where the singing throng and the passing vehicles made the feet dangerous to the weak, paused, hesitated, and then asked a sunny-faced gentleman to carry her across. It was the sunny face that won the child's confidence. Childhood makes no mistake.—Ex.

TONSILITIS

CAN BE CURED BY USING Mrs. Joe Person's Remedy.

For a long time my son was troubled with some bronchial disease, which every time he would cough, settled in his throat and produced something like tonsillitis. The tonsils would enlarge and swell so that he had great trouble to swallow anything, and could take no solid food. Last spring he took half dozen bottles of Mrs. Joe Person's Remedy, and gargled his throat with the wash, and it cured him. He has never had a spell since. Mrs. J. STINSON, Eagle, Ireland Co., N. C. THE EASTERN REFLECTOR.

GREENVILLE, N. C.

D. J. WICHARD, Ed. & Owner.

Entered at the Post Office at Greenville, N. C., as Second-Class Mail Matter.

FRIDAY, DECEMBER 9, 1898.

WELCOME.

In 1830 the Baptist State Convention of North Carolina was organized in the town of Greenville. Though but a small body then, it now represents the strongest religious organization in the State, and among its ministers are many of our ablest pulpits orators and most consecrated Christian men. After sixty eight years the Convention comes back to its birthplace to meet with the Greenville church, whose house of worship was erected as a memorial to its organization here. The REFLECTOR cordially welcomes this distinguished body of eminent Christian workers to our town, and hopes that the deliberations here may be attended by such presence of the Holy Ghost that great blessing may flow throughout the length and breadth of the State, and even beyond our borders. Greenville feels honored at the coming of these noble men and women, and bids one and all three welcome. Our hearts and our homes are open to you, and may your coming here be long remembered as one of the best meetings in the history of the Convention.

MEMORIAL BAPTIST CHURCH

Some History of Early Baptists in Pitt County and of the Greenville Church.

There is no written record concerning the organization of the Baptist church in Greenville save the statement in an old deed in Book H. H., page 98, of the records of Pitt county, that the church was constituted July 2nd, 1827. This deed bears date of Sept. 10th, 1832, was for the lot on which the present Memorial church stands, and was from Joe B. Jenkins to Redding S. Blount, a Trustee of the church. In another deed on page 20 of the same book, dated April 20, 1836, Redding S. Blount transferred the lot to David Lawrence, a Trustee of the church. There is no other recorded history of the early years of the church. It is known that Mr. David Lawrence was for many years clerk of the church, and when his home was burned in 1836 the church records were destroyed. New records had to be started and were kept through thirty years, when in 1865 the home of Mr. L. W. Lawrence, who was then and is now clerk of the church, was burned and all records were again destroyed.

METHODIST CONFERENCE

Elizabeth City, N. C., Dec. 2.—The third day's session of the North Carolina Conference was called to order at the regular hour. Orphan Asylum was introduced and spoke of the good work that institution is doing, and asked the conference for its continued support.

Rev. Charles Brothers of the Western North Carolina Conference was announced as a transfer.

The committee on the paper question were elected as follows: J. N. Cole, J. E. Underwood, L. W. McMillan and L. L. Smith.

The call of question twenty was resumed and when John C. Kilgo was called he spoke at some length of the trials of the year, and said he came out of the storm without a nail in his heart against any one.

He announced that he was ready to serve the church he loved in any capacity, and if further committees were absent he was ready to lay all his strength upon the altar, and die if need be, for a willing martyr.

There were not many dry eyes in the conference when he took his seat, and there was a spontaneous outburst of applause.

Elizabeth City, N. C., Dec. 5.—The weather was a great disappointment yesterday to the many visitors, who were hoping for a clear day.

It rained heavily until about 1 o'clock.

The first service was the love feast at the Methodist church, led by Rev. W. C. Norman, of Raleigh. At 11 o'clock Bishop Fitzgerald preached a sermon on the treasures we should lay up in heaven.

Dr. Kilgo preached in the morning and also at night at the Methodist church. His sermon in the morning is considered by many to surpass all his previous efforts. The services at all the churches at night were considerably interfered with by the electric lights falling.

Dr. Yates presented, in a graceful little speech to the bishop, a gold pen and cut glass, silver-top ink-pot, requesting its use in North chapters to be devoted to the North Carolina Methodists in the bishop's new book.

Dr. Yates in a fine speech, but was lost. Rev. John and Norman spoke in favor of committee's report. So did L. L. Smith, and the same was adopted.

A class of five young preachers were elected to duty, and eight local preachers were elected deacons.

The following were received into full membership in the conference: Bryan Thompson, Albert Barnes, Robert Willis and Andrew Graves.

The conference took up the question of place for the next conference just before adjournment, and four nominations were made, viz: Washington, Wilmington, Newbern and Rocky Mount. The contest was somewhat spirited and Washington was chosen.

Elizabeth City, N. C., Dec. 3.—The fourth day's session of the North Carolina Conference passed without anything startling occurring.

The body was a little tardy in assembling, owing to a heavy rain which fell during the night and struggles and hardships endured were forgotten in the joy that filled all souls on the day that the building was dedicated to the service of God.

Since the pastorate of Mr. Carrick the church has been served as pastor by Rev. J. W. Wildman, A. D. Hunter, J. H. Lambeth, C. M. Billings, E. D. Wells and A. W. Setzer, and R. W. Spilman and G. L. Finch served a short time as supply. Several of our former pastors are to be with us during the Convention this week and what a joy it will be to greet them once more.

Those delegates to the Convention who have never visited Greenville before, but have heard much of the memorial church, can view the building for themselves and form their own conclusions as to whether it is a fitting memorial to the organization of the Convention.

The committee on the Conference Relations made a supplementary report that Revs. M. J. Hunt and T. J. Browning be placed on the superannuated list.

The committee on Bible Cause presented a report, through Chairman Goodchild, urging ministers to secure larger collections.

Secretary Cunningham was authorized to draw on the joint Board of Finance for a deficit in publishing the Conference minutes, and to deposit the Conference in a place safe from fire.

C. P. Snow was located at his own request.

The special order for 11 o'clock being the charge to the class of deacons who are admitted in full connection, the Bishop conducted that solemn service. The class consists of Albert Barnes, Andrew Graves, Bryan Thompson and Robert Willis.

The committee of investigation appointed yesterday reported that the charges against Rev. R. J. Moorman were not substantiated and that a trial was unnecessary and his character was passed, so he was exonerated.

Dr. Yates offered a resolution requesting the Bishop to write his autobiography and sketches of other North Carolina Methodists of his generation. This was adopted by a rising vote.

The conference appointed a commission to meet with the commission of the Western North Carolina Conference touching the matter of the Christian Advocate, and to telegraph the latter committee to come at once and adjust the Conference organ matter, but they have not signified a willing assent. It is said a new paper may be started.

Elizabeth City, N. C., Dec. 5.—The weather was a great disappointment yesterday to the many visitors, who were hoping for a clear day.

It rained heavily until about 1 o'clock.

The first service was the love feast at the Methodist church, led by Rev. W. C. Norman, of Raleigh. At 11 o'clock Bishop Fitzgerald preached a sermon on the treasures we should lay up in heaven.

Dr. Kilgo preached in the morning and also at night at the Methodist church. His sermon in the morning is considered by many to surpass all his previous efforts. The services at all the churches at night were considerably interfered with by the electric lights falling.

Dr. Yates presented, in a graceful little speech to the bishop, a gold pen and cut glass, silver-top ink-pot, requesting its use in North chapters to be devoted to the North Carolina Methodists in the bishop's new book.

The bishop was so deeply moved by this taken from the Conference that he could hardly express his appreciation.

Dr. Norman asked for a reconsideration of the book claim report, saying he thought the money should be unconditionally returned to the government, but the conference declined to take such action.

Question one was called, and a class of seven young preachers was admitted on trial. At 11 o'clock the class of five elders were ordained.

Presiding Elder Bone offered a resolution calling the attention of Northern Methodist brethren to the encroachment of that church upon the territory of Southern Methodists. It passed.

Rev. W. A. Jenkins, of the paper committing the election of a publishing committee who shall form a stock company to buy half of the North Carolina Christian Advocate stock and arrange for publishing a conference organ.

The report was adopted and Dr. Ivey chosen editor.

Dr. Barbee, of Nashville, addressed the Conference in behalf of the Nashville Advocate and other publications.

A collection for Revs. Snow, Strider and Herman was taken, they being in ill health.

The Conference adjourned at 1 o'clock and met again at 3 o'clock reports from the various committees.

The one of chief interest related to Trinity College management, which the committee strongly endorsed. The report was received with applause.

Dr. Kilgo was frequently applauded when speaking of the college and its future which he declared was brighter than ever before in its history. The report was adopted.

Washington, Dec. 3.—Statistics are very dry reading, but it is only by presenting them that North Carolina's position as a contributor to the government's revenue can be shown. As a contributor to the internal revenue she ranks twelfth in the list of States, and among the Southern States only Maryland and Virginia excel her. She contributed \$3,250,213 for the past fiscal year.

Last spring during the past fiscal year, notwithstanding this large contribution to the government's revenue, North Carolina had next to Georgia, had more illicit stills seized and destroyed than any other State. They numbered 557, of which 219 were seized in the Fourth and 338 in the Fifth districts. It cost to make these seizures \$11,850 and the value of the property seized was \$73,021.

The report of Internal Revenue Commissioner Scott, from which these figures are taken, further shows that there are in North Carolina 219 registered tobacco manufacturers, a decrease since last year of 13; registered cigar manufacturers, 48, an increase of five; and during the fiscal year there were manufactured in North Carolina 92,282 cigars, and cigarettes to the enormous number of 825,734, 200. Only New York and Virginia rank her in this branch of the tobacco industry.

In the 219 tobacco manufacturers of the State 35,487,355 pounds of leaf tobacco was used, when combined with other materials, the finished product weighed 10,513,629 pounds.

Of the tobacco manufactured 25,411,212 pounds was plug, 4,000,233 pounds smoking, and 9,272 pounds snuff. The amount of tobacco sold was 30,376,368 pounds, upon which stamps to the amount of \$1,882,152 were placed.

The total number of persons who pay direct internal revenue taxes to the government in North Carolina is 1,400.

Of the 1,452 registered distilleries in the State operated, 934 are in North Carolina. These distilleries were valued at 21,427 bushels of malt, 1,735 bushels of wheat, 21,296 bushels of rye, and 188,212 bushels of corn, and of the 49,427 gallons of fruit brandy produced 47,192 gallons was the entire apple-jack.

To indict Wilmington Citizens.

Washington, Dec. 2.—The Attorney General of the United States has written a letter, directing United States District Attorney Bernard, of North Carolina, to at once proceed to indict the men who drove United States Commissioner Bunting together with ex-Chief of Police Melton and a man named Gill, from Wilmington, to a place in Washington. The plan is that if bills of indictment can be secured, Judge Purnell shall issue bench warrants and have the men taken to Raleigh immediately for trial at the term of United States District Court, which begins next Monday. It is the purpose to make the proceedings the same as in the Tolbert case in South Carolina and to have Bunting, Melton and Gill at Raleigh as witnesses.—Special to Charlotte Observer.

Just for Fun.

The tobacco business appears to be a cut and dried affair.

Your husband seems to take great interest in the political situation, Mrs. McManus. The more reason he should be; it is his duty to be a devil or a toime to get it.

Getting Down to Work.

The new county officers are getting down readily to the routine of their official duties and seem perfectly at home in their places. Sheriff Moore has Mr. J. J. Mason as his deputy and he will make a good one. Clerk of the Court D. C. Moore will be assisted through out by ex-Clerk E. A. Moye, and then his son will take charge as his regular deputy. Register of Deeds T. B. Moore is being assisted for the present by Maj. H. Harding, whose former service in the office makes him proficient there.

Improving His Office.

A number of friends in Register of Deeds T. B. Moore's office, Monday afternoon, began expressing a dislike of the looks of his office furniture. These expressions next began taking the form of subscriptions, and a purse was soon made up large enough to purchase him a handsome office chair and a new Bible. Those who took part in this expression of esteem for the new office were Messrs. Billy McGowan, Macon Haddock, S. C. Whitchard, Jesse Williams, H. J. Williams, J. A. From our Regular Correspondent. Washington, D. C., Dec. 5, '98. There is little or nothing in Mr. McKinley's annual message to Congress, long as that document is...

Mr. McKinley's handling of the war and matters relating thereto, in his message, contained no surprises. The message was expected to follow lines plainly indicated by official semi-official emanations from the administration.

Senator Hale is the most rapid republican anti-expansionist who has yet unnumbered a rabid fire-eating battery and open in on the Peace treaty, which he says he will fight to the last.

For instance, the county of Clay in the official returns, does not record a vote for Judge O. H. Allen. Thos. A. McNeill, his opponent, is credited with his vote, but a blank space is below the name of Judge Allen.

The following counties reported their votes for W. P. Bynum, instead of Thos. A. McNeill, some counties left out letters in the names of the judges elected.

When Stephen Crane wrote "The Red Badge of Courage" he had never been in a field of battle and knew nothing of military affairs.

There have been numerous conferences between Democrats since Congress opened, on the policy that the party should pursue at this session.

Buckley's Arnica Salve. The best salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Ringworm, Itching, Chapped Skin, Chilblains, Corns, and all Skin Eruptions, and positively cures them if used as directed. It is guaranteed to give perfect satisfaction or money refunded.

Counting Official Vote.

The Secretary of State began yesterday the canvass of the official vote east November 8th for the judicial and Congressional tickets.

The Secretary of State says he has no authority to give the vote reported for George H. Brown to Judge George H. Brown, Jr. So Judge Brown's vote is divided in three columns.

The Railroad Attitude Towards Separate Car Law.

There is no doubt about the fact that a large measure of unpopularity attaches to the railroads of this State. In this regard North Carolina may not be singular.

The State Labor Commissioner has completed the summary of the newspapers in North Carolina. It is as follows: Democratic, 131; Independent, 51; Republican, 14; Independent Democrat, 17; Silver, 2; Independent Republican, 1; Sound money and protection, 1; Baptist, 8; Methodist, 6; Presbyterian, 4; Moravian, 3; Episcopal, 2; Roman Catholic, 1; Disciples of Christ, 1; Lutheran, 1; Free Will Baptist, 1; African Methodist Episcopal Church, 1; Moslem, 1; Educational, 3; medical, 2; agricultural, 2; poultry, 1.
