Journal Edward Bok, with much satisfaction notes the strong tendency to country living, and believes that "it is one of the best sigus of the times. Nothing in the world can keep a man or woman so young and fresh as to be able to be in touch each day with the perpetual freshness and youth of nature. Surbuban life means more out of door living, and that is what we Americans all need. We want our interest in things kept fresh, and that nature does for us as nothing else can. The more our busy men see nature's restful ways the more restful will they become. The closer we keep our children to the soil, the healthier will they be pbysically, and the stronger will they develop mentally. The more our girls breath in the pure air which God intended for all, but which

Two Years on Milk Diet.

farmer living on the east side of farmer living on the east side of the river, told us this morning that for the past two years and a half milk has been the only nourishment he has taken, and for the past year he has not tasted a drop of water.

For years he suffered dreadfully with indigestion and inflammation of the stomach and finally reached the store where he could retain a maximum for a small business.

the stomach and finally reached the stage where he could retain no food at all. He then began on milk and has kept it up since to the exclusion of everything else, though he says he is getting mighty tired of it. A year ago he went to Johns Hopkins Hospital in Baltimore, but they could gue rentee him. more, but they could guarantee him no permanent cure and recommend- It seems to be a very general rule
