0033 A WINNER.

THAT NUMBER DRAWS REFLECTOR SEW- ING MACHINE.

LAST TICKET GIVEN OUT TODAY.

The Plan Brought The Reflector
One Thousand Dollars
in Subscriptions.

Some months ago THE REFLECTOR announced that it was going to give a Wheeler & Wilson, drop-head, ball bearing sewing machine to one of its subscribers. To determine who should get it a thousand tickets were prepared numbered consecutively from 0001 to 1000, there being four figures on every ticket. A blank ticket was sent to Mr. J. L. Whichard, of Norfolk, and he was asked to fill the blank with a number between 0001 and 1000, seal the ticket inside of three envelopes and mail it direct to Mr. J. L. Little, cashier of the Bank of Greenville, who had kindly consented to keep it without being opened until he should be requested by the editor of THE REFLECTOR to break the seal and make public the number the ticket contained.

The disposition of the tickets then commenced, one being given free to every subscriber of THE REFLECTOR who paid as much as \$1 at one time, every dollar getting a ticket, and the person getting the ticket corresponding in number with the one held by Mr. Little to have the machine.

The last of these tickets was given away today and the following correspondence tells the remainder of the story:

Greenville, N. C. Nov. 2, 1903.
Mr. James L. Little,

Cashier Bank of Greenville,
Dear Sir: As all of THE REFLECTOR sewing machine prize tickets have been disposed of, you will please break the seal enclosing the one in your keeping and advise me the number recorded thereon, you still retaining it until the corresponding ticket has been brought to me, when I will call for the one you have.

Thanking you for your kindness in keeping the ticket while the others were being distributed, I am,

Yours truly,

D. J. WHICHARD.

Greenville, N. C. Nov. 2, 1903.

Mr. D. J. Whichard,
Editor REFLECTOR,

Dear Sir: As requested I have broken the seal of the envelopes and find that the ticket contains number 0033.

Congratulating in advance the holder of the winning number, and hoping the plan has been a successful one for THE REFLECTOR, I am,

Yours truly,

JAMES L. LITTLE,

Cashier Bank of Greenville.

So the holder of ticket number 0033 is entitled to the machine prize. Whoever has this ticket

can bring or send it to THE REFLECTOR. If the ticket is held by a subscriber too far from Greenville to come in person to bring it, we would suggest that it be sent by registered letter to guard against danger of loss. Write your name in ink across the back of the ticket and send us your shipping address and the machine will be shipped you direct from the factory.

In order that the machine, which is one of the best made, may be entirely new when it reaches the winner, and also to avoid the possibility of its having to be reshipped from Greenville, we have let it remain in the factory of the Wheeler & Wilson Sewing Machine Co., at Atlanta, Ga., to be shipped on our order. It will be ordered shipped just as soon as the subscriber holding the winning number furnishes us shipping directions.

Dowie Vs. Dowie.

Chicago, Oct. 31.—John Murray Dowie, crushed by the attack made upon him by his son, John Alexander Dowie, says: "The statement that I am not the father of John Alexander Dowie is the greatest myth ever uttered by the mouth of man. It is scandalous that my son should repudiate me after I have done so much for him. He is my son and was born in lawful wedlock. No one can deny it. The records may be had at the great register offices, Princes street, Edinburgh, Scotland. I have always lived a quiet, peaceable, Christian life, and it breaks my heart to have this trouble come toward the end."

Judge Dowie, who is respected by the whole community, lives here in his little cottage. The resemblance between John Murray Dowie and John Alexander Dowie is so close that the father has often been taken for the son. The old man is growing feeble and the recent trouble has aged him greatly.

Tied Up and Robbed.

Greensboro, N. C., Oct. 31.—A white man, giving his name as Turner and his place of residence Staley, was held up by three negroes in Buchanan street, near the depot, last night and robbed of a new overcoat and his purse containing \$25. His screams brought a crowd to his assistance. He was found tied to a fence and his assailants had fled. He said he had been drinking and wanted to go to the depot, offering to pay a negro named Charles Simmons to show him the way; that Simmons started with him, but turned him over to two other negroes who proceeded to do him up. The police were unable to find Simmons last night or today.

Paint In the Water.

Wilmington, N. C., Oct. 31.—As a result of drinking water which was poisoned by paint, the four year old daughter of Mr. Charles McMillan, an architect of this city, died this morning, and an infant son lies at the point of death. Rain water running off a freshly painted roof and emptying into a cistern which furnished the supply of drinking water for the family, was the cause of the trouble. The children drank the water and it caused inflammation of the stomach. Medical skill was powerless to relieve the intense suffering of the children. The boy cannot recover.

More Negroes in the White House.

Washington, D. C., Nov. 2.—The incident which two years ago brought fame to President Roosevelt and Booker Washington alike, was repeated at the white house this afternoon. Negroes, some bright mulattos and others black, were received in the east room by the president and Mrs. Roosevelt, and afterwards they partook of a buffet luncheon in the historic state dining room. These negroes were seamen from the May Flower and the Sylph and they were received together with something like one hundred other seamen who were white. The negroes apparently enjoyed their reception by the chief executive more than their white companions. At least they manifested outward evidence to that effect when leaving the white house. The occasion promises to become historic for several reasons. It is the first time in the history of the government that a party of enlisted men of either the army or the navy has been formally received by the president and his wife. It is a second time in the history of the nation that negroes have dined at the white house, the other occasion being known to every person in the land. It is a third time that negroes have been received socially at the white house; the other occasions being the Booker Washington dinner and the presence of negro men and their wives at the judicial reception last winter which Southern congressmen made notable when they left in high dudgeon.

Two Brothers at War.

New Berne, N. C., Nov. 2.—What came near terminating in a tragedy occurred today at the office of the Pine Lumber Co., of this city where two brothers were the principals. The matter was over a financial dispute. Joseph E. Hawk, one of the parties involved, is president of the company, which does a large business, and the other E. G. Hawk, the manager of one of the small mills of the company at Croatan, ten miles from here. It seems that the former had suspicion that the financial affairs of the latter were not what they ought to be, and learning this morning that his brother was in the city, drove to Croatan and got possession of the books used in the mill and brought them back with him. When E. G. Hawk had been informed of his brother's action he went to the office of the company and demanded that the books be returned to him. Upon refusal a witness says he drew his revolver and again demanded the books. The other ran his hand to his hip in an attempt to draw a pistol, but W. F. Alverly, secretary of the company, interfered, and in the melee one gun was discharged but no damage done. An officer arrived on the scene and arrested all the parties. The preliminary trial was held this afternoon and E. G. Hawk was held under \$100 bond for his appearance at court, also \$500 justified bond that he would keep the peace for six months. Alverly was put under a \$50 bond.

TAMMANY TIGERS LEAD THEM ALL

M'CLELLAN IS ELECTED MAYOR BY SIXTY THOUSAND.

TOM JOHNSON LOSES OHIO

Maryland and Other States Went

Democratic in the Elections Yesterday.

New York—G. B. McClellan was elected Mayor of Greater New York by 60,000 plurality. Grout for comptroller, whom the fusionists and republicans made such a fight against, ran ahead of McClellan's vote. Low carried but one of the five burroughs and that was Richmond. There his vote was 200 below two years ago. Tammany swept the board clean and elected its ticket from top to bottom. After McClellan's election was assured Mayor Low sent him a message of congratulations. Tammany forces throughout the city united in a general jollification.

Frankfort, Ky. — Returns indicate Beckham's reelection by 18,000 plurality and the election of 70 members of the legislature against 30 republicans. The senate will be composed of 23 democrats and 15 republicans.

Boston, Mass.—John Bates, republican candidate for governor, was re-elected by a plurality of 40,000 over W. A. Gaston, the democratic nominee. Entire republican state and legislative tickets received large majority.

Columbus, Ohio.—Excellent weather throughout Ohio had much to do with heavy vote polled. Myron Herrick for governor will run ahead of Tom Johnson from 90,000 to 100,000. Legislature republican.

Richmond, Va.—Election passed off quietly in this state. Democrats secured all but about 25 members of the legislature. Less than 22,000 votes were polled in this city, where the democrat ticket had but slight opposition.

Des Moines, Iowa.—Returns from the state show democratic gains of 21 per cent. This reduces Cummins' majority to less than 15,000, or 20 per. cent below two years ago. The vote was light.

Bridgeport, Conn.—B. Mulvihill, the labor mayor, was elected for another term by a majority of 2,000. The democrats swept the city, only two aldermen being elected by the republicans.

Salt Lake City, Utah.—Indications point to the election of the Gentile city ticket and the defeat of Mormon ticket in the hottest campaign in the history of the city.

Jackson, Miss.—The election here was the quietest ever known and a small vote was polled. There was no opposition to the democratic ticket and consequently little interest in result.

Providence, R. I.—The returns from state election show that Garvin, democrat, has been re-elected by a reduced majority.

Lincoln, Neb.—Nebraska is very close on Supreme court judge. Republicans carry the state for university regents.

Jersey City, N. J.—Mark M. Fagan, republican, mayor, was re-elected for term of two years, by a plurality of 1500.

Denver, Col.—Colorado has gone republican, electing Campbell for Supreme court judge by a large majority. The vote was light.

Baltimore, Md.—Warfield, democratic candidate for governor, is elected by safe majority.

THIS IS THE BEST NEWS YET.

DURHAM GOES DRY BY A MAJORITY OF 348.

Durham, N. C., Nov. 3.—Durham was voted dry today by a majority of 348 against saloons and 395 against distillery. This was beyond the hopes of the most sanguine prohibitionist.

TWO BIG SALES.

Made at the Liberty Warehouse.

Some days ago THE REFLECTOR printed a leaf tobacco sale made by the Liberty warehouse, and with it gave the challenge that it was the best sale made by any warehouse in Eastern Carolina this season.

The challenge has so far not been taken up by any other house. but on Monday the Liberty made two sales that even surpassed the former high record.

For J. C. Bland 24 lots of tobacco were sold as follows: 24 pounds at 21c, 165 at 21c, 44 at 40c, 68 at 39c, 82 at 35c, 112 at 39c, 112 at 40c, 86 at 42c, 70 at 39c, 128 at 42c, 110 at 40c, 92 at 38c, 103 at 37c, 100 at 40c, 146 at 39c, 108 at 30c, 76 at 40c, 166 at 30c, 132 at 30c, 100 at 33c, 82 at 30c, 100 at 27c, 110 at 17c, 104 at 15c, making a total of 2,420 pounds at \$804.77.

For P. W. Burnett & Bro. 9 lots were sold as follows: 154 at 8c, 216 at 8c, 132 at 23c, 142 at 35c, 23 at 40c, 30 at 42c, 33 at 50c, 24 at 48c, 20 at 46c, making a total of 774 pounds at \$169.22.

Of course it takes good tobacco to bring those prices, but these big sales show how W. T. Lipscomb & Co. work for the farmers who sell tobacco at the Liberty warehouse.

FARMVILLE CORRESPONDENCE.

FARMVILLE, N. C., Nov. 2, 1903.

We desire to give some idea of the immense trade that is being carried on at Farmville. There has been up to date, since the cotton trade opened, two thousand bales of cotton sold, aggregating nearly one hundred thousand dollars. This is only one item in the diversity of trade products of our little city, while the ready cash, passing into pockets of the merchants for goods, is another evidence of the great amount of business done there. Every merchant seems to be busy, and although tobacco is very low, still there is a hopeful feeling pervading the minds of the people, that as the year closes, the leaf will find better prices, and repay the farmer for his toil and labor. We sincerely hope that trade will be so adjusted that the farmer may receive prices that will amply pay him, and the manufacturer not lose anything in the advance in the price of tobacco so much desired, that the producer may not be the loser.

Our graded school building is nearing completion, and when finished will be a very handsome structure and does credit to the experienced contractor, James Parker.

The carpenters are kept quite busy. There are several other houses to be erected, one a large store house for J. W. Parker on Main street, and several for W. J. and W. M. Lang.

We notice very much is said about the new railroad coming to this place. If this road fails to come to Farmville, a great deal of freight which it would have, will be lost to this road, and the road now running here will continue to hold all the patronage of the town. We think that the road will lose a great deal by leaving Farmville out of the route. Calculating the distance from point to point, we find that if this road shall be run direct from Wilson to Snow Hill, from the latter point to Greenville, coming to Farmville, it will be only one and a half miles further than to go from Snow Hill to Greenville and leave Farmville off the route. With this fact before us we are certain the road will be vastly benefited by running to Farmville, as the amount voted by Farmville township can be used on the construction of the road, whereas if the road is not located here, the bonds will not be issued, and the road not receive any passenger or freight traffic. We hope the head men of this new road will see their opportunity and act accordingly.

On Thursday evening from 8 to 11 o'clock Mr. and Mrs. J. Stanley Smith gave a most interesting "placard party" in honor of Mr. George Pennington, of Tarboro, and Miss Vivian Parker, who is at home for a few days from school at Wilson. The instrumental music by Miss Parker and singing by Mr. Pennington added much charm to the occasion. A beautiful hand painted placard was awarded to Mrs. J. Warren Parker for her guessing ability. A sumptuous supper was served, which bore testimony of Mrs. Smith's artistic taste. All present join in thanking Mr. and Mrs. Smith for so pleasant an evening.

Colored People Monopolize Depot.

Something ought to be done to prevent the large number of colored people gathering around the depot about train time and monopolizing the premises. They gather there in large numbers every day, and it is much worse on Sundays, when they go by hundreds. They crowd all over the platform so that people having business there can hardly get to the waiting room and baggage room. Some regulation should be adopted that will prevent loafers of both races gathering around the depot in the way of those who have business there. If the railroad authorities cannot make and enforce such a rule the officials of the town should take action and come to their assistance.

Mr. E. D. Harrington's horse ran away this afternoon. The horse broke loose from in front of Edmonds & Fleming's barber shop, where he was hitched to a post and ran up Evans street to Second, turning into Second street the horse took to the sidewalk, the buggy colliding with Major Harding's gate. Here the horse became free from the buggy, which was considerably broken, and ran on to the bridge, where some one stopped him.

Bellah-Thomas.

Mrs. Mary E. Thomas makes formal announcement today of the engagement and coming marriage of her daughter, Louella, and Mr. Lovick Percy Bellah. Miss Thomas, who has only been out of school a short time, is a young girl of bright and cordial manners, and handsome appearance. She is a representative of an old and prominent Tennessee family, her father, the late Mr. James W. Thomas, who was a well-known and highly-esteemed citizen of Nashville, was a former state treasurer. She is a great niece of the late Miss Jane Thomas, who was so much beloved here. Mr. Bellah is a native of Mobile, who has resided in Nashville for four years, and has made many friends here. He is now with the Nashville, Chattanooga & St. Louis Railroad, and occupies an enviable position in the esteem of his associates.

The marriage will take place at the Thomas home on West Broad street at 8 o'clock in the morning, Wednesday, November 11, and only the immediate family will be present. The bride will wear a traveling costume and there will be no attendants.

Immediately after the ceremony the bride and groom will leave for a wedding journey to Florida, stopping enroute to visit Mr. Bellah's parents, Mr. and Mrs. S. Z. Bellah, in Mobile. On their return they will make their home with Mrs. Thomas. The bride's sister, Miss Jessie Thomas, will come from Cleveland to attend the wedding. —Nashville, Tenn., Banner.

Moved to Greenville.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. TRUE SOLDIERS OF THE CROSS.

Writing of the sad death of Mrs. Booth Tucker, the noted Salvation army leader, the Charlotte News concludes:

"And so we have never felt inclined to make light of the wearers of the army uniform nor to deprecate their peculiar and spectacular methods. If there are men that can only be reached in that way, let not our more correct canons of taste shut such men out. And then there is something inspiring in the military obedience which they render their authorities, a spirit that any Christian Church might well desire for its own."

And never in the history of the world has there been an institution less deserving of being made light of. These salvationists are not always of the finest appearance, but they are workers in the cause of the cross—strong, brave consecrated men and women to whom the religion of Jesus Christ is a vivid and lasting reality. They endure much, struggle much and hope much. They feed the starved body as well as the sin-stained soul, and they make Christ's religion a thing possible of attainment for the poor wrecks of the street. They don't ask how bad you have been, they don't require impossible promises. If you desire something better—even if you desire to desire something better than sin and its price, they take you into their hearts and the little store of material things they have. You don't have to wear fine clothes to find the Christ of the Salvation army soldier. Poor, hungry, naked and lame, you are led to the Saviour of the world, who said: "Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me."

Mrs. Van Rensselaer Cruger, of New York society, is now hankering to have Booker Washington as a dinner guest. Well, the woman's name does sound a little bug-honey, and that's a fact.

The applause of a grateful nation awaits the hero who succeeds in marooning Parkhurst, Dowie and Carrie Nation on some distant, distant desert isle.

Canada is thinking of getting up a tea party on the order of the informal little incident which took place in Boston about 125 years ago.

A scientist now claims to be able to make it a boy or girl, just as wanted, but he doesn't guarantee to tell what its name will be.

Judge Peebles is probably figuring on getting into some other kind of business when his present term expires.

FOOLS, FRAUDS AND FANATICS.

To the disgust of all decent people, another fanatic on the race question has sprouted in North Carolina. This time it is Prof. John Spencer Bassett, of the chair of history of Trinity college. As a rule North Carolinians are little given to making promiscuous fools of themselves, but when one does begin to feel that buzzing noise in the place where his brains ought to be he generally goes the whole hog.

Such is the case with Prof. Bassett, who, in the South Atlantic Quarterly, declares that Booker Washington is the greatest man born in the South in a hundred years, except General Robert E. Lee, and that the negroes will eventually force social equality. The Trinity Solomon goes on in the above strain at length, and slanders and defames the South and Southern sentiments in every word he writes.

Candidly, we are ashamed that such a measly mind should belong to one who is connected with one of the state's proudest seats of learning. If Trinity is what it has always been considered in the South it's head will droop in shame for having harbored a spectacular viper, who insults the time-cherished ideals of North Carolina and the South. We blush for Trinity.

Of course Prof. Bassett's diatribe will have but one effect—it will simply feed the fire of race hatred, that is now and ever has been kept alive by fools, frauds and fanatics. The professor's glory in his incendiary utterances will fade quickly, but he has added his load of fuel to the flames, and we find ourselves wishing that he could live long enough to suffer in them for his misdeeds.

Reviewing the Greensboro reunion the Progressive Farmer said: "Senator M. W. Ransom was nominally the presiding officer, but most of the actual work fell to Dr. McIver. General Ransom is clearly in his dotage, and we do not think it is good taste to longer exhibit him in places of such responsibility."

Such a thought and such language are vile, ungentlemanly and untrue. Gen. Ransom spoke in Greenville a short while ago, and he was not in his dotage then. He was the same brilliant, chivalrous soldier-statesman with which history and fame credits him. The snappings of a feeble dog are not more contemptible than the words quoted from the Progressive Farmer, commenting upon which the Manufacturers' Record says:

"That paragraph is eminently typical of the new 'educational' movement for the South, in which a few youngish North Carolinians at home and abroad have gained some note, and which does not seem able to avoid patronage or ignorance of the past. It may be suggested, however, that years of faithful service to one's state, years of accumulated honors, ought to inspire youth with respect

for age, that progress is not necessarily inseparable from insolence and that mutual incensing is not made more acceptable by reflection upon others. The writer of that bumptious paragraph in the Progressive Farmer is probably incapable of appreciating the significance of his words. If a man in his dotage was selected to be 'nominally the presiding officer' of the conference, the men who from far and near accepted invitations to be present are likely to ask what was the real purpose of the conference."

H. C. Banks goes to the Asheville News-Gazette, Hildebrand goes to Washington for the above paper and the Charlotte Observer, and Vincent, of the Charlotte News, goes to the Observer. They are all good newspaper men, and we hope the changes will profit them.

The mayor of Pittsburgh is on trial for violating several laws. Why, we never knew it made any difference how many laws a man and office-holder violated in Pennsylvania.

Theodore says that the reasons for lynching a horse thief are evident, but that there is no excuse for lynching a rapist. He is the kind of man who places a horse above his own flesh and blood.

We don't see why old man Dowie has any kick coming because John Alexander says the old man is not his father. It is a thing to be proud of.

There is now a sense of ease and calm repose among the democrats who want to be president. It is announced that the Charlotte Observer will support the ticket.

Jones of Arkansas this time breaks out on the race issue. Somehow we have a recollection that Jones has failed annually in something.

The man who mentioned Booker Washington and Gen. R. E. Lee in the same breath is too tough for tar and feathers.

Theodore has not recovered from the castigation administered by Schoolmaster Gorman, and is still taking his meals perpendicular.

We will reserve our predictions on the election until tomorrow, when we shall be able to guess it exactly.

Prof. Bassett was wise enough not to air his opinions on the race question during the white supremacy campaign.

Mr. Bryan is not the only editor who hires somebody to run his paper while he basks in the limelight.

If Theodore is 45 and doesn't know any better, how old will Ann be when he cuts his wisdom teeth?

A contemporary says the revolution into Santo Domingo looks like war. Well, it's the first time.

There isn't time enough on the calendar to give Sam Parks the length of sentence he deserves.

That South Carolina juror betrayed everything except the amount he received for doing it.

Gold does not make happiness, and those able to make the biggest show before the outside world often have less of peace around the fireside than those who eat bread by the sweat of the brow. Durham's latest sensation is a suit brought by B. L. Duke against his wife, which it is said may be followed by a divorce. It seems they have not lived together for two years or longer. A plain home with domestic happiness is worth more than all the cigarette trust dollars.

The stench in the government postoffice department has reached the office of their assistant postmaster general. The disclosures of corruption keep on involving higher officials and even the head of the department may be found tainted before the meeting closes. At any rate he goes at investigations very gingerly.

The old lady who took along a footwarmer with her to the theatre in Paris had an eye to comfort, but there came near being a panic in the audience when the shawl wrapped around the warmer took fire and the smell of smoke began spreading around.

The records of the mayor's court are strong argument against saloons. Places are licensed to make people drunk and the people are fined because they get drunk. Better do away with the drunk factories and save the people.

Dowie and his host have shaken off the dust of New York. They have pulled up stakes and returned home, having found that New York is not so easy to turn over as John Alexander thought.

Those two negroes who refused to let white ladies have their seats in a crowded Raleigh street car and had to be collared and pulled out by another passenger, must have been reading after Prof. Bassett.

Roosevelt is fixed now. John Alexander Dowie has given him an indorsement. With Booker and Dowie both backing him Teddy ought to feel well helped up.

Charlotte goes on curtailing the liberties of the "booze" dealers. Bar rooms there are now required to close at 3 o'clock in the evening.

Oh! What these Maryland people are doing to Theodore is a plenty.

The Durham Sun is discussing the New Year two months in advance. Musa have a full coal box.

Prof. Bassett's views ought to succeed in getting him out of Trinity.

Probably Parson Massee thinks he has good company in Prof. Bassett.

Football is growing as tame as war. Only 40 killed so far this season.

How old will Ann be when the thing is settled?

Ann is not old. She is 'steen years young.

Do You Sleep Well?

For some weeks past the latest cure for insomnia has been compressed into the advice, "Waggle your toes and snore." Nearly every newspaper in the United States has copied this remedy, so-called.

The counting process has been worn threadbare. Counting the knots in the ceiling used to be prescribed, and if the roofs could be lifted and the sleepless people could be counted every night, the record would be astonishing for numbers. The trouble is that one's thinkers go on a rampage whenever one stops trying to think.

This effort to stop thinking is one of the hardest things ever attempted by a nervous person.

The prescription which calls for wagging and snoring reads this way. "Lying on the right side with the knees together and considerably flexed the victim of insomnia should begin to pedal both his feet, slowly up and down with the movement entirely in the ankles. The pedalling should keep time with the natural rhythm of respiration and be continued until it is followed by deep and spontaneous breathing."

"Several people who have tried this remedy, report involuntary deep breathing invariably before they have pedaled up and down a dozen times. In obstinate cases of insomnia the patient may need to keep up the pedalling two or three minutes or even more with intermission if necessary."

"The treatment may be varied by moving the feet alternately instead of simultaneously, though the latter method has proved the more efficacious in the cases known to the writer."

"The explanation is simple. The blood is pumped from the head and with the removal of brain tension a general relaxation follows with consequent deep respiration and refreshing sleep."

So far, so good, but what is good for one is not always the best plan for another. What is "one man's meat is another's poison," is the old saying. One man might waggle and snore until midnight if he drank a cup of strong coffee, or was perplexed about a business matter on suffering great anxiety. Sometimes we worry ourselves by trying to sleep, and incur wretched insomnia by the worry.

Insomnia kills its thousands. It is a forerunner of insanity very often, perhaps always.

Wagging and snoring are not expensive remedies and are worth trying, but dieting will cover the bill, quite as often. A full stomach will make a throbbing brain nine cases out of ten.

If possible, dismiss your worries when you lie down at night. It is the strenuous mind that makes one's thinkers begin to rampage, as the rule; but wagging and snoring will not hurt you.

Try it once.—Atlanta Journal.

Referring to the contemplated reunion of survivors of the famous battle of the Crater, near Petersburg, Va., a gentleman well informed of Confederate history says that the Sixty-first North Carolina regiment took part in that memorable engagement and a number of Wilmington veterans were there. Mr. Jno. E. Crow, who was one of the number, has received an invitation from Mr. Geo. S. Bernard, president of the Petersburg Branch of the Grand Divorce of the Crater Legion, asking him to be a guest in his home in Petersburg on that occasion. It is more than probable that Mr. Crow will attend.—Wilmington Star.

Attention, Tobacco Farmers.

The Farmers' Consolidated Tobacco Co. has been organized under the laws of North Carolina, and all arrangements necessary have been made for the conduct of a tobacco warehouse, business at the Farmers' warehouse, Greenville, N. C. We ask the patronage and support of the tobacco growers of the country simply on the ground of merit and mutual interest.

This is a corporation, and unlike an individual business partnership, the stock holders are in no way responsible for any debts that may be made by the company. We simply say this because the report has been circulated to the contrary. We shall endeavor to merit your patronage. We don't promise you more than anyone else, but we do at all times guarantee you the best market price.

Look into this business, examine its charter and see if it is not to your interest to support and patronize it.

Yours to Serve,
The Farmers' Consolidated Tobacco Co.

Kidney Dyspepsia Cure does for the stomach that which it is unable to do for itself, even when but slightly disordered or over-loaded. Kidney Dyspepsia Cure supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kidney Dyspepsia Cure digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood. Sold by John L. Wooten.

A GOOD NAME.

From personal experience I testify that DeWitt's Little Early Risers are unequalled as a liver pill. They are rightly named because they give strength and energy and do their work with ease. W. T. Easton, Boone, Tex. Thousands of people are using these little pills in preference to all others, because they are so pleasant and effective. They cure biliousness, torpid liver, jaundice, sick headache, constipation, etc. They do not purge and weaken, but cleanse and strengthen. Sold by Jno. L. Wooten.

A REMARKABLE CASE.

One of the most remarkable cases of cold, deep seated on the lungs, causing pneumonia, is that of Mrs. Corbado E. Fournier, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by John L. Wooten.

CURED OF PILES AFTER 40 YEARS.

Mr. C. Haney, of Geneva, O., had the piles for 40 years. Doctors and remedies could do him no lasting good. DeWitt's Witch Hazel ointment cured him permanently. It relieved him of all his troubles, including hemorrhoids, itching, and all other skin diseases. Look for the name DeWitt on the package—all others are cheap, worthless counterfeits. Sold by Jno. L. Wooten.

LIQUOR MEN WILL GET FAIR DEAL

BUT CAMPAIGN AGAINST SALOONS WILL GO ON

SALOONS MUST GO NEXT YEAR

The Liquor Men Will be Given Until Next June to Get Out of Business.

A number of representative citizens of the town met Thursday night in the office of Mr. F. C. Harding for the purpose of taking the petition prepared under the direction of the anti-saloon league to the board of aldermen asking that an election be called on the question of establishing a dispensary in Greenville and against a distillery operating in the town.

At this meeting of citizens all the phases of the election were discussed and after fully considering these it was decided not to present the petition to the aldermen until the January meeting of the board. The reasons for this decision are as follows:

The law says that such an election shall be called in the same year in which the petition is presented and that the election cannot be held within three months of another election. To comply with this part of the law, if the petition had gone forward the election could not be held earlier than the 29th of December, as another election was held in the town on the 22nd of September.

Again the law says that when a majority of the citizens of a town vote against saloons it shall be unlawful for the county commissioners or governing board of such town to thereafter issue license to any person to sell liquor in the town, but persons already engaged in the business can have six months from the date of the election to dispose of their stock on hand and close their business if their license continue in force that long. Under this part of the law if the election should be held on the 29th of December no licenses could be issued on the 1st of January following, and as the licenses already issued would expire on the 31st of December the saloon men would have only two days in which to dispose of stock on hand and close their business. This would be practically putting them out of business at once.

The board of aldermen being in session Governor Jarvis was deputed to go before them and make known to them that the petition would not be presented at this meeting but that it would be at the first meeting in January, 1904. Governor Jarvis went immediately before the board and made known to them that the petition would be presented at their January meeting and that they would be requested to order the election to take place sometime in February. He stated that those for whom he spoke confidently believed the result of the election will be in favor of dispensary, but they thought it was nothing but fair that those engaged in the liquor business should have reasonable time to close up their business and seek other employment. That if the petition is presented in January and the election is held in February that the saloon keepers will have until July 1st to close up and go into other business. The spirit of the law seems to favor allowing six months for that purpose and this arrangement will allow that time. No reasonable man can complain that this is not ample notice. In the meantime the campaign against saloons and against distillery will go right on. Committees have been appointed to conduct it. Those men engaged in the liquor business in Greenville had just as well make up their minds now that they cannot continue in it after the 30th of next June. The election is going to be carried against them.

J. Wiley Shook Boils Over.

Asheville, N. C., Nov. 4.—J. Wiley Shook, whose official undoing was recorded by the state press a short time ago, read the election returns with an emotion which was not entirely unmixed with joy. The chief executive is just now Shook's particular political antithesis, and that gentleman this morning sent President Roosevelt this telegram:

"Theodore Roosevelt, Washington, D. C.

"God in all ages has directed persons and nations through line upon line, and precept upon precept. In doing this He has instructed that the prudent foresee evil and flee, while the simple minded go on and are punished. Can you not see the forecast from the results in New York and Ohio yesterday? Announce at once that you are no candidate for the presidency, and that the administration stands for the nomination of Senator Hanna. Should you persist in the ambition and succeed in getting the nomination, all the caustic in human language, written with a pen dipped in gall that preserves the souls of the damned, will fail to avoid a calamity that will befall the nation.

J. WILEY SHOOK."

Democrats are Jubilant.

Washington, D. C., Nov. 4.—Arriving democrats in Washington are jubilant over the result of the elections yesterday. All of them agree that for the first time in ten years the reds light ahead, and the prediction is made that by this time next year the Roosevelt administration will be voted out of power. In the lobbies of the hotels and on street corners democratic members and politicians met to talk over the situation. Senator Gorman, of Maryland, was in town bright and early. He was warmly congratulated over the great personal victory he won. When the immense impetus his presidential boom (the democratic victory gives him, was mentioned, the senator smilingly declined to discuss the matter. He is getting ready to lead the senate minority to legislative victory this winter. His friends say the presidential nomination will take care of itself.

After Our Constitution.

Baltimore, Md., Nov. 4.—It was a wholesale victory for the democrats in Maryland. Warfield, for Governor, as late returns indicate, will have a majority of 6,000 in the city and 3,000 in the counties, making a total of 9,000. The heavy democratic vote polled in the city and state was something of a surprise even to the most sanguine of that party. Judge William Shepard Bryan, in an interview today, suggested the North Carolina constitutional amendment as a possibility in Maryland. Plans to eliminate the negro vote are being generally considered.

Better Grades Sell Well.

The tobacco warehouses had large sales this week. For ordinary grades prices ruled low, as usual, but where good grades were offered the prices were very satisfactory. Some tobacco sold as high as 75 cents a pound this week.

Convention of County Superintendents.

The second annual convention of the state association of county superintendents will convene in the hall of the house of representatives next Wednesday morning, November 11th, and continue for two days.

Eighty-five out of the ninety-seven superintendents in the state have already notified the state superintendent of public instruction that they will attend the entire meeting and the other twelve will probably be heard from favorably this week.

The interest manifested by the large number who have written that they are coming speaks well for the educational enthusiasm that is abroad in the state of North Carolina.

An interesting program has been arranged, beginning Wednesday morning at eleven o'clock and closing Friday morning at eleven o'clock. On Wednesday, the first day of the convention, among other numbers on the program is the following:

3:40 to 4:10 p. m.—Teachers' Institutes. Discussion led by Superintendent Y. D. Moore of Caldwell and Superintendent W. H. Ragsdale of Pitt.

On Thursday there will be an explanation of the Grimes and Cunningham prizes.

The Best Sale Yet.

Parham & Parham report the best single sale of tobacco on this market this season. This lot was sold for J. L. Bland, of Craven county, Thursday, Nov. 5. The hustling manner in which Parham & Parham started in to rebuild their warehouse this summer made people think they were going to make a record in Greenville, and they have certainly done so. Below we give the figures of the sale for Mr. Bland:

Sixty-six pounds for 40c, 58 pounds for 40c, 95 pounds for 37c, 68 pounds for 39c, 60 pounds for 40c, 80 pounds for 3c, 40 pounds for 47c, 70 pounds for 40c, 88 pounds for 35c.

Washington, D. C., Nov. 5.—The navy department received three dispatches today from Commander John D. Hubbard, of the gunboat Nashville at Colon. In the first he told that he had landed a force of blue jackets and marines to preserve order at that place. In the second telegram he said there had been no blood shed at Colon and that he had withdrawn his men yesterday. The third dispatch evidently sent today came late this afternoon. In it Commander Hubbard said he had again landed an armed force to protect American citizens.

Princeton, N. J., Nov. 5.—The race trouble has reached Princeton. Today A. B. Davis, colored, started in to deliver the mail on one of the rural free delivery routes outside of Princeton, but the owners of boxes along the route are objecting to their new postmaster on account of his color. That Davis should get the appointment instead of one of the white applicants has enraged the box owners and about twenty of them threatened to withdraw from the route if Davis is retained.

Teachers' Association.

The teachers of Pitt county are a courageous company, showing a determination in their work that braves weather conditions and brings them together in their associational work. It was cold today, and many of them live a long distance from town, and while but short notice had been given of this meeting there were quite a number of teachers in attendance.

Devotional exercises were conducted by Rev. F. G. Hartman. The roll was called by the secretary, and Superintendent Ragsdale called the roll of districts for reports of teachers.

The committee on nominations of officers made the following report. President—J. D. Everett. Vice-President—T. H. King. Secretary—Miss Eula Cox. Assistant Secretary—Miss Delia Smith.

Treasurer—Miss Anna Spain. The report was adopted.

Former president, Prof. G. E. Lineberry, who has made a most faithful and excellent president of the association, called the new president to the chair. In taking charge of the meeting Prof. Everett made an interesting address, warmly thanking the association for the honor conferred upon him. He said he had worked with teachers in many states, but has never been associated with any that could excel the teachers of Pitt county.

The library committee recommended purchasing books and establishing the library by the next meeting of the association.

Next the committee on course of study made a report and the association took a recess for dinner.

Some Potato.

Mr. J. M. Blow, manager of the Winterville department of THE REFLECTOR, sends us a sweet potato that beats anything we have seen. The potato, which was raised by Mr. A. G. Cox, is quite large and has grown firmly to a light wood knot, giving the two together an appearance something like a tomahawk. Some one upon seeing the potato remarked that it had its own kidding wood along. It is quite a curiosity.

Died.

Elias Harris, aged 2 years and 10 months, little son of Mr. and Mrs. R. W. King, died at 6 o'clock this morning at their home on Dickinson avenue. The child had been sick a little more than a week with bronchitis followed by pneumonia.

The burial will take place Sunday afternoon in Cherry Hill cemetery.

The entire community, as well as their host of friends elsewhere, sympathize with Mr. and Mrs. King in their sorrow.
