Dentist. GREENVILLE, N. C. A Tough Nut the Sheriff of Surry Has to Crack.

Winston-Salem, N. C., Dec. 31. -Postmaster Albright, of Mt. Airy, is having other troubles besides the fight being made against his confirmation by the United States senate. His predecessor, Mr. Mars all, went out of the office leaving a balance on the office fixtures put in by the retir ing postmaster. The new incumbent took posession and is using the same. Parties holding papers took judgement, and the sheriff of Surry was ordered to seize the property and execute. This the sheriff hesitated to do, as the lock boxes, safe, etc , contain United States mail and the consequences might get the worthy sheriff into deep water. The sheriff has been advised that he had better get instruction from the Posteffice Department at Washington before he makes a seizure, a d this he has decided to do.

Only Two Birthdays in 16 Years.

Not one person in many thousands but who celebrate their birthday once a year, and when this eagerly looked for day comes but once in four years it seems a long, especially withlittle folks. But how, about a birthday that comes only once ineight years ?

Miss Pauline Stone, who lives in Seven Hills, was born Feb. 29. 1888, and although she will be 16 years of age next February, shhas had only two birthdays-in 1892 and 1896, The year 1900 would have been a leap year but for the fact that it was a contenuial year not divisible by 400, and, therefore, February had but twenty eight days and Miss Stone had no birthdy. It is interesting to remember that since the beginning of the Christmas era only four centennial years have been leap years. Next February, however, will give the young lady a birthday, and she is looking forward to the time with great interest .-Owensboro, Ky., Inquirer.
