Bombardment Leaves Port Arthu Bad Plight.

Tokto, March 13 .- Official and private reports both indicate that Admiral Togo's fourth attack on Pert Arthur on the 10th instant was the most effective since the first assault of a month ago. One Russiau torpedo boat destroyer was sunk and several Russian torpedo boars seriously damaged. The fortifications and city were submitted to a heavy bombardment lasting nearly four hours. The naval bombardments of the land works have generally been ineffective, yet the peculiar topographical conditions of Port Arthur make immunity from serious loss from bombardment almost impossible. Admiral Togo's torpedo flotilla opened the action by boldly steaming in under the batteries and successfully placing a number of mechanical mines in the harbor.

London, March 14.-The rumor of the evacuation of Port Arthur is repeated this morning from different points, but it is absolutely without confirmation.

According to the St. Petersburg correspondent of The Daily Telegraph vague rumors are current there that later telegrams describe the bombardment of Port Arthur as much more serious than has been admitted officially.

Special dispatches from Tokio and Yin Kow give reports of heavy Russian casualties at Port Arthur amounting to forty men killed and 100 wounded, but they are so conflicting in details that it is not wise to give them much

In a dispatch from Tokio dated March 13 a correspondent of The Daily Telegraph says that in the latest attack on Port Arthur two Russian torpedo boat destroyers were sunk and great damage was done to the docks, forts and arsenals, including the explosion of a powder magazine.

Dalny is reported to have been almost entirely destroyed; several guns there were dismounted, and the crews of four topedo boats in the inside harbor are said to have been deserted.

Dorothy Dodd SHOES.

The "Dorothy Dodd" Shoe has that something in beauty and style that means individuality.

It possess 'style' in the highnst degree; it gives dis-tinction to the foot. In the diversity of kinds there are styles for every person from the exqusite evening slipper to the sturdy winter street boot; they all have a light, airy gracefulness peculiarly their own, which is sure to appeal to a woman's eye. "DOROTHY DODD" Shoes Fit, They Fit Perfectly

Shoes should always fit closely under and about the instep so as to make it impossible for the foot to slip forward and crowd the toes, while the ball and toes should have plenty of room thus giving free play to the foot

This is exactly what "Dorothy Dodd" shoes do. Our new by ring by les in exterds and sandals will be
