"A contemporary tells of a man who worked and slaved during half a century to lay up money. He denied himself practically all the pleasures and comforts of life during these fifty years and died a rich man. All his wealth went to a son who ran through the whole of it in one year. If there's any moral to this story it is that the man who makes the money had better enjoy some of it as he passes along, for he'll take none with him and can't tell how it will go after he is dead." The foregoing paragraph is from an unremembered contemporary—The Montgomery Advertiser, we think. There is a lot of worldly wisdom in it. "Surely every man walketh in a vain shew," said David the psalmist. "Surely they are disquieted in vain: he heapeth up riches, and knoweth not who shall gather them." It were wiser of the heaper-up if he got some pleasure of them himself.—Charlotte Observer.

The next Legislature should change the laws for contempt if a judge may fine or imprison a man for giving an affidavit against a judge. If he gives a false affidavit, the libel law is open to a judicial officer as to all others and the person making it can be convicted of perjury.—Raleigh News & Observer.

GREENVILLE, PITT COUNTY, N. C., FRIDAY, JUNE 3, 1904.

IMPORTANT ELECTION.

The town election to be held next Monday is of more importance to the people of Greenville than any in which they are to participate during this year, excepting neither county, state nor national election. The next board of aldermen will have important duties to perform and the interest of the town will be affected largely by what they do. There should be a board of aldermen that will work in conjunction with the board of internal improvements in installing electric lights, water works and better streets to the best advantage of the town. It should be a board that will also carefully guard the expenditure of money by economizing at every possible point so as to make reasonably light the burden of taxation upon the people. Too high taxation will drive people from the town rather than draw them.

Judge George H. Brown, Jr., has declined to hear the case against the Lumberton lawyers, referred to him by Judge Peebles. He had good reasons for not hearing it.

They have found a species of ant in Guatemala that is said to be an effective enemy of the boll weevil, and this government will go into the ant importing business.

The trial of Judge Peebles against the Lumberton lawyers has been referred to Judge George H. Brown for a hearing before him.

The Charlotte Chronicle sees cause for congratulation that the namesake is to be an armored cruiser instead of a tug boat.

The college graduate can now begin facing the problems of life and learn what it is to make things come to pass.

The Kansas woman who named the Populist party died recently. She lived to see the party go first.

There are many people in this section who agree with Bob Glenn's idea of the education of the races.

It looks like the contest for the nomination for governor has narrowed down to Glenn and Steadman.

The big hails have started. Ruth-erford had one the other day that was 10 inches deep.

The season is rolling on again for the mosquito to command a good bit of scientific attention.

If the lawyers and editors get in jail the balance of the boys will have a dull time.

If Lumberton and Raleigh jail get full there is room in some other counties.

Events of the past week in North Carolina show more conclusively than ever that the power vested in judges to send people to jail on the charge of contempt should be taken from them. It gives a man opportunity to stand behind his official position and use the power thereof in a spirit of revenge. It is a dangerous law and should be changed. A judge should have no power to impose a sentence on any man until the guilt of the man has been passed upon by a jury of his countrymen. If a judge has a grievance against a man let him carry it before a jury as other people have to do.

Robert M. McLane, mayor of Baltimore, committed suicide Monday by shooting himself through the brain. Arduous work since the big fire there and criticism of his official acts by opponents is supposed to be the cause of his unbalancing for the time. He had been married less than two weeks.

Mr. Cleveland has expressed the belief that Judge Parker will be the democratic nominee for president, though it is coupled with the opinion that Mr. Olney or Judge Gray might have proved the strongest candidate.

It is a tyrannical use of position for a judge to avenge his own feelings by sending a man to jail just because he has power to do so, and the man is helpless to defend himself.

About this time of year a feeling of poverty seizes the people and there is a wonderful shrinkage in value of possessions. Tax listing time.

Judge Peebles has so far missed it on the lawyers, but he caught some of the fellows who made affidavits on the side of the lawyers.

If Judge Peebles should by some technicality get all the lawyers and all the affidavits in jail, it would not raise him in public opinion.

Maybe some folks will hesitate before they make affidavits next time.

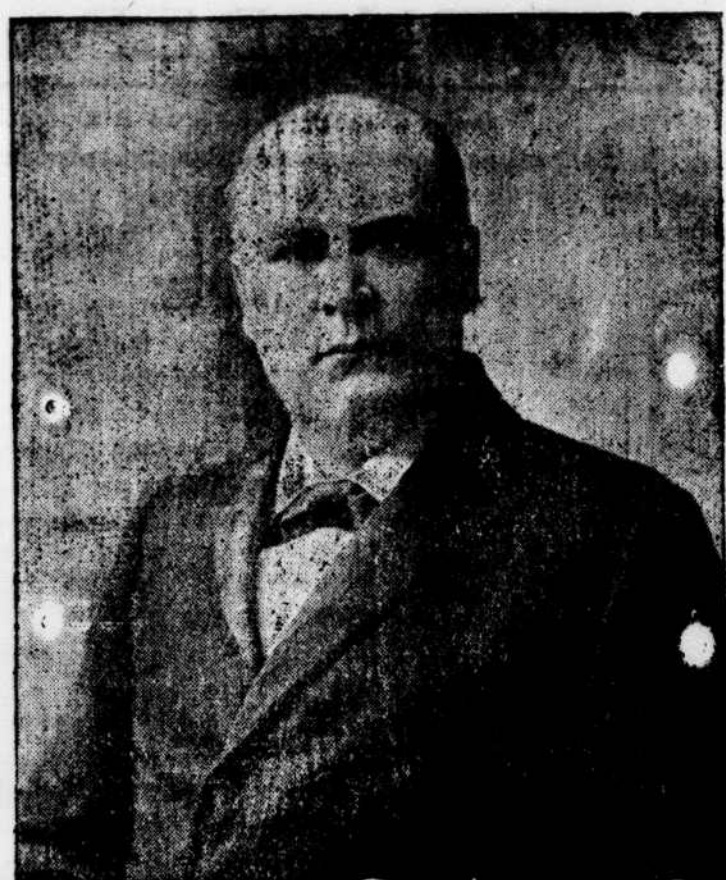

North Carolina is surely making history.

EDITOR DANIELS ARRAIGNED.

Editor Josephus Daniels, of the Raleigh News and Observer, was arraigned before the Federal court in Raleigh, this morning, upon a rule of contempt issued by Judge Purnell. This was because of the editorial comments of the News and Observer on Sunday of the appointment by Judge Purnell of a receiver of the Atlantic & North Carolina railroad.

This action against Mr. Daniels has aroused much indignation throughout the state and is regarded as an outrage. The outcome of it will be watched with interest.

OUR NEXT GOVERNOR.

HON. ROBERT B. GLENN.

HON. R. B. GLENN ON EDUCATION.

Hon. R. B. Glenn, candidate for governor, fully sets forth his position on negro education. Mr. Glenn is The Transcript's choice for governor and we believe that when our readers, and especially the democratic of Chowan and Eastern Carolina read the following and learn his views on public questions and especially negro education, that he will be the choice and the nominee of the party, for as Mr. Glenn says, the white people are tired of being taxed and retaxed for the education of the negro, in higher branches, thus putting desires in their minds that never can be realized, making them wish for a social equality that they can never attain.

We take the following from The Elizabeth City Economist of a recent date. It is an educational address delivered by Hon. Mr. Glenn in E. City recently.

Those who failed to hear Hon. R. B. Glenn at the court house Friday night, missed a literary treat. By the hour appointed the room was filled with a representative audience of this city and for about an hour Mr. Glenn held his audience in most intense interest as he spoke on the great subject of education.

He was introduced by Mr. W. L. Cahoon and upon his appearance was greeted with applause. He is a splendid speaker and is thoroughly informed on the subject of education in the South. His speech was very patriotic and abounded in information on the subject of education and the progress in this direction made by the state. It is regretted that the whole of his magnificent effort cannot be reproduced in full, but a limited space forbids. Among the many good things he said the following excerpts are taken.

In speaking of education he said, while not objecting to others entertaining views differing from him, still his views on education were positive and pronounced. That while all needed education, to read, write and understand arithmetic and other useful studies, still it seemed to him a mistake had been made in not giving our boys and girls a more practical, and industrial education, training the hands

with the mind thus making useful citizens that could develop our resources. As to negro education; he said while the strong ought not to oppress the weak, that in his opinion, the present policy for negro education should be, not to educate them in the higher branches, thus putting desires into their minds that never could be realized, and making them wish for social equality that they never could attain, but they should be taught and trained how to work, to be more useful citizens as farmers, laborers, servants, etc., thus enabling them to accumulate some wealth and property, so that they might bear part of the burdens of their own education, for the whites are getting very tired of being taxed and retaxed to educate the negro in his idleness, while he furnished nothing in his own behalf. He advised no extreme course but suggested that the Legislature submit an amendment to the people for their approval, leaving the matter and manner of the distribution of the school fund to the wisdom and justice of the Legislature.

As to the white education, while he advocates the improving and training of the young, physically, mentally and morally, he declared the need of our state was the education of our boys and girls in skilled, industrial ways. With our vast resources, our raw material, our people should be educated to take the raw material and convert it into all kinds of finished work, and our people should do it and not have to send off for skilled artisans, etc.

He wanted farmers taught to analyze their soil and see what soil was best for certain crops. He wanted skilled electricians, manufacturers, engineers and every class of skilled workmen educated for useful work.

He said one reason the industrial pursuits had not been followed more, was because our people kind of looked down on such pursuits, and so the father, who was a mechanic, etc., puts his boy, though perhaps unfit, into the learned professions, instead of having him educated in skilled work. He was glad however this day has past, and now we would judge men not by their clothes or look down on their profession, but judge them by their work, their character and their success.—From the Edenton Transcript.

A Sunday fire in New Orleans destroyed three large wholesale establishments in the heart of the city. Loss \$500,000, insurance \$350,000.

On Sunday several piers along the water front of Jersey city were destroyed by fire causing a loss of about \$1,000,000.

STEADMAN FOR GOVERNOR.

FAULKLAND, N. C. May 30, 1904.

EDITOR REFLECTOR:

The newspapers are wisely kicking against long correspondence eulogizing the candidates for governor. So I will only ask for a small space and in briefest terms to say whilst I would not cast the slightest reflection on the other good men—yet I do most conscientiously believe in claims that are meritorious, in service most effectual and deserving. That Maj. Charles M. Steadman is the right man at this particular time.

His splendid ability, spotless honesty, conscientious convictions, opposition to trusts that are oppressive devotion to friendship, placability to enemies, persistence in doing right with genuine old Confederate chivalry, whatever he believes to be right, his inflexible and faithful support of the old Democratic party, is conceded by all who know him. He needs no eulogy. For a running mate give us Judge Francis D. Winston, of the good old county of Bertie and old North Carolina in her executive security will be both honored and safe, the party purified and strengthened. W. R. WILLIAMS.

There were 61,160 divorces granted in the United States in the year 1901—an actual increase of 6 per cent, over the preceding year. In 1903, the number is given at 68,499. This is a disgrace to any half-civilized country on the globe. It is thus seen that our courts broke up in 1903, nearly 70,000 families. It is absolutely un-Christian and even barbaric. It is to be sincerely desired that the next Legislature to meet shall undo the terrible mischief and wipe out the disgrace that fell upon the last two Legislatures by their low-down divorce laws. Let a clean sweep be made. It is to be hoped that the Christian course of the people will antagonize every candidate who does not promise them openly to vote for a repeal of the present vicious, degrading, lust provoking divorce laws, and adopt a substitute based upon God's eternal law. South Carolina sets an excellent moral example in allowing no divorce at all. But it would be wise and prudent to adopt God's own standard. In 60 cities in the United States in 1901, there were 6,998 divorces granted. Let conservative, law-abiding North Carolina repeal all laws that fight against God, and have laws adopted that make for peace, morality, decency and righteousness. How many divorces were there in our State last year and in 1902?—Dr. T. B. Kingsbury.

Raleigh, N. C., May 28.—A climax came in the contempt proceedings at Lumberton today when Judge Peebles, with the order before him for removal of the case to Judge Brown, awaiting his signature, suddenly turned on three witnesses for respondents, E. W. Kerr, of Sampson, C. F. Carroll, of Duplin, and R. C. Southard, of Sampson, and ordered them to jail for direct contempt in that their affidavits charging him with drunkenness were corruptly false. The Lumberton bar are preparing to come to Raleigh and apply for habeas corpus for imprisoned witnesses. Mr. Kerr is also fined \$250 and Southard \$100. All the parties will be arrested Monday.

Claude Dawson who has been at the A. and M. college the past session, returned home this morning.

Do you wish to purchase a large factory, with boiler, engine, shafts, etc., all erected and in running order, with two corn grists and one flour mill complete with smutter and bolter? Also the building and large water tank above it? If so, we think you will do well to see or correspond with the A. G. Cox Mfg. Co. This is the plant that contains the splendid supply of mineral water and is a most splendid lot for business. They are offering it for sale with the view of building a brick factory.

Yesterday a horse belonging to Mr. Tom E. Cannon, became frightened and ran away while hitched to a plow. He ran head foremost in the south bound passenger train, striking the second class car near its front end and knocking a hole in the car. The back steps of the second class car and the front steps of the first class car were demolished. The wooden parts of the plow were broken but fortunately none of the iron got under the train. Both names were broken. The horse hit the train on the north side of the county road and was dragged or thrown clear across two cattle guards and the county road and about 30 feet on the south side of road. He was torn all to pieces. Passengers on the train were shaken up considerably.

Effect of Sleeping Outdoors

Mr. and Mrs. Neil Stalker, who live near the Charter Oak Park entrance, sleep out of doors. Some time ago Mrs. Stalker was very low with nervous prostration, and she lost weight until she was reduced to 120 pounds. She went to a resort for invalids, where the principle treatment was sleeping outdoors. When she returned to this city, she continued the treatment at her home at Charter Oak Park, and now she weighs 160 pounds.

Mr. Stalker has never been sick, but he wanted to try the treatment, too; and while he has not gained in weight, he says he feels better than he ever did before and neither he nor his wife would sleep inside the house for anything. They have beds out on the veranda, which are enclosed with awnings to keep out the rain and the sun.

When the nights are clear, the awnings are drawn in and the fresh air has a clean sweep around the veranda. They sleep with the same amount of covering that one does inside in the winter with all the fires going.

When it is twenty degrees below zero Mrs. Stalker covers her face sometimes, but Mr. Stalker does not think he gets the full benefit of the weather if his face is covered. He says he sleeps like a top and he could not be induced to sleep inside a house again.—Hartford Courier.

Messrs. D. B. Taylor, E. D. Little, W. W. Ormond and C. L. Hardy were elected delegates to the county convention, which convenes in Snow Hill June 1st.

A FACT ABOUT THE "BLUES"

What is known as the "Blues" is seldom occasioned by actual existing external conditions, but in the great majority of cases by a disordered liver.

THIS IS A FACT which may be demonstrated by trying a course of

Tutt's Pills

They control and regulate the LIVER. They bring hope and buoyancy to the mind. They bring health and elasticity to the body.

Ladies And Children

Who can not stand the shocking strain of laxative syrups and cathartic pills are especially fond of Little Early Bitters. All persons who find it necessary to take a liver medicine should try these easy pill and compare the agreeably pleasant and strengthening effect with the nauseating and weakening conditions following the use of other remedies. Little Early Bitters cure biliousness, constipation, sick headache, jaundice, malaria and liver troubles. Sold by J. L. Wooten.

A keen critic is apt to make cutting remarks.

Joe L. Wooten does not hesitate to recommend Kodol Dyspepsia Cure to his friends and customers. Indigestion causes more ill health than anything else. It deranges the stomach and brings on all manner of disease. Kodol Dyspepsia Cure digests what you eat, cures indigestion, dyspepsia and all stomach disorders. Kodol is not only a perfect digestant but a tissue building tonic as well. Renewed health, perfect strength and increased vitality follow its use.

When The Sap Rises
Weak lungs should be careful. Coughs and colds are dangerous then. One Minute Cough Cure cures coughs and colds and gives strength to the lungs. Mrs. G. E. Fenner, of Marion, Ind., says, "I suffered with a cough until I run down in weight from 148 to 92 lbs. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by J. L. Wooten.

Strange to say the world has never produced a deaf and dumb pugilist.

A Starting Test.
To save a life, Dr. T. G. Merritt of No. Mahopay, Pa., made a startling test resulting in a wonderful cure. He writes, a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at Wooten's Drug Store.

Any one can name the three graces but the disgraces are too numerous to mention.

A Cure For Piles.
"I had a bad case of piles," says G. F. Carter, of Atlanta, Ga., "and consulted a physician who advised me to try a box of DeWitt's White Hazel Salve. I purchased a box and was entirely cured. It is splendid for piles, giving relief instantly, and I heartily recommend it to all sufferers." DeWitt's White Hazel Salve is unequalled for its healing qualities. Eczema and other skin diseases, also sores, cuts, burns and wounds of every kind are quickly cured by it. Sold by J. L. Wooten.

A Sure Thing
It is said that nothing is sure except death and taxes, but this is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre of Shepherdstown, W. Va. says "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely. It's infallible for Croup, Whoop Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by J. L. Wooten. Drug Store. Trial bottles free. Reg. size 50c \$1.

After some men get started they are too lazy to stop.

Made Young Again

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again," writes D. H. Turner of Dempseytown, Pa. They're the best in the world for Liver, Stomach and Bowels. Purely vegetable. Never gripe. Only 25c at Wooten's Drug Store.

REFORM ALONG ALL LINES.

EDITOR REFLECTOR:

The determination manifested Thursday night by our citizens in their ward primaries, voices the sentiment that is now uppermost in the minds and feelings of the people of this town, that is that our beloved Greenville must move forward and that the affairs of government of the town shall and must be administered in an economical and less expensive manner than has been done in the past years of our recent history.

The salaries of all officers from mayor down to lamp lighter should be made commensurate with the services performed, and an eye kept upon the small and unnecessary expenditures which in the end amount to hundreds of dollars annually. I am not undertaking in this article to attack the actions of the present or past boards of aldermen in the government of our town, but simply wish to point out the way and call the attention of the incoming board who I know wish to and will give us the most economical administration in their power.

First, gentlemen, I would make a reduction in the tax rate. Next I would reduce the salary of mayor to \$250 or \$300. Next I would reduce the salary of tax collector to \$400, the salary of treasurer to \$250, the salary of clerk to \$3 for each meeting, the salary of chief of police to \$40 per month and the assistant police to \$30 per month. Then I would enter in detail into the examination of prices paid for all other services rendered to the town. I would foster and encourage the fire department and look especially after the efficiency of the equipment and officers thereof.

Yours is a very responsible position, fraught with responsibilities that work for the good or evil of your town and community, and I am sure you will meet every requirement like brave and honest men, giving to us a clean economical administration that will redound to the good of our town.

I am not forgetful of the fact that every citizen of Greenville owes a debt of interest to our town, and that should be manifest by his making the very best citizen possible for him to make, and always working for the upbuilding and advantage of our town. Let all factions cease clashing in the matters of Greenville's interest and welfare put our shoulders to the wheel as man to man and push with might and main to put our town where she rightly belongs, in the front rank of the towns of North Carolina, and indeed in truth she will be the pride of the people of Pitt county.

Mr. Capitalist, we need more factories and industries of various kinds. Mr. Laborer, we need more services rendered and more days spent in labor. Mr. Loafer, we don't need you.

And Mr. Citizen of all kinds, colors and descriptions, we need a more healthy, vigorous, demonstrative town pride. Beautify your homes and surroundings as much as possible. Plant trees, shrubs, flowers, grass and evergreens. Look after your side walks around your premises. Put on an air of

NEGRO SHOOTS HIMSELF.

Domestic Troubles the Cause.

Just after noon today Joe Eborn, a colored man who has been at work as drayman for A. H. Taft & Co., shot himself on Washington street. Joe used a pistol and fired the weapon into his right jaw. The ball ranged upward, badly tearing the roof of the mouth and lodged somewhere in the head. While the wound is a serious one it is not necessarily fatal.

Joe's rash act is said to be due to domestic trouble, he and his wife having scrappy times together and frequently being before the mayor for fighting. Joe seems to have grown tired of this kind of life.—Daily Reflector 2nd.

LOST HIS TEETH

They Went Out His Pants Leg

There is a man in town who wears false teeth. Unlike most persons wearing this kind of ornament, this man did not use his artificial in chewing his food, but after "gummed it" when he went to eat. At dinner the other day he did not have on his coat, and he took out his teeth and stuck them in the bosom of his negligee shirt. Getting up from this table after finishing his meal he forgot his teeth for the time being and when he felt for them later they were gone. The teeth had slipped down and worked out through his pants leg. A colored woman found the teeth and got a quarter for returning them.

THE ORPHAN CLASS.

Large Audience and Splendid Entertainment.

The class of orphans from the Oxford Orphan Asylum gave a concert here Friday night in the Masonic temple opera house. The audience was very large and the children gave a delightful program.

Everything about the entertainment was good and the audience enjoyed it. The children show that they have had excellent training. The net proceeds of the entertainment amounted to \$86.

Mr. W. S. Atkins, salesman in this territory of the Steiff pianos, kindly loaned a piano for use in the entertainment.

This was the first entertainment given in the new opera house, and our people had an opportunity of seeing what a beautiful and well arranged opera house the town now has. The Masonic fraternity and town are both to be congratulated.

DANIELS RELEASED.

Judge J. C. Pritchard, the new judge of the United States Circuit Court, in Raleigh Friday afternoon, released Editor Josephus Daniels from custody and dismissed the entire action brought against him by Judge Purnell.

When Judge Pritchard reached Raleigh to hear the case under a writ of habeas corpus, he asked whether Judge Purnell's order granting Mr. Daniels the right of appeal had been issued before or after his own order to Marshal Duckery to produce the body in court before him.

When informed that Judge Purnell's order had come after his own, he proceeded to decide the matter on the writ of habeas corpus, thereby rendering entirely void and invalid the last order of Judge Purnell.

This action on the part of Judge Pritchard, which was his first official act after becoming circuit judge, wins him the highest praise of the people of North Carolina.

THE LUMBERTON CASE

The much talked of case of Judge R. B. Peebles against the Lumberton lawyers, during the progress of which Judge Peebles sentenced three of the witnesses on the charge of contempt, has been settled. The three witnesses in question went to the Supreme court under a writ of habeas corpus and won their case.

This was followed by an agreement between counsel that the entire proceedings against the Lumberton bar be dismissed. And peace reigns supreme once more.
