A. & N. C. R. Lease.

When asked about the Atlantic and North Carolina railroad and if it would be leased this year the governor said he rather thought so, and added that there would be a lease under the terms given in his speech before the democratic convention. He said the road was doing well, very well, and that he did not propose to hawk it about; that no disposition would be made of it below its value and unless the guarantees were perfect. He was told that it was stated that the Philadelphia syndicate which had made a bid had not put up any guarantee. He said he had no doubt that they would put one up when the time came to make a lease.

One of the most enjoyable socials of the season was experienced last evening by the "Tourist Party," consisting of the following couples:

Fred Hornaday and Miss Ima Allen.

Will Parker and Miss Sudie Harding.

T. A. Duke and Miss Fannie Bagwell.

High Sheppard and Miss Jennie Moye.

R. L. Strickland and Miss Bessie Haskett.

R. C. White and Miss Lenell.

After the hardships of the voyage were over the chaperones Mr. and Mrs. F. C. Harding, directed the party to the cabin where delicious refreshments were served in the most elegant style.

The party is very much indebted to the chaperones, for the kindness and courtesies extended them on their trip.

The trip was a most delightful one and every one present thoroughly enjoyed it.

At the appointed hour, 9:00 p. m., a large number of the party had reached the docks, but owing to the late hour of the moon making its appearance there was quite a pleasant time spent on the docks before the sail, which took place at 10:00 P. M.

Be Progressive!

We are living in a progressive age and we must be progressive to keep up with the times and be Up-To-Date. No business has made greater progress in the last few years than the Printing Business. The styles of type have changed entirely. The type that our fathers used and were satisfied with, is out of date and no longer gives satisfaction. Up-to-date business men want up-to-date stationery and will have no other.

We Are Up-To-Date,

BECAUSE WE ARE PREPARED TO DO UP-TO-DATE PRINTING.

We have just put in new machinery such as Presses, Numbering Machine, Perforator, Etc. Also, we have just put in a complete stock of stationery. We make a specialty of tobacco work such as Check Books, Farmers & Buyers Bills, Order of Sales, Etc. Etc. In fact we print anything. Send us an order

I. O. R. M. AT WASHINGTON.

Reported for Reflector.]

The biggest day Washington has ever seen through any organization was Monday when the Improved Order of Red Men gave a grand celebration with a magnificent street parade.

At 3:30 o'clock the line of march was formed on Market street at one of the old tobacco warehouses, consisting of carriages, buggies, wagons, floats, bicycles and mounted Indians on horses all beautifully decorated for the occasion in brilliant colors of green, red, brown and yellow to match the uniforms worn by the Indians, squaws, and papposes. There was something like seven hundred and fifty in the parade which was fully a mile in length. The floats carried the lovely squaws and pretty papposes while the other vehicles carried the men. In the center of the parade was a beautiful float carrying the Goddess of Liberty seated on a high pinnacle with four squaws seated at her feet and one of the military boys at each corner as guards, while Uncle Sam was seated on the front.

At 8:30 o'clock the tribe again assembled at the wigwam and proceeded to chase a pale face down First street where the stake was planted where the burning of the pale face was conducted and the old time war dance and war whoop was proceeded with. After all proceeded to the armory where refreshments were served, and all enjoyed themselves to a very late hour which ended in a big dance. The Washington band furnished music for the occasion, and as a whole it was one of the finest celebrations the writer has ever had the pleasure of witnessing.

With the cheer of Greenville, participated in the celebration and our boys greatly enjoyed the occasion.

Wins a Greenville Bride.

Cards have reached the city announcing the approaching wedding of Mr. George Jackson Woodward and Miss Rosalind Rountree, in Greenville, N. C. The happy event will be solemnized at the Baptist Memorial church in the above place on the morning of July 12th, at 8 o'clock.

Mr. Woodward, the groom to be, is a son of our townsman, Mr. Geo. W. Woodward, and the bride elect is one of Greenville's most charming and popular young ladies. The young couple will leave soon after the ceremony for a visit to the family of Mr. Woodward, in this city, where they will spend several days. Mr. Woodward has a position as bookkeeper for the Imperial Tobacco Company, in Greenville.—Durham Sun.

Goes Back to Saloons.

The town of Paotons that has been dry for a year will go back to saloons. The last board of commissioners there having granted licenses the matter came up before the county commissioners and that body also granted licenses. There was quite a contest over the question before the county commissioners.

The Children's Day exercise were held in the Methodist church Sunday night. The church, which was handsomely decorated, was filled with expectant persons and the occasion was a successful one in every way.

First Duty of the School.

From the common school of the
country district to the highest uni-
versity in the land, the fundamental
idea of American education is to
make American citizens. There is
no thought of making soldiers or
officeholders or merchants or traders
or inventors; make citizens first,
then let each young American choose
for himself the line of life he deems
best suited to his capacity; he does
choose, and that commonly without
bias, what he shall be, for your
young American has ideas of his
own and is ready to aid them, too,
on appropriate and even sometimes
on inappropriate occasions. After
all, however, the best method of
judging of any system of education
is in its results, and, without saying
a word in disparagement of the peo-
ple of any other nation, it may be
said that in every essential quality
the American citizen has demon-
strated his efficiency in life and ac-
tion the value of his training.—St.
Louis Globe-Democrat.

A Commercial Preacher.

An old colored preacher just over
the South Carolina line has the com-
mercial idea or financial considera-
tion down in a fine point. A few
days ago he was called on to preach
two funerals at one service, but it
was stipulated that there should be
two separate discourses. The old
colored brother preached one fun-
eral and then passed around the
hat. The returns were not at all
satisfactory, and he walked out of
the church, mounted his horse and
rode away in disgust and to the
chagrin of the parties who had ar-
ranged for the second funeral dis-
course.—Waxhaw Enterprise.

Piles Upon Top of Piles.

Piles upon top of piles of people
have the Pile, and DeWitt's Witch
Hazel Salve cures them. There
are many different kinds of Piles,
but if you get the genuine and or-
iginal Witch Hazel Salve made by
E. C. DeWitt & Co. of Chicago, a
cure is certain. H. A. Tisdale,
of Summerton, S. C. says "I had
Piles 20 years and DeWitt's Salve
cured me after every thing else
failed." Sold at Wooten's Drug
Store.

There has been a good deal of in-
quiry as to how Maj. Stedman took
the failure of the convention to
nominate him for governor. We
have ascertained for the benefit of
such inquirers that the Greensboro
man is taking the sensible view of
the situation—just the view that his
admirers expected him to take. He
says that he doesn't consider nomi-
nations for office essential to happi-
ness and this means that he is the
same cheerful, contented, sunny in-
dividual that he was before the con-
vention, which is as it should be and
which will be pleasant news to those
who feared that his failure to secure
the nomination might unduly affect
him.—Greensboro Telegram.

Truth in Reference to Fiction

GREENVILLE, PITT COUNTY, N. C., FRIDAY, JULY 8, 1904.

THE WATTS LAW BEING MISREPRESENTED.

There is much wilful misrepresentation about the Watts law being spread throughout the county. These misrepresentations are circulated through selfish motives, by persons who are either agents of the saloons or who are trying to poison the minds of the people in the hope of getting themselves into office. They are telling among other things that under the provisions of the Watts law the county at large is deprived of all the benefits derived from retail liquor licenses, and that the law was enacted solely for the benefit of the towns at the expense of the country. Why thoughtful people will for a moment believe such malicious misrepresentations we are at a loss to understand.

Sifted down the Watts law means simply this: It means that the people of the country are spared from having whiskey saloons placed close to their homes with no protection around them, but confines the saloons to the towns where there is police protection. At this every person who resides in a town ought to be thankful, but not believe any town has proper respect for himself and his family wants a whiskey shop with its evil influences run in the vicinity of his home.

The Watts law also means that while the sale of whiskey is confined to the towns the people of any town shall have the right to say whether their town shall have saloons, a dispensary or prohibition. Wherever a dispensary is established the law provides that one-half the net proceeds shall go to the county and one-half to the town. And the town has to bear all the burden of police protection.

Now what is the result as to Greenville and the county? Heretofore Greenville has had eleven saloons. The greatest benefit the county ever got in any year from the license paid by these saloons is \$2,200. Compare this with the benefit the county will derive by Greenville having a dispensary instead of eleven saloons. It has been estimated by some that the profits arising from the dispensary will be \$30,000 a year. If that is true the town will get \$15,000 of it and the county \$15,000 against the \$2,200 received from the saloons.

Some argue that that estimate is too high. Admit that it is, and say that the dispensary profits amount to only \$20,000 a year, then the county's half would be \$10,000 against \$2,200 from saloons. Or, to illustrate further, say, for argument sake, that the dispensary profits do not go above \$10,000, then the county would get \$5,000 where it got only \$2,200 from saloons. Even if the dispensary should net only \$10,000 a year, and nobody

believes the figures will be that low, the county will get half of it which is more than double what it got out of the saloons.

Look at Kinston, the capital of our neighboring county. A dispensary has been in operation there just six months, and the Free Press says the profits for the six months amounted to \$6,242.88. That paper also says it is believed the profits for the next six months will be much larger from the fact that fall trade is much greater than spring trade.

So away with all this misrepresentation that is heard. It is time that people were thinking for themselves and not listening to the falsehoods told by the place hunters. The Watts law is of greater benefit in every way to the country than to the towns and is one of the best laws that have been enacted.

That is a sensible article Joe Blow writes in another column. Just take a glance and it is seen most of the men trying to get on the county ticket this year are in town, and there are already runners going over the county trying to create sentiment for them. Of course there are some good men in town, but there are plenty just as good in the country.

There is a way to do things right and a way to do them wrong, and those who have been attempting to run an illegal dispensary in Greenville the last few days have seemed to want to make it as odious as possible. Not being legally established it might have been expected that its conduct would be at variance with the law.

We had almost forgotten that the republicans had nominated a candidate for governor until reminded of it by the announcement that their man Harris has challenged Bob Glenn for a joint canvass. How foolish it looks for a man to be trying to throw himself in the way of a cyclone.

The Charlotte Observer expresses itself thus:

"Charlotte doesn't intend to invite State conventions until it has auditorium and hotel accommodations for them. When it asks them it will be able to provide for them, and when it asks them it has no doubt they will come."

Some people in Greenville who do not attend Sunday school might get some good points from the golden text of the past Sunday. Hear it: "Pride goeth before destruction and an haughty spirit before a fall"

The Orange, Va., Observer calls him "Teethydore." His mouth does have the appearance of a door filled with teeth.

Who will it be? Wait and see.

They are gathering at St. Louis.

Wait for the news from St. Louis.

Durham is finding cider stands troublesome.

The rains give the Japs and Russians a breathing spell.

The charge that Dumont cut the bag himself sounds gassy.

Something hotter than a hot day in June is a hot day in July.

It is a poor spectacle for a town to be run by the whiskey ring.

Now we will look to the West until St. Louis is heard from.

Marion Butler has given populism a parting kick and joined in with the republicans.

Is the hundred dollars salary worth the rumpus some people are making to hold on to it?

This vegetable season of the year is giving the beef trust spasms. People are living better, too.

Some people cannot see the moving spirit sitting behind the curtain laughing over the political capital they are making for him.

What great constitutional expenditures these latter days are developing. Every little 2x3 politician can tell you all about it.

There is a spirit of lawlessness in Greenville that is not good for the community and the sooner it is corrected the better will be the result.

The prohibitionists have nominated a ticket and left miles off. They named Silas C. Swallow for president and George W. Carroll for vice president.

Charlotte wipes out saloons by a majority of 482. Good for Charlotte and congratulations to the News. That paper led in the fight against saloons and is entitled to much credit for the victory.

Just what we were looking for the inveterate punster to turn loose. The Wilmington Star says: "Despite their teetotalism the Prohibitionists couldn't help taking a Swallow."

Those who are lifting up their voices against the Watts law must overlook the fact that it has the endorsement of the democratic state convention. A man's democracy might have a question mark after it when he opens war on the platform of his party.

20 Killed In A Wreck.

St. Louis, July 3.—A special to The Globe-Democrat from Litchfield, Ill., says the Chicago limited on the Wabash Railroad, due in St. Louis at 7 p. m., and half an hour late, was wrecked to-night inside the city limits. The train struck an open switch and was over turned and seven of the nine cars were burned. It is believed that 20 persons perished in the second and third coaches and that 40 were injured.

700 Drown In The Atlantic.

London, July 3.—Over 700 Danish and Norwegian emigrants bound for New York are believed to have been drowned in the North Atlantic on June 28. Out of nearly 900 souls on board the Danish steamer Norge, which left Copenhagen June 22, only 27 are known to be alive and for the rest no hope is held out.

When last seen the Norge was sinking where she struck on the Islet of Rockall, whose isolated peak raises itself from a deadly Atlantic reef, some 290 miles off the west coast of Scotland. Early on the morning of last Tuesday the Norge, which was out of her course in heavy weather, ran onto the Rockall reef. The Norge was quickly backed off but the heavy seas poured in through a rent in her bows.

Firemen's Convention.

The seventeenth annual convention and tournament of the North Carolina State Firemen's Association will be held this year at Salisbury, from August 2d to 5th, inclusive. The generous citizens of Salisbury are very enthusiastic, and have arranged a prize list for State and Inter-State contests in excess of any other city that has hitherto entertained the association. Invitations have been sent to the departments in Virginia, Georgia and South Carolina in addition to every company in our own State, and the indications are that the attendance will be very large, and the event a notable one. The beneficent services of the State Association are just beginning to be realized by the property owners of the State.

Oak Ridge Institute, whose advertisement appears elsewhere, is one of the institutions in North Carolina that have come to stay and has made good its claim to popular support. It enters upon its 53d year August 30th, and has been twenty-nine years under the management of its owners and principals, Messrs. Holt. It combines very thorough work with reasonable rates. It had 285 young men and boys last year, representing seven states. It is situated near Greensboro, over 1000 feet above sea-level, in view of the mountains, and in one of the most healthful and beautiful parts of the South. It is splendidly equipped.

The little girl who confidently spelled cat and called it "dog" made no greater mistake in orthography than the Republicans who spell b-a-n-k-r-u-p-t-c-y, and pronounce it "prosperity". On the 1st began the new fiscal year and Sec. Shaw presented his report showing that the receipts for the year have been \$541,186,745, and the expenditures \$582,539,071, showing a deficit for the year of \$41,352,325. For the preceding fiscal year there was a surplus of \$52,710,935, showing an adverse balance compared with the year ending Thursday of pretty nearly \$100,000,000! This shows that the administration has lost money every month of the past year, and if a loss of \$100,000,000 is prosperity, it would be curious to know what adversity is. Mr. Shaw's showing certainly demonstrates that Mr. Roosevelt's successor in the White House will inherit the same sort of conditions that Mr. Cleveland was called upon to inherit in March 1893. Our national poverty then, as indicated by the deficit, was due to the Harrison administration, as our national poverty now shown by the deficit is due to the McKinley-Roosevelt administrations.

The man who objects to a town going into the whiskey business for profit should say nothing about the heavy taxes that the citizens will have to pay when the saloons are moved out.—Durham Herald.

Taft-Lesh.

One of the prettiest of the many June weddings was celebrated last evening, June 29, at the home of Mr. and Mrs. John H. Taft, 840 Fifth avenue.

It was the occasion of the marriage of Mr. Taft's cousin, Miss Emogene Taft, to Mr. Lincoln Lesh. The ceremony was appointed for half after eight o'clock and about fifty were present. The floral decorations were simple but beautiful and effective. The stairway was twined with asparagus tied with white tulle bows. The large bay window in the library was a bower of green and white, with a cupid and a pair of doves hovering over the bridal party. Asparagus and white flowers completed this room and in the living-room were red roses and evergreens. A round table in the dining room had an elegant cover of lace and was adorned with pink carnations.

Mr. and Mrs. Taft were assisted in receiving by Mr. and Mrs. Lesh of Huntington, Ind. Master Arthur Taft attended the door. Miss Sylvia Hall played Mendelssohn's wedding march, and the Rev. E. J. Lockwood entered. He was followed first by the two bridesmaids, Miss Lou Taft and Miss Ella Beek, both in white and carrying white flowers; then by the bride and groom. The bride is a beautiful young girl and looked especially lovely in her wedding gown of d'esprit made over white silk and trimmed with Duchess applique. Bride roses formed the bride's bouquet.

The bride has lived in Cedar Rapids five years, coming here with her cousin, Mr. Taft. Her home was Greenville, N. C. The groom is an attorney of Muncie, Ind. Mr. and Mrs. Lesh went to Davenport, where they intend to take a steamboat for St. Louis and the exposition. The bride wore a blue silk shirt waist suit and a blue hat. Mr. and Mrs. Lesh will be at home in Muncie, Ind., after September 1.—Cedar Rapids, Iowa, Gazette, June 30.

Theophilus Carson says he will put in a barn of tobacco this week. There was a very enjoyable gathering of young people in town Thursday evening, June 30th, at the home of Mr. and Mrs. J. T. Smith, in honor of the visiting ladies. Refreshments were served in a most charming manner. The attendants were: T. H. Britton with Miss Emma Ashbee, of Plymouth; Julius Brown with Miss Florence Hubbard, of Clinton; J. A. Staton with Miss Mattie Grimes, William Vincent with Miss Mable Barnhill, J. G. Cannon with Miss Rosa Bullock, H. L. Jenkins with Miss Bessie Hammond, of Greenville. Stags were Claud Ward, Henry Staton and Dr. G. F. Thigpen. All who attended were greatly delighted with the occasion.

Some people talk about this being the "dull season" of the year when there is nothing to do. This may be true in some places but it is far from being true at Hunsucker's buggy shop. True Preaching.

We hear a good deal or not from people who say they are "sick and tired of hearing the suggestions that party workers should be rewarded." They may be, and they haven't much faith to go far. Do away with this idea and you'll soon have no horses to pull the plow. But scratch the back of these faint and weak fellows who have no regard for party service and you will find a kind of mushy independent—a fellow who does not support the entire democratic ticket, and always splits. "The laborer is worthy of his hire," holds just as good in politics as it does in other matters.—Durham Sun.

Telling of the killing of a flock of sheep by dogs, The Wilmington Messenger adds: "And still we cannot get a Legislature with grit or brains enough to pass a law which will protect sheep raisers from worthless dogs." No, we will never get a Legislature to do this. The best plan is that suggested by The Chronicle a few weeks ago. Hire the Igorottes from the St. Louis Exposition get a special car and send them on a tour of the State side-tracking them at each town until the supply of dog in that particular locality gave out, then moving on to a new pasture. The Igorotte is the solution of the dog question.—Charlotte Chronicle.

Do not forget that Dr. Seth Arnold's Balsam is the best known Remedy for all Bowel Complaints. Warranted by J. L. Wooten, Greenville.

President Shurman of the Cornell University continues to take a gloomy view of the future of this country. The other day he told the graduating class that they leave the University at a time of profound unrest, political, social and religious. And asked: "Is the republic to remain a democratic organization under which men with equal rights govern themselves, or is it to become a tyrannical organization under which special interests like capital, labor or the military spirit are to control the destinies of men." After the election the profound unrest will become less profound, and the people will know what to expect for four years, because a democrat will go in and we will return to reason and common sense in the administration of affairs.—Durham Sun.

BENSONIZER LUNG CURE

NO MORE EXILE FOR CONSUMPTIVES.

A Cure at Last Obtained, After a Searching Investigation, by St. Louis Investigators.

A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating that most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 115 test cases, 72 were completely cured and 28 have shown such improvement that their ultimate recovery is but a question of a few weeks.

So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish at a normal cost the cure to all sufferers of the "White Plague." One of the chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the incipient or early stages of the disease, pursue their daily vocations and still become completely cured.

Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Bensonizer, and the company which controls this marvelous medical device have located their main office at 417 North Seventh street, St. Louis. They have also located a factory on Easton avenue and a laboratory has been built at Hillside, Mo. The cure will be known as the Bensonizer Lung Cure, and Mr. C. P. Benson, the discoverer of the fluid inhalants which are used, will personally have charge of the affairs of the company. Mr. Benson will personally meet all who call at the office of the company on Seventh street, and will answer all communications from sufferers who are unable to make a personal call.—From the St. Louis Globe Democrat.

A Sure Thing

It is said that nothing is sure except death and taxes, but this is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre of Shepherdstown, W. Va. says "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely. It's infallible for Croup, Whoop Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by J. L. Wooten Druggist. Trial bottles free. Reg. L. & E. 50c \$1.

A man who has been persistently following Roosevelt was arrested at the White House and locked up the other day on the allegation that he was crazy. The grounds of insanity are admitted, gentlemen. A man who would follow Roosevelt is surely nutty.—Wilmington Star.

John L. Wooten.

Ask the readers of this paper who are suffering with indigestion or dyspepsia to call on him at once and get a bottle of Kodol Dyspepsia Cure. If you know the value of this remedy as we know it, you would not suffer another day. Kodol Dyspepsia Cure is a thorough digestant and ti-sue-building tonic as well. It is endorsed personally by hundreds of people whom it has cured of indigestion, dyspepsia, palpitation of the heart and stomach troubles generally. Kodol Dyspepsia Cure Digests what you eat. It is pleasant, palatable and strengthening.

Every new building that goes up in a town is a permanent improvement that nothing can destroy save a flood, fire or an earthquake.—Durham Herald.

A Startling Test.

To save a life, Dr. T. G. Merritt of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months. Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney trouble. Try them. Only 50c at Wooten's Drug Store.

The report from the state's prison of the decrease in the number of convicts, unfortunately does not mean that there are fewer criminals now than heretofore, but that they are being sent to county chain-gangs to build good roads—perhaps the very best disposition that could be made of them.—Charlotte Observer.

Quick Arrest

J. A. Galledge of Verona, Ala. was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c. at Wooten's drug Store.

We are more than pleased to be informed that Webster's blue back spelling book has been adopted in Chicora College, the Presbyterian school for young women, at Greenville, S. C. It is stated in a private letter that every pupil of that institution, from preparatory to senior, must spell and read in that blessed book. It is well for the pupils of Chicora College. The Observer has ever maintained that the blue back spelling book is the basis of all true education.—Charlotte Observer.
