### UNLAWFUL TO KILL SQUIRRELS.

The Law Applies to Pitt County.

THE REFLECTOR has been requested to publish the act passed by the last legislature relative to hunting squirrels. Chapter 103, page 129, of the public laws of North Carolina, session 1903, reads as follows:

"The General assembly of North Carolina do enact:

"Section 1. That from the first day of March to the first day of November, in each year, it shall be unlawful for any person or persons to hunt, shoot or kill squirrels within the counties of Chowan, Perquimans, Mecklenburg, Cleveland, Pamlico and Beaufort.

"Sec. 2. That all persons found guilty of the violation of the provisions of this act shall be fined not exceeding ten dollars, nor imprisoned more than ten days.

"Sec. 3. That this act shall be in force from and after its ratification.

"In the General Assembly read three times, and ratified this 11th day of February, A. D. 1903."

### Two Leave Us.

Miss Georgia Anderson, who for nearly two years has held a position with THE REFLECTOR, has resigned her position with the paper to accept a clerkship in the postoffice. She is an excellent young lady, and was always faithful and obliging in her duties. While we regret to part with her in the printing room, we congratulate her on securing this new position. We are sure she will prove a valuable helper to Postmaster Blanagan.

John Hornaday, who has been at work for us during vacation, has also resigned to return to his studies in school. John is a good boy, ambitious and deserving. He is just the kind of boy to win success in life.

### CARD FROM MR. TUCKER.

### EASTERN REFLECTOR:

I wish to deny any and all statements that have been published in your paper for the past week in regard to my wife Esther Tucker, H. M. Hardee, of Norfolk, Va., and myself. Kindly publish at least one full denial of this in your daily paper, and oblige, Yours truly,  
M. H. TUCKER.

### One Negro Kills Another.

A homicide occurred Friday evening on the plantation of Mr. H. B. Smith, about six miles from town. Alfred Wiggins and Jack Edwards, both colored tenants on the farm, got into a difficulty when Wiggins shot Edwards inflicting a wound from which he died in a few minutes. Wiggins made his escape and has not been captured.

### Hart-McKinne.

Cards are out for the marriage of Capt. Edgar Lee Hart, of Wilmington, and Miss Addie McKinne, of Princeton, on October 5th. Capt. Hart is well known by a number of Greenville people and is a popular conductor of the Atlantic Coast Line between Wilmington and Norfolk.

### COUNTY CONVENTION.

Nominates a Ticket and Adjourns.

The ring of the court house bell at 11 o'clock this morning was the signal for the gathering of the large crowd in town at that edifice, and all faces quickly turned that way. All the morning the street had been thronged with delegates and others who had come in to the convention, and there was much activity among the delegates. The court house was soon filled until there was barely standing room left.

The convention was called to order by A. L. Blow, chairman of the democratic county executive committee, who is opening expressed the hope that the deliberations of the convention would be in the interest of the county and state. The roll was called and it was noticed that very few were absent, and their places were quickly supplied by alternates.

For permanent chairman E. R. Cotten and F. G. James were placed in nomination. The roll of townships was called, Cotten receiving 79 votes and James 62. Mr. Cotten was escorted to the chair by J. D. Cox and D. C. Barrow. In taking the chair Mr. Cotten expressed the hope that the business of the convention be conducted with utmost fairness so the result will be satisfactory to all. He had no set speech.

W. L. Brown and W. H. Long were elected secretaries by acclamation. D. J. Whichard and H. T. King, assistant secretaries. Nomination for senator being declared in order the names of J. L. Fleming, and A. L. Blow were presented, upon first ballot Fleming received 92 votes and Blow 45.

Upon the nomination of representatives the convention decided to nominate the representative from the south side of the river first. The names of S. V. Joyner, H. T. King, J. J. Laughinghouse, B. M. Lewis, R. R. Cotten and I. K. Wetherington were presented. On first ballot the vote (omitting fractions) was Laughinghouse 70, King 47, Lewis 9, Joyner 5, Wetherington 4, Cotten a fraction. Before the result was announced Farmville and Beaver Dam asked to change their votes to Laughinghouse which increased his vote to 84.

Nominations for a representative from the north side of the river were declared in order and the names of J. B. Little, Julius Brown and M. T. Spear were presented. On first ballot the vote was (omitting fractions) Little 73, Brown 22, Spear 27, Jones 1.

For sheriff L. W. Tucker was nominated by acclamation. For register of deeds R. Williams was nominated by acclamation.

For treasurer S. T. White was nominated by acclamation. For coroner the names of C. C. Joyner, J. E. Nobles, Wm. Fountain and C. O'H. Laughinghouse were presented. The first ballot resulted Fountain 69, Nobles 46, Joyner 16, Laughinghouse 6.

For surveyor J. D. Cox was nominated by acclamation.

For county commissioners J. J. Elks was nominated by acclamation, J. B. Spier on second ballot, W. R. Horne on third ballot, J. W. Page on fourth ballot, J. R.

### Barnhill by acclamation.

As soon as the nominations were completed there were some resolutions offered but a motion to adjourn made and carried.

### The Nation's Drink Bill.

The American Grocer, which has for years kept a careful record of the nation's drink bill, the amount expended for stimulants, both strong and weak, alcoholic and non-alcoholic, has finally summed up the figures for 1903, and finds that we paid \$1,451,633,379 for our drink, or as much as the cotton, wheat, corn, rye, rice and sugar crops. Alcohol, however, took the greater part of this money, as the following details show:

Alcoholic drinks	\$1,242,943,118
Non alcoholic stim.	156,690,261
Coffee	45,000,000
Tea	7,000,000
Cocoa	7,000,000

Total, 1903.....\$1,451,633,379  
This represents a per capita expenditure of \$18.15, or \$90.75 per family.—Charlotte Observer.

### Unheralded Deeds.

Not a day passes over the earth but men and women of no particular note do great deeds, speak great words, suffer noble sorrows, like the pearls in the depth of the ocean, or flowers that blush unseen. Of these obscure heroes, martyrs and philosophers, the greater part will never be known until that great day when the small and the great shall be marshalled before the Judge of all the Universe, when the great shall be small, and the small great, and all will receive their full reward. The cup of cold water given in the true spirit will be a grander proof of the greatness of true character than plethoric gold bags of the world's great men and women.—Durham Sun.

Just about a week ago a young Russian nobleman arrived in New York under an assumed name. He was not allowed to land. On the way over he became somewhat hilarious in the smoking room one evening. While in this happy frame of mind his discretion broke away from its mooring and he confidently formed a couple of his fellow passengers that he was coming to this country to study American fortifications, and to pick up what information he could regarding military affairs. He also told them his real name. All of which decided the authorities that he was not a desirable visitor, so he returned by the same vessel without having set foot on American soil.—Ex.

Nine hundred country schools and churches were incorporated by the legislature of 1901 alone, with the express view of relieving the country people of the cross roads grog shop and the backwoods distillery. The following legislature upon petition of 40,000 citizens simply completed the good work and the Democratic State convention ratified its action. That's the Watts law in a nutshell.—Webster's Weekly.

I have just returned from Baltimore where I bought my fall millinery and notions. Opening Sept. 15, 1904. Mrs. H. L. Boyd, Grimsland, N. C., next door to Dr.'s office.

### DO SOUTHERN PEOPLE READ MUCH?

Some days ago at a hotel table we heard the conversation of a number of gentlemen concerning certain conditions in the South, and the conversation interested us very much. One of the gentlemen was from Ohio, and of course the conversation had to take a turn at lynchings in the South. The gentleman from Ohio did not say anything harsh about the South, nor about the lynching here. On the contrary he said that for the same crimes for which negroes are lynched in the South, they would be "strung up," as he put it, in the North. He said that the people in the North do not really care as much for the negro as do the people in the South. He says the people here understand the race better than the people there do. But the most interesting part of the conversation turned up on the question of reading. The gentleman from Ohio said that he has travelled much in the North and in the South and so has had opportunity to make observations of the people in the different sections. He said that the people in the North read many times more than the people in the South.

Some one, he said, made close observation on a railroad car of the number of people reading as they leave a city. In the North on a train leaving a city he observed that almost every one is reading; but in the South on a train leaving a city very few are reading. One person in the company ventured to suggest that the price of news papers may have something to do with it—in the North you can buy a paper for a penny while in the South you have to pay five cents for one of equal size. It was not admitted, however, that the price of paper could not be the cause of such a discrepancy between the reading of the people of the two sections. The gentleman from Ohio stuck to his proposition, that the people in the North like to read much more than the people of the South. From his view of the matter the people of the South are too garrulous, they talk too much and think too little. And when we come down to the truth of it, the indictment which was not made in any spirit of bitterness or ridicule, for the most part holds good. The Southern people are not as constant readers as the Northern people, and in this lies much of the disadvantage which we suffer in being considered slow and behind the times. We might make good investment with more of our idle time by reading books, magazines and papers a little more.—Scotland Neck Commonwealth.

I. M. Meekins, Republican candidate for Lieutenant Governor of North Carolina, spoke in New York Tuesday, and is quoted as saying that the Republicans have the Democrats on the run in his State. This will doubtless be news to both parties to the race in North Carolina.—Charlotte Observer.

Dr. W. H. Wakefield, of Charlotte, N. C., will be in Greenville at Hotel Bertha Monday Oct. 3rd and until noon of Tuesday Oct. 4th for one day only. His practice is limited to Eye, Ear, Nose and Throat, and fitting glasses. 9 24w

### LETTER TO PROF. E. T. HUGHES.

Greenville, N. C.

Dear Sir: It costs two or three times as much to put paint on as to buy it. A gallon of poor paint costs as much as a gallon of good, for the work; and a gallon of poor don't go half as far. Poor paint lasts half or a third or a quarter as long as good; and protects wood and iron a half or a third or a quarter as well as good.

Do you buy good paint or poor? You don't know any poor! Why, the market is full of it!

## Truth in Preference to Fiction

GREENVILLE, PITT COUNTY, N. C., TUESDAY, SEPTEMBER 20, 1904.

The galleries made more noise than the pit.

From now until election the campaign should be active.

As a nomination is equivalent to an election you know who are to be in.

With now and then an exception everything about the convention was in good spirit.

The next important thing to look forward to is Judge Parker's letter of acceptance.

Wonder if plundering was one of the lessons taught the soldiers in maneuvers at Manassas.

Safe robbers are getting in evidence again and robberies are reported in various directions.

The Republicans of New York have nominated Frank W. Higgins as their candidate for governor.

The speeches of acceptance that did not get a chance to air themselves will do for future reference.

The reports tell us of great damage and loss of lives along the coast resulting from Wednesday's storm.

The Populist had bill that was flung at the delegates on leaving the convention was intended to catch the disgruntled.

Another cigarette factory is being organized at Wilson. We are anxious to hear of something of that kind in Greenville.

Old Contentnea is a hummer. When she rang out with twenty-five votes solid for a candidate there was some thing doing in the convention.

They are telling a good joke on the man who sat at his office, with his speech ready, waiting for the notification committee that did not come.

The fellows who were not delegates yet kept butting in with "Mr. Chairman" when the convention was at an exciting pitch, afforded some amusement.

Marion Butler's Consolidated Liquid Air company has got into the hands of a receiver and the air is all gone. Butler can look for some new scheme to work on.

Somebody is going to hear some good speaking in this presidential campaign. The dispatches say Bryan and Cleveland are both going to take the stump in the interest of Parker.

The more they stir it the worse it looks—that looking of stores at

Reidsville by soldiers of the state as they were passing through. If that was the kind of war lesson they learned at Manassas future manoeuvres should be abandoned.

That is good news that the government has become interested in the harbor at Beaufort and has sent an inspector there to look into the advisability of dredging the harbor. Beaufort ought to be a great harbor through which to reach the state.

THE REFLECTOR again calls the attention of the Merchants' Association to the fact that the matter should be taken up with the officials of the Atlantic Coast Line to get them not to require the one passenger train on this road to do the excursion work during the week of the Weldon fair. The inconvenience and annoyance arising from this cause last year should lead every one not to want a rejection of it, and the way to prevent it into action. The facilities of this road are already poor enough with only one passenger train a day, without that train having to break its schedules and connections to do extra work.

A striking estimate of a man at his own home and among his own people was shown in the vote of Chidod township in the county convention for J. J. Laughinghouse for the legislature. Mr. Laughinghouse has lived among the people of Chidod township for twenty five years and the support given him shows their esteem for the man. They know that he is a man whom they can trust absolutely at all times. THE REFLECTOR joins with them in this confidence, for we regard Mr. Laughinghouse as a man who will always be found on the right side of all public questions.

It is cause for congratulation that the colleges throughout the state have begun their fall sessions with a large attendance. In most instances the enrollment has surpassed all former years. This is a good indication of the interest the people are taking in education. This leads us to call attention to the fact that the Greenville graded school will open on the 26th inst., and the attendance ought to be larger than heretofore. All the children of the town were not in school last year, and they lead the benefit of it to that extent. We have good schools and the child should have the benefit of it. Parents who fail to send their children are not doing their duty by them.

"Who is that insignificant looking individual over there?" "My brother." "Wh-what! Well, you can't always tell by appearances. I dare say, foolish as he looks, he's probably the most intelligent one in the family." —Cleveland Plain Dealer.

## THE VEHICLE ORDINANCE.

It is strange to what extremes people will sometimes go in an effort to array a feeling of prejudice in the country against the town, and that citizens of the town should be instigators of such prejudice is more than strange. We are led to these remarks by hearing that a man from the country who was in town a few days ago remarked that he was afraid to drive his horse up in front of a store to get goods he had purchased because he heard the town had passed a law forbidding persons to stop their horses on the street. Of course the man had been told this, and that it was told him purposely there can hardly be a doubt. Possibly this explanation on the subject will not be amiss: Greenville has several stables at which people coming in from the country put up their horses for the day. The keepers of these stables have been in the habit of leaving the buggies out on the streets, and frequently streets near the stables would be so blocked by these vehicles as to be almost impassable. Complaints of this were numerous and even people from the country were often heard to say they could hardly find room to drive through certain streets because of such blockade.

During the past summer another large stable was built just below Five Points on Evans street. Two citizens residing near the location, one of them immediately adjoining it, were opposed to the stable being there but could not prevent the owner of the property from building it. As soon as the stable was occupied the same trouble of the street being filled with vehicles as at other stables occurred there. Because of this the two citizens went before the board of aldermen with a request that the trouble of blocking up the street fronting their property be stopped. In this request they were also voicing the sentiment of others as well as themselves, and recognizing the justice of the complaint, the aldermen passed an ordinance forbidding the leaving of un hitched vehicles on the streets.

That is all there is in the law. It simply means that after horses are unhitched from the buggies the vehicles shall not be left standing in the streets. There is nothing in the law to prevent any one driving his horse and vehicle where he pleases through the streets, or stopping where he pleases as long as he pleases. And as many stables as there are in town no one should be inconvenienced by this law. The stableman who takes care of the horse should take care of the vehicle also and not leave the latter out in the street in the way of every passer. One stable keeper has already advertised that he has room to take care of 500 vehicles. The streets should be kept open and clear for the use of the public, and that is the purpose of the law in preventing them being blocked up with unhitched vehicles.

It is passing strange how many people can be found in almost every town who seem to take a delight in sneering at every more that promises anything for its betterment.—Winston-Salem Herald.

## Asked and Answered.

It is a poor rule which does not work both ways. If it is wrong for men who oppose the Watts law to declare that they will not support the democratic nominees who favor that law, is it not also wrong for men who favor that law to refuse to support their party candidates because they are not advocates of that measure. We ask brother McKely of the News-Standard to answer this question.—Wilmington Messenger.

Dead easy. The Watts law is a part of the Democratic Platform, regularly and overwhelmingly adopted by the Democratic State Convention, after having been made a party issue by the Republican State Convention. We do not bind any man's conscience on a moral question. But the Democrat who is running for office and denouncing the Watts law is standing on the Republican and not on the Democratic platform. He has already bolted the platform, and justifies the setting up of an opposition candidate who stands by the platform. While the Democrat who bolted a candidate for standing by the Watts law is bolting both the platform and the candidates.

## Inventor in Georgia Who Thinks he has Hit the Combination.

An Albany, Ga., dispatch says: G. A. Lowry, inventor of the Lowry Round Bale Gin, and several of his associates have been in Albany for several weeks experimenting with a cotton picking machine which Mr. Lowry is trying to perfect. He does not claim that his machine has been perfected yet, but he believes that he is working on the right line and hopes to have a cotton picking machine with a daily capacity of 40,000 pounds before the season is over.

Cotton planters who have seen the implement say that it is a wonderful machine and they express confidence that it will be brought to a state of perfection that will make it a great boon to cotton growers.

The Richmond Times-Dispatch thus begins its criticism: Mr. Roosevelt's letter of acceptance is a most remarkable example of arrogant self-commendation. Then in about a column or contemporary proceeds to unmask the Republican candidate, closing with the following words: "We have an abiding faith that on election day the voters will give this definite dictator the rebuke which he deserves.—Raleigh Post.

We ought to have some campaign speaking during court week.

## The Baptist Female University of N. C.

RALEIGH, July 11, 1904. Chas. M. Stieff, 9 Liberty St., Baltimore, Md. Gentlemen:—We beg to enclose you herewith an order properly executed for the purchase of thirty new Upright Steiff Pianos and one new Steiff baby Grand. We beg to advise that this will equip our school throughout, for teachers and pupils, with your celebrated instruments, excepting one Concert Grand. It is needless to say that we expect a great deal of the pianos which you shall send us, and from the thorough investigation we have given the matter and the great satisfaction which we find your pianos have given in other schools, we feel sure that we shall not be disappointed in our expectation.

When the heads of such colleges with whom we entrust our children for their education select the Artistic Steiff Piano, would it not be wise for you to profit by their knowledge and experience? The Steiff Piano is a Southern production and sold direct from factory to fireside, thus saving all in between profits.

Besides our own matchless Steiff, we have several other standard makes at exceedingly low prices and lenient terms. Several slightly used upright pianos and organs at surprising low prices.

We are here for a limited time only. Take advantage of rare and timely opportunity.

CHAS. M. STIEFF, G. G. FINEMAN, Factory Representative.

### To The Public

Owing to the law recently pas-  
sed by the town, forbidding any  
buggies to be left on the street,  
and our room being limited, we  
are forced to quit feeding or tak-  
ing care of any transient horses.

And as we are informed and be-  
lieve that our stables is the cause  
of the law being enacted, we re-  
spectfully request the Board of  
Aldermen to repeal the law as to  
all stables except ours, that the  
public may be entertained.

In the last analysis nobody

For the past few days there has  
developed an appearance of activity

new cotton and everything point-

#### DEATH OF MRS. R. L. CARR.

Young Wife and Mother Passes Away.  
Death is so relentless. He lays his icy hands alike upon the old, the young and the middle aged, leaving in his dark trail hearts burst asunder with grief. Sad indeed are his visits under all circumstances, but inexpressibly sad when he invades a new made, happy home and robs it of the young wife and mother. Never a dream had people of Greenville when barely a year ago they followed a happy bride to the altar, strewing her pathway with the flowers of good wishes and congratulations, that today they would follow that same form to the tomb and wreathe her bier with flowers expressive of their sorrow and esteem. Yet such is the sudden change death has wrought, and where joy and happiness then reigned there is now grief and despair.

It was on the 15th day of October, 1903, that a host of friends gathered in the Memorial Baptist church to witness the ceremony that gave Miss Janie Flournoy in marriage to Dr. Robert L. Carr, and today loving hands bare her remains to the same edifice where she so recently became a bride, for the last tribute of esteem to be paid her memory, thence gently laid her in the tomb to sleep until awakened by angels on the resurrection morn, the same friends gathering to shed tears of sympathy with the bereaved.

Mrs. Carr was a daughter of Capt. and Mrs. Francis Flournoy, the latter now being Mrs. M. A. Allen. She came to Greenville a little more than three years ago when Mr. Allen moved his family here from Reidsville. She was a young woman of lovable character and gentle disposition, and rapidly won the hearts of friends in her new home. Hers was a sweet Christian life, shedding a fragrance of love and kindness upon all with whom she came in contact. Socially she was a favorite with every one, and when it was learned that her spirit had taken its flight at 9 o'clock Saturday night no eye could restrain a tear as the sad intelligence passed from one to another.

Words fail to express the sympathy felt for the heart broken husband and tender babe of eleven days who in her death lost wife and mother, and for the grief-stricken mother and other members of the family. All truly share their sorrow and it is heart-felt.

The funeral services were held at 4 o'clock this afternoon in the Memorial Baptist church conducted by Rev. T. H. King, of Ayden, assisted by Rev. W. E. Cox, and the interment was in Cherry Hill cemetery. The pall bearers were: Honorary--J. L. Little, J. R. Moore, R. W. King, T. J. Jarvis, J. G. Moye, W. H. Bugebale, C. D. Rountree, J. L. Wooten, F. W. Oure, W. B. Dove. Active--E. B. Ficklen, R. O. Jeffers, J. C. Tyson, D. J. Whichard, H. A. White, W. B. Wilson, F. M. Holmes, R. Williams.

The expressions of sympathy in floral tributes were many and beautiful, entirely covering the casket. Besides the individual tributes, there were appropriate designs from the Star's Social Club, End of the Century Book Club, Knights of Pythias, Baptist Sunday school, Woman's Missionary Society of the Baptist church and the Tobacco Board of Trade.

#### SUPERIOR COURT.

##### September Term in Session.

The September term of Pitt Superior court began Monday afternoon with Judge W. B. Council presiding and Solicitor L. I. Moore representing the state. The court could not begin at the usual morning hour because of the train upon which the judge was coming being late. Judge Council explained this in beginning his charge to the grand jury, as he said he believed in opening court at the proper time, and only in one or two instances since he had been on the bench had he failed to do so. Judge Council's charge to the grand jury was an excellent one. Besides being a clear treatise of law for the guidance of the grand jury, it was instructive, patriotic, and of a nature to help all who heard to a fuller realization of the duties of citizenship and give them a clearer conception of the principles of good government.

The grand jury for this term is composed of B. E. Patrick, foreman, W. R. Williams, Jr., Thos. Carson, C. A. Hyman, Jas. H. Joyner, Furney Laughinghouse, E. T. Roberson, Jacob McLawhorn, S. S. #### KILLED BY HIS UNCLE.

A. G. Fussell Shoots Sam Derr by Mistake.

A distressing accidental killing occurred Tuesday afternoon about 7 miles below Greenville. A. G. Fussell and Sam Derr went out squirrel hunting together. After getting in the woods they became separated, and while creeping about looking for game Mr. Fussell saw a bush smoking. He thought there was a squirrel in the bush and fired on it when to his horror he discovered that he had shot Mr. Derr. The entire load struck him in the face and head and death resulted in a few minutes.

Mr. Derr was a young man about 22 years of age and his home was in Goldsboro. He had been down in this county for sometime visiting relatives. He was a nephew of Mr. Fussell.

#### GREENVILLE BOY RECEIVES NEW HONORS.

The Charlotte school commissioners met at the city hall at 6 o'clock yesterday afternoon, and released Prof. J. A. Bivins, who will go to Durham to accept the headmastership of Trinity Park School. Mr. Harry P. Harding, now superintendent of the New Bern graded school, was elected to the place Mr. Bivins vacated. Mr. Harding is a young man of ability, learning and experience. He was graduated from the University in 1898 with honors. At one time he was principal of the Goldsboro graded school, and he organized the city schools at Oxford. The board did well to select Mr. Harding. He comes highly recommended. He is a married man; his wife was Miss Luie Ives, of New Bern. He is a brother of Mr. W. F. Harding, of this city. --Charlotte Observer.

#### Carolina Club.

There was a delightful gathering in the rooms of Carolina Club, Monday night at the formal opening for the season of the club cafe. There were a number of invited guests. #### ROBBED THE MINSTRELS.

##### And Got Two Years Sentence.

Here is an example of quick justice. While Faust Minstrels were showing in the opera house Tuesday night some one slipped up the back steps and stole the clothing of some of the actors. The thief was soon discovered and reported to Chief of Police Smith, and before the show was over he had G. W. Easley, colored under arrest. Easley said he came a few days ago from Knoxville but he was readily identified by the show people as one who was hanging around the rear stage entrance before the show started. This morning clothing belonging to one of the showmen was found in the room where Easley stayed.

Soon after court met this morning the grand jury found a true bill against Easley. Before noon the negro was tried, convicted and sentenced to two years in jail to be assigned to the roads.

Trinity College, September 19.--Ex Governor T. J. Jarvis has accepted an invitation to deliver the address of the occasion on Benefactors' day, of Trinity College, October 31. The exercises will be conducted in the Craven Memorial Hall in the evening of the holiday. Benefactors day probably the most important holiday for Trinity College, is the announcement of all benefactions that have been made to the institution during the year just past. The day was set aside as a holiday several years ago and the first benefaction announced was that of Mr. Washington Duke, who gave to the college \$100,000 on condition that women be admitted to the institution. Since that time Benefactors' Day has been the real big day of the session for Trinity.
