Next Door to the Bank of Greenville.

LETTER TO W. B. WILSON.

Greenville, N. C.
Dear Sir: Have you found out you can paint a job with fewer gallons Devoe than of anything else, lead-and-oil or anything else? Mr. Floyd Almy, House and Sign painter, Greenwich, N. Y., found it out three years ago; he writes: "I have used Devoe lead-and-zinc for the past three years, and cannot say too much in its favor. I am using it now on a big job that I took by contract, and it has saved me at least \$25 in the cost of material."

Devoe is the strongest paint we know of; goes furthest; takes less of it to do your job. Lead-and-oil is pure; lead-and-zinc is stronger; covers more; goes further.

Have you found out you can paint a gallon Devoe in less time than a gallon of anything else? That means less time for the job. Less time; less money.

Less paint; less money for that; less time, less money for that. Devoe lasts longer; do you mind the less money for that? You are sure of it.

Yours truly
F. W. DEVOE & Co.

Dr. Wharton's Lecture.

There was a large audience in the opera house, Friday night, to hear Dr. H. M. Wharton deliver his famous lecture on his trip to Palestine. Our people had been hearing Dr. Wharton preach for nearly two weeks and were so charmed with him that they were anxious to hear his lecture. And he proved as delightful as a lecturer as preacher. For an hour and a half he graphically described many interesting scenes incident to a trip through the Holy Land, alternating from paths of humor in a manner that held the closest attention of every hearer.

Dr. Wharton's coming to Greenville has been a blessing to the town and he will long be pleasantly remembered by the people here. The influence of his labors here will be a power for good through time to come.

Subscriptions to all papers and magazines are taken at Reflector Book Store. You can save yourself the trouble of writing if you remember this.

BENSONIZER LUNG CURE

NO MORE EXPIRE FOR CONSUMPTIVES.

A Cure at Last Obtained, After a Searching Investigation, by St. Louis Inventor.

A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating that most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 115 test cases, 77 were completely cured and 28 have shown such improvement that their ultimate recovery is but a question of a few weeks.

So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish at a normal cost this cure to all sufferers of the "White Plague." One of its chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the incipient or early stages of the disease, pursue their daily vocations and still become completely cured.

Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Bensonizer, and the company which controls this marvelous medical device have located their main office at 417 North Seventh street, St. Louis. They have also located a factory on Easton avenue and a laboratory has been built at Hillside, Mo. The cure will be known as the Bensonizer Lung Cure, and Mr. C. P. Benson, the discoverer of the fluid inhalants which are used, will personally have charge of the affairs of the company. Mr. Benson will personally meet all who call at the office of the company on Seventh street, and will answer all communications from sufferers who are unable to make a personal call. —From the St. Louis Globe Democrat.

A. C. L. DOUBLE DAILY SERVICE.

An Effort to Get Coast Line to Put on Another Train to Reach Kinston in the Forenoon.

The business people and all citizens of this city will be interested to know that an effort is being made to get the Atlantic Coast Line to put on another train of the Scotland Neck branch, to reach this city in the forenoon and return to Hobbgood in the afternoon. This will give the people along this road a double daily service in passenger and freight traffic that is much needed and if done will prove a great benefit to Kinston in many ways.

The advantages to be derived from the double daily service are many, among them, it will put in closer touch with Kinston the people along this line and enable them to come to our city and transacting their business return home the same day. This of course will turn to Kinston a large volume of trade that now goes elsewhere. Another advantage is that freight from Norfolk and the north will reach Kinston 26 to 30 hours sooner than now, besides remedying the manifestly inadequate facility for handling the freight on this branch of the road.

A great many other benefits and advantages will inure from this increased service, but folks don't get things just so, and it's up to our business men to get together and ask of the railroad officials this thing.

The Free Press is in a position to state that the officials would more than likely act favorably on the request if made with the proper backing. That would be the chamber of commerce, the Free Press suggests, hold a meeting and make the request formally and officially.

There is no doubt but the business men and citizens generally, of the city, are in favor of the proposition and the time to act is NOW—Kinston Free Press.

A little more than two years ago Greenville was interested in a movement of this kind. THE REFLECTOR at that time sent strong petitions from the business men of Greenville, Winterville, Ayden and Grifton to the railroad officials asking for the double daily service and Capt. W. H. Newell, of the Coast Line came here for a conference about it. At the time it looked like the petitions would be complied with and the double service put on, but for some reason the matter was sidetracked.

The needs of such a service and the benefit it will bring to all the towns along this branch of the road is apparent to every one, and the railroad would also increase its own business by putting it on. The merchants association of Greenville should at once take steps to cooperate with the merchants of Kinston in the movement to get the double service. If all the towns along the road will work together for it we believe it can be secured.

Dr. Hyatt at Farmville.

Dr. H. O. Hyatt will be in Farmville, at the hotel, October 17th, 18th, and 19th, Monday, Tuesday and Wednesday, for the purpose of treating diseases of the eye and fitting glasses. Those not able to pay a fee will be examined free.

The Pitt county corn fair will be held on the 13th. Every farmer should bring a sample of his best corn.

WINTERVILLE ITEMS

WINTERVILLE, N. C., Oct. 12.
Ed Smith was here a short while Sunday evening.

Miss Bessie Chapman is visiting relatives at Shalmerdine.

Harvey Cox, of Ayden, spent Sunday with his mother, Mrs. Evelyn Cox.

Bill Dixon was here Saturday and Sunday visiting relatives and shaking hands with his old friends.

Rev. W. E. Cox, of Greenville, came Monday to see his mother and held services in the Episcopal church that night.

R. L. Cox was in town Saturday.

L. L. Kittrell went over the river Monday.

Miss Olivia Cox left to-day for Grifton to take charge of a school.

Miss Bertha Dawson left Tuesday to visit relatives at Grifton.

H. A. White, of Greenville, was in town Monday.

Miss Helen Cox, of Ayden, who has been visiting Miss Magdalene Cox, returned to her home Sunday evening.

Frank Johnston, of Greenville and Charlie Boyd, of Red Banks, were here Sunday sporting and courting.

Jerome McGlohan and Oscar Speight were here Sunday to see the girls.

Mr. and Mrs. B. F. Manning, and little child of Ayden, spent Sunday here.

Charles Smith came home Sunday on a trip off.

Frank Harrington and George Kittrell went to Rocky Mount, Sunday.

Quite a number of the students of the W. H. S. spent Saturday Sunday with their parents.

NOT A CANDIDATE.

EDITOR REFLECTOR:

I see in the report of the Populist convention published in Saturday's issue of THE REFLECTOR that I was named as a candidate for treasurer by that convention. I wish to state that the use of my name by the convention was without my knowledge or consent, and I am not a candidate of that or any other party for any office.

Respectfully,
W. J. THIGPEN.

Reminder of the Good Old Days.

A good woman remarked this morning "I saw something in the Methodist church Sunday night that Greenville has not witnessed in years." When asked what it was she said, "A man went in penitence to the altar and was converted while kneeling there praying for the pardon of his sins." The incident recalls the good old days of the "mourner's bench."

Smallpox Patient Escapes.

The man named Rouse who came here from Greene county last week with a case of smallpox and was placed in the quarantine station, made his escape Sunday night. It is supposed that he went back to his home.

I have just returned from Baltimore where I bought my fall millinery and notions. Opening Sept. 15, 1904. Mrs. H. L. Boyd, Grimesland, N. C., next door to Dr.'s office. 14.

BEAVER DAM ITEMS.

BEAVER DAM, N. C., Oct. 11.
Four families in this section are quarantined on account of smallpox. The doctors report all stricken with the malady as doing well. No new cases are reported. All suspicious parties will be watched and reported to the authorities. One poor fellow said he had nothing but the itch, and that he had rather go to the penitentiary than have smallpox. All the whites are becoming converted and being vaccinated, while the colored people are giving it the go by as they are busy picking cotton.

A colored association began at Warren chapel on the 10th. If the colored people should happen to have smallpox on the ground there would be more work for the medical fraternity.

Another bear has been seen and chased, but brain escaped all his pursuers.

A dog with hydrophobia passed J. H. Cobb's store going north. A phone message was sent to Ben Joyner, at Polk's rd., to look out for the dangerous canine. Ben armed with a gun stood on guard and quickly dispatched the dog when he came along.

Cotton picking is progressing with a vim. It will soon be over if fair weather continues, as the crop is ten percent short.

All sunshine and no rain enables the farmers to save lots of bright hay.

Cotton is being ginned and sold as fast as picked. If Sully can hold out thirty days he will again be a noted Southern bull.

There is a very poor crop of field peas but a fair crop of corn.

We want Uncle Sam to sprinkle our roads, as there is more dust than ever before.

Farmers are all smiling as they come home from Greenville. Tobacco is selling well. That is the fruits of a small crop.

The Graded School.

Those of our people who do not visit the graded school occasionally have little idea what they are missing. The splendid system by which everything is done and the excellent work of the superintendent and teachers is well worth witnessing. A visit to the school will increase your pride in it. Your presence occasionally will also be an encouragement to your children by showing them you are interested in what they are doing in school.

Services at Falkland.

There will be services in the Presbyterian church at Falkland every night next week, beginning with Sunday night, Oct. 16th. A cordial welcome is extended to all.

Some Improvements.

W. B. Greene is having a porch built around the front of his residence on Dickinson avenue.

Lost Fifteen Years.

Mr. Luther N. White has located a handsome gold watch which he lost nearly fifteen years ago, and in a few days his property will be restored to him. The discovery of the watch after this lapse of time and the means by which it was accomplished furnishes quite an interesting story.

Recently a negro preacher in Louisburg carried the watch to a jeweler in that town to have it repaired. The jeweler noticed that it was of expensive workmanship and examined it closely. He found that it had at one time been repaired at the store of H. Mahler's Sons, so he wrote her making inquiries. Mr. Mahler, after referring to his books, reported the matter to Mr. L. N. White. Mr. White sent a full description to the Louisburg jeweler and he replied that the watch was the same one Mr. White lost. In this way Mr. White will soon recover the watch which is supposed to have been taken from his store or the premises years ago.—Raleigh Times.

Join the Procession.

Every township in the county should try to have the largest number of horseback riders in the procession at the Glenn rally in Greenville on Saturday, 22nd. Make it a big day and give our next governor a royal greeting.

Educational Rally at Grifton.

There will be an educational rally at Grifton on Friday night, 14th. Addresses will be made by Profs. Dove and Ragsdale and perhaps others. The school will begin in the new building on Monday following the rally.

Mr. Ames Dead.

Mr. L. D. Ames died last week at his home near Portsmouth, Va. He was 80 years old. He was the father of Mrs. W. B. Brown, of Greenville, and used to spend much of his time here during the winter months.

DR. GRIMES A DEMOCRAT.

Eccl. N. C., Oct. 10, 1904.

EDITOR REFLECTOR:

Kindly state to the public that the use of my name in the Populist convention was without my knowledge or consent—that I have had no sympathy with the movement since it fused with the Republican party and many of the leaders became identified with that party.

I can see nothing in the present movement except to weaken, to a very small degree, the Democratic party. I cannot under any circumstances help the Republican party, which has tried so hard to humiliate the southern white people.

I shall vote the Democratic ticket as I have always done, except at one election, and don't want any office under the sun.

WINSTON SALEM, N. C., March 9th., 1904.

Mr. Chas. M. Stieff, Charlotte, N. C., Dear Sir:—It is a little unusual to file an order this late in the season, but we find that the more Steiff Pianos which we add to our music department, the better the results attained in the work. We have added quite a number of your instruments during the last few years, and they have all given good satisfaction. It requires a piano of unusual merit for the constant use which all practice pianos have within our school, but we are glad to be able to say that your instruments have stood the test, and we will continue to purchase from your firm from time to time as the need arises.

I think there are about a dozen now in the school.

J. H. CLEWELL, Principal.

A rare and magnificent display of these pianos can now be seen and heard at Greenville, at lowest factory prices and easiest terms. We also have on the floor several slightly used upright pianos at prices ranging from \$175.00 to \$225.00. Each instrument is guaranteed for 10 years.

We also have a fine display of organs at surprising low figures ranging in price from \$35.00 and up. They are fully guaranteed.

This factory sale will positively close before many more days, when factory prices will promptly withdrawn, and if you have any earthly use for either piano or organ it will pay you to take a look around.

When in Greenville Miss Bessie Patrick, who is associated with us during our stay here, will be glad to give you figures ranging in price from \$35.00 and up.

Truth in Preference to Fiction

Sunday's Raleigh News and Observer sent out as a supplement a pretty lithograph picture of Judge Parker and his family.

Tom Watson, Populist nominee for president, has given the country a long letter of acceptance. He slaps at Parker and tickles Roosevelt.

The Republicans in this state have actually resorted to the circulation of negro cartoons. Such amusing things do occur in these times.

A new Republican paper has been started in Raleigh. While the Enterprise is here we do not see the need of another of the same stripe.

Roosevelt's only gain is in avoiding duels. It is said he has claimed up to 212 pounds. Guess he will feel small enough after the 8th of November.

We cannot say what condition the farmers are in to hold their cotton, but there are plenty of predictions that it will sell for 12 1/2 cents before another planting time comes.

We hardly see the need of trial by court martial of the soldiers at Statesboro, Ga., for not shooting when they had been instructed not to shoot. Looks like they obeyed orders.

It should be the aim of every township in the county to cast the largest vote possible in the coming election, so as to increase the number of delegates to which the township is entitled in county conventions. The number of delegates is based upon the number of votes cast, so that the larger the vote is in each township the greater number of delegates the township can have. Let every township do its best.

GEN. RANSOM DEAD.

Ex-Senator Matt. W. Ransom, North Carolina's foremost citizen and greatest statesman, died suddenly Saturday morning at his home in Northampton county. He was 78 years old the day of his death.

Gen. M. W. Ransom was born on Oct. 8, 1826, in Warren county. He became Attorney General for the state of North Carolina in 1852, being only 26 years of age at the time, thus being the youngest man to hold this position in the history of the State. By reason of Governor Vance being unable to qualify as Senator after his election, Gen. Ransom became United States Senator in 1872, which position he held constantly until 1895, immediately after which he was appointed United States minister to Mexico, in which capacity he served for two years. He was a member of the board of arbitration in the Venezuelan troubles with Mexico.

He leaves five sons and one daughter and a wife. He was probably the largest landowner in the State, the acreage being variously estimated from 14,000 to 18,000, in fact, he recently remarked: "There is only one person who knows how much land I own and that is myself."

In both public and private life and in the Confederate army General Ransom was a great man, and his reputation covered the bounds of the nation. The influence he wielded in the United States Senate was equalled by few men. He lived to a good age and measured a useful life, and to the grave was crowned with the honor and love of his fellow men.

There is time enough yet for the Populists and Republicans to get together on their county ticket, which they will doubtless do before the election comes. But their united strength cannot make much show, and will only be an incentive to the otherwise stay-at-home Democrats to come out and vote. And let us say in passing that every Democrat in the county should go to the polls and vote on the 8th of November. No matter if the ticket is going to be elected anyway, put in your ballot to swell the vote as large as possible. On the basis of the vote cast for governor in the coming election will the county's standing in conventions during the next four years be determined. The number of delegates in these conventions will be on a ratio of the votes cast. Therefore let every township in the county bring out the full vote.

It is said ex-President Cleveland is about to yield to the pressure and will make one speech in New York in the interest of Democracy. The old man will certainly say something if he speaks.

EVERY DEMOCRAT SHOULD SUPPORT THE NOMINEES OF HIS PARTY.

The REFLECTOR will give a warm and cordial support to the nominees of the Democratic party from president down to township constable, and it is our purpose to give, from time to time, some reasons for the faith that is in us.

Our county candidates and county canvass come nearest to us and we will first try to demonstrate that it is not only our duty but that it is likewise the duty of every Democrat in the county to vote for their candidates.

There was assembled in Greenville on Sept. 15th, 1904, a great Democratic convention. It was composed of delegates appointed from every township in the county. How were these delegates chosen? By the Democratic voters themselves.

It had been fully advertised all over the county that meetings would be held in each township on Saturday, the 10th of September, at two o'clock, P. M., for the purpose of appointing delegates to the county convention. Every Democratic voter in each township had the opportunity of attending his township meeting and participating in the selection of these delegates if he chose to do so. As a matter of fact large numbers of them did attend. So when the delegates assembled in Greenville on the 15th of September they came direct from the people and had full authority to represent them in the selection of candidates. In all instances when the voters in their township meetings had expressed a preference for any particular candidate this preference was faithfully adhered to. The convention thus chosen proceeded to name the following candidates:

For the senate, James L. Fleming, of Greenville.

For the house of representatives, Joseph J. Laughinghouse, of Greenville, and J. B. Little, of Pactolus.

For sheriff, Leon W. Tucker, of Choccol.

For treasurer, Samuel T. White, of Greenville.

For register of deeds, Richard Williams, of Greenville.

For county commissioners, John J. Elks, of Choccol; John R. Barnhill, of Pactolus; John W. Page, of Carolina; John R. Spier, of Contentnea; and William R. Ilrue, of Parsonville.

For surveyor, John D. Cox, of Contentnea.

For coroner, Dr. William Fountain, of Greenville.

Every Democrat in the county had the opportunity to take part in the selection of candidates and we steadfastly maintain that it is the duty of every Democrat to be at the polls on the day of election and vote for the persons named by the convention. We did not all get our choice. That was impossible. The REFLECTOR did not get its choice but what matters that. We are just as much in honor bound to support those whose nomination we opposed as we are those whose nomination we favored. They were all named by the same convention and are the nominees of the party. We fought it out in the primaries and in the convention and that should be the end of the fight by all men calling themselves Democrats. From the moment the convention adjourned it became the duty of all of us to close up our ranks, touch elbows and march in solid column under the Democratic banner against a common enemy to a glorious victory. We shall urge this duty upon our Democratic brethren, and while we shall do this with earnestness we trust we shall also be able to do it in kindness.

First of the season—Malaga grapes at S. M. Schultz.

THE COLONEL ON THE PIKE.

He is Taking in the Big Fair.

St. Louis, Mo., Oct. 8th, 1904.

EDITOR REFLECTOR:

When Uncle Sam, a few years ago, made that little deal of the Louisiana Purchase, some of the sap-head pessimists were disposed to make ugly faces and ugly remarks. In fact there is a record of some things not pious said. Well, they did not know what our old Uncle Sammy was looking out for. What a pity some of them are not here today, the greatest day of the fair—Chicago and Maine day. Sorry they are not.

I am more profoundly glad and proud of being an American than ever before in my short life. This is a great occasion for America, and all nations are here doing homage to Uncle Sam. If the Philippines and Hawaii turn out as well as the little deal made 100 years ago, then there is luck in dealing in real estate, even from the home base. Had the St. Louis world's fair taken place in 1859 or 60 the war between the states would never have been.

Everybody is here, everybody is in good humor, all brothers and sisters in the same household of faith. This is the greatest nation this side of sundown, and no one will dispute it if he comes to St. Louis this month. In fact there is too much here, for all Americans want to see and know at once—and it simply can't be done. A fellow with an American inquiring mind gets tired too quick in trying to take it all in. I get breakfast and get back to my room at—well, after supper, and then I know how tired I am.

The Pike, the Pike, Oh, the Pike! From 6:30 to 12 a radiance of splendor and a throbbing mob of humanity—men and women, sweet hearts and old maids, widows and widowers, rushing, pushing, scrambling to take it all in. I took in blades yesterday from start to finish, and it is a huge fake just like I expected. There are many other fakes but many, very many, fine things worth the money. I have seen my money's worth if I stop now—but I am here to see and am seeing all that there is and having a right good time for an "old colt."

A fine specimen of man and I would mankind are here and in great numbers—all sorts and kinds of men and women—and when the thinking man takes it seriously his heart swells with emotion and says three cheers for America, the only nation in the galaxy.

North Carolina seems to be the poorest state here from the amount of show she makes in the exterior, but don't forget when the awards are made the old North State will be ahead of the hounds. The "State of Pitt" and Greenville is advertised more than any other county to the passer by. There is a big tablet on the old cabin that is under the dome telling that we are the biggest growers of bright tobacco in the world. I heard a fellow with his girl say in passing, "Where is Pitt?" I proceeded to tell them in my own particular style, and when I was through they asked me if I owned the county. I told them yes, for the time being.

Well, if I tell you all I know I won't have anything to say next time, so good bye. But oh, the Pike, the Pike, the Pike.

I. A. Stagg.

It looks as if the republicans had given up New York to the democrats on the state election and that they have small hope of carrying the state for Roosevelt.—Wilmington Messenger.

Subscriptions to all papers and magazines are taken at Reflector Book Store. You can save yourself the trouble of writing if you remember this.

THE PITT COUNTY RESOLUTION.

The Greenville REFLECTOR corrects those of its contemporaries—one of whom The Observer was which—

which had published that the recent Pitt county Democratic convention had, before making nominations, adopted a resolution instructing the nominees to be for the legislature to urge a bill giving that county a vote on the Watts law. The REFLECTOR says that the convention adopted no resolutions at all. How do such things get a-going? The Wilmington Messenger printed what purported to be the very language of a preamble and resolution, of this import, adopted by the Pitt county convention, and The Observer copied it. It is certain that The Messenger did not fabricate the story, but it appears to be equally certain that somebody did.—Charlotte Observer.

Of course The Messenger did not fabricate this story. It could not have done so, for two reasons—the statement that the Pitt county convention had adopted such a resolution appeared in a state paper, which published the resolution, one or more days before it was copied from that paper in The Messenger. For another reason it could not have been fabricated by The Messenger—the proprietors of this paper and the men they employ on its staff are gentlemen of honesty and integrity. The latter are not given to fabricating news items nor would the former allow it were they so inclined. The Messenger is a clean, honest sheet (if we do say it ourselves) not given to fabricating items or by cowardly innuendo insinuating falsehood against other members of the newspaper fraternity of the state. We thank The Observer for its positive assertion of confidence in The Messenger's integrity in this matter. It would be better if all of the papers were as honest and truthful and as free from venom and spite.

The only way we can account for the appearance of the item in the paper which first published it is that the reporter of that paper made a mistake in saying such resolution was adopted instead of saying it had been introduced, but not acted upon, as we learn from the Greenville REFLECTOR were the facts. It was an unfortunate mistake, but it was not of the Messenger's making. We made announcement of this matter last Wednesday, but some editors were quick to take us up on the error have not had the courtesy to notice our correction.—Wilmington Messenger.

A negro who was in the recorder's court of this city yesterday for trespassing upon the freight yard of the Southern Railway, had it developed on the trial, objected to the sharp manner in which a policeman had warned him off, and told him that he wanted to be addressed like a gentleman. This is a reminder of the estimable Mr. Arthur Bishop. It will be recalled that just before he killed Wilson in this city a year or so ago, he called his attention to the fact that he was a gentleman, and objected to being ordered out of Wilson's house where he was drinking wine at a late hour of the night. The word is much appropriated by those who are least able to establish title to it.—Charlotte Observer.

On the day after the election the people are likely to go on with their usual vocations, confident, which ever way it goes, that the country is not in immediate danger. And, of course, it will not be. It is the remote dangers that are to be feared. Governments do not break up in a day. It is the part of wisdom to take a safe and conservative man. This suggests that you support Judge Parker.—Durham Sun.

OUR SHOE STORE IS A VERY INTERESTING PLACE

We claim to have the largest and most complete stock of shoes in this town. We are now showing large variety of styles in the best makes for Men, Women, Children and Infants. We can't tell you much about them in this space, but we want to call your attention to the famous

Ralston Health Shoes For Men.

All of the Style and the most Comfort

It is easy enough to cry "Best" but that which convinces is the test. We make strong claims for this shoe, and ask a trial that our claims may be proven. We claim a unique, common sense sole construction, found in no other shoe. A system of last modeling which makes a shoe that fits the foot as nature intended. We also claim that while quantity of material and workmanship may possibly be equaled, they cannot be excelled at the price, and that as good a shoe cannot be made and is not sold for less. They are, however, the tangible results of many years study of the highly complex needs of the human foot. They appeal to common sense and warrant a trial by every one who desires foot comfort and good service combined.

A New Postal Order.

Under an order signed by the postmaster general a few days ago, an innovation was made in the postal service by which identical pieces of mail matter of the third and fourth class may be mailed with out postage stamps affixed thereto. Congress during the last session made provision for the transmission in the mails of quantities of not less than 2,000 identical pieces of this character of mail, and the present order is in pursuance of that act. All persons, firms, or corporations desiring to avail themselves of the new privilege must make application therefor to their postmasters, who will, after first receiving authority from the department, issue a permit covering the conditions under which the matter may be sent with stamps. In all cases postage on the entire quantity of mail must be paid in money at the time it is presented at the postoffice.

A Little War Tragedy.

In the Franco-Prussian war a French gunner was commended by his colonel to fire on a small house which was believed to be a retreat of the enemy, says The Standard Churchman.

"Try it with a shell my man," said the officer.

With pale face Pierre obeyed. He sighted his piece deliberately and accurately, then fired it.

"Well hit, my man, well hit," said the officer, as he looked through his glass. "That cottage could not have been very solid. It's completely smashed."

Turning around, he noticed a tear stealing down the gunner's cheek. Why, what's the matter?" he exclaimed, roughly.

"Pardon me, colonel," was the answer. "It was my own little house—everything I had in the world."

Our special representative, Mr. J. A. Turner, will be in Pitt and the adjoining counties for some time for the purpose of collecting for the Tobacco Planters' Mutual Health Insurance Co. HANCOCK'S LIQUID SULPHUR

The Best Blood Purifier Known, Invaluable as a Wash

Sulphur is nature's greatest germicide. Its value has been known for centuries, but it was never successfully produced as a liquid until the discovery of the method of making Hancock's Liquid Sulphur. It is the best blood purifier known. Hancock's Liquid Sulphur will save doctors' bills and make clear, brilliant complexions. Taken internally it is invaluable in the spring. Used as a wash it kills germs, and cures and heals eczema, acne, itch, dandruff, pruritus, heat, diphtheria, catarrh, cuts, burns, scalds, and all inflammation and sores. Ask your druggist for it or write for booklet to Hancock's Liquid Sulphur, Baltimore, Md.

LETTER TO C. T. MUNFORD.

Greenville, N. C.

Dear Sir: A great many people will see your house in the course of the next ten years. We want it to show what Devoe lead-and-zinc will do. We should like you to paint it, and then not paint it again for ten years—unless it needs repainting.

We'd like such a sample as that in every town in the country—with a notice about it in the local paper: "Mr. —'s house was painted ten years ago with Devoe lead-and-zinc, and has never been repainted. The color is not so bright as it was; but the paint is as perfect a coat as ever, to keep out water."

A good lead-and-zinc job is expected to last three years; it is a good one that lasts three years; it generally does not. Devoe lead-and-zinc lasts twice as long, if not—

"If you have any fault to find with this paint, either now in putting it on, or here after in the wear, tell your dealer about it."

"We authorize him to do what is right at our expense."

"We want your house as a sample, and you as a witness."

Yours truly

Mrs. C. H. Langston and Miss Annie McGlowhorn went to Ayden Friday.

Wine and Women.

That is the text. The sermon is brief and is found in the arrest in New York a day or so ago, of Edward M. Field a son of Cyrus W. Field, who, unshaved, unkempt and looking like a veritable tramp, was arraigned before a magistrate on charge of stealing an overcoat.

"In the motley crowd of drunks and outcasts that filled the court room," says one account "few would have recognized Field as the once prosperous business man who owned a fine home and had plenty of friends. When taken into court Field wore a dirty shirt minus a collar, which he concealed by drawing his threadbare soiled coat about him. His eyes had a wild, glassy stare. His bloated countenance told of dissipation. When arraigned Field, in a shaky voice, gave his age as 49 and his business as a broker. When he was led across the bridge to the prison he said to the detective: "Try and get bail for me if you can, but if you can't, never mind; the three meals I will get in the prison will be a godsend."

Wine and women is the text. The pitiable plight of a man who started out in early life as a "high flyer," is the sermon.—Charlotte Chronicle.

Gold Medal Offered.

Hon. J. Bryan Grimes continues the offer of the "Olivia Grimes" Medal for the best paper on history. The following conditions must be complied with if you desire to contest for it.

All names of those who wish to enter the contest must be sent to me by December 1, 1904. All papers must be in my hands by February 1, 1905. All those who write must confine their papers to unwritten North Carolina, or unwritten Pitt county history. The papers when sent in are to be the property of the Board of Education. Any person under twenty-one years old who is a pupil of any school in the county may enter the contest.

All teachers are urged to encourage their pupils to contest for this medal. I would like to see one hundred boys and girls enter this contest with a determination to win. Mr. Grimes is offering the medal as a stimulus to the study of history, and is thereby doing much along this line in his native county. Send in your names by Dec. 1, 1904 and your papers by Feb. 1, 1905, and win this beautiful medal.

The Corn Fair.

Considering the short time it had been under consideration, there was a right good number of farmers here today at the corn fair. Several of them brought fine specimens of corn to exhibit. C. B. Williams, of the state agricultural department, was here and made an instructive talk on corn culture.

We hope this is the beginning of a permanent association among the farmers of Pitt county. We believe meetings of this kind at which specimens of their crops are exhibited and methods of cultivation are discussed will be beneficial to all who attend.

Let a Coffin Against a Hat on the Election.

One of the most peculiar election bets that has been recorded to date was made yesterday. A prominent undertaker of the city, who is also a very enthusiastic supporter of Parker and Davis, bet \$65 coffin against a \$5 hat that Parker and Davis would be elected.

The bet was duly recorded and witnessed, and if Roosevelt is elected the other gentleman will have supplied himself with a funeral box, at least.—Elizabeth City Economist.

CURE FOR SMALLPOX.

The Remedy May be Worth Trying.

THE REFLECTOR has printed this before sometime in the past when smallpox was being discussed but just now, as there seems to be some danger from the disease, it will bear printing again. We do not know how old the recipe is, but doubtless it had its origin years ago. It is better to be vaccinated and thus prevent smallpox, but if you will not do that and catch the disease just so, this is said to be a remedy. Here is the article.

"A correspondent of the Stockton (Ga.) Herald writes as follows: I herewith append a recipe which has been used to my knowledge in hundreds of cases. It will prevent or cure the smallpox through the pittings are filling. When Jenner discovered cowpox in England, the world of science hurled an avalanche of fame upon his head, but when the most scientific school in the world, that of Paris—published this recipe as a panacea for smallpox, it passed unheeded. It is as unerring a fate, and conquers in every instance. It is harmless when taken by a well person. It will also cure scarlet fever; here it is as I have used to cure smallpox; when learned physicians said the patient must die, it cured: Sulphate of zinc, one grain; foxglove, (digitalis), one grain; half teaspoonful of sugar; mix with two tablespoonfuls of water. Take a spoonful every hour. Either disease will disappear in twelve hours. For a child, smaller doses, according to age. If counties would compel their physicians to use this, there would be no need of pest houses. If you value advice and experience, use this recipe for that terrible disease."

No Genius For Politics.

The Republican party in North Carolina will cut a sorry figure in the election returns. The reason is that it has not courage of its convictions. The leaders think they would like to do something, but they seem to take it for granted that the only thing in sight is to make a deal with Democrats who may be afflicted with dissatisfaction on account of some local friction. It is with the greatest confidence that we assure them that they can not make any inroads on the Democratic party by such tactics; and if that plan of procedure represents the extent of their genius for politics their party will grow smaller by degrees and beautifully less until all that will be left of it will be the federal office holders and the few who are ranging up to the pie counter with their mouths wide open.—Raleigh Post.

Beaten and Robbed.

Greensboro, N. C., Oct. 12.—J. W. Smith, of Spray, N. C., was beaten and robbed here last night by toughs at the fair with whom he had made acquaintance. He was robbed of \$74 and was knocked senseless in a back street. His injuries are not permanent. No clue to the robbers has yet been found.

Nine Thousand Nine Hundred and Eighty Four Killed on Railroads.

Accidents on railroads cost 9,984 lives lost in the United States last year, according to statistics gathered by the Inter-State Commerce Commission. The commission began to keep statistics of fatal casualties in 1894. Since that year 78,152 persons have been killed in the United States on railroads.

It is clear from the yearly reports that the number is increasing. The total this year is the highest for any year since the commission began to take the figures. The yearly number of deaths from railroad accidents in the past decade appears in the following returns:

1895, 6,136; 1896, 5,845; 1897, 6,457; 1898, 6,859; 1899, 7,123; 1900, 7,865; 1901, 8,455; 1902, 8,588; 1903, 9,840; 1904, 9,984.

The commission is concerned only with the loss of life and makes no return on the number of cars destroyed or the amount of property lost by railroad accidents. It is well known, however, that the grand total is well up in the millions.

The commission has just received reports from England on railway casualties. The English have less than 50,000 miles of track to our 200,000, yet they do a greater per mile business than we do, and there was not one passenger killed last year.

TO THE PUBLIC.

I have learned that at the Populist meeting in Greenville on the 8th inst. I was nominated as a candidate for county commissioner. This was done without my knowledge or consent, and I wish it to be understood that I am not a candidate for said office. I am a Democrat and shall support the Democratic ticket. W. L. SMITH.

Removal.

I have moved my stock of goods from Grimsland to Calico, and will be glad to have all persons wishing to buy to call and examine my nice line of new dress goods before purchasing elsewhere.
