Don't Trap Him.

Stories of surprises in cross-examination were exchanged in a small group of men the other day, and the following was sprung by an Illinois man: "Years ago one of the prominent lawyers of central Illinois was D. G. Tunnell, afterward justice of the State Supreme Court. Tunnell was a great wit and a very smooth article on cross-examination. He did not often get the worst of it from anybody. He seldom attempted bulldozing in cross-examination, but could back an unwary man into almost any admission. One day Tunnell had an old farmer named Dave Brown on the opposite side, and the value of the old man's testimony depended upon his claim that he could not read. It was believed that he could read a little, and Tunnell tried to trap him. After several adroit efforts, which old Dave neatly sidestepped, the lawyer changed the subject and wandered away from the leading question. Suddenly he asked: "Have you a Bible in your house, Mr. Brown?" "Yes, sir—a family Bible. Had it for years." "I'm glad to hear that. Every good man should have a Bible in his home. You use your Bible, I hope?"

Peril of Corrupt Politics.

If an end is put to the practice of corrupting voters the United States will soon have the evil distinction of possessing the most venal electorate in the world. There is scarcely a "doubtful State" in which there are not large numbers of electors whose ballots are for sale to the highest bidder. It is to this class to which the "practical politician" addresses himself. Their votes count for as much as the votes of the wisest and best men in the community. The price paid them for their venality has been steadily rising to the successive campaigns. They constitute now a permanently venal class, and their votes have to be reckoned with in every election. The vote of the clergyman, the professional or business man, the student, the mechanic, the clerk, the farmer—indeed, of any honest man with convictions on political issues—may be offset by the ballot of a man who hawks his vote around and sells it to the purchaser who can afford to pay most for it.—Baltimore Sun.

Valuable Suggestions to the Man With a Wife.

A woman may see a man in a haste, but man chooses his wife at leisure. It is to be supposed that when a man asks a woman to marry him he has decided that he cannot live without her, says The Kansas City World. If he can't live without her it is certainly his duty to do his best to live with her. This is not always so easy as it sounds. Here are a few simple rules for the wise husband. If your wife frowns at you smile at her. If she smiles at you laugh with her. If she is angry soothe her. If she is gracious thank her. If she is wise praise her. If she is extravagant explain to her. If she sacrifices her pleasures for you be generous with her. If she is beautiful appreciate her. If she cooks well compliment her. If she is lonely stay at home with her. If she is tired tend her. If she doubts you be frank with her. If she grieves be tender with her. If she is hysterical ignore her. If she deceives you be harsh with her. If she is sassy kiss her. If she is good adore her.

Move the Furniture Around When It Can't be Replaced With New.

One bright woman changes the position of the furniture once a year when she cannot afford to make new purchases. The thought is a happy one, for sameness of arrangement, the same old things in the same old places, is often conducive to mental weariness, and changing the position of things gives new life to the room. Even if it does no more than satisfy you with the previous arrangement, it has accomplished some good.

LETTER TO G. E. HARRISS.

Greenville, N. C.

Dear Sir: It costs two or three times as much to put paint on as to buy it. A gallon of poor paint costs as much as a gallon of good, for the work; and a gallon of poor paint don't go half as far. Poor paint lasts half or a third or a quarter as long as good; and protects wood and iron a half or a third or quarter as well as good.

Do you buy good paint or poor? You don't know any more? Why, the market is full of it! All Devco agents have a state chemist's certificate which tells just what's in Devco.

Go by the name; the one safe name; Devco lead-and-zinc.

TWO ABLE SERMONS.

One to Young Men Especially Fine.

Rev. J. T. Jenkins, of Wilson, one of the state's most gifted preachers, delighted the Baptist congregation Sunday with two as good sermons as were ever delivered in Greenville. The morning sermon was addressed to Christians. The tribute to character was masterfully presented, while the appeal for purity of life was heart searching.

The service at night was under the auspices of the Baraca class. A large and appreciative congregation listened to the eloquent and stirring words of Mr. Jenkins. The sermon was taken from the 9th verse of the 119th Psalm: "Whither shall a young man cleanse his way? by taking heed thereto according to thy word."

The speaker said in part: "The thrilling history of a young man is the history of a young man. Almost everything that is great is done in youth." To verify the statements he mentioned many examples that beautify the pages of history.

Young men, said he, should possess high aims, with an unwavering and an unmovable courage and firmness. God has ordained that you must pay the price would you wear the laurel; would you unlock the portals of life you must turn the key. Toil, labor, conflict, these sanctify. The places where you wrought hardest become the brightest in memory. It takes time to build a character. Mushrooms grow in a night, in a night they die. Oaks grow for years, they stand for centuries.

"Heaven is not reached by a single bound. We build the ladder by which we rise. From the lonely earth to the vaulted skies; And reach the summit round by round."

"The first and best of victories," says Plato, "is for a man to conquer himself; to be conquered by himself is of all things the most shameful and vile." After the speaker gave many examples from history and literature that failed to conquer self, he enforced another thought that if we would evolve ideals into realities we must be mindful of the problem of time. He who kills time must pay the penalty of failure. On the face of the great clock of time is but one word—Now.

We should focalize our faculties upon a definite object. Not many things indifferently but one thing supremely is the demand of the hour. He who scatters his efforts in this intense concentrated age cannot hope to succeed.

There must be an iron will for facing difficulties. There is nothing impossible to him who will try. High ideals, concentration and determination will bring success.

After the speaker told the story of Creon, the Greek slave, who overcame all obstacles and became famous, the address was concluded thus: "To the noble youth of Greenville I would say, gather up the wasted fragments of your energies, place your feet upon the unflinching foundation, key up your courage with a noble purpose, and launch forth determined to succeed and though you may be branded for a time as a fanatic, you will succeed."

The congregation is under last. Tag obligations to the Baraca class for so delightful a service.

State Officers Negligent

Revenue Collector Dwyer, who is looking after republican politics for eastern North Carolina, is looking about the enforcement of the Watts law, says that none of the state officials have ever examined what is known as Record No. 10 in his office, which shows the persons who have paid special taxes for the sale of liquor. He says that in nine cases out of ten where sales of liquor are made in Watts law territory the government has got its tax, the liquor being sold in defiance of the state law. In other words, the revenue department has seen that its law has been complied with and that the federal tax has been paid. The records contain a complete list and is really the only thing open to the general public.—Raleigh Cor. Charlotte Observer.

* Paid the Cost and Were Vaccinated.

Saturday three colored men living on the north side of the river were arraigned before Justice H. Harding on warrants for refusing to be vaccinated. Each of the defendants pleaded guilty, and the judgment of the court was that they pay the cost and submit to vaccination. It is very unwise for a person needing it to refuse to be vaccinated when a physician goes to them for that purpose under the direction of the superintendent of health.

NOTES FROM BETHEL.

BETHEL, N. C., Oct. 18th, 1904.

The carnival at Tarboro has been a drawing card for the young people of Bethel.

Misses Lizzie and Blanch Mayo, and Mattie and Effie Grimes report a pleasant time in Tarboro. Miss Maggie Nelson is improving. The teachers and pupils will be glad to welcome her back to her work.

Mr. Grey of Scotland Neck, who has been clerking for Mr. Blount a few days, has returned to his home. He was making many friends here.

Theron Britton has returned from the exposition at St. Louis. His brother, Tom, from Texas, came with him to visit his parents here.

Prof. W. H. Ragsdale spent Monday at the graded school. The teachers, pupils and friends of the school are always glad to see him.

Mr. Price, of Williamson, has entered the school here.

Mr. Barker preached an able sermon at the Methodist church Sunday evening.

The Bethel Banking and Trust Co. is the talk of all the business men in and around Bethel. The business and deposits for the first week surpassed the expectations of the most sanguine friends. They say a bank pays—the business man.

There will be an entertainment at the academy Friday evening, consisting of music, debate by the girls, and a spelling bee. No charge.

Where the Victory Perched.

A dispute had arisen in the Ferguson family.

Mr. Ferguson wished to invite Aunt Abigail to come and spend the winter at his house. His wife objected.

"She's a vinegary old maid," said Mrs. Ferguson, "and I don't want her here. We've got enough to do to support ourselves, without having another mouth to feed."

"I'm able to look out for that. I want you to understand, Laura, that I'm the breadwinner for this family, and I say she shall come."

"And I want you to understand George Ferguson, that I'm the breadmaker for this family, and I say she shall not!"

Aunt Abigail didn't come.—Chicago Tribune.

Are You Helping to Bury Your Town.

A town that never has anything to do in public way is on the road to the cemetery. Any citizen who will do nothing for his town is helping to dig the grave. A man who will cuss his town furnishes the coffin. The one who is so selfish as to have no time from his business to give to the city affairs is making the shroud. The merchant who will not advertise is driving the hearse. The man who is always pulling back from any public enterprise throws bouquets on the grave.

The man who is so stingy and selfish as to be always howling hard times preaches the funeral and sings the doxology, and if his town lies buried free from all sorrow and care.—Ex.

It is to the credit of the Catholic church that it has never yielded to compromise with the spirit of license that borrows "liberty's" name to wreck homes and leave innocent children unparented. Severe its rule may be called, not weak or tempering. If the Episcopal church, not to antagonize the civil law but to set its own house in order, lays a stricter rule upon its members, the advocates of divorce reform everywhere will be encouraged in their efforts for national uniformity of enactment to check if not to cure an evil that merces the very basis of our civilization.—N. the people of North Carolina and the Howard Improvement Company that Gov. Thomas J. Jarvis has been made a director of the company. Gov. Child Badly Hurt.

Miss Mary Lucy Dupree, little daughter of Mrs. J. D. Dupree, met with a severe accident Tuesday afternoon. After school in company with several other children she was walking up the railroad to the water works site near the river. They saw a freight train moving along the track and while running to get out of the way she fell down and cut her face terribly.

County Canvass.

The Democratic county candidates began their canvass last week, speaking at Fountain Friday and at Farmville Saturday. There were not many people out at Fountain, but a large crowd heard them at Farmville. The principal speakers among the candidates are the gentlemen upon the legislative ticket and these made good speeches.

Prognostications.

The Washington Post, after long
commentary on what sort of
weather we may expect during the
imminent winter continues:

"The Charlotte Observer says:
'When you see an experienced sow
scurrying around about sunset with
her mouth full of straw, look out
for cold weather.' The Jefferson
Implicite stands by the time-hon-
ored proposition an early gathering
of field rats in the corn crib mean-
ice and a whole lot of it.

"As the esteemed Charlotte Ob-
server admits, however, though
after some diguified hesitation, the
final verdict must be sought in the
goose bone. Other clairvoyants and
prophets may be discredited by
acts. These shortcomings have
been explained at various times
and with more or less success. But
the great heart of the people turns
to the goose bone in the hour of
incertitude, and what the country
now demands is an oracle from
that cave. Having no goose bone
of our own, we appeal to the first
wise acre who sees these lines. Is
the winter of 1904-05 to be hard or
soft?"

The Observer had as well com-
mit itself; it is going to be a hard
winter. Not only have we con-
ferred with our goose bone and
east our eye up into the log-leaf
pine to see it crowded with burrs,
but we have noted the hickories
and walnuts—how laden they are
with nuts. Now, these are nature's
provisions for the poor married
man. Mild winters, when his
children may fish or graze after
lunch, she lets them shift for
themselves. But for hard winters
she pulls off her hickories and
walnuts. This is nature's way of
encouraging matrimony.

We have not seen the experi-
enced sow yet. She waits until the
last moment to operate. You
needn't expect to see her collecting
straw and scurrying around until
she thinks Senator Fairbanks is
coming with his cold wave.—Char-
lotte Observer.

REV. J. H. CLEWELL, Ph. D., Principal.

WINSTON SALEM, N. C., March 9th., 1904.

Mr. Chas. M. Stiefe, Charlotte, N. C.

Dear Sir:—It is a little unusual to file an order this late
in the season, but we find that the more Stiefe Pianos which
we add to our music department, the better the results at-
tained in the work. We have added quite a number of your
instruments during the last few years, and they have all
given good satisfaction. It requires a piano of unusual merit
for the constant use which all practice pianos have within our
school, but we are glad to be able to say that your instru-
ments have stood the test, and we will continue to purchase
from your firm from time to time as the need arises.
I think there are about a dozen now in the school.

Truth in Preference to Fiction

GREENVILLE, PITT COUNTY, N. C., FRIDAY, OCTOBER 21, 1904

Durham is finding plenty to do in the way of hunting blind tigers.

The Charlotte Chronicle has put on new head gear for the winter.

Roosevelt is doomed now for sure. Dowie has gone to speaking for him.

Wilmington is getting interested in establishing a naval school in that city.

Raleigh is up against auditorium talk again. It is like smallpox—breaks out once in awhile.

It is about time for Raleigh to be furnishing some more pick-pocket news in connection with the fair.

If the churches continue their opposition to the re-marrying of divorced persons there may be lessening of the evil.

Thos. E. Watson, the Populist candidate for President, has cancelled his engagement to speak in Tarboro on the 27th.

If the Japanese put in a few more such licks on the Russians as they did last week the war will not be long coming to an end.

The three great tobacco companies, the American, the Continental and the Consolidated, are trying to merge into one big company.

New York has had another of those horrible tenement fires in which several people lost their lives. The city appears to be filled with fire traps.

Governor Chamberlain, of Connecticut, and a party traveling with him, have been spending a few days in Asheville. The mountain city gave them a royal reception.

The Japanese are getting the best of it now. In the battles last week they killed about thirty thousand Russians besides capturing many guns and a large quantity of ammunition.

Cortelyou says the victory for the Republican candidate is all over except the shouting. Unless signs fail the shouting will be on the other side of the house on the night of November 8th.

Raleigh people are becoming aroused on the subject of ridding the city of the large number of disorderly houses that exist there. A large meeting with that purpose in view was held in one of the churches Sunday night.

While attending church in Davidson county, Sunday, Clay Grubb shot and killed O. L. Davis. They were brothers-in-law and both well

MORE ABOUT THE FAIR.

ST. LOUIS, MO., Oct. 14.

EDITOR REFLECTOR:

After many days—and you know one day is as a thousand years and a thousand years as one day—I am again talking to you. Where I left off with the first lesson I do not remember, but there are so many places where one can break off here and begin again it does not seem he has lost the thread, and if he has lost it he finds another one so easily, especially by paying from 5 cents to \$5 that it does not make a great difference.

We, our party, are all alive and have escaped the fair grounds and especially the pike with whole bones, no accident occurring save the minus ducats that have gone hence no more.

We have a nice party to dinner at the Jefferson hotel today. Our party is composed of Mr. and Mrs. J. F. Hill and daughter, of Darden; Mr. M. Rosenthal, of Raleigh; Miss Flora Crouch, Mrs. Peter Arrington (nee Miss Kate Pendleton, a niece of Mrs. Dr. O'Hagan), Edward Clark, L. J. Thomas, Jr., and my humble self last but not least. That we have maintained the reputation of the Tar Heel state goes without saying. They all are pleased and are glad to turn faces to the old North State. We leave for home at 8:40 tonight. Mr. and Mrs. Hill and daughter and myself will stop a day in Nashville on business. What that business—or mine—is will be known later.

If Greenville is to join in the effort to get the Atlantic Coast Line to operate double daily trains on this branch of their road it is time the merchants' association was taking some action in regard to it. The business men of Kinston are exciting themselves in the matter and Greenville should do likewise.

Lieutenant W. D. Pritchard, of this state, who was a member of the United States army at Manila, murdered a fellow officer, Lieutenant F. L. Deen, of Texas, and committed suicide. It is said he was temporarily insane when the rash deed was committed. Young Pritchard was a son of ex-Senator and now U. S. Judge Jeter C. Pritchard who has the sympathy of the entire state in his sorrow.

Mister Mandamus has come into public notice once more. This time he is bucking against having a vaccinated arm. It all comes about this way: The board of school trustees of Durham passed a rule that before any child can be permitted to enter the city schools he or she must be successfully vaccinated within two years. A citizen of the town whose children have not been vaccinated took issue with the rule of the trustees and applied to the court for a mandamus to compel the trustees to admit his children to the schools. Both sides have employed counsel and the matter will be heard before Judge Bryan at Greensboro on the 26th.

Farmers Want a Law to Enforce Labor Contracts.

The farmers who are continually worried with the labor problem say that a little legislation is needed along this line. Under the existing arrangements, the average man is powerless to enforce any contract he may make with a laborer or tenant.

To-day a Mecklenburg farmer who had been deserted by a tenant came to town to see if he could not find redress in the law, but after he had stated his case, he was told that there was no help for him. A tenant who had contracted to cultivate a portion of his farm last week, and although the farmer is greatly inconvenienced, he has no redress.

The law provides that a laborer who, after receiving advance pay or supplies, leaves his employment before completing the work he has contracted to do, may be indicted for a misdemeanor; but under any other circumstances he is safe from the law.—Charlotte Chronicle.

Hope all have missed us while away.

ISAAC A. SUGG.

The government's crop report estimates that the yield of corn this year will be 2,463,000,000 bushels, which would make it the second largest crop in the history of the country. The largest ever harvested was 2,523,000,000 bushels in 1902.—Charlotte Chronicle.

The Cortelyou Scandal.

The charge against Chairman Cortelyou of "using his official knowledge of trust crimes and a silent 'unde standing' of future immunity to secure big campaign contributions from the trusts" has grown into a scandal.

The allegation is that Mr. Cortelyou was appointed Secretary of commerce in order that he might get the trusts' secrets by virtue of his position, which he did. This puts the trusts at his mercy as Republican chairman, and with this lever, it is said, he is prizing open their coffers and helping himself.

When Mr. Cortelyou was made chairman we were told that we should for once have a clean campaign. His reputation was without blemish. President Roosevelt's strength was augmented greatly by his selection of a man so highly esteemed. This being the case nobody would have heeded the scandal if it had been merely the vapors of yellow journalism.

But when such responsible papers as The Courier-Journal, The New York Times, The Brooklyn Eagle, and many others take it up and make the charge to which there are strenuous denials by the Republican press but none by Mr. Cortelyou, it is high time that it should be given serious attention. Of course Mr. Cortelyou may mean by his silence that the scandal is beneath his notice, but the American people will not be likely to let it pass without question.

When Mr. Roosevelt's convention deliberately recognized the delegates of Addicks, who makes no secret of his purpose to buy up the vote of Delaware, and excluded the delegates of the old line Republicans of that State, it weakened the faith of the people in the immaculate honesty of the party's leader. If it was under his counsel that Addicks was recognized—and everything at the convention is said to have been under his counsel—then he has once openly countenanced corruption, and a haughty silence now will hardly satisfy the people.

We shall watch with interest for a denial by Mr. Cortelyou.—Charlotte Observer.

Professor Harding.

The many friends of the Charlotte schools will rejoice to learn that Mr. Harry P. Harding, the new principal of the north school is getting along well with his new work. The children and patrons of the school are delighted with him. He has already gotten the work well in hand, and has greatly endeared himself to the pupils.

The schools are doing a splendid work this year and especially is this true of the north school over which Mr. Harding has been placed. All interested in the school feel that he is the very man for the place.

It may be interesting in this connection to give a short account of Mr. Harding's teaching experience. He graduated at the University of North Carolina with the class of 1890, taking the A. B. course. During the next two years he was principal of the New Bern graded school. In the fall of 1901 he became Superintendent of the Oxford graded school. The next year he went back to New Bern becoming superintendent of the schools of which he had formerly been principal.

At all of these schools Mr. Harding has been very successful in his work, and left each place much to the regret of all the patrons.—Charlotte News.

We have been requested to announce that Rev. J. J. H. Griffith, Jr., finds it necessary to change his appointment at Farmville, Pitt county, from the 5th Sunday instant to next Sunday, Oct. 23d.

Warning to the Negro

As our press dispatches announce the opening wedge in the substitution of white labor for that of the negro has been placed in the work along the river front in New Orleans. There is a certain class of work in the south which always has been performed by negroes and which they have come to think is theirs by prerogative. They do not recognize the right of any other class of people to do that work. For years the employers have given passive consent to this contention on the part of the negroes. The latter have been allowed to control this work and have been humored in their contention and in the mean time have been allowed to do the work in such a negligent, slipshod way until their conduct has become unbearable. For this reason the white people who formerly were their employers have been driven to resort to white labor. If this white labor will give satisfaction it means the end of negro labor in the stevedore and longshore business in southern ports. For some time the negro laborer on the docks in southern ports has been entirely too independent for his own good or for the good of the stevedoring business. He will work when he feels like it, and nothing can induce him to do so when he is not inclined to work. The employment of the white men in New Orleans is a warning to the negro that his occupation will soon be gone unless he is more attentive to his work. And there is another warning which he should heed. The white people of the south are not going to let him live among them in idleness. He has got to work for his living, or go to the chain gang.—Wilmington Messenger.

A Weeping Elm.

The most remarkable thing you ever saw since you were born into this vale of tears was almost in front of Mrs. R. M. Oates' home, on North Tryon street yesterday afternoon. An old elm there was shedding tears conspicuously. Quite a crowd gathered to witness the performance and to speculate on its cause. Certain idealists suggested that the idiomarkation of sex prevailing among trees as well as among, this tree must have been "crazed with care and crossed in hopeless love." Certain scientists said trees bleed to death some times, but admitted that that occurs only in the spring. Churchmen alleged that the tree was weeping because of the sinners who had stayed away from church. Everybody has failed of a satisfactory explanation, the people present discharged their minds of the burden and proceeded to have a right good old gossip time together. It is to be hoped that vegetation may weep soon again, so as to call humanity together to laugh.—Charlotte Observer.

Judge Parker is a Speech Maker

The Republicans ought to be glad that Judge Parker decided not to swing around the circle on a campaign tour. His porch speech at his home Saturday, on Philippine independence, showed that many ticks like that would thoroughly arouse the conscience of the American people to the justness and importance of that position on the part of the Democratic party.

If Judge Parker were to go around the country making speeches as incisive and clear cut as his Saturday observations, it would be the Republican party that would get hurt and not Judge Parker's chances.

Every time Parker writes or speaks he furnishes the American people evidence that he is the man for President.—Wilmington Star.

GREENVILLE'S GREAT DEPARTMENT STORE.

OUR SHOE STORE IS A VERY INTERESTING PLACE

We claim to have the largest and most complete stock of shoes in this town. We are now showing large variety of styles in the best makes for Men, Women, Children and Infants. We can't tell you much about them in this space, but we want to call your attention to the famous

Ralston
Shoes #4
UNION MADE

It is easy enough to cry "Best" but that which convinces is the test. We make strong claims for this shoe, and ask a trial that our claims may be proven. We claim a unique, common sense sole construction, found in no other shoe. A system of last modeling which makes a shoe that fits the foot as nature intended.

We also claim that while quantity of material and workmanship may possibly be equaled, they cannot be excelled at the price, and that as good a shoe cannot be made and is not sold for less.

They are, however, the tangible results of many years study of the highly complex needs of the human foot. They appeal to common sense and warrant a trial by every one who desires foot comfort and good service combined.

What is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law ever slightly, pain results. Irregular living means derangement of the organs, resulting in Constipation, Headache or Liver trouble. Dr. King's New Life Pills quickly readjust this. It is gentle, yet thorough. "The political pot in New Jersey," said Robert Thom, of Jersey City, "has not been very hot until lately. Things are growing lively now. Apparently, which had been apparent, has at least given place among Democrats to hearty unity. I look for a sweeping victory for Parker and Davis and for Chas. C. Black, our candidate for governor."

Quick Arrest

J. A. Gallaghe of Verona, Ala. was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c at Wooten's Drug Store.

Former President Cleveland gives as one of his reasons for his attachment to the Democratic party is its ever-enduring qualities. Even so. Mule Colt Shipped to Gen. Ransom's Farm.

Wednesday the Henkel Live Stock Company shipped to Garysburg, Northampton county, 51 mule colts which will be placed on the late Gen. M. W. Ransom's farm.

The colts range from four to six months old and were bought from different parts of the country. They sold for an average of \$50 each.—Statesville Landmark.

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. Ask for DeWitt's, the genuine. Sold at Wooten's Drug Store.

A Power For Good

The pills that are potent in their action and pleasant in effect are Dr. Williams' Little Early Risers. W. B. Philpot, of Albany, Ga., says: "During a bilious attack I took one. Sooner it was it did me more good than calomel, blue mass or any other pill I ever took and at the same time the effect was pleasant. Little Early Risers are certainly an ideal pill." LETTER TO MAYOR W. R. PARKER.

Greenville, N. C.

Dear Sir: You are so well known that the people have put you in office. They knew what they were about: They didn't do it by accident.

Wouldn't it be a handsome thing to do to paint your house? It is a nice house, has a good substantial commodious look, and isn't rusty at all, you know; but a fresh coat of paint would make it so bright! It's a pity not to.

Deyoe is beautiful paint, but the beauty of it is: it lasts so long, and does so much more than adorn an already interesting and attractive edifice. House out buildings and fences. There isn't a man or a woman in town, who wouldn't see them and make some pleasant remark.

Of course, you will paint the town property; nothing would mark your administration more, in the eyes of the people; and, having done the same thing at home, it is the most natural thing in the world to do it for them.

Yours truly
F. W. DEYOE & Co.

BENSONIZER LUNG CURE

NO MORE EXILE FOR CONSUMPTIVES

SUMPTIVE
A Cure at Last Obtained
by St. Louis Interests

A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating the most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 115 test cases, 77 were completely cured and 28 have shown such improvement that their ultimate recovery is but a question of a few weeks.

So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish at a normal cost this cure to all sufferers of the "White Plague." One of its chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the incipient or early stages of the disease, pursue their daily vocations and still become completely cured.

Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Bensonizer, and the company which controls this marvelous medical device have located their main office at 417 North Seventh street, St. Louis. They have also located a factory on Seventh street, and a laboratory has been built at Hillside, Mo. The cure will be known as the Bensonizer Lung Cure, and Mr. C. P. Benson, the discoverer of the fluid substance which is used, will personally have charge of the affairs of the company. Mr. Benson will personally meet all who call at the office of the company on Seventh street, and will answer all communications from sufferers who are unable to make a personal call.—From the St. Louis Globe Democrat.

No. 60

R. B. GLENN DAY.

OUR NEXT GOVERNOR WITH US

The People Turn Out in Great Numbers to do Him Honor.

More beautiful weather could not have been asked for than that which favored this section for the Glenn rally today. The rain two days ago had relieved the dust, the air was bracing, the sun bright and everything auspicious for a great holiday. At an early hour people from all parts of the county began pouring into town and they continued to come through the forenoon.

The horseback procession that formed and started from in front of the court house was an imposing pageant. Among the riders were a large number of ladies dressed in white, wearing red, white and blue sashes and carrying flags. The horses were handsomely decorated. In the procession were also traps and carriages festooned with hunting and flags.

It was a little before twelve o'clock when the procession moved. Headed by the marshalls and Oceola band it proceeded first to Hotel Bertha where Mr. Glenn was stopping. When he appeared he was greeted with a shout from the multitude and the echo was taken up in the martial music of the band. After Mr. Glenn had been seated in a carriage with Mayor W. R. Parker and Hon. L. I. Moore, chairman of the county executive committee, the procession turned through Washington street to Dickinson avenue, then up the avenue to Ninth street, up Ninth street to Evans and through Evans back to the court house square where the stand was erected for the speaking. All along the line of march the next governor was greeted with cheers from people lining the streets.

Mr. Glenn was introduced by ex-Senator F. G. James and began his speech about one o'clock. He was quite hoarse when he first began, but told the crowd if they would draw up close and keep as quiet as possible for about fifteen minutes until his voice warmed up they could go way back and sit down and he would make noise enough for everybody to hear. He said he felt highly honored at this reception given by the people of Pitt county, as it was the greatest demonstration he had met anywhere in the state during his canvass.

He said he did not come to talk to the people as politicians but as patriots and Christians. If they thought the Republican party had given the best administration it was their duty to support that party. He then proceeded to draw a comparison between the two and show which best served the interests of the country and people.

It is impossible in brief space to give even a synopsis of his great speech. The tariff, trusts, Republican extravagance, the unjust pension roll, corruption in office, were all discussed fully by the speaker. The people showed their appreciation in frequent bursts of

applause. It was just such a speech as they wanted to hear and it has done good to the cause of Democracy in the county.

Mr. Glenn spoke for two hours and was followed by Hon. W. M. Bond, presidential elector of this district, who made a short speech. Mr. Bond was once a citizen of Greenville and the people were glad to hear him.

Russians Losses Figured At 60,000.

Tokio, Oct. 19.—A dispatch from Yinkow states that General Kuropatkin has ordered the Russian troops on the left bank of the Hun river to destroy the railway bridges. This will deprive the Russians south of the river of their own means of retreat.

The authorities have ascertained that since the battle of Liao Yang and to the beginning of the battle of the Shaho the Russians received 65,000 reinforcements. Since October 15 the enemy facing the Japanese left has been reinforced.

The Ashi says that despite the fact that only 15,000 dead Russians were found on the field from October 9 to October 15 the Russian casualties were upward of 60,000.

The paper remarks that to adjust his force in face of such losses General Kuropatkin must be more than brave. It adds that the Russian commander-in-chief is a wise soldier and not venturesome, and the only explanation of his action is that he has received another passionate order not to retire from the Sui river. From the Japanese point of view the longer the battle lasts the greater the Japanese victory.—Raleigh Post.

Work.

Time is all too short for those who work. It never hangs heavy on the hands of those who are industrious. To pass the time is the purpose of those who are idle; to save time the purpose of those who are busy. Work produces a taste for work; idleness for idleness. Work grows lighter and lighter; idleness heavier and heavier. Work makes a sounder body in a sounder mind. Idleness weakens the body and reduces the activities of the brain.—Charlotte Chronicle.

Family Needs Help.

There is a family in Greenville that is in real need. The husband is dying from consumption, the mother helpless with rheumatism, the wife overburdened with the care of both and unable to provide for their comfort. They need help in provisions and money, and THE REFLECTOR believes the people of Greenville will supply this need when they know it exists. Any contributions sent Mrs. J. B. Cherry will be applied to relieve this need.

His Hand Cut Off.

Jonesboro, N. C., Oct. 19.—This morning while running a cutting machine, cutting wood on his farm just east of town, Mr. Marvin Lawrence had his right hand cut entirely off. He was feeding the machine, when his hand became entangled in the machinery with the above result.—Raleigh News and Observer.

A telegraph instrument has been placed in the ticket office at the depot for convenience in getting train reports.

NEEDLESS ALARM.

No Danger Here from Smallpox.

It is astonishing how much exaggeration has gone out about the smallpox in Greenville. To hear the reports one might think the town was in the throes of an epidemic and the people wild with excitement. The fact is there have been only two cases to develop in the town and two other cases came here from elsewhere. These were properly taken in charge and isolated. All but one of the cases are well. The people of the town generally have been vaccinated and there is no apprehension or alarm. The fear people in the country or elsewhere have about coming here is entirely without foundation.

About Kissing Mother.

A father, talking to his careless daughter, said: "I want to speak to you of your mother. It may be that you noticed a careworn look upon her face. Of course it has not been brought there by any act of yours; still it is your duty to chase it away. I want you to get up tomorrow morning and get breakfast. When your mother comes and begins to express her surprise, go right up to her and kiss her on the mouth. You can't imagine how it will brighten her dear face. Besides you owe her a kiss or two. A long while ago, when you were a little girl, she kissed you when no one else was tempted by your fever-tainted breath and swollen face. You were not as attractive then as you are now. Through years of childish sunshine and shadows she was always ready to care, by the magic of a mother's kiss, the little, dirty, chubby hands whenever they were injured with these first skirmishes with the rough old world."

About Registration.

Persons who were registered in the last general election and have not since changed their residence are not required to register for the coming election. Those who have changed residence or become of age since last election must register. Also those who were only registered for the town elections must register for the general election, as municipal registration does not qualify for the general election. The books close Saturday, Oct. 24th.

Confederate Monument Unveiling.

THE REFLECTOR acknowledges with thanks receipt of an invitation from the William Dorsey Pender Chapter, U. D. C., to be present at the unveiling of the Edgecombe county Confederate monument at Tarboro, Saturday, Oct. 24th.

Not That.

No, anxious inquirer, Greenville people are not affecting a dignified bearing just because they walk more leisurely than heretofore and wear their left arm greatly folded across the breast. It is something else.

THE END OF THE CENTURY CLUB.

Reported for REFLECTOR:

The End of the Century Club was delightfully entertained on Tuesday afternoon, Oct. 18th, at Gen Arthur, the hospitable home of its vice president, Mrs. L. C. Author.

After the meeting had been called to order and the usual preliminary business disposed of the literary program was proceeded with. The subject for the afternoon was the "Women of Japan." Several papers were read after which a general discussion of the strange manners and customs of these picturesque people ensued which proved very interesting and instructive.

There was an unusual attendance of both members and visitors.

After elegant refreshments were served the club adjourned to meet with Mrs. W. A. Bowen, Tuesday afternoon, Nov. 1st.

Orphan Asylum Burned.

Shelbyville, Ill., Wednesday, 19.—The Woodworth Orphan Asylum was destroyed by fire today. Two children are known to have perished and others were injured by jumping from the windows.

Two children were suffocated in the fire—Alfred and Charles Peterson. The fire started in clothing which was left near the stove pipe in the boys' dormitory. A number had narrow escapes.
