

GREENVILLE'S GREAT DEPARTMENT STORE.

OUR SHOE STORE IS A VERY INTERESTING PLACE

We claim to have the largest and most complete stock of shoes in this town. We are now showing large variety of styles in the best makes for Men, Women, Children and Infants. We can't tell you much about them in this space, but we want to call your attention to the famous

Ralston Health Shoes For Men.

Ralston Health Shoes #4. UNION MADE

It is easy enough to say "Best" but that which convinces is the test. We make strong claims for this shoe, and ask a trial that our claims may be proven. We claim a unique, common sense sole construction, found in no other shoe. A system of last modeling which makes a shoe that fits the foot as nature intended.

We also claim that while quality of material and workmanship may possibly be equaled, they cannot be excelled at the price, and that as good a shoe cannot be made and is not sold for less.

They are, however, the tangible results of many years' study of the highly complex needs of the human foot. They appeal to common sense and warrant a trial by every one who desires foot comfort and good service combined.

Rural Free Libraries.

The Democratic General Assembly of 1901 passed an act appropriating \$5,000 to the establishment of rural libraries, says the News and Observer, the number being limited to six in any county, and the condition being that the district applying for libraries should raise \$10 by private subscription, and that \$10 should be taken from the school fund and \$10 from the state appropriation, making \$30 in all for the library. The general assembly of 1903 appropriated the same amount for the establishment of new libraries upon the same terms, and \$2,500 in addition for supplementing libraries already established, not more than \$15 to be allowed for the supplementary libraries, \$5 from the state appropriation, \$5 from the district fund. Under these two acts the Democratic General Assembly, eight hundred and thirty-five rural libraries containing about eighty thousand volumes of well selected books, have been established. In addition a number of supplementary libraries have also been established.

Cured of Lame After 15 Years of Suffering

The Political Apathy May Not Be Had After All.

The lack of interest in political matters on the part of the general public this year is a matter of comment. Usually a presidential election year, above all others, brings out the people and arouses their enthusiasm to a high pitch, but this year apathy is the word all along the line. In speaking of the matter today, an observant gentleman said:

"I am not at all distressed over the failure of the people to become excited over politics this year. That shows that they have something else on their minds, and it is a good sign. It is not necessary for people to go wild over politics in order to 'save the country,' and when the country is in such condition that the people are too busy to attend all the political meetings it is safe to say that things are in pretty good shape. I am interested in politics, as all good citizens should be, but I have learned that political activity should not be a predominating characteristic of a plain citizen."—Charlotte Chronicle.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some soured meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale at Wooten's Drug Store.

Sour Stomach

When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let five hours elapse between meals, and when you feel a fullness and weight in the region of the stomach after eating, take Chamberlain's Stomach and Liver Tablets and the sour stomach may be avoided. For sale by Wooten's Drug Store, Greenville.

What's in a Name

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles, For blind, bleeding, itching and protruding Piles, eczema, cuts, burns, bruises and all skin diseases, DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's, the genuine. Sold at Wooten's Drug Store.

A Power For Good

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Philpot, of Albany, Ga., says: "During a bilious attack I took one. Small as it was it did me more good than calomel, blue mass or any other pill I ever took and at the same time the effect was pleasant. Little Early Risers are certainly an ideal pill." Sold by Wooten's Drug Store.

LETTER TO J. L. WOOLLEN.

Greenville, N. C.
Dear Sir: The Fair Ground buildings, Coble-kill, N. Y. were painted Devco last year.
Two other paint agents said the job would take 150 gallons (their prices was 15 cents less a gallon.) Our agent said not over 125.
It took 115. We saved 'em at least \$140 on paint and labor.
The American House, Tannersville, N. Y., was painted two coats last year; not Devco.
Mr. Charles Haner, across the street put on one coat Devco.
Mr. Wiltse (American House) is sorry he didn't paint Devco. Haner's one coat was better than Wiltse's two.
Depends on the paint.

Lost in a Storm.

West Palm Beach, Fla., Oct. 19.—The Florida coast has been stormswept for ten days and several vessels have been wrecked and a number of lives lost. The Melrose, a three-masted English schooner, from Jacksonville to Nassau with a cargo of lumber, was beaten to pieces and two passengers and five members of the crew were drowned. Among the drowned is Mrs. Hallett, wife of an English clergyman, engaged in missionary work on the Exuma Islands, West Indies.

When the storm reached the height of its violence the schooner was capsized and all on board washed overboard. Another of the lost was Mrs. Charles H. Meller, a young English woman who recently became a bride. She was struck by a falling mast and killed instantly while clinging to the side of the schooner, supported by her husband's arm. The husband's arm was broken in two places, but he floated ashore and was picked up.

Looks like it would be money well invested for Dickinson avenue to be improved.

Rodgers, McCabe & Co., of Norfolk, together with other exporters, have given their buyers positive instruction to make a deduction of four pounds to the bale for side strips and excess bagging on cotton. This is a waste and farmers are warned against the abuse—Kinston Free Press.

J. L. Woolan Successful.

After a great deal of effort and correspondence, J. L. Woolan, the popular druggist, has succeeded in getting the Dr. Howard Co., to make a special half price introductory offer on the regular fifty cent size of their celebrated pills for the cure of constipation and dyspepsia.
This medicine is a recent discovery for the cure of all diseases of the stomach and bowels. It not only gives quick relief, but it makes permanent cure.
Dr. Howard's specific has been so remarkably successful in curing constipation, dyspepsia and all liver troubles, that J. L. Woolan is willing to return the price paid in every case where it does not give relief.
The old-fashioned idea of dosing with mineral water, cathartic pills or harsh purgatives will soon be a thing of the past. The best physicians are prescribing Dr. Howard's specific because it really gives the desired results and on account of the small and pleasant dose that is needed.
Headaches, coated tongue, dizziness, gas on stomach, specks before the eyes, constipation, and all forms of liver and stomach trouble are soon cured by this scientific medicine.
So great is the demand for this specific, that J. L. Woolan has been able to secure only a limited supply, and every one who is troubled with dyspepsia, constipation or liver trouble should call upon him at once, or send 25 cents, and get sixty doses of the best medicine ever made, on this special half-price offer, with his personal guarantee to refund the money if it does not cure.

Diavolo's Master Looping-the-Loop Feat.

When the Forepaugh and Sells Brothers Enormous United show, which came to Greenville on November 18, introduced in Madison Square Garden Diavolo, in his first and the only performance of looping the loop on a bicycle, the press of New York City accorded the achievement liberal illustration and descriptive space as a most novel and wonderfully thrilling illustration of desperate daring and steel nerve skill. From a point in the extreme height of the canvas dome Diavolo makes a thrilling dash, at a rate of speed the eye can scarcely compass, down an incline plane one hundred and ten feet long, and then like a lightning flash makes a revolution in mid-air on his wheel. On the same scientific principle that a person swings a bucket filled with water in a circle without spilling the contents, Diavolo loops the loop on a bicycle. It is necessary to attain sufficient velocity to overcome the natural force of gravitation. Notwithstanding the fact that looping the loop is a practical demonstration of recognized scientific laws it is equally true that Diavolo is today the only man in the world who has ever accomplished this extraordinary feat, although several have attempted it, and invariably met with serious injury. He still rides with great aggregation named, as now also do Prodigions Portbos, who on an ordinary safety bicycle leaps across a chasm fifty feet in width, and "Cyclone," the cycling paradox, who miraculously scales the perpendicular inside of "The Devil's Chimney" a wheel.

Two Practical Sermons.

Rev. A. T. King delivered two very practical and timely sermons in the Baptist church Sunday. The subject of the morning sermon was "Friends of the Home," and of the evening sermon "Enemies of the Home." As friends of the home he discussed good laws, good law makers, good officers, good schools, good neighbors, good father and mother, the Bible and Christ, on each of which he made very strong points. The enemies of the home were discussed under the headings of pride, too much business, gossip, social card games, drinking clubs and the neglect of family worship. He especially emphasized the latter and said the steepest barrier to Satan entering the home was a regular family altar.

What a Year Brings Forth.

Last October the three eastern provinces of China were to be evacuated by the troops of Russia, according to a solemn convention, but the promise was cynically disregarded. The efforts of the Japanese and other governments, to say nothing of the Peking Government, to get the Russians to adhere to their engagement were resented and evasive replies were made to requests for fresh assurances. Instead of giving new assurances, Russia seized new points and made clear her intention to hold the country by military force. Hence the present war, which, in the short space of one year, has shown that Russia's insolence to China and disregard of the rights of other nations was insufficiently backed with force. Force often makes good a title which is morally defective, but Russia has failed to "make good," having overrated her might. Her sense of duty, or care for veracity was insufficient to take her out of Manchuria when she promised to go, but little Japan has been able to expel her from the best part of it. The race is not always to the swift, nor the battle to the strong if swiftness and strength are not supplemented by intellectual and moral soundness.—Baltimore Sun.

Ambitious Messenger Boy Tries His Hand at Forging a Check.

Mr. W. F. Harding, a member of the colony of legal lights in the Trust building, is minus a messenger boy today, but his bank account is intact and he has a shoe-shining outfit as an added asset to the sheep-bound volumes and musty legal documents that mark him as a follower of Blackstone.
The messenger boy was a bright young colored youth, ambitious and intelligent for a boy of his age. He performed his duties faithfully and soon learned a good deal of the routine of his employer's office, even to the location of the check book.
While Mr. Harding was out of the office yesterday, the intelligent messenger made out a check for \$15, making it payable to F. C. Abbott & Co., and signing his employer's name. After endorsing the name of Mr. F. C. Abbott on the back of the check, he sallied forth to receive the cash. It was while trying to persuade a salesman in a store that the check was regular that Mr. Harding started to walk in. And then the boy walked—or ran—out, standing not upon the order of his going.
In his haste, the young forger neglected to go by the Trust building which enabled him to pick up a few stray nickels and dimes from the occupants.—Charlotte Chronicle.

Notice to Parents.

The graded schools were established for the children of the district and it is the desire of the board of trustees that all attend. The board dislikes to exclude any child from the school.
But there are a few parents who have neglected to have their children vaccinated. The most of the parents have complied with the orders of the board of aldermen. It is but reasonable that all shall do so.
The executive committee of the board therefore trusts that all parents, who have not done so, will have their children vaccinated at once and thus relieve the board of the necessity of taking any action in the matter.
By order of the executive committee of the board of Trustees. 10 26 04.

Announcement.

Greenville has for a long time needed a book store. It has been a great inconvenience to its people to have been compelled to go to so many places just to procure something in the stationery line and a few school books. Have you ever stopped to think how you have been meandering and wandering around these many years for that purpose? Will it not be a pleasure to you to know that a Greenville is to have a book store? Of course it will.

The book store will be located in the building opposite Pulley & Bowen. It is to be a book store in the full meaning of the word. It will carry all the school books and the largest and nicest line of school stationery in the town. Its line of box paper will be surpassed by none. Just think, you can get them all at one place. You will also be able to get anything in office supplies, as well the latest books, magazines, periodicals, etc. To the lovers of music it will be a delight to know that a line of the latest and best music is to be carried. There are things too numerous to mention in this space that you will be able to procure at the book store.
At present the book store only has in a line of stationery, but goods are arriving daily. In the meantime if you should want something in the way of office supplies or stationery and can't find it elsewhere in town you would be very apt to find it now at Evans' Book Store. 10 26 04
