OUR SHOE STORE

IS A VERY INTERESTING PLACE

We claim to have the largest and most complete stock of Shoes in this town. We are now showing large variety of styles in the best makes for Men, Women, Children and Infants. We can't tell you much about them in this space, but we want to call your attention to

Ralston Health Shoes For Men.

It is easy enough to cry "Best" but that which convinces is the test. We make strong claims for this Shoe, and ask a trial that our claims may be proven. We claim a unique, common sense sole construction, found in no other shoe. A system of last modeling which makes a shoe that fits the foot as nature

We also claim that while quatity of material and workmanship may possibly be equaled, they cannot be excelled at the price, and that as good a shoe cannot be made and is not sold for less.

They are, however, the tangible results of

many years study of the highly complex needs of the human foot They appeal to common sense and warrant a trial by every one who desires foot comfort and good service combined.

The system is deprived of the amount of nourishment required to the amount of nourishment required to keep up the strength, and the result is that one or 20,000.00 more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so hat rich, red blood is sent coursing through he veins and arteries of every muscle, tissu and fiber throughout every organ of the en-tire body, and by Nature's law of health, full strength and vigor is soon restored to each. Kodol cures indigestion, dyspepsia and all

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me, MRS. J. W. COOLBAUGH, Milo Center, N. Y.

The Democratic national ticket is likely to pick up one electorial vote in California this year. It came about in this manner.

The Republicans of California made the mistake of nominating as one of their presidential electors a federal office-holder. Such a person is ineligible as an elector, and if elected will be disqualified. In that event the next highest elector will be elected. If all the Republican electors are elected and the one who is disqualified is ruled out the next highest man is bound to be a Democrat. The Republican managers in California did not discover their mistake until too late to correct it. Califo nia has ten electoral votes, a gain of one since 1900. In 1892 that State gave Cleveland a plurality of a little less that three hundred and eight of its nine electoral votes were cast for the Democratic nominees Not many years ago it also elected a Democratic governor, so that you see California is by no means a hopeles proposition for the Democrats.
