ROOSEVELT SWEEPS THE COUNTRY. CARRIES EVERY DOUBTFUL STATE AND GETS LARGE MAJORITY OF ELECTORAL VOTE.

NORTH CAROLINA DEMOCRATIC BY 60,000 AND ELECTS EVERY CONGRESSMAN. PITT COUNTY DOES GLORIOUSLY.

776 districts of 3,024 outside of New York city gives Higgins 17,760, Herriek 17,633. Same 1900, Odell 14,538, Coler 11,870.

704 districts out of 4024 in New York State, outside of city, Roosevelt 177,259, Parker 115,480. Same in 1900, McKinley 161,315, Bryan 119,828.

The New York Journal has sent a message of congratulations to Roosevelt.

Judge Parker sent this message to President Roosevelt: "Esopus, N. Y., Nov. 8th, 8:30 p. m. To the President, Washington, D. C. The people, by their votes, have emphatically approved your administration and I congratulate you. Alton B. Parker."

President Roosevelt's reply to Judge Parker's telegram was as follows: "I thank you for your congratulations."

At 9:15 p. m., Chairman Cortell you said that the indications are that the country has given an overwhelming vote of confidence in the President and his administration.

Associated Press Bulletin, Washington, D. C., Nov. 8.—President Roosevelt, tonight after the election returns clearly indicated the result issued the following statement: "I am deeply sensible of the honor done me by the American people in thus expressing their confidence in what I have done and have tried to do. I appreciate to the fullest the solemn responsibility their confidence imposes upon me and I shall do all that in

75 towns in Connecticut. Roosevelt 6017, Parker 3176, net gain Democrats 225

much scratching. At Democratic State headquarters it is conceded Roosevelt has carried the state by 8,000 plurality.

WEST VIRGINIA. Parkersburg—Without a precinct in the State counted enough has been learned to indicate the Democratic ticket has made heavy gains.

SOUTH DAKOTA. Sioux Falls—Senator Kelridge claims Roosevelt carried South Dakota by 40,000.

Truth in Preference to Fiction

GREENVILLE, PITT COUNTY, N. C., FRIDAY, NOVEMBER 11, 1904

Top of the morning to Governor R. B. Glenn.

They keep saying Port Arthur will fall, but it is standing yet.

There was enough scratching to indicate that some folks must have the itch.

All the same we gave the Republicans the worst scare they have had in a long time.

A local candidate for legislature and he was in the hands of the people. Wonder what he thinks the people have done with him.

The Black Jack kid is a very fine kid. As the voters largely say; To Raleigh he goes, While King, full of woe, Is left at home to stay.

The jury in the case of former McCue, charged with the murder of his wife at Charlottesville, Va., brought in a verdict Saturday of murder in the first degree. The jury was out only thirty minutes.

One paper in heading the announcement of the verdict said "McCue will hang." We very much doubt that part of it, however much he may deserve to do so.

THE REFLECTOR while rejoicing over the splendid Democratic victory in the county and state, must confess a disappointment over the result in the nation. We had hoped it would be different, yet there was a belief that which ever way it went it would be with a landslide. The landslide came, but it was for the Republicans. Judge Parker has conducted a brilliant campaign, and though defeated he will ever occupy a high place in the hearts of the people.

Chairman L. I. Moore of the county executive committee has conducted a splendid campaign, and the Democratic party owes him thanks for the handsome victory in the county. He has been energetic and painstaking and looked well after all the details of the campaign. The candidates of the party have also conducted an admirable canvass. They visited every section of the county and their speeches have been clean and manly. The appreciation of the people will speak in the handsome majority received by each of the candidates.

The election returns show that there was a landslide for Roosevelt. He not only carried every Republican state, but every doubtful state as well went for him, leaving Parker not much but the solid South. It was seen early that he was elected by a large majority of the electoral college.

In the state the result is more gratifying to the Democrats. R. B.

Glenn and the entire ticket is elected by a large majority, and it is probable that every Democratic congressman has been elected.

Old Pitt county has covered herself in glory, the majorities for the different candidates running anywhere from fifteen hundred to two thousand.

New York city's treasurer has just received a check for \$75 to be applied to the "conscience fund" of the city by a man who has been dodging his taxes. Now, it is no wonder that the city feels encouraged to put a \$4,000,000 increase in its budget for 1905.—Atlanta Journal.

The Democratic party is in favor of education, and every resource of this State administration has been used to educate the children. As a result every school district in the State has had four months school. The Republican party does not want the people educated, because it knows that it can control an ignorant man.—Concord Times.

As an educational factor, and element of educational strength and progress, the public schools of this country are each year becoming more important. Each state is willing to be taxed for the public instruction of its children, and every year the tax payers realize that the educational tax is the cheapest and best one they have to pay, in its resulting benefits.—New Bern Journal.

President Roosevelt can make our lives very uncomfortable by his encouragement of social equality ideas in the negro, and what is more, can make the black race discontented, and mutinous, but mere sectional and political questions cannot materially affect the wonderful growth that is to come to the south within the next decade. Our natural resources, particularly the cotton crop, combined with the progressiveness of the people, will make the period from 1900 to 1910 a record breaker for advancement along every line, and for this we should not give thanks to the republican party, but to ourselves. The south is making herself great despite the handicap of political favoritism of other sections.—Charlotte News.

Morbid sensitiveness requires heroic treatment. A sufferer who wishes to overcome it must take himself in hand as determinedly as he would if he wished to get control of a quick temper, or rid himself of a habit of lying, or stealing, or drinking, or any other defect which prevented his being a whole man. "What shall I do to get rid of it?" asked a victim. Think less of yourself and more of others. Mingle freely with people. Be interested in things outside of yourself. Do not brood over what is said to you, or analyze every simple remark until you magnify it into something of the greatest importance. Do not have such a low and unjust estimate of people as to think they are bent on nothing but hurting the feelings of others, and depreciating and making light of them on every possible occasion.—Success.

The Partridge and the Farmer.

The following plea for the partridge by the Washington Star should be read by every farmer in the land. This bird is truly the friend of the husbandman and should be protected by him against pot-hunters and over-zealous sportsmen. The Star says:

The partridge has long been in favor as breakfast food and as splendid nourishment for the sick and well, but it is now coming into wide favor and renown as the farmer's friend. He is a candidate for the high perch of national bird. His partisans assure us that he is a stout ally of the American husbandman and a much more active defender of American agriculture and prosperity than the proud high-flying eagle. Ornithologists, who, under government auspices, have been studying the partridge, say that he is a winner. Only about one-fourth of his food is grain, 10 per cent. corn, 3 per cent. wheat, and the balance millet, barley, sorghum, rye and oats. He does not steal this but gathers it after it has been lost in the field. He never pulls up sprouted grains after the fashion of the crow. He does not rob orchards, though he is fond of fruit, eating wild grapes, dewberries and wild strawberries; his long suit is as a weed seed and an insect eater. He is a glutton for seeds of the smart weed, pigweed, sheep-porel, and ragweed. He has a passion for the potato bug, the lady-bird bug, the chinch bug, the bean beetle, cucumber beetle, boll-veevil, caterpillar, cutworm, wireworm, cotton worm, locust and other crop destroyers. In many states the partridge is now being taken into close communion by the farmers instead of being treated as an outlaw. May he flourish and multiply.

Mullhall's Statistics declares that during the past hundred years, more than four and one-half million men have laid down their lives in combat among the civilized nations of the world. The amount of money spent to support these wars exceeded fifteen billion dollars! Is it any wonder the world should show a disposition to turn away from this terrible business? Mr. Carnegie was wise in his day and generation when he spent a portion of his money in an attempt to get the world to settle their difficulties peaceably rather than by the sword. As a rule, the recorders of language hasten to forget profanity, but strange to say, General Sherman's laconic expression, "War is hell," has been allowed its place in the speeches and writings which have appeared by Christian men.—Raleigh Times.

"I Will if I Can"

An amusing story, really the truth, comes from Rock Creek township. Last Sunday a young man who had previously secured his license procured the girl of his choice and they tied themselves to a justice of the peace for the purpose of being united in the holy bonds of matrimony. Their hearts were light and gay—filled with anticipated happiness—at least his was, but he was unaware of the feelings that possessed her being. After he had answered, satisfactorily, the officials' questions and it came her turn she balked and all the officer could get from her answer to his question was: "I will if I can." This did not satisfy the officer and he repeated the question with the admonition that she give the proper answer, but she refused to budge. The would-be husband then remonstrated with her and thought he had things right, and the question was again repeated, but her only answer was: "I will if I can." At this the husband that "was to be, but hain't" became enraged, jerked the license from the justice of the peace, tore the paper into shreds and left. She followed him some distance and asked him if he did not know how to take fun? He replied that it was no time to be fooling. And the ceremony has not as yet been performed.—North Wilkesboro Herald.

A sufferer who wishes to overcome it must take himself in hand as determinedly as he would if he wished to get control of a quick temper, or rid himself of a habit of lying, or stealing, or drinking, or any other defect which prevented his being a whole man. "What shall I do to get rid of it?" asked a victim. Think less of yourself and more of others. Mingle freely with people. Be interested in things outside of yourself. Do not brood over what is said to you, or analyze every simple remark until you magnify it into something of the greatest importance. Do not have such a low and unjust estimate of people as to think they are bent on nothing but hurting the feelings of others, and depreciating and making light of them on every possible occasion.—Success.

BREZZES FROM BALLARD'S X ROADS.

BALLARD'S, Nov. 8th 1904. The smallpox scare is a thing of the past, and the quarantine has been lifted. J. H. Cobb, of Gold Leaf farm, paid a flying business trip to Ayden on Monday. Prof. W. H. Ragsdale, of Greenville, was here last week in interest of Utopia High school, which is now in session here. Miss Susie Keel, the popular and efficient teacher at Crawfordville, spent Saturday night and Sunday at the home of Mrs. J. H. Cobb, as the guest of Misses Mary Johnson and Hennie Brown. The cotton picking season is nearing its close. The rush of work has necessitated the putting in of an extra gin by J. H. Cobb. Rev. Mr. Laughlinhouse, filled his regular appointment at May's chapel on Sunday morning. F. G. Buhman and Raymond Tarnage, of Ayden were guests of J. H. Cobb, on Sunday. Joseph Williams, of this place, leaves here today for the far South. Fred Forbes, of Greenville, refused to recognize his friends even over a short distance phone, thereby causing much dismay at this end of line. His unaccountable coolness will prevent his meeting with quite so hearty a reception as heretofore. John Pierce and sister, Miss Ethel, were in town on Sunday last.

New York city's treasurer has just received a check for \$75 to be applied to the "conscience fund" of the city by a man who has been dodging his taxes. Now, it is no wonder that the city feels encouraged to put a \$4,000,000 increase in its budget for 1905.—Atlanta Journal.

The Democratic party is in favor of education, and every resource of this State administration has been used to educate the children. As a result every school district in the State has had four months school. The Republican party does not want the people educated, because it knows that it can control an ignorant man.—Concord Times.

As an educational factor, and element of educational strength and progress, the public schools of this country are each year becoming more important. Each state is willing to be taxed for the public instruction of its children, and every year the tax payers realize that the educational tax is the cheapest and best one they have to pay, in its resulting benefits.—New Bern Journal.

President Roosevelt can make our lives very uncomfortable by his encouragement of social equality ideas in the negro, and what is more, can make the black race discontented, and mutinous, but mere sectional and political questions cannot materially affect the wonderful growth that is to come to the south within the next decade. Our natural resources, particularly the cotton crop, combined with the progressiveness of the people, will make the period from 1900 to 1910 a record breaker for advancement along every line, and for this we should not give thanks to the republican party, but to ourselves. The south is making herself great despite the handicap of political favoritism of other sections.—Charlotte News.

BENZONIZER LUNG CURE

NO MORE EXILE FOR CONSUMPTIVES. A Cure at Last Obtained, After a Searching Investigation, by St. Louis Interests. A few months ago the attention of a few scientific and philanthropic gentlemen of St. Louis was directed to an entirely new method of combating that most dreadful of all diseases, tuberculosis, commonly called consumption. Out of 15 test cases, 7 were completely cured and 28 have shown such improvement that their ultimate recovery is but a question of a few weeks. So astonishing have been the results and absolute cures in cases pronounced incurable by all old methods that a company has been formed and is now prepared to furnish as a normal cost a cure to all sufferers of the "White Plague." One of its chief features is that patients can remain at home, surrounded by friends and relatives, and in a great many instances, especially the indigent or early stages of the disease, pursue their daily vocations and still become completely cured. Patients receiving the same treatment here in St. Louis have completely recovered as rapidly as those in Colorado, New Mexico and Texas. The wonderful results in question have been accomplished by the Benzonizer, and the company which controls this marvelous medical device has located their main office at 417 North Seventh Street, St. Louis. They have also located a factory on Easton Avenue and a laboratory has been built at Hillside, Mo. The cure will be known as the Benzonizer Lung Cure, and Mr. C. F. Benzon, the discoverer of the fluid inhalants which are used, will personally answer all communications from sufferers who are unable to make a personal call.—From the St. Louis Globe Democrat. Free booklet on request. BENSONIZER COMPANY, 417-19 N. Seventh St., St. Louis, Mo.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some soured meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale at Wooten's Drug Store.

A man's self-respect is often punctured by the suspicions of his neighbors.

From 148 to 92 Pounds

One of the most remarkable cases of a cold, deep seated on the lungs causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marietta, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 lbs. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold at Wooten's Drug Store.

AN OLD BOOK.

Names and Dates of the Long Ago. W. A. Hyman, of Belvoir township, brought us a very old book which he says can be presented to the public library of the End of the Century Book Club. The book bears the title "The Psalms of David imitated in the language of the New Testament." It contains the Psalms in meter as well as a number of "Hymns and Spiritual Songs." The book bears date of being printed in London in 1772 but is one of the twenty-third edition. An "advertisement to the readers" that preceded the title page is dated Dec. 1st, 1718. It is the old style print in which the letter f is largely used for s.

The early owners of the book used it as a family record as the blank leaves and some of the margins contain names of people with the date of their birth. One of these is "Francis Meeks, born Sept. 27th, 1765." at another place is the name "Robert Teal" without any date. Another has "Amos Teal born Jan. 15th, 1833." The book also shows the name Lany Teal, daughter of Bradberry and Mary Teal, born 7th day of Nov., 1780, and James Teal, son of the same parents, born Aug. 5th, 1777.

Further on about midway the book is a page devoted to the Deloach family on which are the names Abraham Deloach, son of Mary Deloach, born July 21st, 1775; Ann Deloach, daughter of Jas. Deloach, born Aug. 2nd, 1768, and another child born in 1766. There are other distinctive names but the foregoing are sufficient to show it is a very old book and gives the names of people who lived a very long time ago.

What is Life? In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in Constipation, Headache or Liver trouble. Dr. King's New Life Pills quickly re-adjusts this. It's gentle, yet thorough. PITT COUNTY TEACHERS.

Monthly Meeting of Teachers. We do not believe any organization in the state takes deeper interest in its work than the teachers of Pitt county. No better evidence of this can be had than in the very large attendance upon the monthly meeting of the county teachers' association today. It was the largest attendance we have noticed at any meeting and shows that they are all interested in their work take advantage of every opportunity for improvement.

The program as previously published for today's session was carried out and all that was done was helpful and instructive. The model class work was especially interesting and shows the rapid development school work has made.

A Pleasant Surprise. Late Wednesday afternoon quite a number of the ladies of the Methodist church congregated in front of the home of their pastor. Presently a cart loaded with numerous bundles and packages of all descriptions, with a colored man in charge, stopped in front of the parsonage gate. The waiting ladies approached the cart, loaded themselves with part of the contents of the cart, filed through the gate and into the parsonage dining-room where they deposited their packages in great heaps. And now the bewildered but fortunate pastor and his family wake up to the pleasant fact that the dear, good sisters had planned and executed a first-class "pounding" without even a hint of it reaching the parsonage in advance of them.

Since we came to Greenville, now nearly a year ago, the people have been exceedingly kind to us. Prior to this magnificent of many many sure tokens of appreciation had reached our home since we came among them. We wish to assure every one who has shown us kindness that it is sincerely appreciated. Our opinion is, that there is no better charge in N. C. conference than Greenville station. Sincerely, J. A. HORNADAY.

Mr. Parker to Remain in Politics. Judge Parker announced to one of his friends last week that no matter what the result of the election might be it was his intention to remain in politics. He declared that if he should be defeated he would never again be a candidate for the presidency, but that would not deter him from taking an active part in the future battles of his party. He felt that he might be able to wield more influence if his efforts were entirely divorced from any possible implication of personal ambition or interest.

The revelations of corruption arising from the connection of the trusts with the immense Republican campaign fund have, it is said, convinced Judge Parker that it is his duty to devote a large part of his time and energy in the future to the service of the Democratic cause.—New York World.

Sour stomach. When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let five hours elapse between meals, and when you feel a fullness and weight in the region of the stomach after eating, take Chamberlain's Stomach and Liver Tablets and the sour stomach may be avoided. For sale by Wooten's Drug Store, Greenville.

PERSONALS AND SOCIAL.

Friday, Nov. 11th, 1904. J. S. Congleton, who has been sick some days is out again. J. B. Yulle, of New York, spent Thursday on the tobacco market here.

E. A. Mays, and W. R. Parker, went to Kinston Thursday evening and returned this morning. Mrs. George Hadley and little son, of LaGrange, arrived this morning to visit her parents, Mr. and Mrs. A. Forbes.

The Christmas Delineator. The December Delineator, with its message of good cheer and helpfulness, will be welcomed in every home. The fashion pages are unusually attractive, illustrating and describing the very latest modes in a way to make their construction during the busy festive season a pleasure instead of a task, and the literary and pictorial features are of rare excellence. A selection of Love Songs from the Wagner Operas, rendered into English by Richard de Gallienne and beautifully illustrated in colors by J. C. Leyendecker, occupies a prominent place and a chapter in the Composer's Series, relating the Romance of Wagner and Cosima, is an interesting supplement to the lyrics. A very clever paper entitled "The Circle Circles of the Republic" describes some unique phases of Washington social life from an unnamed contributor, who is said to write from the inner circles of society.

There are short stories from the pens of F. Hopkinson Smith, Robert Grant, Alice Brown, Mary Stewart Cutting and Elmore Elliot Peake, and such interesting writers as Julia Mcgruder, L. Frank Baum and Grae MacGowan Cooke hold the attention of the children. Many Christmas suggestions are given in needlework and the cookery pages are replete with the Christmas feast. In addition, there are the regular departments of the magazine, with many special articles on topics relating to woman's interests within and without the home.

Paper Must Enlarge. It will be seen that columns of THE REFLECTOR are very much crowded with advertisements. The business men realize that space in this paper pays them, hence they make heavy demands for space. So great has been this demand of late that it has been necessary to decline some advertisements. To be able to accommodate all who want space an order has been placed for a larger press and before a great while we hope to have room for all who want to advertise.
