A subscriber to the Southern

Agriculturist secured the origi-nal seed from an old Indian in Northwest Texas. After experi-

menting with it seven years he wrote that paper: "With good ground and care it will make from 50 to 100 bushels to the

acre, and planted thick and cut stalk and all it will make more feed and better feed than any-

thing I ever saw. The old In-dian said poultry fed on it would never have the cholcra. I have

never have the choiera. I have not lost a fowl with choiera since I have been raising it. It also pops beautifully" This ar-ticle brought hundreds of re-quests for seed, and now only a few bushels are left. Send 10c for a 3 months' trial subscrip-tion to Southern Agriculturist.
