GREENVILLE'S GREAT DEPARTMENT STORE.

A. E. TUCKER.
CLOSES HIS STORE—A SENSATIONAL EVENT IN THE DRY GOODS DISTRICT.

Thursday, July 13, Mr. Alfred E. Tucker closes his store, making preparations for the Greatest Merchandise Event Ever Known by the People of Greenville.

The Peerless Mill and Factory Syndicate of New York are holding one of their famous sales in the A. E. Tucker Store, beginning Tuesday July 13 and continuing for ten days. Mr. Watson of this syndicate will have entire charge of the Tucker store and this sale, which is a positive guarantee that bargains will be given that were never given by any house in the state of North Carolina. Mr. Watson has a national reputation as a "bargain-giver," he has conducted these mill and factory sales in almost every state and city in the Union, and never has one proven unsuccessful. The name alone signifies that the power of low prices on new and dependable merchandise will be demonstrated to every way wherever this bargain banner is hanging. In addition to the very large and well selected stock of goods in this store, Mr. Watson has bought "direct from the mills" thousands of dollars' worth of bright, new goods at prices that no other house in this state can buy at. Every item in this store will have a mill and factory sales ticket on it which means better merchandise, for less money, than you ever bought in our city. Don't spend your money for regular price goods when you can make your dollar do the work of from two to three dollars at this big sale. Read the Mill and Factory Sale "ad." item to that "ad." means money in your pocket.

Furthermore it is asserted on the honor of a venacious Goldsboro scribe that for the last ten days the ladies and children of that burg wishing to board the train either had to swim for it or like Lord Ullin be "left lamenting."

Wherefore a well goeth up from the Gem City, the burden of which is:

SHOT INTO HOUSE.

Also Room Occupied by Sellicor Ward and Hon. W. M. Bond. Seven or Eight Arrests Have Been Made.

Elizabeth City, July 13.—A story has reached here from Columbia, in Tyrell county, which states that early Wednesday morning a room in the hotel there occupied by Solicitor Ward and Hon. W. M. Bond was attacked by a number of men interested in the illicit sale of liquor. It is also stated that about 2 o'clock that same morning Mayor Woodley's residence was fired into by the same crowd the windows being used being rifles and pistols. Several window panes were broken, it is said, but no one was hurt. These facts are given by a party who arrived at Edenton tonight, coming from Columbia. No details of the affair further than the above can be gathered at this time. It is reported that the liquor men were trying to revenge themselves on Ward and the mayor for something they claimed these gentlemen had done to them. It is thought that the crowd were composed of blind tiger men who had been run down and prosecuted by Solicitor Ward, and who were out on bail. Seven or eight of the number, white and black, have been arrested. Our informant, however, is unable to give their names.

John Wilson Captured. Charlotte, N. C., July 13.—John Wilson, the negro who is charged with the murder of Henry Maxwell several weeks ago, has been located and is now in jail at High Point. Sheriff Wallace this afternoon received a telegram from High Point stating that Wilson had been captured, and would be held until an officer arrived. An officer will leave in the morning for High Point and will return tomorrow afternoon with his prisoner. Since the tragedy Wilson has been making himself scarce around these parts.

Death of Mrs. R. L. GILKEY. Marion N. C., July 13.—Mrs. R. L. Gilkey, formerly of Washington, N. C., died here yesterday after an illness covering some weeks. She was a devoted wife and a consecrated Christian, and her death casts a gloom over the whole community.

Alphons Vaughan, former agent of the Singer Sewing Machine Company, was sentenced to 3 years in the penitentiary in Raleigh yesterday for forgery and embezzlement.

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey of Asheville, N. C., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "It happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and I got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by Jno. L. Wooten, druggist.

North Carolina Boys in England: In the Baltimore Sun appears an article from Mr. J. P. O. McDuffie relating some of the experiences of a "bull puncher." Gardner, Shelby; H. B. Guder, Asheville; A. C. Hines, Kingston; C. P. Cheshire, Tarboro; W. S. O. B. Robinson, Jr., Goldsboro; and Roy Smith, Timmonsville, all of whom were at the University of North Carolina last year.

Truth in Preference to Fiction

GREENVILLE, PITT COUNTY, N. C., TUESDAY, JULY 18, 1905.

All the discussions about "tainted money," discussions in which most all newspapers in this country have taken a part are very good indications of an awakening public conscience. Do you suppose that all who have raised a hand over "tainted money" ever stop to examine the dollars that pass into their hands or over their counters to ascertain whether or not it is clean?

It is said that Gov. Hogg, of Texas, wants a high place on the Panama Canal commission, and that a man named Dye wants a like position, and that President Roosevelt expects Secretary Root to keep the ball moving when it comes to a difference between the three gentlemen. This will be a case of Root, Hogg or Dye.

Will justice be robbed? Devey, the banker, who stole \$100,000 is out on bail after being sentenced for 6 years in the pen. Of course an appeal has been taken. The fact is, he has got off mighty light with 6 years. According to the way some poor devils are punished, he ought to have 50 years.

Bernard referred to the man who shot young Dickey as a cowardly cur. But remember he was way down in Norfolk when he used this language. Such despoilers of homes as Bernard shouldn't be tolerated in no community over thirty minutes.

It is said that ex-Governor Aycock will not be a candidate against Senator Simmons for the office of United States Senator. If true, it means Senator Simmons will be re-elected without opposition.

A Cleveland physician claims that he can cure a man of the liquor habit by rendering him insane. A man doesn't need a physician to do this; if he will just stick to old "booze" it'll do the work itself.

Wouldn't it jar you if when they get to the bottom of this cotton scandal they find this man Holmes the only and original cotton boll weevil?

We are not a weather prophet, but you need not expect any fair weather in this latitude for several days yet. Possibly Sunday will be fair.

We suppose the juror who held out for acquittal in the Dewey trial did so because Dewey owned up to having swiped all that money.

What does Raleigh want with saloons? A rumor says that a fellow can get liquor in Raleigh every night and Sunday's too.

Raleigh has at last succeeded in charging up her troubles to the hack drivers. This ought to settle the matter.

The man who attempted to commit suicide in a barber chair in Indianapolis had a very close shave.

The statement that "hair denotes character" is not so bad on the bald headed man, in that it does not say what kind of character hair denotes.

The saying that "you have to die to beat the insurance company" don't go now. There have been several eminent gentlemen who have beaten insurance companies that are still right much alive.

Cotton farmers ought to get in the habit of cultivating the hay fever. It strikes us that hay will grow wherever cotton does.

The New Yorker who estimated the population of that city to be about 5,000,000, surely did his estimating on the 4th of July.

Uncle Sam is not making much fuss over the deficit. Perhaps he is like the majority of us, never happy unless he is head over heels in debt.

The Standard Oil Co. would possibly like to furnish Lawson with enough oil to run him to a warmer climate than this.

If it keeps on raining a few days longer a trip to the sea shore will not be necessary. We can just go sailing right at home.

It is usually charged that a man marries a girl for her money, but in 90 cases out of 100 it is the old man's money.

One thing we never have understood and that is where and how the bank examiners spend their time between bank failures.

There are some sections in the town that the sanitary conditions are very bad, and should be looked after more carefully.

A society man in Colorado refused to drink a toast to his former wife. Possibly he had rather have roasted her than toasted her.

The rainy weather is helping some of the base ball teams, especially in the per centage columns.

We do not think the idea of selling the cotton crop before it is made is a wise one.

The only trouble about hoop-skirts coming in again will be the doors.

Greenville evidently run up against the real thing at Norfolk yesterday.

Death alone is necessary to make some people realize what hypocrisy they are.

If the base ball teams decide to go into the union look out for strikes.

If it suits Miss Smally everybody else ought to be satisfied.

It wouldn't do for the boys to win all the time.

When Mr. Chestnut caused the investigation into the cotton leaks to be made, an attempt was made to discredit him upon the ground that he did not officially represent the Southern Cotton Association. In view of the tremendous results of the investigation started by Chestnut, those who said things about him ought now to take them back. —Charlotte Chronicle.

FROM MOUNTAINS TO SEA.

[Editorial Correspondence]

Norfolk, Va., July 14th.

We have heard of toboggan slides and had visions of the "shoot the chute," but neither of them can equal the exhilaration of a roll down from the mountains to the sea. Having spent nearly a week among the superb mountain scenery of Western North Carolina, I decided to take the remainder of my vacation within the sound of the rolling billows, and in 18 hours the 500 miles between Asheville and the Atlantic had been covered, and here I am.

Norfolk is among the most enterprising and progressive cities on the Atlantic coast and there is always much of interest to be seen. It has been a few years since I was last here and the changes noticed are almost marvelous. There is thrift and progress on every hand, and the modern skyscraper is also getting in evidence.

There are so many "down homers" here that a North Carolinian feels much at home when he strikes Norfolk. The city is largely composed of people from across the line, and the best business brain and energy came from North Carolina.

The Old North State largely built Norfolk and made the city what it is. The city directory reads very much like it was of a North Carolina town.

Pitt county is well represented among Norfolk's business men. The wholesale dry goods firm of Winston-Whitchard Co has two Pitt county boys in it—C. L. and H. W. Whitchard—and they rank with the best business men here.

The Mercantile Bank has a Pitt county boy—C. C. Cobb—as its president and he is also the leader in the commission firm of Cobb Bros. & Co. Which and Bros. Pitt county boys, do a large retail business in South Norfolk. Miss Minnie Quinn, a Pitt county girl, is proprietress of the Granby Hotel and is also conducting the summer resort hotel at Willoughby Beach. W. O. Little, of Pitt, conducts two large drug stores at Newport News. Beside these there are several young men from Pitt holding important positions in business houses here, and there are none better than our boys.

Norfolk is ideally located for pleasure and it is no wonder that through the summer excursionists come here by the thousands. There are many places of interest within the city, while the splendid electric car service brings such delightful resorts as Old Point, Virginia Beach, Pine Beach, Ocean View, Willoughby Beach, Cape Henry and others within easy access, the furthest being reached in less than an hour. Some of these resorts rival Coney Island and Atlantic City in attractions, while for real enjoyment in sailing, fishing and bathing they cannot be surpassed.

Norfolk's harbor is one of the finest in the world and ships from all nations of the earth can be seen coming and going through Hampton Roads. In population, business and wealth the city goes forward with rapid bounds. It has up-to-date newspapers and they are advancing their part toward the city's advancement.

Preparation goes steadily on for the Jamestown exposition here in 1907, and it is going to rival any similar enterprise ever held in this country, while from a naval standpoint it will surpass anything the world has ever seen. D. J. W.

Possibly Mr. Aycock realized the fact that it was hard to beat a fellow at his own game.

Few Men Know Their Own Clothes.

"A few days ago," said Mr. W. T. George, of St. Louis, "I walked into an establishment where I had left a suit of clothes to be cleaned, my reason for going in person being that I had lost the ticket given when the clothes were left, and as I knew the proprietor I thought it would not be difficult to get my garments. In this I made a big mistake, and it was only by doing some very persuasive talking that I succeeded. As it was, the clothes were given over with the same reluctance that a Chinaman shows when a customer minus his ticket calls for his collars and shirts. 'I know you very well, and will let you take the things said the proprietor, but it is establishing a bad precedent. The trouble is this: I don't believe that one man in twenty can identify his clothing, and I've no reason for supposing you to be an exception. When I started in business years ago I would let people carry off things without tickets, and it caused so much trouble and less than an iron-clad rule was necessary. I've seen men come in here and swear that they had left a brown suit to be cleaned, when it turned out to be gray, or vice versa. It does seem as though any man ought to know his own clothes, but the fact is that very few do.'—Washington Post.

He Knew of One.

The cross-examiner was a smart man whose object was to discredit the witness and discredit his testimony.

"What did you say your name was?" was the first question.

"Michael Doherty,"

"Michael Doherty, eh? Now Doherty answer me this question carefully. Are you a married man?"

"O' think O' was married."

"So you think because you got married that you are a married man, do you?"

"Now tell me whom you married?"

"Who O' married? O' married a woman."

"Don't you know better than to trifle with the court? Of course you married a woman; did you ever hear of anyone marrying a man?"

"Yes, ma' sister did."—Exchange.

In his much heaped speech at Ottawa, Thomas W. Lawson had some things to say about Bryan. He described the Nebraska as being able, fearless, honest, but all wrong on the money question. Lawson is a republican or it might be suspected that he was after stepping in Mr. Bryan's shoes as a leader of those who demand radical reforms. He is doubtless not so brilliant an orator as Mr. Bryan, but there are no two ways about it—he can certainly sling a pen. He is also an expert, a veritable past master, in self advertising. Lawson is much more talked of now than Bryan. If his remedy "works," he may get in to the presidential class. —Greenboro Telegram.

In Raleigh, Judge Allen laid down the proposition that an editor has the right to give the news and publish the facts, if he knows them, but he has no right, as I believe, to pre-judge the cause or to throw the weight of his opinion in the jury box. There is not a respectable newspaper in the State that will disagree with Judge Allen in his views. —Charlotte Chronicle.

Says the Reidsville Review: "Have you ever happened to meet the girl who is always posing? There are girls, and many of them, who are afflicted with this habit." Have you ever met a young man who is always posing? There are young men, and many of them, who are afflicted with that habit. —Wilmington Star.

A Connecticut man claims that he set a trap for a deer and caught his mother-in-law. The rascal no doubt was paying her back for setting traps and catching him several times. We have no mother-in-law but we think it would be real nice and jolly to have one. —Wilmington Star.

THE EASTERN REFLECTOR.

D. J. WHICHARD, Editor and Owner. Twice-a-Week—Tuesday and Friday. ONE DOLLAR PER YEAR IN ADVANCE. VOL. No. XXIV. GREENVILLE, PITT COUNTY, NORTH CAROLINA, FR JULY 21, 1905. No. 58

A GOLDSBORO SENSATION.

Dr. J. R. Stockard Sues Dr. D. W. Powell for Alienating His Wife's Affections.

Goldsboro, N. C. July 15.—Goldsboro has a sensation in the way of a suit for seduction. The plaintiff in the case is Dr. J. R. Stockard, a dentist, who came here several years ago from Alamance county. Dr. Dan W. Powell is the defendant in the case and the amount asked for in the civil suit is \$10,000. In the bill of indictment Dr. Stockard, who is a married man with a family, sets forth that the defendant has alienated his wife's affections and has broken up and destroyed the peace and happiness of his home. Counsel for plaintiff, Messrs. Dortch & Barham and Messrs. Aycock & Daniels, have asked that the defendant give a bond in the sum of \$5,000. The law says that the bond can be equal to the amount sued for, but the defendant is not worth that much. He is a young physician who has been doing some practice and conducting a small drug store.

The case has attracted a great deal of attention and has furnished a theme for conversation since the papers were issued for the arrest of Dr. Powell. Dr. Stockard alleges that Dr. Powell has been intimate with his wife for some time and that he (Dr. Stockard) had ordered Dr. Powell to cease his visits to his home and cease his attentions to his wife. The climax in the scandal occurred during the latter part of June, when Mrs. Stockard left here to visit her people in Alamance county, so she said. Instead of going where she said she went to Burlington and stayed three days. She left Burlington and went to Richmond on the 3rd of July and was joined there by Dr. Powell, who had in the meantime closed up his drug store here and left the city. After waiting a week or so and not hearing from his wife, to whom he had written, Dr. Stockard boarded the train last Sunday morning and went to Burlington, where he learned that his wife had taken a check for her baggage to Richmond. Dr. Stockard went on to Richmond and secured the services of a detective to hunt up his wife. He found her Sunday night at the residence of her uncle in Manchester. He says that Dr. Powell had his wife's trunk at his hotel in Richmond. Before bringing his wife home Dr. Stockard says that he learned that Dr. Powell and his wife had been to Louisville, Ky., and that they had returned to Richmond, where Mrs. Stockard was to run a boarding house. Dr. Stockard brought his wife home last Monday night and Dr. Powell arrived on the scene this week.

The preliminary hearing in the civil suit will come up before the clerk of the court on the 3rd of August. Dr. Powell is a young man about 30 years old and unmarried. Mrs. Stockard is a handsome woman and is a mother of three children, the oldest, a daughter being about 15 years of age.

Largest We Have Seen.

A. A. Andrews, Esq., brought us two tomatoes this morning that weighed one pound and thirteen ounces. He says that he has had several this season that weighed over a pound each.

Slapped His Jaw.

Mayor J. B. Leigh, of Elizabeth City, was slapped in the face by S. S. Cartwright, who had just been fined \$2 for being drunk and disorderly Saturday.

THE BOYS BACK.

Report a Good Time, But Did Not Expect to Get a Return on Their Return.

The base ball team is back again. Their trip was better than the average trip, both financially and in the games won. Usually a team counts on winning not over half the games played on foreign grounds. We won one, tied one and lost one. A great many people are talking of the Norfolk game, the game we lost. They are cursing us for losing that and are why they have forgotten the Suffolk games. They forget that we were not in our best shape when we played the Norfolk team.

After the two games Tuesday we were sore, stiff and sunburned, both pitchers had worked in the double header, and both were out of shape. Turner, E., was put in to save Thompson for the second game. The team did what it thought was the best thing to do, and lost the game. We cannot always know the best thing, nor can we always play a winning game, not even when we are doing our very best.

There is no better way to discourage the team than to curse it out when it does not come up to your expectations.

Slap the boys on their backs and tell them it is all right and you will make them feel better over it.

Rogers Hearing Goes Over.

Dr. James R. Rogers, who returned to the city yesterday after an absence of several days in the country, pronounced Mr. John C. Dockery much improved, and has given orders that today he shall be relieved from his straightened position and propped up in bed. This is being done by way of testing the patient's strength and ascertaining the effect upon the wound.

However, Dr. Rogers was not ready to say yet that he considered Mr. Dockery out of danger, so the attorneys have again agreed that the preliminary hearing shall go over for another week.—Raleigh Post.

Black System on Southern.

The Southern Railway company has completed the installation of a modern black system on its main line. The system cost the company a large amount, but the road is as well protected from accident as any in the country. The system now in operation covers the line from Washington to Atlanta. There are 158 black stations between these two points and they average four and one tenth miles apart. Improved interlock switch and signal apparatus has been installed at passing tracks and all grade crossings, facilitating the handling of all trains. The black system is being installed on other parts of the road as rapidly as possible.

A Miraculous Escape.

Spencer, N. C. July 15.—A north-bound freight train, loaded with Georgia peaches, had a miraculous escape from a wreck two miles north of Spencer, this afternoon.

While running at about sixty miles per hour the engine struck a hand car, just before a long bridge across the Yadkin river had been reached, at once derailing the pony trucks of the engine. Engineer Glenn, who was at the throttle, applied the emergency brakes, but the speed was so great that the train and engine, with front wheels off the track, ran across the bridge and continued one-fourth of a mile before it could be stopped.

RAYMOND BYNUM CASE.

Defendant Submits to Murder in the Second Degree. A Light Sentence Expected.

In the Superior court at Raleigh Saturday, Raymond D. Bynum submitted to murder in the second degree for killing the venerable Jas. B. Alford, his partner in the job printing business during the last holidays.

The defense will be that while he was not actually insane at the time of the killing, he was in such a condition as to be negative, making, being entirely devoid of will power by long and excessive use of liquor.

TOWN MATTERS.

Changes in Dispensary and Fire Department.

The board of aldermen held an adjourned meeting Monday night to complete some business left over from the regular meeting on the 6th.

J. N. Hart, J. W. Bryan and J. L. Sugg having resigned as dispensary commissioners, E. J. Pallen, J. S. Congleton and L. H. Pender were elected to succeed them.

A. J. Griffin having declined to accept as chief of the fire department, R. Hyman was elected to that position.

The board made an appropriation of \$75 per year to aid the public library.

Steps were also taken looking to advertising the town with a view of attracting settlers and investments.

Died.

Flournoy Allen, aged 10 months, infant son of Dr. R. L. Carr, died at 8 o'clock this morning. The mother of the child was taken last October when it was but a few days old, and now the little one has gone to join her in the world above. Much sympathy is expressed for the father in this second affliction that has befallen him.

The interment will take place at 5 o'clock Wednesday afternoon in Cherry Hill cemetery.

Mob Breaks Up Holiess Meeting.

A Holiess band of religious workers in Haywood county were fired on Sunday morning about 1 o'clock by a mob. One of the sanctified band named Presley was shot through the side. The mob then set fire to the tent and burned it down.

Judge Forsaith's Little Joke.

A pickpocket was before Judge Forsaith in the municipal court the other day, charged with larceny from the person. The judge leaned over to the officer in charge of the case and said: "I guess I'll fine him \$25."

"But he has only \$15, your honor," replied the officer.

"Well then, turn him loose in the crowd and he'll soon get the \$10," said the judge in such a matter-of-fact way that at first the officer was taken in.—Boston Herald.

Odd Fellows Grow.

The Odd Fellows of North Carolina keep growing and the latest report from Grand Secretary Woodell shows that six new subordinate lodges, and two new Rebecca lodges have been instituted since the recent state meeting of the order, while two other applications are in hand to be soon acted upon.—Raleigh News and Observer.
