### PEACE TERMS REACHED.

### Japanese and Russian Envoys Reach an Agreement That Will End the War

Portsmouth, N. H., Aug. 29 mand for the surrender of the Far East)

The efficial account of this afternoon's meeting was given by Mr. Sate on his arrival at the hotel. Is is as follows:

"In the afternoon session of August 29, the conference has dis- livelier .- Gastonia Gazette. cussed the details of the treaty of peace. It has been decided to entrast the drafting of the clauseto privy connelliors DeMurtenand Mr. Dennison, legal adviser of the Foreign Office of Japan, with instructions to finish the work a soon as possible."

Japarese pleatpotentiaries:

"The questions of the final disposition of the Island of Sakhalin ritories and Missouri the crop i and the reimbursement to Japan of first been issues on which absolute divergence of views existed. The difference of opinion upon these points-not one but both-have of the conference, But his majesty, the Emperer of Japan, responding tentiaries to waive the question of districts. reimbursement of war expenses and has corstaten to a division of Saxhalin upon terms which are Under date of Aug. 226d out mutually acceptable, thus making shelmerdine correspondence con it possible to bring the important sined a patagrah realing as work of the conference to a suc- follows: cessful issue."

### Weather Too Wet.

The Weekly Crop Bulletin for North Carolina:

grops; the week has been cloudy here about dust." jared to a considerable extent by C D. Baker, of Shelmerdine, washed. On the other hand the is a mistake the, wish it corrected rain and sunshine in many places We cheerfully make the correction proved very beneficial to most and at the same time request ou crops, especially corn, but as many correspondents to be careful not to week for the State was only about such in future. one degree below the average. In many places the farmers are ready to plow for wheat, and while a great deal of land bas been broken. become general.

OUT OF SIBERIA.

The Story of How Three Russian Exiles Were Rescued.

Dr. Carl Joubert, author of "Russia as It Really Is," tells this plain little story of how he rescued three of giants, Flamborough's white cliff men-Dr. Alexander Bogdanovitch and two others-from exile in Si- ferent above the restless sea which beria. It was necessary to bribe the lapped their bases and broke in sergeant of the "rota," or prisoners' convoy. Dr. Joubert says: "We sat like are those cliffs to the work of down side by side at the edge of the man-towers and bastions and barforest. 'Tell me, sergeant,' I said, bicans, great flanking walls of solid if I were to place a fifty ruble (a white masonry, 500 courses high; ruble is 511/2 cents) note on your here and there narrow Gothic arch eve could you see?' 'No, doctor, I should not be able to see with that | tricate stonework of an old catheeye, but I could see out of the oth-dral. Who laid those beds of huge er.' 'Oh, you could! Well, then, 50 stone with the regular mortarlike in rubles on your other eye would make terspaces? you totally blind? 'Yes, doctor, I should be blind for life. There are tom," says my geological com so many colors in a 100 ruble noie ion as we scramble along the gr that it is impossible to see through it, I am told.' 'Now, let us come to an understanding. I place a fifty ruble note on each of your eyes and you are then blind. Now, supposing that I should place another up your mouth. Would you lose your power of speech?' 'A man cannot speak with his mouth full of paper, hundred years? gospodin. You are a doctor who nows well the medicine to prescribe lonely. They are the cities of the for every disease."

are you going to do? 'You may sy birds. Down on the green wate leave that to me, doctor. All I want below guillemots are sprinkled this to know is which are the birds and  $|_{1y}$ , as though by a pepper bo how many are to be turned into the squawking and disputing and ch woods? You shall have as many tering with a terrible din. On as you wish, but you must remem- ledges they stand in their wh ber that we have only a little more breasted thousands, than 600 of them, and therefor gospodin, you will not ask for 700 birds.' 'Good heavens, no! I only want four or five at the outside, I exclaimed, astounded by the potency ger than a hen's, and poof the medicine I had prescribed. "Only five? said the screeant, "Then not roll off, you can take off 50 rables."

But the doctor wouldn't take back for one of the energy any of his medicine and eventually added another fifty. So the sergeant got 200 rubles and soon after left from i osened states, he is service and started a pothouse at the and of a rope and y Moscow on the proceeds. Dr. ward down the rough part Joubert, after a rather bard time of it, finally got his fugitives safely self avay from the rock, s sia and beyond the German frontier.

Origin of Some of the Words Now In Everyday Use. Some familiar words illustrate that confusion between article and substantive which has given the English language "a newt" for "an ewt." "A nickname" represents "an ekename," an additional name, and "a nugget," or "niggot," as it used to be written, was once "a ningot," a wrong version of "an ingot." Similarly the phrase "for the nonce" was originally "for then once"-for that one time, "then" being the dative case of "that." On the other were "a nadded" and "a norang
