### THE N. C. CHRISTIAN MISSIONARY CONVENTION.

LAGRANGE, N. C., Oct. 24. The forces of the North Carolina Missionary society met in annual convention today at LaGrange with a large number of delegates from all parts of the state in attendance. The first day being given over to the Christian Woman's Board of Missions, the ladies convened at 9 a. m. in full session.

Praise service was led by Mrs. H. H. Moore, of Greenville, after which Mrs. T. R. Rouse delivered the address of welcome and was responded to by Miss Sallie Bishop, of Pantego.

The address of the president, Mrs. J. Boyd Jones, of Wilson, was both able and earnest, and was listened to with close attention.

The reports of the corresponding secretary and treasurer showed the work at large to be in a flourishing condition.

Mrs. T. E. Harker, of Greenville, sang "Beyond the Gates of Paradise" after which Mrs. Preston Bell Hall, of Kinston, read a most earnest and thoughtful paper on "The Universal Church". This paper was followed by one read by Mrs. H. H. Moore, of Greenville, on "Mission Work Among Women". Both papers received close attention, and were most impressive and helpful.

The afternoon session was opened with praise service by Mrs. J. B. Latham. Report of superintendent of young people's department by Miss Alice Hines, of Tarboro, showed progress in this work. The banner for best showing (statistically) went to the Asheville Mission band.

Recitation by Miss Lillian Mason following a beautiful vocation selection by Miss Mary Moye, of Farmville.

The symposium on mission field of C. W. E. M. was conducted by Miss Rosa Lottin, of Kinston, on "Home Land," Mrs. H. D. Murrell, of Catherine Lake, on "Jamaica," Mrs. J. R. Tingle, of Belhaven, on "Mexico," Mrs. A. B. Cunningham, of Washington, (by proxy) on "Porto Rico."

This part of the program was especially entertaining and instructive as demonstrating the great work of our women, and their far reaching influence.

Mr. G. Minakuchi, of Asheville, our preacher there, and a native Japanese, was unable, on account of illness, to be present. He was to have delivered an address on "Home Life of the Women of the Orient." The convention was much disappointed at not being able to hear him.

H. H. MOORE.

LAGRANGE, N. C., Oct. 25. The Christian church building being too small to accommodate the increasing crowds the Baptist brethren tendered their commendation edifice for future meetings of the convention.

Wednesday night Mrs. Ida Harrison, state president of the Kentucky C. W. E. M., delivered an able address to a large and enthusiastic audience.

The Wednesday morning session opened with the usual address of welcome and response. A letter from the mayor of LaGrange was read welcoming the convention.

### A THOROUGHbred TRAMP.

Coming Friday, November 3rd. Theatre goes who are not particular as to the form of entertainment they select so long as they are assured of their money's worth can find no attraction more pleasing than Elmer Walters' "A Thoroughbred Tramp" which is the next theatrical offering at the opera house Friday, Nov. 3rd. While this play is not boasted of as a literary art, it is decidedly novel in its construction—the pathetic scenes are of interest and so well played as to bring tears to the majority.

The climaxes are of a dramatic nature, though comely predominates throughout the four acts. The third act has been altered, the scene now being laid in a hospital ward for the People Minded.

This is a unique act, the idea being new to the stage, the action, though not lively, holds the audience spell bound until the climax, when curtain calls are frequent.

### The Newspaper and Its Community.

Speaking of what a newspaper does for a community, United States Senator David Davis, of Illinois, made an address that remains ever green in the memories of newspaper men. He said: "Every year every local paper gives from 500 to 5,000 free lines for the benefit of the community in which it is located. No other agency can or will do this. The editor in proportion to his means does more for his own town than any other man."

He ought to be supported not because you happen to like him or admire his writing, but because a local paper is the best investment a community can make. It may not be crowded with great thought, but financially it is more benefit than both preacher and teacher. Today editors do more for less pay than any man on earth. Patronize your home paper, not as a charity, but as an investment.—Newspaperdom.

The next session will be held at Dunn in Oct. 1906.

H. H. MOORE.

### Hester's Cotton Statistics.

New Orleans, Oct. 27.—Secretary Hester's weekly cotton statement of today shows for the 27 days of October a decrease under last year of 378,000 and an increase over the same period year before last of 69,000.

For the 47 days of the season that have elapsed the aggregate is behind the same days of last year 436,000 and ahead of the same days year before last 623,000. The amount brought into sight during the past week has been 422,234 bales against 547,000 for the same 7 days last year, and 477,446 year before last.

The movement since September 1 shows receipts at all United States ports to be 2,231,907 against 2,587,105 last year. Overland across the Mississippi, Ohio and Potomac rivers to Northern mills and Canada 68,287 against 96,746 last year; interior stocks in excess of those held at the close of the commercial year 309,624 against 386,814 last year; Southern mill takings 412,000 against 386,800 last year.

The total movement since September 1 is 3,021,820 against 3,457,525 last year.

And Business Suffered. Wasn't that a delightful wait the passenger train had Thursday night it was only about three hours and a half late. The Weldon fair must have been great to keep the train so long.

### SANS SOUCI CLUB.

Reported for REFLECTOR. The "Sans Souci" club was entertained by Mrs. Haywood Dall on Tuesday evening, Oct. 24th, 1905. This meeting being the first of the ensuing term, an election of officers was held and the following were unanimously elected: Miss Pat Skinner, president; Miss Winnie Skinner, vice president; Miss Janie Brown, librarian; Miss Lizzie Jones, secretary and treasurer.

On motion, the amount realized from the production of "Charley's Aunt" should be used in buying books for the library and a committee was appointed to select and present them to the library at an early date.

Visitors present were Mesdames J. L. Wooten, H. A. White, B. W. Moseley, M. H. Quierly and Harry Skinner.

After serving delightful refreshments the club adjourned to meet with Miss Glenn Forbes, Tuesday Nov. 14, 1905.

### President in Collision.

U. S. Flagship West Virginia, via New Orleans, Oct. 27.—(By wireless.)—At 11 o'clock last evening through confusion of signals the fruit steamer Esparta collided with the lighthouse tender Magnolia which was conveying the president, Secretary Loeb and Dr. Rixey to the cruiser West Virginia. The rail and port bow of the Magnolia was damaged and two or three holes made in the hull below the water line. No one was hurt.

### Range Exhibit Closes.

The demonstration of Majestic rages that has occupied this week at the store of Baker & Hart, closes this evening. Up to the time of going to press fourteen orders for these excellent ranges had been booked and a few others are in contemplation by the time the exhibit closes. Mr. Swann, the special representative in charge of the exhibit, is a hustler, and in Baker & Hart he has a hustling firm to help push the merits of the Majestic.

### College Quarantined.

The announcement is made that the A. & M. college at Raleigh is under quarantine because of an outbreak of diphtheria, scarlet fever and typhoid fever. This is an unfortunate condition for the college and will cause much anxiety throughout the state, as boys from every section are at school there.

### Tied Mule to Railroad Track.

The passenger train on the Atlantic Coast Line Sunday evening, while on its trip from Weldon to Kinston, ran over and killed a mule near Graingers station. Persons who were at the place soon after saw there is evidence that the mule, which was an old, worthless animal, was tied there by some one that it might be run over and killed. The presumption is that it was done that the owner might get damages from the company, for a good mule when it was a worthless one that got killed. An old colored man in Graingers section owned the mule.—Kinston Free Press.

Price increased on Everything a Newspaper Office Uses.

The following from the Marshville home tells a big truth in but few words. Everything in the newspaper used, and printers are completely at the mercy of trusts. The home says: Printing establishments that are handicapped by labor trusts, type trusts, machinery trusts, ink trusts, paper trusts, etc., know what it is to be "pulled" for all they are worth. Last week we ordered a lot of new type to meet the demands of our work and when the bill came it was put down at 74 cents a pound! And it doesn't take but half a handful to weigh a pound. The trust could make money at 25 cents a pound, but they like 74 cents better, and the publishers have to grin and bear it. A year or two ago we bought from an independent type concern two hundred pounds of new type that is as good as anybody's type, at 21 cents a pound, but we can't get it that way now. It's the same old tale—the independent concern sold out to the trust and quit business—Concord Times.
