#### MRS. MOYE ENTERTAINS

In Honor of Mrs. Paul Brown.

One of the most delightful social affairs given in Greenville this fall was the six o'clock dinner which Mrs. Bert Moye gave to her friends Tuesday evening, November the seventh.

The house was beautifully decorated throughout with palms, ferns, and chrysanthemums, while colored lights brilliantly illumined the whole scene. Mrs. Moye, in her own charming way, welcomed her guests in the front hall and ushered them into the parlor where they met her guest of honor, Mrs. Paul Brown, of St. Louis, Missouri. Mrs. Moye was assisted in receiving her guests by her sister, Mrs. M. H. Quinerly.

After some minutes of pleasant conversation dinner was announced. The color scheme of the dining room was pink and green, and the sight on entering was very beautiful—silver, cut glass and flowers being in profusion. Here the color scheme was carried out in soft pink lights, pink ices, and pink and white carnations. These beautiful flowers hung in a graceful shower from the chandelier, and were placed in vases on the table, while at each place flowers were placed for the guests.

The dinner, which was served in eight courses, was elaborate but dainty. It was a happy event and Mrs. Moye proved herself a most charming hostess.

Those present were Mrs. E. A. Moye, Mrs. Paul Brown, of St. Louis, Mrs. J. L. Little, Mrs. Harry Skinner, Mrs. F. W. Clare, Mrs. Chas. O'H. Laughinghouse, Mrs. A. L. Blow, Mrs. M. H. Quinerly, Mrs. Nana Brown, Mrs. C. C. Vines, Mrs. J. L. Wooten and Mrs. H. L. Carr.

#### Baptist State Convention.

The Baptist State convention will meet with the Tabernacle church in Raleigh December 6th. The Baptist churches of Raleigh have arranged for providing entertainment to all delegates who will notify the committee in time. If you are a delegate from your church, association, or ladies' missionary society, and expect to attend the convention, send your name and postoffice address to the chairman of the joint committee on entertainment at once. We cannot promise to provide homes for any who fail to send their name by December 1st. The committee will secure accommodations and special rates at the hotels and boarding houses for visitors and others who may desire us to do so. Let all delegates send their names at once to the undersigned.

J. M. Broughton, Chairman Joint Com. Raleigh.

#### Heart Will Contest.

New York, Nov. 8.—That a bitter fight will be waged in the courts to decide whether George B. McClellan or William Randolph Hearst is to be mayor of New York for the next four years is now assured. The complete returns give McClellan a plurality of 3,485 votes, the smallest ever recorded for a successful mayoralty candidate and a result which little readily be reversed by a recount of the ballots.

#### THE DANCE

One of the Season's Most Delightful Events.

One of the most successful and enjoyable social occasions of the year was given Friday night in Perkins' Hall it being a subscription dance given by the young men of Greenville. The hall was beautifully decorated with evergreens, over which hung festoons of red and white, and in the centre of the hall hung two large, many colored Japanese parasols, draped with red, white and blue flags and lit by Japanese lanterns.

Dancing began promptly at 10 o'clock, music being by Levin's Orchestra, of Raleigh.

Sixteen numbers were danced, after which all participating marched to the Carolina club rooms where a delightful supper was served. This supper and the profuse decorations of the dining rooms were managed by a committee of the ladies of Greenville headed by Mrs. Herbert White, and the club is to be congratulated at its good fortune in procuring such able management for this, perhaps the most enjoyable feature of the evening. Red and white were the predominating colors in the decorations of the dining rooms. The walls were festooned with paper hangings of red and white which were joined in the centre of the room, where hung an enormous bunch of rich red flowers. The tables were set in the shape of the letter A, and more than one hundred enjoyed the bounteous supper served, which was in the reception room next to the dining rooms, the orchestra playing many beautiful selections in the meantime.

After supper the dancers returned to the hall and the german was danced until 3:30 when the familiar and much beloved tune of "Dixie" ending with "Home Sweet Home" announced the close of a very delightful occasion.

Greenville was delighted to welcome on this occasion many visitors from the surrounding towns and their presence added much to the beauty and pleasure of the dance. The success of this dance is due in a large measure to the able management of Walter Wilson, Jr., who led the dance, assisted by Miss Janie Brown, both of Greenville. Others dancing were:

R. B. Wiggins, of Boston, Miss Mary Watson Gottlieb, of Baltimore; J. D. Garden, Miss Sallie Cotten, of Cottondale; Harry Skinner, Jr., Miss Alice White, of Greenville; W. E. #### Still Captured.

A raid was made by revenue officers Wednesday night, and they captured and destroyed a 60 gallon still about six miles from Greenville. Several barrels of beer were also found around the still and this was poured out. The battered remnant of the still was brought to Greenville to be shipped away. No one was caught at the still, as the operators in some way got the hint that the officers were on them and skipped.

#### Just a Word Personal.

THE REFLECTOR would appreciate it very much if its subscribers especially those taking the semi-weekly who it is not convenient for us to see personally, would bring or send what they owe the paper without waiting for statements to be sent them this season. Making out and mailing statements is a large lot of subscribers is a big undertaking, and the subscribers can help us much by saving us this additional trouble and expense. It is the time of year now when all should be able to pay their subscription and also take advantage of the low club offer we are making. We do not like to dun subscribers through the paper, and hope it will not be necessary to do much of it. So we hope none will wait for a statement but let us hear from them without having to be reminded of it again.

#### Hazzard G. Nichols Dead.

On the morning of November 9th, at eight o'clock, Hazzard G. Nichols, aged thirty-two years, a young man well known in this vicinity, beloved among his large circle of acquaintances, passed away after a brief illness culminating fatally at the hour mentioned; at the home of Dr. Blount.

Mr. Nichols had been in poor health for a number of years, but with few exceptions had been active and able to go about considerably. He attended the state fair at Raleigh, and while there was taken ill and returned at once to his home at Dr. Blount; since that time he steadily declined. The immediate cause of his death was rheumatism together with complications of an obscure nature and difficult of diagnosis. Everything that medical skill and loving hands could do failed to stay the progress of the malady, and a young and promising light was extinguished by the hand of the death angel.

The burial took place at the Nichols' family plot Thursday at 2 p.m. Rev. H. H. Moore, minister of the Christian church of Greenville, officiating. Mr. Nichols leaves to mourn his dear wife three brothers and three sisters, as well as a large number of friends in Pitt county and elsewhere.

#### MR. HOOKER ENTERTAINS.

Delightful Dinner to His Friends.

W. E. Hooker entertained a number of his friends at a dinner party Thursday evening, Nov. 9th from 6 to 9 o'clock at the beautiful home of Mr. and Mrs. E. G. Flanagan on Equis street. The house was exquisitely decorated with palms, ferns and myrtle stems, while beautifully lighted candelabras illumined the whole scene.

After being received very cordially by Mr. and Mrs. Flanagan in their own hospitable way, dinner was announced. The dining room decorations were of American Beauties roses tastefully arranged on the table and on the mantel. Each place was placed a bouquet of pink La France roses and Maiden hair ferns for the guests. Dinner was elegantly served in six very dainty courses.

#### Funny Aggregation Coming

"Hooligan's Troubles" which comes here Friday Nov. 17 for one performance can be truthfully termed the very quintessence of fun. Unlike most comedies it has a plot and this plot is in the main responsible for the many ludicrous mishaps and complications that round out a solid two hours and a half of genuine merriment. Hooligan's company that will present this, the latest model high grade wheel of mirth, is the original company. "Hooligan's Troubles" is a merry, madcap, crazy concoction of hilarity and as such leads the world in laughter. The audience has yet to be met which has not been captivated and convulsed by this uniquely and mirthfully incomparable comedy and its many special features such a paragon in itself. The advance sale will certainly be large. Considerable talk is going on for tickets. Fetch Grandma and Grandpa—let the whole family see "Hooligan's Troubles." Friday night Nov. 17th.

#### Meeting of F. M. Society.

The Foreign Missionary society of the Methodist Episcopal church South held its annual meeting on Wednesday afternoon at the hospitable home of Mrs. Wiley Brown. The object of this meeting was the opening of mite boxes—collection amounting to \$22.60.

A delightful program followed the regular business which was as follows:

Reading—Mrs. H. L. Carr.

Vocal duet—Mrs. H. C. Hooker, Miss Nina James.

Recitation—Mrs. Clara.

Vocal solo—Miss Nina James.

Dainty refreshments were served after which the society adjourned to meet Wednesday afternoon Dec. 6, with Mrs. Bert Moye.

**Payments Along The Line.**

This is the season of the year when it is expected that people will settle their bills for the year. It would be much better if people could always pay cash for what they buy and not have to pay bills at the close of the year, but since the custom has become quite general, it is in order to think on it a little. The fact that many people wait until this season to pay means that many who do so are dependent in their ability to pay on some one else who has promised to pay them. Mr. A. for instance, has told Mr. B. that he'll pay what he owes about 1st, or 15th, of November. Mr. A. is depending on Mr. C. for the money which he proposes to pay Mr. B. although he may not have told Mr. B. so Mr. C. in turn may be dependent on Mr. D. for his money, and Mr. D. may be dependent on some one else for his. And so the chain of dependence runs along through dozens of individuals, perhaps, and if the last man in the chain does not discharge his obligation to the man who depends on him, a long train of disappointments may be set up and a number of disagreements and hard results may follow. It is highly important that the first man discharge his obligations so that the next may do so, and the next, and the next—Scotland Neck Commonweath.

**A Wonderful Tree.**

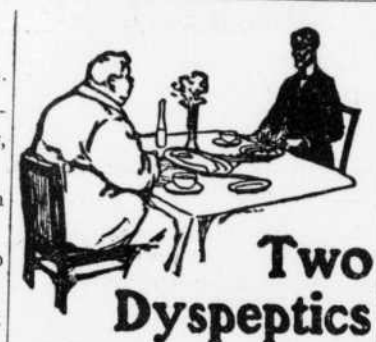

In the basin of the Kongo river grows a species of tree of gigantic stature, called by the natives the *baobab* and belonging to the botanical family of the *apocynaceae*, which is very useful to man. The trunks of these trees at the height of a man's head above the ground are frequently eight or ten feet in diameter, and many of them rise from 80 to 115 feet before a branch puts out. The bark is exceedingly thick, as much as five or six inches in many cases, and it contains an abundance of milky juice which stiffens into a kind of putty. The large seeds of the tree are very rich in oil, and the substance that can be turned into soap, while the product derived from grinding the seeds and compressing the oil into cakes makes a valuable manure and can also be used as food for cattle.

**Columbus Liked Fridays.**

Most of the principal events in the great voyage of Columbus happened on Fridays. On this day he weighed anchor and set forth upon his quest, and on a Friday he saw some tropical birds, the first indication of land ahead. On Friday, Oct. 12, 1492, he discovered land and planted the cross on the soil of the new world, and on the 15th of the following April, another Friday, he turned his course homeward. On the same day of the week he made his triumphant entry into Barcelona, and on other Fridays he set sail for Europe, discovered the Azores, was invited to Lisbon by the king of Portugal and returned to the port from whence he first set sail. Small wonder it is, then, that he considered Friday his fortunate day.

**His Mistake.**

A man went into a chemist's shop and bought a bottle of some patent stuff, which was advertised thus: "No more coughs, no more colds. One shaking the bottle." Three days later he went to the chemist, complaining that his throat was stopped up and that he could scarcely breathe. "I've drunk all that patent cough mixture," he said. "Drunk it?" yelled the chemist. "Why, that's an India rubber solution to put on the soles of your boots."—London Mail.

## How Is Your Heart?

Is your pulse weak, too slow, too fast, or does it skip a beat? Do you have shortness of breath, weak or hungry spells, fainting, smothering or choking spells, palpitation, fluttering, pains around the heart, in side and shoulder, or hurt when lying on left side?

If you have any of these symptoms your heart is weak or diseased, and cannot get better without assistance.

Dr. Miles' Heart Cure strengthens weak hearts, and rarely ever fails to cure heart disease. Try it, and see how quickly you will find relief.

"About January 1st, 1905, I took down with weakness and drooping, and gradually grew worse. I was told by my family physician that my case was hopeless, and that I must die. My little and body were swollen to one-third larger than normal size, and water had collected around my heart. For at least three months I had to sit propped up to be able to keep from falling. I sent for five bottles of Dr. Miles' Heart Cure, and by the time I had taken them all I was entirely cured. I feel better than I have for twenty years, and I am able to do any kind of work. My family physician told me that if it hadn't been for Dr. Miles' Heart Cure I would now be in my grave."

Truth in Preference to Fiction

GREENVILLE, PITT COUNTY, N. C., Tuesday, Nov. 14, 1905.

The Royal Arcanum is finding out that North Carolina is on the map.

Maryland prefers to keep "the nigger in the woodpile."

Hearst can at least console himself with the fact that he made a pretty good run.

Our Greensboro negro shot another in the head. Bullet glanced, of course.

Cashier Dewey will now look like most any other prisoner in his penitentiary stripes.

The president is said to favor the passage of a law by congress to regulate insurance business. There are others.

It is real wicked in Dr. Marshall, of the Gastonia Gazette, to be telling right in the face of Thanksgiving that cranberries are going away up in price.

Hearst made a pretty good run when McClellan beat him by less than 4,000. That is close shaving in a city where majorities sometimes reach 100,000.

Democrats will raise no objection to the loss the Republicans of Rowan county are kicking up over the appointment of Dorsett as postmaster at Spencer.

Hearst says he will contest the election in New York, as he believes a majority of the votes were cast for him. But the contest may not put him in the mayor's chair.

The Democratic landslide in Pennsylvania looks like a rebuke to Republican corruption in that state. But wait for the next national election and the dead voters will be heard from again.

Charlotte has some enterprising policemen. A negro walking around and never speaking to anybody aroused their suspicion. The officers "pulled" him only to find out that he was a deaf and dumb boy amusing himself looking at the city.

It may be, as stated, that the president can do nothing in regard to the troubles in Russia, but it is time the humane nations of the earth were interfering to stop the needless bloodshed there.

We had about lost sight of Mrs. Cassie Chadwick when she is brought to mind again by the announcement that a new trial has been denied her. She had as well make up her mind to take her medicine—ten years in the penitentiary. She took enough cash to deserve it.

A labor union at Salisbury has adopted resolutions opposing the railroad regulation bill. As most of the members of the union in question are said to be employees of the railroads, one can easily imagine the resolutions were inspired from "higher up."

With apologies to the Raleigh News and Observer for the use of that quotation.

President McIver, of the Normal and Industrial college, is about to get trampled on or get in the mud. A Greensboro street has been named for him.

The statement is made that Tammany spent a million dollars in the recent New York city election. That was certainly blowing it in.

Chicago people must have decided to quit patronizing the beef packers of that city. At any rate they have declared against the use of toothpicks and toothpicks will certainly be needed if they eat some of that beef.

On the same trains going into Greensboro this week were delegates to the Western N. C. Conference and witnesses in the Nick Williams case. All getting off the train together mixed up the conference reception committee and some amusement resulted in distinguishing them.

The weekly Tar Heel, the other much talked off Republican paper to be started at Greensboro, has at last made good. The first issue has made its appearance 16 pages in size. The paper takes President Roosevelt for its model of Republicanism and says it "will give allegiance to policies that have enlisted his strenuous support."

You know the old saying that begins "When thieves fall out?" The board of aldermen, of Asheville, revoked the license of a saloon keeper for certain irregularities, and the licensee saloonist has gone to gathering evidence against his fellow bug juice dispensers, saying they are all just as guilty as he is. Sweep out the whole push then.

Ground has been broken for the monument to Jefferson Davis to be erected by the United Daughters of the Confederacy and to cost \$50,000. The unveiling ceremonies are fixed for 1907 and are expected to be highly elaborate, the whole South participating through prominent representatives. This monument is to be erected at Richmond.

The New York Commercial undertakes to print the monthly fire losses in the United States and Canada. In its estimates for October the total loss is placed at \$12,974,387, in 1-800 fires. The loss in Charlotte is placed at \$90,000, Concord \$700, Gastonia \$2,000, Greensboro \$2,000, Greenville, N. C., \$2,000, Raleigh \$25,000, Statesville \$4,000, Wilmington \$20,000—Charlotte Observer.

If the Commercial's figures are no nearer correct as to other towns than to Greenville, N. C., it would do well to change statisticians. This town did not have even a fire alarm in the month of October, much less a loss by fire.

After studying the subject of cancer for seven years, several prominent British physicians, working with the aid of a fund started for the purpose by King Edward, have come to the conclusion that the disease is neither contagious nor hereditary, and that it is not due to bacillus or germ. It is the result of certain normal developments of cells in the wrong places. It is not stated what, if any remedy there is for this condition, but, having found the cause of this dread disease, it would seem that there is hope that some means of combating its ravages will soon be discovered.—Charlotte Observer.

Deaf mutes are said to be more expert in the manufacture of telephone machinery than the men with ordinary faculties. There are times when one is led to believe that they are employed as operatives in the "Central."—Durham Sun.

Cause For Thanks.

The people of our land should certainly be thankful for one thing if nothing more, and that is the results of the elections in many parts of this country. Never was there such an uprising of the element of our citizens with the avowed purpose of crushing the spirit of bossism, of routing corrupt office holders from office, and of inaugurating a regime of decency and pure government.

It had come to a pass where something had to be done to rid the country of corruption, and the voters did it. There has been scarcely any election where partisan prejudice was so thoroughly discarded and where the people arose en masse and demanded a change.

The result of the Philadelphia election is almost impossible to believe, so vehement was the blow delivered to the corruptionists. We give the following paragraph from the Washington Post which is one of the most conservative and reliable newspapers in the country, in our opinion, in regard to the reform:

"Never in the history of the country has civic virtue asserted itself with greater force than in elections of yesterday. Never has bossism in political machinery received so many and so severe blows. Party lines disappeared, and the masses of the voters ranged themselves as reformers and not as partisans."—Charlotte News.

Awful Tragedy in Perquimans.

Norfolk, Va., Nov. 9.—A special to the Virginian Pilot says Helen Hope, who, last night was married to Randolph C. Johnson at Perquimans, N. C., was found dead in her bridal chamber this morning with a pistol in her hand and bullet wound through her head. Johnson was lying across the bed dead with three bullets in his head and body. Johnson had loved Miss Hope since her early childhood. He was 28 years old and she but 17. After their wedding Wednesday night, a large supper and dance followed and about midnight the couple drove to the home which the groom had prepared. Their non-appearance about the house in the morning caused inquiry and when the door of the bridal chamber was broken in, the woman was found lying in a pool of blood before her dresser with a pistol in her hand and her brain oozing from the wound in her head. Johnson's wounds were in the left breast, the left temple and a grazing wound on the cheek. Either of the first two would have proved fatal. No motive for the tragedy can be learned.

This country, so the Republican party claims, has built up its infant industries by a system of protection in the way of a tariff but what is needed now is some other kind of protection. Every man who gets in the least hurt in a factory or shop these days at once brings suit for damages, and what is more such people are getting verdicts. It will soon be so that every man who gets a toe hurt will go to bed and bring suit.—Greensboro Record.

After all, how near, one to the other, are all parts of the world! Modern inventions have brought into close relations widely separated people and made them better acquainted. Fast trains invade regions which a few years ago were impenetrable. Industrial improvement, the inspiration that promotes useful inventions, and the self-sacrificing spirit that seeks the amelioration of human misery, are the three fundamental conditions on which the progress of today is based, and which must occupy the mind of man in the future. The field of industrial improvement is so vast that there is practically no limit to the probabilities of inventive achievement. Notwithstanding the triumphs of the beginning of the new century, there is not an invention in use today that is not capable of improvement and serve but as an index to what may be done in the future. Honesty buys and sells things; dishonesty steals and keeps them.

As a renovator of soil and as a food for stock, the cow pea is unsurpassed. To get the largest possible yield of cow peas from any given soil, a plentiful application of POTASH is necessary.

The best methods leading to certain success are fully explained in the 65-page illustrated book, which we send free to farmers who write for it. It tells of the remarkable results attained with cow peas nourished upon POTASH.

#### TWO MEDALS OFFERED.

Contest on Pitt County History

Hon. J. Bryan Grimes, of Raleigh has been offering for two or three years a gold medal for the best paper on North Carolina history written by any pupil in the schools of this county. This medal is offered again this year and a subject for your paper is suggested to you. You can select and write upon any one of the following subjects: Pioneer Settlers in Pitt County or on Tar River. Historic Home of Pitt County. Historic Graveyards of Pitt County. Pitt County in the Revolution. Pitt County in the Revolutionary Congresses of North Carolina. Life and Services of John Simpson.

Pitt County Soldiers at the Battle of Alamance.

Pitt County in the War of 1812. It will be seen that all of these refer to Pitt county history and are very timely and practical. I trust that at least fifty boys and girls will enter this contest this year. I would ask the teachers especially to see that their boys and girls are encouraged to write upon one or the other of these subjects.

Mr. L. C. Arthur, a member of the Board of Education, also offers a gold medal for the best paper upon this subject: "The Educational Progress of Pitt County for the past five years." Let fifty more write upon this subject.

The following conditions must be observed by those who enter this contest: First, they must be a student of one of the schools of this county during the present term. Second, they must send their names to me by the 15th of December. Third, the paper must be written by the contestants themselves. Fourth, the papers must be sent to me by the first day of February 1906. You can enter the contest for only one of these medals.

A gold pen will also be given by Mr. A. G. Cox, Chairman of the Board of Education, for the second best paper upon any of the subjects suggested for the G. Lines medal.

Be sure to send in your name by the 15th of December if you wish to write. W. H. RAGSDALE, Co. Supt. Schools.

#### FORBES-SUTTLE.

Engagement of Popular Couple Announced.

Mr. and Mrs. A. B. Suttle, of Shelby, announce the engagement of their daughter, Leila, to Mr. Charles Forbes, of Greenville, N. C., the wedding to take place early in January.

Miss Suttle is easily one of the most charming and attractive young women of the state. She graduated from the Baptist University for Women in 1903 and has often visited in Raleigh, where she is quite a favorite. She is known for her beauty and is a social favorite wherever she visits. Mr. Forbes is a very popular and prominent young business man and is well known in social circles in Eastern Carolina.—Raleigh News and Observer.

Greenville feels much interest in this announcement. Miss Suttle was a teacher in the graded school here last season and was general favorite. A cordial welcome awaits her return to make this place her home. Mr. Forbes is a prominent and prosperous merchant, a young man raised among us, and one who stands high in business and social circles. The marriage will take place January the 3rd.

#### NAD NARROW ESCAPE.

Vehicle Collide on County Bridge.

County Superintendent W. H. Ragsdale had a narrow escape from injury, if not death, while returning Tuesday evening from a two days' trip to schools in Belvoir township. He was crossing the county bridge and had just reached the fourth end of the draw when he met a team of mules that had become unmanageable by the negro driver losing his reins. The mules ran in to Prof. Ragsdale's buggy and for a few moments there was a tangle between the two teams. Fortunately Prof. Ragsdale got his buggy out of the tangle without the vehicle being upset. Had his buggy turned over on the narrow draw he would have likely been seriously injured or thrown over into the river. After getting by the mules ran on across the bridge, throwing the driver out of the wagon.

#### All Three Convicted.

United States Attorney Harry Skinner has returned from Wilmington where he had been prosecuting in the Federal court the negroes who mutilated at sea and murdered the officers on the schooner Berwind. All three of the negroes were convicted and will be hanged on the 26th of January. The papers have highly complimented Col. Skinner on the manner in which he conducted the case.

#### Factories Draw Them.

There were several people from the country who took the train here this morning for Tarboro to work in a factory there. Greenville might be increasing her population if we had factories to draw people here and give them employment.

#### TEACHERS MEETING.

Interest Increases.

Saturday morning, Nov. 11, a large number of teachers and visitors gathered in the auditorium of the Greenville graded school building to hold their second teachers' meeting for the school year 1905-1906. The fine weather must have imparted hope and good cheer to the audience, for each one seemed to be in good spirits. The exercises began with the song stirring hymn, "All Hail The Power of Jesus' Name!", after which Rev. Mr. Viehe read the one hundred and fourth Psalm and led in prayer. The minutes of the last meeting were then read and the roll was called, about one hundred teachers answering to their names.

The first subject discussed was "Difficulties Encountered in Rural School Work." On this subject Miss Della Smith read a very interesting paper, in which was drawn in an original and amusing style a very pathetic, but true, picture of some of the trials of a public school teacher. Miss Florence Felton and Miss Nancy Coward read on the same subject papers which revealed thought and earnestness. Prof. G. E. Lineberry, Prof. W. H. Ragsdale and Prof. G. W. Prescott then made interesting and helpful talks on "How These Difficulties may be Overcome." No thoughtless school teacher could have heard these talks and not have been benefited by them.

Five minute papers on "Difficulties encountered in Graded School Work" were read by Miss Ada Tyson, Miss Dora Mornady, Miss Olivia Cox and Miss Neva Rodgers. These papers brought to view a number of perplexing difficulties that a graded school teacher must face, and showed clearly that the instructor in the rural district is not the only one who must endure "trials and tribulations." However, the rough places were made smooth by Prof. T. C. Candler, Prof. W. B. Dove, and Prof. J. M. Melver, who discussed fully and forcibly "How These Difficulties may be Overcome."

Prof. Ragsdale then told of the offer of a medal from Hon. J. Bryan Grimes for the boy or girl in Pitt county who will write the best historical paper on either of four subjects he had named, each subject bearing on Pitt county history, also of the offer of a prize from L. C. Arthur, a member of the county board of education.

At a quarter past one o'clock, the association adjourned, to meet again December 2nd 1905.

Prof. Ragsdale is full of zeal on the great educational question, and he aids greatly in making the Teachers' Association of Pitt county the inspiring and beneficial institution that it is. No doubt the association is accomplishing great things—may the good work go on, and may Pitt county soon become an educational focus for the foremost county in the "good old North State."

#### A Duck Potato.

The vegetable kingdom some times gets very close to the animal, in shape, if nothing else, and freaks of one kind or another are not unusual. The best imitation along this line we have seen was a sweet potato which J. S. Edwards, of Chioed township, brought THE REFLECTOR. In shape it was as much like a duck, minus the feet, as if it was the real thing. No imitation was ever more perfect in shape, and it is a real curiosity.

#### FIRE IN COUNTRY.

H. A. Paramore's Store and Stock Destroyed.

On Tuesday night a little past 10 o'clock, the store of H. A. Paramore, at Galloway's Cross Roads, about 8 miles from Greenville, was destroyed by fire. It is not known how the fire originated, as the roof of the warehouse was was falling in when neighbors first discovered it. The main store and warehouse were only separated by a partition, and the flames spread rapidly through the building that nothing could be saved.

Mr. Paramore lives in Greenville and was at his home here at the time, and was advised by telephone of the fire. He left about midnight to go down there. He had a stock of goods in the store valued at \$8,000 and carried only \$5,000 insurance. The loss is a heavy one on him and much sympathy is expressed for him.

#### To the Teachers of Pitt.

A committee from the Teachers' Association have been carefully considering the question of supplementary readers for the schools. They unanimously recommend the following books for the grades indicated:

List of supplementary readers: 1st grade, (1) Hiawatha Primer, (2) Robinson Crusoe (McMurry.) 2nd grade, (1) Aesop's Fables, 4th grade, (1) Old Greek Stories, 5th grade, (1) Makers of American History, (2) Carpenter's Geographical Reader (North Am.) 6th grade, (1) Little Nell, (2) Paul Dombey.

The association adopted this report at its meeting Saturday and requests the teachers to use these books. Every dealer in the county is hereby asked to keep them in stock so that they may be had when called for.

W. H. Ragsdale, County Supt. Schools.

#### Fire In Tobacco Section.

Saturday sparks from the chimney set fire to the roof of the four story prize house occupied by J. N. Gorman and others and known as the old Hooker & Bernard building. Employees of the American Tobacco Co., saw the fire and running out with a red cupped on to the hydrant near by and had a stream on inside of a minute. The fire was quickly put out. So much for having a good system of water works. This convenience doubtless saved a considerable loss of property.

#### Coin in Cow's Maw.

The other day J. L. Whichard showed us a silver quarter found in the maw of a cow he slaughtered. The coin was almost black. The date on it was 1895, but of course that had nothing to do with how long the cow had been wearing it in her "pocket book."

#### HOBOES FLAG TRAIN.

One of Them Cuts Conductor.

Thursday evening on the Atlantic Coast Line on the Plymouth branch was between Conductor and Hobo, parties on the train flagged it down. When the train stopped two white tramps got on the second class coach and demanded passage to Parmele, refusing to pay fare. Passengers went to the aid of Conductor Parmele and the hoboes were put off. The train moved on when the two men climbed up the rear platform of the last coach and took seats inside.

When Capt. J. Farmer again went to the men they showed fight, both being armed and one of them cut him on the head. There were several ladies among the passengers on this car, and these became alarmed that the conductor devoted from further effort to put the men off the car. The tramps left the train at Parmele.
