It is that they have been granting rebates t , lavored shippers under a new g ise. They have been billing freight carried at a lower valuation than the merchandise warranted and tous in effect paying a relate to the shippers while nominally sticking to the published schedule. This is a new dodge in the railway world, but it is of course pot unexpected.

Little attention need be paid to the rumors that the Supreme Court intends to proceed against the parties who lynched the negro Ed. Johnson at Chattanooga Supreme Court, a stay of execution having been granted when the citizens became impatient at the delay and took the law into their own hands. Of course the members of the Supreme Court were very indignant and there was talk of direct proceedings for the contempt of court. But it is said now that while the Department of Justice has been directed to inquire into the case, it will be left to the local courts to purrish the perpetrators of the lynching if they can-

A report just issued shows that it requires 11.146 employes and about \$200, 00 : 06 a year to attend to the busines of the city of New York. Of the employes, 11,000 are in the employ of the board of education and 40,146 in the other departments They divide in salaries about \$70,-000,000 per year. The remainder of the money spent by the city goes for public improvements, the maintenance and construction of buildings, the purchase of land, and the payment of interest on the bonded debt New York is indeed a great city-greater by far than a number of the States of the Union - Char-
